NOTICE

How to Follow State Agency Rulemaking Action in the *State Register*

State agencies must publish notice of their rulemaking action in the *State Register*. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a **NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION**. Such notices are published in the **OFFICIAL NOTICES** section. Proposed rules and adopted rules are published in separate sections of the magazine.

The **PROPOSED RULES** section contains:

- Calendar of Public Hearings on Proposed Rules.
- Proposed new rules (including Notice of Hearing and/or Notice of Intent to Adopt Rules without A Hearing).
- Proposed amendments to rules already in existence in the Minnesota Code of Agency Rules (MCAR).
- Proposed temporary rules.

The **ADOPTED RULES** section contains:

- Notice of adoption of new rules and rule amendments (those which were adopted without change from the proposed version previously published).
- Adopted amendments to new rules or rule amendments (changes made since the proposed version was published).
- Notice of adoption of temporary rules.
- Adopted amendments to temporary rules (changes made since the proposed version was published).

All **ADOPTED RULES** and **ADOPTED AMENDMENTS TO EXISTING RULES** published in the *State Register* will be published in the Minnesota Code of Agency Rules (MCAR). Proposed and adopted **TEMPORARY RULES** appear in the *State Register* but are not published in the MCAR due to the short-term nature of their legal effectiveness.

The *State Register* publishes partial and cumulative listings of rule action in the **MCAR AMENDMENTS AND ADDITIONS** list on the following schedule:

Issues 1-13, inclusive	Issue 39, cumulative for 1-39
Issues 14-25, inclusive	Issues 40-51, inclusive
Issue 26, cumulative for 1-26	Issue 52, cumulative for 1-52
Issue 27-38, inclusive	

The listings are arranged in the same order as the table of contents of the MCAR.

PROPOSED RULES

Pursuant to Minn. Laws of 1980, § 15.0412, subd. 4h, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
 2. that no public hearing will be held unless seven or more persons make a written request for a hearing within the 30-day comment period;
 3. of the manner in which persons shall request a hearing on the proposed rules;
- and
4. that the rule may be modified if modifications are supported by the data and views submitted.

If, during the 30-day comment period, seven or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of § 15.0412, subds. 4 through 4g, which state that if an agency decides to hold a public hearing, it must publish in the *State Register* a notice of its intent to do so. This notice must appear at least 30 days prior to the date set for the hearing, along with the full text of the proposed rules. (If the agency has followed the provisions of subd. 4h and has already published the proposed rules, a citation to the prior publication may be substituted for republication.)

Pursuant to Minn. Stat. § 15.0412, subd. 5, when a statute, federal law or court order to adopt, suspend or repeal a rule does not allow time for the usual rulemaking process, temporary rules may be proposed. Proposed temporary rules are published in the *State Register*, and for at least 20 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Department of Agriculture Agronomy Services Division

Notice of Withdrawal of Proposed Rules Governing the Storage and Handling of Liquid and Dry Commercial Fertilizer

The rules proposed and published at *State Register*, Volume 6, Number 14, p. 573, October 5th, 1981 (6 S.R. 573) are withdrawn in their entirety by the department. The Attorney General has ruled that the procedures outlined in *Minn. Stat.* § 15.0412, subd. 4h, may not be used to promulgate these rules. The department intends to republish the rules and promulgate them according to the procedures contained in *Minn. Stat.* § 15.0412, subd. 4.

Minnesota Housing Finance Agency

Notice of Correction of Proposed Rules Relating to Income Limits for the Home Improvement Loan Program Without a Public Hearing

The notice of intent of proposed rules amending provisions relating to downpayments under the Homeownership Assistance Fund without a public hearing published on August 9, 1982, at 7 S.R. 165 did not include certain information required in the notice by the rules adopted by the Attorney General. Accordingly, the corrected notice is published below. The rules are identical to those printed in the original notice.

Notice of Intent to Adopt Rules without a Public Hearing

Notice is hereby given that the Minnesota Housing Finance Agency ("agency") proposes to adopt the above-entitled rules without a public hearing. The agency has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in *Minn. Stat.* § 15.041, subd. 4h (1980).

Persons interested in these rules shall have 30 days to submit comments on the proposed rules. The proposed rules may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language.

Unless seven or more persons submit written requests for a public hearing on the proposed rules within the 30-day comment period, a public hearing will not be held. In the event a public hearing is required, the agency will proceed according to the provisions of *Minn. Stat.* § 15.0412, subds. 4-4f. If a public hearing is requested, identification of the particular objection, the suggested modifications to the proposed language, and the reasons or data relied on to support the suggested modifications is desired.

Persons who wish to submit comments or a written request for a public hearing should submit such comments or request to:

Monte Aaker, Research Coordinator
Research Division
Minnesota Housing Finance Agency
Suite 200
333 Sibley Street
St. Paul, Minnesota 55101
Telephone: 612/296-9952

Authority for the adoption of these rules is contained in *Minn. Stat.* § 462A.06, subds. 4 and 11(1980). Additionally, a Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rules, and that identifies the data and information relied upon to support the proposed rules has been prepared and is available from Monte Aaker upon request.

Upon adoption of the final rules without a public hearing, the proposed rules, this notice, the Statement of Need and Reasonableness, all written comments received, and the final rules as adopted will be delivered to a designee of the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of these rules for approval, or who wish to receive a copy of the final rules as adopted, should submit a written statement of such request to Monte Aaker.

A copy of the proposed rules is attached to this notice. Additional copies may be obtained by contacting Monte Aaker.

Please be advised that *Minn. Stat.* ch. 10A requires each lobbyist to register with the State Ethical Practices Board within five (5) days after he or she commences lobbying. A lobbyist is defined in *Minn. Stat.* § 10A.01, subd. 11 (1980) as any individual:

(a) Engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250.00, not including *his own* travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials; or

(b) Who spends more than \$250.00, not including *his own* traveling expenses and membership dues, in any year for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials.

The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 40 State Office Building, St. Paul, Minnesota 55155, (612) 296-5615.

PROPOSED RULES

Board of Teaching

Proposed Rules of the Board of Teaching Governing the Following: Procedures for Voluntary Surrender of Teaching Licenses, Teachers of Driver and Traffic Safety Education, School Psychologists, Secondary School Teachers and Teachers of K-12 Subjects, Teachers of Science for Grades 5-9 and Grades 7-12, Teachers of Business and Office Education, Teachers of Physical Education, Reading Consultants, Supervisory and Consultative Personnel, Secondary School Counselors, Elementary School Counselors, School Nurses, Public School Athletic Coaches, and Middle School Counselors

Notice of Intent to Adopt Rules without a Public Hearing

Notice is hereby given that the Minnesota Board of Teaching proposes to adopt, amend, or repeal the above-entitled rules without a public hearing. The board has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in *Minn. Stat.* § 15.0412, subd. 4h (1980 and Supp. 1981 and 1982).

The proposed adoption, amendment, or repeal of the attached rules of the Board of Teaching is authorized by and pursuant to the provisions of *Minn. Stat.* §§ 125.03; 125.05; 125.185; 15.0412, subd. 3 (1980 and Supp. 1981 and 1982).

Persons interested in these rules shall have 30 days to submit comments on any one or all of the proposed rules. The proposed rules may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language.

Unless seven or more persons submit written requests for a public hearing on any one or all of the proposed rules within the 30-day comment period, a public hearing will not be held. In the event a public hearing is required for any one or all of the proposed rules, the agency will proceed according to the provisions of *Minn. Stat.* § 15.0412, subd. 4-4g.

Persons who wish to submit comments or a written request for a public hearing on a particular rule or rules should submit such comments or request(s) to:

Kenneth L. Peatross, Executive Secretary
Minnesota Board of Teaching
608 Capitol Square Building
550 Cedar Street
St. Paul, Minnesota 55101
Telephone: (612) 296-2415

A Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed rules and identifies the data and information relied upon to support the proposed rules has been prepared and is available from Kenneth L. Peatross upon request.

If no hearing is required, the proposed rules, this notice, the rules as proposed for adoption, the Statement of Need and Reasonableness, and all written comments received will be delivered to the Attorney General. The Attorney General shall approve or disapprove the rules as to form and legality, including the issue of substantial change within 14 days. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as proposed for adoption, should submit a written statement of such request to Kenneth L. Peatross.

A copy of the proposed rules is attached to this notice.

Copies of this notice and the proposed rules are available and may be obtained by contacting Kenneth L. Peatross.

Executive Secretary

Rules as Proposed (all new material)

5 MCAR § 3.007 Procedures for voluntary surrender of teaching licenses.

A. Materials required to surrender license. A person holding a teaching license granted by the Board of Teaching may voluntarily surrender the license by submitting to the Executive Secretary of the Board of Teaching the following:

1. a written request to surrender which specifies the teaching license or licenses to be surrendered;
2. the applicant copy of the teaching license;

3. the school district copy of the license, together with a written statement that the employing school superintendent has been notified that the school district copy of the license has been removed from the school district files; and

4. the required processing fee set forth in 5 MCAR § 3.003.

B. Surrender date. When the Executive Secretary receives the materials listed in A. by April 1, the date of surrender is July 1 of that year. When the materials are received after April 1, the date of surrender is July 1 of the following calendar year.

C. When surrender is prohibited. A person may not voluntarily surrender a license if any of the following exists:

1. the school board has commenced proceedings to terminate the continuing contract, pursuant to *Minn. Stat.* § 125.12, subd. 6 or 8, or 125.17, subd. 4;

2. the Board of Teaching has commenced proceedings to suspend or revoke the license pursuant to *Minn. Stat.* §§ 125.09 and 214.10 or 5 MCAR § 3.130; or

3. any educational agency or board has commenced proceedings which could result in alteration of the status of the teaching license due to the person's conduct.

D. Entrance license after surrender. A person whose Minnesota teaching license has been voluntarily surrendered may apply for entrance licensure in the subject or field for which licensure was previously surrendered. An entrance license shall be granted to the applicant if the following criteria are met:

1. a licensure rule exists in the subject or field for which licensure was previously surrendered;

2. the applicant meets the entrance licensure standards which are in effect in the subject or field at the time of application and meets procedures set forth in Board of Teaching rules applicable to an entrance license; and

3. the required processing fee set forth in 5 MCAR § 3.003 accompanies the application for entrance licensure.

E. Construction of rule. Nothing in A.-D. shall prohibit a person from holding or applying for a license in any subject or field upon surrender of a license in another subject or field.

5 MCAR § 3.0831 Driver and traffic safety education.

A. Applicability. All persons whose application is received on or after July 1, 1985 for licensure as a teacher of driver and traffic safety education must comply with 5 MCAR § 3.0831.

B. Licensure requirements. A candidate recommended for licensure to teach driver and traffic safety education shall:

1. hold a baccalaureate degree, and

2. hold a valid Minnesota teaching license, and

3. satisfactorily complete a driver and traffic safety education teacher preparation program approved by the Board of Teaching, consisting of at least 20 quarter hours or the equivalent.

C. Program requirements. Each program leading to the licensure of teachers of driver and traffic safety education must provide candidates recommended for licensure with the knowledge, skills, and understandings set forth in 1. and 2.

1. The program must provide a minimum of 14 quarter hours, or the equivalent, in all of the following:

a. methods and materials for classroom instruction, which must include scope, sequence, and content; traffic laws; psychological and physiological aspects of the driver; alcohol, drugs, and driving; speed and energy conservation; traffic mix with other highway users; the decision making process; and supplementary materials;

b. methods and materials for laboratory instruction, which must include scope, sequence, and content for in-car, multi-vehicle, and simulator instruction; and, instructional strategies and techniques of evaluation;

c. organization and administration of driver and traffic safety education programs, which must include scope, sequence, and content of two, three, and four phase programs; vehicle and facilities administration; curriculum improvement; state rules; staffing; budgeting; evaluation and reporting; school-community relations; and record keeping; and

d. practicum experience in an approved driver education program, which must include classroom and laboratory teaching activities.

KEY: PROPOSED RULES SECTION — Underlining indicates additions to existing rule language. ~~Strike outs~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **ADOPTED RULES SECTION** — Underlining indicates additions to proposed rule language. ~~Strike outs~~ indicate deletions from proposed rule language.

PROPOSED RULES

2. The program must provide a minimum of six quarter hours, or the equivalent, selected from any two of the following:
 - a. principles of kindergarten to grade 12 traffic safety education;
 - b. special areas of instruction, which must include special populations; simulation, multiple vehicle, or multi-media; individualized driver education; advanced driver education; adult driver education; and motorcycle rider education;
 - c. human factors, which must include behavioral influence on accident prevention, drugs and traffic safety, and first aid;
 - d. environmental factors, which must include traffic engineering, traffic law and enforcement, and traffic communication; and
 - e. vehicular factors, which must include basic automotive systems, motor vehicle safety standards, and driver consumerism.

D. Program approval for institutions. An institution applying to the Board of Teaching for approval of its driver and traffic safety education preparation program must meet the provisions of 5 MCAR § 3.141.

E. Continuing licensure. The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education and relicensure.

5 MCAR § 3.1041 School psychologist.

h. ability to use knowledge of group processes to facilitate team meetings.

7. To fulfill the observation and practicum in school psychological services requirement, a program must provide candidates with preparation in the following:

a. Observation experiences prior to practicum shall include a series of formal observations of teaching in a variety of curricular areas in both an elementary and a secondary school. These experiences must also include observation of a variety of special education program alternatives as they relate to the delivery of services and formal observation of school psychological practice performed by a licensed school psychologist.

b. The required practicum shall consist of at least 600 contact hours, at least 400 of which must be spent in a school setting. The practicum shall be done on at least a half-time basis, and the principal supervision must be provided by a practicing school psychologist. A currently practicing school psychologist is defined as a fully licensed person working at least half-time in the practice of school psychology or the preparation of school psychologists. Local supervision in a practicum setting may be provided by other psychological personnel.

The required practicum shall include at least 400 contact hours in school psychological practice at prekindergarten, elementary, and secondary grade levels. The 400 hours shall be distributed so that no less than 100 hours are spent at each level.

At least 200 contact hours of the required practicum shall be spent in a setting providing clinical psychological services, such as personality assessment, counseling with individuals and families, behavior management and other corrective services. This portion of the practicum shall include supervision by a clinically prepared and licensed psychologist.

E. Continuing licensure. The continuing license shall be issued and renewed according to rules of the Board of Teaching governing continuing education and relicensure.

F. Provisional license. A two-year provisional license shall be issued to an applicant upon submission of evidence of meeting all of the following conditions:

1. a master's degree in school psychology, or a master's, education specialist, or doctorate in clinical psychology, child psychology, or educational psychology; and

2. completion of a minimum of 45 quarter credits in the area of preparation outlined in D.1.-7.; the requirements must be met for at least three of the seven areas of preparation in D.1.-7. and at least one area of preparation must be D.2. and at least one area of preparation must be either D.3., or D.7.; and

3. a plan for a collaborative relationship for the duration of the provisional license. Collaboration is defined as a professional supervisory relationship with a currently licensed school psychologist practicing at least half-time. This collaborative relationship must include bi-monthly meetings whereby the collaborating psychologist shall review and endorse the quality of services to be provided by the provisionally licensed person.

One two-year renewal of the provisional license shall be issued to an applicant who completes a minimum of an additional 12 quarter hours or its equivalent in a state-approved preparation program leading to the licensure of school psychologists.

5 MCAR § 3.0601 Secondary school teachers and teachers of kindergarten to grade 12 subjects.

A. Applicability. All persons whose application is received on or after July 1, 1985 for an entrance license as a secondary school teacher or teacher of kindergarten to grade 12 subject must comply with 5 MCAR § 3.0601.

B. Uses of a license as secondary school classroom teacher. A secondary school classroom teaching license shall qualify the holder to teach in any secondary school those subjects or fields in which a college major has been completed, or where the assignment is for one-half time or less during the school day, those subjects or fields in which either a college major or minor approved by the Board of Teaching which leads to licensure, has been completed. This license also qualifies the holder to teach in the seventh and eighth grades of any elementary school in those subjects or fields for which valid licensure is held.

C. Licensure in areas of minor preparation. Any secondary school teacher licensed to teach after September 1, 1966, with minor preparation in a subject or field shall, within seven years after the initial licensure, acquire the minimum established by the Board of Teaching for major preparation in order to continue to be licensed to teach in the subject or field.

D. Licensure requirements. All candidates recommended for licensure to teach in a secondary school or in kindergarten to grade 12 subjects shall hold a baccalaureate degree and have satisfactorily completed an approved program leading to licensure in a teaching field as prescribed in Board of Teaching rules governing secondary education and kindergarten to grade 12 subjects.

E. Program requirements. Each program leading to licensure in a teaching field as prescribed in Board of Teaching rules governing secondary education and kindergarten to grade 12 subjects shall include a minimum of 27 quarter hours or the

- f. implementation of instruction within school organizational patterns, including the recognition of differentiated roles, responsibilities, and tasks of school personnel;
- g. implementation of techniques to evaluate the curriculum and instructional strategies utilized; and
- h. knowledge of the impact of reading ability on student achievement in content areas, and skills to assist students to read more effectively in specific content areas.

3. The prestudent teaching and student teaching experiences category consists of experiences in grades 7 to 9 and in grades 10 to 12 in a school setting in which theory and practice are combined. It includes both of the following:

- a. a series of formal observations of teaching and directed instructional experiences in a school setting, prior to student teaching, which shall begin early in the professional education component; and
- b. student teaching, which shall consist of full-school-day experiences for one academic quarter or the equivalent in a secondary school in which the student teacher assumes responsibility for the management and the implementation of the complete instructional program. The student teaching experience may include student teaching in one or more licensure fields. Candidates to be recommended for licensure in kindergarten to grade 12 subjects shall complete student teaching experiences in an elementary school and in a secondary school for a minimum total of one academic quarter or the equivalent.

4. The profession of teaching category consists of basic knowledge of the professional responsibilities of a teacher, both within and beyond the instructional setting. It includes all of the following:

- a. a minimum level of proficiency in the written English language;
- b. skills necessary to communicate and interact with staff members, resource personnel, parents, and other members of the community in order to meet the individual needs of students;
- c. skills to evaluate self and peer teaching performance;
- d. responsibilities of the individual teacher to clients served, to the employing school district and its administration, and to the teaching profession;

PROPOSED RULES

- e. legal rights of students, parents, administrators, school boards, and teachers;
- f. essential statutes, rules, and legal procedures affecting the preparation, licensure, and relicensure of teachers, and the teacher as a public employee; and
- g. purposes of the major education professional organizations and learned societies and their contributions to education and the education profession.

F. Vocational licenses. A vocational license may be issued to an applicant who meets the criteria stated in vocational rules of the State Board of Education as adopted by the Board of Teaching.

G. Minimum programs of preparation. The following requirements shall constitute minimum programs of preparation to be set up by the colleges for secondary teachers unless otherwise indicated. Whenever specific course titles are indicated, it is understood that the course or its equivalent is acceptable. Licensure will be granted to persons who are recommended by a college or university maintaining the following approved programs of preparation. The standard requirements for credits in professional education shall apply except where requirements are specifically mentioned.

Rules as Proposed

5 MCAR § 3.065 Science for grades 5 to 9 and grades 7 to 12.

A. Sciences defined. For the purpose of this rule the sciences shall comprise the following areas: earth science, including geology, astronomy, and meteorology; physical science, including chemistry and physics; life sciences, including botany, zoology, and other appropriate realms of biology; broad area science, including basic elements of life, earth, and physical sciences.

B. Basic licensure requirements. All candidates for licenses to teach science, which includes earth science, physical science, and life science, and broad area science, shall hold a baccalaureate degree and have satisfactorily completed a program which has been approved by the ~~state department of education~~ Board of Teaching for science teachers in grades 5 to 9 or in grades 7 to 12.

C. Licensure requirements; life and earth sciences. All candidates recommended for licensure as life science or earth science teachers shall have satisfactorily completed programs which provide experiences that enable them to develop broad basic knowledge and skills in earth science, in life science, and in physical science. The broad base shall include no less than 20 percent of the total baccalaureate program distributed equitably across the areas listed in A. ~~above~~, and in addition, either:

1. experiences which enable the candidate to acquire additional broad knowledge and skills in earth science, in life science, and in physical science to teach science in grades 5 to 9. These additional experiences shall be equivalent to no less than 20 percent of the total baccalaureate program and shall be distributed across the area in approximately equal proportions; or

2. experiences which enable the candidate to develop a high level of competency in ~~at least one of the three major disciplines necessary to teach that special area of science in~~ life science or in earth science, grades 7 to 12. These additional experiences shall be equivalent to no less than 20 percent of the total baccalaureate program.

D. Licensure requirements; physical science. All candidates recommended for licensure as physical science teachers shall have satisfactorily completed a program in physical science which shall consist of no less than 40 percent of the total baccalaureate program in both chemistry and physics. No one area of physical science shall comprise less than 15 percent of the total baccalaureate program.

~~D.~~ F. Licensure based on minor preparation; life or earth science. All candidates who request licensure based on minor preparation in either life science or earth science shall have the experiences necessary to develop the broad basic competencies required of ~~all~~ life science and earth science teachers, as set out in § 3.065 C., plus at least the additional preparation in the specific science area in which they desire to teach equivalent to ~~that specified in § 3.065 C.1. for that area~~ at least ten percent of the total baccalaureate program.

~~E.~~ F. Licensure based on minor preparation; physical science. All candidates who request licensure based on minor preparation in physical science may, upon compliance with the following, be licensed in either chemistry or physics. ~~All candidates who request such licensure shall have the experiences necessary to develop the broad basic competencies required of all science teachers, as set out in § 3.065 C. In addition,~~ Such candidates shall have preparation in the subject area of (chemistry or physics) for which they seek licensure equal to at least ~~ten~~ 15 percent of their total baccalaureate program.

F. G. Program development; evidence of participation. Evidence shall be provided to show that programs submitted for approval have been developed with participation from the college departments involved with the proposed teacher education programs, ~~from~~ elementary school teachers, secondary school teachers, ~~and~~ school administrators ~~as well as from~~, students, and interested citizens.

~~C.~~ H. Program requirements. Programs submitted for approval shall include all of the following:

1. a rationale which sets forth the view of the institution with respect to the role of teachers of science;
2. evidence that the program is based on a study conducted to determine the academic work which is necessary to prepare candidates to teach in areas of science normally offered at the levels for which licensure is being requested;
3. an enumeration of specific teacher competencies to be developed in the proposed program. Included among others shall be competencies in the following areas:
 - a. personal human qualities that will facilitate interpersonal relationships and enhance student learning;
 - b. knowledge of the intellectual and philosophical nature of science;
 - c. knowledge and experience necessary to illustrate the cultural and historical significance of science to social conditions;
 - d. application of analytical methods of science in multidisciplinary approaches to studying and solving problems of science and of society;
 - e. knowledge and skill necessary to seek out and study new concepts, together with the ability to synthesize these concepts, meaningfully and to communicate them to persons for whom the ideas are also new; and
 - f. the selection, adaptation, evaluation, and use of strategies and materials for the teaching of science so that teaching-learning situations for which the teacher is responsible will be consistent with general knowledge about teaching and learning and will be appropriate both to the special needs of the learners and the special characteristics of the science disciplines;
4. a description of program components which include statements which relate individual program components to the competencies, knowledge, and skills to be developed by candidates; and
5. a plan for assessing the level of performance of each candidate recommended for licensure which ascertains the individual candidate's development of the required competencies.

~~H.~~ I. General program requirement. Programs shall be approved which vary in curricular design provided that program components meet the requirements in A., B., C., D., E., F. ~~and G., above,~~ and H. and that these components provide education personnel who are recommended for licensure with the knowledge, skills, and understandings specified in rules for each licensure area. When the term competency is used, it is understood that other appropriate terms which refer to learning outcomes may be substituted. Examples of such terms are: knowledge, skills, and understandings.

~~I.~~ J. Continuing licensure. The continuing license may be renewed according to general rules of the Board of Teaching pertaining to continuing education.

~~J. This provision is effective July 1, 1979, for all applicants for entrance licenses.~~

Board of Pharmacy

Adopted Rules Relating to Licensure Fees, Internship, Pharmacy Equipment, Licensure Requirements, Continuing Education, Return of Drugs, Prescription Labeling, Controlled Substance Samples, Transfer of Prescriptions, Controlled Substances, Registration of Researchers, Prescription Order Communication, Emergency Kits, Labeling of Large Volume Parenterals, Waivers of Board Requirements, and Reorganization of Existing Rules

The rules proposed and published at *State Register*, Volume 6, Number 43, pages 1769-1781, April 26, 1982 (6 S.R. 1769) are adopted with the following modifications:

Rules as Adopted

~~7 MCAR § 8049 Transfer of prescriptions between pharmacies.~~

~~A. Authorization to dispense a transferred prescription. A prescription label, a written copy of the prescription, or a telephone report of a prescription shall be used for information purposes only and has no legal status as a valid prescription~~

order. A pharmacist who receives a label, copy, or report of a prescription shall contact the prescribing practitioner for authorization to dispense the prescription.

B. Conditions of transfer. Pharmacies may transfer original prescription information for the purpose of refilling a prescription if the information is communicated directly by one licensed pharmacist to another.

C. Duties of transferring pharmacist. The transferring pharmacist shall:

1. Write the word "VOID" on the face of the original prescription to make the prescription invalid;
2. Record on the reverse side of the invalidated prescription the name and address of the receiving pharmacy; and
3. Record the date of the transfer.

For controlled substances in Schedules III-V, the transferring pharmacist shall also record on the reverse side of the invalidated prescription the Drug Enforcement Administration registration number of the receiving pharmacy and the names of the receiving and transferring pharmacists.

D. Duties of receiving pharmacist. The pharmacist receiving the transferred prescription information shall:

1. Write the word "transfer," "copy," or a word of similar import on the face of the transferred prescription; and
2. Provide all information required to be on a prescription pursuant to the law and include:
 - a. The date of issuance and of filling of the original prescription;
 - b. The original number of refills authorized;
 - c. The number of valid refills remaining;
 - d. The date of last refill from original prescription;
 - e. The original prescription number from which the prescription information was transferred; and

f. The transferring pharmacy's name and address and, in the case of controlled substances in Schedules III-V, the transferring pharmacy's Drug Enforcement Administration registration number and name of transferring pharmacist.

E. Retention of prescription. The transferring pharmacist shall keep the original prescription for at least two years from the date of last filling. The receiving pharmacist shall keep the transferred prescription for at least two years from the date of last filling.

F. Notice to patient of prescription invalidation. The transferring pharmacist shall inform the patient that the original prescription has been invalidated at the pharmacy from which it was obtained.

G. Computerized prescription record keeping systems. Computerized prescription record keeping systems must satisfy all the requirements of C-E, including invalidation of the original prescription even when the prescription is transferred between pharmacies accessing the same prescription records or between pharmacies of the same ownership.

H. Transfer of prescription by presentation of container. When the transfer of original prescription information is initiated by the receipt of a prescription container previously filled at another pharmacy, the receiving pharmacist shall notify the transferring pharmacist that the prescription is being transferred. All information required by C-E shall be exchanged.

I. Unprofessional conduct. It is grounds for a charge of unprofessional conduct for a pharmacist to refuse to provide a transfer of original prescription information to another pharmacist who is acting on behalf of a patient and who is making a legal request for such information under this rule.

J. Schedule II controlled substances. Nothing in this rule authorizes the transfer of prescriptions for Schedule II controlled substances. A new written prescription personally signed by the prescribing practitioner is required prior to dispensing a Schedule II controlled substance.

7 MCAR § 8.050 Drug identification.

C. Exemptions. Drug manufacturers, packagers, or distributors seeking an exemption from the requirements of A. and B. shall submit to the board a documentation of facts related to the product which would make compliance with the imprinting required by *Minn. Stat.*, § 151.361, subd. 2 impossible impractical. The documentation must include specifics on the physical characteristics of the drug upon which the exemption request is based.

ADOPTED RULES

7 MCAR § 8.052 Partial filling dispensing of prescriptions for Schedule II controlled substances.

A. Authorization. Prescriptions for Schedule II controlled substances written for patients in long term care facilities may be ~~filled~~ dispensed in partial quantities, including individual dosage units.

B. Records. For each partial filling dispensing, the dispensing pharmacist shall record on the back of the prescription, or on another appropriate record uniformly maintained and readily retrievable, the date of the partial filling dispensing, the quantity dispensed, the remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist.

C. Quantity dispensed. The total quantity of Schedule II controlled substances dispensed in all partial fillings dispensings must not exceed the total quantity prescribed.

E. Computerization of information. Information pertaining to current Schedule II prescriptions for patients in a long term care facility may be maintained in a computerized record keeping system if the system has the capability to permit:

1. Output by display or printout of the original prescription number; date of issue; identification of prescribing individual practitioner; identification of patient; identification of long term care facility; identification of medication authorized, including dosage form, strength, and quantity; listing of partial fillings dispensings that have been dispensed under each prescription; and the information required in B.;

2. Immediate or real time updating of the prescription record each time a partial filling dispensing of the prescription is conducted; and

3. Retrieval of partially ~~filled~~ dispensed Schedule II prescription information, the same as required by federal law for Schedule III and IV prescription refill information.

7 MCAR § 8.053 Registration of controlled substance researchers.

A. Application; fee; ~~license~~ permit. Every person who engages in research, teaching, or educational projects involving the use, study, or testing of controlled substances shall annually, on or before June 1 of each year, apply for registration by the board. Upon the filing of an application therefore, and upon payment of the fee of \$25, the board shall issue a ~~license~~ permit.

7 MCAR § 8.074 Drugs for use in emergency kits.

C. Controlled substances. Emergency kits may contain limited supplies of controlled substances only if:

7. The controlled substances stored in the emergency kit are used only in a situation deemed an emergency by a licensed practitioner in conformity with the following provisions:

c. It is not reasonably possible for the prescribing practitioner to provide prior to administration a written prescription order to be presented to a pharmacist for dispensing of the controlled substance.

D. Excluded controlled substances. Controlled substance sedatives and stimulants in oral dosage forms may not be included in emergency kits.

7 MCAR § 8.088 Labeling.

D. Whenever a drug is added to a parenteral solution a distinctive supplementary label shall be firmly affixed to the container. The label shall indicate the name and amount of drug added, the date and time of the addition, the date and time of the expiration of the admixture, and the identity of the person preparing or certifying the integrity of the admixture.

2. The information in D.1., except for lot number, should be recorded on a supplemental label. If the large volume parenteral contains no additives, the same label may be used, omitting those items which do not apply. If, at some later time an additive might be added, ~~than~~ then a suitable space should be available for recording the additive.

3. The supplemental label should be placed so as to permit visual inspection of the infusion contents and to allow the name, type of solution, and lot number on the manufacturer's label to be read.

Notice of withdrawal. Proposed rule 7 MCAR § 8.188 is withdrawn.

Adopted Rules Governing Supplementary Review

The rules proposed and published at *State Register*, Volume 6, Number 45, pages 1850-1859, May 10, 1982 (6 S.R. 1850) are adopted as proposed.

SUPREME COURT

Decisions Filed Friday, August 13, 1982

Compiled by John McCarthy, Clerk

81-769/SP *State of Minnesota v. Charles Franklin Zupetz, Appellant. St. Louis County.*

Because specific intent, which is required for an attempted crime pursuant to Minn. Stat. § 609.17 (1980), is not an element of the offense of manslaughter in the second degree, Minn. Stat. § 609.205 (1980), appellant may not be convicted of attempted second-degree manslaughter.

Reversed. Amdahl, C. J.

81-1135 *Bruce Salin, et al., etc., Appellants v. Steven D. Kloempken and Frank E. Harwich, et al. Hennepin County.*

The trial court properly dismissed claims by minor children for loss of parental consortium resulting from injuries to parent allegedly caused by the negligence of third parties.

Refusal to recognize cause of action on behalf of children for loss of parental consortium is not a denial of equal protection.

Affirmed. Amdahl, C. J.

81-437 *Steven J. Cairl, et al., Appellants v. State of Minnesota, et al., and Ramsey County Welfare Department, et al. and Mary Ann Connolly, etc., Appellant v. State of Minnesota, et al., defendants and third party plaintiffs and Bruce Hedge, defendant and third party plaintiff and Ramsey County Welfare Department, defendant and third party plaintiff v. Steven J. Cairl, et al., third party defendants, Appellants. Ramsey County.*

The temporary release of a mentally retarded and potentially dangerous youth by officials of a state institution is a discretionary decision rendering them immune from liability.

Defendants did not violate any statute, court order, or regulation in releasing a mentally retarded and potentially dangerous youth for holiday home leave.

Under the circumstances of this case defendants were under no duty to warn plaintiffs of the released youth's dangerous propensities.

State employees do not waive discretionary immunity by purchasing private professional liability insurance.

Affirmed. Otis, J. Dissenting, Yetka, J.

82-62 *In Re the Marriage of: Keith Markward Berrisford, petitioner, Appellant v. Katherine Anne Berrisford. Ramsey County.*

In this marriage dissolution proceeding, in which the husband first alleged but subsequently denied paternity of a child born during the marriage, the trial court erred in denying the husband's motion that blood tests be obtained from the parties and the child and be received in evidence on the issue of paternity.

Remanded with direction. Peterson, J.

51838 *State of Minnesota v. Riley Barry Housley III, Appellant. Hennepin County.*

A person may use deadly force in resisting or preventing an offense which the person reasonably believes exposes him to great bodily harm or death.

The State failed to prove beyond reasonable doubt that the defendant's fear of great bodily harm was unreasonable under the circumstances.

Reversed. Todd, J. Dissenting, Scott, Kelley, JJ., and Amdahl, C. J.

81-1098 *Arnold Prax v. State Farm Mutual Automobile Insurance Company, Appellant. Washington County.*

Trial court correctly subtracted substitute earnings from claimant's weekly wages at the time of his injury in computing income loss benefits payable under Minn. Stat. § 65B.44, subd. 3 (1980), the disability and income loss benefits provision of the Minnesota No-Fault Act.

Affirmed. Todd, J.

81-1208, 82-106 *State of Minnesota v. Everett B. Gilles, Appellant. Hennepin County.*

Evidence was sufficient to justify defendant's conviction of first-degree arson.

Trial court did not err in admitting and relying on eyewitness identification evidence and record fails to support defendant's general contention that he was denied a fair trial and effective assistance of counsel.

Affirmed. Yetka, J.

SUPREME COURT

81-1268 Dakota County Environmental Protection Association, Appellant v. Minnesota Department of Natural Resources and Minnesota Department of Transportation. Ramsey County.

Under the Minnesota Environmental Rights Act, the scope of judicial review for Minn. Stat. § 116B.09 (1980) is the preponderance of the evidence standard set forth in Minn. Stat. § 116B.10 (1980).

Affirmed. Yetka, J.

81-1059 State of Minnesota v. Gary John Schmieg, Appellant. Ramsey County.

Defendant received a fair trial and evidence was sufficient to sustain his convictions of kidnapping and two counts of criminal sexual conduct in the first degree.

Affirmed. Scott, J.

48259, 48287 Harry E. Halverson, *et al.*, Appellants (48259) v. Village of Deerwood, Appellant (48287) and Josephine Cuderman. Crow Wing County.

The trial court did not err in declaring the report of the registered land surveyors and the stipulation of settlement null and void where it was impossible to carry out the mandate of this court on remand strictly according to the stipulation.

The trial court did not err in finding that the Village of Deerwood was estopped from asserting its interest in a dedicated street where its affirmative actions and representations resulted in detrimental reliance by the plaintiffs.

The Village of Deerwood is estopped to deny the determination of a boundary by practical location where it had knowledge of the boundary line and looked on in silence while the plaintiffs incurred expense they would not have incurred had the line been in dispute.

Affirmed in part, reversed in part. Wahl, J. Took no part, Kelley, J.

81-405 State of Minnesota v. John Arthur Kirch, Appellant. Olmsted County.

The evidence was sufficient to support a verdict of murder in the first degree.

The trial court did not err in refusing to commit itself before trial to a jury instruction on first-degree manslaughter.

Defendant voluntarily and intelligently waived a jury trial.

Affirmed. Wahl, J. Took no part, Kelley, J.

81-701 Rodney M. Thoe, Appellant v. Shirley Rassmussen, *et al.*, etc. Crow Wing County.

Performance under a contract for the sale of real property as distinct from the contract itself, may be modified orally without violating the statute of frauds.

Contract for deed is reinstated where plaintiff has proved by clear and convincing evidence that substituted performance was agreed to by the parties to that contract.

Reversed and remanded. Wahl, J.

81-1042 State of Minnesota v. Timothy James Durfee, Appellant. St. Louis County.

In a prosecution for assault on a small child by her custodian, it is proper to introduce medical testimony that the facts and surrounding circumstances constituted a case of the "battered child syndrome."

Under *State v. Loebach*, 310 N.W.2d 58 (Minn. 1981), it is not proper to allow proof of the "battering parent syndrome" unless the defendant has first put his character in issue. When there is no reference in the testimony to the profile "battering parent syndrome," it was not error to admit circumstantial evidence for other purposes even though such testimony might also support the "battering parent syndrome."

The admission in evidence of photographs depicting the battered child's injuries was not error even though defendant stipulated the child has sustained great bodily injury.

Where a party knows of possible juror misconduct prior to submission of the case to the jury and deliberately fails to notify his counsel or the court thereof, he waives his right to a *Schwartz* hearing.

Affirmed. Kelley, J. Took no part, Yetka, J.

Decisions Filed August 5, 1982

82-202 Charles E. Wensman, Appellant v. State of Minnesota. Hennepin County.

District court did not err in denying postconviction petition for resentencing according to the Minnesota Sentencing Guidelines.

Affirmed. Amdahl, C. J.

82-323 Steven R. Lindstrom, Appellant v. State of Minnesota. Rock County.

District court properly denied postconviction petition for resentencing according to the Minnesota Sentencing Guidelines. Affirmed. Amdahl, C. J.

82-568 Jeffrey A. Oliver, petitioner, Appellant v. State of Minnesota. Hennepin County.

District court properly denied postconviction petition for resentencing according to the Minnesota Sentencing Guidelines. Affirmed. Amdahl, C. J.

Decisions Filed August 4, 1982

82-384 Herman Laube, petitioner, Appellant v. State of Minnesota. Ramsey County.

Postconviction court properly denied petition seeking resentencing according to the Minnesota Sentencing Guidelines. Affirmed. Amdahl, C. J.

82-567 Modesto E. Garcia, petitioner, Appellant v. State of Minnesota. Hennepin County.

Postconviction court properly denied petition seeking resentencing according to the Minnesota Sentencing Guidelines. Affirmed. Amdahl, C. J.

82-637 State of Minnesota v. Mark Paul Murto, Appellant. Ramsey County.

Defendant, who is now incarcerated in prison as a result of having rejected probation, *State v. Murto*, 316 N.W.2d 739 (Minn. 1982), is entitled to credit against his prison term for probationary time spent in jail between the date that he requested execution of sentence and the date that the district court finally ordered execution of sentence.

Reversed. Amdahl, C. J.

Decisions Filed Friday, August 20, 1982

Compiled by John McCarthy, Clerk

51825 Rolf Walter v. Independent School District No. 457, Trimont, Minnesota, Appellant. Martin County.

A full-time teacher who has been placed on unrequested leave of absence pursuant to Minn. Stat. § 125.12, subd. 6b (1980), and who then accepts a part-time position, remains on unrequested leave to the extent of the remainder of the full-time position and must be offered any part-time position for which he is licensed, sufficient to restore him to full-time status.

Affirmed. Amdahl, C. J. Dissenting, Wahl, Peterson and Kelley, JJ.

81-1108 Carpenters & Joiners Welfare Fund, *et al.*, v. Peter Dukinfield Co., Appellant. Hennepin County.

The trial court had jurisdiction over suit alleging a breach of a collective bargaining agreement where there was no issue of representation.

There was insufficient evidence to support the finding of ratification where appellant had not demonstrated an unequivocal intention to be bound by collective bargaining agreement.

Reversed. Peterson, J. Dissenting, Yetka, Todd, Scott, and Wahl, JJ.

81-153 Robert W. Miles, *et al.*, Appellants, v. City of Oakdale, Steven A. Miller, *et al.* Washington County.

The trial court's finding that no alteration in the flow of surface water occurred is clearly erroneous.

Under reasonable use doctrine, a change in flow of surface water undertaken for municipal improvement and resulting only in increased concentration of flow at a particular point does not *per se* make city's actions reasonable; rather, trial court must adequately consider burden and damage to affected landowner, particularly when city alters drainage pattern and installs system causing the damage and feasible alternative exists which would not cause burden to landowner.

Covenants contained in warranty deed were not breached by alleged trespass or nuisance of city in funneling water to landowner's property.

Affirmed in part, reversed in part, and remanded. Yetka, J. Concurring specially, Todd, Simonett, and Kelley, JJ.

SUPREME COURT

81-676, 81-921, 81-971 **Highview North Apartments, a Partnership, v. County of Ramsey Appellant (81-676), City of Maplewood, Appellant (81-971), City of North St. Paul, Appellant (81-921). Ramsey County.**

Findings that a municipal storm sewer system and detention ponds caused flooding of plaintiff's basements by raising the natural ground water table were not clearly erroneous.

Diversion of surface waters by a municipal storm sewer system is to be judged by the "reasonable use" test; here defendants' actions were unreasonable, causing nuisance damage, for which defendant municipalities are liable in nuisance.

The trial court's findings as to relief and damages are within its discretion and are not clearly erroneous.

The trial court did not err in ruling defendants were jointly and severally liable.

Affirmed. Simonett, J.

81-1391 **State of Minnesota, Department of Public Safety, petitioner, Appellant, v. Michael L. Rice. Hennepin County.**

In driver's license revocation proceeding under Minn. Stat. § 169.123 (1978), *held*, arresting officer observed violation of Minn. Stat. § 169.121 (1978) and lawfully arrested defendant for the violation; officer's articulation of the ground for arrest was not so inadequate as to render arrest unlawful where defendant was unable to show any prejudice resulting from officer's choice of words.

Reversed. Simonett, J.

81-704 **Bor-Son Building Corporation v. Employers Commercial Union Insurance Company of America, et al., Appellants. Ramsey County.**

A suit commenced by a building owner against the general contractor who constructed the building alleging damages caused by faulty workmanship and materials is not within the coverage of the contractor's general liability policy; and, therefore, the comprehensive general liability policy insurer has no duty to defend the contractor in that suit nor to indemnify the contractor for sums the contractor paid toward settlement of that suit.

Where contract documents and applicable federal regulations provide that the general contractor is fully responsible for development and construction of the building erected pursuant to the contract, the building which is the subject matter of the contract is under the care, custody and control of the general contractor notwithstanding he has subcontracted all of the work to others.

Damages to a building sustained by an owner as the result of a breach of a construction contract due to a general contractor's faulty workmanship and furnishing of defective materials in the construction of that building are a business risk to be borne by the contractor and not by his comprehensive general liability insurer.

Reversed. Kelley, J.

Opinions Filed Tuesday, August 17, 1982

82-506 **State of Minnesota, Appellant, v. Richard Paul Trog. Dakota County.**

District court was justified in staying execution of sentence of criminal defendant.

Affirmed. Amdahl, C. J.

82-518 **Leo Whelan, Appellant, v. State of Minnesota. Freeborn County.**

Postconviction court properly denied petition seeking resentencing according to the Minnesota Sentencing Guidelines.

Affirmed. Amdahl, C. J.

82-575 **David M. Bergquist, petitioner, Appellant, v. State of Minnesota. Anoka County.**

District court properly denied petition for resentencing according to the Minnesota Sentencing Guidelines.

Affirmed. Amdahl, C. J.

82-605 **State of Minnesota v. Mark A. Profit, Appellant. Hennepin County.**

District court was justified in departing durationally from presumptive sentences for sex offense committed with particular cruelty and for particularly serious robbery that represented a greater than normal danger to the safety of other people.

Affirmed as modified. Amdahl, C. J.

STATE CONTRACTS

Pursuant to the provisions of Minn. Stat. § 16.098, subd. 3, an agency must make reasonable effort to publicize the availability of any consultant services contract or professional and technical services contract which has an estimated cost of over \$2,000.

Department of Administration procedures require that notice of any consultant services contract or professional and technical services contract which has an estimated cost of over \$10,000 be printed in the *State Register*. These procedures also require that the following information be included in the notice: name of contact person, agency name and address, description of project and tasks, cost estimate, and final submission date of completed contract proposal.

Department of Agriculture Marketing and International Trade Division

Notice of Request for Proposals for Art and Publication Design Assistance

The Marketing and International Trade Division of the Minnesota Department of Agriculture is seeking individuals and firms to provide line art and publication design services for a series of publications that will be produced to assist farmers' markets and pick-your-own farms. The specific projects include:

1. Separate line art for 25 to 30 one-page consumer information brochures about selecting, storing and freezing fresh produce. A single design to be used for all of these one-page consumer information brochures will also be created.
2. Art for a project report cover and cover design/type specifications.
3. Art for the cover of a directory of pick-your-own farms and farmers' markets and cover design/type specifications.
4. Art and overall design of a one-page, self-mailing flier announcing a marketing workshop.
5. Cover and inside art, as well as overall design specifications for two guidebooks on marketing Minnesota-grown produce.

These services, which will be provided under contract, are outlined in detail in the Request for Proposals (RFP) statement of work. The formal RFP may be requested and inquiries directed to:

OFFICIAL NOTICES

Pursuant to the provisions of Minn. Stat. § 15.0412, subd. 6, an agency, in preparing proposed rules, may seek information or opinion from sources outside the agency. Notices of intent to solicit outside opinion must be published in the *State Register* and all interested persons afforded the opportunity to submit data or views on the subject, either orally or in writing.

The *State Register* also publishes other official notices of state agencies, notices of meetings, and matters of public interest.

Department of Commerce Banking Division

Bulletin No. 2636: Maximum Lawful Rate of Interest for Mortgages and Contracts for Deed for the Month of September 1982

Notice is hereby given that pursuant to Minnesota Statutes, § 47.20, subd. 4a, (1980), the maximum lawful rate of interest for conventional home mortgages for the month of September 1982 is fifteen and three-quarters (15.75) percentage points. Further, pursuant to Minnesota Statutes, § 47.20, the maximum lawful rate of interest for contracts for deed for the month of September 1982 is fifteen and three-quarters (15.75) percentage points.

It is important to note that this maximum lawful interest rate does not apply to all real estate loans and contracts for deed. Under Minnesota's interest rate moratorium, which is identical to the Federal Usury Preemption, in most instances any rate may be charged on real estate mortgages and contracts for deed that constitute first liens.

This is based on the Federal National Mortgage Association (FNMA) August 16, 1982, auction results and an average yield for conventional mortgage commitments of 15.687%. Current rates regarding the monthly publication are available by telephoning the Banking Division's 24-hour information number (612) 297-2751.
