Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the *State Register*

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 75 state agencies have the authority to issue rules. Each agency is assigned specific *Minnesota Rule* chapter numbers. Every odd-numbered year the *Minnesota Rules* are published. This is a ten-volume bound collection of all adopted rules in effect at the time. Supplements are published to update this set of rules. Proposed and adopted emergency rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

If an agency seeks outside opinion before issuing new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION in the *Official Notices* section of the *State Register*. When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules and withdrawn proposed rules are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten in their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety in the *State Register*, only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted. For a more detailed description of the rulemaking process, see the *Minnesota Guidebook to State Agency Services*.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues 1-13 inclusive; issues 14-25 inclusive; issue 26, cumulative for issues 1-26; issues 27-38 inclusive; issue 39, cumulative for 1-39; issues 40-51 inclusive; and issue 52, cumulative for 1-52. An annual subject matter index for rules appears in August. For copies of the *State Register*, a subscription, the annual index, the *Minnesota Rules* or the *Minnesota Guidebook to State Agency Services*, contact the Print Communications Division, 117 University Avenue, St. Paul, MN 55155 (612) 297-3000 or toll-free in Minnesota 1-800-9747.

Proposed Rules

Pursuant to Minn. Stat. §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Comment is encouraged. Each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed.

Any person may make a written request for a public hearing on the rule within the 30-day comment period. If 25 or more persons submit a written request for a public hearing within the 30-day comment period, a public hearing will be held unless a sufficient number withdraw their request in writing. Any person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any changes proposed. If a public hearing is required, the agency will proceed pursuant to *Minnesota Statutes*, sections 14.131 to 14.20 (1990).

Rules as Proposed (all new material)

8017.6000 APPORTIONMENT OF NET INCOME OF AIR CARRIERS.

Subpart 1. **General information.** *Minnesota Statutes*, section 290.17, subdivision 3, provides that the net income of a trade or business carried on partly in and partly out of this state must be apportioned between this state and other states. *Minnesota Statutes*, section 290.191, provides general rules for the apportionment of the net income of a trade or business carried on partly in and partly out of this state. *Minnesota Statutes*, section 290.20, provides that if the methods prescribed by *Minnesota Statutes*, section 290.191, do not fairly reflect the net income allocable to this state, the commissioner of revenue may require the use of another method. The nature of the air carrier business requires use of a method other than those prescribed by *Minnesota Statutes*, section 290.191.

Subp. 2. **Definitions.** The definitions in this subpart apply to this part.

A. "Air carrier" means a person engaged in the paid carriage of passengers, cargo, or mail on regularly scheduled flights of aircraft.

B. "Aircraft" means a contrivance used or designed for the navigation of flight in the air.

C. "Airport-to-airport mileage" means the mileage, as determined by the United States Department of Transportation, between airports that are the point of origination and termination of a flight in service.

D. "Cargo ton mile" means the paid carriage of one ton of cargo for one mile.

E. "Departures" means departures of an aircraft while operating a flight in revenue service.

F. "Fixed property and payroll" means all property and payroll not defined as flight property or flight payroll.

G. "Fleet type" means each series within an aircraft model.

H. "Flight in revenue service" means the flight of an aircraft for the paid carriage of cargo, mail, or passengers.

I. "Flight payroll" means the payroll of persons engaged as staff, such as pilots and flight attendants, on the air carrier's aircraft.

J. "Flight property" means aircraft ready for flight, spare engines, and spare parts inventory that rotates into aircraft. Inventory that rotates is inventory that consists of aircraft parts that are replacements for defective or worn parts and may be placed into an aircraft for use more than one time.

K. "Mail ton mile" means the paid carriage of one ton of mail for one mile.

L. "Minnesota cargo ton mile" means the paid carriage of one ton of cargo for one Minnesota plane mile.

M. "Minnesota departures" means departures of aircraft from Minnesota facilities for flights in revenue service.

Proposed Rules

P. "Minnesota plane mile ratio" means the resultant ratio of Minnesota plane miles divided by total plane miles. A separate plane mile ratio must be computed for each fleet type.

Q. "Minnesota plane miles" means the number of miles on completed flights in revenue service using airport-to-airport mileage flown from a departure point in Minnesota to the border of the state or flown from the border of Minnesota to a destination within the state. Minnesota plane miles are calculated by multiplying the airport-to-airport mileage by the percentage resulting from the division of the Minnesota distance by total distance for each flight in revenue service. The Minnesota plane miles of a flight in revenue service from a Minnesota departure point to a Minnesota destination is the airport-to-airport mileage.

(1) Minnesota distance is the distance from the Minnesota airport to the Minnesota border and the Minnesota border to the Minnesota airport measured on a straight line between the originating airport and the destination airport.

(2) Total distance is the distance from the originating airport to the destination airport on a straight line using the same map that was used to measure Minnesota distance.

(3) Minnesota distance and total distance must be measured on a conformal conic projection map, used for aviation purposes, meeting the standards for accuracy of the Global Navigation and Planning Chart, United States Defense Mapping Agency, Lambert Conformal Conic Projection Map.

R. "Passenger ton mile" means the paid carriage of one ton of passengers for one mile. For this purpose, each passenger is considered to weigh 200 pounds.

S. "Plane miles" means the number of miles flown on completed flights in revenue service using airport-to-airport mileage. Plane miles must be accumulated on a fleet type basis.

Subp. 3. **Formula.** Except as provided in this part, the method of apportionment prescribed in *Minnesota Statutes*, section 290.191, governs the apportionment of the net income of air carriers by this state.

Subp. 4. **Property factor.** Items A to D govern inclusion of property for purposes of the property factor in *Minnesota Statutes*, section 290.191.

A. The denominator of the property factor must include the property permitted to be included under *Minnesota Statutes*, section 290.191, subdivisions 9 and 10.

B. Fixed property owned or rented and actually used by the air carrier in this state in carrying on business in this state must be included in the numerator of the property factor.

C. All flight property owned or rented by the taxpayer must be included in the numerator of the property factor by multiplying the original cost of the flight property by the Minnesota plane mile ratio. This calculation must be made on a fleet type basis.

D. Fixed and flight property that is rented by an air carrier is valued at eight times the net annual rental, as set forth in *Minnesota Statutes*, section 290.191, subdivision 10, paragraph (e).

Subp. 5. **Payroll factor.** The payroll factor must be determined under *Minnesota Statutes*, section 290.191, subdivision 12, except that flight payroll must be included in the numerator by multiplying the total flight payroll times the Minnesota plane mile ratio. This calculation must be made on a fleet type basis.

Subp. 6. **Receipts factor.** Items A and B govern inclusion of receipts for purposes of the receipts factor in *Minnesota Statutes*, section 290.191.

A. The denominator of the receipts factor includes all receipts from the paid carriage of passengers, cargo, and mail.

B. The numerator must be 85 percent of the sum of the amounts calculated in subitem (1) plus 15 percent of the sum of the amounts calculated in subitem (2). The Minnesota passenger, cargo, and mail revenue must be determined on a fleet type basis by:

(1)(i) multiplying the total gross revenue from the carriage of passengers by the ratio of Minnesota passenger ton miles to total passenger ton miles; (ii) multiplying the total gross revenue from the carriage of cargo by the ratio of Minnesota cargo ton miles to total cargo ton miles; and (iii) multiplying the total gross revenue from the carriage of mail by the ratio of Minnesota mail ton miles to total mail ton miles;

(2)(i) multiplying the total gross revenue from the carriage of passengers by the ratio of Minnesota departures to total revenue departures; (ii) multiplying the total gross revenue from the carriage of cargo by the ratio of Minnesota departures to total departures; and (iii) multiplying the total gross revenue from the carriage of mail by the ratio of Minnesota departures to total departures; and

(3) if records of either actual passenger revenue, freight revenue, or mail revenue generated by fleet type are not maintained, for purposes of subitems (1) and (2), passenger revenue, cargo revenue, and mail revenue must be allocated to aircraft types based on the ratios of the passenger ton miles, cargo ton miles, and mail ton miles of that fleet type to total system passenger, cargo, and mail ton miles. The computation for each fleet type is as follows:

Passenger Ton Miles for that Fleet Type	X	Total Passenger Revenue	=	Passenger Revenue for that Fleet Type
Total Passenger Ton Miles for all Fleet Types				
Cargo Ton Miles for that Fleet Type	X	Total Cargo Revenue	=	Cargo Revenue for that Fleet Type
Total Cargo Ton Miles for all Fleet Types				
Mail Ton Miles for that Fleet Type	X	Total Mail Revenue	=	Mail Revenue for that Fleet Type
Total Mail Ton Miles for all Fleet Types

(c) Live mussels or clams may not be imported into Minnesota or transferred within or between bodies of waters within the state.

Sec. 10. PENALTIES.

Violations of any provisions of state law pertaining to the harvest of mussels, or any provisions of this order, or any terms or conditions of the permit shall immediately render the permit null and void. In addition, the violator shall be subject to all other penalties imposed by state law.

Sec. 11. Commissioner's Order No. 2378 is hereby superseded.
