5 Rules as Adopted

6 7005.3040 CONDITIONS FOR PERMIT.

7 Subpart 1. In general. Unless the requirements of Code of  
8 Federal Regulations, title 40, chapter I, part 51, appendix S,  
9 (1991), as incorporated in subpart 2a, are first satisfied, no  
10 person shall commence construction of a major stationary source  
11 or major modification in:

12 [For text of item A, see M.R.]

13 B. in an attainment area or unclassifiable area if  
14 that major stationary source or major modification would cause  
15 or contribute to a violation of a national ambient air quality  
16 standard in a nonattainment area as determined by the  
17 significance levels established in Code of Federal Regulations,  
18 title 40, chapter I, part 51, appendix S, part III, (1991).

19 Subp. 2a. Modified federal standard. Persons subject to  
20 subpart 1 must comply with Code of Federal Regulations, title  
21 40, chapter I, part 51, appendix S, (1991), with the following  
22 exceptions:

23 [For text of items A to F, see M.R.]

24 G. Code of Federal Regulations, title 40, part 51,  
25 appendix S, part IV, section C, (5), (1991), does not apply.
