Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 75 state agencies have the authority to issue rules. Each agency is assigned specific *Minnesota Rule* chapter numbers. Every odd-numbered year the *Minnesota Rules* are published. This is a ten-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Proposed and adopted emergency rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

If an agency seeks outside opinion before issuing new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION in the *Official Notices* section of the *State Register*. When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as **Proposed Rules**. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues 1-13 inclusive; issues 14-25 inclusive; issue 26, cumulative for issues 1-26; issues 27-38 inclusive; issue 39, cumulative for 1-39; issues 40-51 inclusive; and issue 52, cumulative for 1-52. An annual subject matter index for rules appears in August. For copies of the *State Register*, a subscription, the annual index, the *Minnesota Rules* or the *Minnesota Guidebook to State Agency Services*, contact the Print Communications Division, 117 University Avenue, St. Paul, MN 55155 (612) 297-3000 or toll-free in Minnesota 1-800-652-9747.

Board of Podiatric Medicine

Proposed Permanent Rules Relating to License Renewal Fees for Podiatrists

Notice of Intent to Adopt a Rule Amendment Without a Public Hearing, Notice of Intent to Adopt a Rule Amendment With a Public Hearing If 25 or More Persons Request a Hearing, and Notice of Intent to Cancel Hearing If Fewer Than 25 Persons Request a Hearing

I. EXPLANATION OF ALTERNATIVE NOTICES

The Minnesota Board of Podiatric Medicine (hereinafter "Board") is hereby giving notice of its intent to adopt a rule amendment without a public hearing under the noncontroversial rulemaking procedure of *Minnesota Statutes* §§ 14.22 to 14.28 (1988). However, in case 25 or more persons request a hearing, thus necessitating that one be held pursuant to *Minnesota Statutes* § 14.25 (1988), and in order to expedite the rulemaking process should that occur, the Board is at the same time hereby giving notice of the hearing on the proposed rule amendment pursuant to *Minnesota Statutes* §§ 14.131 to 14.20 (1988). The hearing will be cancelled if 25 or more people do not request that one be held. The comment period will close on March 8, 1989. There will be 16 days before the scheduled hearing date. This 16-day period will give interested persons ample time to contact the Board to find out whether the hearing will be cancelled and to plan accordingly.

II. NOTICE OF INTENT TO ADOPT A RULE AMENDMENT WITHOUT A PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Minnesota Board of Podiatric Medicine (hereinafter "Board") proposes to adopt the above-captioned rule amendment without a public hearing unless 25 or more persons submit written requests for a public hearing. The Board has determined that the changes will be noncontroversial in nature and has elected to follow the procedures set forth in *Minnesota Statutes* §§ 14.22 to 14.28 (1988).

Interested persons shall have 30 days from the date this notice is published in the *State Register* to submit comments in support of or in opposition to the proposed rule amendment. The 30 days will expire on March 8, 1989. Comment is encouraged. Each comment should identify the portion of the proposed rule amendment being addressed, the reason for the comment, and any change proposed to the rule amendment by the comment. The proposed rule amendment may be modified if the modifications are supported by the data and views submitted to the Board and do not result in a substantial change in the proposed language.

In addition to submitting comments, interested persons may request in writing during the 30-day comment period that a hearing be held on the proposed rule amendment. Any person requesting a hearing should state his or her name, address, and telephone number and is encouraged to identify the portion of the proposed rule amendment addressed, the reason for the request, and any changes to the proposed rule amendment. A public hearing will be held only if 25 or more persons submit in writing requests for a hearing on the proposed rule amendment or a portion thereof by March 8, 1989. If a hearing is required, it will be held in accordance with the provisions of *Minnesota Statutes* §§ 14.131 to 14.20 (1988) and the hearing notice provided below.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

Proposed Rules

Comments or written requests for a public hearing should be submitted to:

Lois E. Mizuno, Executive Director
Minnesota Board of Podiatric Medicine
Suite 101
2700 University Avenue West
St. Paul, Minnesota 55114
Telephone: (612) 642-0588

The statutory authority of the Board to adopt the proposed rule amendment is contained in *Minnesota Statutes* §§ 153.02 and 214.06 (1988).

If adopted, the proposed amendment would increase renewal licensure fee for podiatrists to \$225. The proposed rule amendment will be published in the *State Register* issue of February 6, 1989, and a free copy of the rule amendment may be obtained from the Board by writing or telephoning Lois E. Mizuno at the address or telephone number listed above.

A statement of need and reasonableness that describes the need for and reasonableness of the proposed rule amendment and identifies the data and information relied upon to support the proposed change has been prepared and may be obtained from the Board by writing or telephoning Lois E. Mizuno at the address or telephone number listed above.

Promulgation of the proposed rule amendment will not result in the expenditure of public monies by local public bodies nor have an impact on agricultural land; therefore, no further information need be provided under *Minnesota Statutes* § 14.11 (1988).

It is the position of the Board that it is not subject to *Minnesota Statutes* § 14.115 (1988) regarding small business considerations in rulemaking. The basis for this position, and the Board's evaluation of the applicability of the methods contained in *Minnesota Statutes* § 14.115, subd. 2 (1988), for reducing the impact of the proposed rule amendment, should it be determined that the Board is governed by section 14.115, are addressed in the statement of need and reasonableness.

Upon completion of the proposed rule amendment without a public hearing, the rule amendment as proposed, this notice, the statement of need and reasonableness, all written comments received, the rule amendment as adopted, and a statement explaining any differences between the rule amendment as proposed and as adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General or who wish to receive a copy of the amendments should submit a written request to Lois E. Mizuno at the address listed above.

III. NOTICE OF INTENT TO ADOPT A RULE AMENDMENT WITH A PUBLIC HEARING IF 25 OR MORE PERSONS REQUEST A HEARING

PLEASE NOTE THAT IF 25 OR MORE PERSONS SUBMIT WRITTEN REQUESTS FOR A PUBLIC HEARING WITH RESPECT TO THE ABOVE-CAPTIONED RULE AMENDMENT WITHIN THE 30-DAY COMMENT PERIOD PURSUANT TO THE NOTICE GIVEN IN PART II ABOVE, A HEARING WILL BE HELD ON MARCH 24, 1989, IN ACCORDANCE WITH THE FOLLOWING NOTICE OF PUBLIC HEARING.

NOTICE IS HEREBY GIVEN that a public hearing in the above-captioned matter will be held pursuant to *Minnesota Statutes* §§ 14.131 to 14.20 (1988), in the office of the Board of Podiatric Medicine, Suite 101, 2700 University Avenue West, St. Paul, Minnesota 55114, on March 24, 1989, commencing at 9:00 a.m.

All interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. Such persons may present their views either orally at the hearing or in writing at any time prior to the close of the hearing record. All evidence presented should be pertinent to the matter at hand. Written material not submitted at the time of hearing which is to be included in the hearing record may be mailed to Jon L. Lunde, Administrative Law Judge, Office of Administrative Hearings, 400 Flour Exchange Building, 310 South Fourth Avenue, Minneapolis, Minnesota 55415, telephone (612) 341-7645. Unless a longer period not to exceed 20 calendar days is ordered by the administrative law judge at the hearing, the hearing record will remain open for the inclusion of written material for five working days after the hearing ends. Written material received during this period will be available for review at the Office of Administrative Hearings. The Board and interested persons may respond in writing within three business days after the submission period ends to any new information submitted. No additional evidence may be submitted during the three-day period. This rule hearing procedure is governed by *Minnesota Statutes* §§ 14.131 to 14.20 (1988) and by *Minnesota Rules* pts. 1400.0200 to 1400.1200 (1987). Questions about procedure may be directed to the administrative law judge.

If adopted, the rule amendment would increase renewal licensure for podiatrist fees to \$225. The proposed rule amendment will be published in the *State Register* issue of February 6, 1989, and a free copy of the rule amendment may be obtained from the Board by writing or telephoning Lois E. Mizuno at the address and telephone number listed above in Part II of this notice.

The statutory authority of the Board to adopt the proposed rule amendment is contained in *Minnesota Statutes* §§ 153.02 and 214.06 (1988).

The proposed rule amendment may be modified as a result of the rule hearing process. Those who are potentially affected in any manner by the substance of the proposed rule amendment are therefore advised to participate in the process.

Minnesota Statutes ch. 10A requires each lobbyist to register with the State Ethical Practices Board within five days after he or she commences lobbying. A lobbyist is defined in *Minnesota Statutes* § 10A.01, subd. 11 as any individual:

(a) Engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250, not including his own travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials; or

(b) Who spends more than \$250, not including the individual's own traveling expenses and membership dues, in any year for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials.

The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 625 North Robert, St. Paul, Minnesota 55101, telephone: (612) 296-5615.

Notice is hereby given that a statement of need and reasonableness is now available for review at the Board and at the Office of Administrative Hearings. This statement of need and reasonableness includes a summary of all the evidence which the Board anticipates presenting at the hearing justifying both the need for and the reasonableness of the proposed rule amendment. Copies of the statement of need and reasonableness may be reviewed at the Board or the Office of Administrative Hearings and copies may be obtained from the Office of Administrative Hearings at the cost of reproduction.

Please note that any person may request notification of the date on which the administrative law judge's report will be available, after which date the Board may not take any final action on the rule amendment for a period of five working days. If you desire to be so notified, you may so indicate at the hearing. After the hearing, you may request notification by sending a written request to the administrative law judge. Any person may request notification of the date on which the rule amendment was adopted and filed with the Secretary of State. The notice must be mailed on the same day that the rule amendment is filed. If you want to be so notified, you may so indicate at the hearing or send a request in writing to the Board at any time prior to the filing of the rule amendment with the Secretary of State.

Promulgation of this proposed rule amendment will not result in the expenditure of public monies by local public bodies nor have any impact on agricultural land; therefore, no further information need be provided under *Minnesota Statutes* § 14.11 (1988).

It is the position of the Board that it is not subject to *Minnesota Statutes* § 14.115 (1988) regarding small business considerations in rulemaking. Although the proposed rules will affect small businesses, because most podiatrists are self-employed and employ less than 50 full-time employees, the Board has considered each of the methods proposed in *Minnesota Statutes*, section 14.115, subd. 2, for reducing the impact of the rules on small businesses. It finds that the rules focus on the individual licensee and his/her practice, not on business operation. Because one cannot easily make a distinction between the podiatrist's practice and the business's practice, the Board has rejected each of the methods listed in the statute. If they were implemented, the objectives of the podiatric medicine practice act would need to be disregarded, an unacceptable circumstance which the Board believes is contradictory to legislative intent.

IV. NOTICE OF INTENT TO CANCEL HEARING IF FEWER THAN 25 PERSONS REQUEST A HEARING

PLEASE NOTE THAT THE HEARING, NOTICE OF WHICH IS GIVEN IN PART III ABOVE, WILL BE CANCELLED IF FEWER THAN 25 PERSONS REQUEST A HEARING IN RESPONSE TO THE NOTICE GIVEN IN PART II ABOVE.

To be informed whether the hearing noticed in Part III above will be held, please call the Board before March 8, 1989, and leave your name, address, and telephone number. You will be notified after March 8, 1989, if the hearing has been cancelled. You may also call the Board after March 8, 1989, for oral confirmation regarding the scheduled hearing.

Emergency Rules

Proposed Emergency Rules

According to Minn. Stat. of 1984, §§ 14.29-14.30, state agencies may propose adoption of emergency rules if: 1) expressly required; 2) authorized by statute; or 3) if the manner permitted by a directive (given by statute, federal law or court order) does not allow for compliance with sections 14.14-14.28. The agency must, however, publish a notice of intent to adopt emergency rules, along with the rules themselves, in the *State Register*. The notice must advise the public:

- 1) that a free copy of the proposed emergency rule is available upon request from the agency;
- 2) that notice of the date that the rule is submitted to the attorney general will be mailed to persons requesting notification;
- 3) that the public has at least 25 days after publication of the proposed emergency rule to submit data and views in writing; and
- 4) that the emergency rule may be modified if the data and views submitted support such modification.

Adopted Emergency Rules

Emergency rules take effect five working days after approval by the attorney general, and after compliance with Minn. Stat. §§ 14.29-14.365. As soon as possible, emergency rules are published in the *State Register* in the manner provided for in section 14.18.

Emergency rules are effective for the period stated in the notice of intent to adopt emergency rules. This may not exceed 180 days.

Continued/Extended Emergency Rules

Adopted emergency rules may be continued in effect (extended) for an additional 180 days. To do this, the agency must give notice by: 1) publishing notice in the *State Register*; and 2) mailing the same notice to all persons who requested notification on rulemaking. No emergency rule may remain in effect 361 days after its original effective date. At that point, permanent rules adopted according to Minn. Stat. 14.14-14.28 supercede emergency rules.

Pursuant to the provisions of Minn. Stat. § 14.10, an agency must make reasonable effort to publicize the availability of any services contract or professional and technical services contract which has an estimated cost of over \$2,000.

Department of Administration procedures require that notice of any consultant services contract or professional and technical services contract which has an estimated cost of over \$10,000 be printed in the *State Register*. These procedures also require that the following information be included in the notice: name of contact person, agency name and address, description of project and tasks, cost estimate, and final submission date of completed contract proposal. Certain quasi-state agencies are exempted from some of the provisions of this statute.

Commodities contracts with an estimated value of \$15,000 or more are listed under the Procurement Division, Department of Administration. All bids are open for 7-10 days before bidding deadline. For bid specifics, time lines, and other general information, contact the appropriate buyers whose initials appear in parentheses next to the commodity for bid, by calling (612) 296-6152.

Department of Public Service

Request for Proposals from Consultants to Provide Expertise in Analysis Economic Analysis of Telecommunications Issues

I. INTRODUCTION

The Minnesota Department of Public Service is soliciting proposals from qualified consultants to provide expertise in economic analysis of telecommunications issues. The Department wishes to retain such a consultant so that routine assistance may be provided to other members of the Department staff on an intermittent basis, assuring that filings made by telephone companies in Minnesota may receive expedited analysis when excessive workloads become an obstacle to completing reviews within statutory timeframes.

II. QUALIFICATIONS OF RESPONDENTS

Qualified respondents must be able to demonstrate expertise and experience as a regulatory or utility economist. An academic background in economics, with telephone industry experience or experience as a member of a public utility commission staff, is mandatory. Experience in preparing or reviewing rate proposals, tariff changes, or other regulatory filings is desirable. Experience in the development of cost studies for specific telephone services is desirable. Experience presenting testimony before the Federal Communications Commission or one or more public utility commissions in the United States or Canada would be helpful, but is not a strict condition of acceptance.

III. SCOPE OF THE PROJECT

A. Duration of the Project

The Department would like to initiate this project before April 15, 1989. It is anticipated that the duration of the project would be until December 31, 1989, with annual extensions being made upon mutual consent. Some of the results of this project may be used as evidence in a contested hearing at a later date. Any expert testimony that would originate from this project would be due in accordance with prescribed schedules. Any expert testimony that might be required after December 31, 1989 would be arranged under separate contract.

B. Tasks to be Performed

The Department's objective in this project is to have an independent expert assist Department staff with the analysis of telephone company filings during periods in which the number of filings is unusually heavy. Statutory deadlines of 10 to 20 days accompany

State Contracts and Advertised Bids

certain rate change filings made by telephone companies before the Minnesota Public Utilities Commission. When a large number of such filings arrives, Department staff require assistance so that more routine analyses and reviews which do not have statutory deadlines are not postponed for undue periods. It is expected that the consultant would examine routine filings which do not have short time deadlines, so that existing Department staff may devote their attention to those filings that have short time horizons. Also, it is expected that the consultant will be available to answer questions from Department staff on topics in which the consultant has special expertise. To this end, the consultant will be expected to perform the following tasks:

1. Perform analysis of telephone tariff filings when required.
2. Advise Department staff regarding topics in which the consultant may have particular expertise.
3. Generally assist staff in its analysis of tariff filings for specific telephone services. This could lead to a role as primary investigator of the filing, if warranted.
4. Work closely with designated members of the Department staff and management to assure compliance with the goals of the Department. The consultant will provide designated staff a progress report every two weeks throughout the duration of the analysis, if deemed necessary by the Department.
5. Provide a written report of the results of the study review, when requested by the Department. Prepare letters of acceptance of the filing to be sent to the telephone company, if necessary. Help maintain updated tariff books and company files, if necessary. Prepare capsule summaries for the Minnesota Public Utilities Commission upon completion of the review, if necessary. Any task assignment should include thorough documentation of each issue raised in the review. Contractor shall, upon request, provide the Department with annotated copies of all working papers. To remain in accordance with state policy, any reports prepared by the consultant must be printed on recycled paper, if possible.

Phase II (under separate contract)

6. If the Department decides that any analysis indicates that a telephone company's filing warrants a critical review in a contested hearing, the consultant, acting as a member of the Department's staff participating in that proceeding, will:
 - a) Discover and develop issues related to the company's filing, preparing discovery requests as necessary.
 - b) Assist Department counsel in the preparation of cross-examination of company and intervenor witnesses.
 - c) Develop and deliver prefiled direct, rebuttal and/or surrebuttal testimony on issues relating to the case. Be available for cross-examination in a contested hearing, if needed.
 - d) Assist Department counsel in its preparation of briefs related to issues developed in testimony.

IV. PROPOSAL CONTENTS

The following will be considered minimum contents of the consultant's proposal.

1. A qualifications statement of the consultant's background and experience in preparing and/or reviewing telephone company filings placed before a public utility commission.
2. A restatement of the objectives and task of the project to illustrate the consultant's understanding of the proposal.
3. Identification of all personnel who will perform each task, their training and experience. No change in personnel assigned to this project will be permitted without advance approval of the Department. Assurance must be given that personnel who conduct the project will be available under a separate contract to fulfill any duties as an expert witness, if that becomes necessary.
4. A detailed price list which identifies in specific terms all the tasks that can be performed, with cost estimates for each. This should include estimates of the hourly rate for each analyst, and typical charges for support staff, travel to Minnesota and supplies.
5. Copies of recently delivered testimony or studies regarding the tasks described above or similar tasks.

V. SUBMISSION OF PROPOSALS

Responses to this proposal are due by March 15, 1989 and should be addressed to:

Dr. Nelson J. Updaw

Prices and terms of the proposal as stated must be valid for the length of time specified in the proposal. These should include any work related to testifying in a later proceeding. By the publishing of this RFP, the state is not obligated to go through with the project. Prospective respondents who have questions concerning this request for proposal may call Dr. Updaw.

State Grants

In addition to requests by state agencies for technical/professional services (published in the State Contracts section), the *State Register* also publishes notices about grant funds available through any agency or branch of state government. Although some grant programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself.

Agencies are encouraged to publish grant notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Minnesota Housing Finance Agency

Applications Accepted for the Federal Low Income Housing Tax Credit Program

Introduction

The Minnesota Housing Finance Agency (MHFA) is pleased to announce that it is accepting applications for reservation and allocation of the Low Income Housing Tax Credits, authorized by the Federal Tax Reform Act of 1986. The Low Income Housing Tax Credits offer a ten-year reduction in tax liability to owners and investors in eligible low-income, new construction, rehabilitation or existing rental housing.

The tax credit program is a three-year program that began January 1, 1987 and expires December 31, 1989. The total amount of the tax credit available for 1989 for Minnesota will be \$5,382,500 based on \$1.25 per capita. Ten percent of the total, or \$538,250, is reserved for qualified nonprofit organizations.

Credit Formula

The 1987 Minnesota Legislature designated the MHFA as the primary apportionment agency for low-income housing tax credits for the state and also authorized eligible cities and counties to administer the tax credits in their respective jurisdictions based on the following formula:

The MHFA shall reserve to each eligible city and county an amount equal to the greater of (1) the product obtained by: (a) deducting from the per capita amount used in determining the annual state ceiling for low-income housing credits provided under Section 42 of the *Internal Revenue Code of 1986*, a percentage portion of the per capita amount equal to the percentage set-aside apportionment for projects involving a qualified nonprofit organization, as provided therein; and (b) multiplying the difference obtained in clause (a) by the population of the city or county; and (c) multiplying the product obtained under clause (b) by 1.5 or (2) 90 percent of the total state ceiling for low-income housing credits, multiplied by a fraction that has as its numerator the number of rental units located within the city or county and that has as its denominator the total number of rental units located within the state. For purposes of this subdivision, the state demographer shall provide population and rental unit estimates to the MHFA. (*Minnesota Statutes Chapter 462A.222 Subdivision 2.*)

Local Administration of Tax Credit

The following eligible cities and counties have the authority to administer the tax credits locally:

City/County	Amount of Tax Credit for 1989
St. Cloud	\$ 74,991.00
Bloomington	142,560.00
Dakota County	404,155.00
Duluth	148,415.00
Minneapolis	972,356.00
St. Paul	556,044.00
Rochester	107,602.00
Washington County	220,536.00
SUBTOTAL	\$2,626,659.00
Administered by MHFA	2,217,591.00
Nonprofit Set-Aside	538,250.00
TOTAL AVAILABLE FOR STATE	\$5,382,500.00

Applicants with eligible buildings located within the jurisdiction of the above local governments must apply to the local administrators for allocation of the low-income housing tax credit. Any suballocation to local governments that is not committed by October 1, 1989 must be returned to the MHFA for statewide allocation. The MHFA will not make an allocation for projects located within the jurisdiction of the cities or counties that have elected to administer the credits until the amounts reserved have been allocated or returned to the MHFA for allocation.

State Grants

State Ceiling, State Demographer Population and Rental Unit Estimates for Tax Credits in 1989

The ceiling for the State of Minnesota for calendar year 1989 is \$5,382,500—Minnesota's population estimate of 4,306,000 times \$1.25. The estimated number of rental units in the state is 409,533.

The Minnesota population estimate of 4,306,000 is based on the annual estimates of population of states: from U.S. Census Bureau release of December, 1988 Estimates of the Resident Population of States, July 1, 1988.

Allocating Agency	Population	Rental Units
St. Cloud	44,439	5,756
Bloomington	84,480	7,771
Dakota County	239,499	16,440
Duluth	83,065	12,547
Minneapolis	356,677	82,203
St. Paul	264,782	47,008
Rochester	63,764	8,229
Washington County	130,688	5,756

Population estimates of individual cities and counties by State Demographer published August, 1988. The number of rental units in each local jurisdiction was estimated by the State Demographer based on 1980 Census data.

MHFA Administration of Tax Credits

Applicants with eligible buildings in the balance of the state, not within the jurisdiction of eligible local credit administrators, may apply to the MHFA for an allocation of low-income housing tax credits.

In addition, the MHFA has been designated as the credit agency to provide low-income housing credits for projects involving qualified 501(c)(3) and 501(c)(4) nonprofit organizations statewide. Ten percent of the state ceiling has been set aside for qualified nonprofits as required by Section 42 of the *Internal Revenue Code of 1986*. Qualified nonprofits can apply to the MHFA for the low-income housing tax credit set-aside, regardless of the geographic location of the proposed low income housing building.

Minnesota Housing Finance Agency

Notice of Availability of Federal Funds for Permanent Housing for Handicapped Homeless Persons Program

The Minnesota Housing Finance Agency (MHFA) announces the availability of federal funds to assist in the development of community-based long term housing which will be combined with supportive services, for handicapped persons who are homeless. Funding is available for the acquisition, or moderate or substantial rehabilitation of existing structures as well as a portion of the operating costs for the first two years.

Assistance will be in the form of federal matching grants to private, non-profit sponsors of housing projects for not more than eight homeless handicapped persons and their families. An exception to this size limit may be obtained from the Secretary of the Department of Housing and Urban Development providing it is necessary to make the project economically feasible and that neighborhood integration objectives are met.

Federal grant funds must be matched with at least an equal share of state and local funds, half of which must be state funds. Applicants may apply for state matching funds for acquisition or rehabilitation of property, which is made in the form of a no-interest 30 year deferred loan.

A total of \$15 million was made available on January 9, 1989 as authorized under the Stewart B. McKinney Homeless Assistance Amendments Act (Pub. L. 100-828, approved November 7, 1988). The deadline for application for permanent housing was set as

April 27, 1989. A final rule was published June 24, 1988 in the *Federal Register* and will govern this round of funding along with changes to the final rule published in the January 9, 1989 *Federal Register*. Minnesota applications will compete with applications nationwide for funding.

All applications must be submitted to MHFA by April 10, 1989. The applications will be reviewed by an interagency review committee which will forward approved applications to HUD by April 27, 1989. The award of state matching funds will be determined on a case-by-case basis by the committee. State funds are limited.

Those private, non-profit sponsors who may be interested in this program should contact Rhonda Lundquist at (612) 296-9822, Minnesota Housing Finance Agency, 400 Sibley Street, Suite #300, St. Paul, MN 55101, immediately to obtain an application and discuss the feasibility of their proposal.

Federal grant funds must be matched with at least an equal share of state and local funds, half of which must be state funds. Applicants may apply for matching funds for acquisition or rehabilitation of property, which is made in the form of a no-interest 30 year deferred loan. No state funds are available to match operating costs.

A total of \$89.6 million was made available on January 9, 1989 as authorized under the Stewart B. McKinney Homeless Assistance Amendments Act (Pub. L. 100-828, approved November 7, 1988). The deadline for application for transitional housing was set as March 30, 1989. A final rule was published June 24, 1988 in the *Federal Register* and will govern this round of funding along with changes to the final rule published in the January 9, 1989 *Federal Register*. Minnesota applications will compete with applications nationwide for funding.

All applications must be submitted to MHFA by March 15, 1989. The applications will be reviewed by an interagency review committee which will forward approved applications to HUD by March 30, 1989. The award of state matching funds will be determined on a case-by-case basis by the committee. State funds are limited.
