Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Department of Natural Resources (DNR) Adopted Expedited Emergency Game and Fish Rules: Spring Turkey Hunt, Special Provisions for Wildlife Management Areas

NOTICE IS HEREBY GIVEN that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13 (b). The statutory authority for the contents of the rules is *Minnesota Statutes*, sections 86A.06, 97A.045, 97A.137, 97A.435, 97B.711, and 97B.723.

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are that distribution of licenses for the turkey season are subject to modification on an annual basis as the Department of Natural Resources refines the manner by which the season is conducted. Annual turkey population and harvest data used for selecting hunters and setting quotas and areas is gathered annually and analyzed in late summer. Adjustments to permit area boundaries and license quotas are based on annual and long-term population data as well as input from the public. The recent acquisition of St. Michaels Meadows Wildlife Management Area requires a modification to hunting regulations.

Limited Exception from Minnesota's Requirements for the Standard, Electronic Exchange of Eligibility (270/271) Transactions for Payers Not Subject to HIPAA Is Continued for 2013

Minnesota Statutes, section 62J.536 requires that health care providers, clearinghouses, and group purchasers (payers) exchange specified administrative transactions electronically, using a standard data content and format adopted in rule. The statute also authorizes the Commissioner of Health to exempt group purchasers not subject to federal HIPAA administrative transactions and code sets regulations from one or more of the state's data exchange requirements if the Commissioner determines that:

Official Notices

- a transaction is incapable of exchanging data that are currently being exchanged on paper and is necessary to accomplish the purpose of the transaction; or
- another national electronic transaction standard would be more appropriate and effective to accomplish the purpose of the transaction.

Group purchasers not subject to HIPAA regulations include workers' compensation, auto, and property and casualty carriers.

MDH consults annually with the Minnesota Administrative Uniformity Committee (AUC) to determine whether to grant the exemptions described above. Based on these consultations, MDH previously granted very narrowly targeted, annually renewable exceptions to the rules for the years 2009 through 2012. The exceptions were limited to only group purchasers not subject to HIPAA regulations, who were exempted from the data exchange requirements for only the ANSI ASC X12N Health Care Eligibility Inquiry and Response transaction.

MDH consulted with the AUC in November 2012 regarding the continued need for the targeted exemption described above. MDH determined through the review process that the current limited exception to Minnesota's health care administrative data exchange rules will continue through 2013. This exception applies only to exchanges of the ANSI ASC X12N Health Care Eligibility Inquiry and Response transaction (270-271) with health care group purchasers that are not subject to federal HIPAA transactions and code sets regulations, through 2013.

The next annual review of this exception to rules adopted pursuant to *Minnesota Statutes*, section 62J.536 is scheduled for October 2013, to determine whether the exception will be continued through 2014.

Request for Comments on Proposed Extension of the Prepaid Medical Assistance Project Plus (PMAP+) Section 1115 Medicaid Waiver

DHS is announcing a 30-day comment period on the proposed request to extend the Prepaid Medical Assistance Project Plus (PMAP+) Section 1115 Medicaid waiver. The Minnesota Department of Human Services intends to submit a request to extend the PMAP+ waiver by December 31, 2012 to meet the federal deadline. The waiver extension request will reflect current state law. The Minnesota Department of Human Services may amend the waiver extension request at the end of the upcoming legislative session, which is expected to focus on health care reform.

Following the comment period, DHS will submit the PMAP+ waiver extension request to the Centers for Medicare & Medicaid Services (CMS). A copy of the extension request can be found at www.dhs.state.mn.us/PMAPwaiver. To request a paper copy of the extension request, please contact Quitina Cook at (651) 431-2191. State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Grant Funds and Loans

The *State Register* is one of the best ways to advertise your grants - it’s a required read for public works projects. And it’s cost is one of the least expensive legal advertising rates in Minnesota. At \$10.20 per 1/10 of a page you cannot go wrong.

Check up on all the “active” state grants in the “Contracts & Grants” section, available only to *State Register* subscribers. Open the *State Register* and click on Bookmarks on the left. Minnesota State Lottery

Request for Proposals for Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. Maximize Lottery Visibility – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its

message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.

2. Enhance Lottery Image- – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery’s presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor’s media partners.

3. Provide Promotional Extensions – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to: <http://www.mnlottery.com/vendors.html>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.

5. Selection Process

Because the BCWD is charged with managing a DNR Designated Trout Stream and many other unique resources, selection will emphasize criteria that indicate a firm's experience and knowledge of integrated resource management approaches to watershed management.

Qualification statements will be evaluated by the Board of Managers and ranked based on the following criteria:

1. Experience with watershed management organization law.
2. Ability to work with the public, regulatory agencies (including DNR) and other stakeholders and the ability to communicate effectively with the BCWD Board of Managers, Watershed District Attorney and SWCD staff.
3. Permitting, plan review and environmental assessment experience.
4. Locally based firm with the ability to respond to emergency situations in the watershed or situations that would require immediate attention.
5. Experience with watershed management organizations within the metropolitan area.
6. The BCWD Board of Managers anticipates making a decision, within 30 days, based upon the submittals. However, at their discretion, they may choose to conduct interviews after reviewing the proposals.
