

## USER'S GUIDE

Minnesota Rules 1986 Supplement Number 2 contains amendments, additions, or repeals of agency rules adopted from April 9, 1985, to July 28, 1986. It supplements Minnesota Rules 1985.

Minnesota Rules 1986 Supplement Number 2 is a cumulative publication of those rules published in Minnesota Rules 1986 Supplement Number 1 and those rules adopted thereafter through July 28, 1986. Minnesota Rules 1986 Supplement Number 2 replaces Minnesota Rules 1986 Supplement Number 1 pocket parts in the back of each volume of Minnesota Rules 1985.

Amendments to parts, subparts, or items of Minnesota Rules are published with the numbers of the amended parts, subparts, or items. Where all subparts or items of a particular part are not included in this supplement, their omission is indicated in the following manner:

*[For text of subps 2 and 3, see M.R. 1985]*

New rules have been classified and numbered in conformity with the numbering system of Minnesota Rules. Repeals of parts and subparts of Minnesota Rules 1985 are shown. At the beginning of each chapter of the supplement is a list of all parts included which are new or have been amended in that chapter.

**Statutory Authority.** Agencies and departments may adopt rules only if given authority to do so by the legislature. Therefore, for any given rule there is a section in Minnesota Statutes or Laws of Minnesota that can be cited as the source where the authority has been given to promulgate the rules. The authority is popularly referred to as "statutory authority."

As an aid to the user, Minnesota Rules provides a citation to the statutory authority for each rule part. The citation is printed at the end of each part.

**Example:**

**6800.0600 POSTING LICENSE.**

Each pharmacy license shall be posted in a conspicuous place in the pharmacy for which the license has been issued.

**Statutory Authority:** *Ms s 151.06 subd 1; 151.19*

In the example, Minnesota Statutes, sections 151.06, subdivision 1, and 151.19 give the pharmacy board the authority to promulgate rules on posting of licenses in a pharmacy.

**History.** The history contains a volume number and page number reference to the State Register where the notice of adoption for the action taken on each rule was published. As an aid to the user, the history is printed at the end of each part in this supplement.

**Example:**

**History:** *10 SR 1265*

This example shows that the notice of adoption appeared on page 1265 of volume 10 of the State Register.

**Notes.** Throughout Minnesota Rules, editor's notes appear wherever special information about a chapter or part will aid the reader's understanding. Notes call a reader's attention to such things as a cross-reference to another rule which could not be translated to a Minnesota Rules number because the MCAR or departmental number was repealed or is nonexistent, or to a rule or series of rules promulgated by one agency but enforced by another.

**Helpful Aids.** There are several tables in volume 10 of Minnesota Rules 1986 Supplement Number 2. They are briefly described in this User's Guide; however, a more detailed user's guide precedes each table in volume 10.

**Table of Amendments.** The table of amendments in the pocket part to volume

The table in Minnesota Rules 1986 Supplement Number 2 is to be used in conjunction with the incorporation by reference table in volume 10 of Minnesota Rules 1985.

**Index.** The index for Minnesota Rules 1986 Supplement Number 2 reflects only those rules that are published in the supplement. Use this index in conjunction with the complete index for Minnesota Rules found in volume 10 of Minnesota Rules 1985.
