Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757.

Executive Orders

The governor has the authority to issue written statements or orders, called Executive Orders, as well as Emergency Executive Orders. The governor's authority is specified in the *Constitution of the State of Minnesota*, Article V, and in *Minnesota Statutes* § 4.035. Emergency Executive Orders, for protection from an imminent threat to health and safety, become effective immediately, are filed with the secretary of state, and published in the *State Register* as soon as possible after they are issued. Other Executive Orders become effective 15 days after publication in the *State Register* and filing with the secretary of state. Unless otherwise specified, an executive order expires 90 days after the date the governor who issued the order vacates office.

Office of the Governor

Emergency Executive Order 11-16: Providing Assistance for Displaced Citizens

I, MARK DAYTON, GOVERNOR OF THE STATE OF MINNESOTA, by virtue of the authority vested in me by the Constitution and applicable statutes, do hereby issue this Executive Order:

WHEREAS, on Sunday, May 22, 2011, severe weather caused death, multiple injuries, and major damage in the city of Minneapolis in the county of Hennepin; and

WHEREAS, damage to public infrastructure and homes, downed trees and power lines, power outages, and natural gas leaks have created an imminent danger to persons and property resulting in the displacement of over 250 citizens presenting an immediate need to activate emergency resources to assist with the shelter and staging of displaced citizens; and

WHEREAS, the resources of the affected local and county governments have been fully utilized to meet the demands generated by this storm; and

WHEREAS, the city of Minneapolis has requested the use of the National Guard Armory to support the shelter and staging of displaced civilians;

NOW, THEREFORE, I hereby order that:

1. The Adjutant General of Minnesota shall order to state active duty on and after May 22, 2011, in the service of the State, any personnel and equipment of the military forces of the State that are required to provide assistance in responding to the emergency and in providing emergency relief services.
2. The Adjutant General may purchase, lease or contract for goods and services necessary to accomplish the mission.
3. The cost of subsistence, transportation, fuel, pay, and allowances of these individuals shall be defrayed from the general fund of the State, as provided for in *Minnesota Statutes*, sections 192.49, 192.52, and 192.54.

Under *Minnesota Statutes*, section 4.035, subdivision 2, this Emergency Executive Order is effective immediately and will remain in effect until the conclusion of the emergency.

IN TESTIMONY WHEREOF, I have set my hand on May 23, 2011.

Office of the Governor

Emergency Executive Order 11-17: Declaring a State of Emergency in the State of Minnesota and Providing for Emergency Relief from Regulations to Motor Carriers and Drivers Operating in Minnesota

I, **MARK DAYTON, GOVERNOR OF THE STATE OF MINNESOTA** by virtue of the authority vested in me by the Constitution and applicable statutes, including *Minnesota Statutes*, chapter 12 and section 221.0269, do hereby issue this Executive Order:

WHEREAS, on Sunday, May 22, 2011, thunderstorms generated numerous tornado and funnel clouds in and around the Twin Cities metropolitan area, resulting in personal injury and loss of life, widespread power outages, and significant damage to personal property, homes, businesses, and public infrastructure; and

WHEREAS, emergency operations plans are activated and a local emergency has been declared in the city of Minneapolis, county of Hennepin, and state assistance and resources have been requested; and

WHEREAS, the resources of local, county, and state governments must be fully utilized to ensure immediate response to protect the life and safety of persons in the affected areas and to protect property and infrastructure from additional damage; and

WHEREAS, emergency assistance of motor carriers is needed to transport supplies and materials to affected areas of the state;

NOW, THEREFORE, I hereby order that:

1. A state of peacetime emergency exists under Minnesota Statutes, section 12.31, and relief for vehicles used to provide direct assistance to the emergency is required to assist the counties of Anoka and Hennepin.

2. The Department of Public Safety Division of Homeland Security and Emergency Management will continue the activation of the Minnesota Emergency Operations Plan, continue the provision of on-site support and assistance to the affected local governments, and determine the need for supplementary disaster aid.

3. All state agencies are directed to continue to provide the assistance necessary to help the local units of government respond to and recover from this emergency.

4. Carriers or drivers of commercial motor vehicles providing direct assistance for emergency relief are exempted from the regulations incorporated in Minnesota Statutes, section 221.0314, subdivision 9, pertaining to hours of service for carriers and drivers of commercial motor vehicles.

5. Nothing in this order relieves motor carriers and drivers from regulations pertaining to driver qualifications; driving of commercial motor vehicles; commercial drivers' licenses; drug and alcohol testing for drivers; or equipment, parts, and accessories necessary for the safe operation of vehicles.

6. No motor carrier operating under terms of this emergency order shall require or allow an ill or fatigued driver to operate a commercial motor vehicle. Any driver who informs a carrier that he or she needs immediate rest shall be given at least ten consecutive off-duty hours before the driver is required to return to service.

7. No driver operating under terms of this emergency order shall operate a commercial motor vehicle while fatigued or ill. Fatigued drivers shall take at least ten hours off-duty before returning to service.

8. Upon the expiration of this emergency order, or when a driver or carrier ceases to provide direct assistance to the emergency relief effort, a driver that has had at least thirty-four consecutive hours off-duty must be permitted to start his or her on-duty status hours and 60/70-hour clock at zero.

Under *Minnesota Statutes*, section 4.035, subdivision 2, this emergency order is effective immediately and must be filed with the Secretary of State and published in the *State Register* as soon as possible after its issuance. The order of relief from regulations to motor

Executive Orders

carriers and drivers remains in effect for 30 days, until the commercial motor carrier or driver ceases direct assistance in providing emergency relief, or until the emergency status no longer requires emergency response, whichever occurs first. For purposes of this order, direct assistance is defined in *Minnesota Statutes*, section 221.0269, subdivision 3, paragraph (c). The order of relief from regulations to motor carriers and drivers may be extended in accordance with *Minnesota Statutes*, section 221.0269, subdivision 2. The peacetime emergency may be extended by the Executive Council or the Legislature in accordance with *Minnesota Statutes*, section 12.31, subdivision 2.

Bassett Creek Watershed Management Commission (BCWMC) Notice of Public Hearing on Proposed Major Plan Amendment to the Bassett Creek Watershed Management Commission's *Watershed Management Plan*

NOTICE IS HEREBY GIVEN that the Bassett Creek Watershed Management Commission (BCWMC) will meet at Golden Valley City Hall, 7800 Golden Valley Road, Golden Valley, Minnesota, on Thursday, June 16, 2011, and will hold a public hearing at 11:30 a.m. Interested persons are invited to attend. The purpose of the public hearing is to explain a proposed major plan amendment to the BCWMC's *Watershed Management Plan* and to hear public testimony and comments of member cities regarding the proposed amendment. The proposed major plan amendment involves the following:

- Adding to the BCWMC's Capital Improvement Program (CIP) one project to restore 2.5 miles of the Main Stem of Bassett Creek from Irving Avenue North in Minneapolis to Golden Valley Road in Golden Valley for 2012. The estimated cost of this improvement is \$600,000.

- Adding to the CIP a project to modify the outlet of Wirth Lake to prevent backflow from the Creek during flooding, which would reduce phosphorus loading to the lake, as recommended in the Wirth Lake TMDL Implementation Plan for 2012. The estimated cost of this improvement is \$250,000. The BCWMC received a \$75,000 grant for this project from the Minnesota Board of Water and Soil Resources through the 2011 Clean Water Fund Competitive Grants Program, which will be applied to the total cost of the project.

- Adding to the CIP a project to construct a pond at Lakeview Park within the Medicine Lake watershed that would reduce nutrient loading to this impaired water for 2013. The estimated cost of this improvement is \$196,000.

The proposed method by which the costs of the improvements are to be paid is a levy of an ad valorem property tax by Hennepin County on property within the Bassett Creek Watershed.

or by contacting Denise Oakes at the MPCA. Written comments or written requests for a hearing must be submitted to the MPCA by 4:30 p.m. on June 30, 2011. If twenty-five (25) or more timely requests for a hearing are received, the MPCA will schedule a hearing prior to making a determination on the petition.

Following the end of the comment period and, if held, the public hearing, the MPCA Commissioner will decide whether to approve the petition for annexation of area to the Lake Washington Sanitary District unless, as provided by Minn. Stat. § 116.02, the MPCA Citizens' Board makes this decision. You have the right to submit a petition to the MPCA Commissioner requesting that the MPCA Citizens' Board make the decision on approval of the petition for annexation of area to the Lake Washington Sanitary District. Your petition must be in

writing and must be received by the MPCA staff during the public comment period. The MPCA Citizens' Board will only make the decision on approval of the petition for annexation of area to the sanitary district if the MPCA Commissioner grants your petition or if an MPCA Citizens' Board member makes a timely request to have the decision made by the MPCA Citizens' Board.

A copy of the petition, resolutions, map of the proposed annexation area and the existing sanitary district with legal descriptions, and other documents relevant to the petition can be requested from the MPCA. Comments, questions, and requests for a hearing regarding the annexation to the sanitary district and requests for information must be submitted in writing to:

Public Notice for the National Pollutant Discharge Elimination System/State Disposal System General Permit for Small Municipal Separate Storm Sewer Systems, and Public Notice for the Municipal Storm Water Management Program Public Notice Process

NOTICE IS HEREBY GIVEN that the Minnesota Pollution Control Agency (MPCA) intends to reissue the National Pollutant Discharge Elimination System (NPDES) State Disposal System (SDS) General Permit (MNR040000) under the provisions of *Minnesota Rules* 7001.0210, for discharges of stormwater associated with small Municipal Separate Storm Sewer Systems (MS4s). Comments on the proposed permit are requested from affected or interested parties. Comments should be submitted in writing in accordance with the provisions of this notice.

This public notice is for the draft NPDES/SDS General Permit to discharge stormwater associated with small MS4s into waters of the state of Minnesota (State). This notice and permit are issued under the following authorities: Section 402, Clean Water Act, as amended, *Minnesota Statutes* Chapters 115 and 116, as amended, and *Minnesota Rules*, Chapters 7001 and 7090.

Public Notice Issued On:

May 31, 2011

Last Day to Submit Comments on Draft Permit:

July 15, 2011

NOTICE IS HEREBY GIVEN that the MPCA intends to establish a special interest e-mail list for the purpose of providing notification to interested persons of the public notice dates for Stormwater Management Programs (or SWMPs), formerly called Stormwater Pollution Prevention Programs (or SWPPP) for MS4s. Pursuant to the requirements of a Minnesota Court of Appeals ruling, the MPCA is required to provide public notice and opportunity for hearing on the individual proposed Stormwater Management Programs for MS4s. The MPCA is establishing a special interest e-mail list for persons requesting to be notified of the specific date each MS4s' proposed SWMP will be placed on public notice. Requests to be placed on the special interest e-mail list for public notice of MS4 SWMPs should be submitted in accordance with the provisions of this public notice.

Official Notices

Approximately 235 MS4s will submit permit applications and SWMP Summaries for coverage under the reissued NPDES/SDS General Permit (MNR040000) for MS4s. The permit requires MS4s to develop and implement a SWMP that is designed to reduce the discharge of pollutants from their storm sewer system and to protect water quality. The SWMPs must include Best Management Practices (BMPs) for six minimum control measures that are set forth in the NPDES Program regulations 40 *Code of Federal Regulations* § 122.34 (a) and (b).

NPDES/SDS General Permit for Small Municipal Separate Storm Sewer Systems (or MS4s)

NOTICE: The MPCA proposes to reissue NPDES/SDS General Permit (MNR040000), with several modifications. This general permit regulates the discharge of stormwater from small MS4s to waters of the State. This general permit covers categories with operations, emissions, activities, discharges, or facilities that are the same or similar in context. The duration of this permit is five years.

Potential Applicants

Any small MS4 in the State of Minnesota that is located within the boundaries of a Federal Bureau of Census-delineated “urbanized area” based on the latest decennial census pursuant to 40 *Code of Federal Regulations* § 122.26 or an MS4 designated by the MPCA for permit coverage under *Minnesota Rules* Chapter 7090.

Background

The authority to develop and issue a general permit is based on the 1979 United States Environmental Protection Agency (EPA) revisions to the NPDES Program regulations 40 *Code of Federal Regulations* § 122.28 which created a class of permits called general permits. General permits are issued by the MPCA in the State of Minnesota under *Minnesota Statutes* 115 and *Minnesota Rules* 7001.0210. General permits can be issued in states with NPDES authority if the state program includes general permit authority from the EPA. MPCA’s general permit program was approved by the EPA on December 15, 1987. This general permit is based in part on federal requirements in 40 *Code of Federal Regulations* § 122.26, and state requirements in *Minnesota Rules* 7001.0210 and *Minnesota Rules* Chapter 7090.

The NPDES/SDS General Permit for small MS4s was first issued June 2002, appealed, and then reissued in 2006 for the period June 1, 2006, to May 31, 2011. This general permit is proposed to replace the existing NPDES/SDS General Permit (MN040000) and provides a mechanism to regulate discharges of stormwater from small MS4s. Like the previous permit, this general permit will require the permittee to develop and implement a Stormwater Management Program or SWMP (formerly called Stormwater Pollution Prevention Program or SWPPP) that, if properly designed, reduces the discharge of pollutants to the maximum extent practicable, protects water quality, and satisfies the appropriate water quality requirements of the Clean Water Act. This general permit will provide coverage for approximately 235 small MS4s in the State, and additional MS4s if designated by the MPCA under *Minnesota Rules* Chapter 7090.

To obtain coverage under the proposed permit all current small MS4s are required to submit a complete application in accordance with the schedule identified in the reissued NPDES/SDS General Permit (MN040000). New MS4s, which may be designated in the future by the MPCA, will be required to submit an application by the date specified in the MPCA Commissioner’s designation determination.

All small MS4s are required to submit an annual report on the implementation of their Stormwater Management Program by June 30th of each year, or on another date if established for a MS4 by the MPCA Commissioner. For those MS4s designated in the future by the MPCA the submittal date of their Stormwater Management Program will be specified in the MPCA Commissioner’s designation determination.

Subject of Permit Revisions

The MPCA has modified the existing NPDES/SDS General Permit (MN040000), to meet federal and state requirements for impaired waters and to address several main issues the MPCA identified as needing revision and/or clarification in this permit reissuance. The draft permit includes revised requirements for MS4 mapping, illicit discharge detection and elimination, construction stormwater erosion and sediment control, and post-construction stormwater management. The draft permit also includes new requirements for impaired waters covered by an EPA approved Total Maximum Daily Load (TMDL). Stakeholder input and participation in a large group meeting and five small work group meetings on the main issues held by the MPCA, as well as numerous meetings with stakeholders on the approach to TMDLs in the permit, provided valuable input into this permit revision process.

Public Participation in Permit Reissuance

Official Notices

There are four formal procedures for public participation in the MPCA's consideration of the permit reissuance. Interested persons may (1) submit written comments on the draft permit; (2) request that the MPCA hold a public informational meeting; (3) request that the MPCA hold a contested case hearing; and (4) submit a petition to the Commissioner requesting that the MPCA Citizens' Board consider the permit matter.

The public comment period begins:
The public comment period ends:

May 31, 2011
July 15, 2011

(1) Interested persons are invited to submit written comments on the draft permit. Any comments received before 4:30 p.m. on the last day of the comment period (see above) will be considered before the draft permit is finalized.

Comments on the draft permit should include the following information, pursuant to *Minnesota Rules* 7001.0110:

1. A statement of the person's interest in the draft permit
2. A statement of the action the person would like the MPCA to take, including specific references to sections in the draft permit and
3. The reasons supporting the person's position, stated with sufficient specificity as to allow the Commissioner to investigate the merits of the person's position

(2) The MPCA will hold two public information meetings on the draft permit at the MPCA St. Paul office located at 520 Lafayette Road North, St. Paul, Minnesota 55155. The meetings will be held on the dates identified below during the time specified or until all attendees have had an opportunity to submit oral or written comments, whichever occurs first. Access to the MPCA St. Paul office is controlled and to attend a meeting you will be asked to sign in at the security desk and provide photo identification, such as a Minnesota driver's license. The two public information meetings will also be webcast; the link to the webcast will be provided on the MPCA webpage at: <http://www.pca.state.mn.us/mvri3cd>. Please note that the webcast is not interactive; you will be able to view the meeting only. The meetings will not be rescheduled in the event that the webcast video and/or audio stream fails.

Tuesday, June 14, 2011, 9:00 a.m. to 12:00 p.m.

Thursday, June 16, 2011, 8:30 a.m. to 11:30 a.m.

The public information meetings are meant for those wishing to make comments in person or needing clarification on the draft permit. All interested or affected persons will have an opportunity to participate by submitting either oral or written comments. Written comments may be submitted without appearing at the public information meeting.

(3) Any person may submit a petition for a contested case hearing before the end of the public comment period. A contested case hearing is a formal evidentiary hearing before an administrative law judge. In accordance with *Minnesota Rules* 7001.1900, the MPCA will grant a petition to hold a contested case hearing if it finds that: (1) there is a material issue of fact in dispute concerning the draft permit; (2) the MPCA has the jurisdiction to make a determination on the disputed material issue of fact; and (3) there is a reasonable basis underlying the disputed material issue of fact or facts such that the holding of the contested case hearing would allow the introduction of information that would aid the MPCA in resolving the disputed facts in making a final decision on the draft permit. A material issue of fact means a fact question, as distinguished from a policy question, whose resolution could have a direct bearing on a final MPCA decision. A petition for a contested case hearing must include the following information: (1) a statement of reasons or proposed findings supporting the MPCA decision to hold a contested case hearing according to the criteria in *Minnesota Rules* 7000.1900, as discussed above; and (2) a statement of the issues proposed to be addressed by a contested case hearing and the specific relief requested or resolution of the matter.

(4) In the absence of any requests for additional public information meetings or a contested case hearing, the final decision to issue the permit will be made by the MPCA Commissioner. Any person may request that the permit be considered by the MPCA Citizens' Board prior to final permit action, in accordance with *Minnesota Statutes* 116.02, subdivision 6, and *Minnesota Rules* 7000.0650. The public is entitled, and welcome, to participate in the activities of the MPCA Citizens' Board and MPCA staff.

The draft permit and permit fact sheet are available for review at the MPCA St. Paul office located at 520 Lafayette Road North, St. Paul, Minnesota 55155, during regular business hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, and at the MPCA regional offices. Location information for the regional offices is available on the MPCA webpage at: <http://www.pca.state.mn.us/iryp3e4>. Municipal Stormwater Management Program (or SWMP) Public Notice Process

NOTICE: the MPCA intends to establish a special interest e-mail list for the purpose of providing notification to interested persons of the public notice dates for the Stormwater Management Programs (or SWMPs) for MS4s.

The MPCA anticipates that the individual SWMPs will be placed on public notice in groups according to the schedule in the reissued NPDES/SDS General Permit (MNR040000) starting 120 days after the effective date of the permit. Persons on the special interest e-mail list will be notified via e-mail of the specific dates when each MS4 SWMP or group of SWMPs will be public noticed. The MS4 SWMPs on public notice will also appear on the MPCA website listed below. NOTE: All MS4 permittees will automatically receive e-mail notification of all MS4 SWMP public notice dates.

To request to be placed on the special interest e-mail list for public notice of MS4 SWMPs, please send an e-mail with your name, complete e-mailing address, and telephone number to: MS4PermitProgram.PCA@state.mn.us. If you wish to be notified by U.S. Mail of the SWMP public notice please submit a letter with your name, complete mailing address, and telephone number to:

Minnesota Pollution Control Agency
Municipal Division
MS4 Stormwater Permit Program
520 Lafayette Road North – 4th Floor
St. Paul, Minnesota 55155-4194

A list of the public notice dates, and the locations where paper copies of the proposed SWMPs will be available for public review, will be posted on the MPCA website at: <http://www.pca.state.mn.us/bkzqa7d>

This website also contains additional information about the process for public notice of SWMPs including requirements for MS4s.

Notice of Availability of the Amended Public Notice for the Draft Lake Winona Site-Specific Phosphorus Standard and Request for Comment

Public Comment Period Begins: May 30, 2011
Public Comment Period Ends: July 14, 2011

The Minnesota Pollution Control Agency (MPCA) is requesting comments on a proposed site-specific phosphorus standard for Lake Winona in Douglas County. Information pertaining to the site-specific standard is available for review at:

<http://www.pca.state.mn.us/water/tmdl/tmdl-draft.html>

Comments on the proposed site-specific standard must be sent in writing to the MPCA contact person listed below by 4:30 P.M. on July 14, 2011

Procedural Background

MPCA staff are in the process of completing a Total Maximum Daily Load (TMDL) study for nutrients in Lake Winona. As part of the TMDL development process, MPCA staff developed a site-specific phosphorus standard for the lake. This site-specific standard has been shared with a local stakeholder group that has been involved throughout the TMDL development process. This group has representatives from the city and county, state agencies, the local sanitary district and local residents from the chain of lakes linked to Lake Winona. Before the TMDL can be finalized, the site-specific standard for phosphorus must be public noticed and approved by the MPCA and the U.S. Environmental Protection Agency (EPA).

Lake Winona Background

Lake Winona is located in the City of Alexandria, Minn., in Douglas County. In 2002, the lake was listed as impaired for nutrients and placed on the state's impaired waters list. Waters impaired for nutrients fail to meet at least two of the state's three water quality standards related to nutrients: phosphorus, chlorophyll-a (a measure of the level of algae in the lake) and Secchi disc depth (a measure of water clarity). Working with a local stakeholder group (city, county and state agency staff, as well as local residents) and an environmental consulting firm, the MPCA coordinated a TMDL study to determine the level of phosphorus reductions needed from various sources to eventually bring the lake back into compliance with standards.

The state phosphorus standard for shallow lakes in the north central hardwood forest ecoregion where Lake Winona is located is 60 ppb. Phosphorus levels in Lake Winona recorded during a study period from 2005-2009 showed a summer average of 232 ppb. Minnesota's water quality rules allow for the adoption of a site-specific standard if there is information available that shows a modification is more appropriate than the statewide or ecoregion standard for a particular water body. Studies conducted as part of the TMDL project show that chlorophyll-a and Secchi depth standards can be met in Lake Winona if in-lake phosphorus levels can be reduced to 75 ppb, a level the MPCA is proposing to use as the site-specific phosphorus standard for Lake Winona. While higher than the 60 ppb standard for Lake Winona's ecoregion, it is lower than the 90 ppb standard for the ecoregion that begins just a few miles to the southwest of Lake Winona.

The proposed 75 ppb level was discussed with the local stakeholder group that has been involved throughout the Lake Winona TMDL development process.

The chlorophyll-a and Secchi disc standards for Lake Winona would remain unchanged from the existing standards for shallow lakes in the north central hardwood forest ecoregion.

The primary sources of phosphorus to Lake Winona are phosphorus in lake bottom sediments, stormwater runoff from the city and other surrounding areas, and the local wastewater treatment facility, Alexandria Lakes Area Sanitary District (ALASD). A site-specific standard of 75 ppb for in-lake phosphorus would still require significant reductions from all three of these sources, on the order of up to 85 percent.

Site-specific Modification of Standards

Minnesota Rule Chapter 7050 provides the legal basis for consideration and adoption of site-specific standards:

<http://www.revisor.leg.state.mn.us/rules/id=7050.0220> (see subpart 7).

Water quality standards are subject to review and modification as applied to a specific surface water body, reach, or segment. If site-specific information is available that shows that a site-specific modification is more appropriate than the statewide or ecoregion standard for a particular water body, reach, or segment, the site-specific information shall be applied.

The site-specific Standard Recommends the Following Phosphorus Values for the Lake Winona TMDL Project:

TP (Total Phosphorus) = 75 ppb as a summer-mean as measured at the established South Winona sampling site. The chlorophyll-a and Secchi disc standards for Lake Winona would remain unchanged from the existing standards for shallow lakes in the NCHF ecoregion.

Preliminary Determination on the Draft Site Specific Standard:

The MPCA commissioner has made a preliminary determination to submit this site-specific standard to the EPA for final approval. The

Official Notices

proposed site-specific standard is available for review at the MPCA office at the location below and at the MPCA Website:

<http://www.pca.state.mn.us/water/tmdl/tmdl-lakewinona.html>

Comments regarding the proposed site-specific phosphorus standard for Lake Winona will be considered before it is sent to the EPA for final approval.

Written Comments: You may submit written comments on the proposed site-specific phosphorus standard for Lake Winona on the Commissioner's preliminary determination.

Written comments must include the following:

1. A statement of your interest in the proposed site-specific standard
2. A statement of the action you wish the MPCA to take, including specific references to sections of the proposed site-specific standard that you believe should be changed; and
3. The reasons supporting your position, stated with sufficient specificity as to allow the Commissioner to investigate the merits of your position.

In addition to submitting comments, a request may be made for either a public informational meeting and/or a MPCA Citizen's Board Item.

Request for public informational meeting: A public informational meeting is an informal meeting that the MPCA may hold to solicit public comment and statements on matters before the MPCA, and to help clarify and resolve issues.

A request for a public informational meeting must include the following:

1. A statement identifying the matter of concern;
2. A statement of the reasons the MPCA should hold a public informational meeting; and
3. The issues that you would like the MPCA to address at the meeting.

Request for a MPCA Citizen's Board Item:

A request for a Citizen's Board Item must include the following:

1. A statement identifying the matter of concern;
2. A statement of the reasons the MPCA should hold a Citizen's Board Item; and
3. The issues that you would like the MPCA to address at the Citizen's Board Item.

The need for a public meeting or Citizen's Board Item will be considered by the Commissioner. Should the Commissioner determine that a public meeting or Citizen's Board Item is not warranted, the requesting party will receive written notification of such.

Agency contact person: Written comments and requests for more information should be directed to:

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Financial Opportunities

The *State Register* is one of the best ways to advertise your grants - it's a required read for public works projects. And it's cost is one of the least expensive legal advertising rates in Minnesota. At \$13.60 per 1/10 of a page you cannot go wrong.

Check up on all the "active" state grants in the "Contracts & Grants" section, available only to *State Register* subscribers. Open the *State Register* and click on Bookmarks on the left. You will also see a list of ALL the current rules, a growing INDEX, and previous years' indices. Subscribers also receive LINKS to the *State Register*. Subscriptions cost \$180 a year (an \$80 savings). Here's what you receive via e-mail:

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Web site at www.mmd.admin.state.mn.us for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements:

\$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600
\$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days;
\$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and
anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days

Professional and Technical Projects

The state spends about \$2 billion a year on contracts. The *State Register* is one of the best ways to advertise your contracts - it's a required read for public works projects. And it's cost is one of the least expensive legal advertising rates in Minnesota. At \$13.60 each 1/10 of a page, you cannot go wrong.

Department of Administration (Admin) Notice to Contractors, Vendors and Grantees Regarding the Potential Suspension of State Contract Performance

This is a notice to contractors, vendors and grantees that have contractual relationships with the State of Minnesota. It concerns both current contracts with an expiration date after June 30, 2011, as well as any new contracts that are to become effective on or after July 1, 2011.

The State of Minnesota operates on a biennial budget. Funds are appropriated by the Minnesota Legislature every two years, with each fiscal year beginning on July 1 and ending on June 30 of the following calendar year. Our current biennial budget is due to end after June 30, 2011.

The Minnesota State Legislature adjourned on May 23, 2011. With the exception of funding for the Minnesota Department of Agriculture, no agreement has been reached between the governor and the legislature regarding funding for the biennium beginning July 1, 2011. As of this time, the executive branch of the State of Minnesota is preparing contingency plans in the event of a possible shutdown of state government commencing July 1, 2011.

In the absence of legislation specifically appropriating funds for the continuing operations of the State of Minnesota for the next biennium, state authority to expend or release funds to pay for goods or services will be limited after June 30, 2011. Details of those critical services that may continue to operate on an emergency basis after July 1, 2011 have yet to be determined.

Although it is possible that agreement on a budget will be reached in time to avoid a disruption in state operations, the state must advise

State Contracts

all contractors, vendors and grantees that in the absence of legislatively authorized appropriations as of July 1, 2011, work activity under the contracts as of that date must be suspended, pending authorized appropriations, as will all payments required of the State of Minnesota under those contracts.

Please note that the State is not invoking cancellation or termination clauses in State contracts at this time. The State is simply providing notice to contractors, vendors and grantees that a suspension of work and payments may occur after July 1, 2011. If cancellation or termination of contracts becomes necessary as circumstances change, the affected parties would be contacted directly by the State.

We sincerely appreciate the work you do with and on behalf of the State of Minnesota and recognize the difficulties that the potential shutdown could cause for you.

We will make every effort to provide timely information as matters progress and also suggest that you monitor the Department's Materials Management Division web site (www.mmd.admin.state.mn.us) and media reports for developments.

Department of Administration

Department of Transportation (Mn/DOT)

Engineering Services Division

Notice of Potential Availability of Contracting Opportunities for a Variety of General Organizational Related Activities

(This document is available in alternative formats for persons with disabilities by calling Melissa McGinnis at 651-366-4644; for persons who are hearing or speech impaired by calling the Minnesota Relay Service at 800-627-3529.)

Mn/DOT, in conjunction with the Department of Administration, have developed a streamlined approach for fast-tracking select general organization service projects. These general organizational projects may include, but are not limited to, work in the following categories: 1) Develop, implement and summarize internal and external surveys; 2) Recommend best practices in an organizational structure; 3) Assist with organizational health structure; 4) Provide marketing support; 5) Develop, implement and provide support of ad hoc forums; 6) Establish and facilitate collaborative groups, including cross-organization and public-private teams; 7) Provide project management for non-technical initiatives; and 8) Facilitate non-technical activities and events.

This streamlined approach includes developing an email list of firms that are interested in receiving direct notification of general organizational projects. Firms will be added on an on-going basis. Fast-tracked projects will have a shorter advertising period and turn-

around time. Firms will be asked to submit responses within 5 business days and will be required to work diligently with Mn/DOT toward establishing a contract upon selection. All projects will be advertised to the public. Your firm will be directly notified that there is a project posted on the Consultant Services Website (www.dot.state.mn.us/consult) that requires general organizational skills. Please note that this notice is not a solicitation or request for proposals of any kind. Being placed on the list does not guarantee work nor does it obligate Mn/DOT to provide any contracting opportunities under this program.

Interested firms should send the following information to the e-mail address below: Firm name, firm contact person, phone number, and email address.

Department of Transportation (Mn/DOT) Engineering Services Division Notice of Potential Availability of Contracting Opportunities for a Variety of Highway Related Technical Activities (“Consultant Pre-Qualification Program”)

This document is available in alternative formats for persons with disabilities by calling Kelly Arneson at (651) 366-4774; for persons who are hearing or speech impaired by calling Minnesota Relay Service at (800) 627-3529.

Mn/DOT, worked in conjunction with the Consultant Reform Committee, the American Council of Engineering Companies of Minnesota (ACEC/MN), and the Department of Administration, to develop the Consultant Pre-Qualification Program as a new method of consultant selection. The ultimate goal of the Pre-Qualification Program is to streamline the process of contracting for highway related professional/technical services. Mn/DOT awards most of its consultant contracts for highway-related technical activities using this method, however, Mn/DOT also reserves the right to use Request for Proposal (RFP) or other selection processes for particular projects. Nothing in this solicitation requires Mn/DOT to use the Consultant Pre-Qualification Program.

Mn/DOT is currently requesting applications from consultants. Refer to Mn/DOT’s Consultant Services web site, indicated below, to see which highway related professional/technical services are available for application. Applications are accepted on a continual basis. All expenses are incurred in responding to this notice will be borne by the responder. Response to this notice becomes public information under the Minnesota Government Data Practices.

Consultant Pre-Qualification Program information, application requirements and applications forms are available on Mn/DOT’s Consultant Services web site at: <http://www.dot.state.mn.us/consult>.

Non-State Bids, Contracts & Grants

The *State Register* also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.

Additional Projects in Local Government

The *State Register* offers one of the cheapest, yet far reaching methods, of notifying the public about your agency's bids, contracts and grants. It is available to any government, non-profit, or private agency. Space is charged at the current rate of \$13.60 per each 1/10th of a page used in the *State Register*. Agencies are only billed for the space used in the *State Register*.

Agencies wishing to take advantage of this offer should submit what you want printed in the *State Register* via e-mail to: robin.panlener@state.mn.us. Attach to your entry a short note indicating when you wish the notice to be published (one, or many dates), if you want a copy of the issue your notice appears in (a TEAR SHEET will be sent free with your bill), and whether you want an "Affidavit of Publication."
