Section 1. Definitions. For purposes of sections 62J.86 to 62J.92, the following terms have the meanings given:

(a) "Commission" means the Health Care Affordability Commission established under section 62J.88.

(b) "Commissioner" means the commissioner of health.

(c) "Health care entity" includes but is not limited to clinics, hospitals, ambulatory surgical centers, physician organizations, accountable care organizations, integrated provider and plan systems, county-based purchasing plans, and health plan companies.

(d) "Health care provider" or "provider" means a health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice and in accordance with state law.

(e) "Health care provider" or "provider" means a health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice and in accordance with state law.

(f) "Health care company" means a health care company as defined in section 62J.87.

(g) "Health plan" means a health plan as defined in section 62A.011, subdivision 3.

(h) "Health plan company" means a health carrier as defined under section 62A.011, subdivision 2.

(i) "Hospital" means an entity licensed under sections 144.50 to 144.58.

Sec. 2. Health Care Affordability Board.

(a) The Health Care Affordability Board consists of 13 members appointed as follows:

(1) five members appointed by the governor.

(b) The commissioner of health shall establish a health care affordability commission that shall consist of the following 15 members:

(1) two members with expertise and experience in advocating on behalf of patients.
(2) two members appointed by the majority leader of the senate;

(3) two members appointed by the minority leader of the senate;

(4) two members appointed by the speaker of the house; and

(5) two members appointed by the minority leader of the house of representatives;

(b) All members appointed must have the knowledge and demonstrated expertise in one or more of the following areas: health care finance, health economics, health care management or administration at a senior level, health care consumer advocacy, representing the health care workforce as a leader in a labor organization, purchasing health care insurance as a health benefits administrator, delivery of primary care, health plan company administration, public or population health, and addressing health disparities and structural inequities.

(c) A member may not participate in board proceedings involving an organization, activity, or transaction in which the member has either a direct or indirect financial interest, other than as an individual consumer of health services.

(d) The Legislative Coordinating Commission shall coordinate appointments under this subdivision to ensure that board members are appointed by August 1, 2023, and that board

(2) two Minnesota residents who are health care consumers, one residing in greater Minnesota and one residing in a metropolitan area, one of whom represents an underserved community;

(3) one member representing Indian Tribes;

(4) two members of the business community who purchase health insurance for their employees, one of whom purchases coverage in the small group market;

(5) two members representing public purchasers of health insurance for their employees;

(6) one licensed and certified health care provider employed at a federally qualified health center;

(7) one member representing a health care entity or urban hospitals;

(8) one member representing rural hospitals;

(9) one member representing health plans;

(10) one member who is an expert in health care financing and administration; and

(11) one member who is an expert in health economics.

(b) All appointed members must have knowledge and demonstrated expertise in one or more of the following areas: health care finance, health economics, health care management or administration at a senior level, health care consumer advocacy, representing the health care workforce as a leader in a labor organization, purchasing health insurance representing business management or health benefits administration, or delivering primary care, health plan administration, or public or population health.

(c) No member may participate in commission proceedings involving an individual provider, purchaser, or patient of a specific activity or transaction if the member has direct financial interest in the outcome of the commission’s proceedings other than as an individual consumer of health care services.
members as a whole meet all of the criteria related to the knowledge and expertise specified in paragraph (b).

Subd. 2. Terms. (a) Board appointees shall serve four year terms. A board member shall not serve more than three consecutive terms.

(b) A board member may resign at any time by giving written notice to the board.

Subd. 3. Chair; other officers. (a) The board shall elect a chair by a majority of the members. The chair shall serve for two years.

(b) The board shall elect a vice-chair and other officers from its membership as it deems necessary.

Subd. 4. Staff; technical assistance; contracting. (a) The board shall hire a full-time executive director and other staff who shall serve in the unclassified service. The executive director must have significant knowledge and expertise in health economics and demonstrated experience in health policy.

(b) The attorney general shall provide legal services to the board.

(c) The Health Economics Division within the Department of Health shall provide technical assistance to the board in analyzing health care trends and costs and in setting health care spending growth targets.

(d) The board may employ or contract for professional and technical assistance, including actuarial assistance, as the board deems necessary to perform the board's duties.

THE FOLLOWING SUBDIVISION WAS MOVED UP FROM UES2995-2, ARTICLE 2, SECTION 1, SUBDIVISION 8

Subd. 8. Staff; technical assistance; contracting. (a) The commission shall hire a full-time executive director and administrative staff who shall serve in the unclassified service. The executive director must have significant knowledge and expertise in health economics and demonstrated experience in health policy.

(b) The attorney general shall provide legal services to the commission.

(c) The commissioner of health shall provide technical assistance to the commission related to collecting data, analyzing health care trends and costs; and setting health care spending growth targets.

THE FOLLOWING SUBDIVISION WAS MOVED UP FROM UES2995-2, ARTICLE 2, SECTION 1, SUBDIVISION 11
Subd. 5. Access to information. (a) The board may request that a state agency provide the board with any publicly available information in a usable format as requested by the board, at no cost to the board.

(b) The board may request from a state agency unique or custom data sets, and the agency may charge the board for providing the data at the same rate the agency would charge any other public or private entity.

(c) Any information provided to the board by a state agency must be de-identified. For purposes of this subdivision, "de-identification" means the process used to prevent the identification of a person or business from being connected with the information and ensuring all identifiable information has been removed.

(d) Any data submitted to the board shall retain its original classification under the Minnesota Data Practices Act in chapter 13.

Subd. 6. Compensation. Board members shall not receive compensation but may receive reimbursement for expenses as authorized under section 15.059, subdivision 3.

Subd. 7. Meetings. (a) Meetings of the board are subject to chapter 13D. The board shall meet publicly at least quarterly. The board may meet in closed session when reviewing proprietary information as specified in section 62J.71, subdivision 4.

(b) The board shall announce each public meeting at least two weeks prior to the scheduled date of the meeting. Any materials for the meeting shall be made public at least one week prior to the scheduled date of the meeting.

(c) At each public meeting, the board shall provide the opportunity for comments from the public, including the opportunity for written comments to be submitted to the board prior to a decision by the board.

Subd. 11. Access to information. (a) The commission or commissioner may request that a state agency provide the commission with data as defined in sections 62J.04 and 295.52 in a usable format as requested to the commission, at no cost to the commission.

(b) The commission may request from a state agency unique or custom data sets, and the agency may charge the commission for providing the data at the same rate the agency would charge any other public or private entity. The commission may grant the commissioner access to this data.

(c) Any information provided to the commission or commissioner by a state agency must be de-identified. For purposes of this subdivision, "de-identified" means the process used to prevent the identity of a person from being connected with information and ensuring all identifiable information has been removed.

(d) Any data submitted to the commission or the commissioner shall retain their original classification under the Minnesota Data Practices Act in chapter 13.

(e) The commissioner, under the authority of chapter 62J, may collect data necessary for the performance of its duties, and shall collect this data in a form and manner that ensures the collection of high-quality, transparent data.

Subd. 5. Compensation. Commission members may be compensated according to section 15.055.

Subd. 6. Meetings. (a) Meetings of the commission, including any public hearings, are subject to chapter 13D.

(b) The commission must meet publicly on at least a monthly basis until the initial growth targets are established.

(c) After the initial growth targets are established, the commission shall meet at least quarterly to consider summary data presented by the commissioner, draft report findings, consider updates to the health care spending growth target program and growth target levels, discuss findings with health care providers and payers, and identify additional analyses and strategies to limit health care spending growth.
55.4 Subd. 10. **Duties of the commissioner.** (a) The commissioner, in consultation with the commissioners of commerce and human services, shall provide staff support to the commission, including performing and procuring consulting and analytic services. The commissioner shall:

55.5 (1) establish the form and manner of data reporting, including reporting methods and dates, consistent with program design and timelines formalized by the commission;

55.6 (2) under the authority in chapter 62J, collect data identified by the commission for use in the program in a form and manner that ensures the collection of high-quality, transparent data;

55.7 (3) provide analytical support, including by conducting background research or environmental scans, evaluating the suitability of available data, performing needed analysis and data modeling, calculating performance under the spending trends, and researching drivers of spending growth trends;

55.8 (4) assist health care entities subject to the targets with reporting of data, internal analysis of spending growth trends, and, as necessary, methodological issues;

55.9 (5) synthesize information and report to the commission; and

55.10 (6) make appointments and staff the Health Care Affordability Advisory Council under section 62J.0414;

55.11 (b) In carrying out the duties required by this section, the commissioner may contract with entities with expertise in health economic, health finance, and actuarial science.

55.12

561.1 Sec. 3. [62J.88] **HEALTH CARE AFFORDABILITY ADVISORY COUNCIL.**

561.2 Subdivision 1. **Establishment.** The governor shall appoint a Health Care Affordability Advisory Council to provide advice to the board on health care costs and access issues and to represent the views of patients and other stakeholders. Members of the advisory council shall be appointed based on their knowledge and demonstrated expertise in one or more of the following areas: health care delivery, ensuring health care access for diverse populations, public and population health, patient perspectives, health care cost trends and drivers, clinical and health services research, innovation in health care delivery, and health care benefits management.

60.29 Sec. 4. [62J.0414] **HEALTH CARE AFFORDABILITY ADVISORY COUNCIL.**

60.30 Subdivision 1. **Definitions.** (a) For purposes of this section, the following definitions have the meanings given:

60.31 (b) "Council" means the Health Care Affordability Advisory Council;

60.32 (c) "Commission" means the Health Care Affordability Commission;

60.33 Subd. 2. **Establishment; administration.** (a) The commissioner of health shall appoint a 15-member advisory council to provide technical assistance to the commission. Members shall be appointed based on their knowledge and demonstrated expertise in one or more of the following areas:

60.34 (1) health care spending trends and drivers;

60.35 (2) equitable access to health care services;
(b) The commissioner shall provide administrative and staff support to the advisory council.

THE FOLLOWING SUBDIVISION WAS MOVED UP FROM UES2995-2, ARTICLE 2, SECTION 4, SUBDIVISION 6

546.10 Subd. 2. Duties; reports. (a) The council shall provide technical recommendations to the board on:
546.11 (1) the identification of economic indicators and other metrics related to the development and setting of health care spending growth targets;
546.12 (2) data sources for measuring health care spending; and
546.13 (3) measurement of the impact of health care spending growth targets on diverse communities and populations, including but not limited to those communities and populations adversely affected by health disparities.
546.14 (b) The council shall report technical recommendations and a summary of its activities to the board and the chairs and ranking minority members of the legislative committees with primary jurisdiction over health care policy and finance at least annually, and shall submit additional reports on its activities and recommendations to the board, as requested by the board or at the discretion of the council.

546.15 The council shall:
546.16 (1) provide technical advice to the commission on the development and implementation of the health care spending growth targets, drivers of health care spending, and other items related to the commission duties;
546.17 (2) provide technical input on data sources for measuring health care spending; and
546.18 (3) advise the commission on methods to measure the impact of health care spending growth targets on:
546.19 (i) communities most impacted by health disparities;
546.20 (ii) the providers who primarily serve communities most impacted by health disparities;
546.21 (iii) individuals with disabilities;
546.22 (iv) individuals with health coverage through medical assistance or MinnesotaCare;
546.23 (v) individuals who reside in rural areas; and
546.24 (vi) individuals with rare diseases.
Subd. 3. Membership. The council's membership shall consist of:

1. three members representing patients and health care consumers, at least one of whom must have experience working with communities most impacted by health disparities and one of whom must have experience working with persons in the disability community;
2. the commissioner of health or a designee;
3. the commissioner of human services or a designee;
4. one member who is a health services researcher at the University of Minnesota;
5. two members who represent nonprofit group purchasers;
6. one member who represents for-profit group purchasers;
7. two members who represent health care entities;
8. one member who represents independent health care providers;
9. two members who represent employee benefit plans, with one representing a public employer; and
10. one member who represents the Rare Disease Advisory Council.

Subd. 4. Terms. (a) The initial appointments to the council shall be made by September 30, 2023. The council members shall serve staggered terms of three or four years determined by lot by the secretary of state. Following the initial appointments, the council members shall serve four-year terms. Members may not serve more than two consecutive terms.

(b) Removal and vacancies of council members are governed by section 15.059.

Subd. 5. Meetings. The council shall meet publicly on at least a monthly basis until the initial growth targets are established. After the initial growth targets are established, the council shall meet at least quarterly.

Subd. 6. Expiration. Notwithstanding section 15.059, the council shall not expire.
Sec. 2. [62J.89] DUTIES OF THE BOARD.

Subd. 1. General. (a) The board shall monitor the administration and reform of the health care delivery and payment systems in the state. The board shall:

(1) set health care spending growth targets for the state, as specified under section 62J.90;

(2) enhance the transparency of provider organizations;

(3) monitor the adoption and effectiveness of alternative payment methodologies;

(4) foster innovative health care delivery and payment models that lower health care cost growth while improving the quality of patient care;

(5) monitor and review the impact of changes within the health care marketplace; and

(6) monitor patient access to necessary health care services.

Subd. 2. (a) The board shall establish goals to reduce health care disparities in racial and ethnic communities and to ensure access to quality care for persons with disabilities or with chronic or complex health conditions.

(b) The board shall establish goals to reduce health care disparities in racial and ethnic communities and to ensure access to quality care for persons with disabilities or with chronic or complex health conditions.

Subd. 3. Recommendations for reform. The board shall make recommendations for legislative policy, market, or any other reforms to:

(1) lower the rate of growth in commercial health care costs and public health care program spending in the state;

(2) positively impact the state's rankings in the areas listed in this subdivision and subdivision 2; and

(3) improve the quality and value of care for all Minnesotans, and for specific populations adversely affected by health inequities.

Subd. 4. Office of Patient Protection. The board shall establish an Office of Patient Protection, to be operational by January 1, 2025. The office shall assist consumers with issues related to access and quality of health care, and advise the legislature on ways to foster innovative health care delivery and payment models that lower health care cost growth while improving the quality of patient care; monitor and review the impact of changes within the health care marketplace; and monitor patient access to necessary health care services.

Subd. 5. Duties of the commission; market trends. The commission shall:

(a) The commission shall:

(1) lower the rate of growth in commercial health care costs and public health care program spending in the state;

(2) positively impact the state's rankings in the areas listed in this subdivision and subdivision 2; and

(3) improve the quality and value of care for all Minnesotans, and for specific populations adversely affected by health disparities.
reduce consumer health care spending and improve consumer experiences by reducing complexity for consumers.

Sec. 3. [62J.0413] DUTIES OF THE COMMISSION; GROWTH TARGETS.

Subdivision 1. Establishment and administration. The board shall establish and administer the health care spending growth target program to limit health care spending growth in the state, and shall report regularly to the legislature and the public on progress toward these targets.

Subd. 2. Methodologies for growth targets. (a) The board shall develop a methodology to establish annual health care spending growth targets and the economic indicators to be used in establishing the initial and subsequent target levels.

(b) The health care spending growth target must:

(i) use a clear and operational definition of total state health care spending;

(ii) promote a predictable and sustainable rate of growth for total health care spending as measured by an established economic indicator, such as the rate of increase of the state's economy or of the personal income of residents of this state, or a combination;

(iii) apply to all health care providers and all health plan companies in the state's health care system; and

(iv) take into consideration the potential for variability in targets across public and private payers;

(v) account for the health status of patients; and

(vi) incorporate specific benchmarks related to health equity.

(c) The commission, when developing this methodology, shall determine which health care entities are subject to targets, and at what level of aggregation.

57.28

The following paragraph was moved from UES2295-2, Article 2, Section 3, Subdivision 1, Paragraph (B):

1. a methodology to establish health care spending growth targets and the economic indicators to be used in establishing the initial and subsequent target levels;

2. define the health care markets and the entities to which the targets apply;

3. establish health care spending growth targets that:

   a. use a clear and operational definition of total state health care spending;

   b. promote a predictable and sustainable rate of growth for total health care spending as measured by an established economic indicator, such as the rate of increase of the state's economy or of the personal income of residents, or a combination;

   c. apply to all health care providers and all health plan companies in the state's health care system; and

   d. incorporate specific benchmarks related to health equity; and

57.29

The following item was moved from UES2995-2, Article 2, Section 3, Paragraph (A), Clause (4), Item (II):

1. takes into consideration the need for variability in targets across public and private payers;
57.30  (iv) are measurable on a per capita basis, statewide basis, health plan basis, and health
57.31  care provider basis; and
58.1  (d) establish a methodology for calculating health care cost growth that:
58.2  (i) allows measurement statewide and for each health care provider and health plan
58.3  company, and at the discretion of the commission allows accounting for variability by age
58.4  and sex;
UES2995-2, ARTICLE 2, SECTION 3, SUBDIVISION 2, CLAUSE (4), ITEM
58.5  (II), WAS MOVED UP TO MATCH WITH S2995-3, ARTICLE 16, SECTION
58.6  3, SUBDIVISION 2, PARAGRAPH (B), CLAUSE (4)
58.7  (ii) incorporates health equity considerations; and
58.8  (iv) considers the impact of targets on health care access and disparities.
THE FOLLOWING PARAGRAPH WAS MOVED UP FROM UES2995-2, ARTICLE 2, SECTION 3, SUBDIVISION 6, PARAGRAPH (A)
59.3  Subd. 6. Additional criteria for growth targets. (a) In developing the health care
59.4  spending growth target program, the commission may:
548.22  (g) In developing, implementing, and evaluating the growth target program, the board
548.23  shall:
548.24  (1) consider the incorporation of quality of care and primary care spending goals;
548.25  (2) ensure that the program does not place a disproportionate burden on communities
548.26  most impacted by health disparities, the providers who primarily serve communities most
548.27  impacted by health disparities, or individuals who reside in rural areas or have high health
548.28  care needs;
548.29  (3) explicitly consider payment models that help ensure financial sustainability of rural
548.30  health care delivery systems and the ability to provide population health;
549.1  (4) allow setting growth targets that encourage an individual health care entity to serve
549.2  populations with greater health care risks by incorporating:
549.3  (i) a risk factor adjustment reflecting the health status of the entity's patient mix; and
549.4  (ii) an equity adjustment accounting for the social determinants of health and other
549.5  factors related to health equity for the entity's patient mix;
549.6  (5) ensure that growth targets:
549.7  (i) do not constrain the Minnesota health care workforce, including the need to provide
549.8  competitive wages and benefits;
549.10 (ii) do not limit the use of collective bargaining or place a floor or ceiling on health care workforce compensation; and
549.11 (iii) promote workforce stability and maintain high-quality health care jobs; and
549.12 (6) consult with the advisory council and other stakeholders.

Subd. 3. Data. The board shall identify data to be used for tracking performance in meeting the growth target and identify methods of data collection necessary for efficient implementation by the board. In identifying data and methods, the board shall:

549.13 (1) consider the availability, timeliness, quality, and usefulness of existing data, including the data collected under sections 623A.04.
549.14 (2) assess the need for additional investments in data collection, data validation, or data analysis capacity to support the board in performing its duties; and
549.15 (3) minimize the reporting burden to the extent possible.

Subd. 4. Setting growth targets; related duties. (a) The board, by June 15, 2024, and by June 15 of each succeeding calendar year through June 15, 2028, shall establish annual health care spending growth targets for the next calendar year consistent with the requirements of this section. The board shall set annual health care spending growth targets for the five-year period from January 1, 2025, through December 31, 2029.

(b) The board shall periodically review all components of the health care spending growth target program methodology, economic indicators, and other factors. The board may revise the annual spending growth targets after a public hearing, as appropriate. If the board revises a spending growth target, the board must provide public notice at least 60 days before the start of the calendar year to which the revised growth target will apply.

Subd. 5. Establishment of growth targets. (a) The commission, by June 15, 2024, shall establish annual health care spending growth targets consistent with the methodology in subdivision 2 for each of the next five calendar years, with the goal of limiting health care spending growth. The commission may continue to establish annual health care spending growth targets for subsequent years.

(b) The commission shall regularly review all components of the program methodology, including economic indicators and other factors, and, as appropriate, revise established health care spending growth target levels. Any changes to health care spending growth target levels require a two-thirds majority vote of the commission.

THE FOLLOWING PARAGRAPH WAS MOVED UP FROM UES2995-2, ARTICLE 2, SECTION 3, SUBDIVISION 6, PARAGRAPH (B)
(a) The board, based on an analysis of drivers of health care spending and evidence from public testimony, shall evaluate strategies and new policies, including the establishment of accountability mechanisms, that are able to contribute to meeting growth targets and limiting health care spending growth without increasing disparities in access to health care.

(b) Based on an analysis of drivers of health care spending by the commissioner and evidence from public testimony, the commissioner shall explore strategies, new policies, and future legislative proposals that can contribute to achieving health care spending growth targets of limiting health care spending growth without increasing disparities in access to health care, including the establishment of accountability mechanisms for health care entities.

THE FOLLOWING SECTION WAS MOVED DOWN FROM UES2995-2, ARTICLE 1, SECTION 1, SUBDIVISION 7

Subd. 7. Hearings. At least annually, the commission shall hold public hearings to present findings from spending growth target monitoring. The commission may also hold public hearings to take testimony from stakeholders on health care spending growth, setting and revising health care spending growth targets, and the impact of spending growth and growth targets on health care access and quality and as needed to perform assigned duties.

Sec. 6. [62J.91] NOTICE TO HEALTH CARE ENTITIES.

Subdivision 1. Notice. (a) The board shall provide notice to all health care entities that have been identified by the board as exceeding the spending growth target for any given year.

Subd. 2. Performance improvement plans. (a) The board shall establish and implement procedures to assist health care entities to improve efficiency and reduce cost growth by requiring some or all health care entities provided notice under subdivision 1 to file and implement a performance improvement plan. The commission shall provide written...
550.26 implement a performance improvement plan. The board shall provide written notice of this
550.27 requirement to health care entities.
550.29 improvement plan, a health care entity shall:
550.30 (1) file a performance improvement plan with the board; or
550.32 (2) file an application with the board to waive the requirement to file a performance
550.33 improvement plan or extend the timeline for filing a performance improvement plan.
550.34 (c) The health care entity may file any documentation or supporting evidence with the
550.35 board to support the health care entity’s application to waive or extend the timeline to file
550.37 a performance improvement plan. The board shall require the health care entity to submit
550.39 any other relevant information it deems necessary in considering the waiver or extension
550.41 application, provided that this information shall be made public at the discretion of the
550.43 board. The board may waive or delay the requirement for a health care entity to file a
550.45 performance improvement plan in response to a waiver or extension request in light of all
550.47 information received from the health care entity, based on a consideration of the following factors:
550.48 (1) the costs, price, and utilization trends of the health care entity over time, and any
550.50 demonstrated improvement in reducing per capita medical expenses adjusted by health
550.52 status;
550.54 (2) any ongoing strategies or investments that the health care entity is implementing to
550.56 improve future long-term efficiency and reduce cost growth;
550.58 (3) whether the factors that led to increased costs for the health care entity can reasonably
550.60 be considered to be unanticipated and outside of the control of the entity. These factors may
550.62 include but shall not be limited to age and other health status adjusted factors and other cost
550.64 inputs such as pharmaceutical expenses and medical device expenses;
550.66 (4) the overall financial condition of the health care entity; and
550.68 (5) any other factors the board considers relevant. If the board declines to waive or
550.70 extend the requirement for the health care entity to file a performance improvement plan,
550.72 the board shall provide written notice to the health care entity that its application for a waiver
550.74 or extension was denied and the health care entity shall file a performance improvement
550.76 plan.
550.78 (A) A health care entity shall file a performance improvement plan with the board:
550.79 (1) within 45 days of receipt of an initial notice;
(2) if the health care entity has requested a waiver or extension, within 45 days of receipt of a notice that such waiver or extension has been denied; or

(3) if the health care entity is granted an extension, on the date given on the extension.

The performance improvement plan shall identify the causes of the entity's cost growth and shall include but not be limited to specific strategies, adjustments, and action steps the entity proposes to implement to improve cost performance. The proposed performance improvement plan shall include specific identifiable and measurable expected outcomes and a timetable for implementation. The timetable for a performance improvement plan must not exceed 18 months. All health care entities shall in good faith work to implement the performance improvement plan, and compliance monitoring, as determined by the board, shall provide assistance to the health care entity in the successful implementation of the performance improvement plan.

(4) All health care entities shall in good faith work to implement the performance improvement plan. At any point during the implementation of the performance improvement plan, the health care entity may file amendments to the performance improvement plan, subject to approval of the board. At the conclusion of the timetable established in the performance improvement plan, the health care entity shall report to the board regarding the outcome of the performance improvement plan. If the board determines the performance improvement plan was not implemented successfully, the board shall:

   (1) extend the implementation timetable of the existing performance improvement plan;
   (2) approve amendments to the performance improvement plan as proposed by the health care entity;
   (3) require the health care entity to submit a new performance improvement plan; or

   (b) If the performance improvement plan shall identify the causes of the entity's cost growth and shall include but not be limited to specific strategies, adjustments, and action steps the entity proposes to implement to improve cost performance. The proposed performance improvement plan shall include specific identifiable and measurable expected outcomes and a timetable for implementation. The commission may request additional information as needed, in order to approve a proposed performance improvement plan. The timetable for a performance improvement plan must not exceed 18 months.

   (c) The commission shall approve any performance improvement plan that it determines is reasonably likely to address the underlying cause of the entity's cost growth and has a reasonable expectation for successful implementation. If the commission determines that the performance improvement plan is unacceptable or incomplete, the commission may provide consultation on the criteria that have not been met and may allow an additional time period of up to 30 calendar days for resubmission. Upon approval of the proposed performance improvement plan, the board shall notify the health care entity to begin immediate implementation of the performance improvement plan. Public notice shall be provided by the board on its website, identifying that the health care entity is implementing a performance improvement plan. All health care entities implementing an approved performance improvement plan shall be subject to additional reporting requirements and compliance monitoring, as determined by the commission. The commission may request the commissioner to assist in the review of performance improvement plans. The commission shall provide assistance to the health care entity in the successful implementation of the performance improvement plan.

   (d) All health care entities shall in good faith work to implement the performance improvement plan. At any point during the implementation of the performance improvement plan, the health care entity may file amendments to the performance improvement plan, subject to approval of the commission. At the conclusion of the timetable established in the performance improvement plan, the health care entity shall report to the commission regarding the outcome of the performance improvement plan. If the commission determines the performance improvement plan was not implemented successfully, the commission shall:

   (1) extend the implementation timetable of the existing performance improvement plan;
   (2) approve amendments to the performance improvement plan as proposed by the health care entity;
   (3) require the health care entity to submit a new performance improvement plan; or
(4) waive or delay the requirement to file any additional performance improvement plans.

Upon the successful completion of the performance improvement plan, the board shall remove the identity of the health care entity from the board's website. The board may assist health care entities with implementing the performance improvement plans or otherwise ensure compliance with this subdivision.

(g) If the board determines that a health care entity has:

1) willfully neglected to file a performance improvement plan with the board within 45 days as required;

2) failed to file an acceptable performance improvement plan in good faith with the board;

3) failed to implement the performance improvement plan in good faith; or

4) knowingly failed to provide information required by this subdivision to the board or knowingly provided false information, the board may assess a civil penalty to the health care entity of not more than $500,000. The board may only impose a civil penalty if the board determines that the health care entity is unlikely to voluntarily comply with all applicable provisions of this subdivision.

Sec. 7. [62J.92] REPORTING REQUIREMENTS.

Subd. 7. Reports.
(a) The board shall present the reports required by this section to the chairs and ranking members of the legislative committees with primary jurisdiction over health care finance and policy. The board shall also make these reports available to the public on the board's website.

(b) The board may contract with a third-party vendor for technical assistance in preparing the reports.

Subd. 2. Progress reports. The board shall submit written progress updates about the development and implementation of the health care spending growth target program by February 15, 2025, and February 15, 2026. The updates must include reporting on board membership and activities, program design decisions, planned timelines for implementation of the program, and the progress of implementation. The reports must include the methodological details underlying program design decisions.
Subd. 3. Health care spending trends. By December 15, 2025, and every December 15 thereafter, the board shall submit a report on health care spending trends and the health care spending growth target program that includes:

1. spending growth in aggregate and for entities subject to health care spending growth targets relative to established target levels;
2. findings from analyses of drivers of health care spending growth;
3. estimates of the impact of health care spending growth on Minnesota residents, including for communities most impacted by health disparities, related to their access to insurance and care, value of health care, and the ability to pursue other spending priorities;
4. the potential and observed impact of the health care spending growth targets on the financial viability of the rural delivery system;
5. changes under consideration for revising the methodology to monitor set growth targets;
6. recommendations for initiatives to assist health care entities in meeting health care spending growth targets, including broader and more transparent adoption of value-based payment arrangements;
7. the number of health care entities whose spending growth exceeded growth targets; information on performance improvement plans and the extent to which the plans were completed; and any civil penalties imposed on health care entities related to noncompliance with performance improvement plans and related requirements.
8. the commissioner may delegate preparation of the reports to the commissioner and any contractors the commissioner determines are necessary. The reports must include:
9. aggregate spending growth for entities subject to health care growth targets relative to established target levels;
10. findings from analyses of cost drivers of health care spending growth;
11. estimates of the impact of health care spending growth on Minnesota residents, including for those communities most impacted by health disparities, including an analysis of Minnesota residents' access to insurance and care, the value of health care, and the state's ability to pursue other spending priorities;
12. the potential and observed impact of the health care growth targets on the financial viability of the rural health care delivery system;
13. changes in the health care spending growth methodology under consideration;
14. recommended policy changes that may affect health care spending growth trends, including broader and more transparent adoption of value-based payment arrangements; and
15. an overview of health care entities subject to health care growth targets that have implemented or completed a performance improvement plan.

Sec. 6. [62J.0416] IDENTIFY STRATEGIES FOR REDUCTION OF ADMINISTRATIVE SPENDING AND LOW-VALUE CARE.
(a) The commissioner of health shall develop recommendations for strategies to reduce the volume and growth of administrative spending by health care organizations and group purchasers, and the magnitude of low-value care delivered to Minnesota residents. The commissioner shall:
(b) review the availability of data and identify gaps in the data infrastructure to estimate aggregated and disaggregated administrative spending and low-value care;
(c) may delegate preparation of the reports to the commissioner and any contractors the commissioner determines are necessary. The reports must include:
65.23 (2) based on available data, estimate the volume and change over time of administrative spending and low-value care in Minnesota;
65.24 (3) conduct an environmental scan and key informant interviews with experts in health care finance, health economics, health care management or administration, and the administration of health insurance benefits to determine drivers of spending growth for spending on administrative services or the provision of low-value care;
65.25 (4) convene a clinical learning community and an employer task force to review the evidence from clauses (1) to (3) and develop a set of actionable strategies to address administrative spending volume and growth and the magnitude of the volume of low-value care;
65.26 (b) By March 31, 2025, the commissioner shall deliver the recommendations to the chairs and ranking minority members of house and senate committees with jurisdiction over health and human services finance and policy.
66.1 Sec. 7. [62J.0417] PAYMENT MECHANISMS IN RURAL HEALTH CARE.
66.2 (a) The commissioner shall develop a plan to assess readiness of rural communities and rural health care providers to adopt value based, global budgeting or alternative payment systems and recommend steps needed to implement them. The commissioner may use the development of case studies and modeling of alternate payment systems to demonstrate value-based payment systems that ensure a baseline level of essential community or regional health services and address population health needs.
66.3 (b) The commissioner shall develop recommendations for pilot projects with the aim of ensuring financial viability of rural health care entities in the context of spending growth targets. The commissioner shall share findings with the health care affordability commission.
to employees newly hired by a small employer offering a qualified small employer health reimbursement arrangement, and to employees employed by the small employer at the time the small employer initially offers a qualified small employer health reimbursement arrangement. For employees newly hired by the small employer, the special enrollment period shall last for 30 days after the employee's first day of employment. For employees employed by the small employer at the time the small employer initially offers a qualified small employer health reimbursement arrangement, the special enrollment period shall last for 30 days after the date the arrangement is initially offered to employees.

(d) The commissioner of commerce shall enforce this section.

(e) Health carriers offering individual health plans through MNsure must provide a special enrollment period as required under the easy enrollment health insurance outreach program under section 62V.13.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2023, and applies to health plans offered, issued, or sold on or after January 1, 2024.
contain clear and conspicuous explanations of the characteristics of the data, such
as the dates of the data contained in the files, the absence of costs of care for uninsured
patients or nonresidents, and other disclaimers that provide appropriate context; and

not lead to the collection of additional data elements beyond what is authorized under
this section as of June 30, 2015, and

(6) to provide technical assistance to the Health Care Affordability Board to implement
sections 62.78 to 627.92.

The commissioner may publish the results of the authorized uses identified in
paragraph (a) so long as the data released publicly do not contain information or descriptions
in which the identity of individual hospitals, clinics, or other providers may be discerned.

Nothing in this subdivision shall be construed to prohibit the commissioner from
using the data collected under subdivision 4 to complete the state-based risk adjustment
system assessment due to the legislature on October 1, 2015.

The commissioner or the commissioner's designee may use the data submitted under
subdivisions 4 and 5 for the purpose described in paragraph (a), clause (3), until July 1, 2023.

The commissioner shall consult with the all-payer claims database work group
established under subdivision 12 regarding the technical considerations necessary to create
the public use files of summary data described in paragraph (a), clause (5).

Subdivision 1. Establishment. (a) The board must develop and administer a state-funded
cost-sharing reduction program for eligible persons who enroll in a silver level qualified
health plan through MNsure. The board must implement the cost-sharing reduction program
for plan years beginning on or after January 1, 2024.

For purposes of this section, an "eligible person" is an individual who meets the
eligibility criteria to receive a cost-sharing reduction under Code of Federal Regulations,
Title 45, Section 155.305(g).

The commissioner shall consult with the all-payer claims database work group
established under subdivision 12 regarding the technical considerations necessary to create
the public use files of summary data described in paragraph (a), clause (5).

Subd. 13. Transitional cost-sharing reductions. (a) The board shall develop and
implement, for the 2025 and 2026 plan years only, a system to support eligible individuals
who choose to enroll in gold level health plans through MNsure.

(b) For purposes of this section, an "eligible individual" is an individual who:

(1) is a resident of Minnesota;
(2) has a household income that does not exceed 400 percent of the federal poverty
guidelines; and
(3) is enrolled in a gold level health plan offered in the enrollee's county of residence;

(c) Under the system established in this subdivision, the monthly transitional cost-sharing
reduction subsidy for an eligible individual is $75.
The board shall establish procedures for determining an individual's eligibility for the subsidy and providing payments to a health carrier for any eligible individuals enrolled in the carrier's gold level health plans.

The cost-sharing reduction program must use state funds to reduce enrollee cost-sharing by increasing the actuarial value of silver level health plans for eligible persons beyond the 73 percent value established in Code of Federal Regulations, title 45, section 156.420(a)(3)(i), to an actuarial value of 87 percent.

Paragraph (a) applies beginning for plan year 2024 for eligible individuals expected to have a household income above 200 percent of the federal poverty level but that does not exceed 250 percent of the federal poverty level, for the benefit year for which coverage is requested.

Beginning for plan year 2026, the cost-sharing reduction program applies for eligible individuals expected to have a household income above 250 percent of the federal poverty level but that does not exceed 300 percent of the federal poverty level, for the benefit year for which coverage is requested.

The board, when administering the program, must:

1. allow eligible persons to enroll in a silver level health plan with a state-funded cost-sharing reduction;
2. modify the MNsure shopping tool to display the total cost-sharing reduction benefit available to individuals eligible under this section; and
3. reimburse health carriers on a quarterly basis for the cost to the health plan providing the state-funded cost-sharing reductions.

EFFECTIVE DATE. This section is effective the day following final enactment.

Subdivision 1. Establishment. The board, in cooperation with the commissioner of revenue, must establish the easy enrollment health insurance outreach program to:

1. reduce the number of uninsured Minnesotans and increase access to affordable health insurance coverage;
2. allow the commissioner of revenue to provide return information, at the request of the taxpayer, to MNsure to provide the taxpayer with information about the potential eligibility for financial assistance and health insurance enrollment options through MNsure;
Subd. 2. Screening for eligibility for insurance assistance. Upon receipt of and based on return information received from the commissioner of revenue under section 270B.14, subdivision 22, MNsure may make a projected assessment on whether the interested taxpayer's household may qualify for a financial assistance program for health insurance coverage.

Subd. 3. Outreach letter and special enrollment period. (a) MNsure must provide a written letter of the projected assessment under subdivision 2 to a taxpayer who indicates to the commissioner of revenue that the taxpayer is interested in obtaining information on access to health insurance.

(b) MNsure must allow a special enrollment period for taxpayers who receive the outreach letter in paragraph (a) and are determined eligible to enroll in a qualified health plan through MNsure. The triggering event for the special enrollment period is the day the outreach letter under this subdivision is mailed to the taxpayer. An eligible individual, and their dependents, have 65 days from the triggering event to select a qualifying health plan and coverage for the qualifying health plan is effective the first day of the month after plan selection.

(c) Taxpayers who have a member of the taxpayer's household currently enrolled in a qualified health plan through MNsure are not eligible for the special enrollment under paragraph (b).

(d) MNsure must provide information about the easy enrollment health insurance outreach program and the special enrollment period described in this subdivision to the general public.

Sec. 12. Minnesota Statutes 2022, section 256.962, subdivision 5, is amended to read: Subd. 5. Incentive program. Beginning January 1, 2008, the commissioner shall establish an incentive program for organizations and licensed insurance producers under chapter 60K that directly identify and assist potential enrollees in filling out and submitting an application, for each applicant who is successfully enrolled in MinnesotaCare or medical assistance.
the commissioner, within the available appropriation, shall pay the organization or licensed
insurance producer a $70-$100 application assistance bonus. The organization or licensed
insurance producer may provide an applicant a gift certificate or other incentive upon
enrollment.

EFFECTIVE DATE: This section is effective July 1, 2023.

Sec. 10. [256.9631] DIRECT PAYMENT SYSTEM FOR MEDICAL ASSISTANCE
AND MINNESOTA CARE.

Subdivision 1. Direct payment system established. (a) The commissioner shall establish
a direct payment system to deliver services to eligible individuals, in order to achieve better
health outcomes and reduce the cost of health care for the state. Under this system, eligible
individuals shall receive services through the medical assistance fee-for-service system,
county-based purchasing plans, or county-owned health maintenance organizations. The
commissioner shall implement the direct payment system beginning January 1, 2027.

(b) Persons who do not meet the definition of eligible individual shall continue to receive
services from managed care and county-based purchasing plans under sections 256B.69
and 256B.692, subject to the opt-out provision under section 256B.69, subdivision 28,
paragraph (c), for persons who are certified as blind or having a disability, and the exemptions
from managed care enrollment listed in section 256B.69, subdivision 4, paragraph (b).

Subd. 2. Definitions. (a) For purposes of this section, the following definitions apply.

(b) "Eligible individuals" means: (1) qualified medical assistance enrollees, defined as
persons eligible for medical assistance as families and children and adults without children
eligible under section 256B.055, subdivision 15; and (2) all MinnesotaCare enrollees.

Subd. 3. Managed care service delivery. (a) In counties that choose to operate a
county-based purchasing plan under section 256B.692, the commissioner shall permit those
counties, in a timely manner, to establish a new county-based purchasing plan or participate
in an existing county-based purchasing plan.

(b) In counties that choose to operate a county-owned health maintenance organization
under section 256B.69, the commissioner shall permit those counties to establish a new
county-owned and operated health maintenance organization or continue serving enrollees
through an existing county-owned and operated health maintenance organization.

(c) County-based purchasing plans and county-owned health maintenance organizations
shall be reimbursed at the capitation rate determined under sections 256B.69 and 256B.692.
(d) The commissioner shall allow eligible individuals the opportunity to opt out of enrollment in a county-based purchasing plan or county-owned health maintenance organization.

Subd. 4. Fee-for-service reimbursement. (a) The commissioner shall reimburse health care providers directly for all medical assistance and MinnesotaCare covered services provided to eligible individuals, using the fee-for-service payment methods specified in chapters 256, 256B, 256R, and 256S.

(b) The commissioner shall ensure that payments under this section to a qualified hospital provider are equivalent to the payments that would have been received based on managed care direct payment arrangements. If necessary, a qualified hospital provider may use a county-owned health maintenance organization to receive direct payments as described in section 256B.1973.

Subd. 5. Termination of managed care contracts. The commissioner shall terminate managed care contracts for eligible individuals under sections 256B.69, 256L.12, and 256L.121 by December 31, 2026, except that the commissioner shall continue to contract with county-based purchasing plans and county-owned health maintenance organizations, as provided under this section.

Subd. 6. System development and administration. (a) The commissioner, under the direct payment system, shall:

(1) provide benefits management, claims processing, and enrollee support services;

(2) coordinate operation of the direct payment system with county agencies and MNsure, and with service delivery to medical assistance enrollees who are age 65 or older, blind, or have disabilities, or who are exempt from managed care enrollment under section 256B.69, subdivision 4, paragraph (b);

(3) establish and maintain provider payment rates at levels sufficient to ensure high-quality care and enrollee access to covered health care services;

(4) develop and monitor quality measures for health care service delivery; and

(5) develop and implement provider incentives and innovative methods of health care delivery, to ensure the efficient provision of high-quality care and reduce health care disparities.

(b) This section does not prohibit the commissioner from seeking legislative and federal approval for demonstration projects to ensure access to care or improve health care quality.

(c) The commissioner may contract with an administrator to administer the direct payment system.

Subd. 7. Implementation plan. (a) The commissioner shall present an implementation plan for the direct payment system to the chairs and ranking minority members of the
legislative committees with jurisdiction over health care policy and finance by January 15, 2025. The commissioner may contract for technical assistance in developing the implementation plan and conducting related studies and analysis.

(b) The implementation plan must include:

(1) a timeline for the development and implementation of the direct payment system;

(2) the procedures to be used to ensure continuity of care for enrollees who transition from managed care to fee-for-service;

(3) any changes to fee-for-service payment rates that the commissioner determines are necessary to ensure provider access and high-quality care, and reduce health disparities;

(4) recommendations on ensuring effective care coordination under the direct payment system, especially for enrollees with complex medical conditions, who face socioeconomic barriers to receiving care, or who are from underserved populations that experience health disparities;

(5) recommendations on whether the direct payment system should provide supplemental payments for care coordination, including:

(i) the provider types eligible for supplemental payments and funding for outreach;

(ii) procedures to coordinate supplemental payments with existing supplemental or cost-based payment methods or to replace these existing methods; and

(iii) procedures to align care coordination initiatives funded through supplemental payments under this section with existing care coordination initiatives;

(6) recommendations on whether the direct payment system should include funding to providers for outreach initiatives to patients who, because of mental illness, homelessness, or other circumstances, are unlikely to obtain needed care and treatment;

(7) recommendations on whether and how the direct payment system should be expanded to deliver services and care coordination to persons who are age 65 or older, are blind, or have a disability;

(8) procedures to compensate providers for any loss of savings from the federal 340B Drug Pricing Program; and

(9) recommendations for statutory changes necessary to implement the direct payment system;

(c) In developing the implementation plan, the commissioner shall:

(1) calculate the projected cost of a direct payment system relative to the cost of the current system;
(2) assess gaps in care coordination under the current medical assistance and
MinnesotaCare programs;

(3) evaluate the effectiveness of approaches other states have taken to coordinate care
under a fee-for-service system, including the coordination of care provided to persons who
are blind or have disabilities;

(4) estimate the loss in provider revenues and cost savings under the federal 340B Drug
Pricing Program that would result from the elimination of managed care plan contracts
under medical assistance and MinnesotaCare, and develop a method to reimburse providers
for these potential losses;

(5) estimate the loss of revenues and cost savings from other payment enhancements
based on managed care plan pass-throughs;

(6) consult with the commissioner of health and the contractor or contractors analyzing
the Minnesota Health Plan and other reform models on plan design and assumptions; and

(7) conduct other analyses necessary to develop the implementation plan.

Sec. 13. Minnesota Statutes 2022, section 256B.04, is amended by adding a subdivision
to read:

Subd. 26. Disenrollment under medical assistance and MinnesotaCare. (a) The
commissioner shall regularly update mailing addresses and other contact information for
medical assistance and MinnesotaCare enrollees in cases of returned mail and nonresponse
using information available through managed care and county-based purchasing plans, state
health and human services programs, and other sources.

(b) The commissioner shall not disenroll an individual from medical assistance or
MinnesotaCare in cases of returned mail until the commissioner makes at least two attempts
by phone, email, or other methods to contact the individual. The commissioner may disenroll
the individual after providing no less than 30 days for the individual to respond to the most
recent contact attempt.

Sec. 14. Minnesota Statutes 2022, section 256B.056, subdivision 7, is amended to read:

Subd. 7. Period of eligibility. (a) Eligibility is available for the month of application
and for three months prior to application if the person was eligible in those prior months.
A redetermination of eligibility must occur every 12 months.

(b) Notwithstanding any other law to the contrary:

(1) a child under 21 years of age who is determined eligible for medical assistance must
remain eligible for a period of 12 months, and

(a) Eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(b) Notwithstanding any other law to the contrary:

(1) a child under 19 years of age who is determined eligible for medical assistance must
remain eligible for a period of 12 months;
Senate Language S2995-3

(2) a child under six years of age who is determined eligible for medical assistance must remain eligible through the month in which the child reaches six years of age.

(c) A child's eligibility under paragraph (b) may be terminated earlier if:

(i) the child or the child's representative requests voluntary termination of eligibility;

(ii) the child ceases to be a resident of this state;

(iii) the child dies;

(iv) the child attains the maximum age; or

(v) the agency determines eligibility was erroneously granted at the most recent eligibility determination due to agency error or fraud, abuse, or perjury attributed to the child or the child's representative.

(d) For a person eligible for an insurance affordability program as defined in section 256B.02, subdivision 19, who reports a change that makes the person eligible for medical assistance, eligibility is available for the month the change was reported and for three months prior to the month the change was reported, if the person was eligible in those prior months.

EFFECTIVE DATE. This section is effective January 1, 2024, or upon federal approval and the implementation of required administrative and systems changes, whichever is later.

The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 15. Minnesota Statutes 2022, section 256B.0631, is amended by adding a subdivision to read:

Subd. 1a. Prohibition on cost-sharing and deductibles. The medical assistance benefit plan must not include cost-sharing or deductibles for any medical assistance recipient or benefit.

House Language UES2995-2

(2) a child 19 years of age and older but under 21 years of age who is determined eligible for medical assistance must remain eligible for a period of 12 months; and

(3) a child under six years of age who is determined eligible for medical assistance must remain eligible through the month in which the child reaches six years of age.

(c) A child's eligibility under paragraph (b) may be terminated earlier if:

(i) the child or the child's representative requests voluntary termination of eligibility;

(ii) the child ceases to be a resident of this state;

(iii) the child dies; or

(iv) the agency determines eligibility was erroneously granted at the most recent eligibility determination due to agency error or fraud, abuse, or perjury attributed to the child or the child's representative.

(d) For a person eligible for an insurance affordability program as defined in section 256B.02, subdivision 19, who reports a change that makes the person eligible for medical assistance, eligibility is available for the month the change was reported and for three months prior to the month the change was reported, if the person was eligible in those prior months.

EFFECTIVE DATE. This section is effective January 1, 2024, or upon federal approval, whichever is later, except that paragraph (b), clause (1), is effective January 1, 2024. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 13. Minnesota Statutes 2022, section 256B.0631, subdivision 1, is amended to read:

Subdivision 1. Cost-sharing. (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following cost-sharing for all recipients, effective for services provided on or after September 1, 2011, to December 31, 2023:

(1) $3 per nonpreventive visit, except as provided in paragraph (b). For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician assistant, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) $3.50 for nonemergency visits to a hospital-based emergency room, except that this co-payment shall be increased to $20 upon federal approval;

(3) $3 per brand-name drug prescription, $1 per generic drug prescription, and $1 per prescription for a brand-name multisource drug listed in preferred status on the preferred
drug list, subject to a $12 per month maximum for prescription drug co-payments. No
co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness;

(4) a family deductible equal to $2.75 per month per family and adjusted annually by
the percentage increase in the medical care component of the CPI-U for the period of
September to September of the preceding calendar year, rounded to the next higher five-cent
increment; and

(5) total monthly cost-sharing must not exceed five percent of family income. For
purposes of this paragraph, family income is the total earned and unearned income of the
individual and the individual’s spouse, if the spouse is enrolled in medical assistance and
also subject to the five percent limit on cost-sharing. This paragraph does not apply to
premiums charged to individuals described under section 256B.057, subdivision 9;

(b) Recipients of medical assistance are responsible for all co-payments and deductibles
in this subdivision.

(c) Notwithstanding paragraph (b), the commissioner, through the contracting process
under sections 256B.69 and 256B.692, may allow managed care plans and county-based
purchasing plans to waive the family deductible under paragraph (a), clause (4). The value
of the family deductible shall not be included in the capitation payment to managed care
plans and county-based purchasing plans. Managed care plans and county-based purchasing
plans shall certify annually to the commissioner the dollar value of the family deductible;

(d) Notwithstanding paragraph (b), the commissioner may waive the collection of the
family deductible described under paragraph (a), clause (4), from individuals and allow
long-term care and waivered service providers to assume responsibility for payment.

(e) Notwithstanding paragraph (b), the commissioner, through the contracting process
under section 256B.0756 shall allow the pilot program in Hennepin County to waive
co-payments. The value of the co-payments shall not be included in the capitation payment
amount to the integrated health care delivery networks under the pilot program;

(f) For services provided on or after January 1, 2024, the medical assistance benefit plan
must not include cost-sharing or deductibles for any medical assistance recipient or benefit.

560.14 EFFECTIVE DATE. This section is effective July 1, 2025, and applies to all medical
assistance benefit plans offered, issued, or renewed on or after that date.
(1) once a recipient has reached the $12 per month maximum for prescription drug
co-payments; or
(2) for a recipient who has met their monthly five percent cost-sharing limit;
(b) The provider collects the co-payment or deductible from the recipient. Providers
may not deny services to recipients who are unable to pay the co-payment or deductible.
(c) Medical assistance reimbursement to fee-for-service providers and payments to
managed care plans shall not be increased as a result of the removal of co-payments or
deductibles effective on or after January 1, 2009.

EFFECTIVE DATE. This section is effective January 1, 2024.
EFFECTIVE DATE. This section is effective January 1, 2027, or upon federal approval, whichever is later; subject to certification under section 32. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 17. Minnesota Statutes 2022, section 256L.04, subdivision 10, is amended to read:

Subd. 10. Citizenship requirements. (a) Eligibility for MinnesotaCare is limited to citizens or nationals of the United States and lawfully present noncitizens as defined in Code of Federal Regulations, title 8, section 103.12. Undocumented noncitizens, with the exception of children under 19 years of age, are ineligible for MinnesotaCare. For purposes of this subdivision, an undocumented noncitizen is an individual who resides in the United States without the approval or acquiescence of the United States Citizenship and Immigration Services. Families with children who are citizens or nationals of the United States must cooperate in obtaining satisfactory documentary evidence of citizenship or nationality according to the requirements of the federal Deficit Reduction Act of 2005, Public Law 109-171.

This section is effective January 1, 2027, or upon federal approval,

Sec. 25. Minnesota Statutes 2022, section 256L.04, subdivision 10, is amended to read:

Subd. 10. Citizenship requirements. (a) Eligibility for MinnesotaCare is limited to citizens or nationals of the United States and lawfully present noncitizens as defined in Code of Federal Regulations, title 8, section 103.12. Undocumented noncitizens, with the exception of children under 19 years of age, are ineligible for MinnesotaCare. For purposes of this subdivision, an undocumented noncitizen is an individual who resides in the United States without the approval or acquiescence of the United States Citizenship and Immigration Services. Families with children who are citizens or nationals of the United States must cooperate in obtaining satisfactory documentary evidence of citizenship or nationality according to the requirements of the federal Deficit Reduction Act of 2005, Public Law 109-171.

(b) Notwithstanding subdivisions 1 and 7, eligible persons include families and individuals who are lawfully present and ineligible for medical assistance by reason of immigration status and who have incomes equal to or less than 200 percent of federal poverty guidelines.

This section is effective January 1, 2027, or upon federal approval,

Sec. 23. Minnesota Statutes 2022, section 256L.07, subdivision 1, is amended to read:

Subd. 1. Persons eligible for public option. (a) Families and individuals with income above the maximum income eligibility limit specified in subdivision 1 or 7 but who meet all other MinnesotaCare eligibility requirements are eligible for MinnesotaCare. All other provisions of this chapter apply unless otherwise specified.

(b) Families and individuals may enroll in MinnesotaCare under this subdivision only during an annual open enrollment period or special enrollment period, as designated by MNsure in compliance with Code of Federal Regulations, title 45, parts 155.410 and 155.420.

This section is effective January 1, 2027, or upon federal approval, whichever is later, subject to certification under section 32. The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.

Sec. 19. Minnesota Statutes 2022, section 256L.07, subdivision 1, is amended to read:

Subdivision 1. General requirements. Individuals enrolled in MinnesotaCare under section 256L.04, subdivision 1, and individuals enrolled in MinnesotaCare under section 256L.04, subdivision 7, whose income increases above 200 percent of the federal poverty guidelines are no longer eligible for the program and shall be disenrolled by the commissioner, unless the individuals continue MinnesotaCare enrollment through the public
option under section 256L.04, subdivision 15. For persons disenrolled under this subdivision,
MinnesotaCare coverage terminates the last day of the calendar month in which the
commissioner sends advance notice according to Code of Federal Regulations, title 42,
section 431.211, that indicates the income of a family or individual exceeds program income
limits.

EFFECTIVE DATE. This section is effective January 1, 2027, or upon federal approval,
whenever is later; subject to certification under section 32. The commissioner of human
services shall notify the revisor of statutes when federal approval is obtained.

Subd. 2. Sliding fee scale; monthly individual or family income. (a) The commissioner
shall establish a sliding fee scale to determine the percentage of monthly individual or family
income that households at different income levels must pay to obtain coverage through the
MinnesotaCare program. The sliding fee scale must be based on the enrollee's monthly
income or family income.

(b) Beginning January 1, 2014, MinnesotaCare enrollees shall pay premiums according
to the premium scale specified in paragraph (d).

(c) Paragraph (b) does not apply to:

(1) children 20 years of age or younger;

(2) individuals with household incomes below 35 percent of the federal poverty
guidelines.

(d) The following premium scale is established for each individual in the household who
is 21 years of age or older and enrolled in MinnesotaCare:

<table>
<thead>
<tr>
<th>Federal Poverty Guideline Greater than or Equal to</th>
<th>Less than Individual Premium Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>$40,000</td>
<td>$4</td>
</tr>
<tr>
<td>$60,000</td>
<td>$6</td>
</tr>
<tr>
<td>$80,000</td>
<td>$8</td>
</tr>
<tr>
<td>$100,000</td>
<td>$10</td>
</tr>
<tr>
<td>$120,000</td>
<td>$12</td>
</tr>
<tr>
<td>$140,000</td>
<td>$14</td>
</tr>
<tr>
<td>$160,000</td>
<td>$16</td>
</tr>
<tr>
<td>$180,000</td>
<td>$18</td>
</tr>
<tr>
<td>$200,000</td>
<td>$20</td>
</tr>
</tbody>
</table>

EFFECTIVE DATE. This section is effective January 1, 2027, or upon federal approval,
whenever is later. The commissioner of human services shall notify the revisor of statutes
when federal approval is obtained.

REVISOR FULL-TEXT SIDE-BY-SIDE
The commissioner shall adjust the premium scale as needed to ensure that premiums do not exceed the amount that an individual would have been required to pay if the individual was enrolled in an applicable benchmark plan in accordance with the Code of Federal Regulations, title 42, section 600.505 (a)(1).

(d) The commissioner shall establish a sliding premium scale for persons eligible through the public option under section 256L.04, subdivision 15. Beginning January 1, 2027, persons eligible through the public option shall pay premiums according to this premium scale.

Persons eligible through the public option who are 20 years of age or younger are exempt from paying premiums.

EFFECTIVE DATE. This section is effective January 1, 2024, and certification under section 32 is not required, except that paragraph (d) is effective January 1, 2027, or upon federal approval, whichever is later.
Sec. 22. [290.433] EASY ENROLLMENT HEALTH INSURANCE OUTREACH

Program Checkoff.

Subdivision 1. Taxpayer designation. Any individual who files an income tax return may designate on their original return a request that the commissioner provide their return information to the MNsure board for purposes of providing the individual with information about potential eligibility for financial assistance and health insurance enrollment options under section 62V.13, to the extent necessary to administer the easy enrollment health insurance outreach program.

Subd. 2. Form. The commissioner shall notify filers of their ability to make the designation in subdivision 1 on their income tax return.

EFFECTIVE DATE. This section is effective for taxable years beginning after December 31, 2023.

Sec. 23. DIRECTION TO MNSURE BOARD AND COMMISSIONER.

The MNsure board and the commissioner of the Department of Revenue must develop and implement systems, policies, and procedures that encourage, facilitate, and streamline data sharing, projected eligibility assessments, and notice to taxpayers to achieve the purpose of the easy enrollment health insurance outreach program under Minnesota Statutes, section 62V.13, for operation beginning with tax year 2023.

Sec. 24. RECOMMENDATIONS; OFFICE OF PATIENT PROTECTION.

(a) The commissioners of human services, health, and commerce and the MNsure board shall submit to the health care affordability board and the chairs and ranking minority members of the legislative committees with primary jurisdiction over health and human services finance and policy and commerce by January 15, 2024, a report on the organization and duties of the Office of Patient Protection, to be established under Minnesota Statutes, section 62J.89, subdivision 4. The report must include recommendations on how the office shall:

(1) coordinate or consolidate within the office existing state agency patient protection activities, including but not limited to the activities of ombudsman offices and the MNsure board;

(2) enforce standards and procedures under Minnesota Statutes, chapter 62M, for utilization review organizations;

(3) work with private sector and state agency consumer assistance programs to assist consumers with questions or concerns relating to public programs and private insurance coverage;
(4) establish and implement procedures to assist consumers aggrieved by restrictions on patient choice, denials of services, and reductions in quality of care resulting from any final action by a payer or provider; and

(5) make health plan company quality of care and patient satisfaction information and other information collected by the office readily accessible to consumers on the board’s website.

(b) The commissioners and the MNSure board shall consult with stakeholders as they develop the recommendations. The stakeholders consulted must include but are not limited to organizations and individuals representing: underserved communities; persons with disabilities; low-income Minnesotans; senior citizens; and public and private sector health plan enrollees, including persons who purchase coverage through MNSure, health plan companies, and public and private sector purchasers of health coverage.

(c) The commissioners and the MNSure board may contract with a third party to develop the report and recommendations.

Sec. 25. TRANSITION TO MINNESOTACARE PUBLIC OPTION.

(a) The commissioner of human services must continue to administer MinnesotaCare as a basic health program in accordance with Minnesota Statutes, section 256L.02, subdivision 5 and must seek federal waivers, approvals, and law changes as required under section 26.

(b) The commissioner must present an implementation plan for the MinnesotaCare public option under Minnesota Statutes, section 256L.04, subdivision 15, to the chairs and ranking minority members of the legislative committees with jurisdiction over health care policy and finance by December 15, 2024. The plan must include:

(1) recommendations for any changes to the MinnesotaCare public option necessary to continue federal basic health program funding or to receive other federal funding;

(2) recommendations for ensuring sufficient provider participation in MinnesotaCare;

(3) estimates of state costs related to the MinnesotaCare public option;

(4) a description of the proposed premium scale for persons eligible through the public option, including an analysis of the extent to which the proposed premium scale:

(i) ensures affordable premiums for persons across the income spectrum enrolled under the public option; and

(ii) avoids premium cliffs for persons transitioning to and enrolled under the public option; and

(1) recommendations for any changes to the MinnesotaCare public option necessary to continue federal basic health program funding or to receive other federal funding;

(2) recommendations for ensuring sufficient provider participation in MinnesotaCare;

(3) estimates of state costs related to the MinnesotaCare public option;

(4) a description of the proposed premium scale for persons eligible through the public option, including an analysis of the extent to which the proposed premium scale:

(i) ensures affordable premiums for persons across the income spectrum enrolled under the public option; and

(ii) avoids premium cliffs for persons transitioning to and enrolled under the public option; and
88.1 Draft legislation that includes any additional policy and conforming changes necessary to implement the MinnesotaCare public option and the implementation plan recommendations.

88.2 Draft legislation that includes any additional policy and conforming changes necessary to implement the MinnesotaCare public option and the implementation plan recommendations.

566.1 (c) The commissioner shall present to the chairs and ranking minority members of the legislative committees with jurisdiction over health care policy and finance, by January 15, 2025, a report comparing service delivery and payment system models for delivering services to MinnesotaCare enrollees eligible under Minnesota Statutes, section 256L.04, subdivisions 1, 7, and 15. The report must compare the current delivery model with at least two alternative models. The alternative models must include a state-based model in which the state holds the plan risk as the insurer and may contract with a third-party administrator for claims processing and plan administration. The alternative models may include but are not limited to:

(1) expanding the use of integrated health partnerships under Minnesota Statutes, section 256B.0755;

(2) delivering care under fee-for-service through a primary care case management system; and

(3) continuing to contract with managed care and county-based purchasing plans for some or all enrollees under modified contracts.

566.2 (d) The report must also include:

(1) a description of how each model would address:

(i) racial inequities in the delivery of health care and health care outcomes;

(ii) geographic inequities in the delivery of health care;

(iii) incentives for preventive care and other best practices; and

(iv) reimbursement of providers for high-quality, value-based care at levels sufficient to sustain or increase enrollee access to care;

(2) a comparison of the projected cost of each model; and

(3) an implementation timeline for each model that includes the earliest date by which each model could be implemented if authorized during the 2025 legislative session.

566.3 EFFECTIVE DATE. This section is effective the day following final enactment.

567.1 Sec. 26. REQUEST FOR FEDERAL APPROVAL.

(a) The commissioner of human services must seek all federal waivers, approvals, and law changes necessary to implement a MinnesotaCare public option and any related changes to state law, including but not limited to those waivers, approvals, and law changes necessary to allow the state to:

567.2 Sec. 28. REQUEST FOR FEDERAL APPROVAL.

(a) The commissioner of human services shall seek any federal waivers, approvals, and law changes necessary to implement the MinnesotaCare public option under Minnesota Statutes, section 256L.04, subdivision 15, including but not limited to those waivers, approvals, and law changes necessary to allow the state to:
Senate Language S2995-3

567.6 (1) continue receiving federal basic health program payments for basic health
program-eligible MinnesotaCare enrollees and to receive other federal funding for the

567.7 MinnesotaCare public option;

567.8 (2) receive federal payments equal to the value of premium tax credits and cost-sharing
reductions that MinnesotaCare enrollees with household incomes greater than 200 percent
of the federal poverty guidelines would otherwise have received; and

567.9 (3) receive federal payments equal to the value of emergency medical assistance that
would otherwise have been paid to the state for covered services provided to eligible
enrollees.

567.15 (b) In implementing this section, the commissioner of human services must contract
with one or more independent entities to conduct an actuarial analysis of the implementation,
administration, and effects of the provisions of a MinnesotaCare public option and any
related changes to state law, including but not limited to benefits, costs, impacts on coverage,
administrative costs of administering, delivering, and paying for the care, impacts on
the state's individual market, and compliance with federal law, at a minimum as necessary to obtain any waivers, approvals, and law changes sought under this section.

567.22 (g) In implementing this section, the commissioner of human services shall consult with
the commissioner of commerce and the Board of Directors of MNsure and may contract
for technical assistance.

567.25 EFFECTIVE DATE. This section is effective the day following final enactment.

567.26 Sec. 27. ANALYSIS OF BENEFITS AND COSTS OF A UNIVERSAL HEALTH
CARE SYSTEM.

567.28 Subdivision 1. Definitions. (a) "Total public and private health care spending" means:

567.29 (1) spending on all medical care including but not limited to dental, vision and hearing,
mental health, chemical dependency treatment, prescription drugs, medical equipment and
supplies, long-term care, and home care, whether paid through premiums, co-pays and
deductibles, other out-of-pocket payments, or other funding from government, employers,
or other sources; and

567.31 (2) the costs associated with administering, delivering, and paying for the care. The costs
of administering, delivering, and paying for the care includes all expenses by insurers,
providers, employers, individuals, and the government to select, negotiate, purchase, and
administer insurance and care including but not limited to coverage for health care, dental,
long-term care, prescription drugs, medical expense portions of workers compensation

567.8.14 (b) "Total public and private health care spending" means:

567.8.29 (1) spending on all medical care including but not limited to dental, vision and hearing,
mental health, chemical dependency treatment, prescription drugs, medical equipment and
supplies, long-term care, and home care, whether paid through premiums, co-pays and
deductibles, other out-of-pocket payments, or other funding from government, employers,
or other sources; and

567.31 (2) the costs associated with administering, delivering, and paying for the care. The costs
of administering, delivering, and paying for the care includes all expenses by insurers,
providers, employers, individuals, and the government to select, negotiate, purchase, and
administer insurance and care including but not limited to coverage for health care, dental,
long-term care, prescription drugs, and the medical expense portions of workers compensation

May 04, 2023 02:26 PM
House Language UES2995-2

567.6 (1) continue receiving federal basic health program payments for basic health
program-eligible MinnesotaCare enrollees and to receive other federal funding for the

567.7 MinnesotaCare public option;

567.8 (2) receive federal payments equal to the value of premium tax credits and cost-sharing
reductions that MinnesotaCare enrollees with household incomes greater than 200 percent
of the federal poverty guidelines would otherwise have received; and

567.9 (3) receive federal payments equal to the value of emergency medical assistance that
would otherwise have been paid to the state for covered services provided to eligible
enrollees.

567.15 (b) In implementing this section, the commissioner of human services shall consult with
the commissioner of commerce and the Board of Directors of MNsure and may contract
for technical assistance.

567.22 (g) In implementing this section, the commissioner of human services must consult with
the commissioner of commerce and the Board of Directors of MNsure and may contract
for technical assistance.

567.25 EFFECTIVE DATE. This section is effective the day following final enactment.

567.26 Sec. 27. ANALYSIS OF BENEFITS AND COSTS OF UNIVERSAL HEALTH CARE
SYSTEM REFORM MODELS.

567.28 Subdivision 1. Definitions. (a) For purposes of this section, the following terms have
the meanings given:

THE FOLLOWING PARAGRAPH WAS MOVED UP FROM UES2995-2, ARTICLE 2, SECTION 29, SUBDIVISION 1, PARAGRAPH (F)

567.8.14 (b) "Total public and private health care spending" means:

567.8.29 (1) spending on all medical care including but not limited to dental, vision and hearing,
mental health, chemical dependency treatment, prescription drugs, medical equipment and
supplies, long-term care, and home care, whether paid through premiums, co-pays and
deductibles, other out-of-pocket payments, or other funding from government, employers,
or other sources; and

567.31 (2) the costs associated with administering, delivering, and paying for the care. The costs
of administering, delivering, and paying for the care includes all expenses by insurers,
providers, employers, individuals, and the government to select, negotiate, purchase, and
administer insurance and care including but not limited to coverage for health care, dental,
long-term care, prescription drugs, and the medical expense portions of workers compensation
automobile insurance, and the cost of administering and paying for all health care products and services that are not covered by insurance.

(b) "All necessary care" means the full range of services listed in the proposed Minnesota Health Plan legislation, including medical, dental, vision and hearing, mental health, chemical dependency treatment, reproductive and sexual health, prescription drugs, medical equipment and supplies, long-term care, home care, and coordination of care.

Subd. 2. Initial assumptions. (a) When calculating administrative savings under the universal health proposal, the analysis shall recognize that simple, direct payment of medical services avoids the need for provider networks, eliminates prior authorization requirements, and eliminates administrative complexity of other payment schemes along with the need for creating risk adjustment mechanisms, and measuring, tracking, and paying under those risk adjusted or nonrisk adjusted payment schemes by both providers and payors.

(b) The analysts shall assume that, while gross provider payments may be reduced to reflect reduced administrative costs, net provider income would remain similar to the current system. However, they shall not assume that payment rate negotiations will track current Medicaid, Medicare, or market payment rates or a combination of those rates, because provider compensation, after adjusting for reduced administrative costs, would not be universally raised or lowered but would be negotiated based on market needs, so provider compensation might be raised in an underserved area such as mental health but lowered in other areas.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 28. BENEFIT AND COST ANALYSIS OF A UNIVERSAL HEALTH REFORM PROPOSAL.

Subdivision 1. Contract for analysis of proposal. The commissioner of health shall contract with one or more independent entities to conduct an analysis of the benefits and costs of a legislative proposal for a universal health care financing system and a similar analysis of the current health care financing system to assist the state in comparing the benefits and costs of the legislative proposal with the current system. However, they shall not assume that payment rate negotiations will track current Medicaid, Medicare, or market payment rates or a combination of those rates, because provider compensation, after adjusting for reduced administrative costs, would not be universally raised or lowered but would be negotiated based on market needs, so provider compensation might be raised in an underserved area such as mental health but lowered in other areas.

89.19 and automobile insurance, and the cost of administering and paying for all health care products and services that are not covered by insurance.

(b) "All necessary care" means the full range of services listed in the proposed Minnesota Health Plan legislation, including medical, dental, vision and hearing, mental health, chemical dependency treatment, reproductive and sexual health, prescription drugs, medical equipment and supplies, long-term care, home care, and coordination of care.

(c) "Direct payment system" means the health care delivery system authorized by Minnesota Statutes, section 256L.04, subdivision 15.

(d) "MinnesotaCare public option" means the MinnesotaCare expansion to cover individuals eligible under Minnesota Statutes, section 256L.04, subdivision 15.

(e) "Other reform models" means alternative models of health care reform, which may include changes to health system administration, payments, or benefits, and may be comprehensive or specific to selected market segments or populations.

UES2995-2, ARTICLE 2, SECTION 29, SUBDIVISION 1, PARAGRAPH (F) WAS MOVED UP TO MATCH S2995-3, ARTICLE 16, SECTION 27, SUBDIVISION 1, PARAGRAPH (A)
proposal to the current system. The contract must strive to produce estimates for all elements in subdivision 3.

Subd. 2. Proposal. The commissioner of health, with input from the commissioners of human services and commerce, shall submit to the contractor for analysis the legislative proposal known as the Minnesota Health Plan, proposed in 2023 Senate File No. 2740; House File No. 2798, if enacted, that would offer a universal health care plan designed to meet a set of principles, including:

1) ensure all Minnesotans are covered;
2) cover all necessary care; and
3) allow patients to choose their doctors, hospitals, and other providers.

Subd. 3. Proposal analysis. (a) The analysis must measure the performance of both the proposed Minnesota Health Plan and the current public and private health care financing system over a ten-year period to contrast the impact on:

1) coverage: the number of people who are uninsured versus the number of people who are insured;
2) benefit completeness: adequacy of coverage measured by the completeness of the coverage and the number of people lacking coverage for key necessary care elements such as dental, long-term care, medical equipment or supplies, vision and hearing, or other health services that are not covered, if any. The analysis must take into account the vast variety of benefit designs in the commercial market and report the extent of coverage in each area;
3) underinsurance: whether people with coverage can afford the care they need or whether cost prevents them from accessing care. This includes affordability in terms of premiums, deductibles, and out-of-pocket expenses;
4) system capacity: the timeliness and appropriateness of the care received and whether people turn to inappropriate care such as emergency rooms because of the lack of proper care in accordance with clinical guidelines; and
5) health care spending: total public and private health care spending in Minnesota under the current system versus under the Minnesota Health Plan legislative proposal.

(b) In conducting these analyses, the contractor or contractors shall develop and use an analytic tool that meets the requirements in subdivision 4, and shall also make this analytic tool available for use by the commissioner.

(c) The commissioner shall issue a request for information. Based on responses to the request for information, the commissioner shall issue a request for proposals that specifies requirements for the design, analysis, and deliverables, and shall select one or more contractors based on responses to the request for proposals. The commissioner shall consult with the chief authors of this act in implementing this paragraph.

Subd. 4. Requirements for analytic tool. (a) The analytic tool must be able to assess and model the impact of the Minnesota Health Plan, the direct payment system, the MinnesotaCare public option, and other reform models on:

1) coverage: the number of people who are uninsured versus the number of people who are insured;
2) benefit completeness: adequacy of coverage measured by the completeness of the coverage and the number of people lacking coverage for key necessary care elements such as dental, long-term care, medical equipment or supplies, vision and hearing, or other health services that are not covered, if any. The analysis must take into account the vast variety of benefit designs in the commercial market and report the extent of coverage in each area;
3) underinsurance: whether people with coverage can afford the care they need or whether cost prevents them from accessing care. This includes affordability in terms of premiums, deductibles, and out-of-pocket expenses;
4) system capacity: the timeliness and appropriateness of the care received and whether people turn to inappropriate care such as emergency rooms because of the lack of proper care in accordance with clinical guidelines; and
5) health care spending: total public and private health care spending in Minnesota, including all spending by individuals, businesses, and government. Where relevant, the
including all spending by individuals, businesses, and government. Where relevant, the
analysis shall be broken out by key necessary care areas, such as medical, dental, and mental
health. The analysis of total health care spending shall examine whether there are savings
or additional costs under the legislative proposal compared to the existing system due to:

(i) changes in cost of insurance, billing, underwriting, marketing, evaluation, and other
administrative functions for all entities involved in the health care system, including savings
from global budgeting for hospitals and institutional care instead of billing for individual
services provided;

(ii) changed prices on medical services and products, including pharmaceuticals, due to
price negotiations under the proposal;

(iii) impact on utilization, health outcomes, and workplace absenteeism due to prevention,
early intervention, and health-promoting activities;

(iv) shortages or excess capacity of medical facilities, equipment, and personnel, including
caregivers and staff, under either the current system or the proposal, including capacity of
clinics, hospitals, and other appropriate care sites versus inappropriate emergency room
usage. The analysis shall break down capacity by geographic differences such as rural versus
metro, and disparate access by population group;

(v) the impact on state, local, and federal government non-health-care expenditures,
This may include areas such as reduced crime and out-of-home placement costs due to
mental health or chemical dependency coverage. Additional definition may further develop
hypotheses for other impacts that warrant analysis;

(vi) job losses or gains within the health care system, specifically, in health care delivery,
health billing, and insurance administration;

(vii) job losses or gains elsewhere in the economy under the proposal due to
implementation of the resulting reduction of insurance and administrative burdens on
businesses; and

(viii) impacts on disparities in health care access and outcomes.

(b) The contractor or contractors shall propose an iterative process for designing and
conducting the analysis. Steps shall be reviewed with and approved by the commissioner
of health and lead house and senate authors of the legislative proposal, and shall include
but not be limited to:

(1) clarification of the specifics of the proposal. The analysis shall assume that the
provisions in the proposal are not preempted by federal law or that the federal government
gives a waiver to the preemptions;

(2) additional data elements needed to accomplish goals of the analysis;

analysis shall be broken out by key necessary care areas, such as medical, dental, and mental
health. The analysis of total health care spending shall examine whether there are savings
or additional costs under the legislative proposal compared to the existing system due to:

(i) changes in cost of insurance, billing, underwriting, marketing, evaluation, and other
administrative functions for all entities involved in the health care system, including savings
from global budgeting for hospitals and institutional care instead of billing for individual
services provided;

(ii) changed prices on medical services and products, including pharmaceuticals, due to
price negotiations under the proposal;

(iii) impact on utilization, health outcomes, and workplace absenteeism due to prevention,
early intervention, and health-promoting activities;

(iv) shortages or excess capacity of medical facilities, equipment, and personnel, including
caregivers and staff, under either the current system or the proposal, including capacity of
clinics, hospitals, and other appropriate care sites versus inappropriate emergency room
usage. The analysis shall break down capacity by geographic differences such as rural versus
metro, and disparate access by population group;

(v) the impact on state, local, and federal government non-health-care expenditures,
This may include areas such as reduced crime and out-of-home placement costs due to
mental health or chemical dependency coverage. Additional definition may further develop
hypotheses for other impacts that warrant analysis;

(vi) job losses or gains within the health care system, specifically, in health care delivery,
health billing, and insurance administration;

(vii) job losses or gains elsewhere in the economy under the proposal due to
implementation of the resulting reduction of insurance and administrative burdens on
businesses; and

(viii) impacts on disparities in health care access and outcomes.
(3) assumptions analysts are using in their analysis and the quality of the evidence behind those assumptions;

(d) timing of each stage of the project with agreed upon decision points;

(4) approaches to address any services currently provided in the existing health care system that may not be provided for within the Minnesota Health Plan as proposed; and

(5) optional scenarios provided by contractor or contractors with minor alterations in the proposed plan related to services covered or cost-sharing if those scenarios might be helpful to the legislature;

(b) The analytic tool must:

(1) have the capacity to conduct interactive microsimulations;

(2) allow comparisons between the Minnesota Health Plan, the direct payment system, the MinnesotaCare public option, the current delivery system, and other reform models, on the relative impact of these delivery approaches on the variables described in paragraph (a); and

(3) allow comparisons based on differing assumptions about the characteristics and operation of the delivery approaches;

Subd. 5. Analyses by the commissioner. The commissioner, in cooperation with the commissioners of human services and commerce and the legislature, may use the analytic tool to assist in the development, design, and analysis of reform models under consideration by the legislature and state agencies, and to supplement the analyses of the Minnesota Health Plan, the MinnesotaCare public option, and the direct payment system conducted by the contractor or contractors under this section.

Subd. 6. Report and delivery of analytic tool. (a) The contractor or contractors, by January 15, 2026, shall report findings and recommendations to the commissioner; and to the chairs and ranking minority members of the legislative committees with jurisdiction over health and human services policy and finance aligned with the iterative process defined above.

(b) The contractor or contractors shall make the analytic tool available to the commissioner by January 15, 2026.

EFFECTIVE DATE. This section is effective the day following final enactment.
Sec. 29. APPOINTMENTS AND INITIAL MEETING OF THE HEALTH CARE AFFORDABILITY BOARD.

Appointing authorities must make first appointments to the Health Care Affordability Board under Minnesota Statutes, section 62J.87, by October 1, 2023. The governor must designate one member to serve as an acting chair until the council selects a chair at its first meeting. The acting chair must convene the first meeting by January 1, 2024.

Sec. 30. TERMS OF INITIAL APPOINTEES OF THE HEALTH CARE AFFORDABILITY ADVISORY COUNCIL.

Notwithstanding Minnesota Statutes, section 62J.88, subdivision 3, the initial appointed members of the Health Care Affordability Advisory Council under Minnesota Statutes, section 62J.88, shall serve staggered terms of two, three, and four years determined by lot by the secretary of state.

Sec. 31. REPEALER.

Minnesota Statutes 2022, section 256B.0631, subdivisions 1, 2, and 3, are repealed.

Sec. 32. CONTINGENT EFFECTIVE DATE.

Sections 16, 18, and 19, and the specified portion of section 20, are effective January 1, 2027, or upon federal approval, whichever is later, but only if the commissioner of human services certifies to the legislature the following:

1. that implementation of those sections will not result in substantial reduction in federal basic health program funding for MinnesotaCare enrollees with incomes not exceeding 200 percent of the federal poverty guidelines;
2. premiums necessary to operationalize the program are deemed affordable in accordance with applicable federal law;
3. the actuarial value of benefit does not fall below 94 percent and the benefit set is equal to or greater than that historically available in MinnesotaCare;
4. the 1332 waiver was approved consistent, or without substantial deviation, from the implementation plan;
5. the commissioner of commerce certifies that the public option would expand plan options available for individuals purchasing coverage;
6. the state receives a substantially similar pass-through funding amount from the federal government that would have otherwise gone to enrollees' advanced premium tax credits.
(7) individuals currently served by the MinnesotaCare program are not disproportionately or substantively negatively impacted in order to make the public option affordable or implementable; and

(8) individuals currently served by the Medical Assistance program are not disproportionately or substantively negatively impacted in order to make the public option affordable or implementable;

The commissioner of human services shall notify the revisor of statutes when federal approval is obtained.
