NOTICE

How to Follow State Agency Rulemaking Action in the State Register

State agencies must publish notice of their rulemaking action in the State Register. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION also.

The PROPOSED RULES section contains:

- Calendar of public hearings on proposed rules.
• Proposed new rules (including notice of hearing and/or notice of intent to adopt rules without a hearing).
• Proposed amendments to rules already in existence in the Minnesota Rules.
• Proposed emergency rules.
• Withdrawal of proposed rules (option; not required).

The ADOPTED RULES section contains:

- Notice of adoption of new rules and rule amendments adopted without change from the previously published proposed rules. (Unchanged adopted rules are not republished in full in the State Register unless an agency requests this.)
• Adopted amendments to new rules or rule amendments (adopted changes from the previously published proposed rules).
• Notice of adoption of emergency rules.
• Adopted amendments to emergency rules (changes made since the proposed version was published).
• Extensions of emergency rules beyond their original effective date.

The OFFICIAL NOTICES section includes (but is not limited to):

- Notice of intent to solicit outside opinion before promulgating rules.
• Additional hearings on proposed rules not listed in original proposed rules calendar.

ALL ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES published in the State Register and filed with the Secretary of State before July 31, 1983 are published in the Minnesota Rules 1983. ADOPTED RULES and ADOPTED AMENDMENTS TO EXISTING RULES filed after July 31, 1983 will be included in a supplement scheduled for publication in mid-1984. Proposed and adopted EMERGENCY (formerly called TEMPORARY) RULES appear in the State Register but are generally not published in the Minnesota Rules 1983 due to the short-term nature of their legal effectiveness. Those that are long-term may be published.

The State Register publishes partial and cumulative listings of rule in the MINNESOTA RULES AMENDMENTS AND ADDITIONS list on the following schedule:

Table with 2 columns: Issue range and Issue number. Includes: Issues 1-13, inclusive (Issue 39, cumulative for 1-39); Issues 14-25, inclusive (Issues 40-51, inclusive); Issue 26, cumulative for 1-26 (Issue 52, cumulative for 1-52); Issues 27-38, inclusive.

The listings are arranged in the same order as the table of contents of the Minnesota Rules 1983.

PROPOSED RULES

Pursuant to Minn. Stat. of 1982, §§ 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
2. that no public hearing will be held unless 25 or more persons make a written request for a hearing within the 30-day comment period;
3. of the manner in which persons shall request a hearing on the proposed rules; and
4. that the rule may be modified if the modifications are supported by the data and views submitted.

If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.14-14.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Pursuant to Minn. Stat. §§ 14.29 and 14.30, agencies may propose emergency rules under certain circumstances. Proposed emergency rules are published in the *State Register* and, for at least 25 days thereafter, interested persons may submit data and views in writing to the proposing agency.

Department of Agriculture Agronomy Services Division

Proposed Rules Amending Agricultural Seed Labeling and Inspection Requirements

Notice of Intent to Adopt Rules Without a Public Hearing

Notice is hereby given that the Minnesota Department of Agriculture proposes to adopt the above-entitled rules without a public hearing. The Commissioner of Agriculture has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes, Sections 14.21-14.28 (1982).

Persons interested in these rules are encouraged to submit comment in support of or in opposition to the proposed rules, and shall have 30 days to do so. Each comment should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. The proposed rules may be modified if the modifications are supported by the data and views submitted to the department and do not result in a substantial change in the proposed language.

Unless 25 or more persons submit written requests for a public hearing on the proposed rules within the 30-day comment period, a public hearing will not be held. Persons requesting a public hearing should state their name and address, and are encouraged to identify the portion of the proposed rules addressed, the reason for the request, and any proposed change. In the event a public hearing is required, the department will proceed according to the provisions of Minnesota Statutes, Sections 14.11-14.20 (1982).

PROPOSED RULES

Persons who wish to submit comments or a written request for a public hearing should submit such comments or request to: Gerald Heil, Minnesota Department of Agriculture, 90 West Plato Boulevard, St. Paul, MN 55107, (612) 296-1486.

Authority to adopt these rules is contained in Minnesota Statutes, Section 21.85, Subd. 11. Additionally, a Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed amendments and identifies the data and information relied upon to support the proposed amendments has been prepared and is available upon request from Mr. Heil.

Upon final adoption of the rules without a public hearing, the proposed rules, this notice, the statement of need and reasonableness, all written comments received, and the final rules as adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as adopted, should submit a written statement of such request to Mr. Heil.

The Commissioner is authorized by Minnesota Statutes, Section 21.85, Subd. 11 to promulgate rules for proper enforcement of Minnesota Statutes, Sections 21.80 to 21.92.

The proposed amendments to the seed rules provides specific direction for record keeping by labelers of seed sold in Minnesota, standards for labeling hermetically sealed seeds as well as vegetable and flower seeds, and establishes permanent fees at a level sufficient for effective seed regulation and operation of the seed testing laboratory. Certain existing rules are repealed. The proposed rules are necessary to meet requirements of the Minnesota Seed Law, Minnesota Statutes, Sections 21.80 to 21.92, amended in 1983. Rule changes are consistent with the Federal Seed Act and the recommended Uniform State Seed Law developed by the Association of American Seed Control Officials.

The proposed rules will impact and benefit small business as defined in Minnesota Statutes, Section 14.115, because credible record keeping and labeling in the seed industry encourage even competition and allow enforcement of fair trade practices.

Please be advised that Minnesota Statutes, Chapter 10A requires each lobbyist to register with the State Ethical Practices Board within five (5) days after he or she commences lobbying. A lobbyist is defined in Minnesota Statutes, Section 10A.01, subdivision 11 (Supp. 1979) as any individual:

(a) Engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250.00, not including his own travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials; or

(b) Who spends more than \$250.00, not including his own traveling expenses and membership dues, in any year for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials.

The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 40 State Office Building, St. Paul, MN 55155, (612) 296-5615.

One free copy of this notice and the proposed rules are available and may be obtained by contacting Mr. Heil.

Department of Agriculture Food Inspection Division

Proposed Rules Governing Dyeing of Fish and Fish Products

Notice of Intent to Amend Rules Without a Public Hearing

Notice is hereby given that the Minnesota Department of Agriculture proposes to adopt the above-entitled amendments without a public hearing. The Commissioner of Agriculture has determined that the proposed adoption of these amendments will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes, Sections 14.21-14.28 (1982).

Persons interested in these rules are encouraged to submit comment in support of or in opposition to the proposed amendments, and shall have 30 days to do so. Each comment should identify the portion of the proposed amendments addressed, the reason for the comment, and any change proposed. The proposed amendments may be modified if the modifications are supported by the data and views submitted to the department and do not result in a substantial change in the proposed language.

Unless 25 or more persons submit written requests for a public hearing on the proposed amendments within the 30-day comment period, a public hearing will not be held. Persons requesting a public hearing should state their name and address, and are encouraged to identify the portion of the proposed amendments addressed, the reason for the request, and any proposed change. In the event a public hearing is required, the department will proceed according to the provisions of Minnesota Statutes, Sections 14.11-14.20 (1982).

PROPOSED RULES

Persons who wish to submit comments or a written request for a public hearing should submit such comments or request to: Gerald Heil, Minnesota Department of Agriculture, 90 West Plato Boulevard, St. Paul, MN 55107, (612) 296-1486.

Authority to adopt these rules is contained in Minnesota Statutes, Section 31.11. Additionally, a Statement of Need and Reasonableness that describes the need for and reasonableness of each provision of the proposed amendments and identifies the data and information relied upon to support the proposed amendments has been prepared and is available upon request from Mr. Heil.

Upon adoption of the final amended rules without a public hearing, the proposed rules, this notice, the statement of need and reasonableness, all written comments received, and the final amended rules as adopted will be delivered to the Attorney General for review as to form and legality, including the issue of substantial change. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as adopted, should submit a written statement of such request to Mr. Heil.

The Commissioner is authorized by Minnesota Statutes, Section 31.11 to promulgate rules to protect the public health, and prevent fraud and deception in the manufacture, use, and sale of food.

The proposed amendments to these rules will bring Minnesota's requirements for colored fish and fish products into conformity with federal regulations, specify the type of dye to be used for denaturing fish unfit for human food and allow for the use of added color in fish and fish products.

The proposed rules will impact and benefit small business as defined in Minnesota Statutes, Section 14.115, because permitting the use of artificial color in fish and fish products will expand the available market for Minnesota processors by allowing them to compete equally with processors from other states which allow coloring of fish.

Please be advised that Minnesota Statutes, Chapter 10A requires each lobbyist to register with the State Ethical Practices Board within five (5) days after he or she commences lobbying. A lobbyist is defined in Minnesota Statutes, Section 10A.01, subdivision 11 (Supp. 1979) as any individual:

(a) Engaged for pay or other consideration, or authorized by another individual or association to spend money, who spends more than five hours in any month or more than \$250.00, not including his own travel expenses and membership dues, in any year, for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials; or

(b) Who spends more than \$250.00, not including his own traveling expenses and membership dues, in any year for the purpose of attempting to influence legislative or administrative action by communicating or urging others to communicate with public officials.

The statute provides certain exceptions. Questions should be directed to the Ethical Practices Board, 40 State Office Building, St. Paul, MN 55155, (612) 296-5615.

One free copy of this notice and the proposed rules are available and may be obtained by contacting Mr. Heil.

Notice of Intent to Adopt Rules Without a Public Hearing

Notice is hereby given that the State Board of Education proposes to adopt the above-entitled rules without a public hearing. The Board has determined that the proposed adoption of these rules will be noncontroversial in nature and has elected to follow the procedures set forth in Minnesota Statutes, Sections 14.21 to 14.28.

These rules establish the minimum criteria the State Board of Education and Commissioner will use in determining whether the Automobile and Motorcycle Driver Education Program offered through public schools, should be approved or denied.

The proposed rules may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a substantial change in the proposed language.

If 25 or more persons submit written requests for a public hearing on the proposed rules within the 30-day comment period, a public hearing will be held. The person requesting a public hearing should state his or her name and address, and is encouraged to identify the portion of the proposed rule addressed, the reason for the request, and any change proposed. In the event a public hearing is required, the agency will proceed according to the provisions of Minn. Stat. §§ 14.131 to 14.20.

Pollution Control Agency Solid and Hazardous Waste Division

Outside Opinion Sought Regarding Amendment of Rules Establishing Fee Systems for Hazardous Waste Generators and Hazardous Waste Facilities

Notice is hereby given that the Minnesota Pollution Control Agency (agency) is seeking information or opinions from sources outside the agency in preparing amendments to 6 MCAR §§ 4.9701-4.9706 (Minn. Rules Parts 7046.0010-7.046.0070), Hazardous Waste Facility and Generator Fee Rules, which were promulgated February 6, 1984 pursuant to Minn. Stat. § 116.12 (Supp. 1983). The 1983 State Department Appropriations Bill directs the agency to raise \$794,400 in the biennium ending June 30, 1985 through the collection of fees from hazardous waste generators and facility operators.

The law requires establishment of fee schedules for hazardous waste facility permit application fees, annual facility operator's fees, permit reissuance fees, hazardous waste generator fees, and a generator surcharge. The facility fees should be representative of the work years of effort required by the agency to complete review of permit applications and to assure compliance of facility operations with permits and rules. The generator fees can be no higher than the fees imposed by the metropolitan counties (Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington).

Minn. Stat. § 16A.128 (Supp. 1983) requires review of the fees fixed for accounts for which appropriations are made by law at least once every six months, and adjustment of the fees so that the total fees received approximate the amount appropriated for the account. The agency staff has reviewed the fees received for the State fiscal year ending June 30, 1984 and has determined that the fees at current fee levels will not raise \$794,400 in the biennium ending June 30, 1985.

The Minnesota Pollution Control Agency requests information and comment concerning the subject of this rule.

OFFICIAL NOTICES

Written technical statements and comments concerning these matters will be accepted for consideration until August 3, 1984 and should be addressed to the following:

The promulgation of these rules is authorized by Minnesota Statutes section 299F.63, subd. 4 as enacted by Laws 1984 Chap. 654, which requires the agency to establish a fee to cover costs of the state general fund share of the pipeline safety program.

Request for Proposal for Consultant Services for an Assessment of the Nursing Home Regulatory Process in Minnesota

The Minnesota Department of Health is seeking proposals for an assessment of the nursing home regulatory process in Minnesota. The assessment will address the following three areas:

1. The first area will focus on the current regulatory practices of this division. The impact of these external changes will be assessed against the current and proposed nursing home rules and the current regulatory practices will be evaluated to ascertain if any changes will be required.

C8-83-1153 State of Minnesota v. Harold P. Host, Appellant. Aitkin County.

It is permissible to aggregate prior uncounseled petty misdemeanor speeding convictions when charging a driver for a subsequent speeding offense.

Affirmed. Popovich, C.J.

C2-83-1715 State of Minnesota v. John Rose, Appellant. Ramsey County.

Any prosecutorial misconduct which occurred in closing argument did not deny appellant a fair trial when defense counsel failed to make timely objections.

SUPREME COURT

The trial court did not abuse its discretion in allowing limited examination of a state's witness which touched on appellant's character.

The trial court did not abuse its discretion in allowing the use of prior convictions for impeachment purposes.

Affirmed. Popovich, C.J.

C7-83-2018 State of Minnesota v. Daniel Robert Wurst, Appellant. Wabasha County.

Prosecution of appellant for fleeing a police officer did not violate the prohibition against serialized prosecution of multiple offenses arising from a single behavioral incident.

Affirmed. Popovich, C.J.

C7-84-814 In the Matter of the Alleged Mental Illness of: James D. Kennedy. Hennepin County.

The trial court properly found appellant mentally ill, as defined by Minn. Stat. § 253B.02, subd. 13 (Supp. 1983), and committed him to Anoka State Hospital.

Affirmed. Popovich, C.J.

C5-83-1238 State of Minnesota v. Timothy Edward Campion, Appellant. St. Louis County.

Evidence was sufficient to convict appellant of theft by swindle and securities fraud.

The trial court did not abuse its discretion in allowing evidence of a prior financial transaction when it helped establish appellant's motive; evidence of statements made by a witness who died before trial was admissible as non-hearsay statements and "state of mind" hearsay.

Appellant was not deprived of a fair trial by the destruction of a note left by the State's witness to a State investigator in which the witness asked for his license back or an academy award for his performance as a witness.

In departing from the presumptive sentence, the trial court cannot merely refer to a list of five aggravating factors, state that at least two are present, and then not identify those factors.

Affirmed in part and remanded. Parker, J.

C2-84-641 State of Minnesota, Appellant, v. Kenneth E. Kornexl. Olmstead County.

Determination of the applicability of a prior foreign conviction such as to require invocation of Minn. Stat. § 609.346, our Subsequent (Sex) Offenders Act, and its three-year minimum mandatory sentence of imprisonment turns upon whether the statute under which defendant was previously convicted was similar to those specified in the Minnesota Act.

Whether the prior foreign conviction was under a similar statute is determined by a substantive comparison of the language of the foreign statute of conviction with that specified in the Minnesota Subsequent (Sex) Offenders Act and not by a mere determination of the level of offense of the prior foreign conviction.

Reversed. Parker, J.

C8-84-109 State of Minnesota v. John E. Jensen, Appellant. Carver County.

Where one trooper saw defendant's car swerve over the center line and another saw signs that defendant was intoxicated, their combined perceptions satisfy the presence requirement for a warrantless misdemeanor arrest.

A single comment by the prosecutor on the veracity of a witness was harmless error.

The trial court did not err in refusing to give the jury a lesser included offense instruction for "over the center line" where defendant was charged with driving with an alcohol concentration of .10 or more.

Admission of business records relating to the breathalyzer test did not violate defendant's constitutional right of confrontation.

Affirmed. Foley, J.

C6-84-139 Genz-Ryan Plumbing and Heating Company v. Daryl McCarthy, an Individual, and d/b/a/ McCarthy Construction Inc., et al., Appellants. Dakota County.

The trial court did not err in refusing to reinstate a default judgment on appellants' abuse of process counterclaim where the judgment was entered without court order or notice to respondent, and a prior summary judgment established that there was no merit to the claim.

Affirmed. Foley, J.

C2-84-11 In the matter of Arbitration between AFSCME District Council 96 and Independent School District No. 381, Two Harbors, Minnesota. Lake County.

The arbitrator did not exceed his authority when he determined that seniority under a collective bargaining agreement accrues from the time employees joined the union, rather than from the time the employees were hired.

Affirmed. Wozniak, J.

CX-83-1641 Brian Scott Sturgeon, Appellant, v. Commissioner of Public Safety. Hennepin County.

A defendant arrested for DWI does not have the right to have his attorney present during the administration of a breathalyzer test.

C3-83-1710 Debora L. Letourneau, Appellant, v. David C. Letourneau. Ramsey County.

A trial court cannot deviate from the child support payment guidelines in Minn. Stat. §§ 518.17 (5), 518.551 (5) (Supp. 1983) simply because the custodial parent has an income, and her income minus her expenses results in a figure lower than the figure recommended by the guidelines.

Reversed in part and remanded. Sedgwick, J.

C9-84-40 Friend of Animals & Their Environment (FATE), Appellant, v. James Nichols as Commissioner of Agriculture, et al. Hennepin County.

Affirmed. Sedgwick, J.

C2-84-168 In Re the Marriage of: Sherri Kay Braun, Petitioner, v. Dean Dennis Braun, Appellant. Brown County.

The trial court properly awarded child support, including back support, where the father is employed and received a liability settlement, but concealed his income from the court.

Affirmed in part and remanded with instructions. Sedgwick, J.

A change from sole custody by one parent to joint custody must be supported by the specific findings of fact required by Minn. Stat. § 518.18(d) (1982).

Joint custody should not be used to coerce cooperation from parents who have been unable to cooperate or amicably settle disputes about their children.

The trial court erred by expanding the father's holiday visitation rights and eliminating the requirement that he take the children to Mass.

The trial court did not err in increasing child support in light of the father's increased income and the children's increased living expenses.

The trial court erred when it premised a modification of the father's obligation for medical and dental expenses upon a desire to force the parent to make joint decisions concerning their children rather than upon changes in need or earnings.

District court appeal panel erred in reversing order of county court that sustained proposed revocation of driver's license for failure to submit to chemical testing under the implied consent law.

Reversed. Amdahl, C.J.

C9-83-271 Robert Harding Gunderson v. Commissioner of Public Safety, Petitioner, Appellant. Dodge County.

District court erred in reversing order of county court sustaining license revocation of driver under Minn. Stat. § 169.123 (1980) for refusing to submit to chemical testing.

Reversed. Yetka, J.

C6-82-1173 State of Minnesota v. James R. Davidson, Appellant. Hennepin County.

The evidence justified defendant's conviction of being a felon in possession of a handgun.

The trial court erred in refusing to accept the stipulation and let defendant remove from the jury the issue of whether defendant was a felon, but the error was not so prejudicial as to require reversal.

The trial court did not abuse its discretion in refusing to let defense counsel make argument about the state's failure to produce certain evidence.

Affirmed. Wahl, J.

C9-82-82 In the Matter of the Petition for Disciplinary Action Against Donald J. Heffernan, a Minnesota Lawyer. Supreme Court.

Publicly reprimanded, suspended from the practice of law for three months, placed on supervised probation for a minimum period of three years. Per Curiam.
