**NOTICE**

**How to Follow State Agency Rulemaking Action in the State Register**

State agencies must publish notice of their rulemaking action in the *State Register*. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a **NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION**. Such notices are published in the **OFFICIAL NOTICES** section. Proposed rules and adopted rules are published in separate sections of the magazine.

**The PROPOSED RULES section contains:**

- Proposed new rules (including Notice of Hearing).
- Proposed amendments to rules already in existence in the Minnesota Code of Agency Rules (MCAR).
- Proposed temporary rules.

**The ADOPTED RULES section contains:**

- Notice of adoption of new rules and rule amendments (those which were adopted without change from the proposed version previously published).
- Adopted amendments to new rules or rule amendments (changes made since the proposed version was published).
- Notice of adoption of temporary rules.
- Adopted amendments to temporary rules (changes made since the proposed version was published).

All ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES published in the *State Register* will be published in the Minnesota Code of Agency Rules (MCAR). Proposed and adopted TEMPORARY RULES appear in the *State Register* but are not published in the MCAR due to the short-term nature of their legal effectiveness.

The *State Register* publishes partial and cumulative listings of rule action in the MCAR AMENDMENTS AND ADDITIONS list on the following schedule:

Issues 1-13, inclusive	Issue 39, cumulative for 1-39
Issues 14-25, inclusive	Issues 40-51, inclusive
Issue 26, cumulative for 1-26	Issue 52, cumulative for 1-52
Issue 27-38, inclusive	

The listings are arranged in the same order as the table of contents of the MCAR.

Notice is hereby given that a Statement of Need and Reasonableness is now available for review at the Department of Public Welfare. This Statement of Need and Reasonableness includes rationale justifying both the need for and the reasonableness of the proposed rules. Copies of the Statement of Need and Reasonableness may be obtained from Ralph Corey, Department of Public Welfare.

If you have questions on the content of any of the rules, please call Ralph Corey at 612/296-3996.

The Attorney General shall approve or disapprove the rule as to form and legality and determine whether a substantial change has been made on the rule(s) to be adopted.

The department's authority to adopt the proposed rules is contained in Minn. Stat. § 256.012, 1980 Laws of Minnesota, ch. 614, § 129.

Below are some of the highlights and background to the proposed rule amendments:

Proposed revisions to 12 MCAR § 2.840 amend the Merit System Compensation Plan for classifications of positions in county welfare and human service agencies under the Minnesota Merit System. (Agencies having a negotiated contract with an exclusive representative providing for different salaries are not covered by 12 MCAR § 2.480.) A proposed revision to the 1980 Compensation Plan establishes salaries for a new class Child Health Aide listed elsewhere in this notice. A new Compensation Plan is proposed for 1981 based upon the provisions of 12 MCAR § 2.494 D.7. It is recommended that all minimum, maximum and intervening rates of pay for all classifications in all Professional, Support, Clerical and Maintenance and Trades compensation plans be adjusted upward by 8% in accordance with the cost-of-living formula contained in 12 MCAR § 2.494 D.7. The effective date of these recommended adjustments is January 1, 1981, or the beginning date of the first payroll period following January 1, 1981, for agencies on a biweekly or four-week payroll period.

Proposed revisions to 12 MCAR § 2.516 B.2. recommend a general salary adjustment of 8% for all employees on the Professional, Support, Clerical and Maintenance and Trades salary schedules, again in accordance with the provisions of 12 MCAR § 2.494 D.7. The effective date of these recommended adjustments is January 1, 1981, or the beginning date of the first payroll period following January 1, 1981, for agencies on a biweekly or four-week payroll period.

Proposed revisions to 12 MCAR § 2.504 B.7.a. amend the rule on holidays by eliminating Christopher Columbus Day as a mandatory holiday and allowing appointing authorities the option of designating Christopher Columbus Day or the Friday after Thanksgiving or both days as holidays. The basis for this revision is a 1979 amendment to Minn. Stat. § 645.44, subd. 5 (1978), relating to holidays.

A proposed rule creating a new classification is 12 MCAR § 2.706 for Child Health Aide and is in response to a need expressed for such a class by the Faribault, Martin and Watonwan Human Services agency. A proposed revision to 12 MCAR § 2.650 for Sanitarian I updates the minimum qualifications for the class and is proposed in response to a request from the Olmsted County Public Health agency. A final proposed revision abolishes 12 MCAR § 2.544 for Director of Assessment Systems which is a classification no longer used by any public welfare Merit System agencies.

The department estimates that annual cost to local public bodies in the state to adjust employee salaries to the proposed new minimum salaries for all classifications for the two years immediately following the adoption of these rules will be \$97,628.

## PROPOSED RULES

Persons desiring to be notified when the proposed rule, this notice and rule(s) proposed to be adopted, the Statement of Need and Reasonableness and copies of the public comments are submitted to the Attorney General, Administrative Division, may either call or write Ralph Corey. The Attorney General shall approve or disapprove the rule as to form and legality and determine whether a substantial change has been made on the rule(s) to be adopted.

The department's authority to adopt the proposed rules is contained in Minn. Stat. § 144.071.

Below are some of the highlights and background to the proposed rule amendments:

Proposed revisions to 7 MCAR § 1.314 amend the Merit System Compensation Plan for classifications of positions in county public health agencies under the Minnesota Merit System. (Agencies having a negotiated contract with an exclusive representative providing for different salaries are not covered by 7 MCAR § 1.314.) A new Compensation Plan is proposed for 1981 based upon the provisions of 7 MCAR § 1.239 D.7. It is recommended that all minimum, maximum and intervening rates of pay for all classifications in all Professional and Administrative, Support, Clerical and Building Maintenance compensation plans be adjusted upward by 8% in accordance with the cost-of-living formula contained in 7 MCAR § 1.239 D.7. The effective date of these recommended adjustments is January 1, 1981, or the beginning date of the first payroll period following January 1, 1981, for agencies on a bi-weekly or four-week payroll period.

Proposed revisions to 7 MCAR § 1.260 B.2. recommend a general salary adjustment of 8% for all employees on the Professional and Administrative, Support, Clerical and Building Maintenance salary schedules, again in accordance with the provisions of 7 MCAR § 1.239 D.7. The effective date of these recommended adjustments is January 1, 1981, or the beginning date of the first payroll period following January 1, 1981, for agencies on a bi-weekly or four-week payroll period.

Proposed revisions to 7 MCAR § 1.250 B.7.a. amend the rule on holidays by eliminating Christopher Columbus Day as a mandatory holiday and allowing appointing authorities the option of designating Christopher Columbus Day or the Friday after Thanksgiving or both days as holidays. The basis for this revision is a 1979 amendment to Minnesota Statutes 1978, Section 645.44, Subdivision 5, relating to holidays.

A proposed revision to 7 MCAR § 1.270 for Sanitarian I updates the minimum qualifications for the class and is proposed in response to a request from the Olmsted County Public Health agency.

The department estimates that annual cost to local public bodies in the State to implement the rules for the two years immediately following their adoption will not exceed \$100,000 per year.

Proposed revisions to 11 MCAR § 1.2140 amend the Merit System Compensation Plan for classifications of positions in local and county emergency services agencies under the Minnesota Merit System. (Agencies having a negotiated contract with an exclusive representative providing for different salaries are not covered by 11 MCAR § 1.2140.) A new Compensation Plan is proposed for 1981 based upon the provisions of 11 MCAR § 1.2094 D.7. It is recommended that all minimum, maximum and intervening rates of pay for all classifications in all Professional and Clerical compensation plans be adjusted upward by 8% in accordance with the cost-of-living formula contained in 11 MCAR § 1.2094 D.7. The effective date of these recommended adjustments is January 1, 1981, or the beginning date of the first payroll period following January 1, 1981, for agencies on a bi-weekly or four-week payroll period.

Proposed revisions to 11 MCAR § 1.2116 B.2. recommend a general salary adjustment of 8% for all employees on the Professional and Clerical salary schedules, again in accordance with the provisions of 11 MCAR § 1.2094 D.7. The effective date of these recommended adjustments is January 1, 1981, or the beginning date of the first payroll period following January 1, 1981, for agencies on a bi-weekly or four-week payroll period.

The department estimates that the annual cost to adjust employee salaries to the proposed new minimum salaries for all classifications for the two years immediately following the adoption of these rules will be \$1,852.80.

State of Minnesota

Tax Court

James M. Ladd and Muriel C. Ladd, Appellants,

v.

The Commissioner of Revenue, Appellee.

Docket No. 2688

In the matter of an appeal from the Commissioner's Order dated 5-26-78 relating to 1971 tax liability of \$478.97 for taxable period 1971.

Order Dated September 10, 1980.

This is an appeal from an order of the Commissioner of Revenue dated 5-26-78, disallowing certain itemized deductions and assessing additional income tax, and interest, for the taxable year 1971.

Trial was held on August 12, 1980, before the Honorable Jack Fena at the Minnesota Tax Court in the Space Center at 444 Lafayette Road in the City of St. Paul, Minnesota. James M. Ladd appeared pro se for appellants. Thomas K. Overton, Special Assistant Attorney General, appeared for appellee.

### Decision

The Order of the Commissioner of Revenue is modified. The itemized deductions are disallowed. Appellants' tax liability is recomputed using separate returns for each appellant (filed on a combined form) rather than a joint return.

### Findings of Fact and Conclusions of Law

1. The substantive issues which appellants seek to litigate in this appeal were fully litigated by appellants before the United States Tax Court. The United States Tax Court entered judgment against appellants on the merits.
2. Under Minnesota law appellants are precluded from again litigating those issues in this case. *Lustic v. Rankala*, 269 Minn. 515, 131 N.W.2d 741 (1964).
3. Appellants have submitted an amended return recomputing their tax liability on separate returns (filed on a combined form). Counsel for appellee has agreed that the tax may be recomputed on that basis.
4. The additional tax due from appellants as a result of the disallowed deductions and the recomputation on separate returns is \$166.00 plus interest.

Minnesota Tax Court

C. Program applications. The program application procedure shall consist of a preliminary and final application. (See 14 MCAR §§ 1.4026, 1.4027 and 1.4028 for other rules relating to final application.)

The preliminary application must be submitted to the department and appropriate regional development commission for review and approval for consistency with regional transportation plans and development guides prior to the department approving the application. The RDC as part of their review will insure that existing public or private transit service in the proposed service area has the opportunity to comment on the proposed project. The RDC in their review will indicate this has been accomplished. Any regional development commission that has not adopted a transportation plan may review but may not approve or disapprove an application. The regional development commission must transmit its comments to the department within forty-five days of the receipt of the application. The preliminary application must also be submitted to the local transit authority, commission or system for review and comment as to consistency with its approved transportation development program. That review must be submitted to the department and RDC within thirty days of receipt. No comment from the RDC, local transit authority, commission or system will constitute a positive comment from such commission, authority or system. After considering those comments and within sixty days of receipt of preliminary application, the department shall determine and notify the applicant of its eligibility to submit a final application.

The final application must also be submitted to the RDC and transit authority, commission or system for comment. The department will allow any regional development commission or transit system to withdraw their approval or comment for any final application that deviates significantly from the preliminary application. Those comments must be submitted to the department within 15 days of receipt. The department will act upon the final application within 20 days of receipt.

Approval of applications shall be based on criteria in 14 MCAR §§ 1.4026, 1.4027 and 1.4028.

D. Regulation of use of subsidy and demonstration assistance.

1. State audits. The financial records of the eligible recipient will be audited by the department. A benchmark audit of the recipient's books shall be required at the beginning of the first contract period and prior to contract execution and fund encumbrance. Another audit shall be required at the end of the contract period to establish an approved total operating deficit. The department shall conduct an interim audit of an approved total operating system that is sold during the contract period as of the effective date of the ownership transfer. Other audits may be made by the department. The eligible recipient will be required to conduct an audit of the participating public transit system financial records.

2. Record keeping. The eligible recipient and participating public transit system shall maintain accounting and other records as required by the department. These records will permit audit verification of all transit cost allocations claimed during the contract period.

3. Project evaluation. The department shall use the management plan required pursuant to 14 MCAR § 1.4028 as a basis for monitoring and evaluating the performance of the participating public transit system during the contract period. Public transit policy management decisions made and actions taken during the contract period shall conform with the management plan. Any proposed deviation from the management plan shall be reported to the department for approval prior to implementation. Failure to secure approval will jeopardize continued subsidy or demonstration assistance.

4. Third-party contracts. Private and public organizations may participate in projects by contract with the eligible recipient. Mn/DOT concurrence is required for third party contract.

5. Penalties. When the eligible recipient fails to faithfully comply with the terms and conditions of the contract, the department may terminate all or part of the subsidy or demonstration assistance awarded to the eligible recipient.

**14 MCAR § 1.4026 Public transit subsidy program.**

Any legislatively established public transit commission or authority, any county or statutory or home rule charter city providing financial assistance to public transit, any private operator of regular route transit, or any combination thereof is eligible to receive financial assistance through the public transit subsidy program.

2. Eligibility factors. A public transit system with a total operating deficit projected for the contract period shall be eligible for subsidy assistance. Deficits incurred prior to this period shall not be eligible for subsidy assistance. When a legislatively established public transit commission or authority is in existence, any application for the area under the jurisdiction of the commission or authority must be submitted by that commission or authority, except any private operator of regular route transit in the metropolitan transit taxing district as defined in Minn. Stat. § 473.446, subd. 2 may apply directly to the department.

C. Application for subsidy assistance.

1. General. The application for subsidy assistance shall be submitted in two stages: preliminary and final applications. The department shall assist the applicant in the preparation of the final application upon request. Subsidy assistance may not be used to pay any costs incurred by the applicant in the preparation, submission or processing of applications.

2. Preliminary application. The preliminary application shall be submitted to ascertain the probable eligibility of the applicant, including projected total operating deficit and projected availability of state and local financial assistance. For a particular public transit system, only one preliminary application shall be submitted on behalf of all units participating in the system. The preliminary application shall be in the form and manner prescribed by the department and shall contain the information required by the department, including the following:

A preliminary application that contains all of the above information will be approved for submittal of a final application.

3. Final application. The final application shall be submitted to determine the subsidy assistance to be granted and basic elements in the agreement. It shall be submitted by an applicant who has received notice that, based on its preliminary application, it is an eligible recipient. It shall be submitted to the department and appropriate RDC and include the elements specified in 14 MCAR § 1.4028. When the eligible recipient has submitted or anticipates submitting an application for assistance under the demonstration program 14 MCAR § 1.4027, during the contract period, that project must be identified in the application.

D. Determination of subsidy assistance.

1. Total operating deficit. In determining the total operating deficit of a public transit system, the following shall apply:

- a. Generally accepted accounting principles and practices;
- b. Depreciation on capital equipment that was purchased with state or federal financial assistance shall be excluded in the computation of total operating expenses to the extent of the federal or state assistance;
- c. Subsidy assistance shall be considered on the basis of the total project deficit for the proposed contract period;
- d. A deficit incurred as the result of authorized increased services shall be considered in determining eligibility;
- e. An eligible recipient shall treat financial assistance received from any agency of the federal government for the operation of a public transit system as revenue for the purposes of determining its total operating deficit.

**KEY: RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike-outs~~ indicate deletions from proposed rule language. **PROPOSED RULES SECTION** — Underlining indicates additions to existing rule language. ~~Strike-outs~~ indicate deletions from existing rule language. ## ADOPTED RULES

2. Factors in subsidy assistance. The department shall review the application and determine the amount of subsidy assistance, if any, that shall be given to the eligible recipient.

a. The department shall use the management plan required pursuant to 14 MCAR § 1.4028 as a basis for allocation of subsidy assistance to an eligible recipient. In the allocation of subsidy assistance, the department shall consider population transit ridership, relative need for public transit, new developments, and prior local assistance. Subsidy assistance shall not exceed two-thirds of the total operating deficit of the public transit system, as approved by the department. The eligible recipient shall establish to the satisfaction of the department that at least one-third of the total operating deficit will be available from local sources during the contract period. When more than one unit contributes assistance to the operation of the public transit system, the share contributed by each shall be specified.

b. In the Minneapolis-St. Paul Metropolitan transit taxing district as defined in Minn. Stat. § 473.446, subd. 2 private operators of transit service that are eligible recipients may receive a grant for up to 100% of their operating deficit. The amount of the grant shall be based on the uniform performance standards specified in 14 MCAR § 1.4029.

### E. Contract.

1. Content. The subsidy assistance contract shall be based upon the final application. It shall specify the amount of subsidy assistance that shall be awarded to the eligible recipient and shall be effective for a period of no more than one (1) year. It shall include the assurance of the eligible recipient that it will provide the required local share. For a particular public transit system, only one contract shall be executed on behalf of all units participating in the system.

2. Disbursement schedule. The contract shall specify a monthly or quarterly disbursement schedule at the pleasure of the recipient. Disbursements will reimburse the recipient based on the claimed operating deficit for the monthly or quarterly reporting period, but will not be allowed to exceed the estimate in the final application. At the end of seven months if it appears that the existing contract limit shall be insufficient the department will, upon application, amend the contract.

As agreed to in the contract, a portion of the final payment of the transit subsidy shall be withheld pending a final audit of the public transit system's books by the department at the termination of the contract. The final audit shall be used by the department to verify the transit costs claimed during the contract period. When the supplemental assistance is more than two-thirds of the total operating deficit, the final payment shall be reduced accordingly. Any overpayment by the state shall be returned to the State Treasury at the request of the department.

## E. Service standards.

1. Route spacing. Route spacing is a function of population density and physical considerations such as terrain and adequate roadways.

Minimum Route Spacing		
Population Per Square Mile (1) (Thousands)	Route Spacing or (Miles)	Route Miles Per Square Mile
4 & over	0.50	1.50
2-4	1.00	1.00
0-2	2.00	0.50

(1) Land acreage only.

## 2. Directness of service.

- a. Schedule leave and arrive times for routes having common termini shall be coordinated to the maximum extent possible.
- b. Not more than 25% of the total systems riders will be required to transfer between an operator's vehicles to complete their trip.

## 3. Route layout.

- a. Route alignment shall be as direct as possible, and to the maximum extent feasible, areas with no adjacent land development will be avoided in laying out the collector portion of a route.
- b. Service shall be operated over permanently paved streets having at least ten (10) foot lanes.
- c. Service shall not be operated over streets which continually exhibit danger-producing situations such as steep grades; poorly plowed or sanded roadways; or streets where parking habitually encroaches on the roadway reducing passageway to less than 10 (10) feet.

4. Frequency of service. A sufficient number of vehicles shall be provided past the maximum load points on a route to accommodate the passenger volume within the loading standards established under the Section: "Operating Performance Standards."

Minimum Headways				
Service Type	Days Provided	Range of Service	Peak	Off Peak
Regular	Mon-Fri	6:00 am-6:30 pm	30 min	70 min

## F. Operating performance standards.

### 1. Speed.

a. Average operating speed excluding recovery time shall not exceed twenty five percent (25%) deviation from the service (i.e., express and regular) operating speed for the time being analyzed. Any service having an average operating speed less than this standard will be considered for remedial analysis.

b. No service is to have a layover time to running time ratio over 30% at any time.

2. Maximum load standards—per route shall be:

Service	Peak of the Peak	Total Peak Period	Off Peak
Express	1.1	1.0	1.0
Regular	1.25	1.1	1.0

3. Labor productivity shall be measured by "miles per employee" factored to 8 hours = 1 full time employee. No operator's labor productivity shall be less than 18,000 bus miles per employee per year.

4. Schedule adherence and service dependability.

- a. 95% of all service provided shall be on time.
- b. 99% of all scheduled trips shall be completed each month.
- c. Maintenance standards shall be high enough to provide, at a minimum, 10,000 bus miles of service for each disruption of service due to mechanical failure.

d. Complaints shall not exceed one (1) per 100 hours of service. A complaint is defined as official contact in writing with either the PSC or the Minnesota Department of Transportation (Mn/DOT).

5. Economic standards.

a. No service shall be permitted to have a "revenue per passenger" departure from the system average of more than -25%, unless the "passengers per mile" are at least 65% of the system average.

b. System fares shall be set to ensure a system "revenue per passenger" ratio to "full cost per passenger" of at least 35% in that reimbursement to the operator on a "deficit per passenger" basis will not exceed 65% of the "full cost per passenger."

G. Funding procedure.

1. Two months prior to the expiration of an existing contract term, the operator shall be sent a letter by the Minnesota Department of Transportation notifying him of the upcoming expiration. This letter shall also have attached the "Service Standards for Metro Area Private Operators." The letter will ask the operator to:

a. Advise Department of Transportation (Mn/DOT) of the operator's intent to continue providing fixed route public transit service within his authorized service area.

b. Advise Mn/DOT if he intends to apply for a state financial assistance contract relative to the public transit service.

c. Submit a signed statement to Mn/DOT that he has read and ~~met~~ can meet the required "service standards."

2. If the operator intends to apply for state financial assistance, and has indicated he can meet the "service standards," a member of the Mn/DOT staff shall meet with the operator to assist him to prepare the application including ~~but not limited to:~~

a. Management plan.

b. Operating budget.

c. Patronage and revenue projections.

d. Transit cost allocation plan (to be attached as an element of the contract).

e. Capacity analysis.

f. Operations narrative.

3. When the application is complete and agreed to as accurate by Mn/DOT and the operator, funding shall be calculated as follows:

a. Full operating cost shall be divided by the number of rides projected. This will yield a "full cost per passenger."

b. All anticipated revenues shall be calculated and divided by the number of rides projected to obtain an estimated "revenue per passenger."

c. The estimated "revenue per passenger" shall then be subtracted from the "full cost per passenger" to obtain a "deficit per passenger."

d. The amount of the "deficit per passenger" shall be what the operator will be reimbursed for each passenger carried on his system. Such reimbursement shall not exceed 65% of the "full cost per passenger."

**KEY: RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike-outs~~ indicate deletions from proposed rule language. **PROPOSED RULES SECTION** — Underlining indicates additions to existing rule language. ~~Strike-outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material."

## ADOPTED RULES

---

---

### H. Verification procedure.

#### 1. Timetable analysis.

a. Prior to the execution of a financial assistance contract or a route or service change the operator shall be required to submit a complete set of current or proposed schedules to Mn/DOT.

b. Upon receipt of the schedules, Mn/DOT and Metropolitan Council staff shall perform an analysis to ensure that the service offered is consistent with the recommended operating performance standards and Metropolitan Council Development Guide.

c. Upon completion of the schedule analysis, a summary shall be prepared detailing those portions, if any, of the service that are sub-standard and outlining possible corrective measures.

#### 2. Maximum load and on-time performance analysis.

##### a. Performed by operators.

(1) Operators shall develop and maintain "daily trip sheets" for their drivers to record daily passenger counts. The driver's daily trip sheet should include, but not be limited to:

- (a) Day of week/date/run number/bus number.
- (b) Each trip run (terminal and scheduled departure time).
- (c) Maximum load carried per trip (at specified maximum load points).
- (d) Number of transfers received.
- (e) Any deviation from scheduled time, and reason for this.
- (f) Driver signature.

(2) Daily trip sheets shall be collected for each service day by the operator.

(3) Daily trip sheets are to be retained by the operator for a period of two years or until final audit, whichever occurs first.

##### b. Performed by Mn/DOT.

(1) Mn/DOT shall establish maximum load points for each route in an operator's system; these will be consistent with the maximum load points that the operators are using.

(2) Checking sheets shall then be developed for each maximum load point. The checking sheets will be organized by trip (inbound or outbound), in time order, for an entire service day. Separate sheets will be developed for weekday and Saturday service.

(3) Mn/DOT shall hire on-street checkers to collect the actual data. The checkers will be placed at the maximum load points and required to record the following data for each bus that passes:

- (a) Condition of bus.
- (b) Bus number.
- (c) Actual time bus passes maximum load point.
- (d) Estimated number of passengers on board.
- (e) Trips not completed will also be recorded.
- (f) Weather and street conditions.

(4) Checkers shall conduct "spot checks" on a random basis. Checks shall be performed at random times within the peak and off peak periods to ensure that all time periods will be observed.

(5) Occasionally, checkers shall be required to perform "on-board" checks of an operator's service. On board checks are utilized to observe the loading patterns of an entire route, operating hazards along the route, transfers issued and received, and running time for the route. The operator shall be notified, in advance each time this is planned.

(6) Checking sheets shall be submitted to Mn/DOT and the data will be analyzed.

(7) A summary of the maximum load/on-time performance checks shall be prepared monthly and will detail the areas, if any, where the operator's system is performing below the minimum operating standards and recommendations for remedial measures will be made.

(8) Mn/DOT maximum load check sheets shall be compared with the operator's "drivers trip sheets" monthly to verify passengers carried.

#### 3. Maintenance analysis.

a. Operators shall be required to report all disruption of service due to mechanical failure, to Mn/DOT monthly.

b. Mn/DOT shall apply the "total bus miles" operated monthly to the total number of "disruptions of service due to mechanical failure" to ensure that "bus miles for each disruption of service due to mechanical failure" are consistent with the maintenance standards.

    - (5) To effectively provide public transportation in rural and small urban areas inefficiently or inadequately served by regular route transit.
    - (6) To divert single occupant auto drivers to public transportation modes.
    - (7) To fund effective and cost efficient methods of providing non-urban transportation services.

2. The availability of state public transit capital grant assistance funds.
  3. The availability of local matching funds.

### Notice of Approval of An Application for Temporary Classification for Statewide Applicability

The Commissioner of Administration hereby gives notice that on September 9, 1980, he approved a "private" classification for personal and family history information which is maintained in adult offender files by Court Services Departments or Community Corrections agencies in the State of Minnesota. This temporary classification specifically excludes family history information which is already classified pursuant to state statute, federal law or temporary classification. The commissioner's ruling was in response to an application for temporary classification for this data which was submitted by the Community Corrections Department of Blue Earth County, Minnesota, and which the commissioner considered for statewide applicability under the authority vested in him by Minn. Stat. § 15.1642 as amended by Laws of Minnesota, ch. 603 (1980). This temporary classification does not apply to the Court Services Department of Hennepin County, Crow Wing-Morrison Community Corrections and Arrowhead Regional Corrections because these agencies have already been granted temporary classifications for this data.

This temporary classification is effective immediately. Therefore, this data must be administered as "private" data as of September 9, 1980. Pursuant to Minn. Stat. § 15.1642, subd. 3, this decision together with the complete record relating to the application has been submitted to the Attorney General for review as to form and legality. This temporary classification will expire 18 months after the date of its approval, or upon statutory classification by the legislature, whichever is earlier. If the legislature has not acted to statutorily classify this data as private before this classification expires, the data must then be administered as public data. Questions on this matter may be directed to the Data Privacy Division, 200 State Administration Building, 50 Sherburne Avenue, St. Paul, Minnesota 55155.

### Notice of Special Local Need Registration for Pramex 57%

Pursuant to Minn. Stat. § 18.A.23 and 3 MCAR § 1.0338B., the Minnesota Department of Agriculture on September 15, 1980 issued a Special Local Need Registration for Pramex 57% Manufacturing Concentrate manufactured by Penick Corporation, Lyndhurst, New Jersey.

The Commissioner of Agriculture, based upon information in the application, has deemed it in the public interest to issue such a registration, and has deemed that the information in the application indicates that the pesticide does not have the potential for unreasonable adverse environmental effects.

In addition to the uses prescribed on the product label, this Special Local Need Registration permits the use of this pesticide by the Metropolitan Mosquito Control District to control the La Crosse Encephalitis Mosquito *Aedes triseriatus* and the Dog Heartworm vector *Aedes vexans* in wooded areas.

The application and other data required under Minn. Stat. §§ 18A.22, subd. 2 (a-d), 18A.23, and 40 CFR 162.150-162.158, subpart B relative to this registration (identified as SLN # MN 80-0016) is on file for inspection at:

Minnesota Department of Agriculture  
Pesticide Control Section  
90 West Plato Blvd.  
Saint Paul, Minnesota 55107  
Phone: (612) 296-8379

A federal or state agency, a local unit of government, or any person or group of persons filing with the commissioner a petition that contains the signatures and addresses of 500 or more individuals of legal voting age has thirty (30) days to file written objections with the Commissioner of Agriculture regarding the issuance of this Special Local Need Registration. Upon receipt of such objections and

when it is deemed in the best interest of the environment or the health, welfare, and safety of the public, the Commissioner of Agriculture shall order a hearing pursuant to Minn. Stat. ch. 15, for the purpose of revoking, amending, or upholding this registration.

### **Public Utilities Commission**

#### **Notice of Intent to Solicit Outside Opinion Concerning Implementation of FERC Cogeneration and Small Power Production Rules Docket No. E-999/R-80-560**

Notice is hereby given that the Minnesota Public Utilities Commission is seeking information or opinions from outside the commission on appropriate methods for implementation of the Federal Energy Regulatory Commission (FERC) rules governing arrangements between electric utilities and qualifying cogeneration and small power production facilities. The Public Utility

Regulatory Policies Act of 1978 (PURPA) required the FERC to establish such rules. PURPA also requires state regulatory authorities, such as the Minnesota Public Utilities Commission, to implement the rules within one year of their adoption by the FERC.

The commission has previously issued two Notices of Intent to Solicit Outside Opinion on this subject. The second one was published in the *State Register* on August 11, 1980. The notice included a staff discussion paper to help focus comment. It also scheduled a public meeting for discussion on September 3, and requested comment by September 12.

Response to the notice was gratifying. There was good attendance and discussion at the public meeting, and many thoughtful comments were submitted. The commission very much appreciates the assistance it has been given so far.

Nevertheless, some of the comments received raised issues not contained in the staff discussion paper, or advocated positions on issues not assumed in the paper. The commission believes consideration of these points by all interested parties is essential for the commission to draft proposed rules which are truly reflective of the public interest. The purpose of this notice is, therefore, to solicit additional comment particularly related to those items. They are:

1. How will municipal and cooperative utilities be affected by the commission's rules?
2. Should present payments be made when the avoided costs are only in the future? If so, how is the effect on the utility ratepayer different from the practice of allowing Construction Work in Progress (CWIP) in the rate base?
3. Should the commission specify a method of calculating the present value of avoided future costs? If so, how? If not, why not?
4. Should costs of capacity and (or) energy purchased or planned to be purchased from other utilities or from a power pool be considered as costs which may be avoided by purchasing capacity and (or) energy from qualifying facilities?
5. When capacity may be avoided because of the diversity of a group of qualifying facilities, none of which individually can provide sufficiently reliable capacity, should the amount of capacity avoided be calculated based on a reasonable estimate of the number of such qualifying facilities which are likely to be constructed and selling to the affected utility in a specified number of years?
6. Should the commission's rules require qualifying facilities to obtain liability insurance?

All interested or affected parties are invited to submit written statements or comments addressed to:

Randall D. Young, Director  
Commission Staff  
Minnesota Public Utilities Commission  
American Center Building  
Kellogg and Robert Streets  
St. Paul, MN 55101

Please reference the commission's Docket No. E-999/R-80-560 on submitted materials. Responses received by October 17, 1980 will become part of the record of any rules hearing held on this subject.

### **Petition of Chicago and North Western Transportation Company for Authority to Retire and Remove ICC Tracks Nos. 235, 236, 237, and 238 at St. Louis Park, MN**

#### **Notice of Application and of Opportunity for Hearing**

Notice is hereby given that the Chicago and North Western Transportation Company, with attorneys at 4200 IDS Center, 80 South 8th Street, Minneapolis, Minnesota 55402, has filed a petition with the Commissioner of Transportation pursuant to Minn. Stat. § 219.741 to retire and remove ICC Tracks Nos. 235, 236, 237, and 238, all located at St. Louis Park, Minnesota.

Any person may file a written objection to the action proposed by the petitioner by means of a letter addressed to the Commissioner of Transportation, Transportation Building, Saint Paul, Minnesota 55155, not later than the date specified below. An objection must be received on or before October 20, 1980. The objection should state specifically how the objector's interest will be adversely affected by the proposed action.

The petition recites among other matters that:

"The subject track is no longer needed for rail transportation service, constitutes a continuing and burdensome maintenance expense, and is an unnecessary safety hazard. The track is not used at the present time, and there is no present prospect that the subject track will be needed in the future. The only shipper, patron or member of the public who might have any interest in the retention of the tracks or facilities, or who has used the same to any substantial degree within the past several years is Burdick Grain Company.

## OFFICIAL NOTICES

Attached hereto is a copy of a consent form which was sent to Burdick Grain Company and a letter from Mr. Robert C. Frey, Director of Operations for Burdick Grain Company, indicating refusal to consent."

Upon receipt of a written objection, the commissioner will, with respect to the named petitioner, set the matter down for hearing. If no objections are received, the commissioner may grant the relief sought by the petitioner.

If this matter is set for hearing, any person who desires to become a party to this matter must submit a timely Petition to Intervene to the hearing examiner pursuant to 9 MCAR § 2.210, showing how the person's legal rights, duties and privileges may be determined or affected by the decision in this case. The petition must also set forth the grounds and purposes for which intervention is sought. All parties have the right to be represented by legal counsel or any other representative of their choice. In the event the objecting party does not do so, or otherwise does not participate in the hearing, the statements contained in the application filed may be taken as true.

- 3) Recommended sites within Minnesota that may be suitable for hazardous waste processing, incineration, transfer/storage, or disposal facilities; and
- 4) Recommended legal and financial arrangements between the State of Minnesota and the private sector for the ownership and operation of hazardous waste disposal facilities.

### Notice of Request for Permit Applications and Proposals for Hazardous Waste Facilities and Sites

Minnesota Laws 1980, Chapter 564, requires the Minnesota Waste Management Board to undertake a planning and siting process for hazardous waste management facilities in the state. In connection with this process the board is soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. The board is soliciting proposals and permit applications for the purpose of preliminary identification of possible facility types and designs, potential owners and operators, and potential sites for hazardous waste disposal facilities. No final decisions or awards will result from this solicitation since the board must first develop a hazardous waste management plan and rules for selecting facility developers and operators. In addition, the Minnesota Pollution Control Agency, rather than the board, has permitting authority over hazardous waste facilities in Minnesota.
