State Register

Judicial Notice Shall Be Taken of Material Published in the *State Register*

The *State Register* is the official publication of the State of Minnesota, containing executive and commissioners' orders, proposed and adopted rules, official and revenue notices, state and non-state contracts, contract awards, grants, a monthly calendar of cases to be heard by the state supreme court, and announcements.

A *Contracts Supplement* is published every Thursday and contains additional state contracts and advertised bids, and the most complete source of state contract awards available in one source.

Printing Schedule and Submission Deadlines

*Deadline extensions may be possible at the editor's discretion; however, none will be made beyond the second Wednesday (12 calendar days) preceding the issue date for rules, proposed rules and executive orders, or beyond the Wednesday (5 calendar days) preceding the issue date for official notices. Requests for deadline extensions should be made only in valid emergency situations.

**Notices of public hearings on proposed rules and notices of intent to adopt rules without a public hearing are published in the Proposed Rules section and must be submitted two weeks prior to the issue date.

Instructions for submission of documents may be obtained from the *State Register* editorial offices, 504 Rice Street, St. Paul, Minnesota 55103, (612) 296-4273.

The *State Register* is published every Monday (Tuesday when Monday is a holiday) by the State of Minnesota, Department of Administration, Print Communications Division, 117 University Avenue, St. Paul, Minnesota 55155, pursuant to *Minnesota Statutes* § 14.46. A *State Register Contracts Supplement* is published every Thursday. The Monday edition is the vehicle for conveying all information about state agency rulemaking, including official notices; hearing notices; proposed, adopted and emergency rules. It also contains executive orders of the governor; commissioners' orders; state contracts and advertised bids; professional, technical and consulting contracts; non-state public contracts; state grants; decisions of the supreme court; a monthly calendar of scheduled cases before the supreme court; and other announcements. The Thursday edition contains additional state contracts and advertised bids, and the most complete listing of contract awards available in one source.

In accordance with expressed legislative intent that the *State Register* be self-supporting, the following subscription rates have been established: the Monday edition costs \$140.00 per year and includes an index issue published in August (single issues are available at the address listed above for \$3.50 per copy); the combined Monday and Thursday editions cost \$195.00 (subscriptions are not available for just the *Contracts Supplement*); trial subscriptions are available for \$60.00, include both the Monday and Thursday edition, last for 13 weeks, and may be converted to a full subscription anytime by making up the price difference. No refunds will be made in the event of subscription cancellation.

Both editions are delivered postpaid to points in the United States, second class postage paid for the Monday edition at St. Paul, MN, first class for the Thursday edition. Publication Number 326630 (ISSN 0146-7751).

Subscribers who do not receive a copy of an issue should notify the *State Register* circulation manager immediately at (612) 296-0931. Copies of back issues may not be available more than two weeks after publication.

Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 75 state agencies have the authority to issue rules. Each agency is assigned specific *Minnesota Rule* chapter numbers. Every odd-numbered year the *Minnesota Rules* are published. This is a ten-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Proposed and adopted emergency rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

If an agency seeks outside opinion before issuing new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION in the *Official Notices* section of the *State Register*. When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues 1-13 inclusive; issues 14-25 inclusive; issue 26, cumulative for issues 1-26; issues 27-38 inclusive; issue 39, cumulative for 1-39; issues 40-51 inclusive; and issue 52, cumulative for 1-52. An annual subject matter index for rules appears in August. For copies of the *State Register*, a subscription, the annual index, the *Minnesota Rules* or the *Minnesota Guidebook to State Agency Services*, contact the Print Communications Division, 117 University Avenue, St. Paul, MN 55155 (612) 297-3000 or toll-free in Minnesota 1-800-9747.

Proposed Rules

Pursuant to Minn. Stat. §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Pollution Control Agency

Proposed Permanent Rules Relating to Closure of Hazardous Waste Facilities

Notice of Intent to Adopt Rules Without a Public Hearing

NOTICE IS HEREBY GIVEN that the Minnesota Pollution Control Agency (MPCA) intends to adopt the above-entitled rule amendments without a public hearing following the procedures set forth in the Administrative Procedure Act for adopting rule amendments without a public hearing in *Minnesota Statutes* §§ 14.22 to 14.28 (1990). The MPCA's authority to adopt the rule amendments is set forth in *Minnesota Statutes* § 116.07, subd. 4 (1990).

All persons have until 4:30 p.m. on September 3, 1991, to submit comments in support of or in opposition to the proposed rule amendments or any part or subpart of the rules. Comment is encouraged. Each comment should identify the portion of the proposed rule amendments addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the proposed rule amendments within the comment period. If 25 or more persons submit a written request for a public hearing within the comment period, a public hearing will be held unless a sufficient number withdraw their requests in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule amendments addressed, the reason for the request, and any change proposed. If a public hearing is required, the MPCA will proceed pursuant to *Minnesota Statutes* §§ 14.131 to 14.20 (1990).

Comments or written requests for a public hearing must be submitted to Glenn Skuta, Minnesota Pollution Control Agency, 520 Lafayette Road North, St. Paul, Minnesota 55155 (telephone 612/297-8319).

The proposed rule amendments may be modified if the modifications are supported by data and views submitted to the MPCA and do not result in a substantial change in the proposed rule amendments as noticed.

The proposed rule amendments pertaining to the management of hazardous waste, if adopted, incorporate federal regulations into state rules. The proposed rule amendments specify the conditions under which owners and operators of hazardous waste treatment, storage, and disposal facilities may delay closure of their facilities in order to receive nonhazardous wastes. One free copy of the rules is available upon request from Glenn Skuta at the address and telephone number given above.

A STATEMENT OF NEED AND REASONABLENESS that describes the need for and reasonableness of each provision of the proposed rule amendments has been prepared and is available from Glenn Skuta upon request.

You are hereby advised, pursuant to *Minnesota Statutes* § 14.115 (1990), "Small business considerations in rulemakings," that the proposed rule amendments will not negatively affect small businesses which generate hazardous waste. The proposed rule amendments are designed to allow for flexibility in the rules and are less stringent than current rules, thus having a beneficial effect on all businesses to which they apply.

If no hearing is required, upon adoption of the rule amendments, the rule amendments and required supporting documents will be submitted to the Attorney General for review as to legality and form to the extent form relates to legality. Any person may request

7045.0458 WASTE ANALYSIS REQUIREMENTS.

Subpart 1. **Waste analysis.** Waste analysis procedures are as follows:

A. Before an owner or operator treats, stores, or disposes of any hazardous waste, ~~he or she~~ or nonhazardous waste if applicable under part 7045.0488, subpart 2a, the owner or operator shall obtain a detailed chemical and physical analysis of a representative sample of the waste. This analysis must contain all the information which must be known in order to treat, store, or dispose of the waste in accordance with the requirements of parts 7045.0450 to 7045.0544 and 7045.1300 to 7045.1380, or with the conditions of a permit issued under the agency's permitting procedures.

[For text of item B, see M.R.]

C. The analysis must be repeated as necessary to ensure that it is accurate and up-to-date. The analysis must be repeated at the following times:

(1) when the owner or operator is notified, or has reason to believe, that the process or operation generating the hazardous waste, or nonhazardous waste if applicable under part 7045.0488, subpart 2a, has changed; and

[For text of subitem (2), see M.R.]

[For text of item D, see M.R.]

Subp. 2. **Waste analysis plan.** The owner or operator shall develop and follow a written waste analysis plan which describes the procedures which he or she will carry out to comply with subpart 1. The owner or operator shall keep this plan at the facility. The plan must specify:

A. the parameters for which each hazardous waste, or nonhazardous waste if applicable under part 7045.0488, subpart 2a, will be analyzed and the rationale for the selection of these parameters;

[For text of items B to H, see M.R.]

7045.0486 CLOSURE.

[For text of subps 1 to 4, see M.R.]

Subp. 5. **Notification of partial and final closure.**

[For text of item A, see M.R.]

B. The date on which the owner or operator "expects to begin closure" is defined as follows:

[For text of subitem (1), see M.R.]

(2) Where the owner or operator of a hazardous waste management unit reasonably anticipates that the owner or operator will continue to receive hazardous wastes, then the date on which the owner or operator "expects to begin closure" is one year after the date the last volume of hazardous waste was received by the hazardous waste management unit. An owner or operator shall only be considered to "reasonably anticipate receiving additional volumes of hazardous waste" if the owner or operator in fact receives hazardous wastes within one year after the last volume was received. The commissioner may approve an extension to this one year limit if the owner or operator of a hazardous waste management unit can demonstrate to the commissioner that the unit or facility has the capacity to receive additional hazardous wastes and he or she has taken, and will continue to take, all steps to prevent threats to human health and the environment, including compliance with all applicable permit requirements.

For units meeting the requirements of part 7045.0488, subpart 2a, the date on which the owner or operator expects to begin closure must be no later than 30 days after the date on which the hazardous waste management unit receives the known final volume of nonhazardous wastes, or if there is a reasonable possibility that the hazardous wastes management unit will receive additional nonhazardous wastes, no later than one year after the date on which the unit received the most recent volume of nonhazardous wastes. If the owner or operator can demonstrate to the commissioner that the hazardous waste management unit has the capacity to receive additional nonhazardous wastes and the owner or operator has taken, and will continue to take, all steps to prevent threats to human health and the environment, including compliance with all applicable permit requirements, the commissioner shall approve an extension to this one-year limit.

If the facility's permit or interim status is terminated, or if the facility is otherwise ordered by judicial decree or compliance order

to cease receiving hazardous waste or to close, then the requirement in this item does not apply. However, the owner or operator shall close the facility in accordance with established deadlines.

[For text of subp 6, see M.R.]

7045.0488 CLOSURE ACTIVITIES.

Subpart 1. **Time allowance to begin closure activities.** Within 90 days after receiving the final volume of hazardous waste, or the final volume of nonhazardous waste if the owner or operator complies with all applicable requirements of subpart 2a, at a hazardous waste management unit or facility, the owner or operator shall treat, remove from the unit or facility, or dispose of on-site all hazardous waste in accordance with the approved closure plan. The commissioner may approve a longer period if the owner or operator demonstrates at least 30 days before expiration of the 90 day period, that the owner or operator has taken and will continue to take all steps to prevent threats to human health and the environment, including compliance with all permit requirements and:

[For text of item A, see M.R.]

B. the hazardous waste management unit or facility has the capacity to receive additional hazardous waste, or has the capacity to receive nonhazardous waste if the owner or operator complies with subpart 2a, there is a reasonable likelihood that the owner or operator or another person will recommence operation of the unit or facility within one year, and closure of the unit or facility would be incompatible with continued operation of the site; and

[For text of item C, see M.R.]

Subp. 2. **Time extension for closure activities.** The owner or operator shall complete partial and final closure activities in accordance with the approved closure plan and within 180 days after receiving the final volume of hazardous waste, or the final volume of nonhazardous waste if the owner or operator complies with all applicable requirements in subpart 2a, at the hazardous waste management unit or facility. The commissioner may approve a longer closure period if the owner or operator demonstrates at least 30 days before expiration of the 180 day period that the owner or operator has taken, unless the owner or operator is otherwise subject to the deadlines of subpart 2a, and will continue to take all steps to prevent threats to human health and the environment from the unclosed but not operating hazardous waste management unit or facility, including compliance with all applicable permit requirements and:

[For text of item A, see M.R.]

B. the hazardous waste management unit or facility has capacity to receive additional hazardous waste, or has the capacity to receive nonhazardous waste if the owner or operator complies with subpart 2a, there is a reasonable likelihood the owner or operator or another person will recommence operation of the unit or facility within one year, and closure of the unit or facility would be incompatible with continued operation of the site; and

[For text of item C, see M.R.]

Subp. 2a. Conditions for receiving nonhazardous waste. The commissioner shall allow an owner or operator to receive only nonhazardous waste in a landfill, land treatment, or surface impoundment unit after the final receipt of hazardous waste at that unit if:

A. the owner or operator requests a permit modification in compliance with all applicable requirements of chapter 7001 and in the permit modification request demonstrates that:

(1) the unit has the existing design capacity, as previously indicated by the owner or operator on the Part A application, to receive nonhazardous wastes;

(2) there is a reasonable likelihood that the owner or operator or another person will receive nonhazardous wastes in the unit within one year after the final receipt of hazardous waste;

(3) the nonhazardous waste will not be incompatible with any remaining wastes in the unit, or with the facility design and operating requirements of the unit or facility under parts 7045.0450 to 7045.0544;

(4) closure of the hazardous waste management unit would be incompatible with continued operation of the unit or facility;
and

(5) the owner or operator is operating and will continue to operate in compliance with all applicable permit requirements;

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. **Strike outs** indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. **Strike outs** indicate deletions from proposed rule language.

Proposed Rules

B. the request to modify the permit includes an amended waste analysis plan required under part 7045.0458, groundwater monitoring and response program required under part 7045.0484, human exposure assessment required under parts 7001.0590 and 7001.0620, closure and postclosure plans required under parts 7045.0486 and 7045.0490, and updated cost estimates and demonstration of financial assurance for closure and postclosure care as necessary and appropriate required under parts 7045.0502 to 7045.0508, to reflect any changes due to the presence of hazardous constituents in the nonhazardous wastes, and changes in closure activities required under part 7045.0488, including the expected year of closure if applicable under part 7045.0486, subpart 4, as a result of the receipt of nonhazardous wastes following the final receipt of hazardous wastes;

C. the request to modify the permit includes revisions, as necessary and appropriate, to affected conditions of the permit to account for the receipt of nonhazardous wastes following receipt of the final volume of hazardous wastes; and

D. the request to modify the permit and the demonstrations referred to in items A and B are submitted to the commissioner no later than 120 days before the date on which the owner or operator of the facility receives the known final volume of hazardous wastes at the unit.

If the owner or operator of a surface impoundment is not in compliance with the liner and leachate collection system minimum technology requirements of part 7045.0532, subpart 3, the owner or operator may not delay closure in order to accept nonhazardous wastes.

[For text of subs 3 and 4, see M.R.]

7045.0502 COST ESTIMATE FOR FACILITY CLOSURE.

Subpart 1. **Cost estimate requirements.** The owner or operator shall have a detailed written estimate, in current dollars, of the cost of closing the facility in accordance with parts 7045.0486 and 7045.0488 and applicable closure requirements in parts 7045.0526, subpart 9; 7045.0532, subpart 7; 7045.0534, subpart 7; 7045.0536, subpart 8; 7045.0538, subpart 7; 7045.0539, subparts 2 to 4; and 7045.0542, subpart 8. The closure cost estimate must equal the cost of final closure at the point in the facility's active life when the extent and manner of its operation would make closure the most expensive, as indicated by its closure plan. The closure cost shall be estimated as follows:

[For text of item A, see M.R.]

B. The closure cost estimate may not incorporate any salvage value that may be realized with the sale of hazardous wastes, or nonhazardous wastes if applicable under part 7045.0488, subpart 2a, facility structures or equipment, land, or other assets associated with the facility at the time of partial or final closure.

C. The owner or operator may not incorporate a zero cost for hazardous wastes, or nonhazardous wastes if applicable under part 7045.0488, subpart 2a, that might have economic value.

[For text of subs 2 to 4, see M.R.]

7045.0564 WASTE ANALYSIS REQUIREMENTS.

Subpart 1. **Waste analysis.** The analysis must comply with the following requirements:

A. Before an owner or operator treats, stores, or disposes of any hazardous waste, ~~he or she~~ or nonhazardous waste if applicable under part 7045.0596, subpart 2a, the owner or operator shall obtain a detailed chemical and physical analysis of a representative sample of the waste. This analysis must contain all the information which must be known in order to treat, store, or dispose of the waste in accordance with the requirements of parts 7045.0552 to 7045.0642 and 7045.1300 to 7045.1380.

[For text of item B, see M.R.]

C. The analysis must be repeated as necessary to ensure that it is accurate and up-to-date. The analysis must be repeated:

(1) when the owner or operator is notified, or has reason to believe, that the process or operation generating the hazardous waste, or nonhazardous waste if applicable under part 7045.0596, subpart 2a, has changed; and

[For text of subitem (2), see M.R.]

[For text of item D, see M.R.]

Subp. 2. **Waste analysis plan.** The owner or operator shall develop and follow a written waste analysis plan which describes the procedures the owner or operator will carry out to comply with subpart 1. The owner or operator shall keep this plan at the facility. The plan must specify:

A. The parameters for which each hazardous waste, or nonhazardous waste if applicable under part 7045.0596, subpart 2a, will be analyzed and the rationale for the selection of these parameters.

[For text of subparts 1 and 2, see M.R.]

Subp. 3. **Submittal of closure plan.** The closure plans must be submitted as follows:

[For text of items A to D, see M.R.]

E. The date on which the owner or operator "expects to begin closure" is defined as follows:

[For text of subitem (1), see M.R.]

(2) Where the owner or operator of a hazardous waste management unit reasonably anticipates that the owner or operator will continue to receive hazardous wastes, then the date on which the owner or operator "expects to begin closure" is one year after the date on which the last volume of hazardous waste was received by the hazardous waste management unit. An owner or operator shall only be considered to "reasonably anticipate receiving additional hazardous waste" if the owner or operator in fact receives additional hazardous wastes within one year after the last volume was received. If the owner or operator can demonstrate to the commissioner that the unit or facility has the capacity to receive additional hazardous wastes and the owner or operator has taken and will continue to take all steps to prevent threats to human health and the environment, including compliance with all interim status requirements, the commissioner may approve an extension to this one year limit.

For units meeting the requirements of part 7045.0596, subpart 2a, the date on which the owner or operator expects to begin closure must be no later than 30 days after the date on which the hazardous waste management unit receives the known final volume of nonhazardous wastes, or if there is a reasonable possibility that the hazardous waste management unit will receive additional nonhazardous wastes, no later than one year after the date on which the unit received the most recent volume of nonhazardous wastes. If the owner or operator can demonstrate to the commissioner that the hazardous waste management unit has the capacity to receive additional nonhazardous wastes and the owner or operator has taken, and will continue to take, all steps to prevent threats to human health and the environment, including compliance with all applicable interim status requirements, the commissioner shall approve an extension to this one-year limit.

[For text of subp 4, see M.R.]

7045.0596 CLOSURE ACTIVITIES.

Subpart 1. **Time allowance to begin closure activities.** Within 90 days after receiving the final volume of hazardous waste, or the final volume of nonhazardous waste if the owner or operator complies with all applicable requirements in subpart 2a, at a hazardous waste management unit or facility, or within 90 days after approval of the closure plan, whichever is later, the owner or operator shall treat, remove from the unit or facility, or dispose on-site all hazardous waste in accordance with the approved closure plan. The commissioner may approve a longer period if the owner or operator demonstrates at least 30 days before expiration of the 90 day period, that he or she has taken and will continue to take all steps to prevent threats to human health and the environment, including compliance with all applicable interim status requirements, and:

[For text of item A, see M.R.]

B. the hazardous waste management unit or facility has the capacity to receive additional hazardous waste, or has the capacity to receive nonhazardous waste if the facility owner or operator complies with subpart 2a, there is a reasonable likelihood that the owner or operator or another person will recommence operation of the hazardous waste management unit or facility within one year, and closure of the unit or facility would be incompatible with continued operation of the site.

If the owner or operator of a facility required to maintain financial assurance for closure, post closure care, or corrective action fails to make any required payment or to substitute alternative financial assurance when required to do so, the commissioner shall order the owner or operator to begin closure activities.

Subp. 2. **Time extension for closure activities.** The owner or operator shall complete partial or final closure activities in accordance with the approved closure plan and within 180 days after receiving the final volume of hazardous waste, or the final volume of nonhazardous waste if the owner or operator complies with all applicable requirements of subpart 2a, at the hazardous waste management unit or facility, or 180 days after approval of the closure plan if that is later. The commissioner may approve a longer closure period if the owner or operator demonstrates at least 30 days before expiration of the 180 day period that he or she has taken, unless the owner or operator is otherwise subject to the deadlines in subpart 2a, and will continue to take all steps to prevent threats

to human health and the environment from the unclosed but not operating hazardous waste management unit or facility, including all applicable interim status requirements, and:

[For text of item A, see M.R.]

B. the hazardous waste management unit or facility has capacity to receive additional hazardous waste, or has the capacity to receive nonhazardous wastes if the facility owner or operator complies with subpart 2a, there is a reasonable likelihood that the owner or operator or another person will recommence operation of the unit or facility within one year, and closure of the unit or facility would be incompatible with continued operation of the site.

If operation of the site is recommended, the commissioner may defer completion of partial or final closure activities until the new operation is terminated.

Subp. 2a. Conditions for receiving nonhazardous waste. The commissioner shall allow an owner or operator to receive only nonhazardous waste in a landfill, land treatment, or surface impoundment unit after the final receipt of hazardous waste at that unit if:

A. the owner or operator submits an amended Part B application, or a Part B application, if not previously required, and demonstrates that:

(1) the unit has the existing design capacity, as previously indicated by the owner or operator on the Part A application, to receive nonhazardous wastes;

(2) there is a reasonable likelihood that the owner or operator or another person will receive nonhazardous wastes in the unit within one year after the final receipt of hazardous waste;

(3) the nonhazardous waste will not be incompatible with any remaining wastes in the unit, or with the facility design and operating requirements of the unit or facility under parts 7045.0552 to 7045.0642;

(4) closure of the hazardous waste management unit would be incompatible with continued operation of the unit or facility;
and

(5) the owner or operator is operating and will continue to operate in compliance with all permit applicable interim status requirements;

B. the Part B application includes an amended waste analysis plan required under part 7045.0564, groundwater monitoring and response program required under parts 7045.0590 and 7045.0592, human exposure assessment required under parts 7001.0590 and 7001.0620, closure and postclosure plans required under parts 7045.0594 and 7045.0600, and updated cost estimates and demonstration of financial assurance for closure and postclosure care as necessary and appropriate required under parts 7045.0610 to 7045.0618, to reflect any changes due to the presence of hazardous constituents in the nonhazardous wastes, and changes in closure activities required under part 7045.0596, including the expected year of closure if applicable under part 7045.0594, subpart 3, item A, subitem (5), as a result of the receipt of nonhazardous wastes following the final receipt of hazardous wastes;

C. the Part B application is amended, as necessary and appropriate, to account for the receipt of nonhazardous wastes following receipt of the final volume of hazardous wastes; and

D. the Part B application and the demonstrations referred to in items A and B are submitted to the commissioner no later than 120 days before the date which the owner or operator of the facility receives the known final volume of hazardous wastes at the unit.

If the owner or operator of a surface impoundment is not in compliance with the liner and leachate collection system minimum technology requirements of part 7045.0630, subpart 1a, the owner or operator may not delay closure in order to accept nonhazardous wastes.

[For text of subps 3 and 4, see M.R.]

7045.0610 COST ESTIMATE FOR FACILITY CLOSURE.

Subpart 1. **Cost estimate requirements.** The owner or operator shall prepare a detailed written estimate, in current dollars, of the cost of closing the facility in accordance with the closure plan in part 7045.0594 and applicable closure requirements in parts 7045.0626, subpart 8; 7045.0628, subpart 5; 7045.0630, subpart 6; 7045.0632, subpart 7; 7045.0634, subpart 6; 7045.0638, subpart 4; 7045.0640, subpart 5; and 7045.0642, subpart 5. The closure cost estimate must equal the cost of closure at the point in the facility's operating life when the extent and manner of its operation would make closure the most expensive, as indicated by its closure plan. The closure cost shall be estimated as follows:

[For text of item A, see M.R.]

B. The closure cost estimate may not incorporate any salvage value that may be realized with the sale of hazardous wastes, or nonhazardous wastes if applicable under part 7045.0596, subpart 2a, facility structures or equipment, land, or other assets associated with the facility at the time of partial or final closure.

C. The owner or operator may not incorporate a zero cost for hazardous wastes, or nonhazardous wastes if applicable under part 7045.0596, subpart 2a, that might have economic value.

[For text of subps 2 to 4, see M.R.]

Adopted Rules

The adoption of a rule becomes effective after the requirements of Minn. Stat. §14.14-14.28 have been met and five working days after the rule is published in *State Register*, unless a later date is required by statutes or specified in the rule.

If an adopted rule is identical to its proposed form as previously published, a notice of adoption and a citation to its previous *State Register* publication will be printed.

If an adopted rule differs from its proposed form, language which has been deleted will be printed with strikeouts and new language will be underlined. The rule's previous *State Register* publication will be cited.

An emergency rule becomes effective five working days after the approval of the Attorney General as specified in Minn. Stat. §14.33 and upon the approval of the Revisor of Statutes as specified in §14.36. Notice of approval by the Attorney General will be published as soon as practicable, and the adopted emergency rule will be published in the manner provided for adopted rules under §14.18.

Ethical Practices Board

Request for Advisory Opinion Re: Lobbyist Registration

The Ethical Practices Board solicits comments regarding the following request for an advisory opinion received from Betty Backes, City Clerk, City of Coon Rapids. Written comments should arrive at the Board office, 625 N. Robert St., St. Paul, MN 55101, prior to August 12, 1991, for consideration at the Board's meeting of August 22, 1991.

July 9, 1991—*Minnesota Statutes* Section 10A.01, Subd. 26 defines a Metropolitan Governmental Unit as a City with a population of over 50,000. The City of Coon Rapids has received the preliminary 1990 Census population estimate of 52,978. We have not received our official notice of the final figure but assume the above number to be fairly accurate.

My question to the Ethical Practices Board is at what point should the City of Coon Rapids begin to comply with the filing of Statements of Economic Interest as mandated in M.S.A. 10A.09. This section does not obtain transition language for City's reaching the 50,000 population point.

Please advise as to the date the City needs to begin complying with this Statute and who is the "responsible authority" for collecting this data since S.F. #225 did not pass through the Legislature this year.

APPOINTING AUTHORITY: Governor. Senate confirmation. COMPENSATION: \$55 per diem plus expenses.

VACANCY: One member: required to be a county commissioner from southwestern area of Minnesota.

The board coordinates the water and soil resources management activities of local units of government through educational activities, approval of local plans, administration of state grants and cost-sharing contracts. Twelve members include three county commissioners, three soil and water conservation district supervisors, three watershed district or watershed management organization representatives, and three unaffiliated citizens. One member must come from each of the current soil and water conservation administrative regions throughout the state. At least three but no more than five members must come from the seven-county metropolitan area. All members must be knowledgeable of soil and water problems. Members must file with the Ethical Practices Board. Monthly meetings.

State Grants

In addition to requests by state agencies for technical/professional services (published in the State Contracts section), the *State Register* also publishes notices about grant funds available through any agency or branch of state government. Although some grant programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself.

Agencies are encouraged to publish grant notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

Department of Jobs and Training

Request for Proposals to Establish Independent Living Rehabilitation Services

The Department of Jobs and Training, Division of Rehabilitation Services, Independent Living Program, is accepting applications for grants to establish independent living services. These funds are authorized by *Title VII*, Part A, Section 701 of PL95-602 and *Minnesota Statute* 129A.10, subdivision 1.

The Division will award grants in the amount of five to seven thousand dollars each on or about October 1, 1991.

Eligible applicant organizations must have a board of directors and staff comprised of a majority of persons with a severe disability, meet the minimum standards for Independent Living Centers, be incorporated under *Minnesota Statute* 317 et seq. governing non-profit organizations, and comply with all applicable State and Federal regulations including those concerning accessibility, affirmative action, and non discrimination.

Proposals must encompass independent living rehabilitation services as described in 1986 *Minnesota Statutes*, section 129A.10.

Priority consideration will be given to applications which address the needs of people with disabilities in poverty areas and of people with disabilities who are American Indian or racial minorities.

The postmark for applications is August 12, 1991. Request for proposal applications can be obtained from Scott Rostron, Independent Living Program, Division of Rehabilitation Services, 390 North Robert Street, St. Paul, Minnesota 55101 or call 612/296-5085.

Professional, Technical & Consulting Contracts

Department of Administration procedures require that notice of any consultant services contract or professional and technical services contract which has an estimated cost of over \$10,000 be printed in the *State Register*. These procedures also require that the following information be included in the notice: name of contact person, agency name and address, description of project and tasks, cost estimate, and final submission date of completed contract proposal. Certain quasi-state agencies are exempted from some of the provisions of this statute.

Department of Human Services

Request for Proposals to Operate a Child Care Center at Ah Gwah Ching Center

The Department of Human Services, Ah Gwah Ching Center, is seeking proposals from non-profit child care providers to operate a child care center at Ah Gwah Ching. The contract will be awarded based on demonstrated knowledge of child care needs and a commitment to maximizing the salaries and benefits of the direct child care workers. Ah Gwah Ching will provide building space for the center, including rent, maintenance and utilities.

The request for proposals which contains specifications may be requested from Ah Gwah Ching Center. The deadline for submitting a proposal is 4 p.m. on August 12, 1991. A mandatory briefing session and site inspection is scheduled for August 1, 1991, at 10 a.m. at Ah Gwah Ching. The Commissioner of the Department of Human Services reserves the right to reject all proposals submitted.

Please direct proposals and inquiries to:

Minnesota Technology Inc.

Request for Proposals for Minnesota Technology Industry Directory

Minnesota Technology Inc. is requesting proposals for the publication of a directory of technology intensive companies in Minnesota. This request does not obligate Minnesota Technology to complete this project, and Minnesota Technology reserves the right to cancel this solicitation if it is considered to be in its best interest.

The purpose of the directory is to promote Minnesota's technology industry and to encourage interaction and networking among technology firms. The directory will include:

1. An alphabetical, descriptive listing of private, technology intensive manufacturing and service corporations in Minnesota. Technology intensive industries are defined using the Standard Industrial Classification Manual (Office of Management and Budget, 1987). A list of appropriate SIC codes is available upon request.

The description of each firm includes:

Name of firm
Address of corporate headquarters (if in Minnesota) or
Address of primary manufacturing or service center (if not headquartered in Minnesota)
Name and title of chief executive officer or general manager
Name and title of marketing director
Name and title of research and development director
Telephone number
Facsimile number
Number of employees in Minnesota (or range)
Annual revenue (or range)
Year established
Name and location of parent firm (if applicable)
Ownership type
Primary standard industrial classification code(s)
Brief description of products and services

2. A list of firm names sorted by location;

Professional, Technical & Consulting Contracts

3. A list of firm names sorted by standard industrial classification;
4. Summary information describing Minnesota's technology intensive industry.

Deliverables:

- (1) single, camera-ready copy for publication or 5,000 copies of final document; and
- (2) computer diskette(s) containing formatted database of information included in directory. Use of Foxpro or RBase is preferred.

Optional:

To offset costs, contractor may, under the direction of Minnesota Technology Inc., solicit and include paid advertisements in directory.

Project completion deadline is March 15, 1992. Estimated project cost is \$15,000.

The proposal should include:

1. A statement of the respondent's qualifications for performing project;
2. Proposed methodology for identifying technology firms and ensuring accuracy and completeness of firm data; and
3. A detailed cost projection and work plan.

Selection criteria:

1. Demonstrated ability to prepare business publications and directories;
2. Demonstrated ability to conduct surveys and develop and maintain computer databases;
3. Qualifications and experience of project manager and support staff;
4. Degree to which proposal meets objectives of request for proposals;
5. Degree to which proposed methodology will yield accurate and complete directory of Minnesota technology intensive firms;
6. Anticipated cost to Minnesota Technology Inc.

Written proposals must be received by 5:00 p.m., Friday, August 23, 1991.

Inquiries and requests should be directed to:

Mr. Gil Young
Minnesota Technology Inc.
1250 International Centre II
920 Second Avenue South
Minneapolis, MN 55402
Telephone: 612/338-7722

Department of Veterans Affairs—Veterans Homes Board of Directors

Request for Proposals for a Long Range Planning Study

The Minnesota Veterans Homes Board of Directors is seeking proposals from organizations with the expertise to develop a long range plan for the Minneapolis and Hastings campuses. The plan must include a physical plant assessment of all buildings on the Minneapolis and Hastings campuses, a proposal for configuring the domiciliary and skilled nursing care needs of veterans on the Minneapolis and Hastings campuses or on alternative sites, and a determination of how to best meet the present and future needs of veterans.

The formal Request for Proposals which contains specifications may be requested from the Veterans Homes Board of Directors. The deadline for submitting a proposal is 4:30 p.m. August 5, 1991. Selection of the contractor will be made by August 12, 1991. The Chairman of the Board reserves the right to reject all proposals submitted.

Please direct proposals and inquiries to:

Richard Zierdt
Veterans Homes Board of Directors
206A Veterans Service Building
St. Paul, MN 55155
Phone: 612/296-2073

Mr. Zierdt is the only employee authorized to answer questions regarding this proposal.

Non-State Public Contracts

The *State Register* also serves as a central marketplace for contracts let out on bid by the public sector. The *Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector.

It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of project and tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact the editor for further details.

Metropolitan Waste Control Commission

Advertisement for Bids

NOTICE IS GIVEN that on August 6, 1991, at 2:00 p.m., the Metropolitan Waste Control Commission will receive and publicly open separate sealed bids for MWWTP Phosphorus Removal Demonstration Project—Chemical Precipitation Equipment Procurement, MWCC Project Number 855623, at their offices at Mears Park Centre, 230 E. 5th St., 6th Floor, St. Paul, MN 55101.

The project consists of furnishing equipment for a ferric chloride feed system, a polymer feed system, wastewater mixing, and wastewater and sludge sampling. Copies of the procurement bidding documents may be obtained from the Commission's offices at the address given above at a non-refundable cost of \$20.00 per set.

A pre-bid meeting will be held at the Commission's offices at the address given above on July 25, 1991 at 10:00 a.m. Inquiries should be directed to the Commission's project manager, Fred J. Banister, at (612) 229-2148.

It is hereby agreed between the parties that *Minnesota Statutes*, sections 473.144 and 363.073, and *Minnesota Rules*, parts 5000.3400 to 5000.3600, are incorporated into any contract between these parties based upon this specification or any modification of it. A copy of *Minnesota Statutes*, sections 473.144 and 363.073, and *Minnesota Rules*, parts 5000.3400 to 5000.3600, is available upon request from the Commission.

State Contracts and Advertised Bids

Pursuant to the provisions of Minn. Stat. § 14.10, an agency must make reasonable effort to publicize the availability of any services contract or professional and technical services contract which has an estimated cost of over \$2,000.

Commodities contracts with an estimated value of \$15,000 or more are listed under the Materials Management Division, Department of Administration. All bids are open for 7-10 days before bidding deadline. For bid specifics, time lines, and other general information, contact the appropriate buyers whose initials appear in parentheses next to the commodity for bid, by calling (612) 296-6152.

Awards of contracts and advertised bids for commodities and printing, as well as awards of professional, technical and consulting contracts, appear in the midweek STATE REGISTER Contracts Supplement, published every Thursday. Call (612) 296-0931 for subscription information.

Announcements

New Bikeway Map: The Bikeways Unit published a new bikeway map which covers the northwestern quarter of the state. Cyclists can use the map to determine the suitability of roads for biking, locating off-road bikeways and planning a tour on the 99-mile Heartland State Trail. Maps are available at Minnesota's Bookstore, 117 University Avenue, St. Paul, MN 55155, or by calling (612) 297-3000 (Toll free: 1-800-657-3757). Maps cost \$3 plus \$2 for postage.

Sentencing Guidelines Commission Meeting: The Commission's meeting will be held on July 30, 1991 at 4:30 p.m. in the President's Room of the University Club, 420 Summit Avenue, St. Paul, MN 55102. Included on the agenda are adoption of modifications to the Minnesota sentencing guidelines and commentary, and the development of principles for criminal justice resource management plans. Call (612) 296-0144 for more information.

Plumber and Water Conditioning License Examinations: Examinations for state journeyman and master plumber's licenses, and water conditioning installer and contractor licenses, will be conducted in September at four locations: Albert Lea Technical Institute, Detroit Lakes Area Technical Institute, Duluth Area Technical Institute and North Hennepin Community College, Brooklyn Park. Applications may be obtained by calling (612) 627-5115 or by writing to the Plumbing Unit, Minnesota Department of Health, 925 Delaware Street S.E., Box 59040, Minneapolis, MN 55459-0040. Applications must be returned by August 15 to be eligible for the September examinations. The next scheduled examinations will be given in March 1992.

River Stories That Warm Your Heart

A Stretch on the River. 1950 novel about the son of a wealthy family who goes to work on a Mississippi River towboat to avoid being drafted. With power, gusto and humor, author Richard Bissel creates an energetic, rowdy, and delightful account of a typical trip up the river, accurately re-creating a colorful era of towboating on America's major waterway. Stock #17-6. \$8.95 plus tax.

High Water. During the worst flood on the Mississippi River anyone can remember, the mate of a towboat has his hands full on a perilous trip, working with an unhappy crew, an angry captain, and too many barges to push against too much river. A 1954 Richard Bissel novel reveals the drama, humor and charm of working on the river. Stock #17-8. \$8.95 plus tax.

Old Times on the Mississippi River. George Merrick's lively, loving, and humorous reminiscences of his steamboat life from the bottom up, as a pantry boy, apprentice engineer, second clerk, and "cub" pilot. First published in 1909, he describes steamboat operations—from machinery and personnel to the economics of the business—with vivid examples and rich detail. 323 pp. includes appendices and index. Stock #17-45. \$8.95 plus tax.

Canoeing with the Cree. Minnesota's distinguished newsman, Eric Sevareid, wrote his first book in 1935 about a canoe journey he and a classmate made to Hudson Bay. The classic recounts their trip on the Mississippi, Minnesota and Red River of the North Rivers into Lake Winnipeg, and then God's River to Hudson Bay. 209 pp. includes index, maps and photos. Stock #17-14. \$6.95 plus tax.

TO ORDER: Send to Minnesota's Bookstore, 117 University Avenue, St. Paul, MN 55155. Call (612) 297-3000, or toll-free in Minnesota: 1-800-657-3757. Minnesota residents please include 6% sales tax.
