Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. The current 1999 set is a 13-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the most current edition of the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive; issue #26 cumulative for issues #1-26; issues #27-38 inclusive; issue #39, cumulative for issues #1-39; issues #40-51 inclusive; and issues #1-52 (or 53 in some years), cumulative for issues #1-52 (or 53). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155 (612) 297-3000, or toll-free 1-800-657-3757.

Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the *State Register*. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

The waterfowl hunting seasons are based on annual determinations of season timing and selection of the options as allowed under federal frameworks for migratory bird hunting. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Minnesota Pollution Control Agency (MPCA) Notice of Request for Proposals (RFP): Fiscal Year 2010 Environmental Assistance Grants

The Minnesota Pollution Control Agency (MPCA) is issuing this Request for Proposals (RFP) to solicit grant projects for the Environmental Assistance (EA) Grant Program. This notice is issued under authority provided in *Minnesota Statutes* §115A.0716, subd. 1 and *Minnesota Rules* Parts 9210.0800 to 9210.0855. The Fiscal Year 2010 (FY10) EA Grant Round consists of a competitive, one-stage application process. Applications will be accepted from September 14, 2009, through 3:00 p.m. (Central Standard Time) November 3, 2009.

Applications for financial assistance in the development of environmentally sustainable practices in Minnesota through voluntary partnerships and goal-oriented, economically-driven approaches to pollution prevention and resource conservation will be accepted in the following three Focus Areas:

A. Waste Prevention and Reduction: focus on providing assistance in identified areas of need to those willing to implement efficient and economically sound practices to prevent and reduce waste at the source.

B. Source-Separated Composting: focus on providing assistance to Minnesota political subdivisions to reduce the amount of organic wastes entering disposal facilities.

C. Stormwater Sources: focus on providing assistance to Minnesota local government units for implementing measures to ensure that National Pollutant Discharge Elimination System/State Disposal System (NPDES/SDS) permitted stormwater sources do not contribute to the impairment or degradation of state waters.

To further the strategic objectives outlined in the MPCA 2008 Strategic Plan, preferred project proposals have been identified per focus area. Over the course of Fiscal Years 2010 and 2011, approximately \$687,000 will be made available for EA grant awards amongst the three identified Focus Areas. The amount of the grant awards will vary by focus area and project type. In all cases, the applicant will be required to provide a minimum 25% match of the total project cost.

Eligible applications will be evaluated and ranked by MPCA review teams to determine which projects best meet the focus areas and preferred project proposals and will be most beneficial in furthering the Agency's mission of working with Minnesotans to protect, conserve, and improve our environment and enhance our quality of life.

By December 1, 2009, applicants will be notified whether they are selected for a grant award offer. Award offers are contingent on available funding, MPCA approval of final workplans, and the execution of a grant agreement.

The FY10 EA Grant Round RFP provides detailed information on eligibility, preferred project proposals, and the process by which applicants may apply for a grant. The RFP is available on the Agency's website (<http://www.pca.state.mn.us/grants/eagrants>). This webpage also provides downloadable application forms and links to applicable statutes and rules and the MPCA 2008 Strategic Plan. Applications should be submitted electronically by 3:00 p.m. November 3, 2009, to Grants-Loans@pca.state.mn.us as an e-mail attachment.

If you experience difficulty in accessing the webpage or in submitting your application, please contact Mary Baker at mary.baker@state.mn.us or (651) 757-2208 or 1-800-657-3864.

Minnesota Pollution Control Agency (MPCA) Prevention and Assistance Division Notice of Request for Proposals for Environmental Assistance Loan Program

NOTICE IS HEREBY GIVEN that the Minnesota Pollution Control Agency (MPCA) is issuing this Request for Proposals (RFP) to solicit loan projects for the Environmental Assistance (EA) Loan Program in the Fiscal Years 2010-2011 (FY2010-11). This notice is issued under authority provided in *Minnesota Statutes* §115A.0716, subd. 3 and *Minnesota Rules* Parts 9210.0800 to 9210.0855. Applications will be accepted from September 14, 2009, through June 30, 2011.

The Fiscal Years 2010-11 EA Loan Program is offering two types of loans: Participatory or Direct. Participatory Loans allow for awards up to a maximum loan of \$100,000 at zero percent interest. Direct Loans are limited to established applicants and allow for awards up to a maximum loan of \$50,000 at four percent interest or one half the prime rate, whichever is greater. EA Loan Program guidelines call for Participatory Loan funds to be matched by a minimum dollar-for-dollar match (1:1) by loans from a participating financial institution. An administrative fee may be added to the Participatory Loan to defray costs associated with the servicing of the EA loan by the financial institution. Direct Loans require a 33% match (2:1) of loan funds by the applicant.

Preference will be given to Minnesota small to medium-sized businesses and political subdivisions of Minnesota, and to projects related to pollution prevention, source reduction, recycling, and source-separated composting. Approximately \$200,000 is currently available for EA loans. As funds are repaid, additional loans may be awarded for proposed projects that will improve the environmental and economic quality of Minnesota.

The RFP, describing the process by which applicants may apply for a loan, is available on the Agency's website:
<http://www.pca.state.mn.us/grants/ealoans.html>

This webpage also provides downloadable application forms, reference documents such as Frequently Asked Questions, and links to applicable statutes and rules. Applications should be submitted electronically to: Grants-Loans@pca.state.mn.us as an e-mail attachment. Faxed applications or applications received after the June 30, 2011 deadline will not be accepted for consideration under this RFP.

If you experience difficulty in accessing the webpage or in submitting your application, please contact Mary Baker at mary.baker@state.mn.us or (651) 296-6300 or 1-800-657-3864.

Although private entities are not currently eligible for TRLF financing, they may be able to enter into agreements with eligible borrowers to finance eligible transportation projects.

Projects must also be ready to start using the loan proceeds before the end of calendar year 2010. Selected projects will be required to follow project development requirements.

Additional funding may be available subject to the scope, number of applications and financial needs of the applications received through the solicitation process.

Tentative schedule for selecting candidate projects will be as follows:

- September 2009: **Solicitation announcement distributed**
- **October - November 2009:** District/ATP's receive, approve, and prioritize applications
- **December 2009:** Mn/DOT evaluates applications and selects projects
- January - February 2010: **MN Public Facilities Authority approves loans and enters into loan agreements**

Each District/ATP has a TRLF Coordinator to answer specific questions and to provide application, application due date, and information packets. Please contact the applicable TRLF Coordinator listed on the reverse side of this sheet if you are interested in the program.

Non-State Bids, Contracts & Grants

The *State Register* also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
