Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 75 state agencies have the authority to issue rules. Each agency is assigned specific *Minnesota Rule* chapter numbers. Every odd-numbered year the *Minnesota Rules* are published. This is a ten-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Proposed and adopted emergency rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

If an agency seeks outside opinion before issuing new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION in the *Official Notices* section of the *State Register*. When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as **Proposed Rules**. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues 1-13 inclusive; issues 14-25 inclusive; issue 26, cumulative for issues 1-26; issues 27-38 inclusive; issue 39, cumulative for 1-39; issues 40-51 inclusive; and issue 52, cumulative for 1-52. An annual subject matter index for rules appears in August. For copies of the *State Register*, a subscription, the annual index, the *Minnesota Rules* or the *Minnesota Guidebook to State Agency Services*, contact the Minnesota Documents Division, 117 University Avenue, St. Paul, MN 55155 (612) 297-3000 or toll-free in Minnesota 1-800-652-9747 and ask for "Documents."

Proposed Rules

Pursuant to Minn. Stat. of 1982, §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Board of Education

Proposed Permanent Rules Relating to Multischool District Organizations; Elementary, Secondary, and Vocational Computer Centers

Notice of Intent to Adopt a Rule Without a Public Hearing

Notice is hereby given that the State Board of Education intends to adopt the above entitled rule without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in *Minnesota Statutes*, sections 14.22 to 14.28. The statutory authority to adopt the rule is Section 121.931 Subds. 6, 7 and 8.

All persons have 30 days in which to submit comment in support of or in opposition to the proposed rule or any part or subpart of the rule. Comment is encouraged. Each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30-day comment period. If 25 or more persons submit a written request for a public hearing within the 30 day comment period, a public hearing will be held unless a sufficient number withdraw their request *in writing*. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed, if a public hearing is required, the agency will proceed pursuant to *Minnesota Statutes*, sections 14.131 to 14.20.

Comments or written requests for a public hearing must be submitted to:

Capitol Square Building
Room 850
550 Cedar Street
St. Paul, MN 55101
ATTENTION: Erv Chorn

The proposed rule may be modified if the modifications are supported by data and views submitted to the agency and do not result in a substantial change in the proposed rule as noticed.

A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rule and identifies the data and information relied upon to support the proposed rule has been prepared and is available from Erv Chorn upon request.

Subp. 7. **ESV regional computer center.** "ESV regional computer center" means a governmental unit formed by a joint powers agreement entered into by school districts to provide computer and related services to its affiliated school districts.

ESV regional computer center, regional management information center, and regional computer center are synonymous terms.

Subp. 8. **ESV-IS.** "ESV-IS" has the meaning given in *Minnesota Statutes*, section 121.93, subdivision 3.

Subp. 9. **SDE-IS.** "SDE-IS" has the meaning given in *Minnesota Statutes*, section 121.93, subdivision 4.

Subp. 10. **State board.** "State board" means the State Board of Education or its designee.

3560.0020 DATA STANDARDS.

Subpart 1. **Criteria.** The data standards referred to in this part cover only data submitted to the commissioner or state board by a district or an ESV computer center on behalf of its affiliated districts or itself. The data must conform to the data standards established in the data element dictionary published by the department. To be included in the data element dictionary, a data element must meet one of the following criteria:

A. The data element is used in the ESV-IS or the SDE-IS data bases, or the list of essential data elements that the department maintains according to *Minnesota Statutes*, section 121.932, subdivision 5.

B. A financial or property data element is established through the Uniform Financial Accounting and Reporting Standards (UFARS).

C. A student, personnel/payroll, curriculum, and other data element is individually defined. The definition also includes the standard name, computer program name, system descriptors, values, and transaction methodology when appropriate.

Subp. 2. **Review criteria.** To be included in the Annual Data Acquisition Calendar (ADAC), data elements must be formatted into a form or another type of data collection instrument used to collect data from districts or regional computer centers. They must then be reviewed by DARC, which recommends approval or disapproval to the commissioner. The recommendation by DARC and the decision of the commissioner must be based on one of the following criteria:

- (1) the data element is required by federal or state law or state board rule;
- (2) the data element is required to calculate and distribute aids and levies or to distribute other funds;
- (3) the data element is used to make program decisions in the management of the department;
- (4) the data element is used to monitor compliance to statute or state board rule; or
- (5) the data element is used to conduct research or analyze policy as approved by the commissioner.

3560.0030 CREATION OF MANAGEMENT INFORMATION CENTERS.

Subpart 1. **District board resolutions.** Whenever two or more districts decide, by resolution of their respective boards, to establish a regional management information center, the center will come into existence according to *Minnesota Statutes*, section 121.935, subdivision 1.

Subp. 2. **Approval criteria.** After review and recommendation by the ESV computer council, the state board must approve the creation of a new regional computer center and its effective date if:

A. the proposed regional center has submitted an annual and biennial plan and budget to the state board conforming to *Minnesota Statutes*, section 121.935, subdivision 4;

B. the proposed regional center has acquired, or will acquire subject to approval of the proposal by the state board, computer and related equipment that has demonstrated its capability to process the ESV-IS or an approved alternative management information system and has demonstrated it is able to assemble and transmit the essential data elements to the department as required in *Minnesota Statutes*, section 121.932, subdivision 5; if any of the districts include a technical institute, then the ESV-IS must include the fixed assets property management information systems for technical institutes;

C. the proposed regional center has developed a disaster recovery plan;

If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

Proposed Rules

D. the proposed regional center has established a management plan that includes:

- (1) the organizational structure of the board of directors;
- (2) the administrative, technical operations, field service, office support, and district training staff necessary to operate the center; and
- (3) the type, level, and amount of services provided directly to affiliated districts and provided by other organizations if the regional center does not provide the required ESV-IS service; and

E. the cost of computer systems and staff services received by the districts in the new region, in total, is not greater than the cost for the same or equivalent computer systems and staff services in the region of disaffiliation.

Subp. 3. **Notice.** Notice of intent to establish a new regional management information center must be served on the board of directors of regions with disaffiliating districts, the commissioner, the state board, and the ESV computer council at least one year before July 1 of the proposed effective year of establishment, unless the regions with disaffiliating districts and the state board agree to waive the July 1 date as provided by *Minnesota Statutes*, section 121.935, subdivision 1.

Subp. 4. **Delay.** The state board may delay the effective date of establishment up to two years beyond the intended effective date if the region of disaffiliation protests the disaffiliation and presents evidence that the disaffiliation will cause financial hardship on the remaining districts in the region so that adjustments in the cost of equipment, staff, and administration cannot be implemented before the intended effective date.

Subp. 5. **Allocation formula.** Regional reporting subsidies appropriated by the legislature must be allocated to the new regional computer center applying the same formula used with the other regions.

3560.0040 TRANSFER OF SCHOOL DISTRICT AFFILIATION.

Subpart 1. **Notice.** A notice of intention to disaffiliate from a regional computer center must be served on the boards of directors of both regional computer centers, the commissioner, state board, and the ESV computer council one year before the intended effective date.

Subp. 2. **Effective date.** Upon resolution of the district board to transfer its affiliation from one regional management information center to another, the transfer will become effective on the next July 1, or another date mutually agreed upon, following approval by the state board.

Subp. 3. **Delay.** The state board may delay the effective date of transfer up to two years beyond the intended effective date if the region of disaffiliation protests the disaffiliation and presents evidence that the disaffiliation will cause financial hardship on the remaining districts in the region so that adjustments in the cost of equipment, staff, and administration cannot be implemented before the intended effective date.

Subp. 4. **Funding transfer.** The transferring district's share of regional reporting subsidies authorized by the legislature shall be paid to the new region of affiliation as of the effective date of the transfer.

3560.0050 ALTERNATIVE FINANCIAL MANAGEMENT INFORMATION SYSTEMS.

Subpart 1. **Council review.** An alternative financial management system proposed for use by a district must be reviewed by the ESV computer council and approved by the state board before purchase, lease, or use.

Subp. 2. **Approval criteria.** After review and recommendation by the ESV computer council, the state board must approve the use of an alternative financial management information system if:

A. The vendor of the alternative financial management information system has applied to the department, the UFARS council, and the ESV computer council, and has received approval from the state board to market the alternative financial management system to Minnesota districts. The decision to approve the alternative financial management information system must be given if the alternative system meets the following requirements:

- (1) The system must provide an accounting function based on generally accepted accounting principles with a double entry (debit/credit), modified accrual accounting system. It must meet the requirements in Minnesota law and in the Uniform Financial Accounting and Reporting Standards (UFARS).
- (2) The system must allow for multidimensional coding.
- (3) The system must allow the use of encumbrances.
- (4) The system must allow period-end and year-end processing.
- (5) The system must allow users to configure the system to the individual district.
- (6) The system must produce Government Accounting and Auditing Financial Reports (GAAFR).

B. The district has made application to the department, the ESV computer council, and the ESV regional computer center to use an alternative financial management information system. The application must contain the following information:

- (1) vendor name, address, and system identification;
- (2) a list of computer and related equipment and software that will be used to operate the system;
- (3) purchase cost and annual operational costs of computer equipment, computer software, application software, district staff, and other cost items required to operate the system;
- (4) a list of benefits, financial and other, that the district expects to realize as a result of using the alternative system;
- (5) continuing cost to the district of services received from the ESV regional computer center to comply with state reporting requirements; and
- (6) certification by the vendor that any changes made to the logic or structure of the software are consistent with item A.

C. The ESV computer council has reviewed the application submitted under subpart 2, item A or B, and recommends to the state board that the application conforms to the current "Long Range Plan for the Elementary, Secondary, and Vocational (ESV) Information System" adopted by the state board.

Subp. 3. **Annual report.** Any district using an alternative management information system must annually report to its regional computer center and to the ESV computer council the name of the system, the vendor, and any changes made to the structure or logic of the software.

3560.0060 REGIONAL MANAGEMENT INFORMATION CENTER PLANS AND BUDGETS.

Subpart 1. **Spending report and budget.** By July 1 of each year, each regional management information center must submit for approval by the state board an annual expenditure report and proposed budget. By July 1 of each even-numbered year, each regional management information center must submit a biennial budget and plan to the commissioner for review by the ESV computer council and approval by the state board.

Subp. 2. **No spending until approved.** A regional management information center must not spend money for administrative or computer center activities until the annual budget has been approved.

Subp. 3. **Minimum requirements of reports.** The annual budget and expenditure report and the biennial budget must be in the form and format prescribed by the Uniform Financial Accounting and Reporting Standards (UFARS). The biennial plan must be in the form and format recommended by the ESV computer council and approved by the commissioner. At a minimum, the plan must report:

- A. actual and projected usage of each ESV computer system and alternative management information system;
- B. the actual and projected cost of computer equipment resources, staff support, and administrative overhead for each affiliated school district;
- C. projected or planned changes in affiliation by any school district;
- D. projected or planned changes in the amount or cost of computers and related equipment; and
- E. projected or planned changes in the amount or cost of services to affiliated school districts.

Subp. 4. **State board criteria.** The criteria used by the state board for approval of the biennial plan and budget are:

- A. the computer center complies with the current "Long Range Plan for the Elementary, Secondary, and Vocational (ESV) Information System" approved by the state board;
- B. the computer center provides ESV-IS services to each of its affiliates or shows that the center has arranged for services to be provided by another center;
- C. the computer center uses cost accounting procedures to account by district for resources consumed at the center for support of each ESV-IS system;
- D. the ESV computer council has reviewed the budget, plan, and report and has made a recommendation to the state board; and
- E. there is sufficient income and operating capital to pay the amount of expenses identified in the expenditure plan.

Department of Natural Resources

Proposed Permanent Rules Relating to Parks; Daily Group Vehicle Permits

Notice of Intent to Amend Rules Without a Public Hearing

The Department of Natural Resources intends to amend the following rule for the Division of Parks and Recreation without a public hearing.

A Statement of Need and Reasonableness has been prepared to explain the rationale and legal authority for this rule change, and can be obtained from Bill Brinker at the address listed below.

Persons interested in this rule are encouraged to submit comments in support of or in opposition to the proposed rule change, and shall have 30 days to do so. Comments should address the proposed rule change, the reason for the comment, and any change proposed. The proposed rule change may be modified if the modifications are supported by the data and views submitted to the department and do not result in a substantial change in the proposed language.

Unless 25 or more persons submit written requests for a public hearing on the proposed rule change within the 30-day comment period, a public hearing will not be held. Persons requesting a public hearing should state their name and address, and are encouraged to identify the proposed rule change addressed, the reason for the request, and any proposed change. In the event a public hearing is required, the department will proceed according to the provisions of *Minnesota Statutes*, Sections 14.11-14.20.

Persons who wish to submit comments or a written request for a public hearing should submit them to: Bill Brinker, Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, Minnesota 55155-4039, (612) 296-2760.

Rules as Proposed

6100.1710 GROUP DAILY VEHICLE PERMITS.

All state park managers will have authority to issue special group daily vehicle permits to groups consisting of ten vehicles or more at a rate of ~~\$1.50~~ \$2 (tax included) per vehicle. The permit will be issued by the park manager for one day of use between 8:00 a.m. and 10:00 p.m. The group daily vehicle permit will only be sold for days when the park manager determines that use in the particular park is normally limited, such as weekdays, weekends in some parks, or off-season weekends.

Pollution Control Agency

Proposed Permanent Rules Relating to Capital Cost Component Grant Program

Notice of Intent to Adopt Rules Without a Public Hearing

Notice is hereby given that the Minnesota Pollution Control Agency (Agency) intends to adopt the above-entitled rules without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in *Minnesota Statutes* §§ 14.22 to 14.28 (1986). The Agency's authority to adopt the rule is set forth in *Minnesota Statutes* § 116.18, Subd. 3b(g) (Supp. 1987).

All persons have until 4:30 p.m. on July 13, 1988, to submit comments in support of or in opposition to the proposed rules or

any part or subpart of the rules. Comment is encouraged. Each comment should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the rules within the comment period. If 25 or more persons submit a written request for a public hearing within the comment period, a public hearing will be held unless a sufficient number withdraw their requests in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rules addressed, the reason for the request, and any change proposed. If a public hearing is required, the Agency will proceed pursuant to *Minnesota Statutes* §§ 14.131 to 14.20 (1986).

Comments or written requests for a public hearing must be submitted to:

Joan deMeurisse
Minnesota Pollution Control Agency
520 Lafayette Road North
St. Paul, Minnesota 55155
(612) 296-7211

The proposed rules may be modified if the modifications are supported by data and views submitted to the Agency and do not result in a substantial change in the proposed rules as noticed.

The proposed rules, if adopted, will create a capital cost component (privatization) grants program. The program will make grants available to municipalities for part of the capital cost component of the service fee under a service contract with a private vendor to construct and operate wastewater treatment facilities. The proposed rules are published below. One free copy of the rules is available upon request from Ms. deMeurisse at the address and telephone number stated above.

A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rules and identifies the data and information relied upon to support the proposed rules has been prepared and is available from Ms. deMeurisse upon request.

You are hereby advised, pursuant to *Minnesota Statutes* § 14.115 (1986), "Small business considerations in rulemaking," that the proposed rules will have no direct effect on small businesses.

If no hearing is required, upon adoption of the rules, the rules and the required supporting documents will be submitted to the Attorney General for review as to legality and form to the extent form relates to legality. Any person may request notification of the date of submission to the Attorney General. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the rules as adopted, must submit a written request to Ms. deMeurisse.

Gerald L. Willet
Commissioner

Rules as Proposed (all new material)

CAPITAL COST COMPONENT GRANT PROGRAM

7075.1105 PURPOSE.

Parts 7075.1105 to 7075.1160 provide for the administration of the capital cost component grant program which makes grants available to municipalities for part of the capital cost component of the service fee under a service contract with a private vendor to construct and operate wastewater treatment facilities.

7075.1110 DEFINITIONS.

Subpart 1. **Scope.** For the purpose of parts 7075.1105 to 7075.1160, the following terms have the meanings given them.

Subp. 2. **Agency.** "Agency" means the Minnesota Pollution Control Agency.

Subp. 3. **Authority.** "Authority" means the Minnesota Public Facilities Authority.

Subp. 4. **Commissioner.** "Commissioner" means the commissioner of the Minnesota Pollution Control Agency.

Subp. 5. **Initiation of construction.** "Initiation of construction" means issuance of a notice to proceed under a construction contract for any segment of work on the project.

Subp. 6. **Municipal needs list.** "Municipal needs list" means the priority list prepared by the commissioner under parts 7075.0402 to 7075.0408.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

Proposed Rules

Subp. 7. **Project.** "Project" means the work for which a grant or grant amendment is awarded under parts 7075.1105 to 7075.1160.

7075.1115 ELIGIBILITY.

To be eligible for a capital cost component grant, a municipality must be listed on the municipal needs list.

7075.1120 GRANT APPLICATIONS.

Subpart 1. **Notice of taking applications.** The commissioner shall request that the authority publish notice in the *State Register* that capital cost component grant applications will be accepted by the authority. The application closing date must be established by the commissioner and must be no less than 90 days after the publication date.

Subp. 2. **Application requirements.** The municipality shall apply for a capital cost component grant on an application form provided by the commissioner. The municipality shall submit the following information with the application:

- A. a copy of the municipality's request for proposals for construction and operation of the wastewater treatment facility;
- B. an engineering report containing:
 - (1) a description of the geographic planning area and the population to be served by the wastewater treatment facility;
 - (2) the effluent limitations for which the wastewater treatment facility is being designed;
 - (3) the municipality's existing wastewater flows and loadings data; and
 - (4) the municipality's estimated future wastewater flows and loadings data;
- C. a copy of all proposals received in response to the municipality's request for proposals; and
- D. a design summary of the wastewater treatment facility with all components listed and sized.

Subp. 3. **Other information.** After the application is received, the applicant shall submit other information requested by the commissioner necessary to clarify the application.

Subp. 4. **Application closing date.** The application must be submitted to the authority or postmarked by the noticed application closing date.

Subp. 5. **Incomplete applications.** Municipalities that submit applications that do not include the information required in subpart 2 or that are not submitted by the application closing date are ineligible for funding. The municipalities may reapply in a later application period.

7075.1125 SELECTION OF ELIGIBLE GRANTEEES.

Subpart 1. **Ranking of applicants.** Within 30 days of the close of the application period, the commissioner shall rank those applicants who have submitted a complete and timely application according to their priority ranking on the municipal needs list.

Subp. 2. **Determination of grantees.** Within 90 days of the close of the application period, the agency shall determine how many of the eligible applicants will receive a capital cost component grant. Grants must be awarded in priority order to as many applicants as the available funding will allow.

7075.1130 AMOUNT OF GRANT AWARD.

Subpart 1. **State and federal construction grants program list.** Each August the commissioner shall prepare a list of all municipal wastewater treatment facilities that have accepted bids under the state and federal construction grants program during the three previous state fiscal years. The municipal wastewater treatment facilities shall be listed in order of the population of the service area.

Subp. 2. **Grant amount.** The grant applicant shall be placed on the state and federal construction grants program list described in subpart 1 based on the population of the grantee's service area. The amount of the grant must be 50 percent of the average total eligible costs of the ten municipalities the closest in population to the grantee's service area.

Subp. 3. **Grant restriction.** No more than 50 percent of the total funds available for the award of capital cost component grants for any fiscal year shall be awarded to a grantee. A grantee that receives only a part of the grant to which it is entitled because of this restriction is entitled to receive a grant amendment in the next year or years, if capital cost component grant money is available, until the full amount of the grant is awarded. The grantee is entitled to priority over new grantees in the next year or years. The amount of the grant must not be recalculated under subparts 1 and 2.

Subp. 4. **Grant limitation.** No grant shall exceed 100 percent of the actual costs of design and construction of the wastewater treatment facility. The cost of acquiring an existing facility must not be included as an eligible cost for the purpose of determining actual costs.

7075.1135 CERTIFICATION OF AWARD.

The commissioner shall certify to the authority the list of projects to be awarded grants and the amount of the grant to be awarded based on the criteria in parts 7075.1125 and 7075.1130.

7075.1140 GRANT CONDITIONS.

Subpart 1. **Statutory and regulatory requirements.** The grantee shall comply with applicable statutory and regulatory requirements for capital cost component grants.

Subp. 2. **General conditions.** The grantee shall comply with the conditions in items A to E during the course of constructing the wastewater treatment facility.

A. Within 90 days after the grant award date, the grantee shall submit to the commissioner for technical review and approval complete plans and specifications for the wastewater treatment facility. The commissioner shall approve or deny approval of the plans and specifications within 90 days after initial submittal. The grantee and the commissioner may agree to one extension of up to an additional 90 days.

B. The grantee shall not initiate construction of the project until:

- (1) the environmental review process in chapter 4410 and *Minnesota Statutes*, chapter 116D has been completed;
- (2) the grantee has obtained the required permits for the project;
- (3) the commissioner has approved the plans and specifications for the project; and

(4) a copy of the executed service contract between the grantee and the private vendor has been submitted to the commissioner along with a certification from the grantee that the service contract satisfies all statutory requirements applicable to the contract.

C. The project must be constructed in accordance with the approved plans and specifications and any approved change orders.

D. A grantee proposing to make changes in the project that alter the type, efficiency, or reliability of the treatment process shall submit to the commissioner information as the commissioner requires to determine the impact of the proposed change on the environment. Changes to the project that alter the type, efficiency, or reliability of the treatment process must not be made without the prior approval of the commissioner. The commissioner shall review a proposed change in the same manner as the original project was reviewed for compliance with applicable pollution control requirements. Change orders for changes not requiring prior approval must be submitted to the commissioner as soon as possible. A change in the type, efficiency, or reliability of the treatment process without prior approval from the commissioner shall constitute grounds for the commissioner to request that the authority terminate the grant of a grantee.

E. Before placing the wastewater treatment facility into operation, the grantee shall submit to the commissioner an operations and maintenance manual for the wastewater treatment facility. The commissioner shall review the manual and provide comments to the grantee.

7075.1145 INSPECTIONS.

The commissioner has the authority to conduct inspections of the grantee's project under the authority of *Minnesota Statutes*, section 115.03, subdivision 1, paragraph (f).

7075.1150 GRANT PAYMENT.

Subpart 1. **Request for payment.** A grantee seeking a grant payment shall submit a payment request to the commissioner on a form provided by the commissioner.

Subp. 2. **Schedule of payment.** Capital cost component grants shall be paid in accordance with the following schedule:

A. 80 percent of the grant upon compliance by the grantee with the following conditions:

(1) submission of a certification that the wastewater treatment facility has been completed in accordance with the approved plans and specifications and approved change orders;

(2) submission of a certification of compliance with all permit conditions for a period of two consecutive calendar months following project completion;

(3) submission of a certification of compliance with all grant conditions in part 7075.1140, subpart 2;

(4) submission of as-built plans and specifications to the commissioner on microfiche; and

(5) submission of written documentation to the commissioner of actual design and construction costs incurred for the wastewater treatment facility.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

Proposed Rules

B. The remaining 20 percent of the grant upon compliance by the grantee with the following conditions:

(1) submission of a certification of compliance with all permit conditions for a period of 12 consecutive calendar months following project completion;

(2) submission of a certification that the project is capable of accepting hydraulic and organic loadings to the extent designed for in the approved plans and specifications; and

(3) submission of a certification that the project will have no overflows or bypasses under design conditions.

Subp. 3. **Verification of compliance.** Before a grant payment is made, the commissioner shall verify that the grantee has complied with part 7075.1135 and with the grantee's permit conditions.

Subp. 4. **Certification of payment.** Within ten days of receipt of a payment request, the commissioner shall determine whether the grantee qualifies for payment. If the commissioner determines that payment is not appropriate, the commissioner shall advise the grantee of the deficiencies in the request. If the commissioner determines that payment is appropriate, the commissioner shall certify to the authority that payment should be made.

7075.1155 TERMINATION OF GRANT.

Failure of the grantee to comply with part 7075.1140 shall constitute grounds for the commissioner to recommend that the authority terminate the grant of a grantee.

7075.1160 RECOVERY OF FUNDS.

Violation of permit conditions by reason of improper design, improper construction, or improper operation and maintenance shall constitute grounds for the commissioner to recommend that the authority seek to recover grant funds tendered or disbursed to a grantee.

Pollution Control Agency

Proposed Permanent Rules Relating to Hazardous Waste; Land Disposal Restrictions

Notice of Intent to Adopt Rule Amendments without a Public Hearing

Notice is hereby given that the Minnesota Pollution Control Agency (MPCA) intends to adopt the above-entitled rule amendments without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in *Minnesota Statutes* §§ 14.22 to 14.28 (1986). The MPCA's authority to adopt the rule amendments is set forth in *Minnesota Statutes* § 116.07, subd. 4 (1986).

The proposed rule amendments, if adopted, will address restrictions on the land disposal of hazardous wastes. These land disposal restrictions are based on federal "Land Ban" regulations and establish treatment standards for specific types of hazardous wastes. The hazardous wastes being addressed by these proposed rule amendments include solvents, dioxin wastes, and certain of the wastes identified as "California List" wastes. The California List wastes include PCB's, halogenated organic compounds and acidic wastes that have a pH of less than 2. The proposed rule amendments establish requirements for restricted waste analysis, record keeping, storage and treatment.

All persons have until 4:30 p.m. on July 13, 1988, to submit comments in support of or in opposition to the proposed rule amendments or any part or subpart of the rules. Comment is encouraged. Each comment should identify the portion of the proposed rule amendments addressed, the reason for comment, and any change proposed.

Any person may make a written request for public hearing on the rules within the comment period. If 25 or more persons submit a written request for a public hearing within the comment period, a public hearing will be held unless a sufficient number withdraw their requests in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule amendments addressed, the reason for the request, and any change proposed. If a public hearing is required, the MPCA will proceed pursuant to *Minnesota Statutes* §§ 14.131 to 14.20 (1986).

Comments or written requests for a public hearing must be addressed to:

Carol Nankivel
Minnesota Pollution Control Agency
520 Lafayette Road North
St. Paul, Minnesota 55155

The proposed rule amendments may be modified if the modifications are supported by data and views submitted to the MPCA and do not result in a substantial change in the proposed rule amendments as noticed.

The proposed rule amendments follow this notice. One free copy of the proposed rule amendments is available upon request from Carol Nankivel at 612/296-7260 or at the address stated above.

A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rule amendments and identifies the data and information relied upon to support the proposed rule amendments has been prepared and is available from Carol Nankivel upon request.

The amendments correspond to the federal regulations published in the November 7, 1986, June 4, 1987, and July 8, 1987, *Federal Registers* (Federal Registers Vol. 51, No. 216, pgs. 40572-40654, Vol. 52, No. 107, pgs. 21010-21018, Vol. 52, No. 130, pgs. 25760-25792), with the following exception. The federal provisions provide an exemption from the land disposal restrictions for certain types of treatment in surface impoundments. The proposed rule amendments provide the same exemption except that they require the surface impoundment to meet specific design and operation requirements. 40 Code of Federal Regulations § 268.4 (a)(3)(i) to (iii) provides for certain exemptions and waivers from the design and operation requirements that are not provided under the proposed rule amendments.

You are hereby advised, pursuant to *Minnesota Statutes* § 14.115 (1986), "small business considerations in rulemaking," that the proposed rule amendments will have an impact on small businesses. The effect of the proposed rule amendments will depend on the type of waste being generated by the small business and the type of treatment that must be provided. However, the requirements of the proposed rule amendments are already in effect in Minnesota under the federal hazardous waste program and their adoption by the MPCA will not create any effect on small businesses.

If no hearing is required, upon adoption of the rule amendments, the rule amendments and the supporting documents will be submitted to the Attorney General for review as to legality and form to the extent form relates to legality. Any person may request notification of the date of submission to the Attorney General. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the rule amendments as adopted, must submit a written request to Carol Nankivel at the address stated above.

Gerald L. Willet
Commissioner

Rules as Proposed

7001.0150 TERMS AND CONDITIONS OF PERMITS.

Subpart 1. [Unchanged.]

Subp. 2. **Special conditions.** Each draft and final permit must contain conditions necessary for the permittee to achieve compliance with applicable Minnesota or federal statutes or rules, including each of the applicable requirements in parts 7045.0450 to 7045.0642 and 7045.1300 to 7045.1380, and any conditions that the agency determines to be necessary to protect human health and the environment. If applicable to the circumstances, the conditions must include:

A. to D. [Unchanged.]

Subp. 3. [Unchanged.]

7001.0560 GENERAL INFORMATION REQUIREMENTS FOR PART B OF APPLICATION.

Part B of the application must contain the following information:

A. to U. [Unchanged.]

V. For land disposal facilities, if a case-by-case extension has been approved under part 7045.0075, subpart 6, or a petition has been granted under part 7045.0075, subpart 7, a copy of the notice of approval for the extension or petition is required.

7001.0650 INTERIM STATUS.

Subpart 1. to 3. [Unchanged.]

Subp. 4. **Prohibitions.** During the interim status period, an owner or operator shall not:

A. to C. [Unchanged.]

D. alter a hazardous waste facility in a manner that amounts to a reconstruction of the facility. For the purpose of this part, reconstruction occurs when the capital investment in the modification of the facility exceeds 50 percent of the capital cost of a comparable new hazardous waste facility. Reconstruction does not include changes made solely for the purpose of complying with

the requirements of part 7045.0628, subparts 4 and 5, for tanks and ancillary equipment, or to treat or store in containers or tanks hazardous wastes subject to the land disposal restrictions under parts 7045.1300 to 7045.1380 or RCRA section 3004, if the changes are made solely to comply with parts 7045.1300 to 7045.1380 or RCRA section 3004.

Subp. 5. to 7. [Unchanged.]

7001.0730 MODIFICATION OF PERMITS; REVOCATION AND REISSUANCE OF PERMITS.

Subpart 1. to 3. [Unchanged.]

Subp. 4. **Minor modifications of permits.** In addition to the corrections or allowances listed in part 7001.0190, subparts 2 and 3, if the permittee consents, the commissioner may modify a permit to make the corrections or allowances listed below without following the procedures in parts 7001.0100 to 7001.0130:

A. to K. [Unchanged.]

L. to allow treatment of hazardous wastes not previously specified in the permit if the following conditions are met:

(1) the hazardous waste has been prohibited from one or more methods of land disposal under parts 7045.1320 to 7045.1330 or RCRA section 3004;

(2) treatment is in accordance with part 7045.1310, if applicable, and part 7045.1305, and applicable standards established under parts 7045.1355 to 7045.1360 and part 7045.0075, subpart 8, or, where no treatment standards have been established, treatment renders the waste no longer subject to the applicable prohibitions of part 7045.1330 or RCRA section 3004;

(3) handling or treatment of the restricted waste will not present risks substantially different from those of wastes listed in the permit; and

(4) federal or state approval of a minor permit modification request is granted. No permit changes can occur except for the addition of new waste codes and administrative or technical changes necessary to handle new wastes. Changes in treatment processes or physical equipment may not be made under this item; and

M. to allow permitted facilities to change their operations to treat or store hazardous wastes subject to land disposal restrictions imposed by parts 7045.1300 to 7045.1380 or RCRA section 3004, provided the treatment or storage occurs in containers or tanks and the permittee:

(1) requests a major permit modification under subparts 1 to 3;

(2) demonstrates in the request for a major permit modification that the treatment or storage is necessary to comply with the land disposal restrictions of parts 7045.1300 to 7045.1380 or RCRA section 3004; and

(3) ensures that the treatment or storage units comply with the applicable standards of parts 7045.0552 to 7045.0642 and 7045.1300 to 7045.1380 pending final administrative disposition of the major modification request. The authorization to make the changes conferred in this item terminates upon final administrative disposition of the permittee's major modification request under subparts 1 to 3 or termination of the permit under part 7001.0180.

Subp. 5. [Unchanged.]

7045.0020 DEFINITIONS.

Subpart 1. to 32. [Unchanged.]

Subp. 32a. Halogenated organic compounds or HOC's. "Halogenated organic compounds" or "HOC's" means those compounds having a carbon-halogen bond that are listed under Appendix III of Code of Federal Regulations, title 40, part 268.

Subp. 33. to 47. [Unchanged.]

Subp. 47a. Land disposal. "Land disposal" means placement in or on the land and includes, but is not limited to, placement in a landfill, surface impoundment, waste pile, injection well, land treatment facility, salt dome formation, salt bed formation, underground mine or cave, or placement in a concrete vault or bunker intended for disposal purposes.

Subp. 48. to 71. [Unchanged.]

Subp. 71a. Polychlorinated biphenyls or PCB's. "Polychlorinated biphenyls" or "PCB's" are halogenated organic compounds defined in accordance with Code of Federal Regulations, title 40, section 761.3.

Subp. 72. to 108. [Unchanged.]

7045.0075 PETITIONS.

Subpart 1. to 5. [Unchanged.]

Subp. 6. Procedures for case-by-case extensions to an effective date. A person who generates, treats, stores, or disposes of hazardous waste may submit a petition to the EPA for an extension to the effective date of any applicable restriction established

under parts 7045.1320 to 7045.1330. The petition must be submitted in accordance with Code of Federal Regulations, title 40, section 268.5.

Subp. 7. Petitions to allow land disposal of a prohibited waste. A person seeking an exemption from a prohibition for the disposal of a restricted hazardous waste in a particular unit or units must submit a petition to the agency and to the EPA demonstrating, to a reasonable degree of certainty, that there will be no migration of hazardous constituents from the disposal unit or injection zone for as long as the wastes remain hazardous. The demonstration to the EPA must include the provisions in Code of Federal Regulations, title 40, section 268.6. The demonstration to the agency must include an identification of the specific waste and the specific unit for which the demonstration will be made, a waste analysis to describe fully the chemical and physical characteristics of the subject waste, and a comprehensive characterization of the disposal unit site including an analysis of background air, soil, and water quality.

A. The demonstration must meet the following criteria:

(1) all waste and environmental sampling, test, and analysis data must be accurate and reproducible to the extent that state-of-the-art techniques allow;

(2) all sampling, testing, and estimation techniques for chemical and physical properties of the waste and all environmental parameters must have been approved by the agency;

(3) simulation models must be calibrated for the specific waste and site conditions, and verified for accuracy by comparison with actual measurements;

(4) a quality assurance and quality control plan that addresses all aspects of the demonstration must be approved by the agency; and

(5) an analysis must be performed to identify and quantify any aspects of the demonstration that contribute significantly to uncertainty. This analysis must include an evaluation of the consequences of predictable future events, including but not limited to earthquakes, floods, severe storm events, droughts, or other natural phenomena.

B. Each petition must include the following statement signed by the petitioner or an authorized representative:

"I certify under penalty of law that I have personally examined and am familiar with the information submitted in this petition and all attached documents, and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment."

C. After receiving a petition, the commissioner may request additional information that reasonably may be required to evaluate the demonstration.

D. If approved, the petition will apply to land disposal of the specific restricted waste at the individual disposal unit described in the demonstration and will not apply to any other restricted waste at that disposal unit, or to that specific restricted waste at any other disposal unit.

E. The commissioner will give public notice in the *State Register* of the intent to approve or deny a petition and provide an opportunity for public comment. The final decision on a petition will be published in the *State Register*.

F. The term of a petition granted under this part must be no longer than the term of the RCRA permit if the disposal unit is operating under an RCRA permit, or up to a maximum of five years from the date of approval provided under item G if the unit is operating under interim status. In either case, the term of the granted petition expires upon the termination or denial of an RCRA permit, or upon the termination of interim status or when the volume limit of waste to be land disposed during the term of petition is reached.

G. Before the agency's decision, the applicant must comply with all restrictions on land disposal under parts 7045.1300 to 7045.1380 when the effective date for the waste has been reached.

H. The petition granted by the agency does not relieve the petitioner of responsibility for the management of hazardous waste under chapters 7001 and 7045.

I. Liquid hazardous wastes containing polychlorinated biphenyls at concentrations greater than or equal to 500 ppm are not eligible for an exemption under this subpart.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. **Strike outs** indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. **Strike outs** indicate deletions from proposed rule language.

Proposed Rules

Subp. 8. Petition for alternate treatment standard or alternate technology. Where a treatment standard is expressed as a concentration in a waste or waste extract and a waste cannot be treated to a specified level, or where the treatment technology is not appropriate to the waste, the generator or the owner or operator of a treatment facility may request a variance from the EPA to provide an alternate treatment standard. The variance request must be submitted in accordance with Code of Federal Regulations, title 40, sections 268.42(b) and 268.44.

7045.0125 MANAGEMENT OF WASTE BY USE, REUSE, RECYCLING, AND RECLAMATION.

Subpart 1. to 3. [Unchanged.]

Subp. 4. **Management of specific hazardous wastes.** Management of the following wastes when recycled, is not subject to regulation under parts 7045.0205 to 7045.0685 and 7045.1300 to 7045.1380: industrial ethyl alcohol that is reclaimed, except as provided in subpart 12; used batteries or used battery cells returned to a battery manufacturer for regeneration; and scrap metal.

Subp. 5. to 8. [Unchanged.]

Subp. 9. **Facility requirements.** Except as provided in subpart 4, 5, 6, or 10, owners or operators of facilities which recycle hazardous waste are subject to the following requirements:

A. If the recyclable hazardous waste is stored before it is recycled, the owners or operators are subject to the requirements of parts 7045.0450 to 7045.0534, 7045.0552 to 7045.0632, and 7045.1300 to 7045.1380, and chapter 7001.

B. If the recyclable hazardous waste is recycled without storing before recycling, the owners or operators are subject to the requirements of parts 7045.0556, subpart 2; 7045.0580; and 7045.0582.

Subp. 10. to 12. [Unchanged.]

7045.0127 RESIDUES IN EMPTY CONTAINERS AND EMPTY INNER LINERS.

Subpart 1. **Scope.** Any hazardous waste remaining in an empty container or an empty inner liner removed from an empty container, as defined in subparts 2 to 4 is not subject to regulation under parts 7045.0100 to 7045.1030 and 7045.1300 to 7045.1380, or a hazardous waste facility permit. Any hazardous waste in a container or an inner liner removed from a container that is not empty, as defined in subparts 2 to 4, is subject to regulation under parts 7045.0100 to 7045.1030 and 7045.1300 to 7045.1380, and the agency's permitting procedures.

Subp. 2. to 4. [Unchanged.]

7045.0135 LISTS OF HAZARDOUS WASTES.

Subpart 1. **General.** A waste is a hazardous waste if it is listed under subparts 2 to 5 unless it has been excluded from the list under part 7045.0075, subpart 2.

The basis for listing the classes or types of wastes listed in subparts 2 to 5 is indicated by employing one or more of the following hazard codes:

- A. ignitable waste, (I);
- B. corrosive waste, (C);
- C. reactive waste, (R);
- D. EP toxic waste, (E);
- E. acute hazardous waste, (H); and
- F toxic waste, (T).

The constituent which caused the agency to list the waste as an EP toxic waste (E) or toxic waste (T) in subparts 2 and 3 is identified in part 7045.0139.

Each listed hazardous waste is assigned a hazardous waste number which precedes the name of the waste. This number must be used in complying with the disclosure requirements of parts 7045.0205 to 7045.0304 and certain record keeping and reporting requirements under parts 7045.0205 to 7045.1030, 7045.1300 to 7045.1380, and the agency's permitting procedures in chapter 7001.

The following hazardous wastes listed in subparts 2 and 3 are subject to the exclusion limits for acutely hazardous wastes established in part 7045.0219: Hazardous Waste Numbers F020, F021, F022, F023, F026, and F027.

Subp. 2. to 5. [Unchanged.]

7045.0214 EVALUATION OF WASTES.

Subpart 1. **General requirement.** Any person who produces a waste within the state of Minnesota or any person who produces a waste outside the state of Minnesota that is managed within the state of Minnesota, must evaluate the waste to determine if it is

hazardous. A material is determined to be a waste in accordance with the conditions specified under the definition of other waste material in part 7045.0020. Any waste evaluated and exempted under part 7045.0075 or 7045.0120 does not need to be reevaluated under this part. If the waste is determined to be hazardous, the generator must refer to parts 7045.0075, 7045.0450 to 7045.0685, and 7045.1300 to 7045.1380 for possible exclusions or restrictions relating to management of the specific waste.

Subp. 2. and 3. [Unchanged.]

7045.0365 TRANSFER FACILITY REQUIREMENTS.

Subpart 1. **Applicability.** A transporter who stores manifested shipments of hazardous waste in containers meeting the requirements of part 7045.0270, subpart 4 at a transfer facility for a period of ten days or fewer is not subject to regulation under parts 7045.0450 to 7045.0642 and 7045.1300 to 7045.1380, and a hazardous waste facility permit with respect to the storage of those wastes. The owner or operator must notify the commissioner in writing of his or her activity.

Subp. 2. and 3. [Unchanged.]

7045.0450 FACILITIES GOVERNED BY FACILITY STANDARDS.

Subpart 1. **General requirements.** Parts 7045.0450 to 7045.0544 apply to owners and operators of all facilities which treat, store, or dispose of hazardous waste except as specifically provided otherwise in this part or in parts 7045.0100 to 7045.0304.

Parts 7045.0450 to 7045.0544 apply to the owners or operators of publicly owned treatment works which treat, store, or dispose of hazardous waste only to the extent they are included in a permit-by-rule granted under the agency's permitting procedures.

Parts 7045.0450 to 7045.0544 apply to a person disposing of hazardous waste by means of ocean disposal subject to a permit issued under the Marine Protection, Research, and Sanctuaries Act of 1972, United States Code, title 16, sections 1431 to 1434, as amended through December 31, 1982, and United States Code, title 33, section 1401, as amended through December 31, 1982, only to the extent they are included in a permit-by-rule granted under the agency's permitting procedures. Parts 7045.0450 to 7045.0544 apply to the treatment or storage of hazardous waste before it is loaded onto an ocean vessel for incineration or disposal at sea.

Parts 7045.0450 to 7045.0544 apply to the owners and operators of all facilities that treat, store, or dispose of hazardous waste referred to in parts 7045.1300 to 7045.1380.

Subp. 2. and 3. [Unchanged.]

7045.0458 WASTE ANALYSIS REQUIREMENTS.

Subpart 1. **Waste analysis.** Waste analysis procedures are as follows:

A. Before an owner or operator treats, stores, or disposes of any hazardous waste, he or she shall obtain a detailed chemical and physical analysis of a representative sample of the waste. This analysis must contain all the information which must be known in order to treat, store, or dispose of the waste in accordance with the requirements of parts 7045.0450 to 7045.0544 and 7045.1300 to 7045.1380, or with the conditions of a permit issued under the agency's permitting procedures.

B. to D. [Unchanged.]

Subp. 2. **Waste analysis plan.** The owner or operator shall develop and follow a written waste analysis plan which describes the procedures which he or she will carry out to comply with subpart 1. The owner or operator shall keep this plan at the facility. The plan must specify:

A. to E. [Unchanged.]

F where applicable, the methods which will be used to meet the additional waste analysis requirements for specific waste management methods as specified in parts 7045.0456; 7045.0538, subpart 10; ~~and~~ 7045.0542, subpart 2; and 7045.1315;

G. for off-site facilities, the waste analysis plan must also specify the procedures which will be used to inspect and, if necessary, analyze each movement of hazardous waste received at the facility to ensure that it matches the identity of the waste designated on the accompanying manifest or shipping paper. The plan must describe:

(1) the procedures which will be used to determine the identity of each movement of waste managed at the facility; and

(2) the sampling method which will be used to obtain a representative sample of the waste to be identified, if the identification method includes sampling. The waste analysis plan must be submitted with the permit application; and

Proposed Rules

H. for surface impoundments exempted from the land disposal restrictions under part 7045.1310, the procedures and schedules for:

(1) the sampling of impoundment contents;

(2) the analysis of test data; and

(3) the annual removal of residues that are not delisted under part 7045.0075, subpart 2, and do not exhibit a characteristic of hazardous waste under part 7045.0131, and that do not meet the treatment standards of parts 7045.1350 to 7045.1360, or, where no treatment standards have been established, the annual removal of residues that do not meet the applicable prohibition levels in parts 7045.1320 to 7045.1330 or RCRA section 3004(d).

7045.0478 OPERATING RECORD.

Subpart 1. and 2. [Unchanged.]

Subp. 3. **Record information.** All of the following information must be recorded, as it becomes available, and maintained in the operating record until closure of the facility:

A. to D. [Unchanged.]

E. Records and results of waste analysis performed as specified in parts 7045.0456, 7045.0458, 7045.0538, subpart 10, and 7045.0542, subpart 2, 7045.1310, and 7045.1315.

F to L. [Unchanged.]

M. Records of the quantities and date of placement of each shipment of hazardous waste placed in land disposal units under an extension to the effective date of any land disposal restriction granted under part 7045.0075, subpart 6 or 7, and the notice required by a generator under part 7045.1315, subpart 1, item C.

N. For an off-site treatment facility, a copy of the notice required by a generator under part 7045.1315, subpart 1, item A.

O. For an on-site treatment facility, the information contained in the notice required by the generator under part 7045.1315, subpart 1, item A, except for the manifest number required under subitem (3).

P. For an off-site land disposal facility, a copy of the notice and certification required by the owner or operator of a treatment facility under part 7045.1315, subpart 2, items A and B, or a copy of the notice and certification required by the generator under part 7045.1315, subpart 1, item B, whichever is applicable.

Q. For an on-site land disposal facility, the information contained in the notice required under part 7045.1315, subpart 1, item B, except for the manifest number, or the information contained in the notice required by a treater under part 7045.1315, subpart 2, item A, except the manifest number required under subitem (3), whichever is applicable.

7045.0552 FACILITIES GOVERNED BY INTERIM STATUS.

Subpart 1. **General requirements.** Parts 7045.0552 to 7045.0642 establish minimum standards for the management of hazardous waste during the period of interim status and until certification of final closure or, if the facility is subject to post-closure requirements, until post-closure responsibilities are fulfilled. These standards apply to owners and operators of existing facilities who have fully complied with the requirements for state or federal interim status until a permit is issued or until applicable interim status closure and post-closure responsibilities are fulfilled, and those who have failed to achieve state or federal interim status. These standards apply to all treatment, storage, or disposal of hazardous waste at these facilities after July 16, 1984, except as specifically provided otherwise.

For existing facilities which were not required to obtain federal interim status under the Resource Conservation and Recovery Act, United States Code, title 42, sections 6901 to 6986, as amended through June 30, 1983, but are required to obtain state interim status, the requirements of parts 7045.0590; 7045.0592; 7045.0632, subpart 4, items A and B; 7045.0634, subpart 2; 7045.0638, subparts 2, 7, and 8, become effective 12 months after July 16, 1984, and the requirements of parts 7045.0608 to 7045.0624 become effective 90 days after July 16, 1984.

Parts 7045.0552 to 7045.0642 apply to the owners and operators of all facilities that treat, store, or dispose of hazardous waste referred to in parts 7045.1300 to 7045.1380.

Subp. 1a. to 4. [Unchanged.]

7045.0564 WASTE ANALYSIS REQUIREMENTS.

Subpart 1. **Waste analysis.** The analysis must comply with the following requirements:

A. Before an owner or operator treats, stores, or disposes of any hazardous waste, he or she shall obtain a detailed chemical and physical analysis of a representative sample of the waste. This analysis must contain all the information which must be known in order to treat, store, or dispose of the waste in accordance with the requirements of parts 7045.0552 to 7045.0642 and 7045.1300 to 7045.1380.

B. to D. [Unchanged.]

Subp. 2. **Waste analysis plan.** The owner or operator shall develop and follow a written waste analysis plan which describes the procedures the owner or operator will carry out to comply with subpart 1. The owner or operator shall keep this plan at the facility. The plan must specify:

A. to E. [Unchanged.]

F. Where applicable, the methods which will be used to meet the additional waste analysis requirements for specific waste management methods as specified in parts 7045.0628, subpart 3; 7045.0630, subpart 4; 7045.0632, subpart 3; 7045.0634, subpart 3; 7045.0638, subpart 7; 7045.0640, subpart 2; ~~and~~ 7045.0642, subpart 3; and 7045.1315.

G. [Unchanged.]

H. For surface impoundments exempted from the land disposal restrictions under part 7045.1310, the procedures and schedule for:

(1) the sampling of impoundment contents;

(2) the analysis of test data; and

(3) the annual removal of residues that are not delisted under part 7045.0075, subpart 2, and do not exhibit a characteristic of hazardous waste under part 7045.0131, and that do not meet the treatment standards of parts 7045.1350 to 7045.1360, or, where no treatment standards have been established, the annual removal of residues that do not meet the applicable prohibition levels in parts 7045.1320 to 7045.1330 or RCRA section 3004(d).

7045.0584 OPERATING RECORD.

Subpart 1. and 2. [Unchanged.]

Subp. 3. **Record information.** The following information must be recorded, as it becomes available, and maintained in the operating record until closure of the facility:

A. to D. [Unchanged.]

E. Records and results of waste analysis and trial tests performed as specified in parts 7045.0564; 7045.0628, subpart 3; 7045.0630, subpart 4; 7045.0632, subpart 3; 7045.0634, subpart 3; 7045.0638, subpart 7; 7045.0640, subpart 2; ~~and~~ 7045.0642, subpart 3; 7045.1310; and 7045.1315.

F to I. [Unchanged.]

J. Records of the quantities and date of placement of each shipment of hazardous waste placed in land disposal units under an extension to the effective date of any land disposal restriction granted under part 7045.0075, subpart 6 or 7, and the notice required by a generator under part 7045.1315, subpart 1, item C.

K. For an off-site treatment facility, the notice required by a generator under part 7045.1315, subpart 1, item A.

L. For an on-site treatment facility, the information contained in the notice required by a generator under part 7045.1315, subpart 1, item A, except for the manifest number required under subitem (3).

M. For an off-site land disposal facility, the notice and certification required by the owner or operator of a treatment facility under part 7045.1315, subpart 2, items A and B, or the certification required by the generator under part 7045.1315, subpart 1, item B, whichever is applicable.

N. For an on-site land disposal facility, the information contained in the notice required by a generator under part 7045.1315, subpart 1, item B, except for the manifest number, or the information contained in the notice required by the treatment facility under part 7045.1315, subpart 2, item A, except the manifest number required under subitem (3), whichever is applicable.

7045.1300 LAND DISPOSAL RESTRICTIONS; APPLICABILITY AND EXEMPTIONS.

Subpart 1. Applicability. This part identifies hazardous wastes that are restricted from land disposal and defines those limited circumstances under which an otherwise prohibited waste may continue to be land disposed.

Except as specifically provided in subpart 2 or parts 7045.0100 to 7045.0141, the requirements of this part apply to persons who generate or transport hazardous waste and owners and operators of hazardous waste treatment, storage, and disposal facilities.

Subp. 2. Exemptions. Prohibited wastes may continue to be land disposed under the following conditions:

A. if an extension has been granted from the effective date of a prohibition under part 7045.0075, subpart 6, with respect to those wastes covered by the extension;

B. if an exemption has been granted from a prohibition as a result of a petition under part 7045.0075, subpart 7, with respect to those wastes and units covered by the petition;

C. until November 8, 1988, if wastes are contaminated soil or debris resulting from a response action taken under section 104 or 106 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 or a corrective action required under the Resource Conservation and Recovery Act;

D. if small quantity generators of less than 100 kilograms of nonacute hazardous waste per month, or less than one kilogram acute hazardous waste per month, as defined in part 7045.0219; and

E. if a farmer is disposing of waste pesticides in accordance with part 7045.0304.

7045.1305 DILUTION PROHIBITED AS A SUBSTITUTE FOR TREATMENT.

No generator, transporter, handler, or owner or operator of a treatment, storage, or disposal facility shall in any way dilute a restricted waste or the residual from treatment of a restricted waste as a substitute for adequate treatment to achieve compliance with parts 7045.1350 to 7045.1360, to circumvent the effective date or otherwise avoid a prohibition in parts 7045.1320 to 7045.1330, or to circumvent a land disposal prohibition imposed by RCRA section 3004.

7045.1310 TREATMENT SURFACE IMPOUNDMENT EXEMPTION.

Subpart 1. Conditions. Wastes that are otherwise prohibited from land disposal under parts 7045.1300 to 7045.1380 may be treated in a surface impoundment or series of impoundments if:

A. treatment of the wastes occurs in the impoundments.

B. the residues of the treatment are analyzed, as provided in part 7045.1315 or 7045.1330 to determine if they meet the applicable treatment standards in parts 7045.1350 to 7045.1360, or, where no treatment standards have been established for the waste, the applicable prohibition levels in parts 7045.1320 to 7045.1330 or RCRA section 3004(d). The sampling method, specified in the waste analysis plan under part 7045.0458 or 7045.0564 must be designed so the representative samples of the sludge and the supernatant are tested separately rather than mixed to form homogeneous samples. The treatment residues, including any liquid waste, that do not meet the treatment standards adopted under parts 7045.1350 to 7045.1360, or the applicable prohibition levels adopted under parts 7045.1320 to 7045.1330, or imposed by statute where no treatment standards have been established, or that are not delisted under part 7045.0075, subpart 2, and no longer exhibit a characteristic of hazardous waste, must be removed at least annually. These residues may not be placed in any other surface impoundment for later management. If the volume of liquid flowing through the impoundment or series of impoundments annually is greater than the volume of the impoundment or impoundments, this flow-through constitutes removal of the supernatant for the purpose of this requirement. The procedures and schedule for the sampling of impoundment contents, the analysis of test data, and the annual removal of residue that does not meet the treatment standards in parts 7045.1350 to 7045.1360, or, where no treatment standards have been established, the prohibition levels in parts 7045.1320 to 7045.1330 or RCRA section 3004(d), must be specified in the facility's waste analysis plan as required under part 7045.0458 or 7045.0564.

C. the impoundment meets the design requirements of Code of Federal Regulations, title 40, section 264.221(c) or 265.221(a), and be in compliance with applicable groundwater monitoring requirements of part 7045.0484 or 7045.0590.

D. the owner or operator submits to the commissioner a written certification that the requirements of item C, have been met and a copy of the waste analysis plan required under item B. The following certification is required:

"I certify under penalty of law that the requirements of part 7045.1310, subpart 1, item C, have been met for all surface impoundments being used to treat restricted wastes. I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment."

Subp. 2. Prohibition of evaporation. Evaporation of hazardous constituents as the principal means of treatment is not considered to be treatment for purposes of an exemption under this part.

7045.1315 WASTE ANALYSIS FOR RESTRICTED WASTES.

Subpart 1. Applicability. Except as provided in part 7045.1330, the generator must test waste or an extract developed using the test method described in Code of Federal Regulations, title 40, part 268, Appendix I, or use knowledge of the waste, to determine if the waste is restricted from land disposal.

A. If a generator determines that the waste being generated is a restricted waste and the waste does not meet the applicable treatment standards, or where the waste does not comply with the applicable prohibitions in part 7045.1330 or RCRA section 3004(d), with each shipment of waste the generator must notify the treatment facility in writing of the appropriate treatment standards

in parts 7045.1350 to 7045.1360 and any applicable prohibitions in part 7045.1330 or RCRA section 3004(d).

The notice must include the following information:

- (1) EPA Hazardous Waste Number;
- (2) the corresponding treatment standards and all applicable prohibitions in part 7045.1330 or RCRA section 3004(d);
- (3) the manifest number associated with the shipment of waste; and
- (4) waste analysis data, where available.

B. If a generator determines that the waste being generated is a restricted waste and determines that the waste can be land disposed without further treatment, with each shipment of waste the generator must submit, to the land disposal facility, a notice and a certification stating that the waste meets the applicable treatment standards in parts 7045.1350 to 7045.1360 and the applicable prohibitions in part 7045.1330 or RCRA section 3004(d).

(1) The notice must include the EPA Hazardous Waste Number, the corresponding treatment standards and all applicable prohibitions in part 7045.1330 or RCRA section 3004(d), the manifest number associated with the shipment of waste, and waste analysis data, where available.

(2) The certification must be signed by an authorized representative and must state the following:

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in parts 7045.1350 to 7045.1360 and all applicable prohibitions in part 7045.1330 or RCRA section 3004(d). I believe that the information I submitted is true, accurate, and complete. I am aware that there are significant penalties for submitting a false certification, including the possibility of a fine and imprisonment."

C. If a generator's waste is subject to a case-by-case extension under part 7045.0075, subpart 6, an exemption under part 7045.0075, subpart 7, an extension under part 7045.1300, subpart 2, item C, or a nationwide variance under Code of Federal Regulations, title 40, part 268, subpart C, a notice must be forwarded with the waste to the land disposal facility receiving the waste, stating that the waste is exempt from the land disposal restrictions.

D. If a generator's decision that a waste is restricted is based solely on knowledge of the waste, all supporting data used to make this determination must be maintained on-site in the generator's files.

Subp. 2. Testing of wastes. For wastes with treatment standards expressed as concentrations in the waste extract in part 7045.1355, the owner or operator of the treatment facility must test the treatment residues or an extract of the residues developed using the test method described in Code of Federal Regulations, title 40, part 268, Appendix I, to assure that the treatment residues or extract meet the applicable treatment standards. For wastes prohibited under part 7045.1330 or RCRA section 3004(d) which are not subject to any treatment standards under parts 7045.1350 to 7045.1360, the owner or operator of the treatment facility must test the treatment residues according to the generator testing requirements in part 7045.1330 to assure that the treatment residues comply with the applicable prohibitions. For both circumstances described above, the testing must be performed according to the frequency specified in the facility's waste analysis plan as required by part 7045.0458 or 7045.0564. Where the treatment residues do not comply with the applicable treatment standards or prohibitions, the treatment facility must comply with the notice requirements applicable to generators in subpart 1, item A, if the treatment residues will be further managed at a different treatment facility.

A. A notice must be sent to the land disposal facility that includes the following information:

- (1) EPA Hazardous Waste Number;
- (2) the corresponding treatment standards and all applicable prohibitions in part 7045.1330 or RCRA section 3004(d);
- (3) the manifest number associated with the shipment of waste; and
- (4) waste analysis data, where available.

B. The treatment facility must submit a certification with each shipment of waste or treatment residue of a restricted waste to the land disposal facility stating that the waste or treatment residue has been treated in compliance with the applicable performance standards in parts 7045.1350 to 7045.1360 and the applicable prohibitions in part 7045.1330 or RCRA section 3004(d).

(1) For wastes with treatment standards expressed as concentrations in the waste extract in part 7045.1355 or in the

waste, or for wastes prohibited under part 7045.1330 or RCRA section 3004(d) which are not subject to any treatment standards under parts 7045.1350 to 7045.1360, the certification must be signed by an authorized representative and must state the following:

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operations of the treatment process used to support this certification and that, based on my inquiry of those individuals immediately responsible for obtaining this information, I believe that the treatment process has been operated and maintained properly so as to comply with the performance levels specified in parts 7045.1350 to 7045.1360 and all applicable prohibitions in part 7045.1330 or RCRA section 3004(d) without dilution of the prohibited waste. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

(2) For wastes with treatment standards expressed as technologies in part 7045.1360, the certification must be signed by an authorized representative and must state the following:

"I certify under penalty of law that the waste has been treated in accordance with the requirements of part 7045.1360. I am aware that there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

Subp. 3. Facility requirements. The owner or operator of any land disposal facility disposing any waste subject to restrictions under parts 7045.1300 to 7045.1380 must have records of the notice and certification required in subpart 1 or 2. The owner or operator of the land disposal facility must test the waste or an extract of the waste or treatment residue developed using the test method described in Code of Federal Regulations, title 40, part 268, Appendix I, or using any methods required by generators under part 7045.1330, to assure that the wastes or treatment residues are in compliance with the applicable treatment standards in parts 7045.1350 to 7045.1360 and all applicable prohibitions in part 7045.1330 or RCRA section 3004(d). The testing must be performed according to the frequency specified in the facility's waste analysis plan as required in part 7045.0458 or 7045.0564.

7045.1320 WASTE SPECIFIC PROHIBITIONS; SOLVENT WASTES.

Subpart 1. Applicability. The spent solvent wastes specified in part 7045.0135 as Hazardous Waste Nos. F001, F002, F003, F004, and F005, are prohibited from land disposal unless one or more of the following conditions apply:

A. the generator of the solvent waste is a small quantity generator;

B. the solvent waste is generated from any response action taken under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), or any corrective action taken under the Resource Conservation and Recovery Act (RCRA), except where the waste is contaminated soil or debris not subject to this chapter until November 8, 1988;

C. the initial generator's solvent waste is a solvent-water mixture, solvent-containing sludge, or solvent-contaminated soil (non-CERCLA or RCRA corrective action) containing less than one percent total F001-F005 solvent constituents listed in part 7045.1355, subpart 3; or

D. the solvent waste is a residue from treating a waste described in items A to C; or the solvent waste is a residue from treating a waste not described in items A to C, provided the residue belongs to a different treatability group than the waste as initially generated and wastes belonging to a treatability group are described in item C.

Subp. 2. Effective date. Effective November 8, 1988, the F001-F005 solvent wastes listed in subpart 1, items A to C, are prohibited from land disposal. Until November 8, 1988, wastes included in subpart 1, items A to C, may be disposed of in a landfill or surface impoundment only if the facility is in compliance with the requirements of Code of Federal Regulations, title 40, section 268.5(h)(2).

Subp. 3. Exceptions. The requirements of subparts 1 and 2 do not apply if:

A. the wastes meet the standards of parts 7045.1350 to 7045.1360;

B. persons have been granted an exemption from a prohibition under part 7045.0075, subpart 7, with respect to those wastes and units covered by repetition; or

C. persons have been granted an extension to an effective date of a prohibition under part 7045.0075, subpart 6 with respect to those wastes covered by the extension.

7045.1325 WASTE SPECIFIC PROHIBITION; DIOXIN-CONTAINING WASTES.

Subpart 1. Applicability. Effective November 8, 1988, the dioxin-containing wastes specified in part 7045.0135 as Hazardous Waste Nos. F020, F021, F022, F023, F026, F027, and F028, are prohibited from land disposal.

Subp. 2. Exceptions. The requirements of subpart 1 do not apply if:

A. the wastes meet the standards of parts 7045.1350 to 7045.1360;

B. persons have been granted an exemption from a prohibition under part 7045.0075, subpart 7, with respect to those wastes or units covered by the petition; or

C. persons have been granted an extension to an effective date of a prohibition under part 7045.0075, subpart 6, with respect to those wastes covered by the extension.

Subp. 3. Effective date. Until November 8, 1988, wastes included in subpart 1 may be disposed of in a landfill or surface impoundment only if the facility is in compliance with the requirements of Code of Federal Regulations, title 40, part 268.5(h)(2) and all other applicable requirements of parts 7045.0450 to 7045.0642.

7045.1330 WASTE SPECIFIC PROHIBITIONS; CALIFORNIA LIST WASTES.

Subpart 1. Application. The following hazardous wastes are prohibited from land disposal:

A. liquid hazardous wastes having a pH less than or equal to two;

B. liquid hazardous wastes containing polychlorinated biphenyls (PCB's) at concentrations greater than or equal to 50 ppm;
and

C. liquid hazardous wastes that are primarily water and contain halogenated organic compounds (HOC's) in total concentration greater than or equal to 1,000 mg/l and less than 10,000 mg/l HOC's.

Subp. 2. Exceptions. The following items are an exception from the prohibitions in subpart 1:

A. The requirements of subpart 1 do not apply until November 8, 1988, where the wastes are contaminated soil or debris resulting from a response action taken under section 104 or 106 of the Comprehensive Environmental Response, Compensation, and Liability Act or a corrective action required under RCRA, subtitle C.

B. Effective July 8, 1989, the following hazardous wastes are prohibited from land disposal:

(1) liquid hazardous wastes that contain HOC's in total concentration greater than or equal to 1,000 mg/l and are not prohibited under subpart 1, item C; and

(2) nonliquid hazardous wastes containing HOC's in total concentration greater than or equal to 1,000 mg/kg.

C. Until July 8, 1989, the wastes described in item B, may be disposed of in a landfill or surface impoundment only if the facility is in compliance with the requirements of Code of Federal Regulations, title 40, part 268.5(h)(2).

D. The requirements of subparts 1 and 2, items A and B, do not apply if:

(1) an exemption has been granted from a prohibition as a result of a petition under part 7045.0075, subpart 7, with respect to those wastes and units covered by the petition;

(2) an extension to the effective date of a prohibition under part 7045.0075, subpart 7, has been granted with respect to those wastes covered by the extension; or

(3) the wastes meet the applicable standards in parts 7045.1350 to 7045.1360 or, where treatment standards are not specified, the wastes are in compliance with the applicable prohibitions in this part or RCRA section 3004(d).

E. The prohibitions and effective dates in subpart 1, item C, and subpart 2, items A and B, do not apply where the waste is subject to an effective date and prohibition under parts 7045.1320 to 7045.1330 for a specified HOC, such as a hazardous waste chlorinated solvent.

Subp. 3. Waste analysis. The following provisions apply to waste analysis:

A. To determine whether or not a waste is a liquid under subparts 1 and 2, item B, and under RCRA section 3004(d), the Paint Filter Liquids Test must be used, method 9095, as described in "Test Methods for Evaluating Solid Wastes, Physical/Chemical Methods," EPA Publication No. SW 846.

B. Except as otherwise provided in this item, the waste analysis and record keeping requirements of part 7045.1315 are applicable to wastes prohibited under this part or RCRA section 3004(d).

(1) The initial generator of a liquid hazardous waste must test the waste, not an extract or filtrate, in accordance with the procedures in part 7045.0131, subpart 4, item A, or use knowledge of the waste, to determine if the waste has a pH less than or equal to two. If the liquid waste has a pH less than or equal to two, it is restricted from land disposal and all requirements of parts 7045.1300 to 7045.1380 are applicable, except as otherwise provided in this part.

(2) The initial generator of either a liquid hazardous waste containing polychlorinated biphenyls (PCB's) or a liquid or

nonliquid hazardous waste containing halogenated organic compounds (HOC's) must test the waste, not an extract or filtrate, or use knowledge of the waste, to determine whether the concentration levels in the waste equal or exceed the prohibition levels in this part. If the concentration of PCB's or HOC's in the waste is greater than or equal to the prohibition levels in this part, the waste is restricted from land disposal and all requirements of parts 7045.1300 to 7045.1380 are applicable, except as otherwise provided in this part.

7045.1350 TREATMENT STANDARDS.

Subpart 1. Concentration standard. A restricted waste identified in this subpart may be land disposed without further treatment only if an extract of the waste or of the treatment residue of the waste developed using the test method in Code of Federal Regulations, title 40, part 268, Appendix I, does not exceed the value shown in part 7045.1355, subpart 3, for any hazardous constituent listed for that waste.

Subp. 2. Technology standard. A restricted waste for which a treatment technology is specified under part 7045.1360 may be land disposed after it is treated using that technology or an equivalent treatment method approved under the procedures in part 7045.0075, subpart 8.

7045.1355 TREATMENT STANDARDS EXPRESSED AS CONCENTRATIONS IN WASTE EXTRACT.

Subpart 1. Applicability. Subpart 3 identifies the restricted wastes and the concentrations of their associated hazardous constituents that may not be exceeded by the extract of a waste or waste treatment residual developed using the test method in Appendix I of Code of Federal Regulations, title 40, part 268, for the allowable land disposal of the waste.

Subp. 2. Combined wastes. When wastes with differing treatment standards for a constituent of concern are combined for purposes of treatment, the treatment residue must meet the lowest treatment standard for the constituent of concern.

Subp. 3. Constituents in waste extract. Constituents in waste extracts are listed with the applicable concentration limits.

7045.1360 TREATMENT STANDARDS EXPRESSED AS SPECIFIED TECHNOLOGIES.

The following wastes must be treated using the identified technology or technologies, or an equivalent method approved under part 7045.0075, subpart 8.

A. Liquid hazardous wastes containing polychlorinated biphenyls (PCB's) at concentrations greater than or equal to 50 ppm but less than 500 ppm must be incinerated in accordance with the technical requirements of Code of Federal Regulations, title 40, section 761.70, or burned in high efficiency boilers in accordance with the technical requirements of Code of Federal Regulations, title 40, section 761.60. Liquid hazardous wastes containing polychlorinated biphenyls (PCB's) at concentrations greater than or equal to 500 ppm must be incinerated in accordance with the technical requirements of Code of Federal Regulations, title 40, section 761.70. Thermal treatment under this section must also be in compliance with applicable regulations in chapter 7045.

B. Nonliquid hazardous wastes containing halogenated organic compounds (HOC's) in total concentrations greater than or equal to 1,000 mg/kg and liquid HOC-containing wastes that are prohibited under part 7045.1330, subpart 2, item B, subitem (1), must be incinerated in accordance with the requirements of part 7045.0542 or 7045.0640. These treatment standards do not apply if the waste is subject to a treatment standard in parts 7045.1320 to 7045.1330 for a specific HOC.

7045.1380 PROHIBITIONS ON STORAGE OF RESTRICTED WASTES.

Subpart 1. **Applicability.** Except as provided in this part, the storage of hazardous wastes restricted from land disposal under parts 7045.1320 to 7045.1330 or RCRA section 3004 is prohibited, unless the following conditions are met:

A. A generator stores the wastes in tanks or containers on-site solely for the purpose of the accumulation of quantities of hazardous waste necessary to facilitate proper recovery, treatment, or disposal and the generator complies with part 7045.0292. A generator who is in existence on the effective date of a restriction under part 7045.0075, subparts 6, 7, and 8, and parts 7045.1300 to 7045.1380 and who must store hazardous wastes for longer than 90 days becomes an owner or operator of a storage facility and must obtain an RCRA permit. The facility may qualify for interim status on compliance with the rules governing interim status under parts 7001.0650 and 7045.0552.

B. An owner or operator of a hazardous waste treatment, storage, or disposal facility stores wastes in tanks or containers solely for the purpose of the accumulation of the quantities of hazardous waste necessary to facilitate proper recovery, treatment, or disposal if (1) each container is clearly marked to identify its contents and the date each period of accumulation begins and (2) each tank is clearly marked with a description of its contents, the quantity of hazardous waste received, and the date each period of accumulation begins. The information for each tank may be recorded and maintained in the operating record at the facility. Regardless of whether the tank is marked, the owner or operator must comply with the operating record requirements in part 7045.0478 or 7045.0584.

C. A transporter stores manifested shipments of the wastes at a transfer facility for ten days or less.

Subp. 2. **Storage at facility.** An owner or operator of a treatment, storage, or disposal facility may store wastes for up to one year unless the agency can demonstrate that the storage was not solely for the purpose of accumulation of quantities of hazardous waste necessary to facilitate proper recovery, treatment, or disposal.

Subp. 3. **Extensions to storage period.** An owner or operator of a treatment, storage, or disposal facility may store wastes

beyond one year; however, the owner or operator bears the burden of proving that the storage was solely for the purpose of accumulation of quantities of hazardous waste necessary to facilitate proper recovery, treatment, or disposal.

Subp. 4. Petition exemptions. The prohibition in subpart 1 does not apply to the wastes that are the subject of an approved petition under part 7045.0075, subparts 7 and 8, or a variance contained in parts 7045.1320 to 7045.1330.

Subp. 5. Treated waste. The prohibition in subpart 1 does not apply to hazardous wastes that meet the treatment standards in parts 7045.1355 to 7045.1360, or, if treatment standards are not specified, wastes that are in compliance with the applicable prohibitions in part 7045.1330 or RCRA section 3004.

Subp. 6. PCB storage. Liquid hazardous wastes containing polychlorinated biphenyls (PCB's) at concentrations greater than or equal to 50 ppm must be stored at a facility that meets the requirements of Code of Federal Regulations, title 40, section 761.65(b) and must be removed from storage and treated or disposed as required by this part within one year of the date when the wastes are first placed into storage. Subpart 3 does not apply to PCB wastes prohibited under part 7045.1330.

Adopted Rules

The adoption of a rule becomes effective after the requirements of Minn. Stat. § 14.14-14.28 have been met and five working days after the rule is published in *State Register*, unless a later date is required by statutes or specified in the rule.

If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed.

If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

An emergency rule becomes effective five working days after the approval of the Attorney General as specified in Minn. Stat. § 14.33 and upon the approval of the Revisor of Statutes as specified in § 14.36. Notice of approval by the Attorney General will be published as soon as practicable, and the adopted emergency rule will be published in the manner provided for adopted rules under § 14.18.

Department of Commerce

Notice of Activation of the Minnesota Joint Underwriting Association to Insure Specified Classes of Business and Public Hearing

Notice is hereby given that, pursuant to *Minnesota Statutes*, section 62I.21, the Minnesota Joint Underwriting Association (MJUA) and the Market Assistance Plan (MAP) are activated to provide assistance to the following classes of business unable to obtain insurance from private insurers:

- Landfills
- Riding Stables
- Water Slides
- Dam Operators
- Insurance Agents Errors and Omissions
- Personal Care Attendant

The MJUA and MAP are activated to provide assistance to the above classes of business for a period of 180 days following publication of this notice. A public hearing will be held, for the purpose of determining whether activation should continue beyond 180 days, at the Office of Administrative Hearings, 310 4th Avenue South, 5th Floor, Flour Exchange Building, Minneapolis, Minnesota 55415 on July 21, 1988 at 9:00 A.M. and continuing until all interested persons and groups have had an opportunity to be heard. The hearing shall be governed by *Minnesota Statutes*, Sections 14.57-14.69 and by Minnesota Rules Parts 1400.5100-1400.8400, (1985). Questions regarding procedure may be directed to Administrative Law Judge, Peter Erickson, 310 4th Avenue South, 4th Floor Summit Bank Building, Minneapolis, Minnesota 55415, telephone (612) 341-7606. The authority for this proceeding is found in Chapter 62I of *Minnesota Statutes*, specifically sections 62I.21 and 62I.22. (A copy of those sections follows this notice.)

Prior to the hearing a pre-hearing conference will be held at 1:30 p.m. on July 14, 1988, at the Office of Administrative Hearings, 310 4th Avenue South, 4th Floor Summit Bank Building, Minneapolis, Minnesota 55415.

Minnesota Statutes, Chapter 62I, which governs the Minnesota Joint Underwriting Association provides for temporary activation for 180 days by the Commissioner of Commerce. To extend the Minnesota Joint Underwriting Association's authority beyond the 180 day period a hearing must be held. Those classes of business for which the Minnesota Joint Underwriting Association was temporarily activated, by this notice and by previously published notices, must prove, at that hearing, that they meet the statutory requirements for coverage by the Minnesota Joint Underwriting Association.

Among those requirements are:

- (1) That members of those classes are unable to obtain insurance through ordinary means;
- (2) That the insurance being sought is required by statute, ordinance, or otherwise required by law, or is necessary to earn a livelihood or conduct a business; and
- (3) That the classes of business serve a public purpose.

The classes of business specified in this notice and previously published notices must be shown to meet the statutory requirements or the Minnesota Joint Underwriting Association's authority to provide coverage to them will end after 180 days from the date the notice of activation was published in the *State Register*.

Activation of a class of business does not guarantee coverage to any class member. Coverage of individual class members is determined by the Minnesota Joint Underwriting Association on a case by case basis once the class has been activated. The MJUA's address is: Pioneer Post Office Box 1760, St. Paul, MN 55101. Their phone number is (612) 222-0484.

The Department strongly suggests that any persons affected by this hearing or otherwise interested in the proceedings familiarize themselves with the requirements of Chapter 62I and the contested case procedures prior to the hearing, that they take such other steps as are appropriate to protect their interests and that any questions they may have as to how to proceed or how to participate at the hearing be directed to the Administrative Law Judge prior to the hearing.

All interested or affected persons will have an opportunity to participate at the hearing. Questioning of agency representatives or witnesses, and of interested persons making oral statements will be allowed in the manner set forth in the Rules pertaining to contested cases (*Minnesota Rules* Parts 1400.5100-1400.8400).

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

Official Notices

Anyone wishing to oppose activation beyond 180-days for any particular class, must file a petition to intervene with the administrative law judge at least 10 days before the hearing date. If no notice to intervene is filed for a class then the class is activated beyond the 180-day period without further action.

Minnesota Statutes, chapter 10A requires each lobbyist to register with the State Ethical Practices Board within five days after he or she commences lobbying. A lobbyist is defined in *Minnesota Statutes*, Section 10A.01, subdivision 11 as an individual:

(a) Engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250, not including travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials; or

(b) Who spends more than \$250, not including traveling expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials.

The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 625 North Robert St., St. Paul, Minnesota, 55101-2520, telephone (612) 296-5148.

Dated: May 31, 1988

Michael A. Hatch
Commissioner of Commerce

62I.21 ACTIVATION OF MARKET ASSISTANCE PLAN AND JOINT UNDERWRITING ASSOCIATION.

At any time the commissioner of commerce deems it necessary to provide assistance with respect to the placement of general liability insurance coverage on Minnesota risks for a class of business, the commissioner shall by notice in the *State Register* activate the market assistance plan and the joint underwriting association. The plan and association are activated for a period of 180 days from publication of the notice. At the same time the notice is published, the commissioner shall prepare a written petition requesting that a hearing be held to determine whether activation of the market assistance plan and the joint underwriting association is necessary beyond the 180-day period. The hearing must be held in accordance with section 62I.22. The commissioner by order shall deactivate a market assistance program and the joint underwriting association at any time the commissioner finds that the market assistance program and the joint underwriting association are not necessary.

62I.22 HEARING.

Subdivision 1. ADMINISTRATIVE LAW JUDGE. The commissioner shall forward a copy of the petition to activate the market assistance plan and the joint underwriting association with respect to a class of business to the chief administrative law judge. The chief administrative law judge shall, within three business days of receipt of the copy of the petition, set a hearing date, assign an administrative law judge to hear the matter, and notify the commissioner of the hearing date and administrative law judge assigned to the matter. The hearing date must be no less than 60 days nor more than 90 days from the date of receipt of the petition by the chief administrative law judge.

Subd. 2. NOTICE. The commissioner of commerce shall publish notice of the hearing in the *State Register* at least 30 days before the hearing date. The notice should be that used for rulemaking under chapter 14. Approval by the administrative law judge of the notice prior to publication is not required. The notice must contain a statement that anyone wishing to oppose activation beyond 180 days for any particular class, must file a petition to intervene with the administrative law judge at least ten days before the hearing date. If no notice to intervene is filed for a class then the class is activated beyond the 180-day period without further action.

Subd. 3. CONTESTED CASE; REPORT. The hearing and all matters after the hearing are a contested case under chapter 14. Within 45 days from the commencement of the hearing and within 15 days of the completion of the hearing the administrative law judge shall submit a report to the commissioner of commerce. The parties, or the administrative law judge, if the parties cannot agree, shall adjust all time requirements under the contested case procedure to conform with the 45-day requirement.

Subd. 4. DECISION. The commissioner shall make a decision within ten days of the receipt of the administrative law judge's report.

Subd. 5. WAIVER OR MODIFICATION. If all parties to the proceeding agree, any of the requirements of this section may be waived or modified.

Subd. 6. CASE PRESENTATION. The department of commerce, upon request by small businesses as defined by section 14.115, subdivision 1, shall assist small businesses in any specific class requesting continuation of coverage beyond the 180-day period, in coordinating the class and presenting the case in the contested hearing.

Minnesota Higher Education Coordinating Board

Notice of Request for Proposal for Contractual Services

The Minnesota Higher Education Coordinating Board (HECB) is requesting proposals from consultants for a study of the implementation of alternative governance arrangements for Minnesota's community colleges and technical institutes.

Scope of the Project

The project is a study of the necessary procedures, fiscal implications, and other effects related to the implementation of alternative governance arrangements.

Project Start and Completion Dates

The contract will become effective July 18, 1988, and will end January 1, 1989, subject to satisfactory completion.

Project Costs

It is anticipated that the cost of the project will not exceed \$25,000 for professional services and expenses.

Those interested in receiving requests for proposals should contact:

Administrative Services
Minnesota Higher Education Coordinating Board
400 Capitol Square Building
550 Cedar Street
St. Paul, Minnesota 55101
(612) 296-9685

Proposals will be accepted until 4:00 p.m. July 1, 1988.

Minnesota Historical Society

Notice of Availability of Contract for Museum Exhibition Design Services

The Minnesota Historical Society is seeking individuals and firms with experience in museum exhibitions to submit proposals for Phase 1 of exhibit design for new Minnesota History Center scheduled to open in fall 1991.

These services, which will be provided under contract, are outlined in detail in the Request for Proposal (RFP). The formal RFP may be requested and inquiries directed to: Mark Schwartz, Contract Officer, 1500 Mississippi St., St. Paul, MN 55101, (612) 296-2155. The deadline for submitting completed proposals is the close of the business day (5:00 p.m. CDT) July 15, 1988. Late proposals will not be accepted.

Department of Human Services

Notice of Request for Proposals to Develop and Implement a Supplemental Third Party Liability Program

The Department of Human Service is seeking proposals from qualified organizations to identify and collect third party liability (TPL) available for payment of the cost of medical care rendered to Medical Assistance and General Assistance Medical Care recipients. Sources of TPL to be examined simultaneously include CHAMPUS, private health insurance, and Medicare. Contractor reimbursement will be based on a percentage of actual TPL collections only.

Interested organizations will be required to respond to all of the specifications contained in the Request for Proposals and will be required to submit a single fixed percentage bid for the identification and collection of TPL.

The Commissioner of Human Services will appoint an evaluation committee to review each proposal. The evaluation committee will examine the technical content of each proposal and will submit their findings to a selection committee, comprised of DHS management. The selection committee will review the findings and will recommend to the Commissioner of Human Services their choice for a contractor.

The Request for Proposals containing detailed specifications may be requested from the Department of Human Services. The deadline for submitting proposals is 4:30 p.m., July 29, 1988. Please direct all proposals and inquiries to:

Department of Jobs and Training

Notice of Request for Proposal for the Detailed Design and Implementation of an Unemployment Insurance Benefits System under an IDMS Database

The Minnesota Department of Jobs and Training (MDJT) is requesting proposals from highly qualified firms to assist in the detailed design and implementation under an IDMS database of a new Unemployment Insurance Benefits System based on quarterly wage detail records.

Project Scope

The scope of work for this project includes the detailed design, programming and overall implementation of a new Unemployment Insurance Benefits System. Six of the major benefits sub-systems will be rewritten, including: Wage Detail Processing, Initial Claims/Monetary, Benefit Payment, Benefit Charge, Overpayment, and Special Payments. In addition, the project includes the design and implementation of appropriate interfaces to the sixteen other benefits sub-systems that are dependent on the six major sub-systems.

Project Schedule

MDJT has already completed phases 1 and 2 of the overall Wage Detail Conversion Effort. These phases consisted of the preparation of a Multi-year Plan for the U.S. Department of Labor to secure funding for the effort, preparation of a User Requirements Report, User Design Report and Technical Design Report (the User and Technical Designs are currently in progress and will be completed during the month of June). Phase 3 of the project, which is the subject of this RFP, is scheduled to begin on August 1, 1988, with full installation of the new Benefits System required, by law, on July 3, 1989, and completion of Phase 3 on September 29, 1989. The size of this project, coupled with the legal requirement that the new Benefits System be in full operation on July 3, 1989 and the fact that DOL funding is only available through fiscal year 1989, makes it absolutely essential that this project schedule be met. Any significant slippage will put the entire project in jeopardy; therefore, timely completion of the project is of prime importance to MDJT.

State Grants

In addition to requests by state agencies for technical/professional services (published in the State Contracts section), the *State Register* also publishes notices about grant funds available through any agency or branch of state government. Although some grant programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself.

Agencies are encouraged to publish grant notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Jobs & Training

Notice of Availability of Funds for Vocational Services

501(c)(3) Tax-exempt (non-profit) organizations which provide Vocational Services leading to employment for individuals with handicaps may apply for funds granted by the Division of Rehabilitation Services under the authority of *Minnesota Statutes* Section 129A.03, and the Rehabilitation Act of 1973, P.L. 93-112, as amended.

Interested parties must submit an application (concept paper) describing service programs which expand or improve vocational services to persons with disabilities meeting one or more of the following priority areas:

- to strengthen the ability to provide time-limited training leading to supported employment
- innovative vocational services for people with severe handicaps currently underserved. Examples include persons with serious and persistent mental illness; traumatic head injury or other neurological impairments; deafness; or a combination of disabling conditions; or persons needing rehabilitation technology interventions; etc.
- programs which serve school-aged youth transitioning from school to work and the community
- community based programs leading to competitive employment for hard to place individuals
- programs designed to meet existing gaps in services to groups of persons with specific disabilities or to meet general service gaps in geographic areas of the state

A total of \$375,000 will be awarded, with individual grants ranging from \$25,000 to \$50,000. A 10% cash match from the applicant is required. Federal funds cannot be used as match.

The \$375,000.00 total to be awarded includes a 10% contribution of State funds by DRS. If additional Federal funds become available before September 30, 1988, additional grants may be awarded to applicants who were not previously funded.

Applications in the form of a concept paper outline are available from Marv McNeff, Supervisor, General and Administrative Support Unit, Division of Rehabilitation Services, 5th Floor, 390 North Robert Street, St. Paul, MN 55101, phone (612) 296-9981.

Completed concept papers shall be postmarked by Monday, June 27, 1988, or delivered to the Division of Rehabilitation Services Administrative Office, 5th Floor, 390 North Robert St., St. Paul, MN 55101, by 4 p.m. on that date.

For additional information contact Marv McNeff, (612) 296-9981. Technical assistance will be provided by appropriate area staff for any party interested in pursuing an application.

Tax Court

Pursuant to Minn. Stat. § 271.06, subd. 1, an appeal to the tax court may be taken from any official order of the Commissioner of Revenue regarding any tax, fee or assessment, or any matter concerning the tax laws listed in § 271.01, subd. 5, by an interested or affected person, by any political subdivision of the state, by the Attorney General in behalf of the state, or by any resident taxpayer of the state in behalf of the state in case the Attorney General, upon request, shall refuse to appeal. Decisions of the tax court are printed in the *State Register*, except in the case of appeals dealing with property valuation, assessment, or taxation for property tax purposes.

Tax Court—Regular Division

Docket No. 4923—Dated: May 31, 1988

William E. & Heidi G. Hottinger, Appellants, vs. Commissioner of Revenue, Appellee.

The above-entitled matter came on for trial before the Honorable M. Jean Stepan, Judge of the Minnesota Tax Court, on May 23, 1988 by telephone conference call.

Heidi Hottinger, one of the appellants, appeared *pro se*.

Jerilyn K. Aune, Special Assistant Attorney General, appeared on behalf of the appellee.

The Court, having heard and considered the evidence adduced at the hearing and upon all of the files and records herein, now makes the following:

FINDINGS OF FACT

1. During the entire 1986 calendar year, William Hottinger was a resident of the State of Minnesota, although at that time he had not lived in Minnesota for several years.
2. William Hottinger's wife, Heidi Hottinger, is and during all of 1986 was a resident of the State of Washington. She has never been a resident of Minnesota. She has never been in the State of Minnesota.
3. The appellants, William and Heidi Hottinger, were on active duty in the United States Navy during all of 1986, residing in California.
4. Neither Mr. nor Mrs. Hottinger earned any income in the State of Minnesota during 1986.
5. Neither Mr. nor Mrs. Hottinger owned any property in the State of Minnesota during 1986.
6. Mr. and Mrs. Hottinger filed a joint federal income tax return for 1986.
7. William Hottinger filed a married, filing separately Minnesota return for 1986 to report his income to the State of Minnesota.
8. Upon audit the Department of Revenue assessed additional income taxes against appellants based on a joint Minnesota return using the Hottingers' combined income to determine appellants' Minnesota tax rate pursuant to *Minnesota Statutes* § 290.06, subd. 2c(a).
9. Appellants claim that this law should not be applied to them to factor in Mrs. Hottinger's income because she has no contact with the State of Minnesota other than being married to a Minnesota resident who neither lived in, worked in, nor owned property in Minnesota.
10. The attached Memorandum is hereby made a part of these Findings of Fact.

CONCLUSIONS OF LAW

1. The Commissioner of Revenue correctly calculated appellants' 1986 Minnesota income tax.
2. The Order of the Commissioner of Revenue dated August 6, 1987, assessing additional income tax against appellants for the 1986 tax year, is hereby affirmed with regard to the tax assessed, but is reversed with regard to interest assessed and all interest is to be abated.

LET JUDGMENT BE ENTERED ACCORDINGLY. A STAY OF 15 DAYS IS HEREBY ORDERED.

BY THE COURT,
M. Jean Stepan, Judge
Minnesota Tax Court

Tax Court—Regular Division

Docket No. 4733—Dated: May 25, 1988

Otto F Ringle, Appellant, vs. Commissioner of Revenue, Appellee.

A motion for a new trial or for amended findings of fact and conclusions of law was filed by the appellant in this matter. A hearing

Tax Court

on that motion was held before the Honorable Arthur C. Roemer, Judge of the Minnesota Tax Court, on March 3, 1988 at the Cass County District Courthouse in Walker, Minnesota.

The appellant, Otto F. Ringle, appeared pro se.

The appellee was represented by James W. Neher, Special Assistant Attorney General.

The Court, having heard and considered the arguments of the parties and upon all of the files and records herein, NOW MAKES THE FOLLOWING ORDER amending its decision of January 6, 1988:

1. The Findings of Fact are hereby amended as follows:

A. Finding of Fact No. 6 is amended to read:

6. The eight commercial units were all occupied for the major portion of 1986 (seven units were occupied all year, the basement unit being occupied commencing February, 1986).

B. Finding of Fact No. 7 is amended to read:

7. Several of the residential units were occupied by relatives of the appellant with no rent being charged and/or collected.

C. Finding of Fact No. 9 is amended to read:

9. The property is for sale, the appellant indicating that he will accept \$450,000 to \$500,000.

2. The Conclusions of Law in the Court's decision of January 6, 1988 shall remain unchanged.

3. The appellant's motion for a new trial is hereby denied.

IT IS SO ORDERED.

BY THE COURT,
Arthur C. Roemer, Judge
Minnesota Tax Court

Supreme Court Decisions

Decisions Filed 10 June 1988

C3-87-1795 Jeffrey Scott Merritt, petitioner v. Commissioner of Public Safety, Appellant. Court of Appeals.

Trial court's rescission of Commissioner of Public Safety's revocation of driver's license under implied consent law, which trial court based on commissioner's failure to comply with request for production of certain documents, was unjustified; driver could have compelled discovery by moving for relief before hearing.

Reversed and remanded for hearing. Amdahl, C.J.

C6-87-2228 In re Objections to Real Property Taxes: Southdale Circle Partnership v. County of Hennepin, Relator. Minnesota Tax Court.

The 1986 amendments to Minnesota Statutes § 278.05, subd. 1, which permit the tax court to increase valuation for the first time with the 1986 assessments, do not create an implied counterclaim in the taxing authority which precludes voluntary dismissal of the petition prior to hearing.

Affirmed. Amdahl, C.J.

CX-87-949 L. K., et al., petitioners, Appellants v. William Gregg, in his capacity as Commissioner of Veterans Affairs, et al. Court of Appeals.

Allegation that actions of state officials, acting in their official capacities, threatened violation of plaintiffs' federal due process rights was sufficient to notify the state that it was defending a claim under 42 *United States Code* § 1983 (1982) even though the statute was not specifically mentioned in the pleadings.

Attorney fees award is available pursuant to 42 *United States Code* § 1988 (1982) under law of the case holding that plaintiffs were entitled, under due process clause of the federal Constitution, to contested case hearings prior to any deprivation of state created property right, *i.e.*, residence at state veterans home.

Reversed. Yetka, J.

C1-88-302 Phillip P. Schmidt, Relator v. Modern Metals Foundry, Inc., and Western National Insurance Company and Commissioner of Department of Labor and Industry, intervenor. Workers' Compensation Court of Appeals.

The rules adopted by the Commissioner of Labor and Industry establishing degrees of disability for different kinds of injuries under the 1983 revision of the Workers' Compensation Act do not violate art. 1, § 8 of the Minnesota Constitution.

Affirmed. Simonett, J.

Concurring specially, Yetka, J.

CX-86-2206 Gerald Holmquist v. State of Minnesota, petitioner, Appellant. Court of Appeals.

It is the evaluation and weighing of social, political, and economic considerations underlying public policy decisions, not the application of scientific and technical skills in carrying out established policy, which invokes the discretionary function exception affording governmental immunity.

Although the record contains insufficient evidence to determine whether the discretionary function exception was applicable to the decision not to post the sign warning of a change in the width of a highway's shoulders, the trial court properly granted summary judgment in favor of the State because of the lack of any causal connection between the State's alleged lack of reasonable care and the plaintiff's injury.

Reversed. Coyne, J.

Took no part, Popovich, J.

Art Registry Deadline: The Minnesota State Arts Board has issued a call for entries to the slide registry for the state's Percent for Art in Public Places program. The deadline to enter the Slide Registry or to update materials already on file is June 15, 1988. The Percent for Art Registry is a collection of slides and information on visual artists interested in having their work purchased or commissioned for placement in newly-constructed or renovated state building sites across Minnesota. The Percent for Art in Public Places Program is administered by the Arts Board for the Department of Administration under delegation of authority. Current state law stipulates that up to one percent of the construction budget for all new or renovated state buildings may be used for the commission or purchase of original art works. Sites in Minnesota which have regular public access and are undergoing construction or renovation of \$500,000 or more are considered for the program. For application forms, contact the Minnesota State Arts Board office at (612) 297-2603. Slides, application forms, and resumes must be postmarked no later than June 15, 1988 and sent to: Minnesota State Arts Board, Percent for Art in Public Places Program, 432 Summit Avenue, Saint Paul, MN 55102. Artists on file in the Registry by this date will be considered for upcoming projects. The next deadline for submissions to the Registry will be February 1, 1989. Questions about the program or current and upcoming projects on the schedule should be directed to Regina M. Flanagan, (612) 297-2603 or toll-free in Minnesota at (800) 652-9747.

Assistant Commissioner Named at Agriculture: Commissioner of Agriculture Jim Nichols announced the appointment of Herbert Halvorson to the position of Assistant Commissioner for the Minnesota Department of Agriculture. New Minnesota Income Tax Law Helps Insolvent Farmers: St. Paul, Minn.—Debt-plagued farmers who sold their land and machinery to pay their creditors in 1987 may owe lower Minnesota income taxes for the year as the result of a new state tax law, and should file amended tax returns according to the Minnesota Department of Revenue. Under the law, insolvent farmers who sold farm property to pay off debts, and included the proceeds from the sale as part of their income last year, can file amended 1987 Minnesota income tax returns to get a refund of a portion of the tax they paid on that income. Before the law change, Minnesota farmers whose debt was greater than the value of their property, had to pay taxes on all the money they made from selling their land, buildings, and machinery used in farming, even if they used the money to pay their bills. Now, as a result of the law, farmers do not have to include such gains as income to the extent they were insolvent. Farmers are considered insolvent if their debts exceed the value of all their assets. To determine if they are qualified, farmers should subtract the value of their assets in 1987 from the amount of their debts and compare the result to money they received from the forced sale of their farm that was included in their federal taxable income. They should subtract on their state income tax return the lower of the two amounts from the income on which they were taxed by Minnesota for 1987. If the value of a farmer's assets is more than the amount of his or her debts, the farmer is not allowed to subtract the money earned from the sale. The law also applies to insolvent farmers who are forced to sell off property to pay debts in 1988 and subsequent years. A similar law was in effect for the tax years 1985 and 1986.
