Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. The current 1999 set is a 13-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the most current edition of the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive; issue #26 cumulative for issues #1-26; issues #27-38 inclusive; issue #39, cumulative for issues #1-39; issues #40-51 inclusive; and issues #1-52 (or 53 in some years), cumulative for issues #1-52 (or 53). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*; contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155 (612) 297-3000, or toll-free 1-800-657-3757.

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

Revenue Notice # 06-13: MinnesotaCare – Patient Services – Community Support and Family Community Support

Introduction

Under *Minnesota Statutes*, section 295.50, subdivision 9b(b)(4), the definition of patient services excludes services provided to and by community support programs and family community support programs that are approved under *Minnesota Rules*, parts 9535.1700 to 9535.1760, also known as *Rule 78*, or certified as mental health rehabilitative services under *Minnesota Statutes*, chapter 256B.

Services provided to and by community mental health centers and community residential mental health facilities are also excluded from the definition of patient services. This means that these services are not subject to the MinnesotaCare tax and do not have to be reported as patient services.

The scope of this revenue notice is limited to services provided to and by community support programs and family community support programs.

Family Community Support Programs

Family community support programs are designed to help children with severe emotional disturbances to function and remain with the child's family in the community. Department Position

All payments for community support programs and family community support programs (including private payments) are excluded from gross revenues for patient services and do not need to be reported to the Department of Revenue for purpose of the MinnesotaCare tax.

Health care providers who provide only community support services or family community support services, as provided under *Minnesota Statutes*, section 295.50, subdivision 9b(b)(4), are not required to register for the MinnesotaCare tax.

All patient services provided under *Minnesota Statutes*, section 295.50, subdivision 9b(a), are subject to tax. Health care providers who provide services to community support programs or family community support programs may exclude from tax only services that are purchased by those entities (unless another exemption applies).

2. A health care provider provides marriage counseling. Marriage counseling is subject to tax.

Public Comment Period Extension for the Wayzata Area Components of the Lake Minnetonka Area Regional Interceptor Improvements Project Facility Plan

The Metropolitan Council is extending the public comment period on the Wayzata Area Components of its Lake Minnetonka Area Regional Interceptor Improvements Project Facility Plan. **Public comments will be received until Friday, December 29, 2006.** (The previous public comment deadline was November 27, 2006.)

The Draft Facility Plan for this project, prepared by the Metropolitan Council's Environmental Services Division (MCES), outlines alternatives studied and the resulting recommendations for improving the regional sanitary sewer system in Wayzata. The recommendations include:

- Constructing a new pumping station on the site of the existing pumping station, located on Grove Lane south of Lake Street.
- Constructing an additional force main sewer parallel to the existing force main, which extends east from the pumping station along the railroad and Lake Street corridor through downtown Wayzata, then south on Bushaway Road (County Road 101) before connecting to another regional sewer near the Grays Bay Bridge.

The recommended improvements would provide additional sewer capacity to serve growth in this part of the region and increase reliability of the facilities. Construction of the facilities would be scheduled for 2010-2012.

Copies of the Draft Facility Plan for the Wayzata Area Components of the Lake Minnetonka Area Regional Interceptor Improvements Project are available for review at:

- Wayzata City Hall, 600 Rice Street East, Wayzata
- Wayzata Library, 620 Rice Street East, Wayzata
- Metropolitan Council's Data Center, 390 Robert Street North, St. Paul

The territory of the proposed district consists of that part of Roseau County, Minnesota, described as:

All of the following subdivisions: Anderson's Subdivision, Rice's Subdivision, Swanson's Addition to Anderson's Subdivision, Miller's Subdivision, and Government Lot 4, Section 8, Township 163 North, Range 35 West.

Following the end of the comment period and, if held, the contested case hearing, the MPCA Commissioner will decide whether to approve the petition for creation of the district unless, as provided by Minn. Amount of Funds Available:

Fund availability is listed individually under the Single Family RFP section.

Eligible Locations:

Minnesota Housing funds are generally available statewide; while respective RFP partners' funds are available only in the Twin Cities Metropolitan area or Greater Minnesota depending upon the specific funding partner.

Eligible Applicants:

In general, eligible applicants for the majority of resources include Minnesota Cities, for-profit organizations, nonprofit organizations, private developers, natural persons, Indian tribes or tribal housing corporations, public housing agencies, joint powers board established

by two or more cities, and cooperative housing corporations.

If the proposed community revitalization activity is located in Dakota County, Kandiyohi County or the City of Brooklyn Park, contact the local partnering entity participating in the Pilot Performance project.

SINGLE FAMILY RFP

Limited Fund Program Information:

The Limited Fund programs are highly competitive. The funding partners anticipate having approximately \$3.5 million available this round depending on fund availability based on legislative action. I. Programs Available:

- Greater Minnesota Housing Fund (GMHF): 1) *New Construction* – Under its Building Better Neighborhoods (BBN) Program, GMHF provides gap financing (interest-free, deferred loans) for homebuyers and/or below-market (3% interest, three-year term) interim financing for the developer that are available for land acquisition, infrastructure or construction. In addition, limited GMHF funds for other single-family new construction projects not meeting BBN guidelines may be awarded. For both programs, additional funds are available to support projects with employer assistance. 2) *Housing Rehabilitation* - GMHF also provides zero- or low-interest, deferred loans on a limited basis to non-profit and for-profit organizations and local government agencies to facilitate the rehabilitation of affordable (not exceeding 80% statewide median income, preference given to 50% SMI) owner-occupied housing. GMHF’s funding priorities include substantial rehab of aging, owner-occupied single-family housing, in conjunction with a larger community revitalization effort. Local leverage is required. GMHF’s maximum assistance per unit is \$15,000. 3) *Minnesota Green Communities* – GMHF has provided special grants for four demonstration projects, two in greater Minnesota. Demonstration projects received up to \$3,000 per affordable housing unit. Limited funds are available for ownership and rental housing. There will not be further demonstration projects, however GMHF may provide additional gap and/or matching funds for priority projects that meet the Green Communities Criteria through Minnesota Housing’s Spring and Fall Super RFPs (Single-Family and Multifamily). GMHF will prioritize their traditional deferred loan and grant products for green developments. 4) *Conservation Improvement Program* - GMHF is also considering continuation of 1:1 matching funds to committed capital funding (including rebates) from utility providers to install energy-efficiency upgrades through utilities’ Conservation Improvement Program (CIP). This funding will be provided in addition to Minnesota Green Communities funding for selected demonstration projects and/or traditional gap financing offered. Projects are not required to meet the Green Communities Criteria for these matching funds.
