3 Adopted Permanent Rules Relating to Workers' Compensation;

4 Medical Services and Fees

5

6 Rules as Adopted

7 5221.0100 DEFINITIONS.

8 [For text of subps 1 to 3, see M.R.]

9 Subp. 4. Code. "Code" means the alphabetic, numeric, or
10 alphanumeric symbol used to identify a specific health care
11 service, place of service, or diagnosis as follows:

12 A. "Billing code" means a procedure code as defined
13 in item F plus any applicable modifiers as defined in subpart
14 10a. A billing code is used to identify a specific health care
15 service, article, or supply for billing purposes.

16 B. "CPT code" means a numeric code included in the
17 Current Procedural Terminology Coding System manual,
18 incorporated by reference in part 5221.0405, item D. A CPT code
19 is used to identify a specific medical service, article, or
20 supply.

21 C. "HCPCS code" means a numeric or alphanumeric code
22 included in the United States Health Care Financing
23 Administration's Common Procedure Coding System. An HCPCS code
24 is used to identify a specific medical service, article, or
25 supply. HCPCS level I codes are the numeric CPT codes listed in
26 the CPT manual, incorporated by reference in part 5221.0405,
27 item D. HCPCS level II codes are alphanumeric codes created for
28 national use. HCPCS level III codes are alphanumeric codes
29 created for statewide use. HCPCS level II and level III codes
30 are listed in the HCPCS manual, incorporated by reference in
31 part 5221.0405, item E.

32 D. "ICD-9-CM code" means a numeric code included in
33 the International Classification of Diseases, Clinical
34 Modification manual, incorporated by reference in part
35 5221.0405, item A. An ICD-9-CM code is used to identify a

1 particular medical or chiropractic diagnosis.

2 E. "Place of service code" means the code used to
3 identify the type of facility and classification of service as
4 inpatient or outpatient service on the HCFA 1500 claim form or
5 the Uniform Billing Claim Form (UB-92 HCFA 1450), incorporated
6 by reference in part 5221.0405, items B and C.

7 F. "Procedure code" means a numeric or alphanumeric
8 code used to identify a particular health care service.
9 Procedure codes used in this chapter include CPT codes, HCPCS
10 codes, chiropractic procedure codes, and prescription numbers.

11 [For text of subps 5 and 6, see M.R.]

12 Subp. 6a. **Conversion factor.** "Conversion factor" means
13 the dollar value of the maximum fee payable for one relative
14 value unit of a compensable health care service delivered under
15 Minnesota Statutes, chapter 176.

16 Subp. 6b. **Division.** "Division" means the Workers'
17 Compensation Division of the Department of Labor and Industry.

18 Subp. 7. [See repealer.]

19 Subp. 8. [See repealer.]

20 [For text of subp 9, see M.R.]

21 Subp. 10. **Medical fee schedule.** "Medical fee schedule"
22 means the list of codes, service descriptions, and corresponding
23 dollar amounts allowed under Minnesota Statutes, section
24 176.136, subdivisions 1 and 5, and parts 5221.4000 to 5221.4070.

25 Subp. 10a. **Modifier.** "Modifier" means a two-digit number
26 or two-letter symbol that is added to a procedure code to
27 indicate that the service rendered differs in some material
28 respect from the service as described in this chapter or in the
29 CPT or HCPCS manual in effect on the date the service was
30 rendered. Only those modifiers listed and described in the CPT
31 manual in effect on the date the service was rendered may be
32 used. Applicable modifiers must be used with a procedure code,
33 even if the modifier has no effect on the payment level.

34 [For text of subp 11, see M.R.]

35 Subp. 11a. **Physician.** "Physician" means a person who is
36 authorized by law to practice the medical profession within the

1 United States, is in good standing in the profession, and
2 includes only those persons holding the degree D.O. (Doctor of
3 Osteopathy) or M.D. (Doctor of Medicine), as defined in
4 Minnesota Statutes, sections 176.011, subdivision 17, and
5 176.135, subdivision 2a.

6 Subp. 12. Provider. "Provider" is as defined in Minnesota
7 Statutes, section 176.011, subdivision 24.

8 Subp. 13. [See repealer.]

9 Subp. 14. [See repealer.]

10 Subp. 14a. Relative value unit. "Relative value unit"
11 means the numeric value assigned to a health care service or
12 procedure to represent or quantify its worth, as compared to a
13 standard service.

14 [For text of subp 15, see M.R.]

15 5221.0200 AUTHORITY.

16 This chapter is adopted under the authority of Minnesota
17 Statutes, sections 175.171; 176.101, subdivision 3e; 176.135,
18 subdivisions 2 and 7; 176.136; 176.231; and 176.83.

19 5221.0300 PURPOSE.

20 This chapter is intended to prohibit health care providers
21 treating employees with compensable injuries from receiving
22 excessive reimbursement for their services. This chapter
23 defines the payer's maximum liability for medical services,
24 articles, and supplies. This chapter also governs health care
25 provider communication with parties; required reporting of
26 medical, disability, and billing information under Minnesota
27 Statutes, chapter 176; change of health care provider; and
28 criteria for determining, serving, and filing maximum medical
29 improvement.

30 5221.0405 INCORPORATIONS BY REFERENCE.

31 The following documents are incorporated by reference to
32 the extent cited in this chapter.

33 A. The International Classification of Diseases,
34 Clinical Modification, 9th revision, 1991 (ICD-9-CM). It is

1 subject to frequent change. It is published by the United
2 States Department of Health and Human Services, Health Care
3 Financing Administration, and may be purchased through the
4 Superintendent of Documents, United States Government Printing
5 Office, Washington, D.C. 20402. It is available through the
6 Minitex interlibrary loan system.

7 B. The Federal Health Care Financing Administration
8 claim form (HCFA-1500)(U2)(12-90). It is not subject to
9 frequent change. It is developed by the United States
10 Department of Health and Human Services, Health Care Financing
11 Administration, and may be purchased through the Superintendent
12 of Documents, United States Government Printing Office,
13 Washington, D.C. 20402. It is available through the Minitex
14 interlibrary loan system.

15 C. The Uniform Billing Claim form (UB-92, HCFA-1450)
16 developed by the National Uniform Billing Committee. The
17 federal Health Care Financing Administration determines the
18 standards for printing this form. It is not subject to frequent
19 change. It may be purchased from local commercial business
20 office supply stores after April 1993. The form will be
21 required by the federal Medicare program as of October 1993. It
22 is available through the Minitex interlibrary loan system.

23 D. The Physician's Current Procedural Terminology,
24 (CPT manual) 4th edition, 1993. It is subject to frequent
25 change. It is published by and may be purchased from the
26 American Medical Association, Order Department: OP054193, P.O.
27 Box 10950, Chicago, Illinois 60610. It is available through the
28 Minitex interlibrary loan system.

29 E. The alphanumeric HCFA Common Procedural Coding
30 System (HCPCS manual), January ~~1989~~ 1993 edition. It is subject
31 to frequent change. It is published by the HCPCS subcommittee
32 of Minnesota under the authority of the federal Health Care
33 Financing Administration and may be obtained from the Minnesota
34 Department of Human Services, Claims Processing Section, 444
35 Lafayette Road, Saint Paul, Minnesota 55155-3849. It is
36 available through the Minitex interlibrary loan system.

1 5221.0410 REQUIRED REPORTING AND FILING OF MEDICAL INFORMATION.

2 Subpart 1. Scope. This part prescribes information the
3 health care provider is required to submit to the employer,
4 insurer, or commissioner. This part does not preclude any party
5 or the commissioner from requesting supplementary reports from
6 the health care provider under Minnesota Statutes, section
7 176.231, subdivision 4.

8 Subp. 2. Health care provider report. Within ten days of
9 receipt of a request for information on the prescribed health
10 care provider report form from an employer, insurer, or the
11 commissioner, a health care provider must respond on the report
12 form or in a narrative report that contains the same information
13 requested on the form.

14 The health care provider's report form prescribed by the
15 commissioner must include the information required by items A to
16 M. However, parties may also continue to use the maximum
17 medical improvement and the physician's report forms prescribed
18 by part 5220.2590 until January 1, 1994:

19 A. information identifying the employee and employer,
20 and insurer, if known;

21 B. date of first examination for this injury or
22 disease by the health care provider;

23 C. diagnosis and appropriate ICD-9-CM diagnostic
24 codes for the injury or disease;

25 D. history of the injury or disease as given by the
26 employee;

27 E. the relationship of the injury or disease to
28 employment activities;

29 F. information regarding any preexisting or other
30 conditions affecting the employee's disability;

31 G. information about future treatment including, but
32 not limited to, hospital admission, surgery, or referral to
33 another doctor;

34 H. information regarding any surgery that has been
35 performed;

1 I. information regarding the employee's ability to
2 work, any work restrictions, and dates of disability;

3 J. information regarding the employee's permanent
4 partial disability rating, in accordance with subpart 4;

5 K. information regarding whether the employee is
6 unable to return to former employment for medical reasons
7 attributed to the injury;

8 L. information regarding maximum medical improvement
9 in accordance with subpart 3; and

10 M. signature of health care provider, license or
11 registration number, and identification information.

12 Subp. 3. **Maximum medical improvement.** For injuries
13 occurring on or after January 1, 1984, or upon request for
14 earlier injuries, the health care provider must report to the
15 self-insured employer or insurer, maximum medical improvement,
16 when ascertainable, on the health care provider report form or
17 in a narrative report. "Maximum medical improvement" is a
18 medical and legal concept defined by Minnesota Statutes, section
19 176.011, subdivision 25, as the date after which no further
20 significant recovery from or significant lasting improvement to
21 a personal injury can reasonably be anticipated, based upon
22 reasonable medical probability.

23 A. For purposes of subitems (1) and (2), "the
24 employee's condition" includes the signs, symptoms, physical and
25 clinical findings, and functional status that characterize the
26 complaint, illness, or injury. "Functional status" means the
27 ability of an individual to engage in activities of daily life
28 and vocational activities. Except as otherwise provided in item
29 B:

30 (1) In determining maximum medical improvement,
31 the following factors shall be considered by the health care
32 provider as an indication that maximum medical improvement has
33 been reached:

34 (a) there has been no significant lasting
35 improvement in the employee's condition, and significant
36 recovery or lasting improvement is unlikely, even if there is

1 ongoing treatment;

2 (b) all diagnostic evaluations and treatment
3 options that may reasonably be expected to improve or stabilize
4 the employee's condition have been exhausted, or declined by the
5 employee;

6 (c) any further treatment is primarily for
7 the purpose of maintaining the employee's current condition or
8 is considered palliative in nature; and

9 (d) any further treatment is primarily for
10 the purpose of temporarily or intermittently relieving symptoms.

11 (2) The following factors should be considered by
12 the health care provider as an indication that maximum medical
13 improvement has not been reached:

14 (a) the employee's condition is
15 significantly improving or likely to significantly improve, with
16 or without additional treatment;

17 (b) there are diagnostic evaluations that
18 could be performed that have a reasonable probability of
19 changing or adding to the treatment plan leading to significant
20 improvement; or

21 (c) there are treatment options that have
22 not been applied that may reasonably be expected to
23 significantly improve the employee's condition.

24 B. This item applies to musculoskeletal injuries that
25 fall within any category under parts 5223.0070, 5223.0080,
26 5223.0110 to 5223.0150, and 5223.0170 for dates of injury before
27 July 1, 1993, and that fall within any category under parts
28 5223.0370 to 5223.0390 and 5223.0440 to 5223.0550 for dates of
29 injury on or after July 1, 1993. When more than one year has
30 elapsed since the date of a musculoskeletal injury that falls
31 within any ~~category-under-parts-5223-0070-to-5223-0170~~ of the
32 above categories, the only factors in determining maximum
33 medical improvement shall be whether a decrease is anticipated
34 in the employee's estimated permanent partial disability rating
35 or a significant improvement is anticipated in the employee's
36 work ability as documented on the report of work ability

1 described in subpart 6. If ~~there-is~~ medical reports show no
2 decrease in the employee's estimated permanent partial
3 disability or no significant improvement in the employee's work
4 ability in any three-month period later than one year after the
5 injury, the employee is presumed to have reached maximum medical
6 improvement. This presumption can only be rebutted by a showing
7 that a decrease in the employee's permanent partial disability
8 rating or significant improvement in the work ability has
9 occurred or is likely to occur beyond this three-month
10 period. The medical reports relied upon as establishing maximum
11 medical improvement under this item must be served on the
12 employee in accordance with item C.

13 This item applies only to injuries of the musculoskeletal
14 system, except where the injury is a spinal cord injury
15 resulting in permanent paralysis, a head injury with loss of
16 consciousness, or where surgery has been performed within the
17 previous six months. In these cases, the factors listed in item
18 A shall be used to determine maximum medical improvement.

19 C. If the employer or insurer does not serve a notice
20 of intention to discontinue benefits or a petition to
21 discontinue benefits under Minnesota Statutes, section 176.238,
22 at the same time a narrative maximum medical improvement report
23 is served, then the report must be served with a cover letter
24 containing the information in subitems (1) to (6). Serving the
25 cover letter with the maximum medical improvement report does
26 not replace the notice of intention to discontinue benefits or
27 petition to discontinue benefits required by Minnesota Statutes,
28 section 176.238. The cover letter must include:

29 (1) information identifying the employee by name,
30 social security number, and date of injury;

31 (2) information identifying the employer and
32 insurer;

33 (3) the date the report was mailed to the
34 employee;

35 (4) a statement that the attached report
36 indicates that in the opinion of the health care provider, the

1 employee reached maximum medical improvement by the specified
2 date or an explanation that the attached reports indicate the
3 employee has reached maximum medical improvement under the
4 circumstances specified in item B;

5 (5) the statement: "Maximum medical improvement
6 is defined by Minnesota Statutes, section 176.011, subdivision
7 25, as the date after which no further significant recovery from
8 or significant lasting improvement to a personal injury can
9 reasonably be anticipated, based upon reasonable medical
10 probability"; and

11 (6) the statement: "There may be an impact on
12 your temporary total disability benefits. If we propose to stop
13 your benefits, a notice of discontinuance of benefits will be
14 sent to you first. If you have any questions concerning your
15 benefits or maximum medical improvement, you may call the claims
16 person at or the workers' compensation division
17 at (specify telephone numbers)."

18 Subp. 4. Permanent partial disability. The health care
19 provider must render an opinion of permanent partial disability
20 when ascertainable, but no later than the date of maximum
21 medical improvement. The rating must be reported on the health
22 care provider report form or in a narrative report. In making a
23 rating of permanent partial disability, the health care provider
24 must specify any applicable category of the permanent partial
25 disability schedule in effect for the employee's date of
26 injury. If a zero rating is appropriate, this rating must also
27 be reported.

28 The health care provider may refer the employee to another
29 health care provider for an opinion of the employee's permanent
30 partial disability rating if the primary health care provider
31 feels unable to make the determination in complicated cases
32 involving impairments to more than one body part or multiple
33 citations under the permanent partial disability schedule. In
34 such cases, the treating provider must be available for
35 consultation with the evaluating provider, and must make all
36 relevant medical records available, without charge to the

1 payer. The evaluating provider is entitled to reimbursement
2 from the payer for a consultation as limited by the medical fee
3 schedule.

4 Subp. 5. Required reporting to division. For those
5 injuries that are required to be reported to the division under
6 Minnesota Statutes, section 176.231, subdivision 1, the
7 self-insured employer or insurer or third-party administrator
8 shall file with the division the health care provider report
9 form prescribed in subpart 2 or a narrative report that
10 indicates that the employee has reached maximum medical
11 improvement, or that indicates a preliminary or final permanent
12 partial disability rating. The commissioner shall, by written
13 request under Minnesota Statutes, section 176.231, subdivisions
14 3 and 7, require the filing of the health care provider report
15 at additional times as necessary to monitor compliance with
16 Minnesota Statutes, chapter 176, in accordance with Minnesota
17 Statutes, sections 176.231, subdivision 6, and 176.251. All
18 reports filed under this subpart must include the appropriate
19 ICD-9-CM diagnostic codes for the injury or disease.

20 Subp. 6. Report of work ability. Each primary health care
21 provider as defined in part 5221.0430, subpart 1, must complete
22 and submit to the employee a report of work ability. A health
23 care provider providing service under the direction or
24 prescription of another provider is not required to complete a
25 report of work ability.

26 A. For all work injuries, the primary health care
27 provider must complete a report of work ability within ten days
28 of a request by an insurer or at the intervals stated in
29 subitems (1) to (3), unless there are no restrictions or the
30 restrictions are permanent and have been so indicated in a
31 report of work ability:

32 (1) every visit if visits are less frequent than
33 once every two weeks;

34 (2) every two weeks if visits are more frequent
35 than once every two weeks, unless work restrictions change
36 sooner; or

1 (3) upon expiration of the ending or review date
2 of the restriction specified in a previous report of work
3 ability. Open-ended durations of disability or restriction may
4 not be given.

5 B. The report of work ability must be either on the
6 form prescribed by the commissioner or in a report that contains
7 the same information as the report of work ability. The report
8 of work ability prescribed by the commissioner shall include:

9 (1) information identifying the employee and
10 employer, and insurer, if known;

11 (2) the date of the most recent examination;

12 (3) information stating whether the employee is
13 able to work without restrictions, able to work with
14 restrictions, or unable to work;

15 (4) work restrictions stated in functional terms,
16 if the employee is able to work with restrictions;

17 (5) the date any restriction of work activity is
18 to begin and the anticipated ending or review date;

19 (6) the date of the next scheduled visit;

20 (7) the signature of the health care provider,
21 license or registration number, and identification information;
22 and

23 (8) a notice to the employee that a copy of the
24 report must be promptly provided to the employer or workers'
25 compensation insurer and assigned qualified rehabilitation
26 consultant.

27 C. The report of work ability must be based on the
28 health care provider's most recent evaluation of the employee's
29 signs, symptoms, physical and clinical findings, and functional
30 status.

31 D. The report of work ability must be provided to the
32 employee and a copy of the report must be placed in the
33 employee's medical record. Promptly upon receipt, the employee
34 shall submit the report of work ability to the employer or the
35 insurer and the assigned qualified rehabilitation consultant.
36 The commissioner shall, by written request under Minnesota

1 Statutes, sections 176.102, subdivision 7, and 176.231,
2 subdivisions 3 and 7, require the filing of a report of work
3 ability when necessary to monitor compliance with Minnesota
4 Statutes, chapter 176, in accordance with Minnesota Statutes,
5 sections 176.231, subdivision 6, and 176.251.

6 Subp. 7. Charge for required reporting. No charge may be
7 assessed for completion of a health care provider report or
8 report of work ability required by subparts 2 and 6, or for a
9 narrative or other report prepared in lieu of a health care
10 provider report or report of work ability. A provider may
11 charge a reasonable amount for requested supplementary reports
12 using CPT codes 99080 (special reports); or X9198 (special
13 chiropractic reports).

14 Subp. 8. Proper filing of documents with division. A
15 health care provider report or narrative report required by the
16 division under this part may be filed by facsimile or electronic
17 transmission, if available at the division. Filing is completed
18 at the time that the facsimile or electronic transmission is
19 received by the commissioner. A report received after 4:30 p.m.
20 shall be deemed received on the next open state business day.
21 The filed facsimile or transmitted information has the same
22 force and effect as the original. Where the quality of the
23 document is at issue, the commissioner shall require the
24 original document to be filed.

25 A narrative report filed with the division must, at the top
26 of the first page, identify the employee by name, social
27 security number, and date of injury. The name of the
28 self-insured employer, insurer, and administrator if
29 appropriate, must also be identified. The filer must identify
30 the reason the report is submitted, and must highlight the
31 corresponding pertinent sections of the report.

32 5221.0420 HEALTH CARE PROVIDER PARTICIPATION WITH RETURN TO WORK
33 PLANNING.

34 Subpart 1. Cooperation with return to work planning. In
35 addition to completing the required report of work ability under

1 part 5221.0410, subpart 6, a health care provider must
2 participate cooperatively in the planning of an injured
3 employee's return to work by communicating with the employee,
4 employer, insurer, rehabilitation providers, and the
5 commissioner in accordance with this part. A health care
6 provider must release the employee to return to work, with
7 restrictions if necessary, at the earliest appropriate time.

8 If no qualified rehabilitation consultant has requested an
9 opinion under subpart 2, item B, subitem (1), the health care
10 provider must respond within ten calendar days of receipt of a
11 request by the employee, employer, or insurer regarding whether
12 the physical requirements of a proposed job are within the
13 employee's medical restrictions or whether the health care
14 provider requires further information. The health care provider
15 may respond in writing, in person, or by telephone. The health
16 care provider may require that the proposed job be described in
17 writing. The provider may also agree to review a videotape of
18 the job.

19 Subp. 2. **Communication with assigned qualified**
20 **rehabilitation consultant.** When an employee is receiving
21 vocational rehabilitation services under Minnesota Statutes,
22 section 176.102, the health care provider must communicate with
23 the assigned qualified rehabilitation consultant as follows:

24 A. A valid patient authorization is required for
25 communication with the assigned qualified rehabilitation
26 consultant. Under part 5220.1802, it is the assigned qualified
27 rehabilitation consultant's responsibility to obtain the patient
28 authorization and send it to the health care provider. Within
29 ten calendar days of receipt of a request for information, the
30 health care provider must respond to the assigned qualified
31 rehabilitation consultant in person, by telephone, or in writing
32 when any of the circumstances specified in item B occur. When
33 an opinion about a proposed job is requested, the health care
34 provider may require that the proposed job be described in
35 writing. The provider may also agree to review a videotape of
36 the job.

1 B. The health care provider must respond to a request
2 for communication from the assigned qualified rehabilitation
3 consultant upon initial assignment of a qualified rehabilitation
4 consultant. Thereafter, the health care provider must respond
5 to a request no more than once in any 30-calendar day period,
6 except that the provider must also respond to a request when any
7 of the following occur:

8 (1) when an opinion is requested regarding
9 whether the physical requirements of a proposed job are within
10 the employee's restrictions;

11 (2) when there has been an unanticipated or
12 substantial change in the employee's condition;

13 (3) when a job search is initiated; or

14 (4) when there has been a change in the
15 employee's work status.

16 Subp. 3. Reimbursement for services. A health care
17 provider may not require prepayment for communication required
18 by this part. The provider must bill the employer and insurer
19 for the services rendered. Return to work services must be
20 described, coded, and billed as special services, distinct from,
21 and in addition to, all medical and chiropractic office and
22 hospital visits and consultations. The following procedure
23 codes must be used for these services:

24 A. 99080, special reports;

25 B. 99199, unlisted special service;

26 C. X9198, special chiropractic reports; or

27 D. X9199, unlisted special chiropractic service.

28 5221.0430 CHANGE OF HEALTH CARE PROVIDER.

29 Subpart 1. Primary health care provider. The individual
30 health care provider directing and coordinating medical care to
31 the employee following the injury is the primary health care
32 provider. If the employee receives medical care after the
33 injury from a provider on two occasions, the provider is
34 considered the primary health care provider if that individual
35 directs and coordinates the course of medical care provided to

1 the employee. The employee may have only one primary health
2 care provider at a time. The selection of a provider by an
3 employee covered by a certified managed care plan is governed by
4 chapter 5218.

5 Subp. 2. Change of health care provider. Following
6 selection of a primary provider, the employee may change primary
7 providers once within the first 60 days after initiation of
8 medical treatment for the injury without the need for approval
9 from the insurer, the department, or a workers' compensation
10 judge. Transfer of medical care coordination due to conditions
11 beyond the employee's control such as retirement, death,
12 cessation from practice of the primary provider, or a referral
13 from the primary provider to another provider does not exhaust
14 the employee's right to a change of provider without approval
15 under this subpart. After the first 60 days following
16 initiation of medical treatment for the injury, any further
17 changes of primary provider must be approved by the insurer, the
18 department, or a workers' compensation judge. If the employee
19 is covered by a certified managed care plan, a change of
20 providers is governed by chapter 5218, Minnesota Statutes,
21 section 176.1351, subdivision 2, clause (11), and procedures
22 under the plan.

23 Subp. 3. Unauthorized change; prohibited payments. If the
24 employee or health care provider fails to obtain approval of a
25 change of provider before commencing treatment where required by
26 this part, the insurer is not liable for the treatment rendered
27 ~~prior to approval is-inappropriate-and-is-not-compensable~~
28 ~~treatment~~ unless the insurer has agreed to pay for the
29 treatment. Treatment rendered before a change of provider is
30 approved under this subpart is not inappropriate if the
31 treatment was provided in an emergency situation and prior
32 approval could not reasonably have been obtained.

33 Subp. 4. Change of primary provider not approved. After
34 the first 60 days following initiation of medical treatment for
35 the injury, or after the employee has exercised the employee's
36 right to change doctors once, the department, a certified

1 managed care organization, or a compensation judge ~~may~~ shall not
2 approve a party's request to change primary providers, where:

3 A. a significant reason underlying the request is an
4 attempt to block reasonable treatment or to avoid acting on the
5 provider's opinion concerning the employee's ability to return
6 to work;

7 B. the change is to develop litigation strategy
8 rather than to pursue appropriate diagnosis and treatment;

9 C. the provider lacks the expertise to treat the
10 employee for the injury;

11 D. the travel distance to obtain treatment is an
12 unnecessary expense and the same care is available at a more
13 reasonable location;

14 E. at the time of the employee's request, no further
15 treatment is needed; or

16 F. for another reason, the request is not in the best
17 interest of the employee and the employer.

18 5221.0500 EXCESSIVE CHARGES; LIMITATION OF PAYER LIABILITY.

19 Subpart 1. Excessive health care provider charges. A
20 billing charge for services, articles, or supplies provided to
21 an employee with a compensable injury is excessive if any of the
22 conditions in items A to G I apply to the charge. A payer is
23 not liable for a charge which meets any of these conditions.

24 A. the charge wholly or partially duplicates another
25 charge for the same service, article, or supply, such that the
26 charge has been paid or will be paid in response to another
27 billing; or

28 B. the charge exceeds the provider's current usual
29 and customary charge, as specified in subpart 2, item B, for the
30 same or similar service, article, or supply in cases unrelated
31 to workers' compensation injuries; or

32 C. the charge is described by a billing code that
33 does not accurately reflect the actual service provided; or

34 D. the service does not comply with the treatment
35 standards and requirements adopted under Minnesota Statutes,

1 section 176.83, subdivision 5, concerning the reasonableness and
2 necessity, quality, coordination, level, duration, frequency,
3 and cost of services; or

4 E. the service was performed by a provider prohibited
5 from receiving reimbursement under Minnesota Statutes, chapter
6 176, pursuant to Minnesota Statutes, sections 176.83, 176.103,
7 and 256B.0644; or

8 F. the service, article, or supply is not usual,
9 customary, and reasonably required for the cure or relief of the
10 effects of a compensable injury or is provided at a level,
11 duration, or frequency that is excessive, based on accepted
12 medical standards for quality health care and accepted
13 rehabilitation standards under Minnesota Statutes, section
14 176.136, subdivision 2, clause (2); or

15 G. the service, article, or supply was delivered in
16 violation of the federal Medicare anti-kickback statutes and
17 regulations as specified in part 5221.0700, subpart 1a; or

18 H. where approval for a change of doctor is required
19 by part 5221.0430 for the provider submitting the charge, and
20 approval has not been obtained from the payer, commissioner, or
21 compensation judge; or

22 I. the service is outside the scope of practice of
23 the particular provider or is not generally recognized within
24 the particular profession of the provider as of therapeutic
25 value for the specific injury or condition, under Minnesota
26 Statutes, section 176.136, subdivision 2, clause (3).

27 Subp. 2. Limitation of payer liability. A payer is not
28 liable for health care charges which are excessive under subpart
29 1. If the charges are not excessive under subpart 1, a payer's
30 liability for payment of charges is limited as provided in items
31 A to F.

32 A. The payer's liability shall be limited to the
33 maximum amount allowed for any service specified in the medical
34 fee schedule of this chapter in effect on the date of the
35 service, or the provider's usual and customary fee, whichever is
36 lower.

1 B. Except as provided in items C to F, if the service
2 is not included in parts 5221.4000 to 5221.4070, the payer's
3 liability payment shall be limited to 85 percent of the
4 provider's usual and customary charge, or 85 percent of the
5 prevailing charge for similar treatment, articles, or supplies
6 furnished to an injured person when paid for by the injured
7 person, whichever is lower.

8 (1) A usual and customary charge under Minnesota
9 Statutes, section 176.136, subdivision 1b, paragraphs (a) and
10 (b), means the amount actually billed by the health care
11 provider to all payers for the same service, whether under
12 workers' compensation or not, and regardless of the amount
13 actually reimbursed under a contract or government payment
14 system.

15 (2) A prevailing charge under Minnesota Statutes,
16 section 176.136, subdivision 1b, paragraph (b), is the 75th
17 percentile of the usual and customary charges as defined in
18 subitem (1) in the previous calendar year for each service,
19 article, or supply if the database for the service meets all of
20 the following criteria:

21 (a) the database includes only Minnesota
22 providers, with at least three different, identifiable providers
23 of the same provider type, distinguished by whether the service
24 is an inpatient hospital service, or an outpatient physician,
25 pathology, laboratory, chiropractic, physical therapy or
26 occupational therapy service, or provider of other similar
27 service, article, or supply;

28 (b) there are at least 20 billings for the
29 service, article, or supply; and

30 (c) the standard deviation is less than or
31 equal to 50 percent of the mean of the billings for each service
32 in the data base or the value of the 75th percentile is not
33 greater than or equal to three times the value of the 25th
34 percentile of the billings.

35 C. Under Minnesota Statutes, section 176.136,
36 subdivision 1b, paragraph (a), payment for services, articles,

1 and supplies provided to an employee while an inpatient or
2 outpatient at a hospital with 100 or fewer licensed beds or a
3 patient at a nursing home participating in the medical
4 assistance program shall be 100 percent of the usual and
5 customary charge as defined in item B, unless the charge is
6 determined by the commissioner or compensation judge to be
7 unreasonable or excessive.

8 D. Under Minnesota Statutes, section 176.136,
9 subdivision 1b, paragraph (b), payment for services, articles,
10 and supplies provided to an employee who is an inpatient at a
11 hospital with more than 100 licensed beds shall be limited to 85
12 percent of the hospital's usual and customary charge as defined
13 in item B, or 85 percent of the prevailing charge as defined in
14 item B, whichever is lower. Outpatient charges for hospitals
15 with more than 100 beds are limited by the maximum fees for any
16 service set forth in parts 5221.4000 to 5221.4070. For
17 hospitals with more than 100 beds, liability for outpatient
18 charges that are not included in parts 5221.4000 to 5221.4070 is
19 limited to 85 percent of the hospitals usual and customary, or
20 prevailing charge, as described in item B. A hospital charge is
21 considered an inpatient charge if the employee spent either the
22 night before or the night after the service in the hospital, and
23 there is an overnight room charge.

24 E. Charges for cost of copies of medical records and
25 postage are governed by parts 5219.0100 to 5219.0300 and are not
26 subject to the 85 percent reimbursement limit specified in item
27 B. Travel expenses incurred by an employee for compensable
28 medical services shall be paid at the rate equal to the rate
29 paid by the employer for ordinary business travel expenses, or
30 the rate paid by the state of Minnesota for employment-related
31 travel, whichever is lower. Reimbursement for employee travel
32 expenses is not subject to the 85 percent reimbursement limit
33 specified in item B.

34 F. Charges for supplementary reports that are not
35 required reports under part 5221.0410, subpart 7, and charges
36 for return to work services under part 5221.0420, subpart 3, are

1 not subject to the 85 percent reimbursement limit specified in
2 item B.

3 Subp. 3. Collection of excessive charges. A provider may
4 not collect or attempt to collect payment from an injured
5 employee, or any other source, charges for a compensable injury
6 which the payer has determined are excessive under subpart 1 or
7 which exceed the maximum amount payable specified in subpart 2,
8 unless payment is ordered by the commissioner, compensation
9 judge, or workers' compensation court of appeals. Unless the
10 provider or the employee has filed a claim for a determination
11 of the amount payable with the commissioner, the health care
12 provider must remove the charges from the billing statement.

13 5221.0600 PAYER RESPONSIBILITIES.

14 [For text of subpart 1, see M.R.]

15 Subp. 2. Determination of excessiveness. Subject to a
16 determination of the commissioner or compensation judge, the
17 payer shall determine whether a charge or service is compensable
18 by evaluating the charge and service according to the conditions
19 of excessiveness and payer liability specified in part
20 5221.0500, subparts 1 and 2, and Minnesota Statutes, section
21 176.136, subdivision 2. If the payer determines that the
22 provider has assigned an incorrect code for a service, the payer
23 may determine the correct code for the service and evaluate
24 liability for payment on the basis of the correct code.

25 Subp. 3. Determination of charges. As soon as reasonably
26 possible, and no later than 30 calendar days after receiving the
27 bill, the payer shall:

28 (1) pay the charge or any portion of the charge
29 that is not denied;

30 (2) deny all or a portion of a charge on the
31 basis that the injury is noncompensable; the charge is excessive
32 or noncompensable under Minnesota Statutes, section 176.136,
33 subdivision 2; or part 5221.0500, subparts 1 and 2; or the
34 charges are not submitted on the appropriate billing form
35 prescribed in part 5221.0700; or

1 (3) request specific additional information to
2 determine whether the charge or the condition is compensable.
3 The payer shall make a determination as set forth in subitems
4 (1) and (2) no later than 30 calendar days following receipt of
5 the provider's response to the initial request for specific
6 additional information.

7 Subp. 4. Notification. Within 30 calendar days of receipt
8 of the bill, the payer shall provide written notification to the
9 employee and provider of denial of part or all of a charge, or
10 of any request for additional information. Written notification
11 shall include:

12 [For text of item A, see M.R.]

13 B. the basis for denial or reduction of each charge
14 and the specific amounts being denied or reduced for each charge
15 meeting the conditions of an excessive or noncompensable charge
16 under part 5221.0500, subparts 1 and 2, or Minnesota Statutes,
17 section 176.136, subdivision 2;

18 C. denial of a charge for failure to submit it on the
19 billing form prescribed in part 5221.0700, subpart 2; and

20 D. a request for an appropriate record or the
21 specific information requested to allow for proper determination
22 of the bill under this part.

23 If payment is denied under item B, C, or D, the payer shall
24 reconsider the charges in accordance with this rule as soon as
25 reasonably possible, and no later than 30 calendar days after
26 receipt of additional relevant information or documents. Notice
27 of denial of part or all of a charge shall be given by the payer
28 consistent with the guidelines in this subpart.

29 [For text of subps 5 and 6, see M.R.]

30 5221.0650 DATA COLLECTION, RETENTION, AND REPORTING REQUIREMENTS.

31 Subpart 1. Scope. This part applies to workers'
32 compensation insurers, self-insurers, group self-insurers,
33 adjusters, and third-party administrators who act on behalf of
34 an insurer, self-insurer, the assigned risk plan, and the
35 Minnesota Insurance Guaranty Association.

1 Subp. 2. Purpose. The purpose of this part is to
2 establish procedures and requirements for reporting medical and
3 related data regarding treatment of work-related injuries. The
4 data shall be provided in order for the department to monitor
5 and evaluate medical services and supplies under Minnesota
6 Statutes, chapter 176.

7 Subp. 3. Retention period. Data described in subpart 4
8 shall be collected and stored by the parties listed in subpart
9 1, beginning July 1, 1994, for all medical services and supplies
10 provided to an employee under Minnesota Statutes, chapter 176,
11 for ten years from the date the-service-or-supply-was-provided
12 of injury, or four years from the date the claim is closed,
13 whichever is later.

14 Subp. 4. Required data. The data in items A and B shall
15 be collected and stored by the parties listed in subpart 1.

16 A. Required data for professional services and
17 supplies includes all elements required on the uniform billing
18 form under part 5221.0700, subpart 2a, and:

19 (1) an indication of open or closed claim status;

20 (2) an indication of whether the employee was
21 incapacitated from performing labor or service for more than
22 three calendar days under Minnesota Statutes, section 176.231,
23 subdivision 1;

24 (3) the amount of payments made for individual
25 medical services, articles, and supplies; and

26 (4) the name of the managed care plan if services
27 were provided under contract with or referral by a certified
28 workers' compensation managed care plan.

29 B. Required data for inpatient and outpatient
30 hospital services and supplies includes all elements required on
31 the uniform billing form under part 5221.0700, subpart 2b, and:

32 (1) an indication of open or closed claim status;

33 (2) an indication of whether the employee was
34 incapacitated from performing labor or service for more than
35 three calendar days under Minnesota Statutes, section 176.231,
36 subdivision 1; and

1 (3) the name of the managed care plan if services
2 were provided under a contract with or referral by a certified
3 managed care plan for workers' compensation.

4 Subp. 5. Reporting requirements. The data in subpart 4
5 shall be periodically sampled according to the sampling
6 specifications prescribed by the research design for a study
7 initiated by the commissioner under Minnesota Statutes, sections
8 175.17, 175.171, 176.103, and 176.1351. The samples shall be
9 reported within 90 days of the request of the commissioner. The
10 requested data shall be provided without charge to the
11 department by a mutually agreeable standard of information
12 exchange such as hard copy, computerized form, or electronic
13 data interchange.

14 5221.0700 PROVIDER RESPONSIBILITIES.

15 [For text of subpart 1, see M.R.]

16 Subp. 1a. Conflicts of interest. All health care
17 providers subject to this chapter are bound by the federal
18 Medicare antikickback statute in section 1128B(b) of the Social
19 Security Act, United States Code, title 42, section 1320a-7b(b),
20 and regulations adopted under it, pursuant to Minnesota
21 Statutes, section 62J.23. Any medical services or supplies
22 provided in violation of these provisions are not compensable
23 under Minnesota Statutes, chapter 176.

24 Subp. 2. Submission of information. Providers except for
25 hospitals must supply with the bill a copy of an appropriate
26 record that adequately documents the service and substantiates
27 the nature and necessity of the service or charge. Hospitals
28 must submit an appropriate record upon request by the payer.
29 All charges billed after January 1, 1994, for workers'
30 compensation health care services, articles, and supplies,
31 except for United States government facilities rendering health
32 care services for veterans must be submitted to the payer on the
33 forms prescribed in subparts 2a, 2b, and 2c, and in accordance
34 with items A to D.

35 A. Charges for services, articles, and supplies must

1 be submitted to the payer directly by the health care provider
2 actually furnishing the service, article, or supply. This
3 includes but is not limited to the following:

4 (1) diagnostic imaging, laboratory, or pathology
5 testing not actually performed by the health care provider, or
6 employee of the health care provider, who ordered the test;

7 (2) equipment, supplies, and medication not
8 ordinarily kept in stock by the hospital or other health care
9 provider facility, purchased from a supplier for a specific
10 employee;

11 (3) services performed by a health care provider
12 at a hospital if the provider has an independent practice and is
13 not a salaried employee of the hospital; and

14 (4) outpatient medications dispensed by a
15 licensed pharmacy pursuant to an order written by a health care
16 provider, as described in this subpart, including both
17 prescription and nonprescription medications.

18 B. Charges must be submitted to the payer in the
19 manner required by subparts 2a, 2b, and 2c within 60 days from
20 the date the health care provider knew the condition being
21 treated was claimed by the employee as compensable under
22 workers' compensation.

23 C. When a provider orders a medication for an
24 employee, the provider must also supply the employee with a
25 document accurately describing the medication as ordered and
26 including the words "workers' compensation," or the letters
27 "W.C." on its face. This requirement applies to both
28 prescription and nonprescription medications and may be
29 fulfilled by a handwritten note on the provider's personalized
30 stationary or prescription pad.

31 D. This part does not limit the collection of other
32 information the provider may be required to report under any
33 other state or federal jurisdiction.

34 Subp. 2a. Federal health care financing administration
35 claim form HCFA 1500 form. Except as provided in subparts 2b
36 and 2c, charges for all services, articles, and supplies that

1 are provided for a claimed workers' compensation injury must be
2 submitted to the payer on the HCFA 1500 form. Charges for
3 dental services may be submitted on any standard dental claim
4 form. The following information must be submitted in the
5 appropriate field of the claim form shown in item B as follows:

6 (1) The name and address of the party making
7 payment of the medical bill is the name and address of the
8 self-insured employer or workers' compensation insurer at the
9 time of injury, or workers' compensation third party
10 administrator. This information must appear at the top of the
11 form above the field labeled "HEALTH INSURANCE COVERAGES,"
12 position 1.

13 (2) The workers' compensation file number (the
14 employee's social security number), if provided by employee,
15 must appear in the field labeled "INSURED'S I.D. NUMBER,"
16 position 1a.

17 (3) The employee's name and address must appear
18 in the fields labeled "PATIENT'S NAME" and "PATIENT'S ADDRESS,"
19 positions 2 and 5 respectively.

20 (4) The claim number, if known, of the workers'
21 compensation payer listed in field 4 must appear in the field
22 labeled "INSURED'S POLICY GROUP OR FECA NUMBER," position 11.

23 (5) If services were provided under a contract
24 with or referral by a managed care plan certified for workers'
25 compensation by the commissioner of labor and industry under
26 Minnesota Statutes, section 176.1351, the name of the managed
27 care organization must appear in the field labeled "INSURANCE
28 PLAN NAME OR PROGRAM NAME," position 11c.

29 (6) The date of the injury must appear in the
30 field labeled "DATE OF CURRENT ILLNESS OR INJURY," position 14.

31 (7) The name of the referring or ordering health
32 care provider must appear in the field labeled "NAME OF
33 REFERRING PHYSICIAN OR OTHER SOURCE," position 17 if the patient:

34 (a) was referred to the performing health
35 care provider for consultation or treatment;

36 (b) was referred to an entity, such as a

1 clinical laboratory, for a service; or

2 (c) obtained an order for an item or service
3 from an entity, such as a durable medical equipment supplier.

4 (8) The Unique Physician Identifier Number (UPIN)
5 of the referring or ordering health care provider listed in
6 field 17 must appear in the field labeled "ID NUMBER OF
7 REFERRING PHYSICIAN," position 17a. If the provider does not
8 have a UPIN, the degree and license or registration number may
9 be used instead of the UPIN.

10 (9) The appropriate ICD-9-CM code describing the
11 principal diagnosis being treated must appear in the field
12 labeled "DIAGNOSIS OR NATURE OF ILLNESS OR INJURY," position
13 21. Enter up to four codes in priority order for primary and
14 secondary conditions.

15 (10) The date(s) of each service must appear
16 separately in the field labeled "DATE(S) OF SERVICE," position
17 24A.

18 (11) The approved procedure codes and modifiers
19 appropriate for the service, in accordance with subpart 3, must
20 appear in the field labeled "PROCEDURES, SERVICES OR SUPPLIES,"
21 position 24D.

22 (12) The ICD-9-CM diagnosis code which relates to
23 the date the service or procedure was performed must appear in
24 the field labeled "DIAGNOSIS CODE," position 24E.

25 (13) The charge for each service must appear in
26 the field labeled "\$ CHARGES," position 24F.

27 (14) The code for Place of Service must appear in
28 the field labeled "PLACE OF SERVICE," position 24B. The
29 following Health Care Financing Administration (HCFA) codes must
30 be used:

31 (a) 11 = office;

32 (b) 21 = hospital inpatient;

33 (c) 22 = hospital outpatient;

34 (d) 23 = emergency room - hospital; and

35 (e) 24 = ambulatory surgical center.

36 For all other places of service, the specific identifying

1 code established by the HCFA must be used.

2 (15) The number of units of each service provided
3 must appear in the field labeled "DAYS OR UNITS," position 24G.

4 (16) The health care provider who actually
5 provided the service must be identified as appropriate in the
6 field labeled "RESERVED FOR LOCAL USE," position 24K. The
7 provider must be identified by a UPIN. If the provider does not
8 have a UPIN, the degree and license or registration number may
9 be used in lieu of the UPIN. If the provider does not have a
10 UPIN or license or registration number, the name and degree of
11 the person providing the service must be typed or printed.

12 (17) The signature of the health care provider,
13 or the provider's representative, and the date signed must
14 appear in the field labeled "SIGNATURE OF PHYSICIAN OR SUPPLIER,"
15 position 31.

16 (18) The name and address of the facility where
17 the services were rendered must appear in the field labeled
18 "NAME AND ADDRESS OF FACILITY WHERE SERVICES WERE RENDERED,"
19 position 32.

20 (19) The health care provider or supplier billing
21 name, address, and telephone number must appear in the field
22 labeled "PHYSICIAN'S, SUPPLIER'S BILLING NAME, ADDRESS, ZIP CODE
23 & PHONE #," position 33.

24 Subp. 2b. Uniform billing claim form UB-92 (HCFA 1450).
25 Hospitals licensed under Minnesota Statutes, section 144.50,
26 must submit itemized charges on the uniform billing claim form,
27 UB-92, (HCFA 1450).

28 The following information must be submitted by hospitals in
29 the appropriate fields of the UB-92 as follows:

30 (1) The name of the hospital submitting the bill
31 and the complete mailing address to which the hospital wishes
32 payment sent must appear in the form locator field 1.

33 (2) The patient's unique control number assigned
34 by the provider to facilitate retrieval of financial records
35 must appear in form locator field 3.

36 (3) The three-digit code approved by the National

1 Uniform Billing Committee for indicating the type of bill must
2 appear in form locator field 4 in the following sequence:

3 (a) type of facility - 1st digit

- 4 hospital 1
- 5 skilled nursing 2
- 6 home health 3
- 7 intermediate care 6
- 8 clinic 7
- 9 special facility 8

10
11 (b) bill classification (except clinics and
12 special facilities) - 2nd digit

- 13 IP 1 or 2
- 14 OP 3

15
16 (c) bill classification (clinics only) - 2nd
17 digit

- 18 rural health 1
- 19
- 20 hospital-based or
- 21 independent renal
- 22 dialysis center 2
- 23
- 24 free standing 3
- 25
- 26 outpatient rehab
- 27 facility 4
- 28
- 29 comprehensive
- 30 outpatient rehab
- 31 facility 5
- 32

33 (d) bill classification (special facilities
34 only) - 2nd digit

- 35 hospice (nonhospital-
- 36 based) 1
- 37 hospice (hospital-
- 38 based) 2
- 39 ambulatory
- 40 surgery center 3
- 41

42 (e) frequency - 3rd digit in form locator is
43 not information required by workers' compensation.

44 (4) The beginning and ending service dates of the
45 period included on this bill must appear in form locator field 6.

46 (5) The patient's last name, first name, and
47 middle initial must appear in this order in form locator field
48 12.

49 (6) The patient's address must appear in form
50 locator field 13.

51 (7) The date the patient was admitted to the
52 hospital for inpatient care must appear in form locator field 17.

1 (8) A code indicating the priority of this
2 admission must appear in form locator field 19. Codes must be
3 one of the following:

4
5 1 Emergency
6 2 Urgent
7 3 Elective
8

9 (9) If the services billed were provided for an
10 employment-related accident the code 04 and the date of injury
11 must appear in form locator field 32a.

12 (10) All outpatient services must be itemized on
13 the UB-92 form as follows:

14 (a) The approved billing codes and modifiers
15 appropriate for the service, in accordance with subpart 3, must
16 appear in the form locator field 44.

17 (b) The date each service was provided must
18 appear in the form locator field 45.

19 (c) The number of units of each service
20 provided must appear in the form locator field 46.

21 (d) The total charge for each service
22 (charge per service x number of services) must appear in form
23 locator field 47.

24 (e) The sum of all charges in column 47 on
25 this bill must appear as the last line in form locator field
26 47. Revenue code 001 should appear to the left of this total in
27 form locator field 42.

28 (11) Inpatient services must be submitted to the
29 payer on the UB-92 form but may be summarized as follows:

30 (a) The revenue code which identifies a
31 specific accommodation or ancillary service may appear in form
32 locator field 42.

33 (b) A description of the related revenue
34 categories must appear in the form locator field 43.
35 Abbreviations may be used.

36 (c) The total charges for the category of
37 service summarized must appear in form locator field 47.

38 (d) The sum of all charges in column 47 on

1 this bill must appear as the last line in form locator field
2 47. Revenue code 001 should appear to the left of this total in
3 form locator field 42.

4 When the UB-92 form provides only summary information an
5 itemized listing of all services and supplies provided during
6 the inpatient hospitalization must be attached to the UB-92
7 form. The itemized list must include:

8 (i). Where a code is assigned to a
9 service, ~~article, or supply,~~ the approved procedure codes and
10 modifiers appropriate for the service, in accordance with
11 subpart 3. Charges for supplies need not be coded, but a
12 description and charge for specific articles and supplies must
13 be itemized.

14 (ii). The charge for each service.

15 (iii). The number of units of each
16 service provided.

17 (iv). The date each service was
18 provided.

19 (12) The name of the payer from which the
20 provider might expect payment for the bill must appear in the
21 form locator field 50. This is the self-insured employer, the
22 workers' compensation insurer at the time of injury, or the
23 third party administrator.

24 (13) The workers' compensation file number (the
25 employee's social security number) if provided by the employee,
26 must appear in form locator field 60.

27 (14) If services were provided under a contract
28 with or referral by a managed care plan certified for workers'
29 compensation by the commissioner of labor and industry under
30 Minnesota Statutes, section 176.1351, the name of the managed
31 care plan must appear in form locator field 61.

32 (15) The ICD-9-CM codes describing the principal
33 diagnosis (i.e., the condition established after study to be
34 chiefly responsible for occasioning admission of the patient for
35 care) must appear in form locator field 67. Enter codes for
36 diagnosis other than the principal diagnosis in form locator

1 fields 68-75.

2 (16) The ~~ICD-9-CM-or~~ CPT-4 code that indicates
3 the principal procedure performed during the period covered by
4 this bill and the date on which the principal procedure was
5 performed must appear in form locator field 80. Enter codes for
6 procedures other than the principal procedure in form locator
7 field 81.

8 (17) The attending health care provider who has
9 primary responsibility for the patient's medical care and
10 treatment must be identified in form locator field 82. Enter
11 the UPIN and the name of the provider. If the provider does not
12 have a UPIN, the degree and license or registration number may
13 be used in lieu of the UPIN.

14 (18) The health care provider, other than the
15 attending provider, who performed the principal procedure, if
16 any, must appear in form locator field 83. Enter the UPIN and
17 name of the provider. If the provider does not have a UPIN, the
18 degree and license, or registration number may be used in lieu
19 of the UPIN.

20 (19) An authorized signature indicating that the
21 information entered on the face of this bill is in conformance
22 with the certifications on the back of this bill, must appear in
23 form locator field 85. A facsimile signature is acceptable.
24 The date the form is signed must be completed.

25 Subp. 2c. **Submission of pharmacy charges. Except-as**
26 ~~provided-in-subpart-2b7~~ Itemized charges for all hospital
27 outpatient and independent pharmacy medications provided for a
28 claimed workers' compensation injury must be submitted to the
29 payer on a claim form which includes the following information:

- 30 A. the workers' compensation file number (the
31 employee's social security number), if provided by the employee;
32 B. the employee's name and address;
33 C. the insurer's name and address;
34 D. the date of the injury;
35 E. the name of the health care provider who ordered
36 the medication;

1 F. if the medication was provided under a contract
 2 with, or by referral from a managed care plan certified for
 3 workers' compensation by the commissioner of labor and industry
 4 under Minnesota Statutes, section 176.1351, the name of the
 5 managed care plan;

6 G. the name and quantity of each medication provided;

7 H. the procedure-code prescription number for the
 8 medication;

9 I. the date the medication was provided;

10 J. the total charge for each medication provided; and

11 K. the name, address, and telephone number of the
 12 pharmacy that provided the medication.

13 Subp. 3. **Billing code.** The provider shall undertake
 14 professional judgment to assign the correct approved billing
 15 code for the service rendered using the appropriate provider
 16 group designation, and according to the instructions and
 17 guidelines in this chapter and in the CPT or HCPCS manual in
 18 effect on the date the service was rendered.

19 A. Billing codes must include the correct procedure
 20 code found in the CPT or HCPCS manual in effect on the date the
 21 service was rendered or the correct chiropractic procedure code
 22 found in the medical fee schedule in effect on the date the
 23 service was rendered or the correct prescription number. The
 24 billing code must also include any appropriate modifier.

25 B. The codes for services in parts 5221.4030 to
 26 5221.4070 may be submitted with two-digit or two-letter suffixes
 27 called "modifiers." Modifiers indicate that the service
 28 rendered differs in some material respect from the service as
 29 described in this chapter or in the CPT or HCPCS manual.
 30 Modifiers used must be those listed and described in the CPT
 31 manual in effect on the date the service was rendered.

32 C. **Provider group designation.**

33 (1) **General.** The provision of services by all
 34 health care providers is limited and governed by each provider's
 35 scope of practice as stated in the applicable statute. A
 36 provider shall not perform a service which is outside that

1 provider's scope of practice, nor shall a provider use a
2 procedure code for a service which is outside that provider's
3 scope of practice. Services delivered at the direction and
4 under the supervision of a licensed health care provider listed
5 in this item are considered incident to the services of the
6 licensed provider and are coded as though provided directly by
7 the licensed provider. Services delivered by support staff such
8 as aides, assistants, or other unlicensed providers are incident
9 to the services of a licensed provider only if the licensed
10 provider directly responsible for the unlicensed provider is on
11 the premises at the time the service is rendered. Hospital
12 charges are governed by part 5221.0500, subpart 2, items C and
13 D. Outpatient charges by hospitals with more than 100 licensed
14 beds are subject to the maximum fees in parts 5221.4000 to
15 5221.4070.

16 (2) Medical and surgical services. Procedure
17 codes for medical and surgical services and supplies are listed
18 in part 5221.4030. These include services delivered by the
19 following types of providers or services provided incident to
20 the services of the following types of providers: medical
21 physicians, surgeons, osteopathic physicians, podiatrists,
22 dentists, oral and maxillofacial surgeons, optometrists,
23 opticians, speech pathologists, licensed psychologists, social
24 workers, nurse practitioners, clinical nurse specialists, and
25 physician's assistants.

26 (3) Pathology and laboratory services. Procedure
27 codes for services and supplies provided by a pathologist or by
28 a technician under the supervision of a physician are listed in
29 part 5221.4040.

30 (4) Physical medicine and rehabilitation
31 services. Procedure codes for services and supplies provided by
32 a physician, an osteopathic physician, a physical therapist, or
33 an occupational therapist or provided incident to the services
34 of a physician, an osteopathic physician, a physical therapist,
35 or an occupational therapist are listed in part 5221.4050.

36 (5) Chiropractic services. Procedure codes for

1 services and supplies provided by a chiropractor or provided
2 incident to a chiropractor's services are listed in part
3 5221.4060.

4 (6) Pharmacy services. Procedure codes for
5 medications provided pursuant to the order of a health care
6 provider, are described in part 5221.4070.

7 [For text of subp 4, see M.R.]

8 Subp. 5. [See repealer.]

9 5221.4000 APPLICATION SCHEDULE; INSTRUCTIONS.

10 Subpart 1. Contents. This part provides general
11 guidelines for application of the relative value medical fee
12 schedule. The medical fee schedule contains codes and
13 descriptions of services, relative value units and additional
14 descriptive information for each service, and the conversion
15 factor.

16 Subp. 2. Revisions. The current medical fee schedule is
17 effective until annual revisions are adopted, except that the
18 commissioner may revise the medical fee schedule at any time to
19 improve the schedule's accuracy, fairness, or equity, or to
20 simplify the administration of the schedule.

21 Subp. 3. Applicability. The medical fee schedule applies
22 to a charge for a particular health care service if:

23 A. the medical service is compensable under Minnesota
24 Statutes, section 176.135;

25 B. the service conforms to a billing code listed in
26 this chapter and meets the code descriptions which appear in
27 this chapter or in the CPT or HCPCS manual in effect on the date
28 the service was rendered; and

29 C. the service is listed under the appropriate
30 provider group designation for the health care provider that
31 rendered the service.

32 5221.4010 EMPLOYER'S LIABILITY FOR SERVICES UNDER MEDICAL FEE
33 SCHEDULE.

34 Unless the maximum fee is adjusted under part 5221.4034,
35 5221.4041, 5221.4051, or 5221.4061, the employer's liability for

1 services included in parts 5221.4030 to 5221.4060 is limited to
2 100 percent of the fee schedule amount calculated according to
3 the formula in part 5221.4020 or the provider's usual and
4 customary fee for the service, whichever is lower. The
5 employer's liability for pharmacy services is as provided in
6 part 5221.4070.

7 5221.4020 FORMULA FOR DETERMINING FEE SCHEDULE PAYMENT LIMITS;
8 CONVERSION FACTOR.

9 Subpart 1. Formula. Except as provided in parts
10 5221.4034, 5221.4041, 5221.4051, 5221.4061, and 5221.4070, the
11 maximum fee in dollars for a health care service subject to the
12 medical fee schedule is calculated according to the following
13 formula:

14 maximum fee = relative value unit (RVU) x conversion factor (CF).

15 Relative value units for all included services are listed
16 in parts 5221.4030, 5221.4040, 5221.4050, and 5221.4060.

17 Subp. 2. Conversion factor. The conversion factor shall
18 be updated annually, pursuant to Minnesota Statutes, section
19 176.136, subdivision 1a. The conversion factor for services
20 included in parts 5221.4030 to 5221.4060 provided after October
21 1, 1993, is \$52.05.

22 As a sample calculation, the maximum fee for a new patient
23 office examination by a physician, procedure code 99201, is 0.80
24 (relative value unit). This is multiplied by 52.05 (conversion
25 factor for 1993). The total payment, excluding any applicable
26 adjustment, would be equal to \$41.64 for the service.

27 5221.4030 MEDICAL/SURGICAL PROCEDURE CODES.

28 Subpart 1. Key to abbreviations and terms.

29 A. Column 1 in subpart 2 is labeled "CPT/HCPCS
30 procedure code." This is the specific code intended to identify
31 the health care service described in column 4.

32 B. Column 2 in subpart 2 is labeled "Tech/Prof.
33 MOD." Column 2 contains a modifier if there is a technical
34 component (TC) and a professional component (26) for the service.

35 C. Column 3 in subpart 2 is labeled "status." These

1 indicators, explained in subitems (1) to (5), provide additional
2 information necessary to determine the maximum fee for the
3 service.

4 (1) "A" indicates an active code. These
5 services are separately paid under the medical fee schedule.
6 There are RVUs for codes with this status. For example,
7 procedure code number 99291, for critical care, first hour, is
8 an active code with a total RVU of 5.27. The maximum fee for
9 this service is calculated according to the formula in part
10 5221.4020.

11 (2) "B" indicates a bundled code. Payment for
12 these services is always subsumed or bundled into payment for
13 another service. There are no RVUs for these codes and no
14 separate payment is made. For example, procedure code number
15 99371, for a telephone call from a hospital nurse regarding care
16 of a patient, is a bundled code, with a total RVU of 0.00. This
17 service is not separately payable because it is included in the
18 payment for a hospital visit, procedure code number 99261.

19 (3) "P" indicates a bundled or excluded code.
20 There are no RVUs for these services. Payment for these
21 services is determined according to the following guidelines:

22 (a) If the item or service is provided
23 incident to the services of a licensed provider, on the same day
24 as the licensed provider service, payment for it is bundled into
25 the payment for the licensed provider service to which it is
26 incident. For example, an elastic bandage, procedure code
27 number A4202, is a "P" code. If a provider furnished an
28 employee an elastic bandage while treating the employee for a
29 tibia fracture, the cost of the bandage is included in the cost
30 of the treatment, procedure code number 27750. No separate
31 payment for the bandage is allowed.

32 (b) If the item or service is not provided
33 incident to the services of a licensed provider, it is excluded
34 from the fee schedule and liability for the service is limited
35 by Minnesota Statutes, section 176.136, subdivision 1b.

36 (4) "T" indicates injections. RVUs are listed

1 for these services, but separate payment is made only when there
 2 are no other services billed on the same date by the same
 3 provider. If any other services are billed on the same date by
 4 the same provider, these injection services are bundled into the
 5 service for which payment is made.

6 (5) "Z" indicates electrocardiograms. RVUs are
 7 listed for these services, but no separate payment shall be made
 8 for these services if they are provided during, as a result of,
 9 or in conjunction with any visit or consultation, including
 10 visits in critical care and all other sites.

11 D. Column 4 in subpart 2 is labeled "CPT/HCPCS
 12 description." This is a short narrative description of the
 13 procedure code. A complete description of the service appears
 14 in the CPT or HCPCS Manual in effect on the date the service was
 15 rendered.

16 E. Column 5 in subpart 2 is labeled "total RVU."
 17 These are the total relative value units for the service.

18 F. Column 6 in subpart 2 is labeled "global period."
 19 Symbols in column 6 indicate the application of the global
 20 surgery package in part 5221.4034, subpart 1.

21 Subp. 2. List of medical/surgical procedure codes.

22 A. Procedure code numbers 10040 to 19380 relate to
 23 skin procedures.

24 CPT/ 25 HCPCS 26 Proce- Tech/ 27 dure Prof. 28 Code MOD	Status	CPT/HCPCS Description	Total RVU	Global Period
30 10040	A	Acne surgery	1.70	010
31 10060	A	Drainage of skin abscess	1.61	010

49 5221.4032 PROFESSIONAL/TECHNICAL COMPONENTS FOR MEDICAL/SURGICAL
50 SERVICES.

51 Subpart 1. General. Fees for certain services which are a
52 combination of professional and technical care shall be adjusted
53 when the professional and technical components of the service
54 are performed by different individuals or entities. The
55 professional component of the service represents the care
56 rendered by the health care provider, such as examination of the
57 patient, performance and supervision of the procedure, and
58 consultation with other providers. The technical component of
59 the service represents all other costs associated with the

1 service, such as the cost of equipment, the salary of
 2 technicians, and supplies normally used in delivering the
 3 service. Services subject to this distinction are identified in
 4 part 5221.4030, subpart 2, by modifiers appearing in column 3
 5 alongside the service codes. Modifier TC indicates relative
 6 RVUs for the technical component of the service and modifier 26
 7 indicates RVUs for the professional component of the service.
 8 The maximum fee for either component of the service is
 9 calculated using the RVUs for the component provided and the
 10 formula in part 5221.4020.

11 Subp. 2. **Separate billing for both components.** If the
 12 professional component is split from the technical component and
 13 both are billed separately, the total cost for both cannot
 14 exceed the maximum fee allowed for the complete service, unless
 15 there are extenuating circumstances and there is documented
 16 justification for the additional cost.

17 Subp. 3. **One billing for both components.** If the same
 18 health care provider renders both the professional and technical
 19 components of the service, the maximum fee is calculated for the
 20 complete service by using the RVUs corresponding to the service
 21 code listed without a modifier in part 5221.4030, subpart 2, and
 22 the formula in part 5221.4020.

23 5221.4033 OUTPATIENT LIMITATION FOR MEDICAL/SURGICAL SERVICES.

24 Procedures whose codes are listed below are predominantly
 25 performed in office settings and, therefore, no additional
 26 facility fees are payable when the procedure is performed by the
 27 employee's treating health care provider, unless it is an
 28 emergency or medically necessary to perform the procedure in a
 29 nonoffice setting or after normal office hours. This part does
 30 not preclude payment of a facility fee where the employee is
 31 treated by emergency room or urgent care staff.

32 5221.4034 FEE ADJUSTMENTS FOR MEDICAL/SURGICAL SERVICES.

33 Subpart 1. Global surgery fee. Except as described in

34 item B, codes for surgical procedures and their corresponding

35 maximum fees include all services normally furnished by the

36 surgeon or the surgeon's designee before, during, and after the

37 procedure within a predetermined postoperative period. This

38 concept is referred to as the "global surgery package" or

39 "global surgery fee." Services included in the global surgery

40 package for a given procedure include: Preoperative visits

41 related to the surgery on the day before surgery and the day of

42 surgery; the hospital admission workup; the primary operation;

43 local infiltration, digital block or topical anesthesia when

44 used; immediate postoperative care including conferences with

45 the family and other health care providers and evaluations of

46 the patient in the recovery room; postoperative hospital and

47 office visits, as well as all additional medical or surgical

48 services required of the surgeon because of complications, which

49 do not require additional trips to the operating room. Also

50 included in the global surgery fee are all written reports and

51 records normally maintained by the surgeon during the

1 preoperative, intraoperative, and postoperative periods.

2 All coded procedures have been placed into a specific
3 surgical category, listed and described in items A to F. Rules
4 for the application of the global surgery policy are included in
5 each category description. The category symbol for each
6 procedure appears in part 5221.4030, subpart 2, in column 6.
7 The symbol also indicates the number of days included in the
8 global fee period for the procedure.

9 A. 090, major surgical procedures: the global
10 surgery policy applies, as described above, and the calculated
11 fee includes care provided on the day before surgery, on the day
12 of surgery, and care provided during the 90-day postoperative
13 period beginning the day after surgery.

14 B. 010, minor surgical procedures: the global
15 surgery policy applies, and the calculated maximum fee includes
16 care provided on the day of surgery and care provided during the
17 ten-day postoperative period beginning the day after surgery.

18 C. 000, minor/endoscopic procedures: the global
19 surgery policy applies, and the calculated maximum fee includes
20 care provided on the day of surgery only.

21 D. XXX: the global surgery policy does not apply to
22 these procedures.

23 E. ZZZ: these procedures are part of other services
24 and fall within the global definition of the major service. No
25 ~~separate-payment-is-made-for-these-procedures-~~

26 F. MMM, maternity related procedures: the global
27 surgery policy does not apply to these procedures.

28 Subp. 2. Exclusions from the global surgery package. The
29 services in items A to E are not included in the global surgery
30 package.

31 A. For purposes of the global surgery package,
32 preoperative care does not include any care administered before
33 the provider determines that surgery is required, nor does it
34 include an initial evaluation or consultation by the surgeon
35 during which the decision to have surgery is made. These visits
36 shall be paid separately at maximum fees calculated according to

1 the formula in part 5221.4020.

2 B. If the surgeon performs a significant, separately
3 identifiable service during the global surgery period that is
4 not a usual part of the global surgery package, then separate
5 payment for the service may be made, according to the guidelines
6 in subitems (1) to (3).

7 (1) If the surgeon performed an evaluation and
8 management service during the global period, for reasons
9 unrelated to the original procedure, then the surgeon may bill
10 for this additional service by using the correct procedure code,
11 plus the modifier 24. Evaluation and management services
12 include office visits, hospital visits, and other related
13 services and have been assigned CPT procedure code numbers 99201
14 to 99499. Maximum fees for these additional services are
15 calculated using the RVUs for the coded service and the formula
16 in part 5221.4020.

17 (2) If the surgeon performed an evaluation and
18 management service on the day of a procedure, that was above and
19 beyond the usual care associated with the procedure, then the
20 surgeon may bill for this additional service by using the
21 correct procedure code, plus the modifier 25. Evaluation and
22 management services include office visits, hospital visits, and
23 other related services and have been assigned CPT procedure code
24 numbers 99210 to 99499. Maximum fees for these additional
25 services are calculated using the RVUs for the coded service and
26 the formula in part 5221.4020.

27 (3) If during the global period, the surgeon
28 performed an additional related procedure which required a
29 return trip to the operating room, this additional procedure,
30 referred to as a reoperation, may be separately billed and paid
31 for, as provided in this subitem.

32 Some reoperations have been assigned separate, distinct
33 procedure codes and RVUs, which are included in part 5221.4030.
34 The surgeon may bill for the reoperation using the correct
35 code. The maximum fee for these procedures is calculated using
36 the RVUs for the coded reoperation and the formula in part

1 5221.4020. For example:

2 Original surgery: Coronary artery bypass; billing code number
3 33516; Reoperation: billing code number 33530. The maximum fee
4 for each is calculated using the formula in part 5221.4020 and
5 the RVUs corresponding to each code.

6 Maximum fee for 33516: 72.51 (total RVUs) \times $\$52.05$ (CF) =
7 $\$3,774.15$

8 Maximum fee for the reoperation, 33530: 19.51 (total RVUs) \times
9 $\$52.05$ (CF) = $\$1,015.50$

10 Reoperations which have not been assigned separate,
11 distinct codes and RVUs must be identified on the bill with the
12 original procedure code plus the modifier 78. The maximum fee
13 for a reoperation without a separate distinct procedure code is
14 calculated according to the following formula: Maximum fee =
15 $.43 \times$ (total RVUs for original procedure \times CF). No additional
16 preoperative and postoperative payments shall be made, because
17 they are included in the original global fee. For example:

18 Original surgery: Hemilaminectomy with decompression of nerve
19 root(s) and excision of herniated intervertebral disc, cervical;
20 billing code number 63020; Reoperation: no separate procedure
21 code.

22 The maximum payment for the original surgery is calculated using
23 the formula in part 5221.4020 and the RVUs corresponding to the
24 service code.

25 Maximum fee for the original surgery, 63020: 33.83 (total RVUs)
26 \times $\$52.05$ (CF) = $\$1,760.85$

27 The maximum fee for the reoperation is calculated at 43 percent
28 of the maximum fee for the original surgery.

29 The maximum fee for the reoperation, 63020-78: $.43 \times 33.83$
30 (total RVUs) \times $\$52.50$ (CF) = $\$757.17$

31 (4) If the surgeon performed a procedure or
32 service during the global period that was unrelated to the
33 original procedure and that does not fit into subitems (1) to
34 (3), the surgeon may bill for this additional service by using
35 the correct procedure code for the service plus the modifier
36 79. Maximum fees for these additional services are calculated

1 using the RVUs for the coded service and the formula in part
2 5221.4020.

3 C. Except as provided in part 5221.0410, subpart 7,
4 the physician may separately bill a reasonable amount for
5 supplementary reports and services directly related to the
6 employee's ability to return to work, fitness for job offers,
7 and opinions as to whether or not the condition was related to a
8 work-related injury. Fees for these services are governed by
9 parts 5221.0410, subpart 7, 5221.0420, subpart 3, and 5221.0500,
10 subpart 2.

11 D. The global fees for transplant surgeries do not
12 include organ acquisition services and postoperative
13 immunosuppressive therapy. Organ acquisition services are
14 considered hospital costs, and no separate payment to the
15 surgeon is allowed. Separate billing and payment to the surgeon
16 for postoperative immunosuppressive therapy is allowed at
17 maximum fees calculated according to the formula in part
18 5221.4020.

19 E. Physical and occupational therapy services are not
20 included in the global surgery package. Separate billing and
21 payment for these services is allowed at maximum fees calculated
22 according to the formula in part 5221.4020.

23 Subp. 3. Multiple surgery fee reduction.

24 A. Except as provided in item B, maximum fees for
25 multiple procedures performed on the same patient on the same
26 day are determined according to the following payment schedule:
27 100 percent of the global fee for the most expensive procedure
28 only; 50 percent of the global fee for the second most expensive
29 procedure; 25 percent of the global fee for all additional
30 procedures.

31 The most expensive procedure is coded using the correct
32 procedure code listed in part 5221.4030. The additional, less
33 expensive procedures are coded by adding modifier 51 to the
34 correct procedure code.

35 Example:

36 On the same day, the surgeon performed three procedures on

1 the same patient: removal of foreign body, knee area, procedure
 2 code number 27372, total RVUs: 8.74; repair of torn ligament,
 3 knee, procedure code number 27405, total RVUs: 19.56; and
 4 removal of foreign body, foot, complicated, procedure code
 5 number 28193, total RVUs: 8.16.

6 The most expensive procedure is the repair of the torn
 7 ligament, because of the three procedures it has the highest
 8 number of RVUs, 19.56. The maximum fee for this procedure is
 9 calculated according to the formula in part 5221.4020, using
 10 total RVUs for procedure code number 27405.

11 The second most expensive procedure is the removal of
 12 foreign body, knee area, total RVUs of 8.74. The maximum fee
 13 for this procedure is calculated according to the following
 14 formula:

15 $.50 \times 8.74$ (total RVUs) \times \$52.05 (CF) = \$227.45.

16 Procedure code number 27372-51 is used for billing.

17 The third most expensive procedure is removal of the
 18 foreign body, foot, complicated, total RVUs 8.16. The maximum
 19 fee for this procedure is calculated according to the following
 20 formula:

21 $.25 \times 8.16$ (total RVUs) \times \$52.05 (CF) = \$106.18.

22 Procedure code number 28193-51 is used for billing.

23 B. Services whose codes are listed below are not
 24 subject to the multiple surgery fee reduction described in item
 25 A. Maximum fees for these services are calculated according to
 26 the formula in part 5221.4020.

27 (1) 11001, 11101, 11201, 11700, 11701, 11711,
 28 11731, 11732, 11920, 11921, 11922, 11950, 11951, 11952, 11954,
 29 11975, 11976, 15000, 15101, 15121, 15201, 15221, 15241, 15261,
 30 15410, 15412, 15414, 15416, 15500, 15505, 15510, 15515, 15540,
 31 15545, 15550, 15555, 15700, 15710, 15720, 15730, 15775, 15776,
 32 15787, 15824, 15825, 15826, 15828, 15829, 15850, 15876, 15877,
 33 15878, 15879, 15954, 15955, 15960, 15961, 15964, 15965, 15966,
 34 15967, 15970, 15971, 15972, 15973, 15974, 15975, 15980, 15981,
 35 15982, 15983, 17001, 17002, 17101, 17102, 17201, 17303, 17304,
 36 17305, 17306, 17307, 17310, 17380, 19001, 19340, 19360,

1 (2) 20690, 20692, 20974, 20975, 22145, 22148,
 2 22230, 22585, 22650, 22820, 22840, 22842, 22845, 26861, 26863,
 3 27358, 27692,

4 (3) 33471, 33480, 33481, 33482, 33483, 33485,
 5 33490, 33492, 33520, 33525, 33528, 33530, 33930, 33940, 33960,
 6 33972, 35681, 36218, 36248, 36415, 36430, 36468, 36469, 36490,
 7 36495, 36496, 36497, 36660,

8 (4) 40842, 40843, 40844, 40845, 41820, 41821,
 9 41822, 41823, 41828, 41830, 41850, 41870, 41872, 41874, 44015,
 10 44131, 44955, 47001, 47133, 48160,

 21 93526, 93527, 93528, 93529, 93546, 93547, 93548, 93549, 93550,
 22 93552, 93553.

23 Subp. 4. Bilateral procedures. When a procedure which
 24 normally is done on only one side of the body is performed on
 25 both sides of the body, payment for the complete bilateral
 26 procedure is made at the rate of 150 percent of the global fee
 27 for one procedure. Modifier 50 is added to the correct
 28 procedure code in these instances.

29 If a procedure is normally performed on both sides of the
 30 body, and this is noted in the procedure code description, the
 31 maximum payment for the complete bilateral procedure is
 32 calculated using the RVUs listed for the applicable procedure
 33 code. Modifier 50 must not be used with these codes.

34 Subp. 5. Cosurgeons. When the procedure is performed by
 35 two physicians, acting as cosurgeons, the amount paid for the
 36 procedure is 125 percent of the global fee, divided equally

1 between the two surgeons. For purposes of this part, a
 2 physician is considered a cosurgeon if the physician performed a
 3 discrete function during the operative procedure. If the
 4 cosurgeons have agreed to a different payment distribution,
 5 payments will be made accordingly, if the agreed-upon
 6 distribution is documented and explained on the bill for the
 7 procedure, and is not prohibited by Minnesota Statutes, section
 8 147.091, subdivision 1, paragraph (p). Modifier 62 must be used
 9 to identify procedures performed by cosurgeons.

10 Subp. 6. Assistant-at-surgery.

11 A. Except as described in item B, the maximum fee
 12 allowed for an assistant-at-surgery is 16 percent of the global
 13 fee for the procedure. For purposes of this part, a physician
 14 is considered an assistant-at-surgery if the physician did not
 15 perform a discrete function but merely assisted the primary
 16 surgeon during the operative procedure. Modifier 80, 81, or 82,
 17 as appropriate, must be used to identify services of an
 18 assistant-at-surgery.

19 B. No payment will be made for an
 20 assistant-at-surgery for procedures listed below, unless an
 21 unusual, documented need is present.

10 69970, 92995, 92996.

11 Subp. 7. **Multiple physicians.** If more than one physician
12 provides services that are part of a global surgery package,
13 maximum fees for each physician's portion of the package are
14 calculated according to items A to E.

15 A. If a surgeon who performs surgery in an inpatient
16 hospital cares for the patient only until discharged from the
17 hospital, then the maximum fee for this surgeon's services are
18 calculated according to the following formula:

19 Maximum fee = .86 x (total RVUs x CF).

20 Modifier 54 is used to identify these services.

21 B. If a health care provider who did not perform the
22 surgery assumes surgical follow-up care of a patient after
23 discharge from the inpatient hospital, then the maximum fee for
24 this practitioner's services is calculated according to the
25 following formula:

26 Maximum fee = .14 x (total RVUs x CF).

27 Modifier 55 is used to identify these services.

28 C. If several health care providers furnish
29 postoperative care, the maximum fee for the postoperative period
30 is divided among the practitioners based on the number of days
31 for which each health care provider was primarily responsible
32 for care of the patient. Both modifiers 55 and 52 are used to
33 identify postoperative services furnished by more than one
34 provider.

35 D. If the providers have agreed to a payment
36 distribution of the global fee that differs from the

1 distributions set forth in items A to C, then payments will be
 2 made accordingly, if the agreed-upon distribution is documented
 3 and explained on the bill for the procedure and is not
 4 prohibited by Minnesota Statutes, section 147.091, subdivision
 5 1, paragraph (p).

6 E. The sum of the fees allowed for all practitioners
 7 providing care included in the global surgery package shall not
 8 exceed the amount of the global fee for the procedure,
 9 calculated according to the formula in part 5221.4020, for a
 10 single practitioner.

11 5221.4040 PATHOLOGY AND LABORATORY PROCEDURE CODES

12 Subpart 1. Key to abbreviations and terms.

13 A. Column 1 in subpart 2 is labeled "CPT/HCPCS
 14 procedure code." This is the specific code intended to identify
 15 the health care service described in column 2.

16 B. Column 2 in subpart 2 is labeled "CPT/HCPCS
 17 description." This is a short narrative description of the
 18 procedure code. A complete description of the service appears
 19 in the CPT or HCPCS Manual in effect on the date the service was
 20 rendered.

21 C. Column 3 in subpart 2 is labeled "total RVU."
 22 These are the total relative value units for the service.

9 5221.4041 FEE ADJUSTMENTS FOR PROFESSIONAL/TECHNICAL COMPONENTS
10 FOR PATHOLOGY/LABORATORY SERVICES.

11 Subpart 1. **General.** Fees for pathology and laboratory
12 services shall be adjusted when the professional and technical
13 components of the service are performed by different individuals
14 or entities. The professional component of the service
15 represents the care rendered by the health care provider, such
16 as examination of the patient, performance and supervision of
17 the procedure, and consultation with other practitioners. The
18 technical component of the service represents all other costs
19 associated with the service, such as the cost of equipment, the
20 salary of technicians, and supplies normally used in delivering
21 the service. The maximum fee for the professional component of
22 the service is calculated according to the following formula:
23 Maximum fee = $\pm 25 \underline{.75} \times (\text{total RVUs} \times \text{CF})$. The billing code
24 for the professional component of the service is the specific
25 procedure code plus the modifier 26. The maximum fee for the
26 technical component of the service is calculated according to
27 the following formula: Maximum fee = $\pm 75 \underline{.25} \times (\text{total RVUs} \times$
28 $\text{CF})$. The billing code for the technical component of the
29 service is the specific procedure code plus the modifier TC.

30 Subp. 2. **Services provided to hospital inpatients.** The
31 maximum fee for a service rendered by a provider to an employee
32 while hospitalized as an inpatient is that calculated for the
33 professional component of the service only. Charges for the
34 technical component of the service for an inpatient may be
35 included in the separate billing by hospital and are limited by
36 Minnesota Statutes, section 176.136, subdivision 1b.

37 Subp. 3. **Separate billing for each component.** If the
38 professional component is split from the technical component and
39 both are billed separately, the total cost for both shall not

1 exceed the maximum fee allowed for the complete service, unless
 2 there are extenuating circumstances and there is documented
 3 justification for the additional cost.

4 Subp. 4. One billing for both components. If the same
 5 health care provider renders both the professional and technical
 6 components of the service, the maximum fee is calculated
 7 according to the formula in part 5221.4020.

8 Subp. 5. Services performed in an independent laboratory.
 9 The maximum fee for physician pathology services performed in an
 10 independent laboratory is that calculated for the complete
 11 service, using the RVUs corresponding to the service code listed
 12 without a modifier in part 5221.4040, subpart 2, and the formula
 13 in part 5221.4020.

14 5221.4050 PHYSICAL MEDICINE AND REHABILITATION PROCEDURE CODES

15 Subpart 1. Key to abbreviations and terms.

16 A. Column 1 in subpart 2 is labeled "CPT/HCPCS
 17 procedure code." This is the specific code intended to identify
 18 the health care service described in column 2.

19 B. Column 2 in subpart 2 is labeled "CPT/HCPCS
 20 description." This is a short narrative description of the
 21 procedure code. A complete description of the service appears
 22 in the CPT or HCPCS Manual in effect on the date the service was
 23 rendered.

24 C. Column 3 in subpart 2 is labeled "total RVU."
 25 These are the total relative value units for the service.

26 Subp. 2. List of physical medicine and rehabilitation
 27 procedure codes.

37 5221.4051 FEE ADJUSTMENTS FOR PHYSICAL MEDICINE AND

38 REHABILITATION SERVICES

39 Maximum fees for the physical medicine and rehabilitation
40 modalities in the following list are determined according to the
41 following payment schedule when more than one modality is
42 provided to the same patient on the same day: 100 percent of
43 the fee calculated according to the formula in part 5221.4020
44 for the most expensive procedure and 75 percent of the fee
45 calculated according to the formula in part 5221.4020 for each
46 additional procedure. All modalities after the first, most
47 expensive modality shall be coded by adding modifier 51 to the
48 applicable procedure code.

49	97010	Hot or cold packs therapy

23
24 **Subp. 3. Select chiropractic procedure code descriptions.**

- 25 X9198 Special chiropractic report. Review of medical
26 and vocational data and preparation of a report to
27 clarify the patient's status, which report includes
28 more information than that contained in the usual
29 chiropractic communication or standard reporting form.
30
- 31 X9199 Unlisted special chiropractic service. Chiropractic
32 services specifically related to planning and
33 coordinating the employee's return to work,
34 including but not limited to office visits,
35 telephone calls, or conferences with the employee,
36 the employer, the insurer, the qualified rehabilitation
37 consultant, and/or other health care providers.
38
- 39 X9557 Conference. Conference by a chiropractor with the
40 patient and/or the patient's representative and/or
41 additional health care providers to coordinate activities
42 of patient care; up to 25 minutes.
43

44 **5221.4061 FEE ADJUSTMENTS FOR CHIROPRACTIC SERVICES.**

45 Maximum fees for the chiropractic modalities in the
46 following list are determined according to the following payment
47 schedule when more than one modality is provided to the same
48 patient on the same day: 100 percent of the fee calculated
49 according to the formula in part 5221.4020 for the most
50 expensive procedure and 75 percent of the fee calculated
51 according to the formula in part 5221.4020 for each additional
52 procedure. All modalities after the first, most expensive
53 modality shall be coded by adding modifier 51 to the applicable
54 procedure code.

- 55 X2201 Application of hot pack
56 X2202 Application of cold pack

 6 X2245 Infrared - heat lamp
 7 X2250 Ultraviolet
 8 X2255 Trigger point therapy

9 5221.4070 PHARMACY.

10 Subpart 1. Substitution of generically equivalent drugs.

11 A generically equivalent drug as defined in Minnesota Statutes,
 12 section 151.21, subdivision 2, must be dispensed in place of the
 13 ordered drug if:

14 A. the generically equivalent drug is approved by the
 15 United States Food and Drug Administration and is also
 16 determined as therapeutically equivalent by the United States
 17 Food and Drug Administration;

18 B. in the professional judgment of the pharmacist,
 19 the substituted drug is therapeutically equivalent to the
 20 ordered drug; and

21 C. the charge for the substituted generically
 22 equivalent drug ~~does-not-exceed~~ is less than the charge for the
 23 drug originally ordered.

24 However, a substitution shall not be made if the ordering
 25 provider has written in his or her own handwriting "Dispense as
 26 written" or "DAW" on the prescription, as provided in the
 27 Minnesota Drug Selection Act, Minnesota Statutes, section
 28 151.21. The dispensing provider must notify the recipient and
 29 the payer when a generically equivalent drug is dispensed. The
 30 notice to the recipient may be given orally or by appropriate
 31 labeling on the medication's container. The notice to the payer
 32 must be in writing on a claim form prescribed in part 5221.0700,
 33 subpart 2.

34 Subp. 2. Procedure code. The procedure code for a
 35 medication is the current HCPCS code which correctly describes
 36 the medication as provided on the prescription number.
 37 Procedure codes are not required for nonprescription medications.

38 Subp. 3. Maximum fee.

39 A. The employer's liability for compensable

1 prescription medications shall be limited to the sum of the
2 average wholesale price (AWP) of the medication on the date the
3 medication was dispensed, and a professional dispensing fee of
4 \$5.14 per medication.

5 B. The employer's liability for compensable
6 nonprescription medications shall be the lower of the actual
7 retail price of the medication or the sum of the average
8 wholesale price (AWP) of the medication, on the date the
9 medication was dispensed, and a professional dispensing fee of
10 \$5.14 per medication.

11 REPEALER. (a) Minnesota Rules, parts 5220.2590; and 5221.0100,
12 subparts 7, 8, 13, and 14, are repealed.

13 (b) Minnesota Rules, parts 5221.0550; 5221.0700, subpart 5;
14 5221.0800; 5221.1000; 5221.1100; 5221.1200; 5221.1210;
15 5221.1215; 5221.1220; 5221.1300; 5221.1410; 5221.1450;
16 5221.1500; 5221.1600; 5221.1800; 5221.1900; 5221.1950;
17 5221.2000; 5221.2050; 5221.2070; 5221.2100; 5221.2150;
18 5221.2200; 5221.2250; 5221.2300; 5221.2400; 5221.2500;
19 5221.2600; 5221.2650; 5221.2750; 5221.2800; 5221.2900;
20 5221.3000; 5221.3150; 5221.3155; 5221.3160; 5221.3200;
21 5221.3300; and 5221.3500, are repealed.

22 (c) Minnesota Rules, parts 5221.1000 to 5221.3500, are
23 repealed only for services after the effective date of parts
24 5221.4000 to 5221.4300.

25

26 EFFECTIVE DATE. All parts are effective five working days after
27 the notice of adoption is published in the State Register,
28 except that parts 5221.0410, subpart 6, and 5221.0700, subparts
29 2, 2a, 2b, and 2c are effective January 1, 1994.
