3 Adopted Permanent Rules Relating to Registration Fees for

4 Sources of Ionizing Radiation

5

6 Rules as Adopted

7 4730.0600 REGISTRATION FEES.

8 Subpart 1. Fee for initial or renewal registration. The
 9 initial or renewal biennial registration of every source of
 10 ionizing radiation required to be registered by parts 4730.0400
 11 to 4730.0800 must be accompanied by fees as prescribed in this
 12 part. Fees shall be based on a facility base fee for each
 13 facility and the number of X-ray tubes and radium specified in
 14 items A to D registered by each person, company, hospital,
 15 group, practice, or other organization or association as follows:

16 Base fee per facility	\$ 80
--------------------------	-------

17

18 Tube Type or Source	
------------------------	--

19	A. Dental X-ray, \$40;
----	------------------------

20	B. Medical ¹ , industrial, or educational ² X-ray, \$64;
----	--------------------------------------------------------------------------------

21	C. Linear accelerator ³ , \$80; and
----	------------------------------------------------

22	D. Radium per facility, \$120.
----	--------------------------------

23 ¹ "Medical" means radiographic and fluoroscopic X-ray
 24 equipment used by any licensed practitioner of the healing arts
 25 and facilities with which they are associated, but does not
 26 include dental X-ray equipment.

27 ² "Industrial" or "educational" means industrial or
 28 educational X-ray equipment used in an industrial or educational
 29 facility.

30 ³ "Linear accelerator" means a medical particle accelerator
 31 or an industrial particle accelerator.
