NOTICE

How to Follow State Agency Rulemaking Action in the *State Register*

State agencies must publish notice of their rulemaking action in the *State Register*. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a **NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION**. Such notices are published in the **OFFICIAL NOTICES** section. Proposed rules and adopted rules are published in separate sections of the magazine.

The **PROPOSED RULES** section contains:

- Calendar of Public Hearings on Proposed Rules.
- Proposed new rules (including Notice of Hearing and/or Notice of Intent to Adopt Rules without A Hearing).
- Proposed amendments to rules already in existence in the Minnesota Code of Agency Rules (MCAR).
- Proposed temporary rules.

The **ADOPTED RULES** section contains:

- Notice of adoption of new rules and rule amendments (those which were adopted without change from the proposed version previously published).
- Adopted amendments to new rules or rule amendments (changes made since the proposed version was published).
- Notice of adoption of temporary rules.
- Adopted amendments to temporary rules (changes made since the proposed version was published).

ALL ADOPTED RULES and **ADOPTED AMENDMENTS TO EXISTING RULES** published in the *State Register* and filed with the Secretary of State before September 15, 1982, are published in the *Minnesota Code of Agency Rules 1982 Reprint*. **ADOPTED RULES** and **ADOPTED AMENDMENTS TO EXISTING RULES** filed after September 15, 1982, will be included in a new publication, *Minnesota Rules*, scheduled for publication in late summer 1983. In the **MCAR AMENDMENT AND ADDITIONS** listing below, the rules published in the *MCAR 1982 Reprint* are identified with an asterisk. Proposed and adopted **TEMPORARY RULES** appear in the *State Register* but are not published in the *1982 Reprint* due to the short-term nature of their legal effectiveness.

The *State Register* publishes partial and cumulative listings of rule action in the **MCAR AMENDMENTS AND ADDITIONS** list on the following schedule:

Issues 1-13, inclusive	Issue 39, cumulative for 1-39
Issues 14-25, inclusive	Issues 40-51, inclusive
Issue 26, cumulative for 1-26	Issue 52, cumulative for 1-52
Issue 27-38, inclusive	

The listings are arranged in the same order as the table of contents of the *MCAR 1982 Reprint*.

PROPOSED RULES

Pursuant to Minn. Laws of 1980, § 15.0412, subd. 4h, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
 2. that no public hearing will be held unless seven or more persons make a written request for a hearing within the 30-day comment period;
 3. of the manner in which persons shall request a hearing on the proposed rules;
- and
4. that the rule may be modified if modifications are supported by the data and views submitted.

If, during the 30-day comment period, seven or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of § 15.0412, subds. 4 through 4g, which state that if an agency decides to hold a public hearing, it must publish in the *State Register* a notice of its intent to do so. This notice must appear at least 30 days prior to the date set for the hearing, along with the full text of the proposed rules. (If the agency has followed the provisions of subd. 4h and has already published the proposed rules, a citation to the prior publication may be substituted for republication.)

Pursuant to Minn. Stat. § 15.0412, subd. 5, when a statute, federal law or court order to adopt, suspend or repeal a rule does not allow time for the usual rulemaking process, temporary rules may be proposed. Proposed temporary rules are published in the *State Register*, and for at least 20 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Proposed Rules Governing State Scholarships and Grants-In-Aid; Part-Time Student Grants; Work-Study Grants; Area Vocational-Technical Institute Tuition Subsidy; Assistance for Student Dependents of Minnesota Veterans; State Student Loans; Private College Contracts; and Private Institutions Registration and Approval of Degrees and Names

Notice of Intent to Adopt Rules without a Public Hearing

Notice is hereby given that the State Higher Education Coordinating Board proposes to adopt the above-entitled rules without a public hearing. The Executive Director has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes section 14.21-14.28 (1982).

Persons interested in these rules shall have 30 days to submit comments on the proposed rules. The proposed rules may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language.

Unless seven or more persons submit written requests for a public hearing on the proposed rules within the 30-day comment period, a public hearing will not be held. In the event a public hearing is required, the agency will proceed according to the provisions of Minnesota Statutes section 14.13-14.15 (1982).

Persons who wish to submit comments or a written request for a public hearing should submit such comments or request to:

Rose Herrera Hamerlinck
Minnesota Higher Education Coordinating Board
400 Capitol Square building
550 Cedar Street
St. Paul, Minnesota 55101
612/296-7963

Authority for the adoption of these rules is contained in Minnesota Statutes sections 136A.111, 136A.121, 136A.132, 136A.233, 136A.236, 136A.141, 136A.20, 136A.70 (1982). Additionally, a statement of need and reasonableness that describes the need for and reasonableness of each provision of the proposed rules and identifies the data and information relied upon to support the proposed rules has been prepared and is available from Rose Herrera Hamerlinck, Higher Education Coordinating Board, upon request.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

PROPOSED RULES

Upon adoption of the final rules without a public hearing, the proposed rules, this notice, the statement of need and reasonableness, all written comments received, and the final rules as adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as proposed for adoption, should submit a written statement of such request to Rose Herrera Hamerlinck, Higher Education Coordinating Board.

A copy of the proposed rules is attached to this notice.

Copies of this notice and the proposed rules are available and may be obtained by contacting Rose Herrera Hamerlinck at the above address.

Clyde R. Ingle, Executive Director
Minnesota Higher Education Coordinating Board

Rules as Proposed

5 MCAR § 2.0604 Terms of loans and grants.

A. Conditions for conversion of loans. Each eligible institution shall be authorized and be responsible for informing any foreign students who receives funds or ~~residing~~ residency status pursuant to the program that the funds are provided initially as a loan and will not be converted to a grant until the student submits written, documentable evidence that the student has returned to his home country within one year of completion of the student's education and has not returned to the United States for five years as a permanent resident.

B. Emergency scholarship funds. Prior to the annual report on which appears a loan cancellation involving emergency scholarship funds, the board must approve evidence submitted to the institution by the student. The board shall approve a loan cancellation when the evidence shows that the student has met the requirements in A. The evidence may be notarized statements by the student, notarized statements by persons who know the student, letters from the students with postmarks of the student's country, or similar writings.

B.-F. [Reletter as C.-G.]

5 MCAR § 2.0606 Disbursement of funds.

A.-B. [Unchanged.]

C. Accountability. Each participating ~~institution~~ school shall be accountable for any funds disbursed to students under the provisions of these rules ~~and regulations~~ as long as loan balances are outstanding.

D. Time for return of funds. Any emergency scholarship fund disbursement plus accrued interest which is outstanding six years after the documented date the student left school shall be remitted to the board according to the procedures established to implement B.

Rules as Proposed (all new material)

5 MCAR § 2.0100 Definitions for higher education programs.

A. Applicability. For the purposes of 5 MCAR §§ 2.0100-2.2705 the terms defined in this rule have the meanings given them unless specifically provided otherwise.

B. Board. "Board" means the Higher Education Coordinating Board.

C. Educational costs. "Educational costs" means tuition, required fees, room and board, books, and miscellaneous expenses.

D. Eligible student. "Eligible student" means a student who meets, at a minimum, all of the following requirements:

1. has not earned a baccalaureate degree and has not entered a graduate school program as a full-time graduate student;
2. is a resident of Minnesota;
3. qualifies for resident tuition other than through a tuition reciprocity agreement;
4. is enrolled or is intending to enroll as a full-time student in an eligible school;
5. is in good standing and making satisfactory progress, as determined by the school; and
6. is a permanent resident of the United States, if the student is not a United States citizen.

E. Executive director. "Executive director" means the executive director of the Higher Education Coordinating Board.

F. Financial need. "Financial need" means the amount of monetary assistance necessary for a student to meet educational

costs after parental and student contributions, determined by the financial need analysis, are subtracted from the student's educational costs. "Financial need analysis" means a system for analyzing a family's financial strength to determine the expected parental and student contributions to educational costs. The system is a federally approved system or an equivalent need analysis system adopted each year by the board for the appropriate processing year.

G. Minnesota resident. "Minnesota resident" means, for a dependent student, a student whose parent or legal guardian resides in Minnesota on the date of application. "Dependent" student means a student who:

1. lives with the parent or legal guardian for at least six weeks; or
2. receives support from the parent or legal guardian; or
3. is claimed as a tax exemption by the parent or legal guardian in the calendar year prior to or during the calendar year in which the application is made.

"Minnesota resident" means, for an independent student, a student who has resided in Minnesota for other than educational purposes for at least 12 consecutive months prior to the date of application. "Independent" student means a student who is not a dependent student.

State Scholarships and Grants-in-aid

5 MCAR § 2.2101 Scope.

Rules 5 MCAR §§ 2.2101-2.2106 govern state scholarships and grants-in-aid.

5 MCAR § 2.2102 Eligible schools.

Annually by July 31, the board shall adopt by resolution a list of schools at which a state scholarship or grant-in-aid may be used. To be eligible a school must meet the following requirements:

1. is located in Minnesota; and
2. offers at least one program that:
 - a. is vocational or academic in nature; and
 - b. leads to a certificate or degree; and
 - c. is ten weeks long; and
 - d. involves at least 12 academic credits or 300 clock hours; and
3. is one of the following:
 - a. accredited by a federally recognized accrediting agency or association; or
 - b. approved to offer degrees or use terms in its name according to 5 MCAR § 2.2805; or
 - c. is licensed by an appropriate state agency.

5 MCAR § 2.2103 Application dates and student eligibility.

A. Date. Annually the board shall adopt by resolution a date by which all applications must be filed to be given priority for an award. The date may not be before February 15.

B. Eligibility for initial scholarship. To be eligible for an initial scholarship a student must be an eligible student, as defined in 5 MCAR § 2.0100 D., and all of the following:

1. be a Minnesota resident on the priority application date;
2. will be a first-year student, without any previous post-secondary education; and
3. rank in the upper quarter of the class at the end of the junior year of senior high school, or the equivalent, based on the student's cumulative scholastic record in senior high school.

C. Eligibility for initial grant-in-aid. To be eligible for an initial grant-in-aid a student must be an eligible student, as defined in 5 MCAR § 2.0100 D., and all of the following:

1. is a Minnesota resident on the priority application date;

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

PROPOSED RULES

2. has not earned a baccalaureate degree and has not completed the number of semesters or quarters normally required to complete a baccalaureate degree;
3. demonstrates financial need;
4. if applying for a nursing grant, is enrolled or will be enrolled in a program leading to licensure as a registered nurse or a licensed practical nurse.

D. Renewal awards. A scholarship or grant-in-aid is renewable for a maximum of six semesters, nine quarters, or the equivalent. To be eligible to renew a scholarship or grant-in-aid a student must apply each year and continue to meet the requirements for an initial scholarship or grant-in-aid, except B.2. A student must have made satisfactory progress as determined by the school and have been enrolled in a post-secondary school as a full-time student for no more than four years or the equivalent.

5 MCAR § 2.2104 Ranking applicants.

A. Classification and ranking of applicants. Each applicant shall be placed in at least one of the following classifications: renewal scholarship, renewal grant-in-aid, initial scholarship, initial grant-in-aid. Grant-in-aid applicants are ranked according to parental contribution; applicants with the least parental contribution are awarded first. Scholarship applicants are ranked according to class rank as a junior in high school; applicants with the highest class rank are awarded first.

B. Priority of classes of applicants. Applicants renewing scholarships shall be given first priority. Applicants renewing grants-in-aid shall be given second priority. Applicants for initial scholarships shall be given third priority. Applicants for initial grants-in-aid shall be given fourth priority.

C. Awards based on need. Awards determined by financial need shall be assigned each applicant in descending order of rank until available funds are exhausted.

5 MCAR § 2.2105 Awards.

A. Monetary awards. Scholarship and grant-in-aid awards range from a minimum of \$100 to a maximum of \$1,400 but may not exceed one-half of financial need. If a federal Pell grant and a state scholarship or grant-in-aid exceeds 75 percent of financial need, the state scholarship or grant-in-aid must be reduced so that the combination of the two awards does not exceed 75 percent of financial need. The state scholarship or grant-in-aid must be further reduced if additional gift assistance, in combination with a federal Pell grant and a state scholarship or grant-in-aid, exceeds 100 percent of financial need.

B. Adjustments to awards. If financial need decreases because a recipient chooses a different school after the scholarship or grant-in-aid award is offered, the award shall be reduced. If a change in schools causes financial need to increase, the award shall be increased only if funds are available.

C. Nonmonetary awards. Honorary scholarships, which are nonmonetary awards, shall be granted to all applicants who have no financial need or did not request financial aid and who rank equally with or above the last monetary scholarship recipient.

5 MCAR § 2.2106 Method of payment.

A. Payments to schools. After a scholarship and grant-in-aid award is determined, the award shall be sent by the executive director to the school chosen by the recipient. The school shall apply the award to the recipient's educational costs in the following order: tuition, fees, books, supplies, and other expenses. The costs must be prorated for each term of the academic year. The school shall notify each recipient that the award has been received by the school.

B. Return and refund. A scholarship and grant-in-aid is awarded for full-time attendance at a specified school for the academic year which commences with the fall term. If a recipient fails to enroll or ceases to be a full-time student, the school must return the unused portion of the award. A refunded award must be sent by the school to the board's scholarship or grant-in-aid account. Refunded awards are available for reassignment to other qualified applicants.

C. School accounting requirements. Schools shall maintain separate accounts for scholarship and grant-in-aid funds. Refunds to the board shall be made by separate checks for scholarships and grants-in-aid. Schools shall provide evidence, prepared according to generally accepted accounting principles, that all awards have either been distributed or returned to the board. Books and records relating to state scholarships and grants-in-aid must be made available for audit by representatives of the board or the State Auditor.

Part-time Student Grants

5 MCAR § 2.2201 Scope.

Rules 5 MCAR §§ 2.2201-2.2206 govern state grants-in-aid for part-time students.

5 MCAR § 2.2202 Eligible schools.

Schools eligible for part-time student grants are the same schools eligible for state scholarships and grants-in-aid under 5 MCAR § 2.2102.

5 MCAR § 2.2203 Application and distribution of funds for grants.

A. Application by schools. A school desiring funds for part-time student grants must request funds by June 30 each year. The school must submit its estimate of the amount needed to meet eligible student needs for the school year.

B. Allocation formula.

1. Funds shall be allocated to each school according to the following formula:

- a. part-time enrollment of each school, divided by the total part-time enrollment of all eligible participating schools;
- b. multiplied by the current fiscal year's appropriation for part-time student grants; and
- c. multiplied by the percent of funds for part-time student grants actually used by that school during the prior school year.

2. "Part-time enrollment" means the sum of all enrolled resident, extension, and unclassified part-time students reported as lower division, upper division, and vocational in the fall term of the school year prior to the fiscal year the funds are allocated and as published by the board in its annual enrollment survey.

C. Notification. The board shall notify each school of the amount allocated to it.

D. Accountability. Each participating school shall be accountable for any funds disbursed to students for grants-in-aid for part-time students. Funds may be used only during the fiscal year of disbursement. When a student does not use a grant because the student does not enroll or withdraws from school, the school may use the funds for other eligible students or return them to the board.

E. Unused funds. When requested by the board, each school shall report its use of funds and shall return unused funds. The board shall reallocate unused funds to schools desiring additional funds.

5 MCAR § 2.2204 Eligible students.

A. Determination of eligibility. A school shall determine if a student is eligible for a part-time student grant. To be eligible a student must be an eligible student as defined in 5 MCAR § 2.0100 D., except that the student need not be a full-time student, and all of the following:

1. is pursuing a program or course of study leading to a degree, diploma, or certificate; and
2. is not eligible for state or federal financial aid, other than a Pell grant; and
3. is not reimbursed for tuition and fees by any source other than a Pell grant; and
4. demonstrates financial need.

B. Family income. A student has financial need if the student's family income is no more than the income levels annually established by the board. Family income shall take into consideration the number of dependents in the student's family.

C. Income for year tax return filed and exceptions. Family income is determined according to the base year. The base year is the most recent tax year in which a tax return has been filed. In any of the following circumstances estimated income for the current year shall be used instead of the base year:

1. a parent or spouse who provided income in the base year has died during the base year or the current year;
2. a parent, spouse, or applicant who provided income in the base year experiences a complete loss of all employment for at least ten weeks in the current year;
3. a parent, spouse, or applicant who provided income in the base year is unable to pursue normal income-producing activities in the current year for at least ten weeks due to disability occurring in the base year or the current year or due to a natural disaster that occurred in the current year;
4. a parent or applicant became separated or divorced during the current year;

PROPOSED RULES

5. the applicant, who was employed for an average of 35 hours per week for at least 30 weeks in the base year, is no longer employed full-time in the current year; or

6. no tax return was filed for the most recent tax year.

5 MCAR § 2.2205 Amount and term of grants.

A school shall award a grant to each eligible student, to the extent institutional funds are available and the student shows need. The amount of the grant, when combined with a student's Pell grant, shall not exceed the lesser of the cost of resident tuition and fees at the school or the cost of resident tuition and fees for an equivalent program at the University of Minnesota. A grant is for one quarter, semester, or the equivalent at the school and is not automatically renewable. The recipient of an award may apply for a grant for subsequent terms.

5 MCAR § 2.2206 Reports of data.

To prepare summary data, each school must annually solicit demographic, educational, and financial data from eligible students requesting grants. Each school shall provide the summary data upon request by the board.

Work-Study Grants

5 MCAR § 2.2301 Scope.

Rules 5 MCAR §§ 2.2301-2.2307 govern state work-study grants.

5 MCAR § 2.2302 Eligible schools.

Schools eligible for work-study grants are the same schools eligible for state scholarships and grants-in-aid under 5 MCAR § 2.2102.

5 MCAR § 2.2303 Application and distribution of funds for grants.

A. Application by schools. A school desiring funds for work-study grants must request funds by June 30 each year. The school must submit its estimate of the amount needed to meet eligible student needs for the following school year.

B. Allocation formula.

1. Funds shall be allocated to each school according to the following formula:

a. full-time equivalent enrollment of each school, divided by the total full-time equivalent enrollment of all participating eligible schools;

b. multiplied by the current fiscal year's appropriation for work-study grants; and

c. multiplied by the percent of funds for work-study grants actually used by that school during the prior school year.

2. "Full-time equivalent enrollment" means the enrollment in the fall term determined by the board in its annual enrollment survey in the year prior to the academic year for which work-study funds are allocated.

C. Modification of allocations. The board shall allocate funds equal to a school's estimated need if the estimated need is less than the amount determined by the allocation formula.

D. Accountability. Each participating school shall be accountable for any funds disbursed to students for work-study grants. Funds may be used only during the fiscal year of disbursement. At schools where the proportion of grants to students employed by off-campus employers is significantly less than the proportion at other schools, the executive director may require the school to document its efforts to place students with off-campus employers. The percent of the school's allocation provided to graduate students shall not exceed the percent of graduate students in the total enrollment at the participating school.

E. Unused funds. When requested by the board, the school must immediately return funds which the school determines will not be used. The board shall reallocate the funds to other participating schools requesting additional funds.

5 MCAR § 2.2304 Eligible students.

A school shall determine if a student is eligible for a work-study grant. To be eligible a student must be an eligible student, as defined in 5 MCAR § 2.0100 D., except that the student may be a graduate student.

5 MCAR § 2.2305 Employment terms; amount of grants.

A. Eligible employers. A work-study grant recipient may be employed on-campus by the school or off-campus by any of the following:

1. a nonprofit, nonsectarian agency located in Minnesota;

2. a person who has a physical or mental impairment which substantially limits at least one life activity and who could benefit from student assistance in or about the home; or

3. a person over 65 years old who could benefit from student assistance in or about the home.

B. Amount. The maximum a student may earn through a work-study grant is the amount of the student's financial need. If a school finds it necessary to replace any portion of a student's family contribution with a work-study grant, the school must place written documentation supporting the decision in the student's file at the school.

C. Hourly wages. Not less than 20 percent of the amount earned by a student shall be paid by the employer, with the actual percentage determined by the school in consultation with the employer. A student shall be paid for hours actually worked at an hourly rate agreed to by the employer and the student, with the approval of the school. However, the student must be paid at least the state minimum wage, if the federal minimum wage is not applicable. Student earnings must be paid according to federal regulations governing payment of student earnings under the federal work-study program.

5 MCAR § 2.2306 Contracts with employers.

A. Off-campus employer contract. Before a student begins work, the school and off-campus employer shall sign a contract affirming the eligibility of the employer and agreeing to abide by applicable law and rules.

B. Contents of work contract. The student, school, and employer shall sign a contract setting forth the nature of the work, number of hours of employment, hourly rate of pay, percentage of earnings to be paid by the employer, maximum payment by the employer, pay and time records, payroll, and workers' compensation. Time records must be signed by the student and the employment supervisor.

C. Review and comment. All contracts signed by the school and employers are subject to review and comment by the executive director.

D. Supervision. The school, with the employer, must develop for each work-study assignment a program of supervision consistent with the nature of the assignment and the needs of the individual student. Upon request of the board, the school must submit the program of supervision to the executive director for review and comment.

5 MCAR § 2.2307. Report by school.

When requested by the board, each school shall report demographic information and program activity about work-study grants.

AVTI Tuition Subsidy

5 MCAR § 2.2401 Scope.

Rules 5 MCAR §§ 2.2401-2.2405 govern the tuition subsidy program for students in area vocational-technical institutes.

5 MCAR § 2.2402 Eligible schools.

Schools eligible for tuition subsidies are area vocational-technical institutes (AVTI's) established pursuant to Minnesota Statutes, section 121.21.

5 MCAR § 2.2403 Application and distribution of funds for tuition subsidies.

A. Application by AVTI. By June 30 an AVTI desiring funds for tuition subsidies must request funds on the participation request form supplied by the board. The AVTI must submit its estimate of the amount needed to meet eligible student needs for the following school year.

B. Allocation formula.

1. Funds shall be allocated to an AVTI according to the following formula:

- a. average daily membership in the AVTI divided by the total average daily membership of all AVTI's;
- b. multiplied by the current fiscal year's appropriation for tuition subsidies; and
- c. multiplied by the percent of funds for tuition subsidies actually used by that AVTI during the prior school year.

2. "Average daily membership" means the average daily membership for an AVTI as approved by the Department of Education for the year prior to the fiscal year the funds are allocated.

C. Notification. The board shall notify each AVTI of the amount allocated to it.

If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

PROPOSED RULES

D. Accountability. Each participating school shall be accountable for any funds disbursed to students for tuition subsidies. Funds may be used only during the fiscal year of disbursement. When a student does not use a subsidy because the student withdraws from the AVTI, the AVTI may use the funds for other eligible students or return the funds to the board.

E. Unused funds. When requested by the board, the AVTI must immediately return funds which the school determines will not be used. The board shall reallocate the funds to other participating AVTI's requesting additional funds.

F. Return of funds. Within 30 days of the end of the fiscal year each AVTI shall return unused funds to the board.

5 MCAR § 2.2404 Eligible students.

A. Determination of eligibility. An AVTI shall determine if a student is eligible for a tuition subsidy. To be eligible a student must be an eligible student, as defined in 5 MCAR § 2.0100 D., and both of the following:

1. has not been awarded a state scholarship or grant-in-aid for the time period for which the tuition subsidy is awarded; and

2. demonstrates financial need.

B. Financial need. A student's financial need is that portion of educational costs which remain after subtracting the expected family contribution, the Pell grant, and other assistance the student is receiving or will receive.

C. Application. A student may apply for a tuition subsidy before or while attending an AVTI. A student may defer paying tuition during the application process.

5 MCAR § 2.2405 Tuition subsidy.

A. Amount of subsidy. The amount of a tuition subsidy is based on the student's financial need. A student whose financial need does not exceed five percent of the cost of tuition may not receive a tuition subsidy. A subsidy may not exceed 75 percent of the cost of tuition for the period of the tuition subsidy.

B. How subsidy is credited. An AVTI shall reduce the tuition charged to each recipient by the amount of the tuition subsidy.

C. Educational programs extending across fiscal years. A tuition subsidy is awarded for the fiscal year of disbursement only. For an educational program extending across fiscal years, a tuition subsidy is prorated to the end of the fiscal year. Reapplication is necessary to obtain a tuition subsidy for the remainder of the educational program. A subsequent subsidy is contingent upon availability of funds, continued demonstration of financial need, and continued eligibility.

D. When subsidy begins. For a recipient who applied before the first day of classes, tuition reduction shall begin on the first day of the recipient's classes. For a recipient who applied after the first day of classes, tuition reduction shall begin on the day the recipient applied for a subsidy.

E. Obligation for tuition when tuition payment deferred. If a student defers tuition payment during the application process, the student is responsible for tuition which accrued during the application process. However, if a student does not receive a subsidy and promptly withdraws from school, tuition for the period shall be forgiven. A student who does not receive a subsidy and does not promptly withdraw from school is responsible for tuition which accrued during the application process.

F. Scholarship or grant-in-aid awards. A recipient of a state scholarship or grant-in-aid is eligible for a tuition subsidy only for the period of an educational program which does not coincide or overlap with the period of a state scholarship or grant-in-aid.

G. Transfer to another AVTI. Tuition subsidies are not transferable to other AVTI's. A recipient may apply for another subsidy if the recipient transfers to another AVTI. A recipient must meet the eligibility requirements in 5 MCAR § 2.2404 A.

Assistance for Student Dependents of Minnesota Veterans

5 MCAR § 2.2501 Scope.

Rules 5 MCAR § 2.2501-2.2503 govern state financial assistance for students in postsecondary school who are dependents of prisoners of war and persons missing in action.

5 MCAR § 2.2502 Eligible students and verification.

A. Eligibility. To be eligible for financial assistance for dependents of prisoners of war and persons missing in action, all of the following requirements must be met:

1. The student must be registered for an undergraduate program leading to a bachelor's degree or certificate of completion.

2. The student must attend a school located in Minnesota. The school may be a state university, community college, public area vocational-technical institute, or the University of Minnesota. If the school is a private school it must be eligible to participate in the state student loan program according to 5 MCAR § 2.2602.

3. The student must be one of the following:

- a. the spouse of a prisoner of war or person missing in action;
- b. a child born before or during the time the parent served as a prisoner of war or was declared a person missing in action; or
- c. a child legally adopted or in the legal custody of the parent before and during the time the parent served as a prisoner of war or was declared a person missing in action.

B. Verification of status. In cooperation with the Commissioner of Veterans' Affairs, a school must verify, on behalf of a student applying for assistance, that the student meets the requirements in A.3. A prisoner of war or person missing in action means a person who was a Minnesota resident at the time of entering service of the United States Armed Forces, or whose official residence is within Minnesota, and who, while serving in the United States Armed Forces, has been declared to be a prisoner of war or a person missing in action as established by the Secretary of Defense after August 1, 1958. Verification must include the determination of residency. A discharge form, notarized statement from the student's parent, or other documentation may be required to show residency. In addition, a student may be required to provide a copy of a birth certificate, marriage certificate, or other document showing the student meets the requirement of A.3. No situation, including return or reported death of the parent or spouse, can remove a person who qualifies as a dependent from the provisions or benefits provided by law.

5 MCAR § 2.2503 Amount of assistance.

A. State-supported school. A state-supported school shall waive full tuition and fees for an eligible student.

B. Private school. A private school shall request payment from the board for each eligible student. The payment to the private school for each student shall not exceed \$250 per 12 months.

State Student Loans

5 MCAR § 2.2601 Scope.

Rules 5 MCAR §§ 2.2601-2.2605 govern state loans to postsecondary students.

5 MCAR § 2.2602 Eligible schools.

Schools eligible for funds for student loans are public or private postsecondary schools in any state, approved by the United States Secretary of Education in accordance with requirements of the Higher Education Act of 1965, as amended.

5 MCAR § 2.2603 Eligible students.

A. General. To be eligible for a state student loan, a student must meet all of the following requirements:

1. is eligible for the guaranteed student loan program created by the Higher Education Act of 1965, as amended;
2. demonstrates financial need;
3. is enrolled at least half-time;
4. is in good standing, as determined by the school;
5. lives in Minnesota during the school period for which the loan is approved, for a student who is not a Minnesota resident;
6. has a loan refusal letter from a commercial lender when applying for a loan for the first time as an undergraduate student; and
7. is one of the following:
 - a. enrolled in an eligible school in Minnesota; or
 - b. a Minnesota resident enrolled in an eligible school in any other state.

B. Loans previously obtained in other states. A student who is not a Minnesota resident and who has previously obtained a student loan from a lender in another state is required to submit evidence that a request for a further loan through that program was denied.

PROPOSED RULES

C. Students in default. A student is not eligible for a loan if the student is currently in default on a student loan or has a default claim filed with the guarantee agency at the time of application unless the student has made repayment arrangements satisfactory to the guarantee agency and the board.

5 MCAR § 2.2604 School agreements and student applications.

A. Origination agreement. Before approving loans to students at a school, the school and executive director shall execute a loan origination agreement. A school is considered to have originated a loan if the school determines who receives a loan and the amount or if the school, at the request of the lender, verifies the identity of the borrower or completes forms normally completed by the lender. The origination agreement must specify the school's responsibility for proper delivery of loans to students. It must also designate a school representative who is responsible for performance of the following activities:

1. complete and certify the school section of a loan application;
2. assist the board by providing loan counseling to students;
3. assist the board by counseling students about their obligations when accepting a loan;
4. deliver loan disbursements to students; and
5. promptly notify the board when a borrower does not attend school at least half-time.

B. Termination. The executive director may terminate an agreement with a school upon determining that continuation of the agreement is not in the best interests of the state student loan program.

C. Application, guarantee, and note. The student and school must complete appropriate parts of the application and send it to the board for its review. The board must complete the lender's part of the application and send it to the guarantee agency. The guarantee agency must determine the loan amount it will guarantee. The board must send a promissory note to a student for a loan amount not to exceed the amount guaranteed. After the student signs and returns the promissory note, the board must send the loan amount to the school made payable to the student.

5 MCAR § 2.2605 Amount, terms, and payment.

A. Maximum and minimum amounts. The maximum loan for a loan period and the aggregate principal balance of loans shall be those prescribed in the Higher Education Act of 1965, as amended. The minimum amount of a loan shall be \$250.

B. Duration. A loan shall not be approved for a loan period in excess of 12 months.

C. Repayment. The interest rate, terms, and conditions of repayment shall be that prescribed by the Higher Education Act of 1965, as amended.

D. Date of payments. No check shall be dated more than 30 days before the beginning of the loan period for which the loan is made. A school shall not deliver a check to a student until after the loan period has begun. No payment shall be made after the loan period expires.

E. Failure to enroll, transfer, or withdrawal. The school shall return checks for students who have not enrolled within 30 days of the date enrollment is determined. If a student transfers to another school or withdraws from school before a check is received, the loan is cancelled. A student may reapply for a loan at another school. If a student who has received a check does not attend school for the intended loan period, the loan shall be immediately due and payable.

F. Refunds. Refunds from schools to the board are allocable in a percentage greater than or equal to the percentage of the total cost of education funded by state student loans.

Private College Contracts

5 MCAR § 2.2701 Scope.

Rules 5 MCAR §§ 2.2701-2.2705 govern the state program of contracts with private colleges for education of Minnesota residents.

5 MCAR § 2.2702 Eligible schools.

Annually the board shall adopt by resolution a list of schools eligible for a contract. To be eligible a school must meet all of the following requirements:

1. be a private institution of higher education;
2. be located in Minnesota;
3. not be operated for profit;
4. not be an institution or department or branch of an institution whose program is specifically to prepare students to become ministers of religion, to enter upon some other religious vocation, or to prepare to teach theological subjects;

5. grant an associate degree or higher degree; and

6. be either of the following:

a. fully accredited or making satisfactory progress toward full accreditation by the North Central Association of Secondary Schools and Colleges; or

b. determined by the board to maintain programs and standards substantially equivalent to the institutions in Minnesota which are fully accredited.

5 MCAR § 2.2703 Contracts.

A. Content. The executive director shall offer contracts to all eligible schools. The contract must specify the responsibilities of the school, the services it is to provide, and the terms and conditions of receiving payment for the services.

B. Students eligible. The contract must be for students who meet all the following requirements:

1. are enrolled full-time in the fall term according to the standards of the school, but for not less than 12 credits or the equivalent;

2. are enrolled in an eligible program; and

3. are either one of the following:

a. dependent upon the financial support of parents or guardians who have resided in Minnesota for not less than 12 months prior to admission at the school; or

b. independent of parental or guardian's financial support and have resided in Minnesota, for purposes other than obtaining an education, for not less than 12 consecutive months prior to admission at the school.

C. Eligible programs notarized. As a condition of the contract, the chief executive officer and an officer of the governing board of each school must provide a notarized statement that programs included in the contract meet the following criteria:

1. must lead to an associate or bachelor degree or to a prebaccalaureate diploma;

2. must be at least one academic year in duration;

3. may provide for the scholarly study of religion as a discipline of knowledge in a manner similar to that provided for any field of study, but it may not require a student to:

a. take courses based upon a particular set of religious beliefs;

b. receive instruction intended to propagate or promote any religious beliefs;

c. participate in religious activities;

d. maintain affiliation with a particular church or religious organization; or

e. attest to any particular religious beliefs.

5 MCAR § 2.2704 Certification of the number of eligible students.

The chief executive officer of each school must certify as of the tenth class day of the fall term the exact number of Minnesota residents who are enrolled in programs meeting the criteria in 5 MCAR § 2.2703 C. Each school must maintain adequate records demonstrating the method of calculating the number of students. The records and underlying documents must be available to the board for inspection.

5 MCAR § 2.2705 Payment.

A. Amount of payment. The executive director shall pay, for each eligible student who is not a state grant-in-aid recipient, \$120 per student in a school granting an associate degree but not a bachelor's degree and \$150 per student in a school granting a bachelor's degree. In addition, the executive director shall pay, for each eligible student who is a state grant-in-aid recipient, \$400 per student in a school which grants an associate degree but not a bachelor's degree and \$500 per student in a school which grants a bachelor's degree. However, if the appropriation is insufficient to pay the full amount, the executive director shall reduce the payments in a manner which maintains the ratios among the four categories of students.

B. Time of payment. Ninety percent of the payment shall be made in the winter. It shall be calculated by using the number of

eligible students, certified by the school and verified by the executive director, and the preliminary number of fall grant-in-aid recipients. The final payment shall be made in the spring. It shall be based on the final number of fall grant-in-aid recipients and shall include any required adjustments.

Private Institutions Registration and Approval of Degrees and Names

5 MCAR § 2.2801 Scope.

Rules 5 MCAR §§ 2.2801-2.2811 govern a state program for registration of private and non-Minnesota public postsecondary institutions and approval of degrees granted and names used.

5 MCAR § 2.2802 Definitions.

A. Applicability. For the purposes of 5 MCAR §§ 2.2801-2.2811 the terms defined in this rule have the meanings given them.

B. Degree. "Degree" means any award given by a school which signifies or is generally taken to signify completion of a program or course and which is designated by the terms degree, associate, bachelor, baccalaureate, master, doctor, or education specialist.

C. School.

1. "School" means an individual, partnership, company, firm, society, trust, association, corporation, or any combination thereof operating or doing business in Minnesota which:

a. is, owns, or operates a private, nonprofit postsecondary education institution;

b. provides a postsecondary instructional program or course leading to a degree whether or not for profit;

c. is, owns, or operates a private postsecondary educational institution which uses the term "academy," "college," "institute," or "university" in its name or advertising; or

d. operates for profit and provides programs or courses which are intended to allow an individual to fulfill in part or totally the requirements necessary to maintain a license to practice an occupation.

2. "School" also means, except in 5 MCAR § 2.2804 B., a public or private postsecondary educational institution located outside Minnesota which offers programs, courses, or educational activities to residents of Minnesota and which does not require the student to leave the state for the major portion of the program, course, or activities.

5 MCAR § 2.2803 Who must register.

All schools shall register annually with the Higher Education Coordinating Board. Annually the board shall adopt by resolution and publish a list of registered schools. A school need not be approved to be registered.

5 MCAR § 2.2804 Requirements for registration.

A. Fees. The initial registration fee is \$200 and the annual renewal fee is \$150. Neither fee is refundable.

B. Plan to preserve permanent records. Each school located in Minnesota shall maintain permanent records for all students enrolled at any time. Records include school transcripts, documents, and files containing student data relating to academic credits earned, courses completed, grades awarded, degrees awarded, and periods of attendance. To preserve permanent records, a school shall submit a plan which meets all of the following:

1. at least one copy of the records held in a secure depository;

2. an appropriate official designated to provide a student with copies of records or a transcript upon request;

3. a method of complying with 1. and 2. should the school cease to exist; and

4. if the school has no binding agreement for preserving student records, a continuous surety bond in an amount not to exceed \$20,000 or a trust arrangement should the school cease to exist.

C. Information. Each school shall submit the following information accompanied by an affidavit attesting to its accuracy and truthfulness:

1. articles of incorporation, constitution, bylaws, or other operating documents;

2. a duly adopted statement of the school's mission and goals;

3. evidence of current school or program licenses granted by departments or agencies of any state;

4. a fiscal balance sheet on an accrual basis, or a certified audit of the immediate past fiscal year or, if the school is a public institution outside Minnesota, an income statement for the immediate past fiscal year;

5. all promotional and recruitment materials and advertisements;

6. the current school catalog and, if not contained in the catalog:
 - a. the members of the board of trustees or directors, if any;
 - b. the current institutional officers;
 - c. current full-time and part-time faculty with degrees held or applicable experience;
 - d. a description of all school facilities;
 - e. a description of all current course offerings;
 - f. all requirements for satisfactory completion of courses, programs, and degrees;
 - g. the school's policy about freedom or limitation of expression and inquiry;
 - h. a current schedule of fees, charges for tuition, required supplies, student activities, housing, and all other standard charges;
 - i. the school's policy about refunds and adjustments;
 - j. the school's policy about granting credit for prior education, training, and experience; and
 - k. the school's policy about student admission, evaluation, suspension, and dismissal.

D. Additional information. If the board is unable to determine the nature and activities of a school on the basis of the information in C., the board shall notify the school of additional information needed.

E. Verification of information. The board may verify the accuracy of submitted information by inspection, visitation, or any other means it considers necessary.

F. Public information. All information submitted to the board is public information except financial records and information. The board may disclose financial records or information to defend its decision to approve or disapprove granting of degrees or the use of a name or its decisions to revoke such approval at a hearing under Minnesota Statutes, chapter 14, or other legal proceedings.

G. Unauthorized representations. No school or any of its officials or employees shall advertise or represent in any manner that a school is approved or accredited by the board or the state of Minnesota. A school may represent that it is registered with the board by using the following language: "(Name of school) is registered with the Minnesota Higher Education Coordinating Board. Registration is not an endorsement of the institution. Registration does not mean that credits earned at the institution can be transferred to other institutions or that the quality of the educational programs would meet the standards of every student, educational institution, or employer."

5 MCAR § 2.2805 Approval of names and degrees.

A. In General. A school must be registered if it uses the term "academy," "institute," "college," or "university" in its name or if it grants a degree to a student in Minnesota, where the student has not left Minnesota for the major portion of the program or course leading to the degree. It also must substantially meet the criteria in B. In addition, it must meet the requirements in D. and E., as applicable. Annually the board shall adopt, by resolution, and publish a list of the schools approved to use regulated terms in their names and a list of schools approved to grant degrees with a list of the approved specified degrees.

B. Criteria for approval. The information submitted for registration is used to determine whether the following criteria are substantially met:

1. The school has an organizational framework with administrative and teaching personnel to provide the educational programs it purports to offer.

2. The school has financial resources sufficient to meet the school's financial obligations including refunding tuition and other charges consistent with its stated policy if the institution is dissolved or if claims for refunds are made, to provide service to the students as purported, and to provide educational programs leading to degrees as purported.

3. The school operates in conformity with generally accepted budgeting and accounting procedures, such as the standards adopted by the National Association of College and University Business Officers.

PROPOSED RULES

4. The school provides an educational program leading to the degree it purports to offer.

5. The school provides appropriate and accessible library, laboratory, and other physical facilities to support the educational program offered.

6. The school has a policy on freedom or limitation of expression and inquiry for faculty and students which is published or available on request.

7. The school uses for promotion and student recruitment only publications and advertisements which are truthful and do not give any false, fraudulent, deceptive, inaccurate, or misleading impressions about the school, its personnel, programs, services, or occupational opportunities for its graduates.

8. The school's compensated recruiting agents who are operating in Minnesota identify themselves as agents of the school when talking to or corresponding with students and prospective students.

9. The school provides information to students and prospective students concerning:

a. comprehensive and accurate policies relating to student admission, evaluation, suspension, and dismissal;

b. clear and accurate policies relating to granting credit for prior education, training, and experience and for courses offered by the school;

c. current schedules of fees, charges for tuition, required supplies, student activities, housing, and all other standard charges;

d. policies regarding refunds and adjustments for withdrawal or modification of enrollment status; and

e. procedures and standards used for selection of recipients and the terms of payment and repayment for any financial aid program.

C. Failure to meet criteria. Failure to meet any one of these criteria does not necessarily prevent a school from being approved. Rather, a judgment shall be made on the basis of a pattern which in the whole supports a legitimate educational program, sufficient finances, and sound institutional policies and practices.

D. Requirements for degree approval. The following additional requirements must be met by a school for each degree it offers to a student, where the student does not leave Minnesota for the major portion of the program or course leading to the degree:

1. qualified teaching personnel to provide the educational programs for each degree for which approval is sought;

2. appropriate educational programs leading to each degree for which approval is sought;

3. appropriate and accessible library, laboratory, and other physical facilities to support the educational program for each degree for which approval is sought; and

4. a rationale showing that degree programs are consistent with the school's mission and goals.

E. Requirements for name approval.

1. A school may use the term "academy" or "institute" in its name without meeting any additional requirements.

2. A school may use the term "college" in its name if it offers at least one program leading to an associate degree.

3. A school may use the term "university" in its name if it offers at least one program leading to a baccalaureate, master's, or doctorate degree.

4. A school, organized, operating, and using the term "academy," "institute," "college," or "university" in its name on or before August 1, 1975, may continue using such term whether or not it offers a program leading to a degree.

F. Conditional approval. The board may grant conditional approval for a degree or use of a term in its name for a period of less than one year if doing so would be in the best interests of currently enrolled students or prospective students.

G. Special advisory committee. The executive director may appoint a special advisory committee to review staff recommendations prior to board action upon the request of the school applying for board approval.

5 MCAR § 2.2806 Disapproval and appeal.

If a school's degree or use of a term in its name is disapproved by the board, the school may request a hearing under Minnesota Statutes, chapter 14. The request must be in writing and made to the board within 30 days of the date the school is notified of the disapproval.

5 MCAR § 2.2807 Withdrawal of approval.

A. Notice and hearing. The board may refuse to renew, revoke, or suspend approval of a school's degree or use of a

regulated term in its name by giving written notice and reasons to the school. The school may request a hearing under Minnesota Statutes, chapter 14. If a hearing is requested, no disapproval shall take effect until after the hearing.

B. Reasons for withdrawal. Withdrawal of approval may be for one or more of the following reasons:

1. violating the provisions of Minnesota Statutes, sections 136A.61 to 136A.71 or 5 MCAR § 2.2801-2.2811;
2. providing false, misleading, or incomplete information to the board;
3. presenting to prospective students information about the school which is false, fraudulent, misleading, deceptive, or inaccurate in a material respect;
4. refusing to allow reasonable inspection or to supply reasonable information after a written request by the board has been received.

5 MCAR § 2.2808 Information, forms, and procedures.

The executive director may issue public information, design application forms, review applications, secure information, make recommendations, set guidelines, and approve uses pursuant to 5 MCAR § 2.2805 E.4., and establish visitation teams.

5 MCAR § 2.2809 Schools licensed by another agency or department.

The board shall accept as final and not inquire into the substantive basis for a license granted to a school by any agency or department of the state or any other state.

5 MCAR § 2.2810 Schools licensed by commissioner of education.

A school required to be licensed by the commissioner of education is exempt from registration and approval unless it grants degrees.

5 MCAR § 2.2811 Voluntary compliance.

A school or educational program which is exempt under Minnesota Statutes, section 136A.653 is exempt from 5 MCAR §§ 2.2801-2.2810 but may voluntarily waive its exemption by registering. Upon registration the school or educational program is subject to all applicable requirements of Minnesota Statutes, sections 136A.61 to 136A.71 and 5 MCAR §§ 2.2801-2.2810.

Repealer. Rules 5 MCAR §§ 2.0101-2.0108; 2.0201-2.0209; 2.0301-2.0310; 2.0501-2.0507; 2.0701-2.0706; 2.0801-2.0806; 2.0901-2.0918; 2.0990; 2.1001-2.1008 are repealed.

Department of Labor and Industry Occupational Safety and Health Division

Proposed Revisions to the Occupational Safety and Health Standards

Request for Comments

Notice is hereby given that the Department of Labor and Industry proposes to adopt the following revisions to the Minnesota Occupational Safety and Health Codes, as authorized under Minn. Stat. § 182.655 (1982), establishing, modifying or revoking the Occupational Safety and Health Standards described below. This is an action to adopt standards that have already been proposed and adopted by the Federal Occupational Safety and Health Administration.

Complete copies of the specific standards, changes, additions, deletions and corrections are available by writing: Occupational Safety and Health Division, Department of Labor and Industry, 444 Lafayette Road, St. Paul, Minnesota 55101; or by calling: (612) 297-3254.

Interested persons are hereby afforded a period of 30 days to submit written data or comments on the standards proposed. Any interested person may file with the commissioner written objections to the proposed standards stating the grounds therefor and such person may request a public hearing on those objections.

Steve Keefe
Commissioner of Labor and Industry

PROPOSED RULES

Rules as Proposed

8 MCAR § 1.7001 Adoption of federal Occupational Safety and Health Standards by reference. The Minnesota Department of Labor and Industry Occupational Safety and Health Codes and rules are amended by incorporating and adopting by reference, and thereby making a part thereof, Title 29 of the Code of Federal Regulations as follows:

Part 1910—Occupational Safety and Health Standards as published in Volume 43, No. 206 of the Federal Register on October 24, 1978 and corrected in Volume 43, No. 216 on November 7, 1978 which incorporates changes, additions, deletions and corrections made up to November 7, 1978; and subsequent changes made prior to ~~December 31, 1981~~ December 31, 1982:

—Federal Register, Vol. 47, No. 173, dated 9/7/82—“Hazardous Materials; Attendant Exemption and Latch-Open Devices: 1910.106(g)(2) and 1910.106(g)(3)(vi)”

—Federal Register, Vol. 47, No. 219, dated 11/12/82—“Occupational Exposure to Lead; Respirator Fit Testing: 1910.1025(f)(3).”

—Federal Register, Vol. 47, No. 228, dated 11/26/82—“Exemption of Educational/Scientific Diving from Part 1910, Subpart T.”

—Federal Register, Vol. 47, No. 233, dated 12/3/82—“Occupational Exposure to Lead; Administrative Stay of Compliance Plans for Certain Industries: 1910.1025(e)(3)(i)(B) and (E).”

Part 1915—Occupational Safety and Health Standards for Shipyard Employment as published in Volume 47, No. 76 of the Federal Register on April 20, 1982 consolidating Part 1915, Part 1916 and Part 1917 into one, comprehensive standard designated as Part 1915.

Parts ~~1915, 1916, 1917 and~~ 1918—Safety and Health Regulations for ~~Maritime Employment~~ Longshoring as published in Part II, Volume 39, No. 119 of the Federal Register on June 19, 1974 which incorporates changes, additions, deletions and corrections made up to June 3, 1974; and subsequent changes made prior to ~~February 4, 1980~~ December 31, 1982:

—Federal Register, Vol. 42, No. 141, dated 7/22/77—“Commercial Diving Operations, which added sections ~~1915.59, 1916.59, 1917.59 and~~ 1918.99.”

—Federal Register, Vol. 43, No. 88, dated 5/5/78—“Occupational Exposure to Benzene, supersedes standards included in Parts ~~1915, 1916, 1917 and~~ 1918.”

Summary of Standards: The following summaries of the standards being proposed for adoption are very brief; complete copies of these standards are available as noted above.

A. “Hazardous Materials; Attendant Exemption and Latch-Open Devices—1910.106(g)(2) and 1910.106(g)(3)(vi) respectively.” On September 7, 1982, the Federal Occupational Safety and Health Administration (Federal OSHA) revoked a standard that exempts employers with private service stations (not accessible to the public) from having to provide a service station attendant—1910.106(g)(2). This exemption is unnecessary because there is no provision in the OSHA Standards that requires either public or private service stations to have an attendant. This requirement was originally adopted from the 1969 edition of the National Fire Protection Association Standard (NFPA-30) which contained both the exemption and a requirement that public service stations have an attendant. However, OSHA chose to adopt only the exemption since the requirement for service station attendants in public service stations was considered relevant to public safety and not directly related to employee safety. Therefore, since the standard, as adopted, did not require an attendant, the exemption is unnecessary.

In addition, Federal OSHA revised its standard on gasoline nozzles to permit the use of latch-open devices on delivery nozzles used by the public in self-service gasoline stations—1910.106(g)(3)(vi). The original standard, which prohibited latch-open devices unless dispensing was done by a service station attendant, was part of the National Fire Protection Association Standard (NFPA-30) “Flammable and Combustible Liquids Code, 1969 Edition,” adopted by Federal OSHA in 1971. When this standard was adopted, the self-service operation of gasoline pumps was rather limited; gasoline delivery, for the most part, was done by service station attendants. However, since 1969 a significant increase in the number of self-service gasoline outlets in the United States has resulted in changes to national consensus standards for flammable and combustible liquids including the lifting of the ban on the use of approved latch-open devices on pumps to be used by the public at self-service operations. This change became necessary because the public had begun using unapproved or unlisted prop-open devices such as gas caps, penknives, etc. which, in some cases, resulted in the improper function of the automatic-closing valve in the gasoline dispensing nozzles creating a potential for a hazardous spill. Therefore, Federal OSHA lifted the ban on latch-open devices because it believed that the ban imposed a burdensome requirement on the American consumer, it was unnecessary for employee safety since employees were already permitted to use latch-open devices on full-service nozzles, and

it addressed the area of public protection which is outside OSHA's jurisdiction. Further, the revised standard does not make the use of latch-open devices mandatory, but merely makes their use permissible; the final decision as to whether these devices will be installed and used will be made by the employer along with applicable local codes.

Minnesota OSHA hereby proposes to adopt the revisions described above; these revisions were adopted by Federal OSHA on September 7, 1982 and published at Federal Register, Volume 47, No. 173, on September 7, 1982.

B. "Occupational Exposure to Lead; Respirator Fit Testing—1910.1025(f)(3)." This amendment to the Occupational Exposure to Lead Standard allows employers to choose between quantitative fit testing or one of three qualitative fit test protocols—isoamyl acetate, saccharin solution aerosol, or irritant fume—to select appropriate and effective negative pressure half-mask respirators for lead-exposed employees.

The Occupational Exposure to Lead Standard, in part, requires employers to provide employees with respirators where engineering and work practice controls do not reduce employee exposure below the permissible exposure limit of 50 $\mu\text{g}/\text{m}^3$ (micrograms of lead per cubic meter of air). Respirators are a primary means of protecting employees under this rule because engineering controls and work practice requirements are phased-in over a period of years.

In order to help assure that respirators will provide employees with necessary protection, the standard requires employers to periodically perform quantitative fit tests (QNFT) on all users of negative pressure respirators. A quantitative fit test is a method for numerically measuring any leakage of the seal between the respirator facepiece and the wearer's face and is used to determine if the respirator assigned to the employee provides the protection factor specified in the respirator selection table found in Section 1910.1025(f)(2)(i). A qualitative fit test (QLFT) assesses the adequacy of the respirator fit by determining whether or not an individual wearing the respirator can detect the odor, taste, or irritation of a contaminant introduced into the vicinity of the wearer's head; if the contaminant is subjectively detected, the respirator fit is considered to be inadequate. Federal OSHA, in promulgating the Occupational Exposure to Lead Standard, decided to require QNFT rather than QLFT based on the conclusion that the former is more accurate than the latter.

In 1980, Federal OSHA was petitioned to reconsider or modify this provision in light of new information on improved forms of QLFT that may be an effective and less burdensome alternative to QNFT. Federal OSHA reopened the record to admit new updated information. All participants in the rulemaking were given an opportunity to comment on specific protocols or to suggest new ones. Only those protocols specified in the final rule have been adequately tested and, therefore, verified as being appropriate procedures. The specific qualitative fit test protocols included in the revised standard are: isoamyl acetate, saccharin solution aerosol, and irritant fume. Very specific protocols are required because the term "qualitative fit testing" would otherwise be so vague as to be virtually unenforceable and would be of little help in determining how to comply with the standard. The testing protocols must be performed exactly as listed in the Appendices to the standard because it is only these protocols which have had their performance substantiated quantitatively; failure to use all the steps and employ all the proper test conditions amounts to the use of different testing protocols with uncertain results and would not comply with the standard.

Minnesota OSHA hereby proposes to adopt this revision to the Occupational Exposure to Lead Standard, 1910.1025(f)(3), as published in the Federal Register, Volume 47, No. 219 on November 12, 1982.

C. "Educational/Scientific Diving Exemption; Subpart T of Part 1910." By final rule published on November 26, 1982, Federal OSHA is exempting scientific diving from coverage of 29 CFR Part 1910, Subpart T, "Commercial Diving," provided that the scientific diving is under the direction and control of a diving program utilizing a diving safety manual and a diving control board meeting certain specified criteria. This exemption is consistent with U.S. Coast Guard rules which exempt diving performed solely for scientific research and development purposes by educational institutions.

Comments, data and other information submitted to Federal OSHA substantiate a significant difference between commercial diving and scientific diving and verify that diving programs followed by the scientific community have resulted in an effective system of self-regulation. The educational/scientific diver is an observer and data gatherer who chooses the work area and diving conditions which will minimize environmental stresses and maximize the safety and efficiency of gathering data. By contrast, the commercial diver is an underwater construction worker, builder and trouble shooter whose work area and diving conditions are determined by the location and needs of the project.

The final rule defines scientific diving as "diving performed solely as a necessary part of a scientific, research, or educational activity by employees whose sole purpose for diving is to perform scientific research tasks. Scientific diving does not include performing tasks usually associated with commercial diving such as: placing or removing heavy objects underwater; inspection

of pipelines and similar objects; construction; demolition; cutting or welding; or the use of explosives." The standard also sets forth elements a scientific diving program must have in order to be exempted from Subpart T. First, the diving program must have a diving safety manual which includes, at a minimum, procedures covering all diving operations specific to the program, procedures for emergency care including recompression and evacuation, and criteria for diver training and certification. Secondly, the program shall include a diving control board (with the majority of its members being active divers) which shall have the authority to approve and monitor diving projects, review and revise the diving safety manual, ensure compliance with the manual, certify the depths to which a diver has been trained, take disciplinary action for unsafe practices, and assure adherence to the buddy system for SCUBA diving.

By this notice, Minnesota OSHA proposes to adopt this exemption of educational/scientific data from the requirements of Subpart T of 29 CFR Part 1910 as published in the Federal Register, Volume 47, No. 228, on November 26, 1982.

D. "Occupational Exposure to Lead—Administrative Stay of Compliance Plans for Certain Industries." On December 3, 1982, Federal OSHA administratively stayed the requirements of paragraphs 1910.1025(e)(3)(ii)(B) and (E) for primary and secondary lead smelting industries and the battery manufacturing industry. This portion of the Occupational Exposure to Lead Standard requires, among other things, that employers establish and implement a written compliance program to reduce employee exposures to or below permissible exposure limits by means of engineering and work practice controls in accordance with the implementation schedule included in 1910.1025(e)(1). To prepare such a written plan would involve the development of extensive information about specific means of implementing engineering controls and necessitate the expenditure of substantial monies to obtain the information through engineering studies and the likely expenditure of large sums for construction and implementation of engineering controls. This requirement is being stayed because Federal OSHA is presently reconsidering the Lead Standard which is directed, among other objectives, at improving the cost-effectiveness of the standard and at re-evaluating the feasibility of the standard in some industries. The resultant standard may make current requirements unnecessary. The imposition of this stay does not effect the required permissible exposure limit of 50 ug/m³ nor will it adversely affect the health of employees whose blood-lead levels have been, and continue to be, reduced by a combination of engineering, work practice and respirator protection controls.

Minnesota OSHA hereby proposes to stay the requirements of 1910.1025(e)(3)(ii)(B) and (E) as published in the Federal Register, Volume 47, No. 233, on December 3, 1982 pending publication of the reconsidered standard.

E. "Occupational Safety and Health Standards for Shipyard Employment—Part 1915." On April 20, 1982 Federal OSHA consolidated the existing standards pertaining to shipyard employment into a single, comprehensive standard in an effort to eliminate duplicative and overlapping provisions. In addition, nonsubstantive changes are also included. This action combines 29 CFR Part 1915 "Ship Repairing," Part 1916 "Shipbuilding," and Part 1917 "Shipbreaking" into one standard designated as Part 1915 "Occupational Safety and Health Standards for Shipyard Employment." The new, consolidated Part 1915 will apply to all three shipyard operations which are presently addressed separately in Parts 1915, 1916 and 1917. Editorial and other nonsubstantive language changes have been made to the individual standards to consolidate requirements pertaining to ship repairing, shipbuilding and shipbreaking. The substantive requirements of the specific standards, as well as their scope and application, have not been changed. Each standard in new Part 1915 will apply equally to ship repairing, shipbuilding and shipbreaking operations; where a certain standard or requirement applies to only one or two shipyard activities, the scope and application language has been added to delineate the precise coverage of the involved standard or requirement. In addition to editorial changes, minor changes include: 1) clarification of statutory authority; 2) changes to reflect the transfer of functions among Federal agencies; and 3) renumbering of the sections.

By this notice, Minnesota OSHA proposes to adopt the new, consolidated Part 1915 as published in the Federal Register, Volume 47, No. 76 on April 20, 1982. Adoption of this revised Part will replace existing Parts 1915, 1916 and 1917.

Proposed Amendment to Rules Governing the Valuation and Assessment of Electric, Gas Distribution and Pipeline Companies (Utility Companies)

Notice of Intent to Adopt Rules without a Public Hearing

Notice is hereby given that the State of Minnesota Department of Revenue proposes to adopt the above-entitled rules without a public hearing. The commissioner has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes 15.0412, subdivision 4h (1980).

Persons interested in these rules shall have 30 days to submit comments on the proposed rules. The proposed rules may be

PROPOSED RULES

modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language.

Unless seven or more persons submit written requests for a public hearing on the proposed rules within the 30-day comment period, a public hearing will not be held. In the event a public hearing is required, the agency will proceed according to the provisions of Minnesota Statutes section 15.0412, subdivision 4-4f.

Persons who wish to submit comments or a written request for a public hearing should submit such comments or request to:

Ronald Cook
Property Equalization Division
Department of Revenue
Centennial Office Building
St. Paul, Minnesota 55145
(612) 296-5137

Authority for the adoption of these rules is contained in Minnesota Statutes section 270.06 (14); 270.11, subd. 1 and 6; 273.33, subd. 2; 273.37, subd. 2; and 273.38. Additionally, a statement of need and reasonableness that describes the need for and reasonableness of each provision of the proposed rules and identifies the date and information relied upon to support the proposed rules has been prepared and is available from Ronald Cook at the above mentioned address, upon request.

Upon adoption of the final rules without a public hearing, the proposed rules, this notice, the statement of need and reasonableness, all written comments received, and the final rules as adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as proposed for adoption, should submit a written statement of such request to Ronald Cook, at the above mentioned address.

The proposed rules if adopted will effectively amend the current rules of the Department of Revenue relating to ad valorem (property) taxes imposed on utilities. The present rules deal generally with the valuation, allocation and apportionment of property of electric, gas distribution, pipelines and cooperative electric companies. The proposed rules if adopted would modify the income approach to value by increasing the capitalization rate by 1%.

Copies of the notice and the proposed rules are available and may be obtained by contacting Ronald Cook at the above-mentioned address.

Rule as Proposed

13 MCAR § 1.0003 Valuation.

A.-C. [Unchanged.]

D. Income approach to valuation. The income indicator of value will be estimated by weighting the net operating earnings of the utility company for the most recent three years as follows: most recent year, 40 percent; previous year, 35 percent; and final year, 25 percent. After considering, as far as possible, all conditions that may exist in the future that may affect the present annual return, including risk, life expectancy of the property, and cost of money, the capitalization rates used to compute value for the assessment will be: electric companies, ~~8.75~~ 9.75 percent; gas distribution companies, ~~9.0~~ 10.0 percent; and pipeline companies, ~~9.25~~ 10.25 percent. The income indicator of value computed in accordance with D. will be weighted for each class of utility company as follows: electric companies, 15 percent; gas distribution companies, 25 percent; and pipeline companies, 25 percent.

The following example illustrates how the income indicator of value would be computed for a pipeline company:

	1980	1981	1982
1. Net Operating Income	\$468,000	\$385,700	\$450,000
2. Capitalized Income @ <u>9</u> <u>10%</u>	<u>5,200,000</u>	<u>4,285,600</u>	<u>5,000,000</u>
	<u>4,680,000</u>	<u>3,857,000</u>	<u>4,500,000</u>

If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

PROPOSED RULES

3. Weighting Factor	25 percent	35 percent	40 percent
4. Weighted Capitalized Income	1,300,000 <u>1,170,000</u>	1,500,000 <u>1,349,950</u>	2,000,000 <u>1,800,000</u>
5. Total Income Indicator of Value			4,800,000 <u>4,319,950</u>

E. Unit value computation. The unit value of the utility company will be the total of the weighted indicators of value. The following is an example of the computation of the unit value for a pipeline company:

1. Cost Indicator of Value:

$$\$5,000,000 \times 75\% = \$3,750,000$$

2. Income Indicator of Value:

$$~~\$4,800,000~~ \quad 4,319,950 \times 25\% = ~~\$1,200,000~~ \quad 1,079,987$$

3. Unit Value of Pipeline Company:

$$100\% \quad ~~\$4,950,000~~ \quad 4,829,987$$

Any company whose cost indicator was modified under 13 MCAR § 1.0003 C. to reflect the average cost per kilowatt adjustment of a plant or plants located in Minnesota shall have an alternative unit value computation made without giving effect to the modification in respect of such plant or plants.

Rule as Proposed

13 MCAR § 1.0024 Valuation.

A.-B. [Unchanged.]

C. Income approach to valuation. The income indicator of value will be calculated by averaging the Net Railway Operating Income (as determined by the I.C.C.) of the railroad for the most recent five years preceding the assessment. This average income shall be capitalized by applying to it a capitalization rate which will be computed by using the Band of Investment Method. This method will consider:

1. The capital structure of railroads.
2. The cost of debt or interest rate paying particular attention to imbedded debt of railroads.
3. The yield on preferred stock of railroads.
4. The yield on common stock of railroads.

For ~~1979~~ 1983 and subsequent years this capitalization rate will be ~~11%~~ 12 percent.

An example of a computation of the capitalized income approach to value is as follows:

XYZ Railroad

Net Railway Operating Income

1974	\$ 1,500,000	<u>1,712,750</u>
1975	2,000,000	<u>2,212,750</u>
1976	2,600,000	<u>2,812,750</u>
1977	3,001,000	<u>3,213,750</u>
1978	2,600,250	<u>2,813,000</u>
Total	\$11,701,250	<u>12,765,000</u>
Average	\$ 2,340,250	<u>2,553,000</u>

Five year average Net Railway Operating Income Capitalized at ~~11%~~ 12 percent (~~2,340,250~~ 2,553,000 ÷ ~~11~~ 12%) equals \$21,275,000.

The income indicator of value computed in accordance with this rule shall be weighted 50 percent of the total estimated unit value of the railroad's property except in the case of bankrupt railroads or railroads having no net operating income as provided for in 13 MCAR § 1.0024 F.; and railroads not meeting the requirements for the use of the stock and debt indicator of value. Where no stock and debt indicator of value is used the income indicator will be weighted 75% percent.

ADOPTED RULES

The adoption of a rule becomes effective after the requirements of Minn. Stat. § 15.0412, subd. 4, have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule.

If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed.

If an adopted rule differs from its proposed form, language which has been deleted will be printed with strike outs and new language will be underlined, and the rule's previous *State Register* publication will be cited.

A temporary rule becomes effective upon the approval of the Attorney General as specified in Minn. Stat. § 15.0412, subd. 5. Notice of his decision will be published as soon as practicable, and the adopted temporary rule will be published in the manner provided for adopted rules under subd. 4.

Department of Commerce Office of Consumer Services

Adopted Rules Governing the Practice of Cosmetology

The rules proposed and published at *State Register*, Volume 7, Number 17, pages 625-649, October 25, 1982 (7 S.R. 625) are adopted with the following modifications:

Rules as Adopted

4 MCAR § 10.100 Definitions.

M. Demonstration. "Demonstration" means a presentation of less than eight hours duration, conducted by a recognized expert in the field, for the purposes of training cosmetology students or specialization by current licensees. The same demonstration may be repeated successive times which total more than eight hours. Demonstrations pursuant to nonretail sales are ~~not covered by this definition or exempt from~~ these rules.

Q. Licensed services. "Licensed services" means those services defined as the practice of cosmetology under Minnesota Statutes, ~~chapter~~ section 155A.03, subdivision 2 and includes the fitting of wigs and hair pieces on the head and the dressing of wigs and hair pieces while on the head.

U. ~~Unlicensed~~ Unregulated service. "~~Unlicensed~~ Unregulated service" means those services not defined as the practice of cosmetology under Minnesota Statutes, ~~chapter~~ section 155A.03, subdivision 2 and includes ear piercing, body wrapping, permanent depilation, tattooing, artificial tanning of the skin; personal services incidental to performance in theatrical or musical productions or media appearances; any personal services performed incidental to mortuary practice; and massage services.

4 MCAR § 10.102 Requirements for obtaining individual licenses.

C. Requirement for a manager. In addition to the requirements of A., the applicant shall provide documentation of a current ~~Minnesota~~ cosmetologist or manicurist license, and at least 2700 hours of licensed practice, in a licensed salon and supervised by a licensed manager, within the three years prior to this application. An individual wishing to manage a school shall also successfully complete an examination covering Minnesota laws and rules related to schools. The applicant shall pay the processing fee.

D. Requirements for an instructor. In addition to the requirements of A., the applicant shall pay a processing fee and shall successfully complete a practical examination demonstrating teaching skills and techniques as related to the instruction of cosmetology practices and provide documentation of:

3. a current ~~Minnesota~~ cosmetologist, manicurist, or esthetician license; and
4. at least 1800 hours of experience as a licensed cosmetologist, manicurist, or esthetician ~~in Minnesota~~ in a ~~Minnesota~~ licensed salon, supervised by a licensed manager, within the three years prior to this application.
5. individuals whose practitioner license is as manicurist or esthetician shall be restricted to instruction in the area of their practitioner license only.

E. Reactivation of license. An individual who has an "inactive" Minnesota license and/or whose most recent active license has expired by more than three years who wishes to resume the practice of cosmetology shall document completion of a refresher program of a minimum of 155 hours for a cosmetologist, 60 hours for an esthetician, or 35 hours for a manicurist in a licensed ~~Minnesota~~ school of cosmetology. The documentation shall include a certification of skills.

4 MCAR § 10.103 Requirements for obtaining a license on the basis of reciprocity.

B. Compliance with state rules. The applicant shall demonstrate compliance with 4 MCAR § 10.102 A. ~~2-6~~ 2., 3., 5., and 6. and shall successfully complete a written examination demonstrating knowledge of Minnesota Statutes and rules pertinent to the practice of cosmetology at the level of the license sought.

d. Specific requirements for instructor. An applicant for an instructor's license shall provide evidence of 48 hours of training comparable to the requirement of 4 MCAR § 10.102 D.2., and 1800 hours of licensed or lawful practice as a cosmetologist, manicurist, or esthetician in a salon within the three years prior to application.

4 MCAR § 10.105 License renewal for individuals.

B. Practical and educational requirements. The licensee shall establish that his or her knowledge and skills are up to date, by meeting the following requirements no later than the expiration of his or her current license:

1. a cosmetologist, manicurist, esthetician, or manager shall provide documentation of having ~~either~~ practiced in a licensed salon, or school for school managers, for at least 1800 hours at any time within the three years prior to the license expiration, or 400 hours acquired through approximately regular weekly experience within each of the last three years, or successfully completed an approved refresher course, of at least 40 hours, within the three years prior to the license expiration;

2. an instructor shall pay the processing fee and shall provide evidence of having successfully completed 45 hours of continuing education approved by the office, including at least 15 hours of teaching-related material and 15 hours related to analysis and use of professional clinical products;

~~3. a salon manager shall pay the examination fee and shall successfully pass a written examination covering Minnesota laws and rules pertinent to cosmetology salons prior to license renewal;~~

~~4. a school manager shall pay the examination fee and shall pass a written examination covering Minnesota laws and rules pertinent to cosmetology schools and salons prior to license renewal.~~

~~D. Health examination. The licensee shall provide evidence on a standardized form from a physician that he or she is free from communicable diseases and parasites.~~

~~E. D.~~ Method of determining timely renewal. The postmark date on the transmittal envelope of the renewal request and fee shall be determinative in ascertaining whether receipt was prior to the current license expiration date.

~~F. E.~~ An applicant who has ceased all practice of cosmetology and who wishes to receive an inactive license shall meet the requirements of A., C., and ~~ED~~. An inactive license shall not authorize any individual to engage in the practice of cosmetology as defined in Minnesota Statutes, ~~chapter~~ section 155A.03, subdivision 2.

4 MCAR § 10.106 Lapsed practitioner license.

A. Failure to renew. Failure to renew a practitioner license prior to its expiration date results in a lapsed license. The applicant shall comply with the requirements of 4 MCAR § 10.105 B. ~~and D.~~ and:

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

ADOPTED RULES

2. if more than 30 days have elapsed, the individual shall not practice cosmetology until he or she has applied for and received a new license in accordance with the provisions of 4 MCAR § 10.102 A.3.-6. and, if applicable, E.

C. Penalty. The manager of a salon or school shall pay a penalty of \$25 for each licensee whose license is past the expiration date and who is individual practicing in the salon or school who was not properly licensed at the time he or she commenced this practice.

~~4~~ MCAR § 10.107 Retail sales:

It is not a violation of Minnesota Statutes, chapter 155A or these rules for an individual to demonstrate the application of a beauty coloring product, incidental to the original retail selling efforts for the product, if:

- ~~1.~~ the individual is employed by a manufacturer, wholesaler, retailer, or distributor;
- ~~2.~~ the individual has received a minimum of 16 hours of color application, safety, and sanitation training before conducting any application demonstrations on the public in accordance with Minnesota law;
- ~~3.~~ the store in which the individual is employed shall maintain documentation of training;
- ~~4.~~ appropriate sanitation procedures are followed:
 - a. purchasers themselves apply disposable headbands or other disposable items to secure their hair if necessary for the demonstration;
 - b. applicators for the products are either disinfected or disposed of after each purchaser;
 - c. the individual who is demonstrating the products cleanses his or her hands immediately before each application;
 - d. a used disposable towelette is thrown away or a clean towel is used for each hand cleansing; and
 - e. an appropriate receptacle is used for the disposal of items; and
- ~~5.~~ no direct skin contact application of the product is performed on a purchaser or potential purchaser except by the purchaser.

In the alternative, if the product is applied only to a model who is also employed as part of the sales process, then the product application is not violative of Minnesota Statutes, chapter 155A and these rules.

4 MCAR § 10.109 Reinstatement after denial, suspension, revocation of license.

A. after suspension of license, by meeting the following requirements:

4. if the suspended license has expired by no more than 30 days, an individual applicant shall comply with 4 MCAR § 10.105 B. ~~D C.~~; a salon shall comply with 4 MCAR § 10.120; and a school shall comply with 4 MCAR § 10.135;

B. after revocation or if the suspended license has expired by more than 30 days, by meeting the following requirements:

2. the applicant shall make application for relicensure, in writing and on forms provided by the office as if no license had been previously issued;
3. the applicant shall pay the reinstatement fee and the license fee; ~~and~~
4. the salon or school applicant shall meet the requirements for initial licensure; and
5. the individual applicant shall meet the requirements of 4 MCAR § 10.102 A.3.-6. and, if applicable, E., and the renewal requirements of 4 MCAR § 10.105 B.

4 MCAR § 10.111 Requirements for salon licensure.

A. General requirements for all salon licenses. The requirements of 4 MCAR §§ 10.111-10.115, and 10.117, and 10.118 shall be met by all applicants proposing to establish a salon. Upon compliance, the office will issue a provisional license which will enable the salon to open for business. The salon's compliance with all applicable provisions of Minnesota Statutes, chapter 155A and these rules shall be confirmed by an operational inspection by the office staff. A permanent license for the balance of the three-year license cycle shall be issued upon confirmation of the salon's compliance.

B. Application. The person, association, firm, or corporation proposing to establish a cosmetology or manicure salon shall apply in writing to the office, on forms supplied by the office, giving the following information:

1. the name of the salon, its address, and names and addresses of all owners of sole proprietorships or partnerships and controlling officers of corporations;
2. notarized signatures of the owners of sole proprietorships or partnerships and the controlling officers of corporations;
4. evidence of the salon's compliance with local ~~fire, zoning, health, and building codes, or in the absence of~~

ADOPTED RULES

~~local codes, with the corresponding state codes zoning requirements and the regulations of the Minnesota Department of Health, State Building Code and Standards, and the State Fire Marshall;~~

D. Evidence of workers' compensation insurance. If applicable, the applicant shall provide evidence of his or her compliance with Minnesota Statutes, section 176.182.

4 MCAR § 10.113 Physical requirements.

B. Entrance and exits. Each salon shall have at least two entrance/exit points ~~which shall comply with state fire code requirements and local building code requirements. A salon located in a basement may have a window for one of its two exits.~~

F. Plumbing, water supply.

1. ~~All plumbing fixtures shall be of impervious material, and installed in accordance with local plumbing ordinances, and shall not constitute a cross-connection.~~

2. There shall be clean, hot, and sanitary running water provided in the work area, dispensary area, and toilet facilities.

~~3.~~ 2. Each salon shall provide ~~adequate~~ toilet facilities, on its premises or in an adjacent common area, which are ~~not used for no other any unrelated purpose such as storage or as a dispensary.~~ The toilet facilities shall ~~comply with the requirements of the state building code and the Occupational Safety and Health Administration~~ be clean and sanitary and shall contain, at a minimum, a commode, lavatory, soap dispenser, single-service sanitary towels, and a waste basket. ~~The door shall be kept closed at all times or the rest room shall be screened from view.~~

~~4 MCAR § 10.115 Supplies and materials.~~

A salon shall meet the following minimum requirements:

~~A. brush rollers shall not be allowed; and~~

~~B. there shall be at least two dozen clean towels per operator per day.~~

4 MCAR § 10.116 Operational requirements for salons.

A. Operational requirements. It is the responsibility of the manager of the salon and of each operator to comply with the following operational requirements:

2. all combs and brushes and brush rollers shall be cleaned and disinfected after use on each person. Hair shall be removed from all implements before disinfecting;

8. all electrical tools and implements shall be kept on stands or hangers or otherwise be stored properly when not in use. One six-foot grounded heavy duty extension cord may be used in a work station if necessary to service a client with an implement actually in use. The extension cord shall not extend beyond the area of the work station;

Department of Natural Resources

Commissioner's Order No. 2139

Regulations for the Taking of Bear during 1983

Pursuant to authority vested in me by law, I, Joseph N. Alexander, Commissioner of Natural Resources, hereby prescribe the following regulations for the taking of bear during 1983.

Section 1. DEFINITIONS.

a. Legal firearms. A firearm or ammunition may be used to take bear if it meets the following requirements:

- (1) Handguns, rifles, shotguns and all projectiles used therein shall be at least 23/100ths of an inch in caliber;
- (2) All firearms shall be loaded only with ammunition containing single projectiles;
- (3) All projectiles shall be of a soft point or an expanding bullet type;
- (4) All ammunition shall have a case length of at least 1.285 inches; and

(5) Muzzleloaders must be incapable of being loaded at the breech. Smooth-bore muzzleloaders shall be at least .45 caliber and rifled muzzleloaders shall be at least .40 caliber.

It is unlawful to take bear with a .30 caliber M-1 carbine cartridge or with any other firearm or ammunition which does not meet the requirements set forth in this section.

b. Legal bow and arrow. Bows must have a pull of no less than 40 pounds at or before full draw. It shall be unlawful to hunt bear with a bow and arrow while in possession of or having under control any firearm, to hunt with any bow drawn, held, or released by a mechanical device, or to hunt with any poisoned arrow or arrow with explosive tip. Arrow heads must be made of all steel barbless design, the blade or blades of hiearbon steel not less than one inch wide for single two edge blade and not less than three inch circumference for three or more blades, minimum weight of all types of 110 grain. Provided, that arrow

heads with blades of mill tempered spring steel containing a plastic core or ferrule, conforming to the above dimensions, and with a minimum weight of 90 grain may be used. All arrow heads used for bear hunting shall be kept sharp.

c. Drawing. Computerized random drawing conducted by the Department of Natural Resources to determine those who will be eligible to apply for a bear license.

Sec. 2. BEAR HUNT DRAWING AND LICENSING.

a. Persons desiring to hunt bear must take part in one of the license application drawings. A drawing will be held for each of the permit areas described in Section 3, and will be subject to the quotas set forth in Section 4.

b. Anyone, resident or nonresident, who is at least 12 years old prior to September 1, 1983, and whose big game hunting privileges are not suspended pursuant to M.S. Section 98.52 is eligible to enter the drawing. Preference will be given to applicants who applied correctly for a bear hunting license in 1982 but were not selected.

c. Applications for the drawing must be made on the form provided by the Department of Natural Resources and all information requested must be supplied. A driver's license number or a Department of Public Safety identification number is necessary if an unsuccessful applicant is to gain preference in the next season's drawing.

d. Each applicant may apply only once and for only one of the permit areas. Any person who submits more than one application in any one year shall be ineligible to receive a bear license in that year and shall be guilty of a misdemeanor.

e. Applications must be returned to the DNR License Center in St. Paul. If mailed, applications must be submitted in envelopes and postmarked no later than May 2, 1983. If hand-delivered, applications must be delivered no later than 4:30 p.m., May 2, 1983.

f. Persons may apply individually or as part of a group totaling no more than four persons. Those who wish to apply as a group must submit their applications for the drawing together in one envelope. All applications submitted in one envelope will be treated as a group provided they are all for the same permit area. The individual within a group with the lowest preference rating will determine the preference rating of the group. Either all members of the group will be drawn or none will.

g. Successful drawing applicants will receive a license application with instructions for obtaining their licenses. Successful applicants who do not return the license application and the fee by the deadline specified on the application or who do not provide all of the requested information will be disqualified and replaced from a list of alternate applicants. Anyone 15 years of age and under must have a firearms safety certificate before applying for the license. No person may hunt bear without having first received a bear hunting license.

Department of Natural Resources

SUPREME COURT**Decisions Filed Friday, April 1, 1983**

Compiled by Wayne Tschimperle, Clerk

C2-82-1624 State of Minnesota, Appellant, v. Steven Leonard Boyd. Faribault County.

In prosecution of defendant for criminal sexual conduct in the third degree for sexually penetrating a 14-year-old girl, scientific evidence that defendant is the father of a baby which was subsequently born to the victim is admissible to prove that sexual penetration occurred, provided however that the expert evidence must not take the form of statistical evidence suggesting, by quantification, satisfaction of the requirement that guilt be established beyond a reasonable doubt.

SUPREME COURT

Remanded for trial. Amdahl, C. J.

C4-82-1642 State of Minnesota v. Glenn Melvin Peterson, Appellant. Ramsey County.

Trial court, in computing defendant's criminal history score for the purpose of determining defendant's presumptive sentence, properly assigned defendant one point for his juvenile record.

Affirmed. Amdahl, C. J.

C0-82-102 In Re the Marriage of: Judith M. Janssen, Petitioner, v. George R. Janssen, Appellant. Hennepin County.

A nonvested, unmatured pension right is marital property within the meaning of Minn. Stat. § 518.54, subd. 5 (1982), and this contingent interest may be divided in a proceeding for marital dissolution.

The judgment is affirmed in part, vacated in part, and remanded for further proceedings not inconsistent with this opinion. Peterson, J.

C1-82-609 Waseca Mutual Insurance Company, Appellant, v. David Noska and Donald Noska, individually and d.b.a. Don's Store, et al., Lawrence John Smith and Iona Marie Smith, Harlan F. Killian and Myrna Killian, State Farm Fire and Casualty Company and George A. Melin, Jr., and Sylvia Melin, Shelby Mutual Insurance Company, State of Minnesota, Melvin Etzler, et al. Todd County.

Under the unusual circumstances of this case, where the injury is causally connected both to the use of a motor vehicle and to nonvehicle-related acts at the insured's homestead, both the automobile liability policy insurer and the homeowner's policy insurer have a duty to defend insured and to indemnify him, up to their respective policy limits, for judgments which may be rendered against him.

The amount of coverage under the homeowner's policy is limited to the preexisting coverage rather than coverage in an increased amount which was procured following a fire giving rise to a claim against the insured, since the finding of the trial court negating fraud on the part of the insured necessarily precludes a finding of the meeting of the minds essential to formation of a contract of insurance.

Affirmed in part as modified; reversed in part. Peterson, J. Took no part, Simonett, J.

C4-82-927 Shirlee Maland, as personal representative of the Estate of Thilmer J. Maland, Relator, v. The Commissioner of Revenue. Minnesota Tax Court.

There is a presumption in favor of the constitutionality of any tax.

This court will not find that a differentiation between residents and non-residents violates the Privileges and Immunities Clause, U.S. Const. art. IV, § 2, cl. 1, where there is a substantial reason for the differing treatment.

The denial of a partial marital deduction to spouses for non-residents reflected a legitimate concern on the part of the legislature that, since non-residents are only taxed on tangible personal property located in Minnesota, such non-residents might be taxed at a lower rate than residents on assets of equivalent value.

The concern that non-residents would enjoy a lower tax rate than residents constitutes a substantial reason for a statutory differentiation that, in turn, does not violate the Privileges and Immunities Clause.

Affirmed. Yetka, J.

C1-81-1345 State of Minnesota v. Michael Risken, Appellant. Dakota County.

Court did not err in accepting guilty plea where defendant freely admitted his guilt and thereby established a factual basis for the plea, and postconviction court did not err in refusing to permit petitioner to withdraw his plea 6½ years later notwithstanding the claim of recantation by certain witnesses who would have testified against petitioner if he had gone to trial rather than pleaded guilty.

Affirmed. Scott, J.

C0-82-469 Milbank Mutual Insurance Company v. United States Fidelity and Guaranty Company, et al., Appellants, Philip Carlton Solum, Township of Cromwell, Charles Virgil Jensen, by Delores Winjum, his guardian ad litem, Rebecca Marie Jensen, by Charles B. Odegaard, her guardian ad litem, et al. Clay County.

Under Minn. Stat. § 170.54 (1982), when an owner of a motor vehicle, either himself or by an authorized agent, initially consents to its use by a permittee, subsequent use by the permittee, short of conversion or theft, remains permissive, notwithstanding the subsequent use was not within the contemplation of the parties or was outside any limitations placed upon the initial grant of permission. Thus, under the statute the owner is vicariously liable for the permittee's negligence in the operation of the vehicle.

When an automobile liability insurance policy contains an omnibus clause extending coverage to persons who have permission

of the named insured to operate the insured vehicle, Minnesota follows the "initial permission" rule which makes the insurer liable to defend and indemnify the permittee, absent conversion or theft.

Affirmed. Kelley, J.

C5-82-1214, C7-82-1215 State of Minnesota v. Robert Junior Banks, Appellant. Ramsey County.

In sentencing defendant for two offenses using the so-called *Hernandez* method of computing defendant's criminal history score, the trial court properly concluded that the two offenses were not committed as part of a single behavioral incident or course of conduct.

Comments by the prosecutor to the trial court at the time of sentencing, while technically in violation of a promise by the prosecutor not to make any recommendation as to the sentence defendant should receive, clearly did not affect the sentence defendant received and therefore do not require a remand for resentencing.

Affirmed. Kelley, J. Dissenting, Wahl, J., and Coyne, J.

Department of Health Emergency Medical Services Section

Notice of Request for Proposals for Regional Emergency Medical Services Implementation Grants

The Commissioner of Health is requesting proposals for one year regional emergency medical services (EMS) grants for the EMS regions of Minnesota. These regions are defined in the map attached as Exhibit I. Grants for the first year of a three year implementation period will be available for the southeastern, south central, and west central regions of the state, at an annual rate of \$100,000, following successful completion of current planning projects.

Regional EMS implementation grants will provide financial support for the initial implementation and development of regional systems of emergency care. Development of these regional EMS projects must be based on a recently developed or updated regional EMS plan. The end product of these grants, a regional system of emergency care, will be a functional organization incorporating trained personnel, transportation, communications, public involvement, public safety coordination, and continued system management into ongoing EMS program.

Transitional implementation grants will be available for the northeastern, northwestern, central, and southwestern regions of the state at an annual rate of \$50,000, beginning June 30, 1983. Transitional EMS regional grants will provide financial support for regional EMS projects that have completed three years of regional EMS system development (as described above) and are in the process of developing a structure that will provide on-going EMS system maintenance. These projects will therefore be in transition between regional EMS development and regional EMS system maintenance. Transitional grants will be awarded for a one year period, following which these regions will be eligible for on-going maintenance grants.

A regional EMS maintenance grant will be available to the metropolitan region of the state at an annual rate of \$25,000. Regional EMS maintenance grants will provide funding for on-going system maintenance for those regions that have fully completed the regional EMS system development process.

This request for proposal (RFP) does not obligate the commissioner to fund the projects and the commissioner reserves the right to cancel the solicitation if she considers it to be in the best interest of the state to do so.

I. Scope of the Project.

The purpose of these grants is to implement and maintain regional EMS programs in the aforementioned regions of the state. Additional funding in subsequent years will presumably be available to complete the implementation of, and maintain regional EMS programs.

II. Objective

The ultimate objective of these grants is to reduce death and disability due to medical emergencies by promoting the prevention of medical emergencies and by improving the quality of emergency medical care. In particular, improvements are expected in the cost-effective care of trauma and out-of-hospital cardiac arrest patients.

III. Grantee Qualifications

Applications will be considered from not-for-profit corporations or governmental entities. Proprietary corporations are ineligible as the primary grantee under the federal block grant legislation which supports this program. The regional EMS project must provide services in all counties in the region, and will have demonstrated support of most local boards of health/CHS agencies and other organizations and agencies that are actively involved in EMS in the region.

IV. Proposal Contents

Respondents must include the following minimum contents in proposals. Please note that item D., Updated Regional EMS plan, pertains only to transitional and maintenance grants.

A. Executive Summary

B. Grantee Information

1. Project Administration/Management

OFFICIAL NOTICES

- a. Administrative structure
- b. Qualifications of:
 - (1) Project Staff
 - (2) Medical Director
 - (3) Clinical Consultants (trauma, cardiac)
- c. Regional Advisory Committees

C. Budget

- 1. Program Budget—task and line item breakdown
- 2. Budget narrative

D. Updated Regional EMS Plan (Transitional and Maintenance grants only)

1. Updated regional EMS plans should address the following EMS program components as identified in the State EMS Plan:

- a. Trained personnel (physicians, nurses, EMTs, EMT-Is, paramedics, first responders, dispatchers)
- b. Transportation
- c. Public safety coordination
- d. Communications
 - (1) Systems access (911)
 - (2) Regional EMS radio communications planning approach
 - (3) Regional medical control
 - (4) Medical control resource hospital
- e. Public involvement
- f. Facilities access (address critical care systems planning for trauma and cardiac illness)
- g. System management

In addressing the program components listed under 1, above, respondents should include sections on: current status; desired status; needs/problems; steps in progress; objectives; and evaluation measures (input, process, outcome) for each program component.

E. Work plan

- 1. Description of methods proposed to achieve the objectives listed in the regional EMS plan
- 2. Timetable for completing objectives

F. Appendices (all grants)

- 1. Letters of support
- 2. Articles of incorporation, joint powers agreements, etc. (if appropriate)

V. Submission of Proposals

Interested parties must submit proposals to the commissioner according to the schedule described in Table 1 below. Proposals should be addressed directly to Mr. Stoffels in the EMS Section. Three copies of the proposal must be submitted to the Minnesota Department of Health. Prices and terms of the proposal as stated must be valid for the length of the program.

Department of Agriculture Agronomy Services Division

Notice of Special Local Need (SLN) Registration for "D-B Green plus Vitavax"

Pursuant to Minnesota Statutes § 18A.23, and 3 MCAR § 1.0338 B., the Minnesota Department of Agriculture, on March 24, 1983, issued a Special Local Need (SLN) Registration for "D-B Green plus Vitavax," manufactured by Agsco, Inc. and Uniroyal Chemical respectively.

The Commissioner of Agriculture, based upon information in the application, has deemed it in the public interest to issue such a registration, and has deemed that the information in the application indicates that the pesticide does not have the potential for unreasonable adverse environmental effects.

In addition to the uses prescribed on the product label, this Special Local Need (SLN) Registration permits the blending of these two individual products into one ready-to-use seed treatment formulation.

The application and other data required under Minnesota Statutes §§ 18A.22, subdivision 2(a-d), 18A.23, and 40 CFR 162.150-162.158, subpart B, relative to this registration (identified as SLN No. MN83-0007) is on file for inspection at:

Minnesota Department of Agriculture
Agronomy Services Division
Pesticide Control Section
90 West Plato Boulevard
Saint Paul, Minnesota 55107
Telephone: (612) 296-8312

A federal or state agency, a local unit of government, or any person or group of persons filing with the commissioner a petition that contains the signatures and addresses of 500 or more individuals of legal voting age has thirty (30) days to file written objections with the Commissioner of Agriculture regarding the issuance of this Special Local Need Registration. Upon receipt of such objections and when it is deemed in the best interest of the environment or the health, welfare, and safety of the public, the Commissioner of Agriculture shall order a hearing pursuant to Minnesota Statutes, Chapter 15, for the purposes of revoking, amending, or upholding this registration.

Bulletin No. 2737: Maximum Lawful Rate of Interest for Mortgages and Contracts for Deed for the Month of April 1983

Notice is hereby given that pursuant to section 47.20, subd. 4a, Minnesota Statutes 1982, the maximum lawful rate of interest for conventional home mortgages for the month of April 1983 is thirteen and three-quarters (13.75) percentage points. Further, pursuant to section 47.20, Minnesota Statutes, the maximum lawful rate of interest for contracts for deed for the month of April 1983 is thirteen and three-quarters (13.75) percentage points. This is the same rate as set for March 1983.

It is important to note that this maximum lawful rate does not apply to all real estate loans and contracts for deed. Under Minnesota's interest rate moratorium, which is identical to the Federal Usury Preemption, in most instances any rate may be charged on real estate mortgages and contracts for deed that constitute first liens.

IMPORTANT NOTICE

The Federal National Mortgage Association has discontinued its biweekly free-market auctions on which Minnesota's conventional mortgage loan and contract for deed maximum rates have been based. Therefore, as provided in section 47.20, subd. 4a, Minnesota Statutes, the rate of 13.75 percent will remain the maximum lawful interest rate until Minnesota law is amended to replace the rate setting mechanism.

Notice Regarding Cycle V of the Institutional Building Grants Program

Schools and hospitals are eligible to compete for approximately \$3.5 million in maxi-audit (Technical Assistance) and Energy Conservation Measures grants. Federal grants for fifty percent of project costs will be awarded on a competitive basis. The remaining fifty percent must be provided by local, non-federal resources. Some hardship grants of up to ninety percent federal funding will be available. Local governments and public care institutions are NOT eligible for grants in this cycle. The Cycle V application deadline is Friday, May 13, 1983 at 4:30 p.m.

Notice of Approval of Metropolitan Council's 208 Plan (Part 2) and Recommendation for Certification by the Governor

On March 22, 1983, pursuant to Section 208(a)(4) and 40 CFR Part 35, the Minnesota Pollution Control Agency (MPCA) approved the Metropolitan Council's 208 Water Quality Management Plan (WQMP), Part 2, and recommended it to the governor for certification as conditioned. The MPCA approval of the plan is conditioned on the fact that it is to be a guidance document for Watershed Management Organizations in the development of watershed plans pursuant to Minn. Stat. § 473.875 *et seq.* (1982).

It is expected that the governor will certify the plan and forward it to the U.S. Environmental Protection Agency (EPA) by April 21, 1983. Once the plan has been certified by the governor the plan becomes the state certified plan which is to be used as guidance material by Watershed Management Organizations in the Metropolitan Area. The plan contains discretionary guidance material by the Watershed Management Organizations which may be of assistance in the development of their watershed plans pursuant to Minn. Stat. § 473.875 *et seq.* (1982). The plan also includes policies that will be used by the Metropolitan Council in their review of project proposals.

Copies of the Metropolitan Council's 208 Plan (Part 2) are on file at the MPCA (contact Dave L. Johnson, 296-7209) and the Metropolitan Council (Marcel Jouseau, 291-6402).
