5 Rules as Adopted

6 5230.0100 FEES FOR EXAMINATIONS.

7 Fees shall be for the examination and to cover the cost of  
8 a license for the remainder of the calendar year in which the  
9 examination is taken or for which the application is made if the  
10 applicant qualifies for a license.

11 After February a license may be reinstated upon payment of  
12 the regular examination fee; however, the council may at its  
13 discretion require the applicant to be reexamined and pass an  
14 examination before being reinstated as a licensed steamfitter.

15 The fees for examination and license are as follows:

- 16 A. pipefitter journey (examination and license), \$25;
- 17 B. renewal of pipefitter journey license, \$15;
- 18 C. contracting pipefitter (examination and license),  
19 \$75;
- 20 D. renewal of contracting pipefitter license, \$60;
- 21 E. contracting pipefitter-bond and insurance  
22 processing, \$25;
- 23 F. temporary pipefitter license, \$25; and
- 24 G. late fee, \$5.

25 Payment of all examination and license fees must accompany  
26 the application. There will be no refund of fees paid. All  
27 licenses, except the temporary pipefitter license, will expire  
28 December 31, but may be renewed upon application made the  
29 following January or February. Applications in February will be  
30 processed only upon payment of the late fee.

31 A temporary pipefitter license must be renewed every 12  
32 months. An individual may not hold a temporary license for more  
33 than 36 months.

34 Any person, firm, or corporation that intends to construct  
35 or install power piping systems must file an application for a  
36 permit with the Department of Labor and Industry or with a

1 municipality that is authorized by law to issue that type of  
2 permit. The department's fees for a permit to construct or  
3 install power piping systems are:

4           A. filing fee (application for permit), \$25; and

5           B. inspection fee, 0.005 of the first \$1,000,000,  
6 plus one-half mill of the amount over \$1,000,000 of the cost of  
7 bids awarded for the construction or installation of the power  
8 piping systems as defined under part 5230.0260.
