2 Water Quality Division

3

4 Adopted Rules Governing Standards for the Protection of the
5 Quality and Purity of the Waters of the State; and Adopted Rules
6 Governing Classification of Waters of the State

7

8 Rules as Adopted

9 7050.0400 PURPOSE.

10 Parts 7050.0400 to 7050.0480 classify all surface waters
11 within or bordering the state of Minnesota and thereby designate
12 appropriate beneficial uses for these waters. The use
13 classifications are defined in part 7050.0200.

14 7050.0410 LISTED WATERS.

15 Those waters of the state that are specifically listed in
16 part 7050.0470 are, in addition to any classifications listed in
17 part 7050.0470, also classified as 3C, 4A, 4B, 5, and 6 class
18 waters.

19 7050.0420 TROUT WATERS.

20 Trout streams and trout lakes described in Department of
21 Natural Resources Commissioner's orders 2089 (dated June 26,
22 1981) and 2086 (dated March 7, 1981) respectively are hereby
23 classified as trout waters. Other lakes that are classified as
24 trout waters are listed in part 7050.0470. All trout waters are
25 classified 1B, 2A, 3B, 3C, 4A, 4B, 5, and 6.

26 7050.0430 UNLISTED WATERS.

27 All waters of the state that are not listed in part
28 7050.0470 are hereby classified as 2B, 3B, 4A, 4B, 5, and 6
29 class waters.

30 7050.0440 OTHER CLASSIFICATIONS SUPERSEDED.

31 Parts 7050.0400 to 7050.0480 supersede any other previous
32 classifications and any classifications in other rules including
33 parts 7056.0010 to 7056.0040 (formerly WPC 1).

APPROVED IN THE
REVISOR OF STATUTES
OFFICE BY:

MWH

1 7050.0450 MULTI-CLASSIFICATIONS.

2 If a water of the state is classified in more than one
 3 class, all the water quality standards for each of the classes
 4 apply. If the water quality standards for particular parameters
 5 for the various classes are different, the more restrictive of
 6 the standards apply.

7 7050.0460 WATERS SPECIFICALLY CLASSIFIED.

8 The waters of the state listed in part 7050.0470 are hereby
 9 classified as specified. The specific stretch of watercourse or
 10 the location of lakes is described by township, range, and
 11 section, abbreviated as T., R., S., respectively. Any community
 12 listed in part 7050.0470 is the community nearest the water
 13 classified, and is included solely to assist in identifying the
 14 water. An asterisk (*) indicates the water is designated as an
 15 outstanding resource value water.

16 7050.0470 CLASSIFICATIONS FOR WATERS IN MAJOR SURFACE WATER
 17 DRAINAGE BASINS.

18 Subpart 1. Lake Superior Basin.
