

1 Board of Animal Health

2

3 Adopted Amendment of Rule Governing Control of Bovine

4 Paratuberculosis in Minnesota (3 MCAR S 2.015)

5

6 Rule as Adopted

7 3 MCAR S 2.015 Control of bovine paratuberculosis in Minnesota.

8 (a) Definitions.

9 (1) Board means the Board of Animal Health or its
10 authorized agent.

11 (2) [Unchanged.]

12 (3) Herd means all cattle under common ownership or
13 supervision that are grouped on one or more parts of a single
14 premises or all cattle on two or more premises geographically
15 separated but on which the cattle have been interchanged or
16 where there has been contact of cattle between the premises.

17 (4) [Unchanged.]

18 (5) Test and testing means the cervical intradermic
19 injection of Johnin and palpation of the injection site 48 hours
20 after the injection or the intravenous injection of Johnin with
21 recording of post injection temperatures by a veterinarian, or
22 smears of rectal scrapings or fecal samples for culturing
23 submitted to an official laboratory by a veterinarian for
24 evaluation or other tests as approved by the board.

25 (6)-(9) [Unchanged.]

26 (b) General requirements.

27 (1) and (2) [Unchanged.]

28 (3) Testing:

29 (aa)-(cc) [Unchanged.]

30 (dd) Tests involving the use of Johnin will be
31 conducted only by veterinarians. Rectal scrapings, fecal
32 smears, or fecal samples for culturing may be secured and
33 submitted to official laboratories by a veterinarian.

34 (ee) and (ff) [Unchanged.]

35 (4)-(7) [Unchanged.]
