# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The *State Register* is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the *State Register*. Published every Monday, the *State Register* makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific **Minnesota Rule** chapter numbers. Every odd-numbered year the **Minnesota Rules** are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the *State Register*.

An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as **Proposed Rules**, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the *State Register*. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the *State Register* as **Adopted Rules**. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the *State Register*, the issue the rule appeared in as proposed, and later as adopted.

The *State Register* features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the *State Register*, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. # Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the State Register, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## Minnesota Department of Natural Resources (DNR) Adopted Expedited Emergency Game and Fish Rules: 2015 State Game Refuges, Wildlife Management Areas, Small Game, Furbearer, and Fall Wild Turkey

**NOTICE IS HEREBY GIVEN** that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13 (b). The statutory authority for the contents of the rule is *Minnesota Statutes*, sections 86A.06, 97A.015, 97A.045, 97A.091, 97A.137, 97B.605, 97B.631, 97B.721, 97B.901.

Conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are as follows: Changes to game refuges and wildlife management areas are made to reflect changing habitat conditions, the needs of individual species and to provide additional hunting opportunities where possible. Reductions to the white-tailed jackrabbit daily and possession limits reflect a reduced population due primarily to habitat loss. Changes to possession limits for various small game species provide additional flexibility for hunters and are not expected to result in population-level effects. Changes to registered furbearer bag limits and trapping areas are established based on population modeling completed in May of each year.

Dated: 6 July 2015

Department of Natural Resources

## Minnesota Housing Finance Agency (Minnesota Housing) Request for Comment on Housing Tax Credit Eventual Tenant Ownership (ETO) Guide

The Minnesota Housing Finance Agency (Minnesota Housing) is a housing credit agency and is requesting Public Comment on our new Eventual Tenant Ownership (ETO) Guide.

Under the Low Income Housing Tax Credit program, property owners (which may include tribal governments, qualified non-profits, certain tenant groups, and governmental entities) may convert rental units to homeownership units following the initial 15 year Compliance Period for all buildings. This is accomplished by allowing the tenants to exercise a Right of First Refusal as provided for in the Internal Revenue Code.

Tenant to homeowner conversion plans must be approved by Minnesota Housing. This ETO process guide describes Minnesota Housing's requirements for an owner to convert one or more units to homeownership.

The ETO Guide can be found on Minnesota Housing's website <http://www.mnhousing.gov> (Home -> Multifamily Rental Partners -> Programs & Funding -> Tax Credits).

All public comments must be received by Minnesota Housing no later than 4:30 p.m. CT on Monday, August 17, 2015.

U.S. Environmental Protection Agency (EPA) for approval; the CMP will be forwarded to the MPCA Commissioner for approval.

Required by the federal Clean Water Act, a TMDL is a scientific study that calculates the maximum amount of a pollutant that a waterbody can receive and still meet water quality standards for that pollutant. It is a process that identifies all the sources of the pollutant causing an impairment and allocates necessary reductions among them. This TMDL Report focuses on pollution caused by chloride in the seven county metro area. Thus, the TMDL document builds on significant work already completed in the TCMA.

The Twin Cities 7-county metropolitan area (TCMA) includes 186 cities and townships and a population of approximately 3,000,000 people. It covers approximately 3,000 square miles with about one-third in urbanized areas. It is a vibrant and growing community. The area is fortunate to be home to nearly 1,000 lakes and wetlands, small streams and large rivers, as well as shallow and deep groundwater aquifers. Elevated chloride concentrations have been found in waterbodies throughout the TCMA. At high levels chloride is toxic to aquatic life. The primary source of chloride, particularly in more urban areas of the TCMA, is road salt applied to roads, parking lots and sidewalks. A secondary source of chloride, particularly in more rural areas of the TCMA, is residential water softeners that use salt.

The Minnesota Pollution Control Agency (MPCA) and stakeholders worked together to develop a plan to achieve the TCMA chloride TMDL which includes 37 chloride impairments. The CMP incorporates **water quality assessment, source identification, implementation strategies, monitoring recommendations, and measurement and tracking of results** into a performance-based adaptive approach for the 7-County TCMA. The goal of the plan is to develop the framework to assist local partners in minimizing salt (chloride) use and provide safe and desirable conditions for the public.

**Petition for Contested Case Hearing:** You also may submit a petition for a contested case hearing. A contested case hearing is a formal hearing before an administrative law judge that provides evidence on issues requested to be change. In accordance with *Minnesota Rules* 7000.1900, the MPCA will grant a petition to hold a contested case hearing if it finds that: (1) there is a material issue of fact in dispute concerning the application or draft CMP and/or TMDL Reports; (2) the MPCA has the jurisdiction to make a determination on the disputed material issue of fact; and (3) there is a reasonable basis underlying the disputed material issue of fact or facts such that the holding of the contested case hearing would allow the introduction of information that would aid the MPCA in resolving the disputed facts in making a final decision on the draft CMP and/or TMDL Reports. A material issue of fact means a fact question, as distinguished from a policy question, whose resolution could have a direct bearing on a final MPCA decision. A petition for a contested case hearing must include the following information:

1. A statement of reasons or proposed findings supporting the MPCA decision to hold a contested case hearing according to the criteria in *Minnesota Rules* 7000.1900, as discussed above; and
2. A statement of the issues proposed to be addressed by a contested case hearing and the specific relief requested or resolution of the matter.

In addition and to the extent known, a petition for a contested case hearing should also include the following information:

1. A proposed list of prospective witnesses to be called, including experts, with a brief description of proposed testimony or summary of evidence to be presented at a contested case hearing;
2. A proposed list of publications, references, or studies to be introduced and relied upon at a contested case hearing; and
3. An estimate of time required for you to present the matter at a contested case hearing.

## **MPCA Decision:**

The written comments, requests, and petitions submitted on or before the last day of the public comment period will be considered in the final decision on the CMP and TMDL Reports. If the MPCA does not receive written comments, requests, or petitions during the public comment period, MPCA staff as authorized by the Commissioner, will make the final decision on the draft TMDL Report.

## **Minnesota Pollution Control Agency (MPCA) REQUEST FOR COMMENTS on Possible Rules for Minnesota's Compliance With the Clean Power Plan; Revisor's ID Number R-04265**

**Background and subject of rulemaking.** In June 2014, the Environmental Protection Agency (EPA) proposed the Clean Power Plan (CPP), a rule that for the first time cuts carbon pollution from existing power plants, the single largest source of carbon pollution in the United States. The proposed EPA rule sets state-specific carbon dioxide emission targets and requires each state to submit a plan detailing its strategy for meeting the targets.

Although the EPA has not yet finalized the CPP's guidelines and targets, state plans are expected to be due by summer 2016. In an effort to be ready to meet that deadline, the Minnesota Pollution Control Agency (MPCA) is beginning to assess potential pathways for compliance with the anticipated guidelines. Our state plan will need to address carbon emissions from existing fossil fuel-burning facilities, low-carbon or zero-carbon methods for producing electricity, and ways to reduce consumer demand for electricity in order to achieve necessary emissions reductions while supporting reliable, affordable power for all Minnesotans.

The MPCA has not yet started drafting a plan because the EPA has not yet published the standards that Minnesota's plan will need to meet. The MPCA requests public input and comments to help guide our considerations of methods for meeting the EPA's CPP targets, as well as any other objectives that the state's plan might include. Specific topics on which we are seeking comment include the following:

1. Environmental results
2. Electricity system impact
  - Effects of the plan on the existing electric infrastructure—markets, dispatch, retirements, etc.
  - Fuel diversity
  - Renewable energy and energy efficiency
  - Cost and reliability
3. Flexibility, enforceability, and applicability

- Federal enforceability while assuring state control over compliance
  - Flexibility for regulated entities
  - Methods to capture reductions from all sources
4. Multistate approach
    - Things to consider in a possible multistate plan
  5. Equity
    - Equity considerations across regulated entities—distribution, etc.
    - Impact on communities of environmental-justice concern—minority populations, neighborhoods bearing disproportionate financial or environmental burdens, etc.
    - Cost and reliability
    - Geographic equity
  6. General issues or other considerations not listed above

**Parties affected.** The rules the MPCA is considering would probably affect all Minnesotans in some form—most directly the power companies as regulated entities, but also the utility consumers who purchase electricity from them. Rule requirements to reduce carbon dioxide will support Minnesota’s efforts to address climate change and should have a co-benefit of reducing pollutants such as sulfur dioxide and nitrogen oxides, which can provide health benefits to all Minnesotans, particularly sensitive receptors (e.g., children with asthma).

**Statutory authority.** *Minnesota Statutes*, § 116.07, subd. 4, authorizes the MPCA to adopt rules and standards for the prevention, abatement, and control of air pollution.

**Rules drafts.** The MPCA has not yet drafted the rules under consideration. If you are interested in being notified when a draft is available and of other activities relating to this or other MPCA rulemakings, we encourage you to register for GovDelivery notices at [https://public.govdelivery.com/accounts/MNPCA/subscriber/new?topic\\_id=MNPCA\\_234](https://public.govdelivery.com/accounts/MNPCA/subscriber/new?topic_id=MNPCA_234)

**Public comment.** Interested parties may submit comments or information on these possible rules to Katie Izzo at the contact information listed below until the MPCA drafts and publishes a proposed rule in the *State Register*. We encourage you to submit your comments in writing for the sake of clarity and accuracy in our considerations, but you may also comment by phone.

The MPCA does not anticipate that the rule amendments will require a local government to adopt or amend an ordinance or other regulation under *Minnesota Statutes*, § 14.128. Local governments may submit written information to the contrary.

The MPCA requests any information pertaining to the cumulative effect of the rule amendments with other federal and state regulations related to the specific purpose of the rule. *Cumulative effect* means the impact that results from incremental effects of the proposed rule in addition to other rules, regardless of what state or federal agency has adopted the other rules.

The MPCA does not plan to appoint an advisory committee to comment on the possible rules; however, stakeholder meetings are ongoing. Upcoming meeting dates as well as agendas, notes, and other related documents will be posted at

## Minnesota State Lottery

### Request for Proposals for Sponsorship Agreements

#### Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

## Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

**1. Maximize Lottery Visibility** – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.

**2. Enhance Lottery Image-** – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery’s presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor’s media partners.

**3. Provide Promotional Extensions** – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <http://www.mnlottery.com/vendorops.html>
