Search for Records or Topics or Keywords/Tags

User Stories

- As a MARSS user, I wish to be able to search rulemaking proceeding records using powerful search methods which include a variety of search parameters and filters, including topics and keyword/tabs and Revisor ID, so that I may flexibly view and research rulemaking information. (*U015*)
 - More than one search parameter might be chosen at one time, further filtering the results. (*U015*)
 - The user will be able to conduct faceted searches (i.e. searching within a specific result set) for a topic or keyword or more than one topic or keyword or an intact phrase. (*U019/R002*)

MARSS Requirements for Supporting Search & Viewing Functions

- A user will be able to input search terms or phrases that will be combined with other search criteria that are matched to metadata for rulemaking proceedings, rulemaking events, rulemaking record items, and/or documents. (*U015/R001*)
- The user will be able to view a result set from a query and be able to step through any keywords/tags selected. (*U016*)
 - Upon submitting keyword search criteria, the result set will be aggregated up to a list of rulemaking proceedings where the terms or phrases have matched for any of the levels, but the user will also be presented with a navigatable series of highlighted results within the documents that they can step through. (*U016/R001*)
- A user will be able to select sort by and group by parameters for a result set, and change these parameters. (*U016/R003*)

View My Saved Rulemaking Info

MARSS Requirements for Supporting Search & Viewing Functions

User Stories

- As a MARSS user, I wish to be able to save and return to a dynamic view of rulemaking proceeding records of personal interest through an interaction with various filters where I can then save the desired query results so that I don't need to recreate the query's filters each time I view it. (*U018*)
 - A logged in user will be able to name and save the query behind a desired result set of rulemaking proceeding records in order to run the query and obtain dynamic results at a later time. (*U018/R001*)
 - If the user attempts to save the query behind a desired result set of rulemaking proceeding records and is not logged in, the user will be prompted to input his or her credentials to save the query without having to re-specify and rerun the displayed query in focus. (*U018/R002*)
