# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. # Proposed Rules

**Comments on Planned Rules or Rule Amendments.** An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

**Rules to be Adopted After a Hearing.** After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

**Rules to be Adopted Without a Hearing.** Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

**Subject of Rules.** The commission is considering the following rule changes:

- (1) Proposed changes to Chapter 7877 move the responsibility for posting a list of nerved horses from the racing secretary to

the commission veterinarian, require a schooling list to be posted in the race office, and give the commission veterinarian authority to not only draw blood but to submit it to the diagnostic laboratory for testing for reportable infectious diseases as defined by the Minnesota Board of Animal Health and to supervise removal from the racetrack of those animals with positive tests for reportable infectious diseases.

(2) Proposed changes to Chapter 7883 include a prohibition of gelatinous bandages or soft casts under racing wraps and specify that horses entered to race with a flipping halter must arrive in the paddock with the halter in place.

(3) Proposed changes to Chapter 7884 to have “serum or plasma tests” replace the use of “urine tests.”

(4) Proposed changes to Chapter 7890 to modify existing definitions or provide new definitions used elsewhere in the rule packet. Included are definitions of “hemoglobin based oxygen carrier”, “non-steroidal anti-inflammatory drug (NSAID stacking)”, “medication overage”, and “synthetic analogue” as well as modifications to the definitions of “positive test”, “test level”, and “test sample”. The use of urine specific gravity as a screening test for furosemide is removed. Further changes in this chapter expand the number and type of substances for which possession is prohibited. The section on what constitutes prima facie evidence is changed to reflect the substances and definitions described above. An error resulting in conflicting statements is corrected in the section on furosemide.

(5) Proposed changes to chapter 7891 to clarify the language and modify the process for reporting and conducting postmortem examinations on deceased horses.

(6) Proposed changes to Chapter 7892 to clarify the language regarding split sample testing. Also updates the equipment and procedures for analytical testing and add the deputy director to the list of individuals receiving notification of laboratory reports.

(7) Proposed changes to Chapter 7897 add to those substances that may not be possessed, administered to, or present in a horse. The list is expanded to include metabolites of medications, biological products, blood doping agents, growth hormones, venom, derivatives of venom, synthetic analogues of venom, and derivatives of synthetic analogues of venom, and other agents that may increase the oxygenation of blood. The veterinary use of whole blood or packed red blood cells is regulated. The final proposed rule change prevents a mare or filly over 150 days of gestation (approximately 5 months) from being entered in a race.

**Statutory Authority.** The statutory authority to adopt the rules is *Minnesota Statutes*, section 240.03, 240.23, and section 240.24. A copy of the proposed rules is published in the *State Register* and attached to this notice as mailed.

**Comments.** You have until 4:30 p.m. on Thursday, February 25, 2016, to submit written comment in support of or in opposition to the proposed rules and any part or subpart of the rules. Your comment must be in writing and the agency contact person must receive it by the due date. You may also submit comments, and review all comments at **the Office of Administrative Hearings E-Comments Website**. The Commission encourages comment. Your comment should identify the portion of the proposed rules addressed and the reason for the comment. You are encouraged to propose any change desired. You must also make any comments about the legality of the proposed rules during this comment period.

**Request for a Hearing.** In addition to submitting comments, you may also request that the Commission hold a hearing on the rules. Your request must be in writing and the agency contact person must receive it by 4:30 p.m. on February 25, 2016. Your written request for a public hearing must include your name and address. You must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

**Withdrawal of Requests.** If 25 or more persons submit a valid written request for a hearing, the Commission will hold a public hearing unless a sufficient number withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to effect the withdrawal, and ask for written comments on this action. If a public hearing is required, the agency will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

**Alternative Format.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

# Proposed Rules

**Modifications.** The Commission may modify the proposed rules as a result of public comment. The modifications must be supported by comments and information submitted to the agency, and the adopted rules may not be substantially different than these proposed rules, unless the agency follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the Commission encourages you to participate in the rulemaking process.

**Statement of Need and Reasonableness.** The statement of need and reasonableness contains a summary of the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review it or obtain copies for the cost of reproduction by contacting the agency contact person. 15.00

When a consultative examination provider chooses to utilize the transcription services available for use, a \$15.00 fee will be deducted from the total cost of the examination. The \$15.00 fee will not be charged for dictated reports re:

1. CEs performed by treating physicians/psychologists;
2. Limited CEs and office calls performed by regular CE providers; nor for
3. Reports from treating sources summarizing medical evidence of record.

## LABORATORY AND X-RAY FEES

The subheadings are self-explanatory. The CURRENT PROCEDURAL TERMINOLOGY CODE corresponds to the American Medical Association's Current Procedural Terminology (CPT) codes, which are used by most sources providing medical services. These may also be used for easy in-agency identification of a particular procedure. When ordering and authorizing a particular laboratory or x-ray study, however, describe the test or x-ray to be done. Do not authorize by the CPT code.

X-ray charges may be presented in two possible formats: one combines the technical (the x-ray, itself) and professional (the physician's interpretation) components when these are provided by the same facility; the other format separates the technical and professional components when these services are provided by separate facilities.

For example: 71010	For a PA Chest X-ray, single view, one would find: Chest single view, PA	\$ 55.00
-----------------------	---	----------

This would be the acceptable maximum for an x-ray and interpretation at a single facility; however, when the **professional component** is billed separately, the procedure may be identified by adding the modifier **-26** to the usual CPT code. When the **technical component** is billed separately, the procedure may be identified by adding the modifier **-TC** to the usual CPT code.

For example:		
71010-26	Chest single view, PA—PROF COMP ONLY	\$ 20.00
71010-TC	Chest single view, PA—TECH COMP ONLY	\$ 35.00

## Minnesota Department of Labor and Industry (DLI) Labor Standards Unit Notice of Certification of Truck Rental Rates and Effective Date Pursuant to *Minnesota Rules, Part 5200.1105*

From April 6, 2015 to June 5, 2015, the Department of Labor and Industry ("DLI") conducted a truck operational cost survey. On January 25, 2016, the Commissioner of DLI certified the minimum truck rental rates for highway projects in the state's ten highway and heavy construction areas for trucks and drivers operating "four or more axle units, straight body trucks," "three axle units," "tractor only" and "tractor trailers." The certification followed publication of the Notice of Determination of Truck Rental Rates in the *State Register* on November 16, 2015, and the informal conference held pursuant to *Minnesota Rules*, part 5200.1105 on December 3, 2015.

According to *Minnesota Rules*, part 5200.1105, the purpose of the informal conference is for DLI to obtain further input regarding the proposed rates before the rates are certified. Approximately 8 individuals attended the informal conference. None of the attendees at the informal conference commented on the Determination of the Construction Truck Rental Rates or contacted the department with comments regarding the rates prior to the date of this Certification.

Truck rental rates are determined by adding the certified prevailing wage driver rate in each region to the statewide operating cost survey data. The minimum hourly truck rental rate for the four types of trucks in each area is certified to be as follows:

It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication).
