# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. # Proposed Rules

**Comments on Planned Rules or Rule Amendments.** An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

**Rules to be Adopted After a Hearing.** After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

**Rules to be Adopted Without a Hearing.** Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

#### Proposed Permanent Rules Relating to Health Risk Limits for Groundwater Standards

#### DUAL NOTICE: Notice of Intent to Adopt Rules Without a Public Hearing Unless 25 or More Persons Request a Hearing, and Notice of Hearing If 25 or More Requests for Hearing Are Received

#### Proposed Amendments to Rules Governing Health Risk Limits for Groundwater, *Minnesota Rules*, Chapter 4717, Part 7860 and Part 7500

**Introduction.** The Minnesota Department of Health (MDH) intends to adopt rules without a public hearing following the procedures in the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2300 to 1400.2310, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.22 to 14.28. If, however, 25 or more persons submit a written request for a hearing on the rules by 4:30 p.m. on April 10, 2013, the Department will hold a public hearing in room B-145, Freeman Building, 625 Robert Street North, St. Paul, Minnesota 55164-0975 starting at 9:30 a.m. on Tuesday, April 30, 2013. To find out whether the Department will adopt the rules without a hearing or if it will hold the hearing, you should contact the agency contact person after April 10, 2013 and before April 30, 2013.

**Agency Contact Person.** Submit any comments or questions on the rules or written requests for a public hearing to the agency contact person. The agency contact person is:

**Subject of Rules and Statutory Authority.** The Groundwater Protection act of 1989 (*Minnesota Statutes*, section 103H.201), provides MDH with authority to review, revise, and promulgate HRLs for substances degrading groundwater.

# Proposed Rules

---

The proposed amendments to the Health Risk Limit Rules for Groundwater are about health-based guidance called “Health Risk Limits” (HRLs) for contaminants found in groundwater that may be used for drinking purposes. The proposed amendments to the Health Risk Limit Rules for Groundwater add or replace HRL values with guidance values developed by MDH between 2010 and 2012. The amendments will add (to Part 4717.7860 of the rule) health-based guidance values for six chemicals that are not currently in the Health Risk Limit Rules for Groundwater. In addition, outdated HRL values (adopted in 1993 and 1994) for six chemicals will be repealed (in Part 4717.7500) and replaced (in Part 4717.7860) by new HRL values. A copy of the proposed rules is published in the *State Register*. Additional information about the amendments is available at: <http://www.health.state.mn.us/divs/eh/risk/rules/water/rulerelated.html>

**Comments.** You have until 4:30 p.m. on Wednesday, April 10, 2013 to submit written comment in support of or in opposition to the proposed rules or any part or subpart of the rules. Your comment must be in writing and received by the agency contact person by the due date. Comment is encouraged. Your comments should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. You are encouraged to propose any change that you desire. You must also make any comments about the legality of the proposed rules during this comment period. Note: If you submitted comments previously during the Request for Comments period and you would like them to become part of the official rulemaking record submitted to the Administrative Law Judge, you must re-submit your comments during this time.

**Request for a Hearing.** In addition to submitting comments, you may also request that the Department hold a hearing on the rules. You must make your request for a public hearing in writing, which the agency contact person must receive by 4:30 p.m. on Wednesday, April 10, 2013. You must include your name and address in your written request. In addition, you must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

**Withdrawal of Requests.** If 25 or more persons submit a valid written request for a hearing, the Department will hold a public hearing unless a sufficient number of persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to effect the withdrawal, and ask for written comments on this action. If a public hearing is required, the agency will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

**Alternative Format/Accommodation.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

**Modifications.** The Department may modify the proposed rules, either as a result of public comment or as a result of the rule hearing process. It must support modifications by data and views submitted to the agency or presented at the hearing. The adopted rules may not be substantially different than these proposed rules unless the Department follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the Department encourages you to participate in the rulemaking process.

**Cancellation of Hearing.** The Department will cancel the hearing scheduled for April 30, 2013 if the agency does not receive requests for a hearing from 25 or more persons. If you requested a public hearing, the agency will notify you before the scheduled hearing whether the hearing will be held. You may also call the agency contact person at (651) 201-4923 after April 10, 2013 to find out whether the hearing will be held. On the scheduled day, you may check for whether the hearing will be held by calling (651) 201-4923 or going on-line at <http://www.health.state.mn.us/divs/eh/risk/rules/water/rulerelated.html>

**Notice of Hearing.** If 25 or more persons submit valid written requests for a public hearing on the rules, the Department will hold a hearing following the procedures in *Minnesota Statutes*, sections 14.131 to 14.20. The Department will hold the hearing on the date and at the time and place listed above. The hearing will continue until all interested persons have been heard. Administrative Law Judge James E. LaFave is assigned to conduct the hearing. Judge LaFave can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone: (651) 361-7848 and fax: (651) 361-7936.

**Hearing Procedure.** If the Department holds a hearing, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views either orally at the hearing or in writing at any time before the hearing record closes. All evidence presented should relate to the proposed rules. You may also submit written material to the Administrative Law Judge to be recorded in the hearing record for five working days after the public hearing ends.

# Proposed Rules

At the hearing the Administrative Law Judge may order that this five-day comment period is extended for a longer period but not more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period when the agency and any interested person may respond in writing to any new information submitted. No one may submit additional evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the Administrative Law Judge no later than 4:30 p.m. on the due date. All comments or responses received will be available for review at the Office of Administrative Hearings. This rule hearing procedure is governed by *Minnesota Rules*, parts 1400.2000 to 1400.2240, and *Minnesota Statutes*, sections 14.131 to 14.20. You may direct questions about the procedure to the Administrative Law Judge.

The agency requests that any person submitting written views or data to the Administrative Law Judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

**Statement of Need and Reasonableness.** The statement of need and reasonableness summarizes the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review or obtain copies for the cost of reproduction by contacting the agency contact person or from the MDH website at <http://www.health.state.mn.us/divs/eh/risk/rules/water/sonar.html>

A copy of the proposed rules can be viewed at <http://www.health.state.mn.us/divs/eh/risk/rules/water/proposedrules.html>

Additional information about this rule amendment process can be found at  
<http://www.health.state.mn.us/divs/eh/risk/rules/water/rulerelated.html>

**Lobbyist Registration.** *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. Ask any questions about this requirement of the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone: (651) 296-5148 or 1-800-657-3889.

**Adoption Procedure if No Hearing.** If no hearing is required, the agency may adopt the rules after the end of the comment period. The Department will submit the rules and supporting documents to the Office of Administrative Hearings for review for legality. You may ask to be notified of the date the rules are submitted to the office. If you want either to receive notice of this, to receive a copy of the adopted rules, or to register with the agency to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

**Adoption Procedure After a Hearing.** If a hearing is held, after the close of the hearing record, the Administrative Law Judge will issue a report on the proposed rules. You may ask to be notified of the date that the Administrative Law Judge's report will become available, and can make this request at the hearing or in writing to the Administrative Law Judge. You may also ask to be notified of the date that the agency adopts the rules and the rules are filed with the Secretary of State by requesting this at the hearing or by writing to the agency contact person stated above.

**Order.** I order that the rulemaking hearing be held at the date, time, and location listed above.

Dated: 26 February 2013

Mn/DOT awards most of its consultant contracts for highway-related technical activities using this method, however, Mn/DOT also reserves the right to use Request for Proposal (RFP) or other selection processes for particular projects.

Nothing in this solicitation requires Mn/DOT to use the Consultant Pre-Qualification Program.

## Minnesota Board of Water and Soil Resources (BWSR) Request for Proposals for 2013 Wetland Bank Program

The Minnesota Board of Water and Soil Resources (BWSR) has available funds to restore wetlands and their adjacent uplands to generate wetland credits for wetland mitigation banking. Credits will be used to offset wetland impacts resulting from qualifying road improvement/rehabilitation projects in Minnesota. One method that BWSR uses to generate credits is to solicit proposals from applicants (landowners, consultants, local governments, non-profits, other agencies, etc.) who propose to develop a wetland bank and sell the credits to BWSR at a specified price per credit.

### Who can participate?

Any person or entity with the land ownership rights or interests to complete a wetland restoration project can submit a proposal. The landowner of a particular project location is not required to be the applicant, but the applicant must have a legal interest in the property such as a partnership or agreement with the landowner to apply for and conduct the project on the land. Typically the services of professionals (engineer, vegetation specialist, biologist, etc.) are needed to design the project and complete the application materials. In addition to landowners, potential applicants could be consultants, local governments, non-profits, other agencies, or private/public partnerships. BWSR is open to proposals that include sharing of credits with other entities, projects that dovetail with other conservation projects, and other creative partnerships that maximize public value.

### Eligible projects

Projects must involve the restoration of former wetlands or existing degraded wetlands. Credit generation for these types of projects would likely come from one or more of subparts 2 thru 5 in Wetland Conservation Act (WCA) rules 8420.0526

(<http://www.bwsr.state.mn.us/wetlands/wca/CH8420-August2009.pdf>).

All projects will have to meet standard wetland replacement and banking requirements in the WCA rule including the recording of a conservation easement over the bank plan area. Applicants should be cognizant of factors that may affect the ability to record a conservation easement, including:

- Legal ownership issues (in foreclosure, entangled in a divorce settlement or probate, etc.),

# State Contracts

---

- Conflicting easements or legal agreements (mineral rights, wind towers, etc.),
- Restorations that have the potential to adversely affect adjacent lands.

Note that approved banking projects already in progress are eligible as long as the required conservation easement has not yet been recorded on the property. Public funds designated for conservation uses cannot be used for these wetland banking projects, however, banking projects can be used to complement and enhance other conservation efforts.

## Eligible locations

BWSR is restricting proposals to (in descending priority order): the seven-county metro area and Wetland Bank Service Areas (BSAs) 4, 7, 9, and 10 (see map below). This includes all or portions of the following counties: Aitkin, Anoka, Becker, Benton, Big Stone, Blue Earth, Brown, Carver, Clay, Clearwater, Cottonwood, Crow Wing, Dakota, Douglas, Faribault, Freeborn, Grant, Hennepin, Isanti, Jackson, Kanabec, Kandiyohi, Lac qui Parle, Le Sueur, Lincoln, Lyon, Mahnommen, Martin, McLeod, Meeker, Mille Lacs, Morrison, Murray, Nicollet, Nobles, Norman, Otter Tail, Pipestone, Pope, Ramsey, Redwood, Renville, Rice, Rock, Scott, Sherburne, Sibley, Stearns, Steele, Stevens, Swift, Todd, Traverse, Waseca, Washington, Watonwan, Wilkin, Wright, and Yellow Medicine. You can determine if a site is in one of these areas by using the “WetlandBanking Interactive Web Map” at <http://maps.bwsr.state.mn.us/banking/>.

## Payment

There is no set minimum or maximum amount that BWSR will pay for credits. Proposals must include a price that the proposer is offering to sell credits to BWSR for. Among submitted project proposals that meet minimum eligibility requirements, BWSR will maximize credit acquisition with available funds. Applicants should take into account known credit sales data from recent transactions in developing a proposal.

## Project selection

BWSR has approximately \$2.1M of available funding for this proposal request. However, it is not possible to know exactly how many projects will be selected because we cannot reasonably predict the size, scope, and credit price of potential project proposals. Based on similar request for proposal efforts in the past, approximately half a dozen funded projects are expected.

## Project criteria

Projects will be reviewed in light of the following criteria:

- Price per credit
- Functional benefit for the watershed (i.e. functional lift)
- Wetland type in terms of rarity - extra consideration for projects that would restore wetlands that are particularly rare or rarely restored once impacted.
- Potential for success – includes such aspects as qualification of identified contractors/consultants, level of technical difficulty, potential for high cost fixes, ability to justify credit allocation amounts, etc.

In general, project proposals will be qualitatively evaluated based on these criteria with projects ranked into broad categories (high, medium, and low) by agency review team members. Final project selection will weigh the rankings for each of the four review criteria and then consider those in terms of the geographic location priority list. For project applications with similar rankings, efforts will be made to distribute selected projects evenly amongst priority areas.

## Application materials

Application materials are available on the BWSR **website**: (<http://www.bwsr.state.mn.us/wetlands/index.html>). Applications for this request for proposal will be accepted March 12 to May 13, 2013.

## Timeline

BWSR has set the following review schedule dates as a goal. The number, extent, and nature of the submittals will ultimately dictate actual timing.

- May 13 – end of application period
- June 3 – initial screening complete, projects selected for further review (applicants notified)
- July 2 – final sites selected
