4

5 Rules as Adopted

6 4155.0130 INSULATION MATERIALS STANDARDS.

7 Subpart 1. [Unchanged.]

8 Subp. 2. General testing and reporting requirements.

9 General testing and reporting requirements for regulated thermal
10 insulation materials in this part are as follows:

11 A. All regulated thermal insulation materials shall
12 be tested for compliance with the standards in this part within
13 120 days of the effective date of this chapter. Testing
14 procedures are as follows:

15 (1) Testing must be performed at least every
16 other year. The testing must be completed by June 1 of every
17 even-numbered year.

18 (2) to (6) [Unchanged.]

19 B. to D. [Unchanged.]

20 Subp. 3. Cellulose fiber in loose-fill form. The
21 following requirements apply to cellulose fiber in loose-fill
22 form:

23 A. [Unchanged.]

24 B. All manufacturers shall contract with an
25 independent NVLAP approved laboratory for the following two
26 purposes:

27 (1) The laboratory shall pick up three unopened
28 bags of manufacturer's cellulose from the marketplace for
29 testing under this chapter.

30 (2) [Unchanged.]

31 C. [Unchanged.]

32 Subp. 4. to 15. [Unchanged.]
