• 2748. Changing boundaries of school districts—By like proceedings, and upon petition of the majority of the freeholders of each district affected, qualified to vote at school meetings, the boundaries of any existing district may be changed, or two or more districts consolidated, or one or more districts annexed to an existing district. No change in the boundaries of a district by organization of a new district or otherwise shall be made, so as to leave the old district without at least one school house used for school purposes and without at least four sections of land, nor shall any change of districts in any way affect the liabilities of the territory so changed upon any bond or other obligation; but any such real estate shall be taxed for such outstanding liability and interest, as if no change had been made. In case of the consolidation or annexation of districts, whether under the foregoing or any other provisions of the law, action shall be brought by or against the new or remaining district upon any cause existing in favor of or against any discontinued district, but a judgment in such action against such existing district shall be satisfied only from taxes upon the real property included in the discontinued district, when the liability was incurred.

Provided, that when any incorporated borough, village or city of seven thousand or less inhabitants, has within its limits a school district, however organized, or is wholly or partly included within the boundaries of any school district, however organized, or whenever any such school district shall include within its boundaries part or the whole of any incorporated borough, village or city of seven thousand inhabitants or less, the boundaries of any such district or districts may be enlarged or changed so as to include all lands within the corporate limits of such borough, city or village or so as to include lands within and outside of such incorporated borough, city, or village, but contiguous to said district in the following manner, to-wit:

Whenever a majority of the legal voters residing within such school district and a majority of the legal voters residing upon the lands proposed to be attached or annexed to such school districts shall petition the board of county commissioners of the county wherein such district is situated for an enlargement of such district, and shall file a petition with the auditor of said county, it shall be the duty of the board of county commissioners at its next regular meeting, or special meeting, to set a time and place for hearing upon such petition, and it shall cause a copy of the notice of such hearing to be posted in some public place in each district to be affected by such proposed change, and a copy thereof to be served upon the clerk of each of said districts, at least ten (10) days before the time appointed for such hearing. The posting of such copy of notice shall be proven by the affidavit of the person posting the same; said affidavit shall state the time and place of posting and serving of the copy of notice as herein specified, and upon filing proof of the posting and serving of such notice in the office of the county auditor, the board of county commissioners shall at the time and place fixed proceed with the consideration of such matter and shall hear all evidence offered by any person interested, tending to show what territory should be included within such district, and having heard the evidence they shall, if they find it conducive to the good of the inhabitants of the territory affected, proceed to enlarge the said school district as asked for in the petition, and to fix the boundaries thereof and of all the remaining school districts thereby affected, attaching to or detaching contiguous territory to or from any of such districts, in such man-

ner as in their judgment the best interests of the persons and districts thereby affected may require; provided, that no action or order changing any boundaries of any school district shall be valid unless and until the foregoing requirements as to posting and serving of notices have been observed; and provided further, that whenever the territory affected by any of the foregoing proceedings lies in two or more counties, like proceedings shall be had in each county affected, and no order in such proceedings shall be valid unless concurred in by the county board of all such counties affected.

At the time of making such division, enlargement or change of boundaries, the county commissioners shall apportion to the district so enlarged that portion of the debts of said other districts as may seem to them right and proper, and said apportionment when so made shall be binding upon all the districts affected, and the county commissioners may also apportion to said districts so enlarged, such portion of the property of such other districts as shall seem to them just and proper. Said last mentioned apportionment shall be subject to review by the district court;

And provided further, that any person or officer of any school district aggrieved by any order of the county board made pursuant to the provisions of this section, may appeal to the district court from such order, such appeal to be governed by the provisions of section 1285, Revised Laws 1905. (R. L. '05 § 1286, amended '07 c. 88; '09 c. 13; '11 c. 264; '13 c. 435 § 1; '23 c. 304) [2677]

2749. Annexation of additional territory to school districts—The school board of any school district in the state desiring to have land adjacent to or projecting into such district, set off as and made a part of said district, may petition the board of county commissioners of the county in which such district is located, therein setting forth the name and kind of district involved, a description of the land in question, the name of the owner thereof, and the reasons for the request, which said board upon the receipt of such petition, shall give a notice of a hearing thereon as in other cases, and upon proof of the allegations in the petition, may make its order granting the same, and like notice of such change in the boundaries of such district shall be given as in other cases. The determination of the commissioners in each county shall be entered upon their records in the several counties by the several county auditors, who shall file the copies thereof with the clerks of the districts affected thereby in their respective counties in the manner directed, and also, with the county auditors in each of the counties petitioned. Provided, further, that whenever the territory of such district in either of said counties has an assessed valuation of not less than fifty thousand dollars, and has resident therein not less than fifteen children of school age, the county commissioners of either county may organize that part of such district lying in their county into a separate school district, or consolidate the same with an adjoining district in the same county. Provided, that this act shall only apply to counties having a population of 225,000 or more and counties adjoining thereto. ('05 c. 183 § 1) [2683] 151-56, 185+963.

2752. Apportionment of property—That in case any division of a school district is made under this act, the county commissioners of the counties in which said district is situated shall divide and apportion property of such district in proportion to the assessed valuation thereof. ('05 c. 183 § 2) [2684]

2753. (1288) [2685]

Provided that this act shall not affect the rights or status of any consolidated school district now organized. ('15 c. 238 § 2, amended '21 c. 230)

2756. Petition for formation of consolidated school districts to contain signatures of at least 25% of free holders who have been residents of districts for thirty days prior to signing—After approval by the superintendent of education of the plan for the formation of a consolidated school district, and upon presentation to the county superintendent of a petition signed and acknowledged by at least twenty-five (25) per cent of the resident freeholders of each school district or area affected, qualified to vote at school meetings, who have been such freeholders for at least thirty (30) days immediately preceding the signing and acknowledging of the petition, asking for the formation of a consolidated school district in accordance with the plans approved by the superintendent of education, the county superintendent shall, within ten days, cause ten days posted notice to be given in each district affected and one week's published notice, if there be a newspaper published in such district, of an election or special meeting to be held within the proposed district, at a time and place specified in such notice, to vote upon the question of consolidation. The officers at such meeting or election shall, within ten days thereafter, certify the result of the vote to the superintendent of the county in which such district mainly lies. If a majority of the votes cast be for consolidation, the county superintendent within ten days thereafter shall make proper orders to give effect to such vote, and shall thereafter transmit a copy thereof to the auditor of each county in which any part of any district affected lies, and to the clerk of each district affected, and also to the superintendent of education. If the order be for the formation of a new district, it shall specify the number of such district. If a majority of the votes cast be for dissolution, the county superintendent within ten days thereafter shall make proper orders to give effect to such vote and shall thereafter transmit a copy thereof to the auditor of each County in which any part of any district affected lies, and if the vote be for dissolution each of said territories shall exist as a school district with the same territory included therein as it had prior the consolidation and shall take the same number, unless in the meantime some other district in the County has been given such number, in which event the County Superintendent shall give it a new number. The County Superintendent shall cause ten days posted notice to be given of a meeting to elect officers in each of said newly formed school districts. At said meeting and election to vote on dissolution the voters in that portion of the consolidated district which formerly comprised the district which contained 75% or more of the territory of an incorporated village or 75% or more of the population of an incorporated village, or which contained within its limits and as a part of its territory an area not exceeding one mile in which there was contained a voting population of 100 voters or more and in which said district there was at the time of consolidation maintained a graded, or semi-graded or state high school shall not participate and no elector shall vote in said election other than electors from the territory comprising the old districts from which petitions asking for said election were signed by 25% of the resident freeholders thereof. Nothing herein contained shall be construed to effect the rights or the contract of the holders of such bonds but this shall be construed to fix the liabilities between said several districts to pay said bonds and to impose the liability therefor as between said districts on the said district which contained 75% or more of the territory of an incorporated village or 75% or more of the population of an incorporated village, or which contained within its limits and as a part of its territory an area not exceeding one square mile in which there was contained a voting population of 100 voters or more and in which said district there was maintained a graded or semi-graded or state high school and taxes shall be levied in said district to pay said bonds. ('07 c. 109 § 2) [2697]

Notice of such election shall be given by posted and published notice as required by law for the consolidation of school districts. Such elections shall be conducted in the same manner as are annual school elections in independent districts. The vote shall be by ballots which shall read: "For Consolidation" or "Against Consolidation." ('17 c. 453 § 2; amended '21 c. 441 § 1)

specifying the number of such new district and transmit a copy thereof to the auditor of each county in which any part of any district affected lies and to the clerk of each district affected.

After the formation of any consolidated school district under this act any person aggrieved may appeal from said order of the commissioner declaring such consolidation to the district court of the county as now provided by law in connection with the formation of other school districts. ('17 c. 453 § 3; amended '21 c. 441 § 3)

2779. Existing indebtedness—Nothing in this act shall be construed to transfer the liability of existing indebtedness from the district or territory against which it was originally incurred. ('17 c. 453 § 4)

2780. State aid—A consolidation formed under this act shall not entitle the district to any of the state aid for consolidated schools unless the district and its schools conform in all respects to the provisions for consolidated schools under chapter 238, General Laws of 1915. ('17 c. 453 § 5)

2781. Indebtedness of old school district—Whenever any school district has heretofore been included in a consolidated school district, the bonded and floating indebtedness of such old school district existing at the time of the going into effect of such consolidation shall be paid in the manner following:

A. Each year the county auditor shall extend a tax against the territory chargeable with the payment of any outstanding bond for an amount sufficient to pay the interest or instalment of principal due upon such bond in the year following. Such tax when so collected shall be turned over by the county treasurer to the treasurer of the consolidated school district, who shall keep the same in a separate fund and use the money so received for the payment of such interest or instalment of principal. In case, either because all of said taxes so levied are not paid or for any other reason, the amount so raised by such tax levy shall not be sufficient to pay such interest or instalment of principal, then the amount so remaining unpaid for such year shall be included in the levy to be made the following year.

B. The county auditor shall also levy a sufficient tax against the territory which was included in the old school district at the time of the consolidation to pay the outstanding liability of such old district, excepting bonded indebtedness, as such outstanding liability may be represented by school district orders duly issued prior to such consolidation. The money collected from such tax levy shall be by the county treasurer paid over to the treasurer of the consolidated school district, who shall keep the same in a separate fund and therefrom pay such outstanding school district orders with interest thereon. In case the money so collected shall not be sufficient to pay all of such outstanding orders with interest thereon, then the county auditor shall the following year levy a tax sufficient to pay such residuum so unpaid, and so continue from year to year until full payment has been made.

C. In case any such old school district included in a consolidated school district has outstanding obligations not represented by bonds or school district orders, the claims against such old school district may be presented to the board of the consolidated district, and if found correct may be allowed by said board and school district orders issued therefor against the territory included in such old school district to be so designated, and money to pay the same shall be provided by tax levy, and the county auditor, county treasurer and consolidated district treasurer shall take the same procedure and perform the same duties and acts as in paragraph B hereof provided.

D. The school board of a consolidated district in which was included any school district having a bonded indebtedness may refund such bonded indebtedness by a three-fourths vote of the members of such school board and issue refunding bonds therefor which shall be chargeable against the territory that was chargeable with the payment of the bonds so proposed to be refunded. Such refunding bonds shall not run for a period shorter than five years nor longer than twenty years. The first refunding bond shall be due six years from the date of its issuance and shall be for not less than one-tenth of the bond issue in question nor more than one-fifth thereof, and each subsequent bond shall be for a like amount and shall be payable one year from the due date of the bond to be paid the preceding year. The county auditor shall extend a tax against all the territory chargeable in the first instance with the payment of the old bonds sufficient to pay the interest on such refunding bonds and any instalment of principal that may be due in the following year. Such tax for the first year shall be fifty per cent in excess of the amount to be due the succeeding year, and thereafter each yearly levy shall be in such amount in excess, not exceeding fifty per cent, of the amount to be due the succeeding year, as the auditor may deem necessary. The county treasurer, upon the collection of such tax, shall apply the proceeds thereof to the payment of such interest or instalment of principal, and shall file with the county auditor receipts therefor, together with the cancelled bonds so taken up. The state board of investment may invest the funds under its control in refunding bonds so issued under the provisions of this paragraph.

E. Whenever any person has a claim against a school district which has been included in a consolidated district, which claim is not represented by a bond or school district order and which claim the consolidated district school board will not allow and issue a school district order therefor as provided in paragraph C hereof, such person may institute action in the proper court against the territory included in such old school district at the time of the consolidation by serving a summons and complaint upon the consolidated district school board, which board shall defend such action in behalf of the territory affected. In case judgment is secured by any such person on any such claim, then upon filing a certified copy of such judgment with the county auditor, such county auditor shall proceed by tax levy substantially as provided in paragraph B hereof and the money so received from such tax levy shall be paid by the county treasurer in payment of such judgment. ('17 c. 432 § 1)

150-58, 1844-369; 151-52, 1854-961.

2782. Care and distribution of moneys received—Such moneys so received by the county treasurer and by the treasurer of the consolidated district shall be considered as county and school district moneys so received by them respectively, and such treasurers and their bondsmen shall be liable for the proper care and distribution thereof to the same extent as they are liable for other county and school district funds that may be received by them. ('17 c. 432 § 2)

150-58, 1844-369; 151-52, 1854-961.

2785. Vote upon change—At the time and place mentioned in said notice, the electors assembled shall appoint a chairman, assistant chairman, and clerk, who shall be the judges of such election. The voting shall be by ballot, and those favoring such change shall write upon their ballots, "Independent district—Yes," and those against, "Independent district—No." (1297) [2700]

2786. Meeting to elect officers—If a majority of votes cast be in favor of the change, the clerk shall forthwith give notice thereof to the county auditor, and, within twenty days thereafter, shall call a meeting to elect officers, upon ten days' posted notice, and the same proceedings shall thereafter be had as in the organization of other independent districts; and the officers of the common or special district shall act as officers of the new district until the qualification of officers and organization of the new board. (1298) [2701]

2787. Dissolving independent districts—Any independent district may change its organization to that of a common school district by a vote, by ballot, of two-thirds of the electors voting upon the question at any annual or special meeting; notice having been given that such question would be submitted at such meeting. In case of such affirmative vote, the meeting shall elect the proper officers in the same manner as in the organization of a common school district, and the chairman, treasurer, and clerk of the independent district shall be the chairman, treasurer, and clerk, respectively, and shall constitute the board of the common district until their successors shall qualify, and the common district shall in all things be the successor of the independent district. (1299) [2702]

2788. Rehearing before county board—When the boundaries of any district have been changed by order of the county board, if there shall be filed with the auditor a petition to such board for rehearing, signed by not less than five freeholders, legal voters in said district, the auditor shall present the same to the board at its next meeting. The board shall thereupon set a time and place for rehearing, and shall cause notice thereof to be served on the clerks of the districts affected by such change, and posted as in case of the original petition. The hearing may be adjourned from time to time, and the board shall make such order in the premises as it shall deem just. (1300) [2703]

149-419, 183+979.

The term "member of the Fund Association," wherever used in this act, shall mean and include every teacher, (as herein defined), who shall contribute to the Teachers' Insurance and Retirement Fund by the payment of the dues herein-after provided by this act. ('15 c. 199 § 1)

2937. Teachers' insurance and retirement fund created and assessments to be paid—For the purpose of better compensating the teachers in the public schools and making the occupation of "teacher" in this state more attractive to qualified persons, there is hereby established for the state a fund to be known as the "Teachers' Insurance and Retirement Fund," for the benefit of teachers who have served not less than twenty (20) years except as hereinafter provided. Said fund shall be secured from the following sources:

1st. From assessments on the members of the fund association according to the following schedule:

For the first 5 years of teaching service, \$5.00 per year;

For the second 5 years, \$10.00 per year;

For the next 10 years, \$20.00 per year;

For the next 5 years, \$30.00 per year;

provided that when the regular annual salary as teacher of any member of the fund association shall have reached \$1,500 or more said member shall be assessed upon a percentage basis as follows: One and one-half (1½) per centum per annum, but not more than twenty (20) dollars per year for the first ten years of service as a teacher; and two (2) per centum per annum, but not more than forty (40) dollars per year, for each successive year of service as teacher; provided, that in no case shall the annual assessments based on a percentage rate be less for any year than the flat rate assessments for a single year of the corresponding period, said assessment period to cover not more than twenty-five (25) years in all, after which all assessments shall cease.

2nd. From all money and property received as donations, gifts, legacies, devises, bequests or otherwise, for the benefit of said Teachers' Insurance and Retirement Fund.

3rd. From all interest arising from investments of the money belonging to said fund.

4th. From a tax of one-twentieth (1-20) of one mill which is hereby levied annually on all the taxable property located in that part of the state subject to the provisions of this act, after the valuation of said property has been equalized by the state; said tax to be collected by the same officials and at the same time and in the same manner as other taxes in said state, all moneys received from the tax hereby levied to be paid into and become a part of the said Teachers' Insurance and Retirement Fund.

The assessments upon the members of the fund association hereinbefore referred to shall be paid in as many equal monthly payments as there are months in the school year for which the teachers' salaries are paid, and such assessments shall be deducted by the several boards of education or managing bodies from the salaries of teachers as hereinafter provided.

Credit on period of service may be allowed to applicants for membership for periods of employment prior to the taking effect of this law; but in such case the applicant must pay arrearages at the above rates for the period of service for which credit is so allowed under rules to be adopted by the board of trustees, hereinafter referred to, and the rules adopted by said board shall be uniform in their operation as to all persons affected. In case any teacher has retired for any cause before he or she has paid in fees a sum equal to the full amount of fees required for the annuity applied for and to which such teacher is entitled by period of service, there shall be deducted from the first year's annuity to such teacher such sum as will make the total amount paid by said teacher equal to the full amount of said fees. ('15 c. 199 § 2)

2938. Board of education to deduct assessments from monthly salaries and forward to proper authorities, state treasurer to credit all receipts to above fund—It is hereby made the duty of each board of education or managing body required by law to draw the warrants or orders for payment of salaries of teachers to deduct and withhold from each month's salary due to such teacher the amount which such teacher is required to pay into said insurance and retirement fund as herein specified, and at the time of such deduction a statement showing the amount of such deductions shall be furnished to such teacher.

Such board of education or other managing body shall, between the first and fifteenth of January and between the first and fifteenth of July of each year, forward to the treasurer of the county in which such school district is situated a statement, verified by the secretary or clerk thereof, showing the amount of money so retained from each teacher in accordance with the provisions of this act, and with said statement shall transmit the entire amount so retained to the treasurer of said county; and in case any school district is situated in more than one county, such report and remittance shall be sent to the senior county. Said board of education or other managing body shall also, on or before the fifteenth day of July of each year, transmit to the county superintendent a statement showing the name of each teacher, the number of months of school taught during the year for which the statement is made, the number of months which constitute a school year in said district or institution, and the total amount withheld from the salary of each teacher for the school year preceding, showing also the number of years each of said teachers has taught in the public schools of that district. If no teacher in such public school or other educational institution comes under the provisions of this act, said report shall state such fact and shall be verified by the oath of the clerk or secretary. The failure of any member of a school board, board of education or other body having the management of any educational institution to perform any of the duties herein required of them shall be a misdemeanor.

Each county superintendent shall each year, on or before the first day of September, report under oath to the board of trustees of the State Teachers' Insurance and Retirement Fund, giving an itemized summary of the statements received by him from the school boards and other educational managing bodies, showing the total amount withheld from the salaries of teachers in said county for the benefit of said insurance and retirement fund. Between the fifteenth and thirtieth day of January and between the fifteenth and thirtieth day of July of each year, the county treasurer of each county shall transmit to the state treasurer all moneys received from the boards of education or other managing bodies of school districts or other educational institutions, in accordance with the provisions of this act, and shall certify under oath to the correctness of the amount so received and transmitted. The state treasurer shall credit all moneys received under the provisions of this act to the State Teachers' Insurance and Retirement Fund.

Provided, however, that the state treasurer, the several county treasurers and the treasurers of the various school districts shall be officially liable for the receipt, handling and disbursement of all moneys coming into their hands belonging to the said State Teachers' Insurance and Retirement Fund, and the securities on the official bonds of each of said treasurers shall be liable for such money the same as for all other moneys belonging to the school funds of this state. ('15 c. 199 § 3)

2939. Composition of board of trustees having management of the fund, organization and investments—The management of the fund shall be vested in a board of five (5) trustees, which shall be known as the "Board of Trustees of the Teachers' Insurance and Retirement Fund." Said board shall be composed of the following persons: The state superintendent of education, the state auditor, the attorney general and two (2) members of the fund association, who shall be elected by the members of the fund association at the time and place of the annual meeting of the Minnesota Educational Association, and shall serve for

the term of two years, beginning on the first Monday of January next succeeding their election, except in the case of the first elective members, who shall assume office immediately after their election and serve one for one year and one for two years from the first Monday of January next succeeding their election and until their successors are elected. Vacancies in the elective membership of the board shall be filled by appointment by said board of trustees, the appointee to serve until the next meeting of the fund association, when the members of said fund association shall elect a trustee or trustees to serve for the unexpired term or terms. No person shall be appointed by the board of trustees or elected by the members of the fund association as a member of the board of trustees who is not a member of the fund association at the time of the appointment or election.

In the interval between the passage of this act and the time when the first elective members of the board of trustees shall assume office, as hereinbefore provided, the superintendent of education, the state auditor and the attorney general shall constitute a temporary board of trustees of the Teachers' Insurance and Retirement Fund and shall be empowered to perform the duties of said board.

Said board of trustees shall have power to frame by-laws for its own government, not inconsistent with the laws of the state, and to modify them at pleasure; to elect one of its own members as president of the board and to provide and enforce all rules and regulations necessary to carry into effect the provisions of this act; to elect a secretary, who shall serve during the pleasure of the board, and to fix the salary and prescribe the duties of the office of secretary; to authorize the issuance of warrants by the state auditor on the state treasurer for the payment out of said fund of all annuities or benefits payable under the provisions of this act, of the salary of the secretary, and other necessary expenses.

All applications for annuities or benefits under this act must be made to said board. In passing upon said applications, said board may summon witnesses and, in the case of applications founded on disability, may require any applicant to submit to a medical examination at his or her own expense, and, in the case of all applicants, may conduct any reasonable investigation to determine the justice of any claim submitted. It may sue or be sued in the name of the board of trustees of the Teachers' Insurance and Retirement Fund, and, in all actions brought by or against it, said board shall be represented by the attorney general. Said board shall constitute a part of the state government, but in any action brought against it by any person claiming to be a beneficiary of said Teachers' Insurance and Retirement fund it shall not claim immunity from suit.

It shall be the duty of said board to invest as much of the funds in its hands as shall not be needed for current purposes. Such investments shall be made in the same class of securities as those in which the school funds of the state are required to be invested, and all securities taken upon such investments shall be deposited with the state treasurer; but in case of necessity such securities may be sold in order to raise money for current purposes. No such sale shall be made except by the unanimous vote of said board, such vote to be entered upon the records of its proceedings. All interest obtained from such investments shall be placed in the general fund, to be used for current purposes. A suitable office in the capitol, with suitable furniture and necessary office supplies, shall be provided by the proper state officer for the use of said board of trustees. ('15 c. 199 § 4)

2940. Special meetings may be held at any time on the call of the president of said board or by any three members thereof. The state auditor, state superintendent of education and attorney general shall serve as members of said board without additional compensation, but the elective members of said board shall be entitled to compensation at the rate of five dollars per day and necessary expenses, while attending all meetings of said board, to be paid out of the insurance and retirement fund. ('15 c. 199 § 5)

2941. Commencement of fiscal year and report of trustees—The fiscal year of the insurance and retirement fund shall begin on the first day of August and shall end on the 31st day of July. The board of trustees shall present annually to the fund association at its annual meeting hereinafter provided for, a report of the condition of said funds for the last preceding year, which shall include the receipts and expenditures on account of the fund, together with a list of the beneficiaries thereof and of the securities in which said fund is invested. A copy of said report shall be sent to the Governor, a copy shall be retained by the state superintendent of education, and a copy sent to each county superintendent, city superintendent, graded school principal, and the superintendent or president of each state educational institution. This report shall be published in the biennial report of the state superintendent of education. ('15 c. 199 § 6)

He shall receive all moneys payable to said fund and pay out the same only on warrants issued by the state auditor upon vouchers signed by the president and secretary of the board of trustees. Said treasurer shall give receipts for all moneys received by him for said fund, shall keep full and correct account of the financial transactions connected therewith, and shall make an annual report to the board of trustees at its annual meeting of the receipts and disbursements and other financial transactions connected with said fund. At the time of making application to the board of trustees as herein provided, such teachers shall notify the local school board or managing body of the institution in which he or she is employed, in writing, of his or her election to come within the provisions of this act and shall authorize said board or managing body as a part of said notice to deduct or withhold on every pay day from his or her salary the amount which he or she would pay into the fund, as specified in Section Two.

Any person who shall accept employment in this state as a teacher, as hereinabove defined, after September 1, 1915, and who shall not have been employed in this state at the time this act takes effect shall by virtue of the acceptance of such employment become
