HOW TO CITE

Cite all material in the *State Register* by Volume number and page number.

Example: Volume 2, *State Register*, page 94 (short form: 2 S.R. 94).

Individual copies of the *State Register* may be purchased at either the Office of the State Register or the Documents Section, for \$2.25.

Change of address notices, subscription or single-copy orders and undelivered copies should be sent to:

THE OFFICE OF THE STATE REGISTER
95 Sherburne, Suite 203
St. Paul, Minnesota 55103
296-8239

Materials published in the *State Register* are public records under Minn. Stat. § 15.17. Individual documents may be freely copied from the *State Register*. However, the State of Minnesota has reserved a copyright to cross reference tables, tables of contents, indices, numerical lists and codification guides, as provided in RGSTR 7 of the rules of the Office of the State Register.

The *State Register* is the official publication of the State of Minnesota. It contains all executive orders, rules and notices filed with the Office of the State Register as of noon of the second Thursday preceding the Monday of publication. The text of documents published in the *State Register* is to be accorded the following presumptions:

- (1) The rule or order was duly adopted, issued or promulgated;
- (2) The rule or order was duly filed with the Secretary of State and available for public inspection at the day and hour endorsed thereon; and
- (3) The copy of the rule or order published in the *State Register* is a true copy of the original.

Judicial notice shall be taken of material published in the *State Register*.

The *State Register* is published weekly, on Monday, by the State of Minnesota, Department of Administration, Office of the State Register, Suite 203, 95 Sherburne Avenue, St. Paul, Minnesota 55103, pursuant to Minn. Stat. § 15.0411. In accordance with expressed legislative intent that the *State Register* be self-supporting, the subscription rate has been established at \$110 per year, and \$85 per year for second and additional subscriptions, postpaid to points in the United States. Second class postage paid at St. Paul, Minnesota.

Rules

DEPARTMENT OF PUBLIC WELFARE

PROGRAMS FOR DRUG ABUSE PREVENTION AND TREATMENT

DPW 24 Administration and implementation.

A. Statutory citation. Minn. Stat. ch. 254A establishes the authority of the Commissioner of Public Welfare to develop programs relating to treatment for alcohol and drug abuse; to provide for programs of prevention, intervention and treatment for employees and underserved groups; and to appropriate monies.

B. Introduction. This rule governs the development of chemical dependency prevention, identification and referral, and treatment programs for affected employees, youth and other underserved populations, and Native Americans who have need for such services.

C. Definitions.

1. Affected Employee — an employee whose job performance is substantially affected by chemical dependency.

2. Citizen's Advisory Council — a council established pursuant to Minn. Stat. § 254A.04.

3. Commissioner — Commissioner of the Minnesota Department of Public Welfare.

4. Community Mental Health Board — a board established pursuant to Minn. Stat. §§ 245.61 thru 245.69.

5. Indian Tribe — any Indian group currently recognized or previously recognized by the Federal Government and eligible for special programs and services provided by the United States government.

6. Native American — any Minnesota resident who is a member of a federally recognized American Indian Tribe or Band of the United States.

7. Native American Advisory Board — a board of Minnesota Native American people referred to in Minn. Stat. § 254A.03.

8. Other Underserved Populations — identifiable groups of significant numbers who do not have available sufficient programs and services designed to meet their special chemical dependency needs. This includes and is limited to:

- a. persons age 65 and over
- b. women ages 19 to 65 years
- c. Blacks
- d. Chicanos
- e. Gay men and Lesbian women

9. Participating Community Mental Health Board — a board established pursuant to Minn. Stat. §§ 245.61 thru 245.69 which participates under this rule in the provision of services to chemically dependent persons.

10. Prevention — programs directed towards reducing the number of people requiring treatment services because of chemical abuse problems.

11. Purchase of Service Agreement — a contract between either the Community Mental Health Board or the State Agency and the service provider which specifies what services will be provided, the method of delivery, the staff to be employed and the evaluation design. The agreement may also include a personal services contract.

12. Services Providers — any group, organization, or individual capable of planning, designing, developing, installing, providing training, or evaluating programs which carry out the intent of this rule.

13. Treatment — chemical dependency rehabilitation programs including counseling, non-residential and residential care and aftercare.

14. Youth — any person 18 years of age or under.

15. State Agency — Minnesota Department of Public Welfare (DPW).

D. Responsibilities.

1. Department of Public Welfare.

a. Design and implement a plan of affirmative outreach which will inform and facilitate the participation of the appropriate parties.

b. Establish time schedules within which the community mental health boards and service providers must perform to be eligible for participation under this rule.

c. Approve the community mental health board program plans for provision of services, including but not necessarily limited to:

- (1) Design
- (2) Implementation schedule and procedure
- (3) Fund allocation
- (4) Evaluation of the program

d. Provide technical assistance to community

mental health board as requested or needed in the following areas:

- (1) Plan design
- (2) Service design
- (3) Procurement procedures
- (4) Evaluation design

e. Disburse available funds to programs for Native Americans with the advice of the Native American Advisory Board. All design, planning, development, implementation, funding and evaluation of programs for Native Americans shall be done with the advice of the Native American Advisory Board.

f. Allocate available funds to participating community mental health boards for affected employee programs on the basis of numbers of persons in the work force in counties served by the community mental health boards.

g. Allocate available funds to the community mental health board for purposes of providing programs to youth and other underserved populations. In order to provide viable programs to Blacks, Chicanos and Gay Men and Lesbian Women, up to \$325,000 of the FY 1977 allocation shall be allocated to Hennepin County Department of MH-MR and CD and Ramsey County Mental Health Board; other community mental health boards may contract for these programs with Hennepin County Department of MH-MR and CD and Ramsey County Mental Health Board. The balance of \$1,031,000 for youth and underserved shall be allocated to all participating community mental health boards by:

(1) Totaling the numbers of persons statewide who are:

(a) enrolled in elementary, middle and secondary schools

(b) unemployed females ages 19 through 65

(c) over age 65

(2) Dividing the sum of the totals from D.1.g.(1) of this rule into \$1,031,000.

(3) Multiplying on a county by county or community mental health board by community mental health board basis, the quotient arrived at in D.1.g.(2) above by:

(a) the numbers of persons enrolled in elementary, middle and secondary schools residing in each county or community mental health board;

(b) the numbers of unemployed women aged 19 through 65 residing in each county or community mental health board; and

(c) the numbers of persons age 65 and over residing in each county or community mental health board area.

(4) On either a county by county or a community mental health board by community mental health board basis take the products of D.1.g.(3)(a)(b)(c) above as they apply to each county or community mental health board area and add them together to determine the total youth and underserved population allocation to each county or community mental health board area.

h. Reallocation of unused funds.

(1) The state agency shall, on the basis of schedules set by DPW and responses received, determine which boards are participating. If all boards do not participate, funds tentatively allocated to non-participating boards may be reallocated to participating boards on the same basis as prior allocations.

(2) In the event that the community mental health board program is not approved or cannot be executed in accordance with this rule, or the board decides at a later date not to participate, the funds may be reallocated.

(3) Funds available under the provisions of this rule which are unexpended after six months may be reallocated.

i. Evaluation. The Commissioner shall directly or by contract provide the following evaluation services:

(1) Develop an evaluation design that can be applied to all programs developed under this rule.

(2) Integrate the evaluation design into an overall evaluation system for all chemical dependency programs.

(3) Design an evaluation system which shall be capable of providing process data one year after installation and outcome data two years after installation.

2. Community mental health boards are responsible for provision of the following services:

a. Any participating community mental health board may enter into a joint agreement with one or more other community mental health boards to provide programs on a multi-area basis.

KEY: New rules and both proposed and adopted additions to existing rules are printed in boldface. Proposed and adopted deletions from existing rules are printed in [single brackets]. Underlining indicates additions from proposed to adopted rules, while [[double brackets]] indicate deletions from proposed to adopted rules. Existing rules are printed in standard type face.

b. All community mental health boards shall consult with county welfare boards regarding proposed programs prior to submission of program plans to the state agency.

c. Each participating board, in order to qualify for funds to provide programs for affected employees shall demonstrate how the funds, used either separately or in conjunction with existing program efforts and/or other resources, will be used to provide comprehensive programming which includes the following:

(1) Methods that will be used to maximize employer participation in and utilization of the services provided, including a plan which requires the formation of a joint committee for each employer or consortium of employers consisting of representatives from management, various levels within the organization structure in non-union settings or organized labor if the employer has one or more collective bargaining agreements, consultants, and/or community care givers.

(2) Plan for transferring the responsibility and the cost of administering and maintaining the programs from the Community Mental Health Board to the employers within 24 months after installation.

(3) Method of gathering data to provide adequate information for the DPW approved program evaluation system.

(4) Plan for establishing appropriate personnel; and procedures in participating industries.

(5) Procedure outline development and written policy.

(6) Install adequate diagnostic and referral resources either at the employment site or in the community and a training program for persons serving in this function.

(7) Training and orientation programs for management, supervision and key labor representatives when appropriate.

(8) Ongoing communication and education related to the purpose and scope of the program to all employees and their families.

d. Each participating Community Mental Health Board in order to qualify for funds available for youth and other underserved populations, shall demonstrate how the funds, used either separately or in conjunction with existing program efforts and/or other resources, will be used to provide programs to youth, women and elderly persons. The community mental health boards shall determine how funds shall be used in providing programs to each of these groups respectively on the basis of:

(1) Problem manifestation by underserved group

(2) Current lack of programming effort to underserved group

(3) Needs assessment

(4) Definition of goals

(5) Description of process

(6) Evaluation of progress

In addition, Hennepin and Ramsey counties shall also provide programs for Blacks, Chicanos, and Gay men and Lesbian women.

e. If, after examining all available alternatives, a community mental health board finds it is not feasible to provide programs for each of the three mandatory underserved groups and cannot enter into a joint multi-area effort with one or more other community mental health boards but can demonstrate an ability to provide a viable program to one or two of the three mandatory underserved populations, the Commissioner may grant a waiver.

f. In order to qualify for funds under this rule, the community mental health boards must have an evaluation system approved by DPW for each program developed that is capable of providing both process and outcome data.

g. The general program plan, which is to be submitted to the state agency should contain the following:

(1) A determination of early intervention, training and prevention service needs for affected employee, youth, and other underserved population programs.

(2) General descriptions of programs based on identified service needs.

(3) A budget.

(4) Description of program administration and monitoring including accounting, legal counsel, part time administration, etc.

(5) Statement that existing funds will not be supplanted or reduced and that existing program resources will be fully utilized.

(6) A timetable for program implementation.

(7) A statement of compliance with program evaluation requirements.

(8) A statement as to the expected general impact of programs on the total delivery system.

h. The community mental health board shall advertise and make public requests for proposals from vendors and must consider all submitted proposals which comply with the program plan and applicable

regulations. Additionally the community mental health board shall establish award criteria prior to any proposal review. Proposals should address, but not necessarily be limited to the following:

- (1) Statement of program goals and objectives.
- (2) Procedures for reaching goals and objectives.
- (3) Schedule for performance by action step.
- (4) System for reaching target population and estimated numbers to be served.
- (5) Applicable rules, regulations, standards, and/or licensing requirements.
- (6) Evaluation method.
- (7) Where program is to be provided.
- (8) Budget.

Non-compliance with the contents of this rule may result in the withholding of funds.

3. Service providers. All contracts between community mental health boards and service providers must conform with state affirmative action and equal employment opportunity programs and other applicable federal, state, and local laws and rules. In addition, contracts shall provide for the following:

a. Collection of program descriptive data including:

- (1) Staffing patterns.

(2) The capacity of providing services, i.e., resources, community mental health boards or service providers.

(3) Target population: identification and actual contacts.

(4) Consequences of contacts.

b. Collection, recording and reporting of descriptive data on persons served by each program activity on a monthly basis.

c. Collection, recording and reporting of data describing what service was provided to clients on a monthly basis.

d. At the end of the funding period, provide the community mental health board with a report including:

(1) The program goals and objectives, the rationale for program activities, and the description of the target group(s) as stated in the original proposal.

(2) An enumeration of services actually provided by the program.

(3) A self assessment of 1) whether program activities were a satisfactory means of attaining program goals (i.e., based on your experience, what would you do differently to reach your program goals) and/or 2) the attainment of the stated program goals.

e. Complete reports as requested by community mental health board.

f. Require service providers to demonstrate their capability to perform on the basis of experience and education.

KEY: New rules and both proposed and adopted additions to existing rules are printed in boldface. Proposed and adopted deletions from existing rules are printed in [single brackets]. Underlining indicates additions from proposed to adopted rules, while [[double brackets]] indicate deletions from proposed to adopted rules. Existing rules are printed in standard type face.

Proposed Rulemaking

DEPARTMENT OF AGRICULTURE

PROPOSED RULES GOVERNING THE FARM SECURITY PROGRAM

Notice of Hearing

Notice is hereby given that a public hearing in the above-entitled matter will be held in the Agricultural Research Center Auditorium, University of Minnesota Technical College, Crookston, Minnesota on October 14, 1976, commencing at 7:30 p.m., or as soon thereafter as possible, and in the Lecture Center Building, Room LC 217, Southwest State University in Marshall, Minnesota on October 18, 1976 commencing at 7:30 p.m., or as soon thereafter as possible, and in the Cafeteria of the Faribault Area Vocational Technical Institute on October 19, 1976 commencing at 7:30 p.m., or as soon thereafter as possible and continuing until all persons have had an opportunity to be heard.

All interested or affected persons will have an opportunity to participate. Statements may be made orally and written materials may be submitted at the hearing. In addition, written materials may be submitted by mail to Mr. Howard Kaibel, Jr., Esq., Office of the Hearing Examiner, 1745 University Avenue, Room 300, Saint Paul, Minnesota 55104, phone (612) 296-6910 either before the hearing or within 20 days after the close of the hearing.

The proposed rules, if adopted, would establish rules setting both criteria and procedures for administering a 90% guarantee loan program and payment adjust-

ment program to assist Minnesota farmers in acquiring farmland for their own farming purposes. Copies of the proposed rules are now available and one free copy may be obtained by writing to the Minnesota Department of Agriculture, 420 State Office Building, Saint Paul, Minnesota 55155. Additional copies will be available at the door on the date of the hearing. The department's authority to promulgate the proposed rules is contained in Laws of 1976, ch. 210. A "statement of need" explaining why the agency feels the proposed rules are necessary and a "statement of evidence" outlining the testimony they will be introducing will be filed with the Hearing Examiners Office at least 25 days prior to the hearing and will be available there for public inspection.

Please be advised that pursuant to Minn. Stat. § 10A.01, subd. 11 (1974) any individual engaged for pay or other consideration for the purpose of representing persons or associations attempting to influence administrative action, such as the promulgation of these rules, must register with the Minnesota State Ethical Practices Board as a lobbyist within five days of the commencement of such activity by the individual.

Jon Wefald
Commissioner of Agriculture

Rules as Proposed

Chapter 22 Family Farm Security Program

AGR 543 Family farm security loans, application, eligibility, review.

A. Pursuant to the provisions of Laws of 1976, ch. 210 [Minn. Stat. §§ 41.51 - 41.61 (1976)] and these rules, the commissioner may aid farmers in obtaining credit for the acquisition of farm real estate by guaranteeing and making payment adjustments on family farm security loans to eligible applicants.

B. Applications. Any natural person wishing to participate in the family farm security program may make application to the commissioner jointly with a participating lender on forms provided by the lender.

1. Responsibility of lenders. The lender shall process applications for family farm security loans using its existing real estate loan forms, supplementing these forms with additional information requested by the commissioner. It shall be the duty of the lender to review the application to make certain that all information required by the commissioner is included with the application, to attest that to the lender's best knowledge, all information contained in the loan application is true and correct, and to submit the application in duplicate to the commissioner.

2. Land appraisal.

a. The lender shall include with the application

an appraisal of the land for which a family farm security loan is requested. The appraisal shall include the market value of the land per acre, and all other relevant information requested by the commissioner, and it shall be signed by the person who performed the appraisal or by an officer or officers of the lending institution, indicating there has been an actual appraisal of the land.

b. In the case of loans wholly financed by the seller, the commissioner shall pay to have the land appraised and the costs of said appraisal shall be added to the sale price of the land if a family farm security loan is approved.

c. To protect the interests of the applicant, the lender, or the state, the commissioner may require an additional independent appraisal of any land for which a family farm security loan is requested.

d. The commissioner shall not guarantee any loan if the sale price of the land exceeds the attested appraisal value.

C. Eligibility. To be eligible for a family farm security loan, an applicant shall meet the following criteria:

1. The applicant must reside in the state of Minnesota or submit a declaration that upon receipt of a family farm security loan the applicant will become a full-time resident of Minnesota.

2. The applicant must have sufficient education, training or experience in agriculture to indicate to the commissioner that there is a likelihood the applicant will be successful in the farming operation proposed in the application.

3. The applicant must agree to participate in a program of farm management acceptable to the commissioner, including but not limited to, programs in farm record keeping or farm management offered by state Universities, the Agricultural Extension Service or Vocational-Agriculture Programs.

4. The total net worth of the applicant and the applicant's spouse and dependents as determined by generally accepted accounting principles, must be less than \$50,000.

5. The applicant must demonstrate a need for the loan. In determining the applicant's need for the loan, the commissioner may consider all relevant considerations, including but not limited to the applicant's financial statement and the possible availability and terms of a non-guaranteed loan from any lender. The commis-

sioner may also consider the financial situation of the applicant's immediate family so far as said financial situation indicates the ability of the applicant's family to provide financial assistance to the applicant for the purchase of farmland.

6. The applicant must specifically detail the agricultural purposes for which the applicant intends to use the farmland.

7. The applicant must be credit worthy. A determination as to the credit worthiness of the applicant shall be based on all relevant considerations, including but not limited to the applicant's credit rating, spending habits and reputation for honesty.

D. Determination of ineligibility, reapplication. If the commissioner determines that an applicant does not meet one or more of the eligibility criteria in subsection C. above, the commissioner shall return a copy of the application to the lender with a notice to the applicant and the lender stating specifically why the applicant is not eligible for the loan. If the circumstances of the applicant change such that in the future the applicant becomes eligible for a family farm security loan, the applicant may reapply without prejudice.

E. Review of determination of ineligibility. An applicant who believes the commissioner erred in determining the applicant ineligible for a family farm security loan may, within 90 days of the applicant's receipt of notice of ineligibility, request that the application be reconsidered. The applicant may also present in writing any additional facts relevant to the reasons given by the commissioner for the determination of ineligibility. Upon receipt of this request for reconsideration, the commissioner shall, at the next regularly scheduled family farm advisory council meeting, present the application and accompanying materials to the council. The council shall review the application and the commissioner shall follow the recommendations of the council in determining the applicant's eligibility for a family farm security loan.

F. Criteria for granting family farm security loans. Upon a determination that an applicant meets the eligibility criteria of subsection C. above, the commissioner may approve the loan application. In deciding whether a specific family farm security loan shall be approved, the commissioner shall attempt to further the policy of Laws of 1976, ch. 210 [Minn. Stat. §§ 41.51 - 41.61 (1976)] by considering all factors relevant, including but not limited to:

1. The recommendation of the family farm ad-

KEY: New rules and both proposed and adopted additions to existing rules are printed in boldface. Proposed and adopted deletions from existing rules are printed in [single brackets]. Underlining indicates additions from proposed to adopted rules, while [[double brackets]] indicate deletions from proposed to adopted rules. Existing rules are printed in standard type face.

visory council which shall be based on the criteria contained herein;

2. A determination that the applicant intends to make farming the applicant's principal occupation;

3. The proportion of the proposed loan that will be used for the acquisition of real property directly relating to the farming enterprise;

4. The extent to which the applicant demonstrates financial need for state assistance to acquire farmland;

5. The likelihood of success of the applicant's proposed farming operation;

6. The economic feasibility of the loan as evidenced by the applicant's present and past financial situation, the projected cash flow of the proposed farming operation, and an analysis of the loan ratios; and

7. The existence of, or provision for, financing for necessary equipment and operating costs.

G. Period for granting family farm security loans. The commissioner upon recommendation of the family farm advisory council, shall on a monthly basis, consider and act upon family farm security loan applications. An application meeting the eligibility requirements of subsection C. above, shall remain eligible for approval and may be acted upon by the commissioner for four months from the date of receipt, unless either the applicant or the lender requests in writing that the application be withdrawn. Each time an eligible application is reviewed by the commissioner and not approved, the commissioner shall notify the applicant and the lender of this fact. Upon the expiration of the four month period, the commissioner shall return the application and notify the applicant and the lender that the application has not been approved. An eligible applicant not receiving a family farm security loan under these circumstances may reapply at any time in the future.

AGR 544 Family farm security loan, guarantee, payment adjustment, closing.

A. Approval by the commissioner of a family farm security loan application shall result in the following:

1. **Family farm loan guarantee.** Upon approval of an application for a family farm security loan, the commissioner shall enter into an agreement with the lender providing that in the event of default by the applicant, the State of Minnesota shall pay the lender 90 percent of the sums due and payable under the first real estate mortgage. This loan guarantee shall be void only if the guaranteed loan was obtained by fraud or material misrepresentation of which the original lender or subsequent holder had actual knowledge.

2. **Payment adjustment.** If the approved family

farm security loan has a term of 20 years or less and provides for payments at least annually so the loan is amortized over its term with equal annual payments, and if the applicant requests a payment adjustment, and if sufficient state monies are available, the commissioner shall annually pay to the lender, an amount of money equal to four percent on the principal balance of the family farm security loan, provided that:

a. The lender must bill the commissioner when each payment adjustment is due;

b. Prior to December 15 of each year, the lender must submit to the commissioner a statement of net worth for the applicant and the applicant's dependents and spouse. If the total net worth as determined by generally accepted accounting principles, exceeds \$100,000, the applicant shall not be eligible for a payment adjustment for the next year of the loan, and the commissioner shall notify the applicant and the lender that the applicant is responsible for all interest payments for that year of the loan;

c. The applicant shall reimburse the commissioner within 90 days after the tenth anniversary of the date of the family farm security loan agreement for all sums paid as payment adjustments by the commissioner on the applicant's behalf, and this obligation shall be a lien against the property which shall be subordinate to the first real estate mortgage, provided that:

(1) The applicant may, at least 30 days before the payment adjustment is due, petition the commissioner for a ten year renewal of the payment adjustment. If the applicant has complied with all terms of the loan agreement the commissioner shall grant the renewal; and

(2) If the payment adjustment is renewed for an additional ten years, the applicant shall reimburse the commissioner within 90 days after the 20th anniversary of the date of the family farm security loan agreement for all sums paid as payment adjustments by the commissioner on the applicant's behalf and this obligation shall be a lien against the property which shall be subordinate to the first real estate mortgage.

B. Closing and disbursement of loans. Upon receiving notice from the commissioner that a family farm security loan application has been approved, the lender shall close and disburse the loan in accordance with the terms and conditions upon which the loan and guaranty were approved.

The lender shall cause to be executed a note and all necessary additional instruments, and the lender shall take other actions, consistent with prudent lending practices, required to protect or preserve the interests of the applicant, the lender, and the commissioner. Immediately after a loan is closed, the lender shall furnish the commissioner with a copy of the executed note and

loan agreement. The commissioner shall also be entitled to examine on request copies of other security instruments or loan documents, or other records held by the lender or its agents, which relate to the applicant. The lender shall also execute all relevant statements or declarations required for loan transactions by federal or state law or regulations.

AGR 545 Family farm security loans, defaults.

A. The borrower in a family farm security loan shall be considered to be in default if:

1. The borrower does not pay the principal or interest payment on the date due;

2. The borrower breaches a material obligation in the note, loan agreement, or any instrument securing the loan, and the lender determines that this breach constitutes an adverse change in the borrower's ability to repay the guaranteed loan; or

3. The borrower fails to maintain the farmland in active agricultural production for more than one year, provided that:

a. The borrower who fails to maintain the land in active agricultural production for more than one year, may, within 30 days of the expiration of the one year's time, petition the commissioner for a waiver of default; and

b. The commissioner shall waive the default if the borrower demonstrates to the satisfaction of the commissioner that the land was not utilized because of physical disability or other extenuating circumstances beyond the immediate control of the borrower; and that the land will be back in production within a reasonable time.

B. After a family farm security loan has been in default for 100 days, the lender shall, within 30 days, notify the commissioner of this fact in writing. Such notification by the lender shall be a condition precedent to the lender's right to payment according to the terms of the family farm security loan guarantee.

AGR 546 Transfer of family farm security loan note. The lender shall notify the commissioner in writing within 30 days after a family farm security loan note is sold or exchanged. The family farm security loan guarantee shall remain in effect if the commissioner is notified pursuant to this section, provided that the purchaser of the family farm security loan note assumes all duties and obligations of the original lender, and agrees to comply with all applicable requirements of Laws of 1976, ch. 210 [Minn. Stat. §§ 41.51 - 41.61 (1976)] and these rules.

AGR 547 Commissioner's right to information.

A. The commissioner may at any time during the term of a family farm security loan, request information and documents from the lender or the applicant, to enable the commissioner to determine that all terms and conditions of the law, rules, and any agreements made pursuant to the law or rules are being complied with.

B. Failure to comply with all reasonable requests for information by the commissioner pursuant to this rule shall be grounds for terminating participation in the family farm security program, after notice and a hearing pursuant to Minn. Stat. §§ 15.0418 - 15.0426 as amended.

AGR 548-562 Reserved for future use.

KEY: New rules and both proposed and adopted additions to existing rules are printed in **boldface**. Proposed and adopted deletions from existing rules are printed in [single brackets]. Underlining indicates additions from proposed to adopted rules, while [[double brackets]] indicate deletions from proposed to adopted rules. Existing rules are printed in standard type face.

PROPOSED RULES RELATING TO THE DESIGNATION, CLASSIFICATION AND MANAGEMENT OF THE MINNESOTA RIVER IN LAC QUI PARLE, YELLOW MEDICINE, CHIPPEWA, RENVILLE AND REDWOOD COUNTIES

Notice of Hearing

Notice is hereby given that public hearings will be held on the above-captioned matter, in the manner provided by Minn. Stat. §§ 15.0411 through 15.051, and § 15.052 at:

Granite Falls, Minnesota on Saturday, November 13, 1976, in the Vocational-Technical School Cafeteria, located on U. S. Highway 212, west of Granite Falls, beginning at 10:00 a.m.

Redwood Falls, Minnesota on Monday, November 15, 1976, in the Redwood Falls High School Little Theater, beginning at 7:00 p.m.

Olivia, Minnesota on Tuesday, November 16, 1976, in the Olivia High School Gymnasium, beginning at 7:00 p.m.

Madison, Minnesota on Wednesday, November 17, 1976, in the Madison High School Cafeteria, beginning at 7:00 p.m.

Montevideo, Minnesota on Thursday, November 18, 1976, in the Montevideo High School Cafeteria, beginning at 7:00 p.m.

The hearing shall continue until all representatives of associations and other interested or affected persons or groups have had an opportunity to be heard concerning the above-mentioned matter by submitting oral or written data, statements, or arguments.

Under Minn. Stat. § 10A.01, subd. 11 (1974), any individual engaged for pay or other consideration for the purpose of representing persons or associations attempting to influence administrative action, such as the promulgation of these rules, must register with the State Ethics Commission as a lobbyist within five days of the commencement of such activity by the individual.

The hearing record will be kept open to receive written statements until 4:30 p.m. Wednesday, December 8, 1976.

The proposed Management Plan relates to the following matters:

Reasons for including the Minnesota River (Lac Qui Parle to Franklin) in the Minnesota Wild, Scenic, and Recreational Rivers System.

The proposed classification of the river or segments of the river.

The proposed land use district boundaries which shall not exceed 320 acres per each river mile on both sides (not each side) of the river.

The proposed methods for preserving the river and its adjacent lands, including the recommended land acquisition.

The proposed regulations for local land use control, including such matters as lot size and building height and setback requirements, vegetative cutting provisions, use within land use districts, and criteria for utility crossings, public roads, and river crossings.

The proposed plan for recreational management within the land use district, including the location and design of campsites, rest areas, and accesses.

The proposed plan for administration of the management plan.

Copies of the management plan are available for inspection at public libraries in Montevideo, Granite Falls, Redwood Falls, Madison, Olivia, and Marshall; the Legislative Library, and at the Department of Natural Resources, Division of Parks and Recreation, Centennial Building, St. Paul, Minnesota.

Copies of the Management Plan will be available at the public hearings. For those unable to attend the public hearings, copies are available for review at the above-mentioned locations. In addition, a copy may be obtained at no charge by contacting the Rivers Section, Division of Parks and Recreation, B-95 Centennial Building, St. Paul, Minnesota 55155. Phone: 296-4780.

The proposed Management Plan for the Minnesota River (Lac Qui Parle to Franklin) has been prepared in accordance with Minn. Stat. § 104.35 and the State-wide Rules and Regulations relating to the Wild, Scenic, and Recreational Rivers System Minnesota Regulations NR 78-81.

C. B. Buckman,
Deputy Commissioner

Rules as Proposed

Chapter Twenty-six

NR 2600 Designation.

A. **The River.** That portion of the Minnesota River from the Lac Qui Parle dam to the Redwood County State Aid Highway 11 bridge near Franklin is designated a component of the Minnesota Wild and Scenic Rivers System.

B. **Authority.** This designation is made by the commissioner of natural resources pursuant to the authority of the Minnesota Wild and Scenic Rivers Act, Minn. Stat. §§ 104.31 to 104.40 (1974).

C. **Shoreland included.** The designation and these rules apply to the river and the adjacent lands indicated by the Land Use District Descriptions. The Land use district boundaries were delineated in accordance with NR 78 (g) (2) (bb).

D. **Severability.** The provisions of these regulations shall be severable, and the invalidity of any paragraph, subparagraph or subdivision thereof shall not make void any other paragraph, subparagraph, subdivision or any other part.

NR 2610 Classification. That portion of the Minnesota River and adjacent lands from the Lac Qui Parle dam to the U.S. Highway 212 bridge in the corporate limits of Montevideo is classified as Scenic.

That portion of the Minnesota River and adjacent lands from the U.S. Highway 212 bridge in the corporate limits of Montevideo to the Minnesota Falls dam is classified as Recreational.

That portion of the Minnesota River and adjacent lands from the Minnesota Falls dam to the Redwood County State Aid Highway 11 bridge is classified as Scenic. These classifications are made in accordance with the provisions of Minn. Stat. § 104.33, subd. 2 (1974); and NR 78 (f).

NR 2620 Land management.

A. Zoning.

1. The counties of Lac Qui Parle, Chippewa, Yellow Medicine, Renville and Redwood shall each enact or amend such ordinances and maps as necessary to:

a. Establish Scenic and Recreational river land

use districts as applicable according to NR 2610, to include the lands identified by the Land Use District Descriptions.

b. Conform to the provisions of NR 78-81.

2. The municipalities of Montevideo, Granite Falls, North Redwood and Morton shall enact or amend such ordinances and maps as necessary to:

a. Establish Scenic and Recreational river land use districts as applicable according to NR 2610 to include the lands identified by the Land Use District Descriptions.

b. Conform to the use, dimensional and sanitary provisions of the Recreational Development classification of NR 83, and the provisions of NR 79(e-j), 80 and 81.

c. The vegetative cutting provisions of NR 79 (g) shall conform to the structural setback pattern specified in NR 83.

3. The zoning provisions specified above shall not be changed by annexations or incorporations occurring after the date of designation.

4. All local ordinances and regulations which are more protective than those required to be adopted by this management plan shall be continued.

B. Land acquisition.

1. The lands or interests in land recommended to be acquired in this plan will be acquired when funds are available for such purchases from willing sellers, as provided for in Minn. Stat. § 104.37 (1974).

a. Fee title acquisition is recommended in those areas where recreational sites are needed. These areas are identified in the Fee Title Descriptions.

b. Scenic easement acquisition is recommended in those areas having outstanding scenic or natural characteristics as identified in the Scenic Easement Descriptions.

c. Because fee title acquisition or scenic easement acquisition is from willing sellers at the appraised market value, some lands recommended for scenic easement acquisition may be purchased in fee title. Some lands recommended for fee title acquisition may be purchased in scenic easement. This change from the recommended acquisition would be based on the mutual agreement by and between the state of Minnesota and the landowner(s).

KEY: New rules and both proposed and adopted additions to existing rules are printed in boldface. Proposed and adopted deletions from existing rules are printed in [single brackets]. Underlining indicates additions from proposed to adopted rules, while [[double brackets]] indicate deletions from proposed to adopted rules. Existing rules are printed in standard type face.

2. Other forms of acquisition, such as use easements or leases, may be used to acquire interests in lands within the land use districts.

3. Land will be exchanged, whenever feasible, to acquire lands within the land use districts. These exchanges will be done in the manner prescribed by state law. However, land exchanges will not be recommended if such exchanges would adversely affect this or any other Department of Natural Resources management program.

4. Additional lands or interests in land may be purchased within the land use districts to further the policies established in Minn. Stat. § 104.32 and this management plan.

NR 2630 Recreation management.

A. Recreation management in the Scenic and Recreational river land use districts shall conform to the policies and provisions of NR 80.

B. As provided for in NR 79 (b) and the management plan, the development of public or private recreational facilities within the Scenic and Recreational river land use districts shall conform to the design specification guidelines as shown on the Recreational Site Typical.

C. No Department of Natural Resources river-oriented camping facilities will be provided close to private river-oriented camping facilities which are designed to serve the same needs.

D. The recreational use of the Minnesota Scenic and Recreational River and adjacent public lands will be regulated where necessary to insure that the use does not adversely affect the values which qualified the river for designation.

E. Snowmobiling in the land use district will be allowed:

1. On private lands only with permission from appropriate landowners.

2. On trails specifically designated for snowmobiling.

F. On areas which are not presently publicly owned, some type of land interest must be purchased before lands are available for public use.

G. The Division of Parks and Recreation shall allocate funds for the maintenance of Department of Natural Resources recreational facilities within the Minnesota River land use districts from the department's river development and maintenance account.

H. Priority areas for recreational development are shown:

1. In the fee title descriptions on land which are not presently publicly owned.

2. On publicly owned lands:

a. At the Corp of Engineers Recreation Site at the Lac Qui Parle Dam—portage and an access.

b. At the Department of Natural Access at Montevideo—A rest area.

c. At Spartan State Wildlife Management Area—An access.

d. At Renville County Park #2—An access.

e. On Department of Natural Resources Land near Morton—An access.

f. At Lower Sioux Agency Historic Site—A campsite and rest area.

I. The department's Enforcement Division shall enter into discussions with the local units of government concerning the delineation of responsibilities for the enforcement of applicable Wild, Scenic and Recreational river regulations.

NR 2640 Recommendations.

A. Federal-State relations.

1. Since the Department of Natural Resources is responsible for administering the Minnesota River as a Scenic and Recreational river, it is recommended that the State of Minnesota, through the appropriate application process, apply for those islands presently administered by the Bureau of Land Management to be transferred to the Department of Natural Resources under the authority granted the commissioner of natural resources in Minn. Stat. § 104.35 (1974).

2. It is recommended that the Agricultural Stabilization and Conservation Service give high priority for providing technical assistance and funds to alleviate bank erosion problems on the Minnesota River.

B. Other governmental units.

1. To further the purposes of the Minnesota Wild and Scenic Rivers Act, it is recommended that all State Highway Department lands within the Scenic and Recreational river land use districts be administered in accordance with the provisions of NR 78-81 and this management plan. In particular, it is stated in NR 79 (j) (2) (bb) (v) that:

a. Highway waysides shall be designed in such a manner so as to harmonize with the surroundings.

b. Such development plans shall be reviewed and approved by the commissioner of natural resources.

2. It is recommended that the Minnesota Pollution Control Agency be appropriated sufficient funds to conduct an ongoing analysis and monitoring of water quality information, and to allow for appropriate measures to insure that water quality regulations and standards are maintained for the Minnesota River.

3. To help insure that the outstanding heritage of the Minnesota River is protected for future generations, it is recommended that the Minnesota Historical Society conduct an inventory of all historical and archaeological sites within the proposed Scenic and Recreational river land use districts and recommend appropriate methods for preservation of those sites having outstanding historical significance.

4. To further enhance the recreational potential of the Minnesota River and to complement the existing Lower Minnesota River Valley Trail, it is recommended that a corridor trail system from LeSueur to Ortonville be established through state legislation and developed by the Department of Natural Resources and local units of government.

5. It is recommended that the counties which border the river adopt zoning ordinances to protect

blufflines which lay beyond the land use district boundaries.

6. To further the purposes of the Minnesota Wild and Scenic Rivers Act, it is recommended that the Indian reservation lands of the Upper Sioux Agency and Lower Sioux Agency be managed in a way consistent with this act.

7. It is recommended that agencies in charge of public outdoor recreation on the Minnesota River work with the Department of Natural Resources in improving and developing recreational facilities.

8. It is recommended that those lakes in the Minnesota River valley between Lac Qui Parle and Franklin, which are delineated as "intended for acquisition" on the preliminary Public Waters Inventory maps, be given priority status for acquisition.

Land Use District Descriptions and Acreages

All acreages shown in the Land Use District section are from the original government survey. Because of certain apparent deficiencies in the survey, a grid system was used to insure that no river mile exceeds 320 acres.

- Chippewa County (C)
- Yellow Medicine County (YM)
- Redwood County (RED)
- Renville County (REN)
- Lac Qui Parle County (LQP)

Scenic Easement Descriptions and Acreages

Scenic easement acreages are based on the original Government Land Office survey. Certain acreages, however, have been estimated because of an apparent conflict with the survey. These estimates are denoted by an asterisk (*).

Official Notices

DEPARTMENT OF NATURAL RESOURCES

Additions to the Minnesota Wild and Scenic Rivers System

Notice of Intent to Solicit Outside Opinion

Notice is hereby given that the Department of Natural Resources has begun consideration of proposed rules governing possible designation of the Crow Wing River in Wadena County and the Minnesota River from the Lac Qui Parle dam to Franklin into the Minnesota Wild and Scenic Rivers System. In fact, several public informational meetings have already been held on these proposals. In order to adequately determine the nature and utility of such rules, the Department of Natural Resources hereby requests information and comments from all interested individuals or groups concerning the subject matter of the proposed rules.

All interested or affected persons/or groups are requested to participate. Statements of information and comments may be made orally or in writing. Please address these comments to:

Department of Natural Resources
Rivers Section
B-95 Centennial Office Building
St. Paul, Minnesota 55155

Oral statements of information and comment will be received during regular business hours over the phone at 612-296-6784, and in person at the above address.

No final action on either of these rivers will be taken until after public hearings are conducted according to the rule-making provisions of Minn. Stat. ch 15. 60 days notice of these public hearings will be published in the State Register. All statements of information and comment will be received until the hearing record closes.

The proposed rules, if adopted, would regulate land uses along these rivers, regulate recreational development and use of the rivers and would give the Department of Natural Resources the authority to purchase land or interests in land from willing sellers.

Robert L. Herbst,
Commissioner

DEPARTMENT OF PUBLIC WELFARE Cancellation of Public Hearing

The public hearing scheduled for October 1, 1976, on Minnesota Department of Public Welfare Rule 185, Services to Individuals Who are Mentally Retarded, has been cancelled. The Notice of Hearing and proposed rule were published in the *State Register*, Volume 1, Number 8.

It is anticipated that a hearing for this rule will be rescheduled for the latter part of October, 1976. An updated version of Rule 185 and a Notice of Hearing will be published in the *State Register* 30 days prior to the rescheduled hearing.
