# MCAR AMENDMENTS AND ADDITIONS

The following is a listing of all proposed and adopted rules published in Volume 3, Numbers 40-48 of the *State Register*. The listing is arranged in the same order as the table of contents of the *Minnesota Code of Agency Rules* (MCAR). All adopted rules published in the *State Register* and listed below amend the rules contained in the MCAR set. Both proposed temporary and adopted temporary rules are listed here al-

though they are not printed in the MCAR due to the short term nature of their legal effectiveness. During the term of their legal effectiveness, however, adopted temporary rules do amend the MCAR. A cumulative listing of all proposed and adopted rules in Volume 3 of the *State Register* is published each quarter and at the end of the volume year.

### Adopted Rule Relating to Examination of Engineer Applicants

The amendment to existing rule proposed and published at *State Register*, Volume 3, Number 19, pp. 1008-1014, November 13, 1978, (3 S.R. 1008) is adopted as proposed, with the following amendments:

#### Amendment as Adopted

A. 2. Completed a minimum of four (4) years of qualifying engineering experience, satisfactory to the Board, after

graduation from a baccalaureate program in engineering accredited by the ECPD, or three (3) years of qualifying engineering experience, satisfactory to the Board, after graduation from a Masters or Doctoral program in engineering from an institution with an ECPD accredited baccalaureate program in that discipline of engineering. Up to two (2) years credit for diversified, qualifying engineering experience, gained prior to graduation from an approved engineering curriculum, may be granted by the Board when evaluated on an individual basis. The two (2) years experience prior to graduation must have been gained after completion of the second year of approved engineering education and must have been gained in the United States. Such experience shall be credited at the rate of 50% up to the maximum allowable credit of two (2) years.

F. Severability. If any provision of this rule is held invalid, such invalidity shall not affect other provisions of this rule which can be given effect without the invalid provision, and to this end the provisions of this rule shall be deemed severable.

# PROPOSED RULES

The agency shall make at least one free copy of a proposed rule available to any person requesting it.

348 working hours  
696 working hours

For purposes of this rule, working hours shall include hours actually worked, excluding overtime, except that working hours shall include overtime hours actually worked if the employee is required to liquidate the overtime in compensatory time off. ~~B. E.~~ Employees in the management compensation schedule shall normally serve a probationary period of twelve months. With the approval of the Commissioner of Personnel, the probationary period may be extended to provide sufficient time for individual managers to complete mandatory minimum training requirements provided the total probationary period does not exceed two years.

Unpaid leave, to the extent that it exceeds ten or more work days, shall be added to the length of the probationary period.

Employees transferred from the jurisdiction of one appointing authority to that of another appointing authority may be subject to a probationary period as provided by this section of the rules.

For the purposes of this rule, classes shall be considered to be in the same occupational field when the appointing authority determines, after an analysis of the positions involved, that it is possible to evaluate the probability of satisfactory service in one class by observing service in the other class.

**2 MCAR § 2.131 Holidays.** Holidays will be observed as prescribed by the legislature. (Minn. Stat. § 645.44, subd. 5)

This rule applies to all classified employees and, notwithstanding 2 MCAR § 2.004, all full-time unlimited unclassified employees in the executive branch of government, except non-tenured laborers, temporary employees, emergency employees and project employees. Holiday leave provisions may be established by the appointing authority for employees not covered by this rule.

If such intermittent employee works on a holiday, that employee will be reimbursed for the holiday in addition to the pay for the time worked. This pay shall be in accordance with the above schedule. Seasonal employees are entitled to holidays as defined in this rule.

Holiday pay shall be computed at the employee's normal day's pay (i.e., the employee's regular hourly rate of pay

multiplied by the number of hours in his/her normal work day).

F. Employees who observe religious holidays on days which do not fall on a Sunday or a legal holiday shall be entitled to such days off to observe the religious holiday upon 21 days advance written notice to the appointing authority. Such days off to observe these religious holidays shall be taken without pay, or upon the election of the employee, may be charged against accumulated vacation leave. If the appointing authority can arrange to have the employee work an equivalent number of hours at another time during the fiscal year to compensate for the days lost for observance of religious holidays, these holidays may be taken against such hours actually worked.

**2 MCAR § 2.135 Vacation leave.** This rule applies to all classified state employees in the executive branch except for non-tenured laborers, emergency employees, project employees or temporary appointment employees and also applies to all full-time unclassified employees appointed for a period in excess of 6 months in the executive branch except those listed in 2 MCAR § 2.004. Vacation leave provisions may be established by the appointing authority for those unclassified employees listed in 2 MCAR § 2.004 and for other employees who are not covered by this rule provided they are not specifically excluded from coverage.

Each eligible non-managerial employee shall earn vacation with pay according to the rate listed below:

When sick leave and/or vacation leave is used in conjunction with the Workers' Compensation benefit, an eligible employee receiving Workers' Compensation benefits shall accrue vacation leave for the total number of hours compensated by Workers' Compensation, sick leave and vacation leave.

Changes in the rate of accumulation for eligible employees shall be made effective at the beginning of the next payroll period following completion of the specified amount of service.

Service shall begin on the date of state employment. Time on suspension or non-medical leave of absence without pay, if at least one full payroll period in duration, except as otherwise provided by law or these rules, shall not be counted in determining the date of completion of a full year. An eligible employee being paid for less than the full payroll period of 80 hours will have vacation accrual prorated for that payroll period. A vacation leave shall not be granted or accrued before completion of six calendar months of service. Upon completion of such period, vacation leave shall accrue to the employee from the beginning of the period of continuous service.

Departments or agencies may determine the time and establish schedules governing the use of vacation leave, except that in no instance will vacation leave be granted in increments of less than one-half hour except to permit utilization of lesser fractions that have been accrued.

Unused vacation leave may be accumulated to a total of ~~224~~ 240 working hours. Supervisors should make every effort to schedule vacation leaves for their employees on a regular basis each calendar year in order to reduce the possibility of an employee losing vacation leave because of a maximum accumulation having been exceeded. An eligible employee on military leave, as provided by these rules, shall not be limited to the maximum accrual of vacation leave. Such employee may immediately upon reinstatement from military leave take all vacation in excess of the maximum accumulation. As an alternative, the employee

may elect to be credited with the vacation leave in excess of the maximum accumulation, but such leave shall be taken at a time determined by the appointing authority within two years of the date of reinstatement.

Any eligible employee who is separated from the state service by layoff, resignation, death, or otherwise, shall be paid for the number of working hours of unused vacation leave accumulated to that employee's credit.

An employee who is transferred or accepts employment under the jurisdiction of a new appointing authority, or in the unclassified service of the state, or an unclassified employee who transfers to the classified service, without interruption of services to the state shall be entitled to credit of accumulated unused vacation leave earned in the employee's former employment. Notwithstanding 2 MCAR § 2.004, any state employee except an elected employee who is separated from the state service or who is transferred or accepts employment under a new appointing authority, is entitled to pay for any accumulated vacation leave. (Minn. Stat. §§ 43.222-43.224)

Department heads and deputies of departments listed in Minn. Stat. § 15A.081, subds. 1 and 5, plus the Department of Military Affairs, shall earn vacation pay at the rate of six hours per full payroll period. Covered department heads and deputies who currently are eligible to receive more than six hours per full payroll period shall continue to accrue at the higher rate.

Employees in positions designated as managerial shall accrue vacation leave in accordance with a schedule established by the Commissioner.

Departments operating vehicles not in the Central Motor Pool shall operate them on a pool basis following rules of the Department of Administration for the operation of such state-owned vehicles.

2. Privately-owned automobiles and aircraft. The compensation for use of a personal automobile is ~~46¢~~ 19¢ per mile when a motor pool vehicle is not available. Mileage shall be paid based on the most direct route according to Transportation Department records. Deviations from the shortest direct route, such as vicinity driving or driving from the employee's residence where the employee's residence becomes the point of departure, shall be shown on the expense account as a daily total, with a separate explanation outlining the reasons for such mileage. No additional reimbursement will be made for incidental expenses to the operation or maintenance of a personal automobile for state business except for payment of toll charges and parking.

The employee who elects to use a personal car on official state business with the approval of the appointing authority when traveling within the state in cases where a motor pool vehicle is available shall be reimbursed at the rate of ~~44¢~~ 14¢ per mile. The higher rate may be paid if the use of the motor pool vehicle would have resulted in a greater cost to the state than the reimbursement of the personal car rate.

The reimbursement for mileage shall be adjusted as follows:

A "base rate" gasoline price shall be established by computing the average price per gallon of gasoline delivered to the Central Motor Pool during the month of April, 1977. A "new rate" shall be calculated in the same manner for each month commencing in July, 1977. The difference, if any between the "base rate" and the "new rate" shall be added to the sum of any changes in federal or state gasoline taxes levied on or after April 1, 1977, and such total shall be referred to as the "adjusted difference". Effective the second month following the computation of the "new rate", mileage reimbursement rates shall be increased or decreased by 1 cent for each full 10 cent increase or decrease in the "adjusted difference". In no event shall such mileage rates be less than the rates of 46 cents or 41 cents as set forth above.

The appointing authority may authorize travel in personal aircraft when it is deemed in the best interest of the state. Mileage reimbursement in such cases shall be 25 cents per mile and shall be based on the shortest route based on direct air mileage between the point of departure and the destination.

3. Out-of-state travel. Payment for expenses for trans-

portation by personal vehicle for out-of-state travel shall be made on the basis of a single coach air fare for each vehicle used.

If available, motor pool vehicles or state-owned vehicles may be used for out-of-state travel. When a central motor pool vehicle is used, reimbursement will be made to the Central Motor Pool. The expense of such vehicles shall be charged against the out-of-state authorization of the department.

When personal vehicles are used in driving to out-of-state locations not available by commercial transportation, travel reimbursement shall be made on an actual mileage basis in accordance with these rules.

Any in-state travel expense directly related to an out-of-state trip shall be charged against the annual out-of-state travel allowance for the department involved.

4. Commercial transportation. State employees may travel in-state and out-of-state by commercial transportation when authorized by the department head. Air transportation shall be by coach class except in those instances where such space is not available. When an employee has a reservation for a flight that is not going to be used, such employee shall be accountable for the cancellation of such reservation. Air charter service may be used for in or out-of-state travel where such charter service is more practical than commercial transportation.

5. Motorcycle reimbursement. Reimbursement for use of a motorcycle on official state business, when authorized in advance by the appointing authority, shall be at the rate of 8 cents per mile. ~~This rate shall not be subject to the escalator provision of 2 MCAR § 2.181 A.2.~~

### B. Meals and lodging.

1. Employees shall claim reimbursement only for the amount actually paid for meals when in a travel status. The amount must be reasonable, taking into consideration the location in which the meal is obtained.

Maximum reimbursement, including sales tax for meals within the state, shall be ~~\$2.45~~ \$3.00 for breakfast, ~~\$2.95~~ \$4.00 for lunch, and ~~\$5.90~~ \$7.00 for dinner.

Maximum reimbursement, including sales tax for meals outside the state ~~and~~ or on trains shall be ~~\$3.20~~ \$4.00 for breakfast, ~~\$3.70~~ \$5.00 for lunch, and ~~\$7.90~~ \$9.00 for dinner.

The maximum reimbursement for meals shall be increased based upon the food away from home component of the consumer's price index for urban wage earners and clerical workers for Minneapolis-St. Paul, new series index (1967=100).

## PROPOSED RULES

The base period for any adjustment shall be the July, 1977 index and the April, 1978 index. For each full 1.5 points rise in the food away from home component of the index during the base period, the maximum reimbursement for dinner shall be increased 5 cents effective July 1, 1978. The maximum reimbursement for breakfast and lunch shall each also be increased by one-half of the amount of the increase for dinner. If the increased maximum reimbursements for breakfast and lunch results in an amount not equally divisible by five the maximum reimbursement for breakfast shall be rounded down to the next amount divisible by five; and the maximum reimbursement for lunch shall be rounded up to the next amount that is equally divisible by five.

Reimbursement for an official breakfast, luncheon, dinner, or banquet meeting shall be the actual cost of the meal.

An employee in a travel status between employee's work station and a field assignment may claim reimbursement for meals under the following circumstances:

- a. Breakfast, providing the employee leaves home before 6:00 a.m. and is away from the permanent or temporary station.
- b. Dinner, providing such employee returns home after 7:00 p.m. and is away from the permanent or temporary station.
- c. Employees may be reimbursed for noon meals if the employee is in a travel status. Employees stationed in the seven-county metropolitan area shall not be reimbursed for meals obtained in the seven-county metropolitan area except when properly authorized as a special expense in section (d) below. In other areas the cost of a noon meal shall only be reimbursed where such employee would not ordinarily have incurred such a cost and the employee is considered in a travel status. Any request for reimbursement under this section shall include a statement in writing that the employee has complied with provisions of this section of the rules.

Because of variances in in-state and out-of-state hotel or motel accommodations, no fixed amounts are prescribed. It is the responsibility of the appointing authority to instruct the employee to use good judgment in incurring lodging costs. Charges shall be reasonable and consistent with the facilities available.

### C. Other Fees and expenses.

1. Parking fees. Employees using state-owned or pri-

vate vehicles shall be reimbursed on an actual expense basis. Charges shall be necessary and reasonable, and consistent with the facilities available. When receipt or other evidence of payment is issued to the employee, such receipt must be submitted with the expense reimbursement request.

2. Telephone calls. Telephone calls between state offices and cities shall be made using the state telephone network if at all possible. When the state telephone network is not readily available, employees should use a WATS line where such lines are available. Use of either the state telephone network or the WATS line is explained in the state telephone directory.

In cases where it is necessary to place a regular long distance call, the employee should request that the operator bill the call to the home office telephone number. If an employee pays cash for a long distance call, reimbursement for such calls may be obtained by using an employee expense report.

State personnel who must frequently place long distance telephone calls may be eligible for a telephone credit card. The procedure for obtaining a state telephone credit card is explained in the state telephone directory.

3. Personal expenses. Personal expenses for purpose of this rule are defined as dry cleaning, laundry, and baggage handling. Employees continuing in a travel status in excess of one week who do not return home during that week may claim reimbursement not to exceed \$3.50 per week for laundry or not to exceed \$2.00 for dry cleaning and pressing expenses for each week after the first week. If an employee returns home during a period of time in which an employee continues in a travel status, the employee is not eligible for reimbursement for laundry, dry cleaning or pressing in the subsequent week after such return. Receipts must accompany the claim for reimbursement. The employee's judgment is to be used regarding baggage handling expense. No reimbursement shall be made for personal phone calls, valet service, or similar personal expenses.

D. Special expenses. Special expenses shall require prior approval of the appointing authority and the approval of the Commissioner of Personnel, who shall issue guidelines regarding eligible special expenses. This section also applies to any state board, council, or commission member.

E. Station assignments. The appointing authority shall assign employees permanent or temporary stations with such assignments to be in the best interest of the state and

travel origin and records shall be based on these permanent or temporary assigned stations. A department head reporting deviation from this provision shall submit a request in accordance with the rules relating to special expenses. Employees away from such designated stations on unfinished assignments may be allowed mileage reimbursement for trips to their stations on alternate weekends. An employee may return to the station each weekend at state expense if the cost of such return is less than that of remaining in the field.

### F. Payment of expenses.

1. Expense accounts. Expense accounts for all state employees shall be submitted to the Commissioner of Finance on the prescribed form (see Accounting Procedures Manual, Section E-2). If a receipt is required and the receipt has been lost or is otherwise unavailable, an affidavit stating the facts covering the expenditure shall accompany the expense account.

A department may be billed directly for expenses such as registration or conference fees, travel agencies, hotels and motels. Such billings shall include the name of the employee and the nature and date of the expense. Payment shall be processed promptly and charged to the allotment classification for travel.

2. Advances. A department may upon request advance an estimated amount for approved travel expenses, if greater than \$50.00, to an employee who will be traveling on state business.

The authority for advance of travel expense payments may not exceed the maximum allowance permitted under state travel regulations.

In the case of travel expense advances departments having imprest cash funds shall make the advance from such accounts if possible. In other instances, departments shall prepare a statement with supporting expense voucher clearly stating the advance is being made under provisions of Minn. Stat. § 43.33. In all cases after the actual expense is determined, a final employee report for the trip and/or period for which the advance was made shall be prepared and forwarded to the Department of Finance. The advance payment transaction date and transaction number must be shown on the final employee expense report. The final expense voucher shall include the number of the state warrant covering the advance payment. If additional payment is due the employee, an additional state warrant shall be prepared in the usual manner. If an advance payment exceeds the actual expenses, the employee shall return the excess which shall be deposited in accordance with provisions established by the Commissioner of Finance.

### G. Insurance. Department heads shall require proof of

automobile liability insurance in the minimum amount required by law before approving travel involving private automobile mileage allowance.

Any employee flying a personal aircraft on official state business must show proof of adequate liability insurance coverage by a firm licensed to do business in Minnesota. Such coverage shall be in an amount of \$50,000 minimum for each passenger seat, \$50,000 per person, and \$150,000 per accident for public liability for bodily injury, and \$50,000 property damage.

It shall be the responsibility of the employee to immediately notify the appointing authority of any change in insurance coverages under such employee's automobile and aircraft liability insurance.

H. Automobile leasing. An employee may be reimbursed for car rental expenses where the use of a state car in the conduct of state business is not possible and the use of a rental car is the only or the least expensive method of transportation. An employee using such rental car must indicate the need for the rental and attach an itemized statement for the rental upon requesting reimbursement.

### 2 MCAR § 2.182 Relocation expenses.

A. Authorization. An employee shall be reimbursed for relocation expenses under the provisions of this rule if the conditions of 2 MCAR § 2.182 B.6. are met and if the change in residence is completed within 6 months, unless other time extension arrangements have been approved by the appointing authority and if:

1. The appointing authority determines that an employee is required to be transferred or reassigned to a different work station, when the transfer or reassignment is not for the employee's sole benefit, or:

2. The employee must change residence as a condition of employment, or:

### B. Relocation expenses covered.

1. Travel status. An employee transferred or reassigned at the convenience of the state service as defined in paragraph A. above shall be considered in a travel status for a period of up to ~~sixty~~ ninety calendar days and shall be authorized to be reimbursed for return to such employee's original work station once a week. During the first ~~sixty~~ ninety calendar days the state may also reimburse the cost of transporting the employee's spouse twice during such period, including the cost of mileage, meals and lodging, but not to exceed a total period of seven calendar days. In addition, the state may reimburse the employee's family for reasonable transportation costs to the new work station at the point that the move is made, including mileage, meals and lodging.
