NOTICE

How to Follow State Agency Rulemaking Action in the State Register

State agencies must publish notice of their rulemaking action in the State Register. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION also.

The PROPOSED RULES section contains:
- Calendar of public hearings on proposed rules.
- Proposed new rules (including notice of hearing and/or notice of intent to adopt rules without a hearing).
- Proposed amendments to rules already in existence in the Minnesota Rules.
- Proposed emergency rules.
- Withdrawal of proposed rules (option; not required).

The ADOPTED RULES section contains:
- Notice of adoption of new rules and rule amendments adopted without change from the previously published proposed rules.
  (Unchanged adopted rules are not republished in full in the State Register unless an agency requests this.)
- Adopted amendments to new rules or rule amendments (adopted changes from the previously published proposed rules).
- Notice of adoption of emergency rules.
- Adopted amendments to emergency rules (changes made since the proposed version was published).
- Extensions of emergency rules beyond their original effective date.

The OFFICIAL NOTICES section includes (but is not limited to):
- Notice of intent to solicit outside opinion before promulgating rules.
- Additional hearings on proposed rules not listed in original proposed rules calendar.

ALL ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES published in the State Register and filed with the Secretary of State before July 31, 1983 are published in the Minnesota Rules 1983. ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES filed after July 31, 1983 will be included in a supplement scheduled for publication in mid-1984. Proposed and adopted EMERGENCY (formerly called TEMPORARY) RULES appear in the State Register but are generally not published in the Minnesota Rules 1983 due to the short-term nature of their legal effectiveness. Those that are long-term may be published.

The State Register publishes partial and cumulative listings of rule in the MINNESOTA RULES AMENDMENTS AND ADDITIONS list on the following schedule:

<table>
<thead>
<tr>
<th>Issues 1-13, inclusive</th>
<th>Issue 39, cumulative for 1-39</th>
</tr>
</thead>

<tr>
<td>Issues 14-25, inclusive</td>

<td>Issue 26, cumulative for 1-26</td>
<td>Issue 52, cumulative for 1-52</td>
</tr>
<tr>
<td>Issues 27-38, inclusive</td>

</table>

The listings are arranged in the same order as the table of contents of the Minnesota Rules 1983.

PROPOSED RULES

Pursuant to Minn. Stat. of 1982, §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the State Register. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the State Register.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the State Register and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

The Department's position regarding the impact of the rules on small business is set forth in the Statement of Need and Reasonableness.

All interested or affected persons will have an opportunity to participate by presenting oral and/or written evidence at the hearing. Questioning of agency representatives or witnesses, and of interested persons making oral statements will be allowed in order to explain the purpose or intended operation of the proposed rules, or a suggested modification, or for other purposes material to the evaluation or formulation of the proposed rules.

As a result of the hearing process, the proposed rule may be modified. Written material may be submitted to the Administrative Law Judge and recorded in the hearing record for five working days after the public hearing ends. The comment period may be extended for a longer period not to exceed 20 calendar days if ordered by the Administrative Law Judge at the hearing. Following the five to twenty-day submission period, there will be a three-day period in which the Commissioner and interested persons may respond in writing to any new information submitted. During the three-day period, the agency may indicate in writing whether there are any amendments suggested by other persons which the agency is willing to adopt. Additional evidence may not be submitted during the three-day period. The written responses will be added to the record of the proceeding.

The commissioner may suspend or revoke an insurer’s certificate of authority, and/or impose a civil penalty in an amount not to exceed $5,000, for an insurer’s failure to pay the assessment within the 30-day period.

An agreement must be entered into by the day service provider, the ICF/MR whose residents will receive day training and habilitation services under the agreement, and the county where the ICF/MR is located, as specified under Minnesota Statutes, section 256B.501, subdivision 5, paragraph (d). This agreement must be completed annually on forms provided by the commissioner and must include at least the information in items A to F:

A. The rates must be based on the criteria in part 9525.1270.

B. The county board shall recommend three payment rates for each day service provider: a full-day service rate, a partial-day service rate, and a transportation rate as defined in part 9525.1210, subpart 12. If a day service provider serves both preschool children and adults, the county board shall recommend separate payment rates for the preschool clients and the adult clients.

C. The county board’s rate recommendation to the commissioner must include comments from the day service provider indicating the day service provider’s agreement or disagreement with the county board’s rate recommendations.

D. The recommended rates for medical assistance must not exceed the rates to be paid by the county board from nonmedical assistance sources for the same services from the same day service provider in the same contract period.

E. The county board shall submit rate recommendations to the commissioner by November 1 of each year and at least 60 days before a recommended rate revision or rate for a new day service provider is to be effective.

F. The county board may submit revised rate recommendations to the commissioner if the revised rates still comply with items A to E.

Subp. 2. Alternative rate structure. The county board may recommend to the commissioner in writing an alternative rate structure than that required in subpart 1, item B, in accordance with Minnesota Statutes, section 256B.501, subdivision 7. The commissioner shall approve such an alternative if the county board shows by a preponderance of evidence that it:

A. complies with all requirements of parts 9525.1200 to 9525.1330 other than subpart 1, item B;

B. complies with Minnesota Statutes, section 256B.501, subdivision 7; and

C. results in total annual payments which are equal to or less than the payments which would be made if the rates complied with subpart 1, item B.

Subp. 3. Payment rates for new day service providers. At least 60 days before service begins, the county board shall recommend in writing to the commissioner a proposal for approval as provided by part 9525.1230, subpart 2. The county board’s recommendation must also include a description of the specific methods used to choose a day service provider and to develop rates. The day service provider recommended by the county board must meet the criteria in items A to D.

A. The proposed day service provider must comply with parts 9525.1200 to 9525.1330.

B. The proposed day service provider must comply with the need determination and licensure requirements in Minnesota Statutes, sections 252.28 and 245.781 to 245.812 and rules adopted thereunder and client eligibility requirements in part 9525.1220.

C. The proposed day service provider rates must not exceed the limits in Minnesota Statutes, section 256B.501, subdivisions 6 and 7.

9525.1270 PAYMENT RATE CRITERIA AND COMMISSIONER’S APPROVAL OF RATES.

Subpart 1. Payment rates for approved day service providers. Payment rates established for approved day service providers under parts 9525.1230 and 9525.1260 must be in compliance with the criteria in items A to E.

A. The rates must be adequate reimbursement for the cost of the provision of day training and habilitation services which meet the eligibility requirements in part 9525.1220. Except as provided in items B and C, “adequate” means that the sum of the full-day service rate and the transportation rate, as defined in part 9525.1210, subpart 12, items A and C, equals the sum of the same rates approved by the commissioner on December 1 of the preceding year plus no more than the projected percentage change in the consumer price index as provided by part 9525.1310, subpart 1.

B. The rates for individual clients may be higher than allowed in item A if the county board recommends and the commissioner approves higher rates through the special needs procedures provided by Minnesota Statutes, section 256B.501, subdivision 8, and rules adopted thereunder.

C. The rates may be lower than allowed in item A when the county board documents to the commissioner that individual service plans can be satisfied at lower cost.

D. An approved rate remains effective until the commissioner approves a different rate in accordance with parts 9525.1200 to 9525.1330.

Subp. 2. Program change. Rates recommended under part 9525.1260 and approved under part 9525.1270 must not be affected by changes in ownership or location of the day service provider.

Subp. 3. Commissioner’s approval. If the rates recommended by the county board for the provision of day training and
habilitation services comply with parts 9525.1260 and 9525.1270, the commissioner shall approve the rates, in writing, within 60 days of the receipt of the recommendation from the county board. If recommended rates are not in compliance with parts 9525.1260 and 9525.1270, the commissioner shall, within 60 days of the receipt of the recommendation from the county board, notify the county board, in writing, of the reasons approval was denied or different rates were approved.

**Subp. 4. Payment rate principle.** Transactions that have the effect of circumventing parts 9525.1200 to 9525.1330 to affect payment rates or provider eligibility to receive medical assistance payments for providing day training and habilitation services will not be considered by the commissioner for the purposes of payment rate approval under the principle that the substance of the transaction shall prevail over form.

**9525.1280 VARIANCE REQUEST.**

**Subpart 1. Variance request.** The county board may request a variance from the commissioner of the rate limits for existing day service providers under part 9525.1270, subpart 1, item A. The variance in the rate limit shall not exceed the rate limit established for new day service providers under Minnesota Statutes, section 256B.501, subdivision 6. To be eligible for the variance, the existing day service provider must meet all the criteria in items A to E.

A. Client turnover or day service provider expansion during the current rate year results in a change equal to 33\%\% percent or more new clientele than were enrolled by the day service provider on December 31 of the previous rate year.

B. An increase in the client-to-staff ratio is necessary to provide new clients with the required service as delineated in all new clients' individual service plans and individual habilitation plans under parts 9525.0015 to 9525.0145 [Emergency] and Minnesota Statutes, sections 252.21 to 252.261, and rules adopted thereunder.

C. The day service provider shows that additional staffing needs cannot be met by reallocating current staff to provide the necessary services.

D. The county board submits evidence that additional clients' needs cannot be met using temporary special needs rate exception payments under parts 9510.1020 to 9510.1140 [Emergency].

**Subp. 2. Submittal of request.** The county board shall submit the written variance request, including documentation showing that the day service provider meets the criteria for a variance, with the county board's rate recommendation.

**Subp. 3. Review of variance request; notification.** The commissioner shall review the variance request with the county board's rate recommendation. If the county board's variance request shows by a preponderance of the evidence that the provider meets all the criteria in subpart 1, the commissioner shall approve the request. If the commissioner denies the variance request, the commissioner shall notify the county board and the day service provider of the reasons for the denial. The commissioner's decision on the variance request shall be final.

**9525.1290 DAY SERVICE PROVIDER BILLING.**

**Subpart 1. Billing requirements.** The day service provider must comply with the requirements in items A to C when submitting bills to the commissioner for reimbursement for the provision of day training and habilitation services.

A. Bills must be submitted on forms supplied by the commissioner, which identify for each client:

1. the full-day or partial-day service rate as provided by part 9525.1270, subpart 1, multiplied by the number of days the client actually received day training and habilitation services from the day service provider; and

2. the transportation rate as approved under part 9525.1270, subpart 1, multiplied by the number of days the client was actually transported.

B. The day service provider must not bill for days in which the client does not receive day training and habilitation or transportation services.

C. The day service provider must not bill for more than one service rate and one transportation rate per client per day.

D. Day service providers whose rates have been recommended under part 9525.1260, subpart 2 and approved under part 9525.1270, subpart 1, must submit bills to the commissioner using a procedural code available from the Bureau of Income Maintenance.

**Subp. 2. Payment.** The commissioner shall pay the day service provider for bills submitted under subpart 1 using the payment procedures in Minnesota Statutes, sections 256B.041 and 256B.501, subdivision 5, paragraph (f).
ADOPTED RULES

Subp. 3. Errors and duplicate payments. If the day service provider becomes aware of a billing error that results in an overpayment or an underpayment to the day service provider or if the day service provider receives payment from another source for services which were also paid for by the medical assistance program, the day service provider shall promptly notify the commissioner and request an adjustment request form. Within one year of receipt of a completed adjustment request form, the commissioner shall:

A. in the case of an overpayment, require the day service provider to repay an amount equal to the overpayment or adjust future payments to correct the error or eliminate the overpayment; or

Subp. 3. Retention of records. The day service provider shall retain a copy of the records required in subpart 1 for five years from the date of the bill unless an audit in process requires a longer retention period.

Subp. 4. Annual report. The day service provider shall maintain such records as may be necessary to submit the annual report by March 1 as provided by Minnesota Statutes, section 256B.501, subdivision 9.

9525.1310 NOTIFICATION.

Subpart 1. Inflation. By September 1 of each year, the commissioner shall notify the county board and the day service provider of the projected inflation rate for the following year, which must be the most recent projected percentage change in the consumer price index (all urban), for the upcoming calendar year over the current year, as provided by Minnesota Statutes, section 256B.501, subdivision 5, paragraph (c) and published in “Health Care Costs” issued by Data Resources, Inc., 1750 K. Subp. 3. Reporting requirements. By December 1 of each year, the commissioner shall notify each day service provider of the reporting requirements for the annual report due March 1 of the following year. The annual report must include information on client and program characteristics and the actual program revenues and expenditures. The reporting requirements apply to all day training and habilitation services offered by the day service provider, regardless of funding source.

9525.1320 PENALTIES FOR NONCOMPLIANCE.

If the day service provider does not comply with parts 9525.1200 to 9525.1330, with other applicable laws and rules, and with the terms of the agreement required by part 9525.1240, subpart 1, the commissioner will suspend or withhold payments under the procedures in parts 9505.1750 to 9505.2150. “Other applicable laws and rules” include items A to E:

A rate appeal must be heard by the county board if the appeal is based on the contention that the rate recommended by the county board does not comply with Minnesota Statutes, section 256B.501, subdivisions 5 to 8, and parts 9525.1200 to 9525.1330.

Within ten days of the receipt of a request for an appeal, the county board shall notify the day service provider of a hearing to be held within 30 days of the request for an appeal. The county board shall preside at the hearing. The county board shall notify the day service provider of its decision within 30 days after the hearing. The decision must be in writing and state the evidence relied upon and reasons for the determination.

Subp. 2. Day service provider appeals to commissioner. If a day service provider has appealed to the county board and the day service provider disagrees with the county board’s decision, the day service provider may appeal to the commissioner. The appeal must be submitted to the commissioner in writing within 30 days of the date the day service provider received notification of the county board’s decision. The appeal must state the reasons the day service provider is appealing the county board’s decision including the bases for the county board’s decision which are disputed and an explanation of why the day service provider disagrees with the county board’s decision.

The commissioner shall review the county board’s rate recommendation and supporting documentation submitted by the day service provider to the county and any additional documents submitted to the commissioner with the appeal to determine if the day service provider can prove by a preponderance of evidence that the day service provider be granted a different payment rate than recommended by the county board. The commissioner shall review the evidence presented in the county board’s appeal and send written notification to the county board of the decision on the appeal. The commissioner’s decision on the appeal shall be final. Until a rate appeal is resolved and if the day service provider continues services, payments must continue at a rate which the commissioner determines to comply with parts 9525.1200 to 9525.1330. If a higher rate is approved, the commissioner shall order a retroactive payment as determined in the rate appeal decision.

Persons interested in these temporary amendments have until 4:30 p.m. on April 19, 1985 to submit written comments. The proposed temporary amendments may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language. The Attorney General shall approve or disapprove the proposed temporary amendments and any modifications on the tenth working day following the date of receipt of the proposed temporary amendments from the agency.

The adopted temporary amendments will not become effective without the Attorney General's approval and the Revisor of Statutes' certification of the temporary amendments' form. Temporary amendments take effect five working days after approval by the Attorney General.

As required by the Administrative Procedures Act, Minnesota Statutes, chapter 14, these temporary amendments shall be in effect for up to 180 days following their adoption and may be continued in effect for up to 180 additional days if the commissioner gives notice of continuation by publishing notice in the State Register and mailing the same notice to all persons registered with the commissioner to receive notice of rulemaking proceedings. DEFRA amends the federal requirements regarding reimbursement under Medicaid and Medicare for capital related costs. The federal Medicaid revision which adds section 1902 (A) (13) (B) to the Act, specifies that a State must provide assurances satisfactory to the Secretary that the payment methodology utilized by the State for payments to hospitals, skilled nursing facilities and intermediate care facilities can reasonably be expected not to increase such payments, solely as a result of a change of ownership, in excess of the increase which would result from the application of the Medicare requirements at section 1861 (v) (1) (O) of the Act.

These temporary amendments will not result in any additional state or county spending beyond the amount of funds appropriated by the legislature.

A free copy of the proposed temporary amendments may be obtained by contacting Rosemary Chapin at (612) 297-1488.

Grant Funds Available for Programs for Maternal and Child Health, Native Americans, Migrants, Refugees

The Minnesota Department of Health will have special funds available for the 1986-1987 biennium in the following grant programs: Special Supplemental Food Program for Women, Infants and Children (WIC); Family Planning; Maternal and Child Health; Cardiovascular Risk Reduction; Native American Health; Migrant Health; and Refugee Health.
STATE CONTRACTS

SPECIAL SUPPLEMENTAL FOOD PROGRAM FOR WOMEN, INFANTS AND CHILDREN (WIC).

The WIC Program is a Federally-funded grant program administered through the Minnesota Department of Health; grants are made available to qualified local agencies to deliver program services. WIC provides vouchers for the purchase of specified nutritious food supplements and nutrition education services to pregnant, post partum and nursing women, and to infants and children up to five years of age who are judged by health professionals to be at nutritional risk and who have family incomes at or below 185 percent of poverty income guidelines prescribed by the United States Department of Health and Human Services. The WIC Program serves as an adjunct to good health care during critical times of growth and development, in order to prevent the occurrence of health problems and to improve the health status of these persons.

The types of local agencies which may apply for the WIC Grant are listed as follows in order of their priority for application approval established by Federal Rule:

—First consideration is given to a public or private nonprofit health agency which can provide ongoing, routine pediatric and obstetric care, and administrative services.

—Second consideration is given to a public or private nonprofit health or human service agency that must enter into a written agreement with another agency for either ongoing, routine pediatric and obstetric care, or administrative services.

—Third consideration is given to a public or private nonprofit health agency that must enter into a written agreement with private physicians, in order to provide ongoing, routine pediatric and obstetric care to a specific category of participants—women, infants or children—or to participants not eligible for health services at the local agency.

—Fourth consideration is given to a public or private nonprofit human service agency that must enter into a written agreement with private physicians, in order to provide ongoing, routine pediatric and obstetric care.

—Fifth consideration is given to a public or private nonprofit health or human service agency that must provide ongoing, routine pediatric and obstetric care through referral to a health provider. Such agencies must have a plan for continued efforts to make health services available by April 1, 1986 to participants at the agency or through written agreements with health care providers.

The priority system applies regardless of whether the applicant is a first time applicant, or has previously applied for or administered the WIC program.

Whenever two or more agencies apply to serve the same geographic area or special population, the priority system described above shall apply. When there are competing health service agencies, priority will be given to a Community Health Service Agency, and next to a private, non-profit health agency. When competing agencies are of the same priority, their performance record, if any, must be taken into consideration. When competing agencies are not of the same priority, and the higher priority agency previously administered the WIC program and has a poor performance record, the program will be awarded to the lower priority agency.

If additional information or revisions are needed to the application after it is submitted, a request will be made within 15 days of receipt. A complete, correct application must be received within 15 days of the date of the request, if two or more agencies have applied to serve the same geographic area or special population; if only one agency has applied, a complete, correct application must be received within 30 days of the date of the request. Applications which are not complete and correct at the specified deadline will not be considered.

FAMILY PLANNING SPECIAL PROJECT.

Family Planning is voluntary planning and action by individuals to attain or prevent pregnancy. Family Planning Special Project Grants will be made available on a competitive basis to local government agencies and non-profit corporations to continue or develop pre-pregnancy family planning services for Minnesota residents in accordance with the Family Planning Act (Minn. Stat. 145.925) and the Family Planning Rule (Minn. Rule Parts 4700.1900-4700.2500). Special consideration will be given to agencies proposing to serve populations at risk to unplanned pregnancy and/or at risk to high risk pregnancies.

For the two-year program period 1986 and 1987, award priority will be given to agencies whose applications meet the Criteria for Award of Family Planning Special Project Grants found in the Family Planning Rule (4700.2300) and propose all family planning components in counties with no family planning services as of December 31, 1978, (4700.2300 Subp. 2). All other agency applications' recommended budgets shall be funded in rank order based on the criteria for award (4700.2300) as funds are available (4700.2400 Subp. 1-3).

The 1986 and 1987 annual awards to 1985 recipients of Family Planning Special Project funds shall not exceed $30,000 or 4% more than the 1985 award, whichever is greater. The 1986 and 1987 annual awards to agencies not receiving FPSP funds in 1985 shall not exceed $30,000.

(CITE 9 S.R. 2127)
In addition, however, one project of statewide significance to provide a statewide, toll-free family planning hotline is being solicited. Up to $30,000 is available annually for this statewide project and limitations relative to previous receipt of funds do not apply.

MATERNAL AND CHILD HEALTH SPECIAL PROJECT.

The purpose of the Federal Maternal and Child Health Special Project Block Grant Program (Title V, SSA) is to assure that mothers and children, particularly those at low income or those considered at high risk because they have a condition which significantly increases the probability of disease, injury, death, or other adverse health-related problems, have access to quality maternal and child health services. The program includes services for reduction of infant mortality, reduction of preventable diseases, meeting the health needs of children with handicapping conditions, and promoting the health of mothers and children—particularly those with greatest need. Current priorities for funding are prenatal, delivery and postpartum care; comprehensive health care for children, especially from birth through five years of age; adolescent health services; family planning services; preventive dental care; special services for chronically ill and handicapped children; and any other services which promote the health of mothers and children. Maternal and Child Health Special Project grants are currently made available to local government agencies and non-profit organizations to provide, plan and/or develop maternal and child health services for Minnesota residents. The Minnesota Legislature is reviewing the MCH Grants Program during the 1985 Session. Information will be provided as soon as possible on any changes which occur as a result of this review.

CARDIOVASCULAR RISK REDUCTION COMMUNITY PROJECT.

The Cardiovascular Risk Reduction Grant Program has been developed to expand the former Hypertension Special Projects Grants Program to include other major cardiovascular disease risk factors: smoking, nutrition and dietary patterns, as well as hypertension, which interact to increase an individual’s and/or a community’s risk of cardiovascular disability and death. The purpose of the grant program is to fund Cardiovascular Risk Reduction Community Projects which address intervention directed to two or more of these major cardiovascular disease risk factors in adult groups. These projects will be demonstration in nature and will include in-depth training and planning during the first year of the project. A comprehensive evaluation will be central to these projects and will attempt to ascertain the effect of the program on behavior change and actual risk reduction (e.g., smoking cessation, weight loss) in individuals and communities. Eligible applicants are Community Health Services Agencies and non-profit or voluntary health organizations. A limited number of projects will be funded on a competitive basis for up to a maximum of $25,000 per year. Projects selected may be funded for up to a two-year period, based on first year progress.

NATIVE AMERICAN HEALTH.

The purpose of this program is to assist local agencies in establishing or subsidizing clinic facilities and services to provide health care for American Indians who have no established county of residency, who do not reside on Indian land, who are members of an organized tribe, band or other group of aboriginal people of the United States having a treaty relationship with the federal government and who are regarded as Native Americans by the group in which they claim membership. Eligible applicants are local boards of health.

MIGRANT HEALTH.

The purpose of this program is to fund the establishment, operation, or subsidizing of clinic facilities and services, including mobile clinics, to furnish health services for migrant agricultural workers and their families in areas of the state in which significant numbers of migrant workers are located. A "Migrant Agricultural Worker" means any individual whose principal employment is in agriculture on a seasonal basis who has been so employed within the last 24 months and who establishes for the purpose of such employment a temporary abode. 42 USCA Sec. 2546 (a)(2). Eligible applicants include cities, counties, groups of cities or counties, or non-profit corporations.

REFUGEE HEALTH.

The purpose of this program is to assist local health agencies in providing health assessments and follow-up activities to refugees for problems of public health concern. The target population is refugees as defined in Section 101(a)(42) of the Immigration and Nationality Act. Any such persons receiving this alien classification, regardless of national origin, are eligible for services under this program. Exceptions are Cubans and Haitians, who are legally classified as "entrants", and certain other refugees (mainly Soviet Jewish refugees) whose medical care and other resettlement needs are to be privately provided through a special matching grant program. Eligible applicants are community health service agencies, which are experienced in providing or facilitating health assessments and follow-up care to refugees and are located in a county which has become home to more than 400 refugees whose primary resettlement was to Minnesota in 1984. Funds will be awarded on a formula basis based on the number of refugees resettled in 1984 in the county. Each grant is not expected to exceed $20,000 annually.

Lawyer Trust Account Board

Notice of Grant Cycle—July 1, 1985 to June 30, 1986

The Minnesota Supreme Court has established a program to use the interest on lawyer trust accounts to improve the delivery of legal services to the poor, to promote the development of law-related education for the public, and to develop programs to enhance the administration of justice.

The Lawyer Trust Account Board has announced a grant program to distribute funds to projects in any of three program areas. The Board will support not only traditional approaches, but will encourage projects which show innovative approaches to recognized needs throughout the state. The Board is soliciting proposals. State of Minnesota Tax Court
County of Meeker, Regular Division

Lucille M. Carlson and Harold C. Carlson, Appellants, v. the Commissioner of Revenue, Appellee, Docket No. 3889

Findings of Fact, Conclusions of Law, and Order for Judgment Dated March 11, 1985

The above-entitled matter came before the Honorable M. Jean Stepan, Judge of the Minnesota Tax Court, on February 1, 1985 in Litchfield, Minnesota, pursuant to an Order of this Court dated January 3, 1985 granting a limited new trial. The sole purpose of the hearing was to make a determination of the value of the rights retained by Lucille Carlson to be set off against the value of the undivided one-half interest conveyed by her by deed. Briefs were also submitted by both parties.

Steven E. Drange of the law firm of Olson, Nelson, Nagel, and Drange, appeared on behalf of appellants.

James W. Neher, Special Assistant Attorney General, appeared on behalf of appellee.

From the evidence adduced at trial and all the files, we make the following:

Findings of Fact

1. On May 2, 1979, when the property formerly held jointly by appellants was conveyed by appropriate conduit deeds to Harold C. Carlson alone, Lucille M. Carlson retained in that property certain rights of survivorship pursuant to Minn. Stat. § 525.145 and § 525.16, and the right to void a sale pursuant to Minn. Stat. § 507.02.

Conclusions of Law

1. The value of those rights retained by Lucille M. Carlson has not been proved by appellants.

2. No value should be subtracted from the value of the property transferred subject to the gift tax.

3. The full value of the one-half interest conveyed by Mrs. Carlson to Mr. Carlson in 1979 is subject to gift tax pursuant to Minn. Stat. § 292.01, subd. 1, and § 292.03 (1979).

4. The Order of the Commissioner of Revenue dated May 31, 1983 is hereby affirmed.

LET JUDGMENT BE ENTERED ACCORDINGLY. A STAY OF 15 DAYS IS HEREBY ORDERED.
