## PROPOSED RULES

Pursuant to Minn. Stat. of 1982, §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

### Proposed Permanent Rules Relating to Certification Maintenance

#### Notice of Intent to Adopt a Rule without a Public Hearing

Notice is hereby given that the State Department of Administration intends to adopt the above-entitled rule without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in Minnesota Statutes, sections 14.22 to 14.28. The statutory authority to adopt the rule is Minnesota Statutes 16B.61.

All persons have 30 days in which to submit comment in support of or in opposition to the proposed rule or any part or subpart of the rule. Comment is encouraged. Each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30 day comment period. If 20 percent of the persons who will be required to pay the fee submit a written request for a public hearing within the 30 day comment period a public hearing will be held. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed. If a public hearing is required, the agency will proceed pursuant to Minnesota Statutes, sections 14.131 to 14.20.

Also, pursuant to Minnesota Statutes, section 14.11 "Special Notice of Rulemaking", the adoption of these rules will not have any impact on agricultural land nor should the expenditure of public money exceed \$100,000.00 in either of the two years following the adoption of these rules, within the meaning of that law.

Upon adoption of the final rules without a public hearing, the proposed rules, this Notice, the Statement of Need and Reasonableness, all written comments received, and the final Rules as adopted, will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Date: 3 April 1987

Sandra J. Hale, Commissioner  
Department of Administration

### Statement of Need and Reasonableness

The proposed rules and amendments to the existing Minnesota State Building Code are made pursuant to MN Stat. Section 16B.59.

Pursuant to MN Stat. Section 16B.59 to 16B.73, the Commissioner of Administration is charged with the responsibility of promulgating the Minnesota State Building Code. It is the duty of the Commissioner to amend the Minnesota State Building Code to maintain the most modern code standards regarding minimum safeguards of life, limb, health, property, and public welfare as well as regulating and controlling the design, construction, quality of materials, use and maintenance of buildings and structures.

The implementation of these rules will not require the expenditure of public money by local bodies of greater than \$100,000.00 in either of the two years following adoption nor have an impact on agriculture land. The small business considerations in rulemaking do not apply to these amendments pursuant to Minnesota Statutes, Section 14.115, subd. (8c) (1984). Most local governments establish a budget line for training of its employees where there is need for upgrading of standards or changes in requirements of areas regulated by local governments. To help defray some of the expense involved in continuing education of certified employees, a portion of the surcharge rebate authorized by MN Stats. 16B.70, refunded to the municipalities on a biennium basis, could be earmarked to that purpose, thereby reducing or eliminating any additional public monies to carry out the program of these rules. Therefore in the implementation of these rules it is estimated that it should not require an additional expenditure of public monies by local governments of more than \$100,000.00 in each of the two years following adoption of these rules.

A number of building officials sought guidelines concerning a requirement for continuing education and recertification in the early 1980's. It had been determined that a statutory amendment was necessary so that the Department of Administration, Building Codes and Standards Division could establish by rule the requirements to satisfy that need.

The Session Laws of 1984, Chapter 578, amended Minnesota Statutes 1982, Section 16.861, by adding subdivision 3a, authorizing the Commissioner of Administration to establish or authorize by rule continuing education programs for municipal building officials dealing with matters of building code administration, inspection and enforcement.

The law established a three year time frame for building officials to satisfactorily complete educational programs established or approved by the commissioner, in order to retain certification. The law also requires that such certified individuals must submit evidence of completing the minimum requirements established and payment of a renewal fee. For those people certified prior to January 1, 1985, their three year cycle begins as of January 1, 1985. All subsequent new certifications will begin their three year cycle as of the date of their certification.

The fee that has been established in the rule is the same as the original certification fee. In keeping with MN Stats. 16A.128 Subd. 1a approval has been sought and has been received from the Commissioner of Finance (a copy of the approval is attached).

The proposed rules present the guidelines by which certified building officials have an obligation and opportunity to be involved in an educational process to keep abreast with changes in code administration, laws, and technologies which comprise the basis for assuring that the current minimum standards are maintained and enforced.

Continuing education is essential for practicing building officials and other certified building officials to remain current regarding changes in the codes, new methods of construction, new materials used in construction and to keep informed of constantly changing state and federal regulations pertaining to codes administration and application.

Training and administration, regulatory writing, budget preparation, building code techniques and procedures are essential. The continuing training programs and building official chapter activities are currently available, reasonably obtainable and minimal in scope.

The renewal of certification every three calendar years is predicated on a minimum of continuing education and professional activities which will provide for a more informed building official. The informed building official would be a greater asset to the municipality that employs such an individual and should more uniformly carry out the responsibilities of providing for safe, healthful structures for the citizens of the community as well as the State of Minnesota through proper code application, enforcement and administration.

Elroy Berdahl, Section Chief, and Alvin Kleinbeck, Code Administrator, of the Building Codes and Standards Division will appear in behalf of the proposed rules if a public hearing is required. They will testify regarding the need for and reasonableness of the proposed rules. The substance of the testimony is set forth herein.

The following is the evidence and argument which supports the need for and reasonableness of the proposed rules:

- |           |  |
|-----------|--|
| 1300.0940 | This part establishes the authority and purpose of the proposed rules.   |
| 1300.0942 | This part contains the definitions of terms used in the proposed rules. In determining the values assigned to the "continuing education unit", subp. 3, and the "unit of instruction" subp. 5, a comparison was made to the C.E.U. criteria recognized nationally as a value point for the hours of time given to education offerings usually offered to post secondary school aged persons. (i.e. one C.E.U. credit is equal to 10 hours of classroom instruction.) We are proposing to establish by rule that a unit of instruction is equal to three hours of programmed instruction. If a person receives 1 C.E.U. from a study program then we would consider it to have a value of 3 units of instruction. |
| 1300.0944 | This part establishes the number of continuing education units of instruction required within the three year period for each class of certified building official.   |
| 1300.0946 | This part assigns the unit of instruction values to each subject used for continuing education courses suitable to building inspection services. General time involvement through experience is used to determine a reasonable time credit assignment to the various types of potential activities or studies as listed in items A to I of this  |

**KEY: PROPOSED RULES SECTION** — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. ## PROPOSED RULES

part. The credit assigned to the earning of certificates listed in items J and K is based upon the time frame allotted to write the examination together with the expertise demonstrated in successfully receiving a certificate.

- 1300.0946 Subd. 3 This has been included to alert the certified person that there could be some course subjects that will require a mandatory participation, particularly if a seminar or school is presenting new materials or subject matter that is considered to be essential for the building official to properly administer the application of the code or law.

Since the inception of the State Building Code in 1972 the codes have been expanded by legislation and subsequent rules adoption. Examples are: the Minnesota Uniform Fire Code, Handicapped Code, Energy Code, Solar Energy Code, Home Energy Disclosure Rules, Standards for Wheelchair Lifts and Federal Standards for Mobile Homes. Additionally, other state agencies have implemented new rules that directly impact on the construction of buildings and the administrative responsibilities of municipal building officials.

In order for the state building inspector and the municipal building officials to fulfill their statutory responsibilities of code administration and enforcement it is necessary to create a vehicle for education and training in key areas of new responsibilities.

- 1300.0948 This part establishes the process that building officials must follow in submitting evidence to the commissioner. It will identify their participation in and receiving credit toward their re-certification. It states the dollar amount of the fee. It provides the vehicle for an extension of time in order to comply with the requirements of the rules if needed. The fee assessed for recertification has been considered to assist in underwriting the cost of supplying and issuing a recertification card valid for the three year period designated.

## Department of Administration

### Proposed Permanent Rules Relating to the State Building Code

#### Notice of Intent to Adopt a Rule without a Public Hearing

Notice is hereby given that the State Department of Administration in cooperation with the State Board of Electricity intends to adopt the above-entitled rule without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rules without a public hearing in Minnesota Statutes, sections 14.22 to 14.28. The statutory authority to adopt the rule is Minnesota Statutes 16B.61 and 326.241 to 326.248.

All persons have 30 days in which to submit comment in support of or in opposition to the proposed rule or any part or subpart of the rule. Comment is encouraged. Each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30 day comment period. If 25 or more persons submit a written request for a public hearing within the 30 day comment period, a public hearing will be held unless a sufficient number withdrew their request in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed. If a public hearing is required, the agency will proceed pursuant to Minnesota Statutes, sections 14.131 to 14.20. If no hearing is requested, the agency will adopt the proposed rule to be effective no sooner than July 1, 1987.

Comments or written requests for a public hearing must be submitted to:

Margaret Opalinski  
Building Codes and Standards Division  
408 Metro Square Building  
7th and Robert Streets  
St. Paul, Minnesota 55101  
(612) 296-4626

The proposed rule may be modified if the modifications are supported by data and views submitted to the agency and do not result in a substantial change in the proposed rule noticed.

A copy of the proposed rule is available from the Building Codes and Standards Division.

A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rule and identifies the data and information relied upon to support the proposed rule has been prepared and is available from the agency upon request.

Copies of the 1987 National Electrical Code are in general distribution and may be reviewed at the Minnesota Building Codes and Standards Division and obtained from the State Board of Electricity.

You are advised, pursuant to Minnesota Statutes, Section 14.11 "Special Notice of Rulemaking", the adoption of these rules will not have any impact on agricultural land nor should the expenditure of public money exceed \$100,000 in either of the two years following the adoption of these rules. Also, pursuant to Minnesota Statutes, Section 14.115, Subd. 2, the Building Codes and Standards Division has evaluated the effect of the proposed rules on small businesses and has considered each of the methods prescribed. The proposed rules do not require businesses to make reports so the requirements for reporting required in items (a), (b) and (c) are not applicable. Compliance requirements of items (a), (b), (c) and (e) are not appropriate because the purpose of the rules is to establish a minimum standard for the application and installation of electrical wiring and its associated materials in all public, private, commercial, industrial and residential structures within the State of Minnesota to protect life, limb, health, property, and public welfare of the residents at the least possible cost consistent with recognized standards. Minnesota Statute Section 16B.59 (1984). To exempt small businesses from any or all requirements of the rules would be contrary to statutory obligations that are the basis of the proposed rulemaking, Minnesota Statutes Section 16B.59, 16B.61 and 16B.64. The legislature has specifically mandated that the uniformity of construction standards is in the public interest. Minnesota Statute Section 16B.61 states in part: The code must conform insofar as practicable to model codes generally accepted and in use throughout the United States.

Minnesota Statutes Section 14.115 Subd. 2(d) calls for the establishment of performance standards for small businesses as one method of reducing the adverse impact of rules upon them. The National Electrical Code is based on the application of scientific principles, approved tests and professional judgement; and to the extent practicable are in terms or results rather than requiring specific methods and materials.

Since performance standards apply across the board to all entities subject to the code, the methods of reducing the impact of rules provided by Subd. 2(d) has been utilized. No special changes are necessary for small businesses.

## PROPOSED RULES

Pursuant to MN Stat. 14.115, subd. 4(a) the statements in the preceding three paragraphs constitute the statement of the impact of the rule on small businesses, and the probable qualitative and quantitative effect of its rules.

The Minnesota Building Codes and Standards Division has evaluated the effects of Minnesota Statutes 3.981 to 3.983 and 14.131 and believe that the promulgation of these proposed rules will not result in the expenditure of monies by local public bodies nor have an impact on agricultural land and meets the test of the exemptions to fiscal notes as provided in Minnesota Statute 3.983.

Minnesota Statutes, Chapter 10A requires each lobbyist to register with the Ethical Practices Board within five days after he or she commences lobbying. A lobbyist is defined in Minnesota Statutes, section 10A.10, Subdivision 11 as an individual:

(a) Engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250.00, not including travel expenses and membership dues, in any year, for the purpose of attempting to influence legislation or administrative action by communicating or urging others to communicate with public officials; or,

(b) Who spends more than \$250.00, not including travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials.

The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 625 North Robert St., St. Paul, Minnesota 55101, (612) 296-5148.

If no hearing is required, upon adoption of the rule, the rule and the required supporting documents will be submitted to the Attorney General's Office for review as to legality and form to the extent the form relates to legality. Any person may request notification of the date of submission to the Attorney General. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the adopted rule, must submit written request to the Building Codes and Standards Division.

Date: 3 April 1987

Sandra J. Hale, Commissioner  
Department of Administration

### Statement of Need and Reasonableness

The Minnesota State Building Code Chapter 1300 includes the adoption of current model codes and amendments to these model codes. One of these model codes is the National Electrical Code (ANSI/NFPA 70) copyright National Fire Protection Association, 470 Atlantic Avenue, Boston, Mass., that provides for electrical design and construction. The National Electrical Code is updated and printed every three years.

The Minnesota Electrical Act MN Stats. 326.243 Safety Standards: requires that the "most recently published edition of the National Electrical Code as approved by the United States of America Standards Institute and the National Electrical Safety Code as issued by the National Bureau of Standards shall be prima facie evidence of accepted standards of construction for safety to life and property... Minnesota building code shall also constitute compliance with the section..." Therefore the new 1987 edition is the most recent edition of the National Electrical Code and must be incorporated into the Minnesota State Building Code. Authorization for building code adoption of the National Electrical Code is provided in MN Stats. Sec. 16B.64.

The 1987 Edition of the Minnesota State Building Code (Chapter 1300) presently contains the 1984 National Electrical Code by reference and specifies amendments to the 1984 National Electrical Code. The proposed adoption of the 1987 NEC is sufficient in content so that the previous amendments are to be repealed with the adoption of the 1987 National Electrical Code.

Adopting the 1987 Edition of the National Electrical Code complies with the intent of MN Stats. Sec. 16B.64 and Sec. 326.243, for the safety of Minnesota citizens.

Date: 3 April 1987

Sandra J. Hale, Commissioner  
Department of Administration

NOTICE IS HEREBY GIVEN that a public hearing on the above-entitled matter will be held in the Veteran's Service Building, 5th Floor Cafeteria, 20 West 12th Street, St. Paul, Minnesota, on June 8, 1987, commencing at 9:00 a.m. and continuing until all interested or affected persons have an opportunity to participate. The proposed rule amendments may be modified as a result of the hearing process. Therefore, if you are affected in any manner by the proposed rule amendments, you are urged to participate in the hearing process.

PLEASE NOTE, HOWEVER, THAT THE HEARING WILL BE CANCELLED IF FEWER THAN TWENTY-FIVE PERSONS REQUEST A HEARING IN RESPONSE TO THE NOTICE OF INTENT TO ADOPT THESE SAME RULE AMENDMENTS WITHOUT A PUBLIC HEARING PUBLISHED IN THIS *STATE REGISTER* AND MAILED TO PERSONS REGISTERED WITH THE DEPARTMENT OF HUMAN SERVICES. To verify whether a hearing will be held, please call the Department of Human Services between May 27, 1987 and June 7, 1987 at (612) 296-3979.

Following the agency's presentation at the hearing, all interested or affected persons will have an opportunity to participate. Such persons may present their views either orally at the hearing or in writing at any time prior to the close of the hearing record. All evidence presented should be pertinent to the matter at hand. Written material not submitted at the time of the hearing which is to be included in the hearing record may be mailed to George Beck, Administrative Law Judge, Office of Administrative Hearings, 400 Summit Bank Building, 310 Fourth Avenue South, Minneapolis, Minnesota 55415; telephone (612) 341-7601, either before the hearing or within five working days after the public hearing ends. The Administrative Law Judge may at the hearing, order the record be kept open for a longer period not to exceed 20 calendar days. The comments received during the comment period shall be available for review at the Office of Administrative Hearings. Following the close of the comment period the agency and all interested persons have three business days to respond in writing to any new information submitted during the comment period. During the three-day period, the agency may indicate in writing whether there are amendments suggested by other persons which the agency is willing to adopt. No additional evidence may be submitted during the three-day period. The written responses shall be added to the rule-making record. Upon the close of the record the Administrative Law Judge will write a report as provided for in Minnesota Statutes, section 14.15 and 14.50. Questions about procedure may be directed to the Administrative Law Judge.

Parts 9550.6210 and 9550.6220 are contained in adopted parts 9550.6200 to 9550.6240 which establish the fee parents must pay for a child placed in 24-hour out-of-home care. The proposed "respite care" amendments contained in parts 9550.6210 and 9550.6220 would treat the fee for 24-hour respite care separately from, and differently than, the fee for a long-term out-of-home placement. Part 9550.6210 adds a definition of "respite care" and part 9550.6220 provides a formula for the determination of a parental fee for respite care based on a per diem rather than a monthly basis.

The agency's authority to adopt the proposed rules is contained in Minnesota Statutes, section 252.27.

Adoption of these rule amendments will not result in additional spending by local public bodies in excess of \$100,000 per year for the first two years following adoption under the requirements of Minnesota Statutes, section 14.11. A fiscal note prepared according to the requirements of Minnesota Statutes, section 3.98, subdivision 2, estimating the fiscal impact of the rule is available upon request from Gordon Buyse, Social Services Division, Centennial Office Building, Fourth Floor, 658 Cedar Street, St. Paul, Minnesota 55155, Telephone 612/296-3979.

Additional copies will be available at the hearing. If you have any questions on the content of the rule amendments contact Gordon Buyse.

A copy of the proposed rule may be viewed at any of the county welfare or human service agencies in the state of Minnesota.

Any person may request notification of the date on which the rules were adopted and filed with the secretary of state. The notice must be mailed on the same day the rules are filed. If you want to be so notified you may so indicate at the hearing or send a request in writing to the agency at any time prior to the filing of the rules with the secretary of state.

NOTICE IS HEREBY GIVEN that a Statement of Need and Reasonableness is now available for review at the agency and at the Office of Administrative Hearings. The Statement of Need and Reasonableness includes a summary of all the evidence and argument which the agency anticipates presenting at the hearing justifying both the need for and reasonableness of the proposed rule amendments. Copies of the Statement of Need and Reasonableness may be reviewed at the agency or the Office of Administrative Hearings and copies may be obtained from the Office of Administrative Hearings at the cost of reproduction.

Minnesota Statutes, chapter 10a, requires each lobbyist to register with the State Ethical Practices Board within five days after he or she commences lobbying. A lobbyist is defined in Minnesota Statutes, section 10A.01, subdivision 11, as any individual:

(a) engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250, not including travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communication or urging others to communicate with public officials; or

### Rules as Proposed

#### 9550.6210 DEFINITIONS.

Subpart 1. to 13. [Unchanged.]

Subp. 13a. **Respite care.** "Respite care" means short-term supervision and care provided to a child due to temporary absence or need for relief of the child's parents and involving the out-of-home care of a child for a minimum of a continuous 24-hour period of time. For purposes of this subpart, "short term" means a cumulative total of less than 90 24-hour days in a year.

Subp. 14. [Unchanged.]

#### 9550.6220 DETERMINATION OF PARENTAL FEE.

Subpart 1. to 9. [Unchanged.]

Subp. 10. **Discharge.** Except as provided in subpart 10a, the full monthly parental fee must be assessed unless the child is

discharged and spends less than a full month in 24-hour out-of-home care. In this case, the full fee must be reduced only if the actual cost of care during that month is less than the regular fee.

Subp. 10a. Parental fee for respite care. When a child is placed in 24-hour out-of-home respite care, the parental fee must be a per diem fee multiplied by the number of days the child is in 24-hour out-of-home respite care. The per diem fee must be determined in the following manner:

A. Household size must be determined as specified in subpart 2.

B. Income must be determined as specified in subpart 3.

C. Using the household size and income figures in items A and B, the percentage schedule supplied by the department in subpart 4 must be used to determine the applicable percent to be applied to the parent's income.

D. Determine the per diem fee by multiplying the income from item B by the percent from item C and divide the product by 365.

E. Any part of a day spent in 24-hour out-of-home respite care must be counted as a full day for purposes of this fee.

F. The parental fee must be determined at the end of a month when respite care is used.

Subp. 11. to 14. [Unchanged.]

## **Board of Optometry**

### **Proposed Permanent Rules Relating to Terms and Renewal of License**

#### **Rules as Proposed (all new material)**

##### **6500.2800 TERMS AND RENEWAL OF LICENSE.**

Subpart 1. **Terms.** Each initial license issued by the board is valid from the date issued until renewed or terminated in accordance to procedures specified in this part. Each annually renewed license issued by the board is valid from January 1 of the year for which it is issued until renewed or terminated in accordance with the procedures specified in this part.

Subp. 2. **Renewal of application including information regarding continuing education and fees.** Each optometrist shall submit an application for renewal of license together with the necessary fee no later than December 31 of the year preceding that for which the license renewal is requested. Application for renewal will be considered timely if received by the board no later than December 31 or postmarked on December 31. If the postmark is illegible, the application will be considered timely if received in the board office via United States first class mail on the first workday after December 31. The application form must provide a place for the renewal applicant's signature and must solicit information to include but not be limited to the applicant's office address or addresses, the number of the applicant's license, and such other information that may be reasonably requested by the board.

For those licensees who have not submitted evidence of compliance with their three-year continuing education requirement or special course requirement set forth in parts 6500.0900 and 6500.1700, the board will include in its written notice relating to annual renewal that the licensee shall submit verified evidence of having taken the required number of continuing education credit hours listed in part 6500.0900 in order to have the license renewed.

Subp. 3. **Failure to submit renewal application.** The following procedures will be followed by the board for all licensees who have failed to submit the annual application in accordance with subpart 2, including information about continuing education and applicable fees as provided in subpart 5.

A. Any time after January 1, the board will send to the last address on file with the board, a notice to all licensees who have not made application for renewal of their license. The notice will state that the licensee has failed to make application for renewal; the amount of renewal and late fees and the information required about continuing education as specified in subpart 2 which must be submitted in order for the license to be renewed; that the licensee may voluntarily terminate the license by notifying the board; and that failure to respond to notice by the date specified, which date must be at least 30 days after the notice is sent by the board, either by submitting the renewal application and applicable fees and information required about continuing education, or by notifying the board that the licensee has voluntarily terminated the license will result in expiration of the license and terminating the right to practice.

**KEY: PROPOSED RULES SECTION** — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

## PROPOSED RULES

B. If the application for renewal, including required information about continuing education and the applicable annual and late fees or notice of voluntary termination is not received by the board by the dates specified in the notice, the license will expire and the licensee's right to practice will terminate as of the date specified in the notice. The expiration and termination will not be considered a disciplinary action against the licensee.

C. Notwithstanding items A and B, the expiration date shall be extended six months when a licensee fails to meet the continuing education requirements in part 6500.0900. The license will expire at the end of the six-month extension if the licensee does not submit within that time period evidence of having complied to the required continuing education. In those cases where a licensee was physically incapable at the end of the three-year reporting cycle of taking continuing education courses, the expiration date shall be extended for six months for the purpose of giving the person the opportunity to take the necessary number of continuing education course hours. The licensee must submit clear and convincing evidence of physical incapability. The license shall expire at the end of the six-month extension if the licensee does not submit within that time period evidence of taking a number continuing education course hours necessary to comply with part 6500.0900.

In either instance referenced above, a licensee may submit a request for extension of the six-month period. The board shall grant the extension only in cases of extreme hardship or compelling reasons. Financial hardship caused by loss of license shall not meet the standards. The burden rests on the licensee to prove that an extension should be granted which in no case shall exceed an additional six months.

**Subp. 4. Reinstatement.** A license that has expired under this part may be reinstated under part 6500.2900.

**Subp. 5. Contested case proceeding.** The board, in lieu of the process in subpart 3, may initiate a contested case hearing to revoke or suspend a license for failure to submit fees and continuing education information requested on the renewal application, at the same time it initiates disciplinary proceedings against the licensee for other grounds specified in Minnesota Statutes, sections 148.52 to 148.62 and parts 6500.0400 to 6500.1700.

### **6500.2900 REINSTATEMENT OF LICENSE.**

**Subpart 1. Requirements.** Upon complying with the requirements in this part, the applicant's license shall be reinstated. Any person desiring the reinstatement of a license shall:

- A. submit to the board a completed application on a form provided by the board;
- B. submit with the application the fee specified in part 6500.2000, subpart 1;
- C. include with the application a letter stating the reasons for applying for reinstatement; and

D. comply with the application provisions of part 6500.2000, subpart 3. Upon reinstatement, the person shall be assigned to the continuing education cycle to which the licensee was assigned before termination of the license.

**Subp. 2. Expiration or voluntary termination of license.** Applicants whose license has expired under part 6500.2800, subpart 3, or who voluntarily terminate their license must:

A. Submit evidence of having successfully completed the continuing education requirements that would have applied to them had their license not expired. If the license had expired because of failure to meet the continuing education requirements or if the applicant's continuing education cycle concluded during the time that the license was in expired status and all the requirements had not been complied with, the applicant must successfully complete this cycle of continuing education.

B. On filing a reinstatement application, pay the annual renewal fees and applicable penalty fees for the years between expiration or termination of the license and the year in which the application is filed.

**Subp. 3. Revoked or suspended license.** No license that has been suspended or revoked by the board may be reinstated unless the applicant for reinstatement provides evidence of full rehabilitation from the offense for which the license was suspended or revoked and complies with all other reasonable conditions imposed by the board for the purpose of establishing the extent of rehabilitation. In addition, if the disciplinary action was based in part on failure to meet continuing education requirements, the license may not be reinstated until the applicant has successfully completed the requirements specified in subparts 2 and 3.

**Subp. 4. Licensure application not precluded.** Nothing in this part prohibits an optometrist from applying for licensure under Minnesota Statutes, section 148.57, subdivisions 1 and 2.

**Subp. 5. Exemptions.** A licensee who pays an annual license renewal fee and meets any of the following conditions is exempt from complying with the continuing education requirements if the licensee files an affidavit with the board specifying the condition applicable to the licensee:

- A. resides permanently outside the state and does not practice within the state;
- B. is retired from practice and does not perform any optometric services on a voluntary or free basis; or
- C. is permanently disabled and unable to practice optometry.

Subp. 6. **Expiration of exemption.** A licensee claiming exemption under subpart 4 who subsequently decides to resume practice shall submit to the board, before resuming practice, a written notice of the intended change and evidence of having completed the continuing education requirements equivalent to what requirements would have been without the exemption immediately preceding the date of receipt of the notice of the intent to resume practice. If the licensee has not complied with the continuing education requirements, the licensee must comply with part 6500.2900, subpart 2; if the licensee has been exempt from complying with the continuing education requirements, the licensee may not resume practice until notified by the board that the evidence submitted is acceptable. The licensee will be placed in the continuing education cycle that would have applied if the exemption was not claimed.

The recommendations call for the creation of a highway jurisdiction board by the state legislature. The board would have a number of responsibilities, including facilitating and resolving the transfer of roadway ownership as well as reviewing other directly related jurisdictional matters.

All interested persons are encouraged to attend the hearing and offer comments. People may register to speak by calling Jane Larson at 291-6500. Copies of the study are available from the Council by calling 291-6464.

## **Department of Transportation**

### **Request for Proposal for Film Scripting and Story Boarding**

#### **OBJECTIVE:**

The Minnesota Department of Transportation (Mn/DOT) is required by the Federal Highway Administration (FHWA) to provide early and continuous public involvement in the highway project development process. That includes holding public hearings, informational meetings, open houses, etc. to provide information to—and gather it from—interested parties.

In order to be able to provide common background information to participants at the many and varied public forums it holds, Mn/DOT desires to produce a 16mm film aimed at explaining highway construction and maintenance activities in Minnesota. To begin the initial phases of producing such a film, Mn/DOT wishes to contract for the pre-production work, that is, the scripting and story boarding.

#### **BACKGROUND:**

Planning for and then building or rebuilding Minnesota's state roadways is a lengthy and complicated process that takes 5 or more years to complete and impacts a number of different publics in a number of different ways.

The Highway project development process includes active involvement of "publics" both in and outside of Mn/DOT. The citizen participation process allows business, civic and community groups, the general public, local elected officials, legislators, the media and others to have a say in determining road needs.

## STATE CONTRACTS & ADVERTISED BIDS

---

Once the need for a road is established, construction is programmed on a priority basis within the limits of available funds. At that point, a process involving a number of sections at Mn/DOT—including surveys, soils, preliminary design, design, right of way, construction, and then ultimately maintenance—kicks in.

The need for a tool that offers a uniform explanation of Mn/DOT's role in the highway project development process become clear in light of the involvement—at every step of the way—of various publics—in that process.

### PRODUCT/TASKS:

The final product will be a script and accompanying story board.

- The script will provide the narrative for a 15 minute film.

The script shall include but not be limited to the following areas of emphasis:

- a history of transportation with emphasis on roads in Minnesota
- roads (transportation) as vital to the economy of the State
- roads as part of the larger transportation network in Minnesota
- Mn/DOT's commitment to working with people.

The script outline shall cover but not be limited to the following points:

- Planning a road—the need
- Environmental Assessment
- Public Hearings
- Designing a road—foundations, bridges, hydraulics, traffic etc.
- Right of Way Acquisition—buying the land, moving the people
- Bidding Process—Standard
- Construction—grading, bridges, paving, landscaping
- Inspection—standards
- Maintenance—summer and winter
- Work Zone Safety
- Traffic Management—ramp metering, HOV lanes, move people not vehicles.

The story board based on this script will illustrate the scenes basic to producing a 15 minute film. The number of illustrations will be between 120 and 360 depending on needs.

The responder will coordinate all aspects of production with authorized Mn/DOT agent.

Responder research shall include but not be limited to resources such as:

- Authorized Mn/DOT Agent
- Mn/DOT Project Managers Guide (Draft)
- Mn/DOT Orientation Slide/Tape Show
- Transportation Moving Minnesota Forward by Sobolewski and Anderson
- Minnesota Historical Society publication Roots—Vol. 15 No. 2 Winter 1987

### CONTRACT COSTS:

The Department estimates that the cost from June 1, 1987 through June 30, 1987 should not exceed \$8,000 for professional services and expenses.

### LIMITATIONS:

## SUPREME COURT DECISIONS

### Decisions Filed Friday 17 April 1987

Compiled by Wayne O. Tschimperle, Clerk

**C5-86-637** Max Winter, et al., PJ Acquisition Corporation, v. John C. Skoglund, et al., Appellants, First National Bank of Minneapolis, et al., Appellants. Hennepin County.

No enforceable right of first refusal was created by either the 1984 or the 1977 instruments. The 1984 agreement is unenforceable because approval by all voting shareholders was a condition precedent to enforceability and not all voting shareholders executed it. Similarly, when the last two parties executed the 1977 instrument they believed that all parties were bound. They were mutually mistaken and, therefore, the 1977 agreement is voidable.

Affirmed. Scott, J.

Concurring in part, dissenting in part, Coyne, Kelley, and Wahl, JJ.

**C8-86-1099** Craig Hammer, Relator v. Wes Barrette Masonry and Lakeland Fire & Casualty. Workers' Compensation Court of Appeals.

The compensation judge's finding, affirmed by the Workers' Compensation Court of Appeals, that employee failed to make a reasonably diligent effort to obtain suitable gainful employment in order to be eligible for disability compensation is supported by substantial evidence.

Affirmed. Coyne, J.

Dissenting, Yetka and Scott, JJ.
