8 Rule as Adopted

9 3505.3300 IMPLEMENTATION OF HEALTH OCCUPATIONS.

10 In offering a vocational health and scientific occupations
11 program, the following considerations apply:

12 A. Component emphasis must be consistent with program
13 objectives.

14 B. The program must include one of the following
15 application experience options:

16 (1) In school: the program must be offered for a
17 minimum of 280 hours in one or two fiscal years.

18 (2) Employment related community-based
19 education: see community-based rules parts 3505.4300 to
20 3505.4700. A health occupations instructor-coordinator can
21 supervise students in any vocational health and scientific
22 occupations program.
