3 Adopted Permanent Rules Relating to Enhanced Monitoring Evidence

4

5 Rules as Adopted

6 7007.0800 PERMIT CONTENT.

7 [For text of subps 1 to 5, see M.R.]

8 Subp. 6. Reporting. The permit shall require the
9 permittee to submit to the agency the reports described in this
10 subpart. The permit shall require that all reports be certified
11 by a responsible official consistent with part 7007.0500,
12 subpart 3.

13 [For text of items A and B, see M.R.]

14 C. The permit shall require periodic compliance
15 certification in which the permittee certifies whether or not it
16 is in compliance with applicable requirements and permit terms,
17 including emission limitations, standards, or work practices.
18 The permits shall:

19 [For text of subitems (1) to (4), see M.R.]

20 (5) require such additional requirements as may
21 be specified pursuant to sections 114(a)(3) and 504(b) of the
22 act.

23 Notwithstanding any other provision in an applicable
24 requirement, for the purpose of submission of compliance
25 certifications under this item, the owner or operator is not
26 prohibited from using the following in addition to any specified
27 methods:

28 (a) an enhanced monitoring protocol approved
29 for the source pursuant to Code of Federal Regulations, title
30 40, part 64, as amended; and

31 (b) any other monitoring method incorporated
32 into a permit issued under this chapter.

33 [For text of item D, see M.R.]

34 [For text of subps 7 to 16, see M.R.]

35 7017.0100 ESTABLISHING VIOLATIONS.

1 Subpart 1. Definitions. For purposes of this part, the
2 following terms have the meanings given them:

3 A. "applicable requirement" has the meaning given in
4 part 7007.0100, subpart 7; and

5 B. "compliance document" has the meaning given in
6 part 7017.2005, subpart 2.

7 Subp. 2. Establishing violations. Notwithstanding any
8 other provision of an applicable requirement or compliance
9 document, a violation of an applicable requirement or a
10 compliance document may be established based on:

11 A. any of the monitoring methods which the source is
12 required to use by an applicable requirement or compliance
13 document; or

14 B. any other credible evidence.
