Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757.

Commissioners' Orders

Various agency commissioners are authorized to issue "commissioner's orders" on specified activities governed by their agency's enabling laws. See the *Minnesota Statutes* governing each agency to determine the specific applicable statutes. Commissioners' orders are approved by assistant attorneys general as to form and execution and published in the *State Register*. These commissioners orders are compiled in the year-end subject matter index for each volume of the *State Register*.

Notice of Public Hearing and Comment Period for the FFY2011 Energy Assistance Program, Office of Energy Security, Minnesota Department of Commerce

THE PUBLIC IS INVITED TO COMMENT on the Proposed Minnesota State Plan for the Energy Assistance Program for Federal Fiscal Year 2011 at a public hearing or through written comment. The hearing will be held Wednesday, August 18, 2010, from 3:00 P.M. to 5:00 P.M. in Room 300 North, State Office Building, 100 Rev. Martin Luther King, Jr., Blvd., St. Paul. Written comment must be received at the address below by 5:00 P.M. on August 18, 2010.

The FFY2011 LIHEAP State Plan describes how federal Low Income Home Energy Assistance Program (LIHEAP) funds will be used to help low-income households reduce their energy burdens. Comments received at the public hearing and in writing during the comment period will be considered in the development of the final state plan. The proposed state plan is available by July 12, 2010, for viewing or downloading at www.energy.mn.gov, the main site for the Minnesota Office of Energy Security. In the right column, click on “Draft FFY2011 LIHEAP State Plan.”

A previous notice published on May 24, 2010, was retracted on June 21, 2010, due to the US Department of Health and Human Services (HHS) issuing an Action Transmittal on June 8, 2010, requiring a FFY2011 LIHEAP State Plan Attachment 1 - *PROGRAM INTEGRITY ASSESSMENT SUPPLEMENT*. HHS’ new supplement requires detail from states on their FFY2011 plans for preventing and detecting fraud, abuse, and improper payments. Minnesota will require the Social Security Number of the primary LIHEAP applicant as a result of recent HHS communiqués.

Minnesota Department of Human Services (DHS) Health Care Purchasing and Delivery Systems Division Health Care Administration Public Notice of Maximum Allowable Costs of Medical Assistance Outpatient Prescribed Drugs

NOTICE IS HEREBY GIVEN to recipients, providers of services, and to the public of additions to the state Medical Assistance maximum allowable cost (state MAC) list for certain outpatient prescribed drugs.

At least once each calendar year, the United States Department of Health and Human Services, Centers for Medicare & Medicaid Services, publishes a federal upper limit (FUL) payment schedule for many commonly prescribed multiple-source drugs. The federal upper limit is set at a rate equal to 150 percent of the published price for the least costly therapeutic equivalent that can be purchased by pharmacists. This FUL payment schedule constitutes the federal MAC list. For many multiple-source drugs that are not on the federal MAC list, the Department establishes a state MAC list. Additionally, the Department imposes a state MAC for many multiple-source drugs that are on the federal MAC list, as long as the savings are at least as much as the savings would be using the federal MAC list.

The Department requires Medical Assistance pharmacy providers to submit their usual and customary costs. Pharmacy providers are reimbursed at the lower of: 1) the federal or state MAC, plus a dispensing fee; 2) the submitted usual and customary charge to the general public; or 3) a discount off of average wholesale price, plus a dispensing fee.

No earlier than July 13, 2010 the Department may add the following outpatient prescribed drugs to the state MAC list:

Drug Name

NARATRIPTAN
ANASTROZOLE

These additions are made to bring Medical Assistance reimbursement to pharmacists more closely in line with the actual acquisition cost of the drugs listed above. The Department estimates that there will be a state savings of \$50,000.00 for State Fiscal Year 2009 (July 1, 2010 through June 30, 2011).

This notice is published pursuant to *Code of Federal Regulations*, Title 42, section 447.205, which requires publication of a notice when there is a rate change in the methods and standards for setting payment rates for Medical Assistance services.

Minnesota Department of Human Services (DHS)**State Operated Services Division****Public Notices of the Disproportionate Population Adjustment and Final Payment Rates for State Operated Treatment Centers**

NOTICE IS HEREBY GIVEN to recipients, providers of services under the Medical Assistance (MA) Program, and to the public, of final disproportionate population adjustment (DPA) and the payment rates for State Operated Treatment Centers under the MA Program. This notice is published pursuant to 42 *United States Code* §1396a(a)(13)(A) (§1902(a)(13)(A) of the Social Security Act), which requires the Department to publish final payment rates for institutional providers, the methodologies underlying the establishment of such rates, and the justification of such rates.

In conjunction with the current state fiscal year's budget for State Operated Services, as appropriated by the legislature, payment rates are determined in accordance with *Minnesota Statutes*, §246.50, subdivision 5.

Effective for admissions occurring during State Fiscal Year 2011 (July 1, 2010 through June 30, 2011), the inpatient payment rate for the Anoka Metro Regional Treatment Center and the Child and Adolescent Behavioral Health Services program will be adjusted by 18.26 and 17.87 percent respectively.

The following final MA payment rates shall be effective August 1, 2010.

Mental Health Services

Anoka-Metro Regional Treatment Center	\$982
Child and Adolescent Behavioral Health Services	\$1,484
Community Behavioral Health Hospitals	\$1,121

Notice of Availability of Revised Draft Reitz Lake Excess Nutrients Total Maximum Daily Load Report and Request for Comment

Public Comment Period Begins: July 12, 2010
Public Comment Period Ends: August 11, 2010

The Minnesota Pollution Control Agency (MPCA) is requesting comments on a revised draft report for the Reitz Lake Total Maximum Daily Load (TMDL). This report is available for review at: <http://www.pca.state.mn.us/water/tmdl/tmdl-draft.html>

Following the comments, the MPCA will revise the draft TMDL report and submit it to the U.S. Environmental Protection Agency (EPA) for approval. This is the second public comment period for this TMDL and is due to changes made to the original draft. Revisions were necessary due to errors in watershed modeling and setting of allocations. The revised TMDL results in a slightly greater overall needed pollutant loading reduction in order to meet water quality standards.

A TMDL is a scientific study, conducted on waters designated as impaired, required by the federal Clean Water Act. A TMDL study calculates the maximum amount of a pollutant that a water body can receive and continue to meet water quality standards for designated beneficial uses. It is a process that identifies all the sources of the pollutant causing the impairment and allocates necessary allowable loads among them. This multi-year effort results in a pollution reduction plan and engages stakeholders and the general public. An approved TMDL is followed by implementation activities for achieving the necessary reductions.

Reitz Lake is a 90-acre lake located east of Waconia in Carver County, Minnesota (about 25 miles southwest of Minneapolis). Agriculture is currently the dominant land use in the lake's 3,621-acre watershed, with increasing transition to urban use. Part of the City of Waconia lies within the Reitz Lake watershed.

Reitz Lake has been found to be impaired for aquatic recreation because of excess nutrient levels, specifically phosphorus, and violates Minnesota water quality standards based on water quality monitoring conducted during the last several years. The TMDL study assessed the phosphorus concentration in Reitz Lake and determined the amount of phosphorus the lake could receive and still meet water quality standards. Sources of phosphorus were evaluated, including watershed runoff, internal loading, and atmospheric load.

The draft TMDL report indicated that a phosphorus reduction of approximately 73 percent will be needed to meet the water quality standard during summer growing season conditions. Implementation strategies in the draft TMDL report will be used to generally guide future phosphorus reduction efforts. A more detailed implementation plan is being developed to identify specific measures needed to achieve the desired reductions.

Preliminary Determination on the Draft TMDL Report: The MPCA Commissioner has made a preliminary determination to submit this TMDL report to the EPA for final approval. A draft TMDL report and fact sheet are available for review at the MPCA office at the address listed below, and at the MPCA Web site: <http://www.pca.state.mn.us/water/tmdl/tmdl-draft.html>

Written Comments: You may submit written comments on the conditions of the draft TMDL report or on the Commissioner's preliminary determination. Written comments must include the following:

1. A statement of your interest in the draft TMDL report;
2. A statement of the action you wish the MPCA to take, including specific references to sections of the draft TMDL that you believe should be changed; and
3. The reasons supporting your position, stated with sufficient specificity as to allow the MPCA Commissioner to investigate the merits of your position.

Written comments on the draft TMDL report must be sent to the MPCA contact person listed below and received by 4:30 p.m. on the date the public comment period ends, identified on page 1 of this notice. Suggested changes will be considered before the final TMDL report is sent to the EPA for approval.

Agency Contact Person: Written comments and requests for more information should be directed to:

TTY users may call the MPCA teletypewriter at (651) 282-5332 or 1-800-657-3864.

Petition for Public Informational Meeting: You also may request that the MPCA Commissioner hold a public informational meeting. A public informational meeting is an informal meeting that the MPCA may hold to solicit public comment and statements on matters before the MPCA, and to help clarify and resolve issues.

A petition requesting a public informational meeting must include the following information:

1. A statement identifying the matter of concern;
2. The information required under items 1 through 3 of "Written Comments," identified above;
3. A statement of the reasons the MPCA should hold a public informational meeting; and
4. The issues that you would like the MPCA to address at the public informational meeting.

Petition for Contested Case Hearing: You also may submit a petition for a contested case hearing. A contested case hearing is a formal evidentiary hearing before an administrative law judge. In accordance with *Minnesota Rules* 7000.1900, the MPCA will grant a petition to hold a contested case hearing if it finds that: (1) there is a material issue of fact in dispute concerning the draft TMDL report; (2) the MPCA has the jurisdiction to make a determination on the disputed material issue of fact; and (3) there is a reasonable basis underlying the disputed material issue of fact or facts such that the holding of the contested case hearing would allow the introduction of information that would aid the MPCA in resolving the disputed facts in making a final decision on the draft TMDL report. A material issue of fact means a fact question, as distinguished from a policy question, whose resolution could have a direct bearing on a final MPCA decision.

A petition for a contested case hearing must include the following information:

1. A statement of reasons or proposed findings supporting the MPCA decision to hold a contested case hearing according to the criteria in *Minnesota Rules* 7000.1900, as discussed above; and
2. A statement of the issues proposed to be addressed by a contested case hearing and the specific relief requested or resolution of the matter.

In addition and to the extent known, a petition for a contested case hearing should also include the following information:

1. A proposed list of prospective witnesses to be called, including experts, with a brief description of proposed testimony or summary of evidence to be presented at a contested case hearing;
2. A proposed list of publications, references, or studies to be introduced and relied upon at a contested case hearing; and
3. An estimate of time required for you to present the matter at a contested case hearing.

MPCA Decision: You may submit a petition to the Commissioner requesting that the MPCA Citizens' Board consider the TMDL report approval. To be considered timely, the petition must be received by the MPCA by 4:30 p.m. on the date the public comment period ends, identified on page 1 of this notice. Under the provisions of *Minnesota Statutes* § 116.02, subd 6(4), the decision whether to submit the TMDL report and, if so, under what terms will be presented to the Board for decision if: (1) the Commissioner grants the petition requesting the matter be presented to the Board; (2) one or more Board members request to hear the matter before the time the Commissioner makes a final decision on the TMDL report; or (3) a timely request for a contested case hearing is pending. You may participate in the activities of the MPCA Board as provided in *Minnesota Rules* 7000.0650.

The written comments, requests, and petitions submitted on or before the last day of the public comment period will be considered in the final decision on this TMDL report.

If the MPCA does not receive written comments, requests, or petitions during the public comment period, MPCA staff as authorized by the Board, will make the final decision on the draft TMDL report.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Employment and Economic Development (DEED) Notice of Availability of Contract for CDBG Microenterprise Assistance Grant Funds

The Office of JOBZ & Business Finance is requesting organizations which provide technical assistance to small business owners to apply to be a certified sub-grantee of the state's Community Development Block Grant (CDBG) funds. To become certified, an applicant organization must submit further documentation included in the complete Request for Proposal detailing its capacity to provide technical assistance to small businesses and to manage the CDBG sub-grants.

A certified organization will be qualified to enter into a sub-grant agreement with a unit of local government to provide technical assistance for owners or developers of microenterprises. CDBG funds can only be granted to a unit of local government and applications for those funds will be solicited through a separate request for proposal. All applications submitted by units of local government must include a work plan describing the technical services to be provided, the provider of these services, and the area and businesses to be served.

This assistance is intended to facilitate economic development through the establishment, stabilization, and expansion of microenterprises located in the vicinity of the unit of local government. Microenterprises are defined as commercial businesses that employ five or fewer employees, one or more of whom owns the business.

The goal of this proposal is to help Minnesota's microenterprises successfully startup or expand their businesses and to support job creation in the state. The objective of these grants is to increase the level of technical assistance available to microenterprise owners by offering additional financial support to nonprofit and public organizations that provide this assistance.

Proposals submitted in response to this advertisement must be received at the above address not later than 12 noon, August 13, 2010, in order for the organization to qualify for the initial available funds. All costs incurred in responding to this request will be borne by the responder. Fax and E-mail responses will not be considered.

It is anticipated that the initial evaluation and selection process will be completed by August 27, 2010. DEED has estimated that any contract will not exceed \$75,000 per organization. DEED will mail a certification letter to each applicant organization, which will either certify its eligibility or identify the items still needed for certification. Work is proposed to start after October 1, 2010.

State Grants & Loans

A complete Request for Proposals will be available by mail through August 1, 2010. A written request (by direct mail or fax) is required to receive the Request for Proposal. After August 1, 2010, the Request for Proposal must be picked up in person. Requests can be obtained from:

Minnesota Department of Human Services (DHS) Alcohol and Drug Abuse Division Notice of Request for Proposals to Establish and Maintain A Comprehensive, Gender-Specific Service Delivery System For Women With Substance Use Disorders Who Are Pregnant Or Have Dependent Children

NOTICE IS HEREBY GIVEN that the Minnesota Department of Human Services, through its Alcohol and Drug Abuse Division (ADAD), is requesting proposals to establish and maintain a comprehensive, gender-specific service delivery system that addresses the unique needs and barriers to treatment and recovery throughout the continuum of care for women with substance use disorders who are pregnant or have dependent children. This system will assist the state in moving towards a vision that all women can receive individualized, high-quality, research-based treatment for substance use disorders that also cultivates the healthy development of their children and families. The ultimate goal is to improve treatment support and recovery for pregnant women and women with dependent children and their families who have substance use disorders.

ADAD will support public and private non-profit community-based programs to establish, operate and/or expand, and maintain comprehensive, gender-specific, family-centered programs to improve access to treatment, support treatment completion, and increase involvement in post-treatment and recovery maintenance activities. Grants will be awarded throughout the state to serve communities that have high rates of substance use disorders among pregnant women and women with dependent children and their families.

Responders will demonstrate the capacity to provide gender-specific, family-centered treatment support and recovery services for women with substance use disorders who are pregnant or have dependent children by promoting improved treatment access, treatment completion and increased involvement in post-treatment recovery and recovery maintenance activities.

The objective of this Request for Proposals (RFP) is to contract with a qualified Responder(s) to perform the tasks and services set forth in this RFP. The term of any resulting contract is anticipated to be for five years from July 1, 2011 until June 30, 2016, depending on available funding and satisfactory performance, but may be shortened due to shifting Federal priorities and processes. A total of \$4,111,289 from the Federal Substance Abuse Prevention and Treatment Block Grant will be awarded for these grants. The average size of each grant will vary depending on the scope and location of the project.

Work is proposed to start July 1, 2011 or when a contract is fully executed, whichever occurs later. A Responders' Conference will be held on Friday, September 17, 2010, 1:30 – 3:30 PM Central Time in St. Paul and sixteen (16) other ITV locations. Specific information about the Responders' Conference is included in the RFP. The RFP can be viewed or obtained by visiting the Minnesota Department of Human Services, Alcohol and Drug Abuse Division web site: www.dhs.state.mn.us/ADAD. State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Web site at www.mmd.admin.state.mn.us for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements:

\$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600

\$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days;

\$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and

anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar day.

Department of Natural Resources (DNR) Division of Fish & Wildlife Request for Information in Researching the Siting of a New Shooting Range Complex in the Seven County Metropolitan Area

1. INTRODUCTION

The purpose of the Request for Information (RFI) is for the Department of Natural Resources to determine interest in, and obtain information from local units of government and other vendors that might be interested in researching the siting of a new shooting range complex on either public or privately owned lands in the seven county metropolitan area: Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington Counties.

2. OBJECTIVE

The objective of the Department of Natural Resources is to work with a non-state agency or other vendor(s) to determine the potential or feasibility of one or more sites throughout the seven county metropolitan area to serve as the location of a new shooting sports complex, that will provide a home site for the Minnesota Trap Association's annual shooting competitions, as well as providing a variety of additional users the opportunity for safe shooting sports training, as well as personal and competitive shooting usage. Trap, skeet, center and rim-fire, and archery shooters would be provided safe, state of the art facilities. The 2007-8 Legislatures provided \$300,000 in funding for the planning, design and site placement of a shooting sports complex, within the seven county metro area of Minnesota. A preliminary plan and design for such a facility had been complete, using a small portion of the appropriation. Additional funding will be available for interested and eligible applicants to use, to investigate and determine the feasibility of placing the range complex, including an RV camping

State Contracts

facility, tent camping, and a variety of support buildings (including a classroom, dining hall, lavatory facilities, storage buildings, etc.) on a minimum of 530 acres of land.

3. TECHNICAL CONSIDERATIONS

All local units of government within the metropolitan area are being contacted, to determine their interest and capability in providing land under their control, to serve as the host site for the shooting range complex. Non-governmental organizations are also encouraged to consider this request for information, and respond if interested. Funding will be provided to assist respondents showing interest and capacity via an affirmative written response, to study and chronicle the feasibility of one or more selected sites. Again, total acres required are, at a minimum, 530 acres.

4. INFORMATION BEING REQUESTED

- Vendor Qualifications
 - ◆ Provide a general description of land under your control, and potential sites for a shooting range complex of 530 or more acres. Please provide maps of your potential site(s).
- Would your agency be interested in operating or maintaining all or part of this facility?
- Provide information regarding potential impediments to the placement of this complex on land under your control.

5. RFI RESPONSES:

Four (4) copies of the response should be submitted to the address shown below no later than **4:00 PM Central Time, Tuesday, September 7, 2010**. Questions may be addressed to Chuck Niska at (612) 756-4165 or by e-mail at chuck.niska@state.mn.us.

Fire Marshal Division

Request for Proposals, Medical Response Unit Reimbursement Pilot Program

The Minnesota Department of Public Safety, Fire Marshal Division is requesting proposals from Medical Response Units that are registered with the State of Minnesota Emergency Medical Services Regulatory Board to participate in a Medical First Responder Reimbursement Pilot Project. Up to five Medical Response Units may be awarded a contract to participate in the project if they meet the selection criteria. Those Medical Response Units awarded contracts will need to submit required documents and participate in all aspects outlined in the project Request for Proposals (RFP).

Details are contained in a complete RFP which may be obtained by **e-mail** from Lance Ross: lance.ross@state.mn.us. All questions concerning this RFP must be submitted via **e-mail** to Lance Ross: lance.ross@state.mn.us, no later than 2:00 P.M., Central Daylight Time, on July 21, 2010. Answers to questions will be sent via e-mail to all vendors requesting a complete copy of the RFP by end of business on July 23, 2010. Final date for submitting proposals is 2:00 P.M., Central Daylight Time, on August 2, 2010. Late proposals will not be considered.

This request for Proposal does not obligate the State to complete the proposed project and the State reserves the right to cancel solicitation if it is considered to be in the State's best interest. All expenses incurred in responding to this notice shall be borne by the responder.

It is anticipated that contract(s) for this project will begin on or about August 16, 2010 and contract(s) with awarded Medical Response Units will end on or before December 31, 2010. The project will end once the allocated program dollars have been disbursed.

Department of Transportation (Mn/DOT) Engineering Services Division Notice of Potential Availability of Contracting Opportunities for a Variety of General Organizational Related Activities

This document is available in alternative formats for persons with disabilities by calling Melissa McGinnis at (651) 366-4644; for persons who are hearing or speech impaired by calling the Minnesota Relay Service at 1-800-627-3529.

Mn/DOT, in conjunction with the Department of Administration, have developed a streamlined approach for fast-tracking select general organization service projects. These general organizational projects may include, but are not limited to, work in the following categories: 1) Develop, implement and summarize internal and external surveys; 2) Recommend best practices in an organizational structure; 3) Assist with organizational health structure; 4) Provide marketing support; 5) Develop, implement and provide support of ad hoc forums; 6) Establish and facilitate collaborative groups, including cross-organization and public-private teams; 7) Provide project management for non-technical initiatives; and 8) Facilitate non-technical activities and events.

This streamlined approach includes developing an email list of firms that are interested in receiving direct notification of general organizational projects. Firms will be added on an on-going basis. Fast-tracked projects will have a shorter advertising period and turn-around time. Firms will be asked to submit responses within 5 business days and will be required to work diligently with Mn/DOT toward establishing a contract upon selection. All projects will be advertised to the public. Your firm will be directly notified that there is a project posted on the Consultant Services Website (www.dot.state.mn.us/consult) that requires general organizational skills. Please note that this notice is not a solicitation or request for proposals of any kind. Being placed on the list does not guarantee work nor does it obligate Mn/DOT to provide any contracting opportunities under this program

Interested firms should send the following information to the email address below: Firm name, firm contact person, phone number, and email address.

Department of Transportation (Mn/DOT) Engineering Services Division Notice of Potential Availability of Contracting Opportunities for a Variety of Highway Related Technical Activities (“Consultant Pre-Qualification Program”)

This document is available in alternative formats for persons with disabilities by calling Juanita Voigt at (651) 366-4774; for persons who are hearing or speech impaired by calling Minnesota Relay Service at (800) 627-3529.

Mn/DOT, worked in conjunction with the Consultant Reform Committee, the American Council of Engineering Companies of Minnesota (ACEC/MN), and the Department of Administration, to develop the Consultant Pre-Qualification Program as a new method of consultant selection. The ultimate goal of the Pre-Qualification Program is to streamline the process of contracting for highway related professional/technical services. Mn/DOT awards most of its consultant contracts for highway-related technical activities using this method, however, Mn/DOT also reserves the right to use Request for Proposal (RFP) or other selection processes for particular projects.

Nothing in this solicitation requires Mn/DOT to use the Consultant Pre-Qualification Program.

Mn/DOT is currently requesting applications from consultants. Refer to Mn/DOT’s Consultant Services web site, indicated below, to see which highway related professional/technical services are available for application. Applications are accepted on a continual basis. All expenses are incurred in responding to this notice will be borne by the responder. Response to this notice becomes public information

Department of Transportation (Mn/DOT) Engineering Services Division Notice Concerning Professional/Technical Contract Opportunities and Taxpayers' Transportation Accountability Act Notices

NOTICE TO ALL: The Minnesota Department of Transportation (Mn/DOT) is now placing additional public notices for professional/technical contract opportunities on Mn/DOT's Consultant Services **website** at: www.dot.state.mn.us/consult

New Public notices may be added to the website on a daily basis and be available for the time period as indicated within the public notice. Mn/DOT is also posting notices as required by the Taxpayers' Transportation Accountability Act on the above referenced website.

Non-State Bids, Contracts & Grants

The *State Register* also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

More Contracts to Increase Profits

The *State Register* offers one of the cheapest, yet far reaching methods, of notifying the public about your agency's bids, contracts and grants. It is available to any government, non-profit, or private agency. Space is charged at the current rate of \$13.60 per each 1/10th of a page used in the *State Register*. Agencies are only billed for the space used in the *State Register*.

Agencies wishing to take advantage of this offer should submit what you want printed in the *State Register* via e-mail to: robin.panlener@state.mn.us. Attach to your entry a short note indicating when you wish the notice to be published (one, or many dates), if you want a copy of the issue your notice appears in (a TEAR SHEET will be sent free with your bill), and whether you want an "Affidavit of Publication."

Dakota County

Community Services Administration

Notice of Request for Proposal for Services to Children and Families

NOTICE IS HEREBY GIVEN that the Dakota County Collaborative is sending out a request for proposal (RFP) to learn what Early Childhood Intervention and Children's Mental Health services providers are able to provide to children and families residing in Dakota County. Funding for this RFP is through the Local Collaborative Time Study (LCTS). The LCTS is a federal funding source enhancing the work of collaboratives. The purpose of the LCTS is to expand early intervention and prevention services in Minnesota communities to help children remain in their homes.

The goals of the early intervention and prevention services funded by LCTS include:

- Enhancing family support and children's physical and mental health services.
- Developing a seamless system of services, including those available through corrections, education, health care and social services.
- Preventing out-of-home placement for children considered "at risk" due to abuse, neglect, delinquency, pregnancy, economic situation, involvement in domestic abuse or other situations.
- Strengthening of local community-based collaborative efforts.

Contracts may or may not arise as a result of submitting a Request for Proposal. Any contractual agreements are subject to available funding, pending approval by the Dakota County Collaborative and the Dakota County Board of Commissioners.

A complete copy of the RFP is available through the Dakota County Internet website at:

<http://www.co.dakota.mn.us/DoingBusiness/RequestsFor/default.htm>,

or by contacting:
