# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the *State Register*

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 75 state agencies have the authority to issue rules. Each agency is assigned specific *Minnesota Rule* chapter numbers. Every odd-numbered year the *Minnesota Rules* are published. This is a ten-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Proposed and adopted emergency rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

If an agency seeks outside opinion before issuing new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION in the *Official Notices* section of the *State Register*. When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues 1-13 inclusive; issues 14-25 inclusive; issue 26, cumulative for issues 1-26; issues 27-38 inclusive; issue 39, cumulative for 1-39; issues 40-51 inclusive; and issue 52, cumulative for 1-52. An annual subject matter index for rules appears in August. For copies of the *State Register*, a subscription, the annual index, the *Minnesota Rules* or the *Minnesota Guidebook to State Agency Services*, contact the Print Communications Division, 117 University Avenue, St. Paul, MN 55155 (612) 297-3000 or toll-free in Minnesota 1-800-657-3757.

## Proposed Rules

Pursuant to Minn. Stat. §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

## Board of Podiatric Medicine

### Proposed Permanent Rules Relating to Infection Control

#### Notice of Intent to Adopt a Rule Without a Public Hearing Unless 25 or More Persons Request a Hearing and Notice of Hearing if 25 or More Requests for Hearing are Received

The Minnesota Board of Podiatric Medicine intends to adopt a permanent rule without a public hearing under the noncontroversial rulemaking procedures set forth in *Minnesota Statutes*, §§ 14.22 to 14.28 (1992). If, however, 25 or more persons submit a written request for a hearing on the rule by May 3, 1993, a public hearing will be held on May 24, 1993. To find out whether the rule will be adopted without a hearing or if the hearing will be held, you should contact the agency contact person after May 3, 1993 and before May 24, 1993.

Comments or questions on the rule and written requests for a public hearing on the rule must be submitted to:

Frank Fly  
Infection Control Rules Coordinator  
2700 University Avenue West, Suite 40  
St. Paul, Minnesota 55114  
Telephone (612) 642-0402  
Fax (612) 643-3535

The proposed rule is about continuing education in infection control including bloodborne diseases. The statutory authority to adopt this rule is contained in *Minnesota Statutes* § 214.12, subd. 2 (1992). A copy of the proposed rule is published in the *State Register* and attached to this notice as mailed. A free copy may be obtained by calling the agency contact person.

You have until 4:30 p.m. on May 3, 1993 to submit written comments in support of or in opposition to the proposed rule or any part or subpart of the rule. Your comments must be in writing and received by the agency contact person by the due date. Comments are encouraged. Your comments should identify the portion of the proposed rule addressed, the reason for the comments and any changes proposed.

In addition to submitting comments, you may also request that a public hearing be held on the rule. Your request for a public hearing must be in writing and must be received by the agency contact person by 4:30 p.m. on May 3, 1993. Your written request for a public hearing must include your name, address, and telephone number. You are encouraged to identify the portion of the proposed rule which caused your request, the reason for the request, and any changes you want made to the proposed rule. If 25 or more persons submit a written request for a hearing, a public hearing will be held unless a sufficient number withdraw their requests in writing.

The proposed rule may be modified, either as a result of public comment or as a result of the rule hearing process. Modifications must not result in a substantial change in the proposed rule as printed in the *State Register* and must be supported by data and views submitted to the agency or presented at the hearing. If the proposed rule affects you in any way, you are encouraged to participate in the rulemaking process.

The hearing scheduled for May 24, 1993 will be canceled if the agency does not receive requests from 25 or more persons that a hearing be held on the rule. If you requested a public hearing, the agency will notify you before the scheduled hearing whether or not the hearing will be held. You may also call Frank Fly at (612) 642-0402 after May 3, 1993, to find out whether the hearing will be held.

If 25 or more persons submit written requests for a public hearing on the rule, a hearing will be held following the procedures in *Minnesota Statutes* §§ 14.14 to 14.20 (1992). The hearing will be held on May 24, 1993 in Conference Room A, 2700 University

Ave. W., beginning at 9:00 a.m., and will continue until all interested persons have been heard. The hearing will continue, if necessary, at additional times and places as determined during the hearing by the administrative law judge. The administrative law judge assigned to conduct the hearing is Jon Lunde. Judge Lunde can be reached at the Office of Administrative Hearings, 100 Washington Ave. S., Minneapolis, MN 55401; telephone 341-7600.

If a hearing is held, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views either orally at the hearing or in writing at any time prior to the close of the hearing record. All evidence presented should relate to the proposed rule. You may also mail written material to the administrative law judge to be recorded in the hearing record for five working days after the public hearing ends. This five-day comment period may be extended for a longer period not to exceed 20 calendar days if ordered by the administrative law judge at the hearing. Comments received during this period will be available for review at the Office of Administrative Hearings. You and the agency may respond in writing within five business days after the submission period ends to any new information submitted. All written materials and responses submitted to the administrative law judge must be received at the Office of Administrative Hearings no later than 4:30 p.m. on the due date. No additional evidence may be submitted during the five-day period. This rule hearing procedure is governed by *Minnesota Rules*, parts 1400.0200 to 1400.1200 and *Minnesota Statutes*, §§ 14.14 to 14.20 (1992). Questions about procedure may be directed to the administrative law judge.

A statement of need and reasonableness is now available from the agency contact person. This statement describes the need for and reasonableness of each provision of the proposed rule. It also includes a summary of all the evidence and argument which the agency anticipates presenting at the hearing, if one is held. The statement may also be reviewed and copies obtained at the cost of reproduction from the Office of Administrative Hearings.

It is the position of the Board that it is not subject to *Minnesota Statutes* § 14.115 (1992) regarding small business considerations in rulemaking. The basis for this position, and the Board's evaluation of the applicability of the methods contained in *Minnesota Statutes* § 14.115, subd. 2 (1992) for reducing the impact of the proposed rules should it be determined that the Board is governed by § 14.115, are addressed in the statement of need and reasonableness.

*Minnesota Statutes*, chapter 10A requires each lobbyist to register with the Ethical Practices Board. Questions regarding this requirement may be directed to the Ethical Practices Board at 100 Centennial Office Building, 658 Cedar St., St. Paul, MN 55155; telephone 296-5148.

Promulgation of the proposed rules will not result in the expenditure of public monies by local public bodies nor have an impact on agricultural land; therefore, no further information need be provided under *Minnesota Statutes* § 14.11 (1992).

If no hearing is required, after the end of the comment period the agency may adopt the rule. The rule and supporting documents will then be submitted to the Attorney General for review as to legality and form to the extent form relates to legality. You may request to be notified of the date the rule is submitted to the Attorney General or be notified of the Attorney General's decision on the rule. If you wish to be so notified, or wish to receive a copy of the adopted rule, submit your request to the agency contact person listed above.

If a hearing is held, after the close of the hearing record, the administrative law judge will issue a report on the proposed rule. You may request to be notified of the date on which the administrative law judge's report will be available, after which date the agency may not take any final action on the rule for a period of five working days. If you want to be notified about the report, you may so indicate at the hearing. After the hearing, you may request notification by sending a written request to the administrative law judge. You may also request notification of the date on which the rule is adopted and filed with the Secretary of State. The agency's notice of adoption must be mailed on the same day that the rule is filed. If you want to be notified of the adoption, you may so indicate at the hearing or send a request in writing to the agency contact person at any time prior to the filing of the rule with the Secretary of State.

Dated: 29 March 1993

This five-day comment period may be extended for a longer period not to exceed 20 calendar days if ordered by the administrative law judge at the hearing. Comments received during this period will be available for review at the Office of Administrative Hearings. You and the agency may respond in writing within five business days after the submission period ends to any new information submitted. All written materials and responses submitted to the administrative law judge must be received at the Office of Administrative Hearings no later than 4:30 p.m. on the due date. No additional evidence may be submitted during the five-day period. This rule hearing procedure is governed by *Minnesota Rules*, parts 1400.0200 to 1400.1200 and *Minnesota Statutes*, §§ 14.14 to 14.20 (1992). Questions about procedure may be directed to the administrative law judge.

A statement of need and reasonableness is now available from the agency contact person. This statement describes the need for and reasonableness of each provision of the proposed rule. It also includes a summary of all the evidence and argument which the agency anticipates presenting at the hearing, if one is held. The statement may also be reviewed and copies obtained at the cost of reproduction from the Office of Administrative Hearings.

It is the position of the Board that it is not subject to *Minnesota Statutes* § 14.115 (1992) regarding small business considerations in rulemaking. The basis for this position, and the Board's evaluation of the applicability of the methods contained in *Minnesota Statutes* § 14.115, subd. 2 (1992) for reducing the impact of the proposed rules should it be determined that the Board is governed by § 14.115, are addressed in the statement of need and reasonableness.

*Minnesota Statutes*, chapter 10A requires each lobbyist to register with the Ethical Practices Board. Questions regarding this requirement may be directed to the Ethical Practices Board at 100 Centennial Office Building, 658 Cedar St., St. Paul, MN 55155; telephone 296-5148.

Promulgation of the proposed rules will not result in the expenditure of public monies by local public bodies nor have an impact on agricultural land; therefore, no further information need be provided under *Minnesota Statutes* § 14.11 (1992).

If no hearing is required, after the end of the comment period the agency may adopt the rule. The rule and supporting documents will then be submitted to the Attorney General for review as to legality and form to the extent form relates to legality. You may request to be notified of the date the rule is submitted to the Attorney General or be notified of the Attorney General's decision on the rule. If you wish to be so notified, or wish to receive a copy of the adopted rule, submit your request to the agency contact person listed above.

If a hearing is held, after the close of the hearing record, the administrative law judge will issue a report on the proposed rule. You may request to be notified of the date on which the administrative law judge's report will be available, after which date the agency may not take any final action on the rule for a period of five working days. If you want to be notified about the report, you may so indicate at the hearing. After the hearing, you may request notification by sending a written request to the administrative law judge. You may also request notification of the date on which the rule is adopted and filed with the Secretary of State. The agency's notice of adoption must be mailed on the same day that the rule is filed. If you want to be notified of the adoption, you may so indicate at the hearing or send a request in writing to the agency contact person at any time prior to the filing of the rule with the Secretary of State.

If the proposed rule affects you in any way, you are encouraged to participate in the rulemaking process.

The hearing scheduled for May 24, 1993 will be canceled if the agency does not receive requests from 25 or more persons that a hearing be held on the rule. Judge Lunde can be reached at the Office of Administrative Hearings, 100 Washington Ave. S., Minneapolis, MN 55401; telephone 341-7600.

If a hearing is held, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views either orally at the hearing or in writing at any time prior to the close of the hearing record. All evidence presented should relate to the proposed rule. It also includes a summary of all the evidence and argument which the agency anticipates presenting at the hearing, if one is held. The basis for this position, and the Board's evaluation of the applicability of the methods contained in *Minnesota Statutes* § 14.115, subd. 2 (1992) for reducing the impact of the proposed rules should it be determined that the Board is governed by § 14.115, are addressed in the statement of need and reasonableness.

*Minnesota Statutes*, chapter 10A requires each lobbyist to register with the Ethical Practices Board. Questions regarding this requirement may be directed to the Ethical Practices Board at 100 Centennial Office Building, 658 Cedar St., St. Paul, MN 55155; telephone 296-5148.

Promulgation of the proposed rules will not result in the expenditure of public monies by local public bodies nor have an impact on agricultural land; therefore, no further information need be provided under *Minnesota Statutes* § 14.11 (1992).

A. The authority shall make loans to eligible borrowers for eligible purposes pursuant to a loan agreement between the authority as lender and the eligible borrower as borrower. The loans must be evidenced by promissory notes payable to the authority or its assigns, and except as provided in item E must be unsecured.

B. A loan may not be made if it violates any of the restrictions in subitems (1) to (6).

(1) The amount of a loan, together with the amount of any similar loan made to the same borrower or a related person or entity, may not exceed \$250,000.

(4) Not more than five percent of the loan proceeds may be used to refinance existing indebtedness, or to finance the purchase or improvement of a residence or working capital or inventory. Use of loan proceeds for reimbursement of costs incurred before adoption by the authority of a preliminary resolution approving a loan and the issuance of a bond to fund it as described in part 1652.0060 or money borrowed to pay such costs constitutes use of loan proceeds for working capital or refinancing.

(5) All loan proceeds must be expended within six months of the loan closing or the first date on which loan proceeds are disbursed, whichever is later, or all proceeds must be expended within 18 months of the loan closing or the first date on which loan proceeds are disbursed, whichever is later, in which event the borrower must furnish to the authority all information as to the investment of loan proceeds and any money required to be rebated to the United States under section 148 of the code.

(6) Loan proceeds may not be used to finance the purchase of land, improvements, or depreciable property from a related person or entity.

C. The authority shall issue a bond to provide money to fund each loan. The authority has no other money available for this purpose. The bond must be issued in fully registered form pursuant to a loan agreement between the lender and the authority.

D. The bond must be a special, limited obligation of the authority payable solely from loan payments payable by the eligible borrower under the borrower's loan agreement and the promissory note evidencing the loan, which will be assigned to the lender and pledged to the payment of the principal of and interest on the bond, without recourse to the authority. The bond must not be a general obligation of the authority, the state of Minnesota, or any department, agency, or political subdivision of the state, and the full faith and credit of the authority, the state, or any department, agency, or political subdivision of the state must not be pledged for its payment.

All agreements and documents providing or evidencing such additional security must be entered into between the borrower or another individual and the lender. The authority may not be a party to the agreement or document and may not be responsible in any way with respect to the authorization, execution, effectiveness, or adequacy of the additional security.

Subp. 3. **Loan terms.** The payment terms of each loan and the bond that will be issued to fund the loan must be identical and, subject to the applicable provisions of state and federal law or the code, must be established by the eligible borrower and the lender.

Subp. 4. **Loan documents.** Except as provided in subpart 1 with respect to certain loan security agreements, all loan and bond transactions must be evidenced by use of the authority's standard loan documents. The documentation must include loan agreements, a promissory note, a bond, various closing certificates, legal opinions, and other documents the authority requires.

Subp. 5. **Tax exemption.**

A. The authority shall try to issue each bond as a "qualified small issue bond" within the meaning of section 144(a) of the code. Interest payable on a qualified small issue bond is not includable in gross income of the recipient for federal income tax purposes, or in net income of individuals, estates, or trusts for Minnesota income tax purposes. At the loan closing, the authority shall furnish to the lender an opinion of an attorney or firm of attorneys nationally recognized as bond counsel as to the validity of the bond and the tax-exempt nature of the interest payable on the bond, addressed to the lender. The form of that opinion is available upon request to the authority by any eligible lender joining in a loan application.

B. The lender may not rely upon information provided by the authority as to state and federal tax warranties or covenants made by the authority in the loan documents, but may rely on the legal opinion.

C. The lender is responsible to determine the applicability and effect of other state and federal laws on the lender's income, deductions, or tax status for state and federal tax purposes as a result of the purchase of a bond.

Subp. 6. **Use of bond proceeds; certification.** Bond proceeds may not be used for a purpose other than an eligible purpose or by a person other than an eligible borrower. Following disbursement of the bond proceeds, the lender and borrower may be required to certify to the authority that the proceeds were used for an eligible purpose by an eligible borrower, and evidencing compliance with subpart 1, item B.

Subp. 7. **Assignment of bond.** A lender may assign a bond in whole or in part to any person, but the lender is responsible for compliance with all state and federal laws applicable to the assignment. Servicing of the loan may also be assigned, but must at all times be with an eligible lender. The authority must be notified in writing prior to assignment of servicing of a loan.

Subp. 8. **Assumption of loans, substitution of collateral, and transfer of property.** Loans may not be assumed without the prior approval of the authority, and then only if the purchaser of the property is an eligible borrower. The benefits of the loan made at the tax-exempt rate from the proceeds of an authority bond must remain with an eligible borrower, and no other person or entity to whom property is traded or otherwise transferred may obtain the benefits of the authority loan.

### 1652.0050 APPLICATION PROCEDURES.

Subpart 1. **Application.**

A. An applicant and an eligible lender who wish to request the authority to make a loan to the applicant and issue a bond to the lender to fund the loan must jointly complete, sign, and submit to the authority an application, and prepare and submit to the authority all supporting documents identified in the application.

B. The lender shall present these documents to the authority. Presentation of the documents constitutes an offer to purchase a bond to fund the loan.

C. Lenders shall use their own forms of financial statement and other forms considered necessary to document the eligibility of the applicant. Financial statements must be dated as of a date not more than 15 days before the date on which the application is submitted to the authority.

If the application is rejected the volume cap allocation fee must be returned to the applicant.

Subp. 4. **Authority review.** The executive director shall review the information provided and accept or reject the application. If the information provided is not sufficient to make a determination, the executive director shall request additional information from the lender and applicant. The executive director's review must include, but is not limited to, whether the loan complies with the act and parts 1652.0010 to 1652.0080. The authority shall notify the lender whether the application has been approved or rejected. If the application is not approved, a written notice must state the reasons for disapproval.

Subp. 5. **Administrative reconsideration.** If a proposed application is not approved by the executive director, the applicant or the lender may petition the executive director for an administrative reconsideration. The petition must be in writing and must be sent within 15 business days of the date of the disapproval. The petition must state the petitioner's reasons for disagreeing with the disapproval and may include additional information relevant to the request for reconsideration. Within 15 business days of receiving the petition, the executive director shall send a written response to the petitioner upholding or reversing the original decision and giving the reasons for the decision.

Subp. 6. **Appeal.** A petitioner may appeal the executive director's reconsideration directly to the authority's board, by written notice to the executive director within 15 business days of receiving the executive director's reconsideration decision. The decision of the board is final.

Notice of the hearing must be published at least 14 days before the hearing in a newspaper of general circulation in the state and where the property is being financed is or is to be located. In order to obtain a volume cap allocation the authority must submit an application for it to the state Department of Finance together with a preliminary resolution of the authority approving the loan and the issuance of a bond to fund it, a statement of bond counsel that the proposed bond requires an allocation under *Minnesota Statutes*, chapter 474A, and a statement that the bond is a "qualified small issue bond" within the meaning of section 144 of the code. The authority has no control over whether a volume cap allocation will be received with respect to any volume cap application submitted by it.

Subp. 3. **Executive director authority.** If upon review of a loan application and all supporting documents and other information requested by the authority in connection with the application, the executive director or the program director determines that the application is in compliance with the program and parts 1652.0010 to 1652.0080, the executive director may:

## Department of Natural Resources

### Notice of Sale of State Metallic Minerals Leases

Notice is hereby given that a sale of leases to prospect for, mine and remove metallic minerals in trust fund lands, lands and minerals forfeited for non-payment of taxes, lands and minerals otherwise acquired, and other state-owned land under the jurisdiction of the Commissioner of Natural Resources, and located in portions of Beltrami, Lake of the Woods, Roseau and Saint Louis counties, is scheduled to be held on May 6, 1993, at 2:00 p.m. The sale will take place in the Fourth Floor Conference Room, DNR Building, 500 Lafayette Road, Saint Paul, Minnesota.

The Commissioner of Natural Resources, c/o Division of Minerals, Box 45, 500 Lafayette Road, Saint Paul, Minnesota 55155-4045, will receive sealed bids and applications for leases covering minerals in state lands, in accordance with *Minnesota Rules*, parts 6125.0100 through 6125.0700, the metallic minerals rules, issued under the authority of *Minnesota Statutes*, sections 93.08 through 93.12 and 93.25.

Each application and bid, together with a certified check, cashier's check, or bank money order, payable to the State Treasurer in the sum of \$100.00, must be submitted in a bid envelope obtained from the Commissioner. All bids must be received by the Commissioner at the office of the Division of Minerals, Fourth Floor, DNR Building, 500 Lafayette Road, Saint Paul, Minnesota 55155-4045, before 4:30 p.m. of May 5, 1993.

On May 6, 1993, at the time specified, the Commissioner or his representative, together with a designated member of the State Executive Council, will publicly open the bids and announce the amount of each bid separately. At a subsequent time leases will be awarded by the Commissioner, with the approval of the State Executive Council, to the highest bidder for the respective mining units, but no bids will be accepted that do not equal or exceed the base royalty rates set forth in the rules or that do not comply with all provisions of the rules. The right is reserved to the State, through the Executive Council, to reject any or all bids.

The purpose of Minnesota's metallic minerals rules is to promote and regulate the prospecting for, mining and removal of metallic minerals on state-owned and state-administered lands. These rules, and the leases issued under the rules, authorize exploration and development of these minerals and impose certain requirements on the lease. The requirements include: the payment of minimum rentals which increase with the passage of time, the payment of royalty for all ore mined and removed, the submission of data and other reports, and the addressing of certain environmental considerations. In addition, the lessee must comply with all applicable regulatory laws. No land or water areas within the Boundary Waters Canoe Area Wilderness or Voyageurs National Park are included in this or any state mineral lease sale.

In the absence of satisfactorily demonstrated past technical and financial competence to perform under similar circumstances, a bidder may be required to provide evidence of technical and financial competence to perform under the state's lease to prospect for, mine and remove metallic minerals. The information requested by the Commissioner must be submitted within 30 days of the date of the request. The State, through the Executive Council, may refuse to award a lease to any bidder not supplying satisfactory evidence of technical and financial competence to perform under the state lease.

Upon the award of a lease, the check submitted with the bid will be deposited with the State Treasurer as a fee for the lease. All bids not accepted will become void, and the checks accompanying such bids will be returned to the respective bidders.

Application and bid forms, bid envelopes, instructions on how bids are to be submitted, copies of the rules (*Minnesota Rules*, parts 6125.0100 through 6125.0700) and copies of the Mining Unit Book, listing the land areas designated by the Commissioner as mining units, may be obtained from William C. ## Pollution Control Agency

### Air Quality Division

#### Notice of Intent to Issue a Statewide General Permit Governing Natural Gas Transmission Compressor Facilities and Solicitation of Public Comments

**NOTICE IS HEREBY GIVEN**, that the Minnesota Pollution Control Agency (Agency) is proposing to issue a statewide general permit governing natural gas transmission compressor facilities. The issuance of the general permit is authorized by *Minnesota Rules* pt. 7001.0210, subp. 2 (1991), which allows the Agency to issue a general permit if "... the Agency finds that it is appropriate to issue a single permit to a category of permittees, whose operations, emissions, activities, discharges or facilities are the same or substantially similar ...".

The proposed general permit would apply to natural gas transmission compressor facilities at which internal combustion engines drive compressors to maintain pressure and flowrate in long-distance natural gas pipelines. The draft general permit contains emission limits to which the emission units at these facilities are subject under *Minnesota Rules* and other conditions which must be followed.

The preliminary determination to issue the general permit is tentative. There are three formal procedures for public participation in the Agency's consideration of the proposed general permit. These procedures are set forth in *Minnesota Rules* parts 7001.0100 to 7001.0130. First, interested persons may submit written comments on the proposed permit. Second, interested persons may request the Agency to hold a public information meeting. Third, interested persons may request the Agency to hold a contested case hearing, which is conducted by the Office of Administrative Hearings pursuant to the Administrative Procedures Act.

Interested persons who submit comments or requests to the Agency shall set forth:

1. a statement of the person's interest in the permit application or the draft general permit;
2. a statement of the action the person wishes the Agency to take, including specific references to the section of the draft general permit that the person believes should be changed; and
3. the reasons supporting the person's position, stated with sufficient specificity as to allow the Director of the Division of Air Quality to investigate the merits of the person's positions.

The public comment period commences March 29, 1993 and terminates April 28, 1993. Comments and requests should be mailed to:

David L. Beil  
Air Quality Division  
Minnesota Pollution Control Agency  
520 Lafayette Road North  
St. Paul, Minnesota 55155

All written comments and requests for public information meetings or contested case hearings received during the public comment period will be considered by the Division Manager, Air Quality Division. The Division Manager, Air Quality Division, will issue a final determination in a timely manner after the expiration of the public comment period.

A copy of the draft general permit and technical support document will be mailed to any interested person upon the Agency's receipt of a written request. Additional materials relating to the issuance of this general permit are available for inspection at the Minnesota Pollution Control Agency, Division of Air Quality, 520 Lafayette Road North, St. Paul, Minnesota 55155, phone (612) 296-7810 and at the Agency's Regional Offices at the addresses and phone numbers following between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday.

### Long Term Care Options Project

### Request for Expression of Interest and Information

#### Introduction

Under the authority of *Minnesota Statutes* Section 256B.69 and *1992 Minnesota Laws*, chapter 513, the Minnesota Department of Human Services (DHS) is soliciting formal letters of interest and additional information (listed in Section II) from organizations interested participating in the Long Term Care Options Project (LTCOP), a long term care managed care demonstration project which combines Medicaid and Medicare funding into one capitation. The project wishes to include the development of demonstrations in

## Professional, Technical & Consulting Contracts

---

urban, suburban, and rural Minnesota. This request is the first step in the process of identifying potential participants in the LTCOP. Details of the LTCOP demonstration will be negotiated with the organizations that are selected from among those responding to this request. Organizations submitting responses to this initial request will be given priority consideration for participation in the LTCOP. Organizations not responding to this request may not be able to be considered for participation at a later date.

**Organizations interested in responding to this request should contact Susan McCreary at 612-296-1724 for a description of the overall project which contains details on the proposed reimbursement structure, lists of Medicaid and Medicare covered services, the suggested clinical components, and the draft requirements for the final Request for Proposals.**

### Section I. Background

#### A. General Information

In July 1992, the Minnesota Department of Human Services (DHS) was awarded a \$235,424 planning grant from the Robert Wood Johnson Foundation (RWJF) to fund the development of the LTCOP demonstration. In the fall of 1993, DHS plans to submit proposals to the RWJF and to the Health Care Financing Administration (HCFA) to implement this demonstration. DHS will also be submitting requests for Medicaid and Medicare waivers to HCFA. The final Request for Proposal (RFP) for the LTCOP will be issued during the last quarter of 1993. The demonstration project is projected to run for five years, beginning July 1, 1994. Plans responding to this request should be aware that as a demonstration project, the LTCOP will include an evaluation component.

In addition to the activities mentioned in the previous paragraph, DHS will be involved throughout the development and implementation of the LTCOP in many ways including negotiations with HCFA, provision of technical assistance, contract management, project evaluation, payments of capitated payments to managed care organizations (MCOs), etc.

#### B. Target Population

The target population for the LTCOP includes those individuals aged 65 or older, living either in institutional or non-institutional settings, who are eligible for both Medicaid and Medicare (known as "dual eligibles").

Currently, there are approximately 47,000 dual eligibles in Minnesota. Of these, approximately two-thirds (31,000) are institutionalized and one-third (16,000) are community-based. Of the one-third dual eligibles who are community-based, approximately one-fourth (4,000) are nursing home certifiable and, therefore, are eligible for Elderly Waiver services.

#### C. Enrollment

In counties that operate under the Prepaid Medical Assistance Program (PMAP), the LTCOP will be offered as an alternative to the prepaid health plans that are offered as part of the mandatory enrollment for Medicaid recipients. Currently, Medicaid recipients in PMAP counties are enrolled at the time of initial eligibility. In non-PMAP counties, the LTCOP will be offered as an alternative to standard, fee-for-service coverage. While a minimum number of enrollees per MCO has not been determined, enrollee numbers must be adequate for a viable demonstration.

#### D. LTCOP Objectives

The objectives of the LTCOP include the following:

- enhanced levels of enrollee functioning;
- improved administrative efficiency and coordination of services;
- greater enrollee and family satisfaction;
- greater utilization of community based services, including physician visits, nurse practitioners and other midlevel personnel, assisted living arrangements, social services, and in-home services;
- improved integration and coordination of medical services with community based housing and social services;
- containment of expenditures for the Medical Assistance and Medicare programs as evidenced by, for example, decreased use of inpatient hospital care, emergency rooms, and nursing facility utilization;
- adequate payment for services provided.

These objectives will be used as a basis for evaluation of the LTCOP. Specific criteria for measuring achievement towards these objectives will be developed by the state in conjunction with the MCOs.

#### E. Reimbursement Structure

The LTCOP will reimburse MCOs with Medicare and Medical Assistance funds on a capitated basis in exchange for implementation of health care delivery models capable of providing the full continuum of health and social services covered under Medicare, Medicaid<sup>1</sup>, and the Elderly Waiver<sup>2</sup> program to dual eligibles. The capitation and pooling of funds is designed to give the MCOs more flexibility in providing high quality and appropriate services to enrollees, and to contain Medicare and Medical Assistance expenditures. Two rate structure options are being proposed at this time. One model excludes the nursing facility per diem from being managed directly

---

---

## Professional, Technical & Consulting Contracts

by the MCO while the other model includes the per diem in the capitation amount. **Details on the proposed rate setting structure for the LTCOP will be included in the supplemental materials provided to those organizations requesting them. DHS is expecting involvement of MCOs chosen through this request in negotiating the details of the reimbursement and risk sharing arrangements.**

### F. Services To Be Provided

The MCOs will be responsible for providing comprehensive health care to enrollees regardless of the site of care and enrollees' residence. The benefits to be managed by the MCOs could include all services allowed under Medical Assistance, Medicare A and B, and the Elderly Waiver program including personal care attendants. **Lists of the services covered under Medicare, Medicaid and the Elderly Waiver are included in the supplemental materials that will be provided to organizations requesting them.**

### G. MCO Administrative/Start-up Costs

At this point, costs associated with start-up and administration of the LTCOP would need to be paid by the MCOs. The DHS will be seeking funds from the RWJF and HCFA for potential start up costs.

### H. Definition of MCOs

DHS will be requesting a number of Medicare and Medicaid waivers from HCFA. One of the goals of the waiver process will be to obtain HCFA's approval to allow participation in the LTCOP of managed care entities in addition to Health Maintenance Organizations (HMOs) and Competitive Medical Plans (CMPs) as long as these entities meet the clinical, organizational, financial, and administrative requirements stated in Section II that will be essential to carrying out the LTCOP. At this point, DHS believes that various types of organizational structures have potential of meeting the objectives of the LTCOP including HMOs, integrated service networks, government sponsored networks, chronic care networks, and other types of provider/insurer affiliations. Negotiations between organizations identified as potential demonstration sites, DHS, and HCFA will be needed to work out further details of the project requirements.

### I. Commitment of MCOs

By responding to this request, MCOs are indicating that they are willing to work on the LTCOP with the state towards:

- (1) Development of a health care delivery system that will carry out a clinical system designed to meet the needs of a frail elderly population requiring chronic care which is capable of meeting the objectives of this project.
- (2) Development of affiliations with the various types of public and private providers and organizations that would need to be involved in such a health care delivery system.
- (3) Development of risk sharing strategies in which they would be a partner in sharing financial risk for the project along with HCFA and the State of Minnesota for the first 1-3 years of the project, with the goal of eventually assuming full risk for the project (with the exception of individual stoploss insurance).
- (4) Inclusion of the MCO's name in proposals that will be submitted to HCFA and the RWJF as a potential demonstration participant in the LTCOP.

## Section II. Requirements for Responding to this Request

Entities wishing to respond to this request should submit the following items:

- (1) A formal letter of interest in participating in the LTCOP demonstration from the chief administrative officer of the interested entity, including indication of support from any potential partners in the proposed MCO.
- (2) Responses to items in Section II-A (1-6) (below). Responses need not exceed 25-35 pages and should summarize to the best ability of the respondent, current planning for the demonstration recognizing that some details must be negotiated between MCOs, DHS and HCFA.

### A. Description of Managed Care Organizations

In order to identify the most viable demonstration participants, interested entities must provide descriptions of their potential MCOs, noting how they would meet the objectives of the LTCOP (stated in Section I-D). The state recognizes respondents' limited ability, at this point, to describe their proposed organizational, clinical and administrative systems in detail. The state also recognizes that it is likely that models proposed at this early date would change. However, in order for the state to be able to identify viable entities participants in the LTCOP, please try to address the following items:

---

<sup>1</sup> One of the two reimbursement models being proposed at this time keeps the Medicaid nursing facility per diem separate from the capitation to the MCO maintaining the current nursing facility case mix reimbursed system.

<sup>2</sup> The Elderly Waiver program is one which allows provision of additional home and community based services to those eligible for Medicare and Medical Assistance who are also nursing home certifiable.

# Professional, Technical & Consulting Contracts

## 1. Organizational Structure

- Describe the proposed organizational structure of the MCO, including organizational participants, governance and level of commitment of participants.
- Briefly describe any experience of the MCO in providing care to the elderly population in a variety of settings (institutional and community based).
- Describe how participation in this project fits with the overall mission of the MCO.

## 2. Provider Information

In general terms, identify which organizations would provide the various required services and under what arrangements (capitated, contracted, etc.). Please address the following points:

- Identify any relationships currently in place that would continue as part of the LTCOP if the MCO was selected as a demonstration site.
- Identify any relationships that would need to be developed if the MCO was selected as a demonstration site.

## 3. Financial/Risk Capability

- Describe the ability of the MCO to accept financial risk.
- Describe the experience or ability of the MCO to manage costs across various health care settings and provider types.
- To the best of your ability, describe the approach that the MCO might utilize to determine how financial risk could be apportioned among participating entities, if applicable.

## 4. Service Delivery Plan

During the first few months of development of the LTCOP, our geriatric clinical consultants developed guidelines for a model clinical delivery system capable of providing the desired clinical services within the proposed funding scheme. This model will be included as a reference for MCOs when they respond to this request. DHS expects, however, that various MCOs will develop a variety of clinical models and/or systems to meet the goals of the LTCOP. For this reason, we are using an approach which allows MCOs to describe their own methods for meeting the goals of the project.

Provide a summary description of your service delivery plan and clinical systems that would be implemented to meet the goals of the LTCOP. Using the format of your choice, address as many of the following items as possible noting any previous experience of the MCO in these areas. Please note which elements are currently in place and which would need to be developed:

- How access to primary care, acute care and long term care services would be assured and how this care would be integrated and coordinated.
- The mechanism of authority that will be implemented to promote appropriate utilization and control costs such as the case management system that will be used, management of subspecialty care costs, assignment of case managers, multidisciplinary team management of medical and care planning and information, guidelines for developing treatment/care plans, loci of responsibility for clinical management, etc.
- How professionals such as geriatricians and geriatric nurse practitioners would be utilized within the MCO to assure high quality of care and appropriate utilization of services.
- Methods for assessing risk status of all institutionalized and non-institutionalized enrollees including polypharmacy screening and functional assessments.
- Methods for performing discharge planning from inpatient hospitalizations and sub-acute and rehabilitative nursing home stays.
- Methods to insure flow of pertinent clinical and logistical information between the various points of service (for example the nursing home, assisted living setting, private home, primary care and specialty clinics, home health care agency, hospital, ancillary providers, etc.).
- Methods that MCO will use to identify the need for and assure the provision of appropriate geropsychiatric and other mental health services.
- Strategies for identifying institutionalized enrollees whose needs could be met as well or better in a non-institutionalized setting and how those needs would be met.
- Arrangements that would be made to incorporate use of non-institutional services into the MCO.
- Methods for ensuring smooth transitions for enrollees who move among various settings in which care is provided.
- In MCOs proposing use of an open network of nursing facilities, note how service delivery systems would be implemented

across a broader geographic area and a larger number of facilities (discussion of the open network model is found in the supplemental materials which will be provided to MCOs upon request).

- The MCO's current or proposed methods for delivering services to a culturally diverse elderly population.
- The process for obtaining patient and family input into care.
- How relationships with county social service and public health agencies would be incorporated into the MCO's service delivery system (state specific strategies).

### 5. Projected Population Served

While the state recognizes that MCOs cannot provide accurate data on enrollment at this time, it is requested that plans project the following information to the best of their ability:

- Estimate how many enrollees the MCO projects it would be capable of serving per year and the geographic areas most likely to be served.
- If possible, estimate the proportion of enrollees that the MCO anticipates would initially enroll (a) from the community and (b) from institutional settings.
- Identify methods for working with counties in enrollment efforts.

### 6. Administrative Capacity

Provide a summary description of your administrative capacity and administrative systems that would be utilized or implemented to meet the goals of the LTCOP. Please note which items are currently in place and which would have to be developed. Indicate which functions, if any, would be performed by a third party administrator (TPA). In discussing your administrative capacity, please address the following items:

- The MCO's administrative capacity to manage utilization of services information, claims and data processing, enrollment and status changes, staffing and staff training, customer service, etc.
- The capacity of the MCO's information and data systems to relate care costs to care outcomes for decision making purposes.
- Grievance System—The approach that would be used to receive, record and respond to complaints from enrollees and family members. Please refer to the grievance procedure outlined in the draft final RFP which is part of the supplemental materials available.
- Quality Assurance—The general approach that would be used to assure that quality assurance activities would be carried out. Please note that minimum requirements will be included in the final RFP after discussions between DHS and prospective participants.
- Evaluation Participation—Please specifically address the MCO's capability to collect and report information necessary for evaluation of clinical delivery patterns on key patient diagnoses, levels of functional well being, and/or specific conditions. For example, describe the MCO's information systems and the types of data routinely collected.

### Section III. Evaluation of Information Submitted

A review team from DHS, with input from the consultants for the LTCOP, will evaluate each proposal and make a recommendation as to which entities should be included as potential demonstration sites for the LTCOP. The review team will make its recommendations to the Department in May 1993. The Commissioner reserves the right to reject, at her discretion, any and all proposals. MCOs responding to the LTCOP Request For Expression of Interest and Information will be evaluated on the quality of the responses which indicate their capacity to:

1. Provide cost effective management of enrollee benefits;
2. Meet the necessary administrative requirements for Medicare and Medicaid (eg. claims processing and enrollment related functions);
3. Manage the necessary financial risk;
4. Provide a feasible organizational structure for the proposed MCO;
5. Integrate the provision of primary, acute and long term care services to enrollees;
6. Implement a feasible health services delivery system which meets the medical and psycho-social needs of an elderly population, many of whom have chronic care needs and/or have complex medical problems; (models are included in the supplemental materials);
7. Have internal systems of accountability and quality assurance including a formal grievance procedure;
8. Coordinate with community-based housing, social services, counties and other relevant public agencies;
9. Provide necessary data, including on cost and utilization, and be willing to participate in evaluation efforts.

## Minnesota Workers' Compensation Assigned Risk Plan

### Non-State Contracts

### Notice of Request for Proposals ("RFP") for Services to be Provided to the Minnesota Workers' Compensation Assigned Risk Plan ("Plan")

The Plan is seeking proposals to provide general administration and managed care services. General administration services include: policy issuance and premium collection services; premium audit services; loss control services; and claims administration services. Managed care services include medical management, disability management and loss prevention.

The Ramsey County District Court has recently issued an opinion that, even though the Plan is not a state agency, it should follow certain contracting procedures that apply to state agencies. The Plan disagrees with this decision and is appealing. However, in this particular situation the Plan intends to follow the procedures set forth in *Minnesota Statutes* Section 16B.17.

A response from a single entity for both general administration and managed care services will be accepted. Proposers should be aware, however, that it has been decided by the court in the Ramsey County District Court action now under appeal that *Minnesota Statutes* Section 176.1351 does not permit the same entity or related entities to contract with the Plan to provide both general administration and managed care services. For that reason, the Plan is likely to look more favorably upon a submission that does not contemplate the same party or two related parties providing both managed care services and general administration services.

Because the Plan has determined that there should be substantial savings to the Plan if the managed care and general administrative services are carefully and fully coordinated. The Plan believes submissions made jointly by a managed care vendor and a general administration services vendor are most likely to result in savings to the Plan, although responses for general administration services only or managed care services only will not be automatically rejected. An entity may participate in more than one proposal.

An entity proposing to provide general administration services must either be an insurance company licensed pursuant to *Minnesota Statutes* Section 60A.06, subd. 1, clause (5), paragraph (b), or a self-insurance administrator licensed pursuant to *Minnesota Statutes* Section 176.181, subd. 2, clause (2), paragraph (a). An entity proposing to provide managed care services must, at a minimum, have an application for certification pending at the Department of Labor and Industry.

Interested parties may obtain the RFP by written request to Mark R. Sheehan, Plan Administrator, Minnesota Workers' Compensation Assigned Risk Plan, 4500 Park Glen Road, Suite 410, Minneapolis, MN 55416. Written request will be accepted by fax at (612) 922-5423. Responses to the RFP will be due at 4:00 p.m., April 19, 1993.
