

1.1 **Pollution Control Agency**

1.2 **Adopted Permanent Rules Relating to Solid Waste Planning**

1.3 **9215.0500 PURPOSE.**

1.4 The purpose of this chapter is to:

1.5 A. establish requirements for the preparation and implementation of solid
1.6 waste management plans and plan amendments by counties and solid waste management
1.7 districts and multicounty areas outside of the seven-county metropolitan area. The plans
1.8 and plan amendments must be approved by the Pollution Control Agency;

1.9 B. encourage regional planning; and

1.10 C. reflect demographic, geographic, regional, and solid waste system differences
1.11 that exist among the counties.

1.12 **9215.0510 DEFINITIONS.**

1.13 [For text of subps 1 to 3, see M.R.]

1.14 Subp. 3a. **Construction debris.** "Construction debris" has the meaning given under
1.15 Minnesota Statutes, section 115A.03, subdivision 7.

1.16 [For text of subp 4, see M.R.]

1.17 Subp. 5. **Demolition debris.** "Demolition debris" means solid waste resulting
1.18 from the demolition of buildings, roads, and other structures including concrete, brick,
1.19 bituminous concrete, untreated wood, masonry, glass, trees, rock, and plastic building
1.20 parts. Demolition debris does not include asbestos wastes.

1.21 [For text of subps 6 to 8, see M.R.]

1.22 Subp. 8a. **Electronic products.** "Electronic products" means devices containing
1.23 complex circuitry, circuit boards, or signal processing capabilities for processing or
1.24 displaying information. Electronic products include, but are not limited to, computer

2.1 monitors, computers, televisions, photocopiers, facsimile machines, video monitors
2.2 and equipment, telephones and telecommunications equipment, cordless rechargeable
2.3 appliances, and audio equipment.

2.4 Subp. 8b. **Feasible.** "Feasible" refers to an alternative that is consistent with sound
2.5 engineering and environmental practices, is economically affordable, is legally possible,
2.6 and has supportive governance that can be successfully put into practice to accomplish
2.7 the task.

2.8 Subp. 8c. **Integrated solid waste management system.** "Integrated solid waste
2.9 management system" means a solid waste management system that is composed of some
2.10 or all of the preferred solid waste management practices under Minnesota Statutes, section
2.11 115A.02.

2.12 [For text of subps 9 to 11, see M.R.]

2.13 Subp. 11a. **Motor vehicle fluids.** "Motor vehicle fluids" means motor oil, brake
2.14 fluid, power steering fluid, transmission fluid, or antifreeze.

2.15 Subp. 11b. **Multicounty area.** "Multicounty area" means a geographical area
2.16 consisting of two or more counties, all of which are outside the metropolitan area.

2.17 [For text of subps 12 to 14, see M.R.]

2.18 Subp. 15. **Plan amendment.** "Plan amendment" means a document that is
2.19 submitted to the Minnesota Pollution Control Agency by a county, district, or multicounty
2.20 area when required by this chapter.

2.21 Subp. 16. [See repealer.]

2.22 Subp. 16a. **Prudent.** "Prudent" refers to an alternative that is selected with care
2.23 and sound judgment.

2.24 [For text of subps 17 to 21, see M.R.]

3.1 Subp. 21a. **Source-separated compostable materials.** "Source-separated
3.2 compostable materials" has the meaning given under Minnesota Statutes, section 115A.03,
3.3 subdivision 32a.

3.4 Subp. 21b. **Source-separated organic materials.** "Source-separated organic
3.5 materials" has the same meaning as source-separated compostable materials.

3.6 [For text of subps 22 to 24, see M.R.]

3.7 **9215.0520 APPLICABILITY.**

3.8 This chapter applies to all counties, districts, and multicounty areas outside of the
3.9 metropolitan area.

3.10 **9215.0530 OBLIGATIONS OF COUNTIES, DISTRICTS, AND MULTICOUNTY**
3.11 **AREAS.**

3.12 Subpart 1. **Implementation.** Each county, district, or multicounty area shall
3.13 maintain and implement a solid waste management plan that has been approved by the
3.14 agency.

3.15 Subp. 2. **Sanctions.** A county, district, or multicounty area that fails to gain
3.16 approval and maintain and implement an approved solid waste management plan is in
3.17 violation of Minnesota Statutes, section 115A.46, and this chapter.

3.18 **9215.0540 CONTENTS OF PLANS AND AMENDMENTS.**

3.19 County, district, or multicounty area solid waste management plans, including
3.20 amendments, when necessary, must describe solid waste management programs for a
3.21 ten-year period immediately following plan approval and must contain the information
3.22 required by parts 9215.0550 to 9215.0790. A plan must reflect demographic, geographic,
3.23 regional, and solid waste system differences that exist among the counties.

3.24 **9215.0550 EXECUTIVE SUMMARY.**

4.1 A plan must include an executive summary that provides an overview of the county's,
4.2 district's, or multicounty area's integrated solid waste management system proposed in
4.3 the plan.

4.4 **9215.0560 BACKGROUND INFORMATION.**

4.5 Subpart 1. **Scope.** A plan must contain narrative descriptions and numeric estimates
4.6 described in this part that identify demographic, geographic, and regional characteristics
4.7 that exist within each county, district, or multicounty area.

4.8 Subp. 2. **Demographic, geographic, and regional information.** The plan must
4.9 include demographic, geographic, and regional information that relates to or directly
4.10 impacts the generation or management of solid waste in the county, district, or multicounty
4.11 area, to include:

4.12 A. current population distribution and population projections for the next ten
4.13 years;

4.14 B. current and projected land use patterns;

4.15 C. current and projected employment and wages;

4.16 D. local and regional economic conditions and median household income; and

4.17 E. a summary of demographic, geographical, and regional constraints and
4.18 opportunities that either have impacted or may impact the existing or proposed integrated
4.19 solid waste management system.

4.20 Subp. 3. **Solid waste collection and generation.** The plan must include the
4.21 following solid waste collection and generation information:

4.22 [For text of items A to D, see M.R.]

4.23 E. a description of the composition of the overall solid waste generated in
4.24 the county, district, or multicounty area;

5.1 F. an estimate of the annual percentage of solid waste from residential and
5.2 commercial/industrial waste generators; and

5.3 G. a summary of solid waste collection and generation constraints and
5.4 opportunities that either have impacted or may impact the existing or proposed integrated
5.5 solid waste management system.

5.6 Subp. 4. **Construction and demolition debris.** The plan must include an estimate
5.7 of the quantity of construction and demolition debris generated annually in the county,
5.8 district, or multicounty area.

5.9 Subp. 5. **Major solid waste generators.** The plan must include identification of
5.10 the major commercial, industrial, and institutional solid waste generators in the county,
5.11 district, or multicounty area, including estimates of the volumes and types of solid waste
5.12 generated annually.

5.13 Subp. 6. **Solid waste planning history.** The plan must describe the history of
5.14 solid waste planning in the county, district, or multicounty area for the previous five
5.15 years and must:

5.16 [For text of items A to C, see M.R.]

5.17 **9215.0575 EXISTING INTEGRATED SOLID WASTE MANAGEMENT SYSTEM.**

5.18 Subpart 1. **Content.** The plan must include an overview described in this part on the
5.19 existing integrated solid waste management system in the county, district, or multicounty
5.20 area.

5.21 Subp. 2. **Existing system.** The county, district, or multicounty area shall describe in
5.22 summary form its existing integrated solid waste management system, to include:

5.23 A. policy and goals;

- 5.24 B. the history of the development of the system to the present;
- 6.1 C. a description of existing resource recovery programs or facilities presently
6.2 in use;
- 6.3 D. a description of land disposal facilities in use;
- 6.4 E. the costs associated with operating and maintaining the system; and
- 6.5 F. a summary of the achievements, opportunities, challenges, or problems
6.6 with the existing system, including, but not limited to, market and economic conditions,
6.7 availability of resource recovery programs or facilities, and the availability of local and
6.8 state funding resources.

6.9 **9215.0577 PROPOSED INTEGRATED SOLID WASTE MANAGEMENT**
6.10 **SYSTEM.**

6.11 Subpart 1. **Content.** The plan or plan amendment must include information
6.12 described in this part on the proposed integrated solid waste management system that will
6.13 be developed and implemented in the county, district, or multicounty area. Each system
6.14 shall be designed to achieve the most feasible and prudent reduction in the need for and
6.15 practice of land disposal of mixed municipal solid waste.

6.16 Subp. 2. **Goals.** The county, district, or multicounty area shall develop and describe
6.17 the goals of its proposed integrated solid waste management system over the ten-year
6.18 planning period. The goals shall be consistent with the policy contained in Minnesota
6.19 Statutes, section 115A.02, paragraph (a).

6.20 Subp. 3. **Objectives.** The county, district, or multicounty area shall describe the
6.21 specific and quantifiable means, including policies and programs, that will be implemented
6.22 to achieve the goals developed and described under subpart 2. Means or methods to be
6.23 used are described in parts 9215.0580 to 9215.0700.

6.24 Subp. 4. **Landfill disposal system.** Systems, plans, or plan amendments proposing
6.25 land disposal as the primary management method must include a description of the
7.1 technical, financial, demographic, geographic, regional, and solid waste system constraints
7.2 or barriers that limit the county's district's, or multicounty area's ability to achieve greater
7.3 independence from land disposal. The information must demonstrate that there are no
7.4 solid waste system alternatives that are more feasible and prudent than the proposed
7.5 land disposal system.

7.6 **9215.0580 SOLID WASTE REDUCTION.**

7.7 Subpart 1. **Content.** The plan must include the information on solid waste reduction
7.8 programs and practices in the county, district, or multicounty area described in this part.

7.9 Subp. 2. **Policies and goals.** The plan must contain a description of the solid waste
7.10 reduction policies and goals established by the county, district, or multicounty area
7.11 including the annual amount or quantity of solid waste to be reduced.

7.12 Subp. 3. **Existing solid waste reduction practices.** The plan must describe existing
7.13 public and private sector solid waste reduction programs in place in the county, district,
7.14 or multicounty area.

7.15 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
7.16 existing solid waste reduction programs that the county, district, or multicounty area
7.17 proposes to maintain, expand, or implement in the next ten years, including the responsible
7.18 persons and annual staff time necessary to implement and manage each program.

7.19 Subp. 5. **Program budget.** The plan must identify annual costs that will be incurred
7.20 by the county, district, or multicounty area in implementing and managing solid waste
7.21 reduction programs.

7.22 [For text of subp 6, see M.R.]

7.23 **9215.0590 SOLID WASTE EDUCATION.**

8.1 Subpart 1. **Content.** The plan must include the information regarding the solid
8.2 waste education programs and practices in the county, district, or multicounty area
8.3 described in this part.

8.4 Subp. 2. **Policies and goals.** The plan must contain a description of the solid waste
8.5 education policies and goals that the county, district, or multicounty area has established
8.6 and must describe the promotional program that includes publishing quarterly articles
8.7 pursuant to Minnesota Statutes, section 115A.552, subdivision 3, paragraph (a).

8.8 Subp. 3. **Existing solid waste education practices.** The plan must describe existing
8.9 public and private sector solid waste education programs including solid waste education
8.10 providers and annual financial and staff commitment in the county, district, or multicounty
8.11 area.

8.12 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
8.13 existing solid waste education programs that the county, district, or multicounty area
8.14 proposes to maintain, expand, or implement, including the responsible persons and
8.15 estimated staff time necessary to implement and manage each program.

8.16 Subp. 5. **Program budget.** The plan must include the projected annual costs
8.17 incurred by the county, district, or multicounty area for implementing and managing the
8.18 solid waste education program, including staff time, advertising or publicity materials, and
8.19 other associated costs, and annual costs for the next ten years.

8.20 [For text of subp 6, see M.R.]

8.21 **9215.0600 RECYCLING.**

8.22 Subpart 1. **Content.** The plan must include the information on the recycling
8.23 programs and practices in the county, district, or multicounty area described in this part.

8.24 Subp. 2. **Policies and goals.** The plan must contain a description of the recycling
8.25 goals and policies that the county, district, or multicounty area has established to meet
9.1 or exceed the recycling goal requirements in Minnesota Statutes, section 115A.551,
9.2 subdivision 2, the opportunity to recycle requirements in Minnesota Statutes, section
9.3 115A.552, and the organized collection requirements of Minnesota Statutes, section
9.4 115A.94, if a county has organized collection.

9.5 Subp. 3. **Existing recycling practices.** The plan must:

9.6 A. describe the existing public and private sector recycling system in the county,
9.7 district, or multicounty area, including collection, processing, and marketing, including
9.8 the number of haulers operating in the county, district, or multicounty area and collection
9.9 or processing facilities used by haulers in the county, district, or multicounty area; and

9.10 B. identify the annual recycling tonnages collected, processed, and marketed by
9.11 sector or program, for the last five years, if available, the county's annual financial and
9.12 staff commitment, and local market conditions for recyclable materials.

9.13 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
9.14 existing recycling programs that the county, district, or multicounty area proposes to
9.15 maintain, expand, or implement during the next ten years. The description shall include
9.16 the annual recycling tonnages to be collected, processed, and marketed and the responsible
9.17 persons and estimated annual staff time necessary to implement and manage each program.

9.18 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
9.19 by the county, district, or multicounty area in implementing and managing recycling
9.20 programs over the next ten years, including itemized capital and operating costs such as
9.21 staff time, land, buildings, equipment, redemption costs, and other associated costs.

9.22 [For text of subp 6, see M.R.]

9.23 **9215.0610 YARD WASTE PROGRAMS.**

10.1 Subpart 1. **Content.** The plan must include the information on the yard waste
10.2 management programs and practices in the county, district, or multicounty area described
10.3 in this part.

10.4 Subp. 2. **Policies and goals.** The plan must:

10.5 A. contain a description of the yard waste separation and composting goals and
10.6 policies that the county, district, or multicounty area has established;

10.7 [For text of items B and C, see M.R.]

10.8 Subp. 3. **Existing yard waste management programs.** The plan must describe
10.9 existing public and private sector yard waste management programs in the county,
10.10 district, or multicounty area. The plan must also include an estimated level of backyard
10.11 composting, the yard waste collection system including licensed haulers, if any; number of
10.12 county, district, and municipal composting sites; tonnages collected for the last five years,
10.13 if available; the county's, district's, or multicounty area's financial and staff commitment;
10.14 and local market conditions for finished yard waste compost.

10.15 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
10.16 existing yard waste programs that the county, district, or multicounty area proposes to
10.17 maintain, expand, or implement during the next ten years, including the annual yard
10.18 waste tonnage to be collected, processed, and marketed and the responsible persons and
10.19 estimated staff time necessary to implement and manage each program.

10.20 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
10.21 by the county, district, or multicounty area in implementing and managing yard waste
10.22 programs over the next ten years, including itemized capital and operating costs.

10.23 [For text of subp 6, see M.R.]

11.1 Subp. 7. **Environmental impacts of yard waste management.** The plan must
11.2 briefly describe any odor problems, leachate generation, or other impacts of yard waste
11.3 management that have occurred in the county, district, or multicounty area.

11.4 **9215.0615 SOURCE-SEPARATED ORGANIC MATERIALS COMPOSTING.**

11.5 Subpart 1. **Content.** Counties, districts, or multicounty areas proposing to develop,
11.6 implement, or use source-separated organic materials composting programs must include
11.7 in the plan information on the source-separated organic materials composting programs
11.8 that are being used or proposed to be used to manage all or a portion of the organic
11.9 materials generated in the county, district, or multicounty area.

11.10 Subp. 2. **Policies and goals.** The plan must contain a description of the county,
11.11 district, or multicounty area goals and policies on source-separated organic materials
11.12 composting.

11.13 Subp. 3. **Existing source-separated organic materials composting programs.**
11.14 The plan must contain a description of the existing collection system used to collect
11.15 source-separated organic materials, the amount and types of source-separated organic
11.16 material collected annually, the generators of the material, the location of the composting
11.17 facility, the composting methods employed, the financial and staff commitment, and the
11.18 finished compost marketing efforts.

11.19 Subp. 4. **Environmental and public health impacts.** The plan must consider and
11.20 evaluate known and potential environmental and public health impacts. The plan must
11.21 include a proposed course of action to alleviate those impacts. For existing facilities, the
11.22 results of compost testing must be used to evaluate the quality of the finished compost and
11.23 propose methods to reduce contaminant levels. The plan must include a history of the
11.24 results of inspections and monitoring by the appropriate state regulatory agency and an
11.25 assessment of the operational safety at the facility during the past five years.

12.1 Subp. 5. **Specific programs to be developed.** The plan must describe any new or
12.2 existing source-separated organic materials composting programs that the county, district,
12.3 or multicounty area proposes to maintain, expand, or implement in the next ten years,
12.4 including a description of the proposed collection system used to collect source-separated
12.5 organic materials, the amount and types of source-separated organic material to be
12.6 collected annually, the generators of the material, the location of the proposed composting
12.7 facility, the composting methods to be employed, the finished compost marketing strategy,
12.8 and the responsible persons and estimated annual staff time necessary to implement and
12.9 manage the programs.

12.10 Subp. 6. **Program budget.** The plan must estimate the annual cost to be incurred by
12.11 the county, district, or multicounty area in implementing and maintaining source-separated
12.12 organic materials composting programs, including itemized capital, operating, and
12.13 maintenance costs.

12.14 Subp. 7. **Schedule of implementation.** The plan must include a schedule for
12.15 implementation of the proposed source-separated organic materials composting programs
12.16 described in this part.

12.17 **9215.0620 MIXED MUNICIPAL SOLID WASTE COMPOSTING.**

12.18 Subpart 1. **Content.** Counties, districts, and multicounty areas proposing to develop,
12.19 implement, or use mixed municipal solid waste composting must include in the plan
12.20 information described in this part.

12.21 Subp. 2. **Policies and goals.** The plan must describe the county's, district's, or
12.22 multicounty area's goals and policies on mixed municipal solid waste composting.

12.23 Subp. 3. **Existing mixed municipal solid waste composting facilities.** The plan
12.24 must:

13.1 A. describe the mixed municipal solid waste composting facility or facilities
13.2 where the county's, district's, or multicounty area's mixed municipal solid waste is
13.3 managed; and

13.4 [For text of item B, see M.R.]

13.5 Subp. 4. **Environmental and public health impacts.** The plan must consider
13.6 and evaluate known and potential environmental and public health impacts and propose
13.7 a course of action to alleviate those impacts. The plan must include results of compost
13.8 testing, results of inspection and monitoring by the appropriate state regulatory agency,
13.9 and assessment of operational safety at the facility during the past five years.

13.10 Subp. 5. **Specific programs to be developed.** The plan must describe any new or
13.11 existing mixed municipal solid waste composting facilities and programs that the county,
13.12 district, or multicounty area proposes to maintain, expand, implement, or participate
13.13 in during the next ten years, including the annual amount or quantity of waste to be
13.14 composted and the responsible persons and estimated staff time necessary to implement
13.15 and manage each program.

13.16 Subp. 6. **Program budget.** The plan must estimate the annual costs to be incurred
13.17 by the county, district, or multicounty area in implementing and maintaining the mixed
13.18 municipal solid waste composting programs during the next ten years, including itemized
13.19 capital and operating costs.

13.20 [For text of subp 7, see M.R.]

13.21 **9215.0630 SOLID WASTE INCINERATION AND ENERGY RECOVERY.**

13.22 Subpart 1. **Content.** Counties, districts, and multicounty areas proposing to develop,
13.23 implement, or use solid waste incineration and energy recovery must include in the plan
13.24 information described in this part.

14.1 Subp. 2. **Policies and goals.** The plan must describe the county's, district's, or
14.2 multicounty area's goals and policies on solid waste incineration and energy recovery.

14.3 Subp. 3. **Existing solid waste incineration and energy recovery facilities.** The
14.4 plan must:

14.5 A. describe the facility or facilities where the county's, district's, or multicounty
14.6 area's mixed municipal solid waste is or will be managed; and

14.7 B. include information on the operational history, removal of problem wastes,
14.8 facility management, volumes managed for the past five years, and energy marketing.

14.9 Subp. 4. **Environmental and public health impacts.** The plan must consider and
14.10 evaluate known and potential environmental and public health impacts and propose a
14.11 course of action to alleviate those impacts. The plan must include results of ash and
14.12 emissions testing, results of inspection and monitoring by the appropriate state regulatory
14.13 agency, and assessment of operational safety at each facility during the past five years.
14.14 The plan must include the plans and programs for reducing the toxicity and quantity
14.15 of incinerator ash.

14.16 Subp. 5. **Specific programs to be developed.** The plan must describe any new or
14.17 existing energy recovery facilities and programs that the county, district, or multicounty
14.18 area proposes to maintain, expand, implement, or participate in during the next ten years,
14.19 including the annual amount or quantity of waste to be incinerated, energy and recyclables
14.20 to be recovered, and the responsible persons and estimated staff time necessary to
14.21 implement and manage each program.

14.22 Subp. 6. **Program budget.** The plan must estimate the annual costs to be incurred
14.23 by the county, district, or multicounty area in implementing and maintaining the energy
14.24 recovery programs during the next ten years, including itemized capital and operating
14.25 costs.

15.1 [For text of subp 7, see M.R.]

15.2 **9215.0640 LAND DISPOSAL OF MIXED MUNICIPAL SOLID WASTE.**

15.3 Subpart 1. **Content.** Counties, districts, and multicounty areas proposing to develop,
15.4 implement, or use land disposal facilities must include in the plan information on land
15.5 disposal facilities described in this part.

15.6 Subp. 2. **Policies and goals.** The plan must describe the county's, district's, or
15.7 multicounty area's goals and policies on land disposal.

15.8 Subp. 3. **Existing land disposal facilities.** The plan must:

15.9 A. identify and discuss the status of closed landfills within the county, district,
15.10 or multicounty area and whether the county, district, or multicounty area is implementing
15.11 any programs for mitigating the environmental effects of past disposal practices;

15.12 B. describe the land disposal facility or facilities where the county's, district's,
15.13 or multicounty area's mixed municipal solid waste is managed;

15.14 C. include a table indicating the amount received, processed, and disposed
15.15 during the previous five years; and

15.16 D. include information on the operational history, removal of problem wastes,
15.17 and facility management.

15.18 Subp. 4. **Environmental and public health impacts.** The plan must evaluate
15.19 known and potential environmental and public health impacts of operating and proposed
15.20 disposal facilities and propose a course of action to alleviate those impacts. The plan must
15.21 include information summarizing the results of recent inspections by the appropriate state
15.22 agency, report on the results of ground and surface water monitoring at the facilities, and
15.23 assess operational safety at each facility during the past five years.

15.24 Subp. 5. **Specific programs to be developed.** The plan must describe any new or
15.25 existing land disposal facilities and programs that the county, district, or multicounty area

16.1 proposes to maintain, expand, implement, or participate in during the next ten years,
16.2 including:

16.3 A. the annual amount or quantity of waste to be landfilled;

16.4 B. the responsible persons and estimated staff time necessary to implement
16.5 and manage each program; and

16.6 C. the following information about mixed municipal solid waste land disposal
16.7 programs and practices in the county, district, or multicounty area:

16.8 (1) permitting schedule;

16.9 (2) schedule of phase development;

16.10 (3) status of financial assurance; and

16.11 (4) status of leachate treatment.

16.12 Subp. 6. **Program budget.** The plan must estimate the annual costs that will be
16.13 incurred by the county, district, or multicounty area in implementing and managing the
16.14 land disposal programs during the next ten years, including itemized capital and operating
16.15 costs.

16.16 [For text of subp 7, see M.R.]

16.17 **9215.0650 WASTE TIRE DISPOSAL AND RECOVERY.**

16.18 Subpart 1. **Content.** The plan must include the information in this part on waste tire
16.19 recovery programs and practices in the county, district, or multicounty area.

16.20 Subp. 2. **Policies and goals.** The plan must contain a description of the waste tire
16.21 disposal goals and policies that the county, district, or multicounty area has established
16.22 that comply with Minnesota Statutes, section 115A.914, subdivision 3.

16.23 Subp. 3. **Existing waste tire practices.** The plan must describe existing public and
16.24 private sector waste tire disposal programs and practices in place throughout the county,

17.1 district, or multicounty area. The description must include the waste tire management
17.2 system including permitted storage and processing facilities, location of known
17.3 unpermitted tire dumps, transportation and disposal system used by local collectors,
17.4 annual amount or quantity of waste tires recovered, current end uses of the waste tires, and
17.5 status of any county solid waste ordinance relative to waste tire management.

17.6 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
17.7 existing waste tire programs that the county, district, or multicounty area proposes to
17.8 maintain, expand, or implement during the next ten years, including the annual amount or
17.9 quantity of waste tires to be recovered and the responsible persons and estimated staff
17.10 time necessary to implement and manage each program.

17.11 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
17.12 by the county, district, or multicounty area in implementing or maintaining the waste tire
17.13 programs during the next ten years, including itemized capital and operating costs.

17.14 [For text of subp 6, see M.R.]

17.15 **9215.0655 ELECTRONIC PRODUCTS.**

17.16 Subpart 1. **Content.** The plan must include the information described in this
17.17 part on electronic products management programs and practices in the county, district,
17.18 or multicounty area.

17.19 Subp. 2. **Policies and goals.** The plan must contain a description of the electronic
17.20 products management goals and policies that the county, district, or multicounty area has
17.21 established to comply with Minnesota Statutes, section 115A.9565.

17.22 Subp. 3. **Existing electronic products management practices.** The plan must
17.23 describe the existing public and private sector electronic products management programs
17.24 in the county, district, or multicounty area. The description must indicate the process
17.25 used by the county, district, or multicounty area to comply with applicable state, federal,

18.1 and local regulations for disposal of used electronic products and capture of hazardous
18.2 waste contained in the products. The description must also include the annual amount
18.3 or quantity of electronic products recovered; public education efforts; and collection
18.4 options for processing, recycling, and disposal.

18.5 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
18.6 existing electronic products management programs that the county, district, or multicounty
18.7 area proposes to maintain, expand, or implement during the next ten years, including the
18.8 annual amount or quantity of electronic products recovered; public education efforts;
18.9 collection options for processing, recycling, and disposal; and the responsible persons and
18.10 estimated staff time necessary to implement and manage each program.

18.11 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
18.12 by the county, district, or multicounty area in implementing or managing the electronic
18.13 products management programs for the next ten years, including itemized capital and
18.14 operating costs.

18.15 Subp. 6. **Schedule of implementation.** The plan must include a time schedule for
18.16 implementation of the proposed electronic products management programs described in
18.17 this part.

18.18 **9215.0660 MAJOR APPLIANCE MANAGEMENT.**

18.19 Subpart 1. **Content.** The plan must include the information described in this
18.20 part on major appliance management programs and practices in the county, district, or
18.21 multicounty area.

18.22 Subp. 2. **Policies and goals.** The plan must contain a description of the major
18.23 appliance management goals and policies that the county, district, or multicounty area
18.24 has established that comply with Minnesota Statutes, sections 115A.552, subdivision
18.25 1, and 115A.9561.

19.1 Subp. 3. **Existing appliance management practices.** The plan must describe the
19.2 existing public and private sector major appliance management programs in the county,
19.3 district, or multicounty area. The description must indicate the process used by the
19.4 county, district, or multicounty area to comply with applicable state, federal, and local
19.5 regulations for disposal of used appliances and capture of hazardous wastes contained
19.6 in the appliances. The description must also include the annual amount or quantity
19.7 of major appliances recovered.

19.8 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
19.9 existing major appliance management programs that the county, district, or multicounty
19.10 area proposes to maintain, expand, or implement during the next ten years, including
19.11 the annual amount or quantity of major appliances to be recovered and the responsible
19.12 persons, estimated staff time, and education campaigns necessary to implement and
19.13 manage each program.

19.14 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
19.15 by the county, district, or multicounty area in implementing or managing the major
19.16 appliance management programs for the next ten years, including itemized capital and
19.17 operating costs.

19.18 Subp. 6. **Schedule of implementation.** The plan must include a time schedule for
19.19 the implementation of the proposed major appliance management programs described in
19.20 this part.

19.21 **9215.0670 AUTOMOTIVE MERCURY SWITCHES, MOTOR VEHICLE**
19.22 **FLUIDS AND FILTERS, AND LEAD-ACID AND DRY CELL BATTERIES**
19.23 **MANAGEMENT.**

19.24 Subpart 1. **Content.** The plan must include the information described in this part on
19.25 automotive mercury switches, motor vehicle fluids and filters, and lead-acid and dry cell
19.26 battery management programs and practices in the county, district, or multicounty area.

20.1 Subp. 2. **Policies and goals.** The plan must contain a description of the automotive
20.2 mercury switch, motor vehicle fluids and filters, and lead-acid and dry cell battery
20.3 management goals and policies that the county, district, or multicounty area has established
20.4 that comply with Minnesota Statutes, sections 115A.915, 115A.9155, and 115A.916.

20.5 Subp. 3. **Existing automotive mercury switch, motor vehicle fluids and filters,
20.6 and lead-acid and dry cell battery programs and practices.** The plan must describe the
20.7 existing public and private sector automotive mercury switch, motor vehicle fluids and
20.8 filters, and lead-acid and dry cell battery management programs and practices in the county,
20.9 district, or multicounty area, including the amount or quantity of materials recovered by
20.10 type, public education, collection options, processing, recycling, and disposal.

20.11 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
20.12 existing automotive mercury switch, motor vehicle fluids and filters, and lead-acid and dry
20.13 cell battery programs that the county, district, or multicounty area proposes to maintain,
20.14 expand, or implement during the next ten years, including the amount or quantity of
20.15 materials to be recovered by type and the responsible persons and estimated staff time
20.16 necessary to implement and manage each program.

20.17 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
20.18 by the county, district, or multicounty area in implementing and maintaining the
20.19 automotive mercury switch, motor vehicle fluids and filters, and lead-acid and dry cell
20.20 battery management programs during the next ten years, including itemized capital and
20.21 operating costs.

20.22 Subp. 6. **Schedule of implementation.** The plan must include a schedule for the
20.23 implementation of the proposed automotive mercury switch, motor vehicle fluids and
20.24 filters, and lead-acid and dry cell battery management programs described in this part.

20.25 **9215.0680 HOUSEHOLD HAZARDOUS WASTE MANAGEMENT.**

21.1 Subpart 1. **Content.** The plan must include the information described in this part
21.2 on the household hazardous waste management programs and practices in the county,
21.3 district, or multicounty area.

21.4 Subp. 2. **Policies and goals.** The plan must contain a description of the household
21.5 hazardous waste goals and policies established by the county, district, or multicounty area
21.6 that comply with the requirements in Minnesota Statutes, section 115A.96, subdivision 6.

21.7 Subp. 3. **Existing programs and practices.** The plan must describe existing
21.8 household hazardous waste management programs including collection, separation from
21.9 mixed municipal solid waste, the amount or quantity of materials recovered, and education
21.10 and promotion to reduce the use of household hazardous waste.

21.11 Subp. 4. **Specific programs to be developed.** The plan must describe any new or
21.12 existing household hazardous waste programs that the county, district, or multicounty
21.13 area proposes to maintain, expand, or implement during the next ten years, including the
21.14 amount or quantity of materials to be recovered and the responsible persons and estimated
21.15 staff time necessary to develop and manage each program. These programs must include a
21.16 broad-based public education component, a strategy for reduction of household hazardous
21.17 waste, and a strategy for separation of household hazardous waste from mixed municipal
21.18 solid waste and the collection, storage, and proper management of that waste.

21.19 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
21.20 by the county, district, or multicounty area in implementing and maintaining the household
21.21 hazardous waste management programs during the next ten years, including itemized
21.22 capital and operating costs.

21.23 [For text of subp 6, see M.R.]

21.24 **9215.0690 CONSTRUCTION AND DEMOLITION DEBRIS.**

22.1 Subpart 1. **Content.** The plan must include the information described in this part on
22.2 construction and demolition debris management programs and practices in the county,
22.3 district, or multicounty area.

22.4 Subp. 2. **Policies and goals.** The plan must contain a description of the construction
22.5 and demolition debris management goals and policies that the county, district, or
22.6 multicounty area has established.

22.7 Subp. 3. **Existing construction and demolition debris practices.** The plan must
22.8 describe existing construction and demolition debris practices and programs, including the
22.9 amount or quantity of materials recovered and disposed of and private and public sector
22.10 Pollution Control Agency permitted facilities.

22.11 Subp. 4. **Specific programs to be developed.** The plan must describe any new
22.12 or existing construction and demolition debris programs that the county, district, or
22.13 multicounty area proposes to maintain, expand, or implement during the next ten years,
22.14 including the amount or quantity of materials to be recovered and disposed of and the
22.15 responsible persons and estimated staff time necessary to implement and manage each
22.16 program.

22.17 Subp. 5. **Program budget.** The plan must estimate the annual costs to be incurred
22.18 by the county, district, or multicounty area for construction and demolition debris
22.19 programs for the next ten years, including itemized capital and operating costs.

22.20 Subp. 6. **Schedule of implementation.** The plan must include a schedule for the
22.21 implementation of the proposed construction and demolition debris programs described in
22.22 this part.

22.23 **9215.0700 SOLID WASTE ORDINANCE.**

22.24 Subpart 1. **Content.** The plan must include the information described in this part on
22.25 the solid waste management ordinance in the county, district, or multicounty area.

23.1 Subp. 2. **Status of solid waste ordinance.** The plan must describe the status of the
23.2 county's, district's, or multicounty area's solid waste ordinance. The plan must list any
23.3 problems with implementing or enforcing the current ordinance. The plan must include
23.4 a copy of the county, district, or multicounty area solid waste ordinance as an appendix
23.5 item in the plan.

23.6 Subp. 3. **Ordinance amendments.** The plan must describe any planned
23.7 amendments to the county, district, or multicounty area solid waste ordinance. The
23.8 description must include the responsible persons and estimated staff time necessary
23.9 annually to monitor or enforce the ordinance.

23.10 **9215.0710 SOLID WASTE STAFF.**

23.11 Subpart 1. **Content.** The plan must include the information described in this part
23.12 regarding the county, district, or multicounty area solid waste staff.

23.13 Subp. 2. **Existing county, district, or multicounty area solid waste staff.** The
23.14 plan must describe existing levels of staffing for solid waste programs in place throughout
23.15 the county, district, or multicounty area.

23.16 [For text of subp 3, see M.R.]

23.17 **9215.0720 SOLID WASTE PROGRAM FUNDING.**

23.18 Subpart 1. **Content.** The plan must include the information described in this part
23.19 regarding the county, district, or multicounty area solid waste program funding.

23.20 Subp. 2. **Policies and goals.** The plan must contain a description of the future
23.21 solid waste program funding goals and policies that the county, district, or multicounty
23.22 area has established.

23.23 Subp. 3. **Existing solid waste funding practices.** The plan must include
23.24 a description of the county's, district's, or multicounty area's existing solid waste
24.1 management financing mechanisms. The plan must indicate the current year and future
24.2 projected amounts and sources of funding for solid waste programs including:

- 24.3 A. tipping fees at solid waste transfer, processing, and disposal facilities; and
24.4 B. governmental subsidies of waste management.

24.5 **9215.0730 PLAN REVIEW AND TEN-YEAR PLAN.**

24.6 The plan must contain a description of the process and timelines for developing the
24.7 county's, district's, or multicounty area's ten-year plan.

24.8 **9215.0740 GOAL-VOLUME TABLE.**

24.9 The plan must include a numeric presentation of the county's, district's, or
24.10 multicounty area's goals and the volumes of solid waste to be managed for a ten-year
24.11 period immediately following plan approval. It must include the recycling goal as required
24.12 in Minnesota Statutes, section 115A.551; an estimate of land disposal capacity needed
24.13 for the ten-year period in acre feet, tons, and cubic yards; and an estimate of remaining
24.14 capacity at land disposal facilities that will be used. The table must be in a format
24.15 approved by the commissioner.

24.16 **9215.0750 ITEMIZED SOLID WASTE BUDGET.**

24.17 The plan must include a projected ten-year county, district, or multicounty area solid
24.18 waste budget. The budget must include itemized capital and operating costs for each
24.19 major solid waste program and the annual cost per ton and cost per household. The budget
24.20 must be in a format approved by the commissioner. A narrative discussion of the financial
24.21 assumptions used in development of the budget shall be included.

24.22 **9215.0760 ALTERNATIVES TO PROPOSED SYSTEM.**

24.23 The plan must include a description of the process that the county, district, or
24.24 multicounty area will use to evaluate, identify, and implement alternatives to the proposed

25.1 system if the system described in parts 9215.0580 to 9215.0700 is not developed or has
25.2 major operational difficulties.

25.3 **9215.0770 ENVIRONMENTAL AND PUBLIC HEALTH IMPACTS.**

25.4 Subpart 1. **Content.** In addition to the discussion of environmental and public health
25.5 impacts required in parts 9215.0610 to 9215.0640, the plan must address the county's,
25.6 district's, or multicounty area's plans and programs for mitigating the environmental and
25.7 public health impacts associated with each item identified.

25.8 Subp. 2. **On-site disposal.** The plan must describe plans and programs for
25.9 mitigating impacts to land, air, surface water, and groundwater and avoiding nuisance
25.10 conditions from the on-site disposal of mixed municipal solid waste at farms or households.

25.11 Subp. 3. **Illegal disposal.** The plan must describe plans and programs for mitigating
25.12 impacts to land, air, surface water, and groundwater from the practice of illegal disposal.

25.13 **9215.0790 PUBLIC PARTICIPATION.**

25.14 Subpart 1. **Documentation.** The plan must explain the methods for documenting
25.15 public participation during the development and implementation of the solid waste
25.16 management plan. The plan must include the location of where documentation of public
25.17 input by interested parties including citizens, public advisory committees, regional
25.18 authorities, adjacent counties or districts, local units of government, and waste service
25.19 companies conducting business within the county, district, or multicounty area is kept.

25.20 Subp. 2. **Ongoing public input.** The county, district, or multicounty area shall
25.21 describe a process to ensure the ongoing involvement of and consultation with persons
25.22 who are concerned with solid waste management including those listed in subpart 1.

25.23 **9215.0800 MULTICOUNTY PLANNING.**

25.24 Multicounty plans prepared by two or more counties are encouraged. A joint plan or
25.25 plan amendment may be submitted by a multicounty area. It must:

- 26.1 A. indicate how each county, district, or multicounty area in the region will
26.2 comply with the county or district goals or responsibilities prescribed in statute or rule;
- 26.3 B. be adopted by each participating county, district, or multicounty area; and
- 26.4 C. delineate the responsibility of each county, district, or multicounty area with
26.5 respect to implementation of the joint plan or plan amendment.

26.6 **9215.0820 SUBMITTAL OF PLANS AND PLAN AMENDMENTS FOR**
26.7 **APPROVAL.**

26.8 Subpart 1. **Plan.** A county, district, or multicounty area seeking approval of a solid
26.9 waste management plan shall submit its draft plan to the commissioner. The draft plan
26.10 must contain the information required in parts 9215.0540 to 9215.0790. The county,
26.11 district, or multicounty area shall also provide:

26.12 A. an evaluation of the progress that has been made since approval of the plan
26.13 to achieve the goals and policies of the programs proposed in the existing plan;

26.14 B. a discussion of the problems that have been encountered by the county,
26.15 district, or multicounty area in implementing the existing plan and the solutions
26.16 established;

26.17 C. a discussion of the changes in the draft plan from the existing plan; and

26.18 D. information required by new statutes or rules that have been adopted since
26.19 the existing plan was approved.

26.20 Subp. 2. [See repealer.]

26.21 Subp. 3. **Plan amendment.** A county, district, or multicounty area seeking approval
26.22 of a plan amendment shall submit the amendment to the commissioner. The county,
26.23 district, or multicounty area shall include the following information in its amendment:

26.24 [For text of items A to D, see M.R.]

27.1 E. an updated itemized solid waste budget for the county, district, or multicounty
27.2 area as required in part 9215.0750;

27.3 F. updated implementation information relevant to the changes proposed by the
27.4 county, district, or multicounty area as required in parts 9215.0575 to 9215.0800;

27.5 G. updated information on environmental and public health impacts as required
27.6 in part 9215.0770 and updated waste facility siting information as required by part
27.7 9215.0780 if new information relating to planned activities has been developed since
27.8 approval of the plan or plan amendment; and

27.9 H. for amendments that would result in an increase in the previously certified
27.10 need for land disposal, documentation that the revised system is now the most feasible
27.11 and prudent for the county, district, or multicounty area.

27.12 Subp. 4. **Format.** A county, district, or multicounty area submitting a plan or plan
27.13 amendment to the commissioner for approval shall submit two copies of the plan and
27.14 accompanying information. The plan must be single-spaced and printed on both sides.
27.15 An electronic copy of the plan in a format approved by the commissioner may also be
27.16 submitted with the paper copy.

27.17 **9215.0830 TIMING OF SUBMITTAL.**

27.18 Subpart 1. [See repealer.]

27.19 Subp. 2. **Submittal of plan.** Each county, district, or multicounty area shall submit
27.20 a plan to the agency when six months remain on the approval of the latest plan.

27.21 Subp. 3. **Submittal of plan amendment.** Each county, district, or multicounty area
27.22 shall submit a plan amendment according to items A to C.

27.23 A. Each county, district, or multicounty area shall submit an amendment to
27.24 the approved plan when the county, district, or multicounty area is proposing to make

28.1 substantial changes in its solid waste management system from what was contained in
28.2 the approved plan.

28.3 B. If the commissioner determines that an amendment to the plan is required due
28.4 to substantial changes in solid waste management in the county, district, or multicounty
28.5 area, including, but not limited to, an increase in the amount of waste needing land
28.6 disposal, the commissioner shall notify the county, district, or multicounty area in writing
28.7 of the need to amend its plan. The county, district, or multicounty area shall have six
28.8 months from the receipt of notice to submit an amendment to the commissioner.

28.9 C. If changes in statute or rule require plans to be amended on a schedule other
28.10 than indicated in plan approval, the county, district, or multicounty area shall submit a
28.11 plan amendment in accordance with statutory and rule requirements.

28.12 **9215.0840 REVIEW BY POLLUTION CONTROL AGENCY.**

28.13 Subpart 1. **Preliminary review.** On receipt of a draft plan or plan amendment, the
28.14 commissioner shall review the draft and notify the county, district, or multicounty area
28.15 of any part of the submittal that requires redrafting and resubmittal. The agency shall
28.16 complete its review of the draft plan or plan amendment within 45 days of receipt.

28.17 Subp. 2. **Supplemental information.** If advised by the agency that a redraft and
28.18 resubmittal are necessary, the county, district, or multicounty area shall submit its redraft
28.19 to the commissioner within 90 days of the commissioner's request for a redraft. The
28.20 redraft shall be reviewed according to the procedures in subpart 1.

28.21 Subp. 3. **Preliminary decision to approve plan.** The commissioner shall make a
28.22 preliminary decision to approve a plan or plan amendment within 90 days of the county's,
28.23 district's, or multicounty area's submittal of a draft and all additional information required
28.24 by the commissioner. When the commissioner makes a preliminary decision to approve a
28.25 plan or plan amendment, the commissioner shall provide public notice of the preliminary

29.1 decision and an opportunity for public comment in accordance with parts 9215.0850
29.2 and 9215.0860.

29.3 Subp. 4. **Preliminary decision to disapprove plan.** If the county, district, or
29.4 multicounty area does not resubmit a redraft and other additional information in response
29.5 to a request by the commissioner for the information, the commissioner shall notify the
29.6 county, district, or multicounty area that the commissioner intends to disapprove the
29.7 plan or plan amendment.

29.8 **9215.0850 PUBLIC NOTICE AND PUBLIC COMMENT.**

29.9 Subpart 1. **Public notice.** The commissioner shall prepare and issue a public notice
29.10 of the commissioner's preliminary decision to approve a plan or plan amendment. The
29.11 public notice must include, at a minimum:

29.12 A. the business address and telephone number of the county, district, or
29.13 multicounty area, the address and telephone number of the agency, and a statement that
29.14 additional information may be obtained at these offices;

29.15 B. a brief description of the solid waste management plan or plan amendment,
29.16 the duration of the approval, and any conditions of the approval;

29.17 C. a brief description of the procedures the commissioner will use to reach
29.18 a final decision on approval of the plan or plan amendment, including procedures for
29.19 requesting that the commissioner hold a public informational meeting; and

29.20 D. a statement that during the public comment period a person may submit
29.21 comments to the agency on the plan or plan amendment, a statement of the dates on
29.22 which the public comment period begins and ends, and a statement of the information a
29.23 person is required to include in the comments.

29.24 Subp. 2. **Distribution of public notice.** The commissioner shall distribute the
29.25 public notice by:

31.1 Subp. 2. **Decision to hold public informational meeting.** If the commissioner
31.2 determines that a public informational meeting would help clarify and resolve issues
31.3 regarding the plan or plan amendment, the commissioner shall hold a public informational
31.4 meeting. The commissioner may decide to hold a public informational meeting without
31.5 receiving a request from the public.

31.6 Subp. 3. **Location of meeting.** The commissioner must hold the public
31.7 informational meeting in the geographical area of the county, district, or multicounty area
31.8 included in the plan or plan amendment.

31.9 Subp. 4. **Notice of public informational meeting.** The commissioner shall
31.10 prepare a notice of the public informational meeting. The notice must contain a reference
31.11 to the public notice of the preliminary approval of the plan or plan amendment,
31.12 including the dates of issuance of the public notice; the date, time, and location of the
31.13 public informational meeting; a concise description of the manner in which the public
31.14 informational meeting will be conducted; and the issues to be discussed.

31.15 Subp. 5. **Distribution of notice.** The commissioner shall publish the notice in a
31.16 newspaper of general circulation in the geographical area of the plan or plan amendment,
31.17 and shall mail a copy of the notice to the county, district, or multicounty area and all other
31.18 persons determined by the commissioner to have an interest in the plan or plan amendment.

31.19 Subp. 6. **Joint meeting.** If the commissioner determines that no person would be
31.20 adversely affected by consolidating two or more plans or plan amendments into one public
31.21 informational meeting, the commissioner may elect to do so.

31.22 **9215.0870 FINAL DECISION.**

31.23 Subpart 1. **Record.** The commissioner shall consider all information submitted by
31.24 the county, district, or multicounty area in seeking approval of its plan or plan amendment,
31.25 all information received from the public during the public comment period, and all

32.1 information submitted during the public informational meeting if one was held in making
32.2 a final decision on the plan or plan amendment.

32.3 Subp. 2. **Notification.** The commissioner shall notify the county, district, or
32.4 multicounty area and all persons who submitted public comments or participated in a
32.5 public informational meeting of the final decision on the plan or plan amendment.

32.6 Subp. 3. **Approval of plan.** The commissioner shall approve those plans and
32.7 plan amendments that meet the requirements of parts 9215.0540 to 9215.0790. The
32.8 commissioner's approval shall remain in effect for ten years unless the commissioner
32.9 determines that a shorter period of time is required to ensure that the county, district,
32.10 or multicounty area implements the plan.

32.11 Subp. 4. **Approval of amendment.** The approval of a plan amendment shall not
32.12 change the due date of the county's, district's, or multicounty area's next plan unless the
32.13 commissioner determines in the decision approving the amendment that the amendment
32.14 eliminates the need to submit the next plan. If so, the commissioner shall determine
32.15 when the next plan will be required.

32.16 Subp. 5. **Resolution.** Before final approval of the plan or plan amendment, the
32.17 commissioner shall request the county, district, or multicounty area to submit a certified
32.18 copy of a resolution, passed by the county, district, or multicounty area, that approves
32.19 the plan or plan amendment as the county's, district's, or multicounty area's solid waste
32.20 management plan. No approval by the commissioner of a plan or plan amendment shall be
32.21 final until a resolution is received by the agency.

32.22 Subp. 6. **Submittal of final plan.** On final approval of a plan or plan amendment,
32.23 the county, district, or multicounty area shall submit two copies of the final plan to the
32.24 commissioner. The plan must be single-spaced and must be printed on both sides of the
32.25 page. An electronic copy of the plan or plan amendment in a format approved by the
32.26 commissioner may also be submitted with the paper copy.

33.1 **9215.0880 REVOCATION OF APPROVAL.**

33.2 Subpart 1. **Failure to implement.** The commissioner shall require the county,
33.3 district, or multicounty area to amend its plan pursuant to part 9215.0820, subpart 3, if
33.4 the commissioner determines that a county, district, or multicounty area has failed to
33.5 implement substantial programs contained in the plan as approved.

33.6 Subp. 2. **Failure to amend.** The commissioner shall revoke the approval of a plan
33.7 if the commissioner determines that a county, district, or multicounty area has failed to
33.8 submit a plan amendment within six months of being notified by the commissioner that an
33.9 amendment is required.

33.10 **REPEALER.** Minnesota Rules, parts 9215.0510, subpart 16; 9215.0570; 9215.0810;
33.11 9215.0820, subpart 2; and 9215.0830, subpart 1, are repealed.
