# MCAR AMENDMENTS AND ADDITIONS

The following is a listing of all proposed and adopted rules published in this issue of the *State Register*. The listing is arranged in the same order as the table of contents of the *Minnesota Code of Agency Rules* (MCAR). All adopted rules published in the *State Register* and listed below amend the rules contained in the MCAR set. Both proposed temporary and adopted temporary rules are listed here although they are not printed in the MCAR due to the short term nature of their legal effectiveness. During the term of their legal effectiveness, however, adopted temporary rules do amend the MCAR. A cumulative listing of all proposed and adopted rules in Volume 3 of the *State Register* will be published on a quarterly basis and at the end of the volume year.

Rafting logs was a specialized business in early Minnesota. In the 1850s steamboats began towing the rafts, and the crews lived in tents or crude cabins on top of the logs. The pilot provided them with deck passage for the trip back up the river. With plenty of money and no work to do, the crews presented problems on northbound steamboats, according to one pilot's log. But at least "most of the drunken fighting was confined to the lower decks where it did not bother the cabin passengers." (Minnesota Historical Society)

The adoption of a rule becomes effective after the requirements of Minn. Stat. § 15.0412, subd. 4, have been met and five working days after the rule is published in the *State Register*, unless a later date is required by statutes or specified in the rule.

If an adopted rule is identical to its proposed form as previously published, a notice of adoption as proposed and a citation to its previous *State Register* publication will be printed.

If an adopted rule differs from its proposed form, language which has been deleted will be printed with strike outs and new language will be underlined, and the rule's previous *State Register* publication will be cited.

A temporary rule becomes effective upon the approval of the Attorney General as specified in Minn. Stat. § 15.0412, subd. 5. Notice of his decision will be published as soon as practicable, and the adopted temporary rule will be published in the manner provided for adopted rules under subd. 4.

## Department of Personnel Adopted Rules Governing Examination, Referral and Appointment of Candidates, Retirement, Lay-off, Vacation/ Sick Leave, Appeal Procedures, and Definition of Probationary Employee, Provisional Employee and Re-employment List

The rules published at *State Register*, Volume 3, Number 4, pp. 124-134, July 31, 1978 (3 S.R. 124) are adopted and are identical in every respect to their proposed form, with the following amendments:

or open competitive eligible lists shall remain in effect. However, this period shall not be less than six months for open competitive lists or one year for layoff, reemployment or promotional lists, nor more than three years for any list except for layoff lists, where the eligibility of a candidate shall be extended to a period of time equal to the employee's length of continuous service to a maximum of eight years. If an eligible list exists for any class and the Commissioner deems it necessary to establish another such list for the same class, the existing list shall may either be cancelled, at the discretion of the Commissioner based on consideration of the following factors: the number of anticipated vacancies, the frequency of previous examination administrations, continued candidate availability, or changes in the selection process. At the discretion of the Commissioner, an existing list may be or combined with the new list by placing names of eligibles in order of final ratings as provided in these rules. In making this decision the Commissioner shall consider the following factors: the number of anticipated vacancies, the frequency of previous examination administrations, continued candidate availability, or changes in the selection process. The eligibility of individuals placed on such combined lists shall expire at the end of the period established by the Commissioner, but at the discretion of the Commissioner, such eligibility may be extended for an additional period or periods not to exceed three years. With eligible lists for classes for which continuous or frequent testing is conducted, the term of individual candidate eligibility shall begin on the date of placement of the candidate's name on the eligible list and continue for a period established by the Commissioner, based on consideration of the following factors: the number of anticipated vacancies, continued candidate availability, or changes in the selection process.

**2 MCAR § 2.136 Sick leave.** This rule applies to all classified state employees in the executive branch except for non-tenured laborers, emergency employees, project employees, or temporary appointment employees and also applies to all full-time unclassified employees appointed for a period in excess of 6 months in the executive branch except those listed in 2 MCAR § 2.004. Sick leave provisions may be established by the appointing authority for those unclassified employees listed in 2 MCAR § 2.004 and for other employees who are not covered by this rule provided they are not specifically excluded from coverage. Sick leave shall be earned by each eligible employee according to the rate schedule indicated below

### HOURS OF SICK LEAVE ACCRUED DURING EACH PAYROLL PERIOD OF CONTINUOUS SERVICE

Number of Hours Worked During Pay Period	Less than 900 hours	900 hours and maintained
0- 9	0	0
10-19	3/4	1/4
20-29	1	1/2

30-39	1-1/2	3/4

60-69	3	1-1/2
70-79	3-1/2	1-3/4
80 and over	4	2

Changes in the rate of accumulation for eligible employees shall be made effective following the payroll period in which the 900 hour maximum accrual is attained.

An eligible employee being paid for less than a full payroll period of 80 hours will have sick leave pro-rated for that payroll period unless the employee is on Workers' Compensation, in which case sick leave would be accrued for the total hours compensated by Workers' Compensation, sick leave, and vacation leave provided that sick leave or vacation leave is used in conjunction with the Workers' Compensation benefit. Unused sick leave hours may be accumulated to a total of 900 working hours. When the maximum limitation has been accumulated, the rate of accumulation will be reduced to two hours per full payroll period, and these hours shall be placed in a lapsed sick leave bank. Any employee who has such lapsed sick leave recorded may apply to the appointing authority to have the lapsed sick leave restored in the event of an extended illness. The appointing authority may authorize use of all or any part of the lapsed sick leave after thorough investigation, including submission of complete medical reports providing both a diagnosis and prognosis of the illness. The appointing authority shall report to the Commissioner all instances of lapsed sick leave restored in such form as prescribed by the Commissioner.

Time off on authorized sick leave will be deducted from the first 900 hours. Once the employee no longer possesses 900 hours of sick leave, four working hours for each full payroll period will be accumulated until the 900 maximum limit is again obtained.

Employees may utilize their allowance of sick leave, without regard to length of service, on the basis of application to and approval by the appointing authority, where absence is necessitated by inability to perform the duties of the position by reason of illness, pregnancy or pregnancy-related problems, or disability; by necessity for medical, dental, or chiropractic care; by exposure to contagious diseases under the circumstances in which the health of employees with whom they are associated or members of the public with whom they deal may be endangered by their attendance on duty; or by illness in their immediate family for such periods as their attendance shall be necessary. Employees may also utilize not more than three days sick leave for the birth or adoption of a child. The term "immediate family" shall be limited to the spouse, minor or dependent children, or parent living in the household of the employee and where the parent has no other person to pro-

vide the necessary nursing care. Either the appointing authority or the Commissioner may require medical examination, medical certificate, or statement from a chiropractor, as deemed necessary for approving the utilization of sick leave. A written statement from a Christian Science practitioner that the employee is a Christian Scientist and is undergoing treatment may be accepted in lieu of a medical statement. Use of a reasonable period of sick leave shall be authorized in case of death of a spouse, the parents of a spouse, and the parents, grandparents, guardian, children, brothers, sisters, or wards of the employee. In no instance will sick leave be granted in increments of less than 1/2 hour except to permit utilization of lesser fractions that have been accrued.

Employees receiving injury on duty pay shall not have this time deducted from their regular accrued sick leave balance.

A former state employee who is reappointed within four years of separation from the state service under the provisions of the act and these rules except as a provisional, temporary or emergency appointee, may have previously accumulated, unused balance of sick leave revived and credited to that employee upon approval of the new appointing authority.

An employee who transfers to the jurisdiction of another appointing authority without interruption in service to the state shall be entitled to a credit in the new employment for the accumulated unused sick leave earned in the former employment.

Employees in the unclassified service of the state who are subsequently appointed to a position in the classified service, or vice versa, without an interruption in service shall have their accumulated but unused sick leave balance posted to their credit in the records of the employing department provided such sick leave is accrued in accordance with the provisions of these rules.

An employee of a merit system jurisdiction or the federal competitive service with probationary or permanent status may transfer or be appointed to a position in the state service and may be credited with the amount of sick leave accumulated at the time of transfer, but not more than 12 days. Such credit shall be reduced proportionately as sick leave is accumulated in the state service.

**2 MCAR § 2.142. Vacation leave ~~Accumulated Balance~~ and accrual rates upon reinstatement or reappointment.** An employee who is reinstated or reappointed to state serv-

ice within one year of the date of resignation in good standing, retirement or layoff shall accrue vacation leave at the same rate with the same credit or length of service that existed at the time of such separation.

An employee reappointed to state service after one year but not more than four years from the date of resignation in good standing, retirement or layoff may, at the appointing authority's discretion, accrue vacation leave at the same rate and with the same accredited length of service that existed at the time of separation.

Jean Baptiste Faribault (1775-1860) traded furs in Minnesota for more than 30 years. A French-Canadian, he opened a trading company on Pike's Island and later moved to Mendota. During the War of 1812 he was offered a commission in the army to influence the Indians to fight the British. He refused and was arrested, but so impressed the officers with his determination and dignity that he was released without charges. (Minnesota Historical Society)

Pursuant to Minn. Stat. § 15.0412, subd. 4, agencies must hold public hearings on proposed new rules and/or proposed amendment of existing rules. Notice of intent to hold a hearing must be published in the *State Register* at least 30 days prior to the date set for the hearing, along with the full text of the proposed new or amended rule. The agency shall make at least one free copy of a proposed rule available to any person requesting it.

Pursuant to Minn. Stat. § 15.0412, subd. 5, when a statute, federal law or court order to adopt, suspend or repeal a rule does not allow time for the usual rulemaking process, temporary rules may be proposed. Proposed temporary rules are published in the *State Register*, and for at least 20 days thereafter, interested persons may submit data and views in writing to the proposing agency.

## Department of Commerce Insurance Division Proposed Temporary Rules Governing Minimum Anticipated Loss Ratios

### Notice of Public Opinion Sought

The Department of Commerce, Insurance Division, has proposed the following temporary rules governing minimum anticipated loss ratios for accident and health policies be adopted. These rules are promulgated pursuant to Minn. Stat. § 62A.02, subd. 3.

All interested persons are hereby afforded the opportunity to submit data and views on the proposed rules for 20 days immediately following publication of this material in the *State Register* by writing to John T. Ingrassia, Supervisor, Life and Health Section, Insurance Division, Department of Commerce, 500 Metro Square Building, St. Paul, Minnesota 55101. Any written material received by the Insurance Division shall become part of the hearing record in the final adoption of the temporary rule.

Such publication is hereby ordered.

### Temporary Rules As Proposed

INS 275 **Scope and authority.** Rules 275-282 are promulgated pursuant to Minn. Stat. § 62A.02, subd. 3 and apply to all policies or contracts of accident and health insurance

## PROPOSED RULES

written pursuant to Minn. Stat. § 60A.06, subd. 1, Clause 5a.

### INS 276 Definitions.

A. "Non-cancellable policy" means any individual policy or contract under which there is no unilateral right of the insurer to cancel, nonrenew, amend or change the terms, conditions, or premium rate of the policy or contract in any way.

B. "Guaranteed renewable policy" means any individual policy or contract under which there is no unilateral right of the insurer to cancel, nonrenew, amend or change the terms or conditions of the policy or contract in any way other than by changes in premium rates applicable to all policies of the same class.

C. "Nonrenewable for stated reasons only" means any individual policy or contract which expressly limits the insurer's right of cancellation or nonrenewal of all policies of the same class to stated reasons other than deterioration of health.

D. "Optionally renewable policy" means any individual policy or contract which allows the insurer the unrestricted right of cancellation or nonrenewal.

E. "Medicare Supplement policy" means any individual policy or contract which provides benefits for the costs of medical, surgical, hospital or nursing home care, and which is marketed as providing benefits which complement or supplement the benefits provided by Medicare, or which is primarily designed or marketed for sale to persons aged 65 or over.

F. "Medical Expense policy" means any policy or contract which provides benefits for the costs of medical, surgical, hospital or nursing home care. Medical expense policy does not include Medicare Supplement policies or per diem or hospital indemnity policies.

G. "Per Diem or Hospital Indemnity policy" means any policy or contract which provides benefits upon the occurrence or existence of a condition precedent, without reference to expenses incurred or services provided for hospital, surgical or medical care.

H. "Loss of Income policy" means any policy or contract which provides benefits to replace earnings lost during periods of incapacity due to injury or illness.

### INS 277 Filing requirements.

A. Each new policy form and rate revision filing applicable to previously approved policy forms shall include an actuarial certification that the benefits provided are reasonable in relation to the premium charged and clearly indicate the anticipated loss ratio.

B. The actuarial certification shall include:

1. A description of the basis on which the ratio was determined;

2. A description of the calculation of the anticipated loss ratio;

3. A description of gross premiums, including the specific formula and assumptions used in calculating gross premiums;

4. The expected claim costs;

5. Identification of morbidity and mortality tables or experience studies used, sufficient explanation for evaluation of their validity, including copies of such tables if they are not currently published;

6. The experience of the insurer on similar coverages;

7. First and renewal year commissions as a percent.

C. Filings for rate revisions for a previously approved policy, rider or endorsement shall also include the following:

1. A statement of the scope and reason for the revision, and an estimate of the expected average effect on premiums for the form;

2. A statement as to whether the filing applies only to new business, only to in-force business, or to both, and the reasons therefor;

3. A history of the experience under existing rates. The history shall include, if available and appropriate, the ratios of actual claims to the claims expected according to the assumptions underlying the existing rates; substitution of actual claim run-offs for claim reserves and liabilities; determination of loss ratios with the increase in policy reserves (other than unearned premium reserves) added to benefits rather than subtracted from premiums, accumulations of experience funds; substitution of net level policy

reserves for preliminary term policy reserves; or other adjustments or schedules suited to the form and to the records of the company; further, the history of that form shall also include:

- a. Written premiums;
  - b. Unearned premium reserves;
  - c. Earned premiums;
  - d. Claim payments;
  - e. Claim reserves;
  - f. Incurred losses;
  - g. The additional reserves;
  - h. Total investment income on funds available for investment less that required to maintain policy reserves;
  - i. General expenses;
  - j. Commission expense;
  - k. Any dividends to policyholders.
4. The dates and magnitude of each previous rate change for that form, if any;
5. The present number of policyholders and the number expected to lapse because of the rate increase;
6. The amount of reserve expected to be released due to any lapses.

D. Loss ratio data shall be presented by both policy year and calendar year duration.

E. Insurers shall maintain records necessary to comply with INS 277C.3.

F. In determining the credibility and appropriateness of experience data, due consideration shall be given to the following factors:

1. Statistical credibility of premiums and benefits; e.g., low exposure, low loss frequency;
2. Experienced and projected trends relative to the kind of coverage; e.g., inflation in medical expenses, economic cycles affecting disability income experience;
3. The concentration of experience at early policy durations where select morbidity and preliminary term re-

serves are applicable and where loss ratios are expected to be substantially lower than at later policy durations;

4. The mix of business by risk classification.

## INS 278 Reasonableness of premiums in relation to benefits: individual policies.

A. With respect to a new policy form relating to an individual insurance policy or contract, the benefits are presumed unreasonable in relation to the premiums charged if the anticipated loss ratio does not equal or exceed the standards shown in the following table:

Type of Coverage	Renewal Clause			
	OR	SR	GR	NC

1. Definition of renewal clauses:

- a. "OR" means optionally renewable;
- b. "SR" means nonrenewable for stated reasons only;
- c. "GR" means guaranteed renewable;
- d. "NC" means noncancellable.

B. With respect to rate revision filings for a previously approved policy form, premiums shall be presumed unreasonable in relation to benefits if the following standards are not met:

1. With respect to policy forms issued on and after the effective date of the rate revision, the standards shall be the same as in INS 278 A.;

2. With respect to policy forms issued prior to the effective date of the rate revision, the ratios derived from the formula set forth at a. and b. below shall be equal to or greater than the standards set forth at INS 278 A.;

- a. The anticipated loss ratio over the entire period for which the revised rates are computed to provide coverage;

- b. The ratio of (1) to (2); where

(1) is the sum of the accumulated benefits, from the original effective date of the form to the effective date of the revision, and the present value of future benefits, and

---

(2) is the sum of the accumulated premiums from the original effective date of the form to the effective date of the revision and the present value of future premiums,

such present values to be taken over the entire period for which the revised rates are computed to provide coverage.

### **INS 279 Reasonableness of premiums in relation to benefits: individual policies.**

A. The benefits of a group policy are presumed unreasonable in relation to the premium charged if the anticipated loss ratio of said policy does not equal or exceed 65%.

B. Where the anticipated loss ratio of any group policy is equal to or greater than 65%, the insurer shall be exempt from the filing requirements set forth at INS 277; provided that the insurer files with the Commissioner a certification that the anticipated loss ratio meets the applicable minimum standard.

### **INS 280 Refiling approved policy forms.**

A. All policy forms which bear an approval date prior to the effective date of these rules under which the anticipated loss ratio of such form does not meet the applicable standards set forth in INS 278 or INS 279; or under which

the loss ratio experience indicates that the minimum anticipated loss ratio standards shall not be achieved, shall be refiled for approval.

B. All new policy forms which met the requirements of INS 278 A., or INS 279, when filed, under which the loss ratio experience after three years does not meet the minimum anticipated loss ratio standards of INS 278 B.2.b. shall be refiled for approval.

### **INS 281 Disclosure.**

Disclosure of the anticipated loss ratio of an individual policy shall be made in writing to the applicant at the time of application for coverage. Said written disclosure may be provided either on the application or in a separate writing which is left with the applicant.

### **INS 282 Exemptions.**

Policy forms which are nonrenewable and which do not provide coverage for a period greater than one year are exempt from the minimum standards, filing requirements and disclosure requirements set forth in INS 277 — INS 281.

### **INS 283-290 Reserved for future use.**

## Decisions Filed Thursday, November 9, 1978

Compiled by John McCarthy, Clerk

**48453/331** Lorraine Satack, Relator vs. State of Minnesota, Department of Public Safety and Blue Cross and Blue Shield of Minnesota, Intervenor. Workers' Compensation Court of Appeals.

An employee who is injured in a fall on a public sidewalk close to her place of employment is not deemed to have sustained an injury on or about the premises of her employer, since the hazard is no greater than that to which all others not so employed are exposed.

Affirmed. Peterson, J. Dissenting, Yetka and Scott, JJ.

**48674/217** In re Application of Bryan M. Hansen to Write the Minnesota Bar Examination. Supreme Court.

As long as the requirements established by state supreme courts to regulate the practice of law are reasonable, they comply with applicable constitutional principles.

Rule II(4) of the Supreme Court Rules for Admission to the Bar, which requires an applicant to the Minnesota Bar to be a graduate of an ABA accredited law school is not an unreasonable requirement in light of the state's admitted interest in the qualification of those it admits to the legal profession and the rule's direct relationship toward that end.

It is rational for a state supreme court to conclude that the ABA is the best equipped to perform the function of accrediting law schools and to utilize ABA findings in the administration of its rule. This does not constitute an unlawful delegation of judicial power.

There is no constitutional right to practice law in one's home state nor does Rule II(4) interfere with an applicant's right to travel.

There are no special circumstances which mandate the waiver of Rule II(4) in this case.

Affirmed. Kelly, J. Dissenting, Otis and Yetka, JJ.

**47227/330** State of Minnesota vs. Charles Raymond Powless, Appellant. Hennepin County.

Defendant, found guilty by jury verdict of aggravated

robbery and criminal sexual conduct in the first degree, was not denied adequate representation by counsel where defendant did not meet his burden of showing that, if counsel had called either of two witnesses to testify, either witness would have given exculpatory testimony.

Defendant's conduct underlying the two offenses was divisible and was motivated by his desire to obtain two different criminal objectives; his punishment was therefore not limited to one sentence under Minn. St. 609.035.

Affirmed. Per Curiam.

**48355/332** Jerome V. LaPointe, petitioner, Appellant vs. Naomi R. LaPointe. Hennepin County.

In a marriage dissolution proceeding where the record establishes that after several years of conduct subversive to the parties' marriage, one party by unilateral decision and action chose to abandon all marital and parental responsibilities, other than financial. The admission and consideration of such conduct was not an abuse of discretion.

Affirmed. Per Curiam.

**48475/336** Orville F. Zepp, Relator vs. Arthur Treacher Fish & Chips, Inc. and Department of Employment Services. Department of Employment Services.

Contrary to the conclusion of the appeal tribunal which was adopted by the commissioner of economic security, the findings made by the appeal tribunal reasonably support the conclusion that employment was voluntarily terminated by the employee on the basis of increased, unreasonably excessive employment demands which constituted good cause attributable to the employer.

Reversed. Per Curiam.

**48098/340** State of Minnesota vs. O'Darius Marcus Fields, Appellant. Hennepin County.

Certain testimony, challenged by defendant, merely indicated that the perpetrator of the crime in question was also involved in other similar crimes, not that defendant was that person. This evidence, therefore, did not taint his first trial. Since the evidence that defendant was the perpetrator was very strong.

Affirmed. Per Curiam.

**48976/349** In the Matter of the Application for the Discipline of Edward Litman and Alfred Weinberg, Attorneys at Law of the State of Minnesota. Supreme Court.

A lawyer who loaned money to a judge before whom he continued to practice, prior to adoption of the Code of Pro-

fessional Responsibility, is subject to discipline for violation of Canon 3 of the Code of Professional Ethics and DR 7-110(A) of the Code of Professional Responsibility for continuing the debtor-creditor relationship after adoption of the latter code.

Respondents censured. Per Curiam.

# STATE CONTRACTS

---

Pursuant to the provisions of Laws of 1978, ch. 480, an agency must make reasonable effort to publicize the availability of any consultant services contract or professional and technical services contract which has an estimated cost of over \$2,000.

Department of Administration procedures require that notice of any consultant services contract or professional and technical services contract which has an estimated cost of over \$10,000 be printed in the *State Register*. These procedures also require that the following information be included in the notice: name of contact person, agency name and address, description of project and tasks, cost estimate, and final submission date of completed contract proposal.

The striped skunk is no larger than a house cat, but few wild animals are willing to tangle with it. Only the great horned owl is unaffected by its chemical defense. Skunks are intelligent and usually gentle, but can be deadly because they often carry rabies. The striped skunk lives throughout Minnesota, but is most common along the western border. care exempt from licensure, and are not employed in Day Care in a paid position. The membership shall be representative of the ethnic, socio-economic, and geographic diversity of Minnesota.

Meetings for the '79 Fiscal Year have not been developed but will not exceed six full council and thirteen committee meetings. Location of the meeting is variable. Members shall receive \$35/day compensation plus travel expense reimbursement in the same manner as state employees.

Applications are being accepted for the following Council positions. Appointments will be made effective January 1, 1979.

### Parents

2 vacancies — 4-year terms

“Parents” are defined as: Persons not associated in day care in a paid position, such as working for a community coordinated child care council (4C), county welfare agency, or a direct provider of day care services, and using licensed child care or child care exempt from licensure at the time of appointment to the Council.

### Planning and Coordinating Groups

2 vacancies — 4-year terms

One of the two vacancies will be filled with a parent representative.

A recognized planning and coordinating group must meet the following qualifications:

A. It must represent a county or multicounty area which has incorporated as a group or selected an incorporated body as a fiscal agent.

B. The policy board must consist of: 1/3 parents, representatives from direct services to children and representatives from organizations providing indirect services to children.

C. The group must provide, but need not be limited to, the following services: assessment of community child care needs, recruitment of child care resources to improve or maintain the quality of service through individual consultation or training, individual and general public information on child care, information on or assistance with grant applications, provision of information about and referral to appropriate community child care resources, facilitation of involvement of parents and community persons in planning and decision making.

### Child Care Advisory Committee

6 vacancies — 3 1-year terms, 3 4-year terms

Four of six committees selected will be requested to send parents as representatives.

An official child care advisory committee must meet requirements as specified in Commissioner's Policy Bulletin #38 and be officially recognized by the Commissioner of Public Welfare.

### Public and Private Agencies, Organizations and Associations

3 vacancies — 1 4-year term, 2 1-year terms

Any public or private agency, organization or association in Minnesota having an interest in or providing a service in the field of child care.

### Direct Service Provider

2 vacancies — 1 1-year term, 1 4-year term

Providers of family day care, group family day care, group day care center, nursery school, day nursery, play group, school age, Head Start or parent cooperative services as defined by the rules of the Commissioner of Public Welfare and providers of in-home child care as defined in the Minnesota plan for social services to families and children.

Applications should include the following:

Name, address, telephone number, category of representation for which application is being made, description of personal or organizational qualifications within the category of representation, description of reasons for wishing to serve as an MCCDAC member, and description of what the application or application organization feel they can contribute to the MCCDAC activities.

**COUNCIL ON QUALITY EDUCATION (CQE)**, 722 Capitol Square Bldg., St. Paul, MN 55101, (612) 296-5072.

The purpose of the Quality Education is to encourage,

promote, aid and perform research and development for quality education in Minnesota elementary and secondary schools, to evaluate the results of significant innovative programs and to disseminate information about these programs throughout the State. The Council administers a series of pilot programs in early childhood and family education, in addition to its innovative and cost-effective grant projects. Members are expected to review grant proposals, attend full Council meetings, and serve on at least one committee of the Council.

The Board was created by Minn. Stat. 3.924 — 3.927 (3.924). It has no legal expiration date.

The Board has 17 members; one from each congressional district and one at large, and eight designees of educational organizations. Members are appointed by the Governor and chairpersons of eight specific educational organizations. The representatives of congressional districts serve six years, and the designees of educational organizations serve four.

Meetings are held monthly on days, evenings, or weekends, involving approximately 6-8 hours/month.

Members are reimbursed for travel expenses and receive per diem of \$35.

**MINNESOTA INSURANCE GUARANTY ASSOCIATION:** c/o Mutual Service Insurance, 1919 University Ave., St. Paul, MN 55104, (612) 645-6611.

The Association provides a mechanism for the payment of covered claims under certain insurance policies and surety bonds, to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of liquidation of an insurer. Its members administer the provisions of Minn. Stat. ch. 60C in accordance with the Plan of Operation approved by the Insurance Commissioner.

The Association was created by Minn. Stat. ch. 60C and has no expiration date.

The Commissioner of Insurance appoints the members (only if vacancies are not filled by selection by member insurers within 60 days of the end of the term) to terms of 3 years. Eight members are authorized representing American Insurance Alliance, National Association of Independent Insurers, American Mutual Insurance Alliance, all other stock insurance companies, all other non-stock insurance companies, Township Mutual Insurance Companies, and Reciprocal or Inter-Insurance Exchanges.

An annual meeting is held in March each year. Other

meetings may be called by the Chairperson of the Board or the Insurance Commissioner. Meetings are held in the Insurance Commissioner's Office, 5th Floor, Metro Square Bldg., St. Paul, MN.

Members are reimbursed for travel.

**INTERGOVERNMENTAL INFORMATION SYSTEMS ADVISORY COUNCIL:** 300 Hanover Bldg., 480 Cedar St., St. Paul, MN 55101, (612) 222-2861.

IISAC functions in a coordinative/regulative manner in that it awards supportive grants for the development, implementation and growth of automated information systems within local government which promote the concepts of sharing (hardware and/or software) and standardization. Such efforts improve the capability of intergovernmental data flow and accrue cost savings of state tax dollars. Occasionally, IISAC provides personnel to work with administrators from governmental units to assist with the development of plans and methodology for computer related intergovernmental cooperation.

The Council was created under Minn. Stat. § 16.911. Expiration Date: June 30, 1983 (M.S. § 15.059).

The Council has twenty-five members appointed by the Governor for indefinite terms.

Meetings are held on the first Thursday of the month.

ments regional plans in a variety of physical and social areas, including waste management, environment protection, aging, criminal justice, and the arts.

The Council is authorized by the Minnesota Legislature to receive and disburse grant monies and in specified instances to sell revenue and general obligation bonds.

Members are expected to devote a substantial amount of time in preparation for an attendance at regular and special Council meetings. Council members are expected to maintain close ties with citizens and local government officials within their respective districts.

The Council was created by the Legislature in 1967 (Minn. Stat. 1977 Supp. § 473.123). It has no legal expiration date.

The Council is comprised of 17 members appointed by the governor and confirmed by the Minnesota Senate. Sixteen members serve four-year terms and are selected from Metropolitan Council districts of equal population size. The chairman is the 17th member. He represents the Region at-large and serves at the pleasure of the governor.

Meetings are held regularly on the second and fourth Thursdays of each month. Meetings of Council committees are held weekly, and members on occasion are asked to assume additional responsibilities on special committees. Members usually devote 100 or more hours a month to Council-related duties.

Members cannot hold elected public office and they receive no salary. They do receive per diem payments of \$50 for Council or Council committee meetings, plus actual expenses.

**MINNESOTA-WISCONSIN BOUNDARY AREA COMMISSION:** 619 Second Street, Hudson, Wisc. 56016, (715) 386-9444, (612) 436-7131.

The Minnesota-Wisconsin Boundary Area Commission serves as the principal coordinating agency for the two sponsor States and their local governments on planning, policies and management of the 266-mile river corridor of the St. Croix and Mississippi Rivers forming the common border of Minnesota and Wisconsin. It assists the States and localities in their participation in federal programs affecting the rivers. It has a special assignment to serve as coordination center and chairman of the Lower St. Croix National Scenic Riverway project, a cooperative effort of the U.S. National Park Service and the Minnesota and Wisconsin Departments of Natural Resources. The agency makes special studies and recommendations concerning the wise use, development and protection of the waters and lands forming the interstate border. It has been instrumental in maintaining good Federal-State relations on the complex management problems of the Mississippi River and was responsible for promoting the enactment by Congress of the Great River Study amendment in 1976 and the Lower St. Croix Wild and Scenic River Act of 1972 in response to the strong interests of both States. The Commission seeks to promote actions by others rather than taking actions itself, since it does not have direct authority to govern or manage but only to make recommendations.

The Commission was created by the Minnesota-Wisconsin Boundary Area Interstate Compact, 1965, Minn. Stat. §§ 1.31-1.40.

The Commission has ten members, five members appointed by the governor of each State, and approved by the Senate. Minnesota members serve four year terms. The criteria for the five commissioners who represent Minnesota simply requires them to be citizens of the State of Minnesota.

The Commission normally meets every other month, with approximately ten to twenty hours per month of meetings held between Commission meetings.

Members are reimbursed for expenses, with limits on meals etc.

**CONTROLLED SUBSTANCES ADVISORY TASK FORCE TO BOARD OF PHARMACY:** 717 Delaware St. S.E., Mpls., MN 55414, (612) 296-5411.

The Controlled Substances Advisory Task Force to Board of Pharmacy determines if any substance is designated, re-scheduled, or deleted as a controlled substance under federal law and notice hereof is given to the State Board of Pharmacy. The State Board of Pharmacy shall similarly control the substance under Laws 1973, Chapter 693 after the expiration of 30 days from publication in the federal register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance. Such order shall be filed pursuant to section 15.0413. If within that 30 day period, the State Board of Pharmacy objects to inclusion, rescheduling, or deletion, it shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the State Board of Pharmacy shall publish its decision, which shall be subject to the provisions of Minnesota Statutes 1971, Chapter 15.

In exercising the authority granted by Laws 1971, Chapter 937, the State Board of Pharmacy shall be subject to the provisions of Minnesota Statutes 1969, Chapter 15. The State Board of Pharmacy shall provide copies of any pro-

posed rule under Laws 1971, Chapter 937, to the advisory council on controlled substances at least 30 days prior to any hearing required by Minnesota Statutes 1969, Section 15.0412, Subdivision 4. The State Board of Pharmacy shall consider the recommendations of the advisory council on controlled substances, which may be made prior to or at the hearing.

The Board was created by Minn. Stat. § 152.02. It has no legal expiration.

The State Board of Pharmacy shall appoint an advisory council on controlled substances consisting of not more than 13 members, who shall serve without compensation, to advise it in the administration of this chapter. Commencing July 1, 1973, six members shall be appointed for a one year term and seven members shall be appointed for a two year term. Thereafter, members shall be appointed for two year terms. Four of the members of the council shall be physicians as designated by the State Board of Medical Examiners. One of the members of the council shall be a pharmacologist, one of the members of the council shall be pharmacist, and the remainder shall be from among the following: correction or law enforcement officers, judges, representatives of drug treatment or counseling facilities, former drug abusers, education, and students. The members of the council shall select a chairman from among their membership, who may call meetings of the council when requested to do so by any four members of the council.

**BOARD OF TEACHING:** 608 Capitol Square Building, 550 Cedar Street, St. Paul, Minnesota 55101, 296-2415.

The Minnesota Board of Teaching was created by the Minnesota State Legislature in 1973 as the Teacher Standards and Certification Commission. In 1974, when the Legislature decided to grant regulatory authority only to boards, and not to commissions, the name of this agency was changed to Board of Teacher Standards and Certification. Finally, as one result of a massive study and revision of statutes governing all Minnesota licensing boards, the name of this agency was changed to the Minnesota Board of Teaching.

The primary purpose of the licensing boards in Minnesota is to assure the health, safety, and well-being of the citizens of the state, especially the clients served by the profession licensed, by established assurances of initial and continuing occupational ability. The creation of the Minnesota Board of Teaching granted to teachers in Minnesota the major role in determining the standards and rules for teacher preparation and licensure, continuing education, and professional service in Minnesota.

Membership consists of seventeen members, four elementary teachers, four secondary teachers, one other teacher (counselor, librarian, psychologist, remedial reading, speech therapy, vocational, licensed school nurse), one school administrator, three higher education (two public, one private) preparing teachers, and four lay public. The members are appointed by the Governor and are required to file with the Ethical Practices Board. Members are appointed to a four-year term and may be reappointed to one additional four-year term. Except for the representatives of higher education and the public, to be eligible for appointment to the Board, a person must be fully licensed for the position he or she holds and have at least five years teaching experience in Minnesota.

Board meetings are held once a month for approximately eight hours. These meetings are held in the Capitol Square Building, St. Paul, Minnesota.

Members are reimbursed \$35 per diem plus living expenses as per state rule.

## Department of Agriculture Shade Tree Program

### Announcement of Continuing Availability of Grant-in-Aid Funds for Experimental Programs and Wood Utilization and Disposal

The Minnesota Department of Agriculture's Shade Tree Program announces the continuing availability of grants-in-aid for experimental programs and wood utilization and disposal. The criteria and procedures for application are described below.

#### Experimental Programs

**Objective:** To establish and evaluate the effectiveness of various types of shade tree disease control and reforestation methods and treatment programs.

**Eligible Applicants:** All Minnesota municipalities, counties, state and federal agencies, and the University of Minnesota.

**Application Procedures:** Interested applicants must submit a description of the proposed experimental program to the Shade Tree Program. The description should clearly state the objective of the experiment, the methodology to be used, the background and experience of the personnel who will conduct the experiment, evaluation techniques, and cost of the experiment.

**Criteria:** All proposals will be evaluated by a Department review panel and grants awarded by the Commissioner of Agriculture based upon the following criteria:

(1) General applicability — proposed sanitation and treatment programs should not be limited in their application to a single community or county, but should be applicable in other parts of the state.

(2) Contribution to the overall State Shade Tree Program — proposed programs will be considered for their ability to enhance those shade tree disease control programs already established.

(3) Cost-effectiveness — proposed programs will be evaluated for their potential effectiveness given the cost of implementing the program.

(4) Ability of the "proposer" to provide the necessary evaluation — the capability of the "proposer" to reliably interpret and evaluate the results of the experiment will be considered.

(5) The proposed program must lend itself to experimental design and evaluation.

(6) Use of existing staff — proposed programs should operate with a minimum number of additional staff required for the project.

(7) Limited purchase of equipment — program proposals should involve limited equipment purchases.

**Amount of Grant:** May be up to 100% of program costs as allowed by the Commissioner.

**Total Amount Available for Grants:** \$200,000.

**Deadline:** All applications must be received by March 1, 1979.

#### Wood Utilization and Disposal

**Objective:** To assist interested parties in Minnesota in identifying potential uses of elm and oak wood and to financially assist eligible units of government in the acquisition or implementation of wood utilization or disposal programs.

**Eligible Applicants:** Any Minnesota municipality in the metro area with a population of 40,000 or combination of metro cities with a total population of 40,000 or more with approved disease control programs; any county; and special purpose park or recreation area organized under the charter of the first class; and, any city or combination of cities in the non-metro area with a total population of 20,000 or more with approved disease control programs.

**Application Procedures:** Interested applicants should contact the Shade Tree Program office to obtain the application form. On this form, the applicant describes how the system will be operated, what equipment will be purchased, where the site will be located and when it will become operational.

**Criteria:** All proposals will be evaluated and grants awarded by the Commissioner based upon the following criteria:

(1) The proposed system will aid in the control of shade tree diseases.

(2) The proposed system will aid in the recovery of material or energy from wood.

(3) The proposed system will be located to accomplish the above with maximum efficiency and use of available facilities.

(4) The proposed system will be available to all parties, public and private.

## OFFICIAL NOTICES

(5) The proposed system will be able to render wood pest-risk free within five (5) days of delivery to the site unless an extension of time has been granted by the Commissioner based on existing circumstances of the disposal/utilization site.

(6) The proposed system includes adequate manpower to operate and service equipment.

(7) The proposed system will provide for proper handling and the timely removal of processed wood from the site.

In addition, the Commissioner, as appropriate, may consider other specific criteria including the following in evaluating grant payment requests:

### Sites for Wood Disposal Systems:

(1) shall be selected on the basis of anticipated volumes of wood and/or the need for a wood disposal system;

(2) shall be accessible by roadways that permit year-round truck traffic;

(3) shall have adequate storage areas for both processed wood and equipment;

(4) shall have protective enclosures, adequate control, and supervision to prevent entry of unwanted materials and unauthorized persons;

(5) shall be in compliance with all applicable Federal and State statutes, rules, and regulations; and,

(6) shall be in conformance with regional solid waste management plans and requirements.

### Equipment for Wood Disposal Systems:

(1) shall, where feasible, be portable so that it can be used for servicing more than one site;

(2) shall be stationary only when the anticipated volume over a five-year period will fully utilize the facility;

(3) shall be capable of processing large-diameter logs; and,

(4) shall include auxiliary units and equipment necessary to the operation of the system.

**Eligible Costs:** Equipment and site acquisition costs; operations costs are not eligible.

**Amount of Grant:** Up to 50% of the eligible costs.

**Total Amount Available for Grants:** \$450,000.

**Deadline:** All applications must be received by March 1, 1979.

All inquiries should be addressed to

## Ethical Practices Board Request for Advisory Opinion Campaign Finance — Distribution of State Election Campaign Funds to Minor Parties

The Minnesota State Ethical Practices Board solicits opinions and comments to the following request for an advisory opinion which may be acted upon by the Board at its next meeting on Tuesday, November 28, 1978, in Room 22, State Office Building.

November 13, 1978

Roger Noreen, Chairman  
State Ethical Practices Board  
41 State Office Bldg.  
St. Paul, MN. 55155

Dear Mr. Noreen:

I have had two conversations with Allen Clutter concerning the disposition of monies in the party account of the Socialist Workers Party. I would like to have a formal clarification of the status of all money that has not been distributed to us. I believe that this money falls into two categories. First of all what is the status of the money assigned to the state legislative races from the 1976 and 1977 tax returns. We ran no legislative races in 1978. Secondly, what is the status of the money allotted to the minor statewide offices. We did not run for any of these offices in 1978.

I look forward to hearing from you on this matter.

Sincerely,

MINNESOTA SOCIALIST WORKERS  
1978 CAMPAIGN COMMITTEE

Gary Prevost, Assistant Treasurer  
Box 6177  
Collegeville, MN 56321

#### **Notice of Application and Opportunity for Hearing Regarding Petition to Retire and Remove ICC Track No. 74 at West Concord, Minnesota**

Notice is hereby given that the Chicago and North Western Transportation Company, with offices at 4200 IDS Center, 80 South 8th Street, Minneapolis, Minnesota 55402 has filed a petition with the Commissioner of Transportation pursuant to Minn. Stat. § 219.741 (1977 Supp.) and § 218.041, subd. 3 (10) (1977 Supp.) to retire and remove ICC Track No. 74 located at West Concord, Minnesota.

## OFFICIAL NOTICES

---

The petition recites among other matters that:

“That subject track is no longer needed for rail transportation service, and constitutes a continuing and burdensome maintenance expense. The track is not used at the present time, and there is no present prospect that the subject track will be needed in the future. Furthermore, the Concord Co-op has requested the removal of this trackage. The only shippers, patrons or members of the public who might have any interest in the retention of the tracks or facilities, or who have used the same to any substantial degree within the past several years are: Concord Co-op, Dick's Repair Shop, Mobile Oil Corporation, Standard Lumber Company, and Mr. Ervin Boe.”

Any person may file a written objection to the proposed action by means of a letter addressed to the Commissioner of Transportation, Transportation Building, Saint Paul, Minnesota 55155, not later than the date specified below. An objection must be received on or before December 18, 1978. The objection should state specifically how the objector's interest will be adversely affected by the proposed action.

Upon receipt of a written objection, the Commissioner will, with respect to the named petitioner, set the matter down for hearing. If no objections are received, the Commissioner may grant the relief sought by the petitioner.

If this matter is set for hearing, any person who desires to become a Party to this matter must submit a timely Petition to Intervene to the Hearing Examiner pursuant to Minn. Rule HE 210, showing how the person's legal rights, duties and privileges may be determined or affected by the decision in this case. The petition must also set forth the grounds and purposes for which intervention is sought. All parties have the right to be represented by legal counsel or any other representative of their choice. In the event the objecting party does not do so, or otherwise does not participate in the hearing, the statements contained in the application filed may be taken as true.
