Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Minnesota Pollution Control Agency (MPCA) Proposed Permanent Rules Relating to Human Health Methods for Water Quality

NOTE: Due to technical problems with the formulas in the above rule, a separate version of the rule appeared at the end of the issue (starting on page 1673) for Vol 38, #51, Monday 16 June 2014.

Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

Minnesota Department of Natural Resources (DNR) Adopted Expedited Emergency Game and Fish Rules: Fall Wild Turkey Hunting

NOTICE IS HEREBY GIVEN that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13 (b). The statutory authority for the contents of the rule is *Minnesota Statutes*, sections 97A.435 and 97B.711.

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are that population and harvest data needed for setting quotas and areas are only available on an annual basis. Rule changes related to the elimination of the lottery for fall turkey licenses are in response to consistently undersubscribed permit areas.

Dated: May 12, 2014

Tom Landwehr, Commissioner
Minnesota Department of Natural Resources

Expedited Emergency Rules

6236.0300 TURKEY HUNT DRAWING.

Subpart 1. Spring license application drawings.

A. Applications for ~~all~~ spring hunts must be made according to this part and according to application instructions provided by the commissioner. Each person must apply at an electronic license system agent or the Department of Natural Resources License Center. Drawings will be conducted by the department to determine persons who will be eligible to purchase licenses for each season. The drawings will be subject to the quotas established by the commissioner. Preference in the respective drawings is given to applicants based upon the number of times they have correctly applied for a license for that hunt but have been unsuccessful. A person selected by the drawings is eligible to purchase a license to hunt turkey. Upon issuance of a turkey license for the spring ~~or fall~~ season, all accumulated preference for that season is lost, except as provided in subpart 6.

B. No application is needed to purchase a fall turkey license.

~~Subp. 2. Participation in application drawings. Applicants may complete an application for either the spring or fall turkey hunt or both.~~ A person may not apply more than once for a hunt, whether as an individual or as a member of a group. Qualifying individuals may apply for the resident landowner-tenant turkey drawing. All of the information in items A to H must be supplied on the application forms.

[For text of items A to E, see M.R.]

F. The application deadlines are as follows: deadline for the

(1) spring season: ~~is~~ the second Friday in January; and

(2) fall season: the last Friday in July.

Minnesota Department of Natural Resources (DNR)

Adopted Expedited Emergency Game and Fish Rules: Youth Special Deer Hunts and Seasons and Mentored Adult Special Hunt

NOTICE IS HEREBY GIVEN that the above-entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13(b). The statutory authority for the contents of the rule is *Minnesota Statutes*, sections 97A.091, 97A.401, 97B.112, 97B.305, 97B.311.

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459 are that distribution of licenses for youth deer hunts are subject to modification on an annual basis as the Department of Natural Resources refines the manner by which the hunts are conducted. Annual deer population and harvest data used for selecting hunters and setting quotas and areas is gathered annually and analyzed each winter. Adjustments to areas and quotas are based on annual and long-term population data as well as input from the public.

Minnesota Pollution Control Agency (MPCA)

Remediation Division

Notice of Proposed Update of the State Superfund Priority List (State Superfund List) (also known as the Permanent List of Priorities (PLP)) Among Releases or Threatened Releases of Hazardous Substances or Pollutants or Contaminants

NOTICE IS HEREBY GIVEN that the Minnesota Pollution Control Agency (MPCA) is publishing for public comment proposed additions to the State Superfund List which lists releases or threatened releases of hazardous substances, pollutants, or contaminants for which the MPCA may take removal or remedial actions under the Minnesota Environmental Response and Liability Act (MERLA), *Minnesota Statutes* §§ 115B.01-115B.20.

Pursuant to *Minnesota Statutes* § 115B.17, the MPCA is authorized to take any removal or remedial action which the MPCA deems necessary to protect the public health, welfare or the environment whenever there is a release, or substantial threat of release, from a facility of any pollutant or contaminant which presents an imminent and substantial danger to the public health, welfare, or the environment, or whenever a hazardous substance is released or there is a threatened release of a hazardous substance from a facility.

Minnesota Statutes § 115B.17, subd. 13 required the MPCA to establish priority rules regarding releases or threatened releases of hazardous substances, and pollutants or contaminants. These rules, *Minnesota Rules*, Chapter 7044, became effective on April 5, 1993.

Minnesota Statutes § 115B.17, subd. 13 also require the MPCA to adopt the State Superfund List and to update the list annually according to the criteria set forth in the priority rules. Before any update of the State Superfund List is adopted by the MPCA, it must be published in the *State Register* and a 30-day public comment period must be provided. This notice is, therefore, published to inform the public that the MPCA is proposing to update the State Superfund List and to solicit public comment on the proposed additions.

Pursuant to *Minnesota Statutes* § 115B.17 and *Minnesota Rules* 7044.0950, the MPCA is proposing the following changes to the Superfund List.

The MPCA is proposing to add the following two sites (Sites) to the State Superfund List (Hazard Ranking Score assigned pursuant to *Minnesota Rules* 7044.0350 follows the Site): Exclusive Cleaners, Worthington, Nobles County (6); Spring Park Municipal Wells, Hennepin County (50).

These MPCA sites are being proposed for addition to the State Superfund List as in each case, State Superfund resources will likely be necessary to complete appropriate response actions.

Each MPCA Site has been assigned to Response Action Classes C and D (see *Minnesota Rules* 7044.0450). The four response action classes are defined as follows: Class A - Declared Emergency; Class B - Response Actions Completed and Operation and Maintenance/ Long-Term Monitoring Ongoing; Class C - Response Actions Necessary or in Progress or First Year Operation and Maintenance at a Site; and Class D - Remedial Investigations and Feasibility Studies Necessary or in Progress.

The MPCA invites members of the public to submit written comments on the proposed additions to and/or deletion from the State Superfund List. All written comments with regard to these proposed changes to the Superfund List must be received no later than 4:30 p.m. on July 24, 2014.

Written comments regarding the proposed MPCA additions to or deletion from the State Superfund List should be submitted to: Crague Biglow, Remediation and Redevelopment Section, Remediation Division, Minnesota Pollution Control Agency, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194.

All written comments received by the above deadline will be considered by the MPCA in establishing the updated State Superfund List.
