The commissioner may require a like bond of any county auditor if, in the opinion of the commissioner, his official bond is not sufficient for the purposes hereinbefore specified.

Every county auditor may appoint agents to issue within his county such licenses as such agents are authorized to issue. He shall if possible appoint at least one such agent in every city and village of his county outside of the county seat and at any other place in the county which may be designated by the commissioner and may appoint such other agents anywhere in the county as he deems necessary for the convenience of the public in obtaining licenses. Such appointments shall be in writing and a record thereof shall be kept by the auditor. Upon making any such appointment the auditor shall forthwith notify the commissioner of the name and address of the appointee. The auditor may revoke any such appointment at any time, and shall revoke any such appointment upon his own motion or when demanded by the Game and Fish Commissioner whenever such agent shall violate any provision of the laws relating to the issuance of such licenses, or shall fail to give proper attention to the issuance thereof, or shall fail to account promptly for unsold licenses or license fees. The county auditor shall be responsible for all license blanks issued to and license fees received by his agents, and such agents shall be responsible to the auditor therefor. The auditor may require any such agent to furnish a bond to the auditor, in such sum as the auditor may prescribe, to be approved by the auditor and filed in his office, conditioned in like manner as the bonds to be furnished by agents of the commissioner as hereinbefore provided. All license fees received by such agents shall be deemed public moneys of the state, and such agents shall be amendable to all penalties provided by law relating to such moneys or to the issuance of such licenses. 5536-7. County auditor to deposit money with county treasurer.—Every county auditor shall promptly deposit with the county treasurer all moneys received by the auditor either directly or through his agents for license fees, and the treasurer shall make a record thereof and keep the same as other public funds. On or before the fifteenth of each month the county auditor shall make a written report to the commissioner for the preceding calendar month, stating the total number and the serial numbers of each kind of licenses sold, the amount of fees received for each kind of license, and the total amount received. He shall transmit to the commissioner with such report his warrant on the county treasurer in favor of the commissioner, or the county treasurer's check in payment of such warrant, for 90 per cent of all license fees received during such preceding calendar month by direct sale to licensees and all of the money received by sale to agents. Thereupon the County Auditor shall be entitled to 10% of the fees derived from sale of licenses sold by him or his agents; or 2% of the fees for licenses sold for cash and resale, as hereinafter provided, as his compensation and may draw his warrant to himself upon the County Treasurer in payment thereof. The County Auditor

shall pay his agents 5% of the value of the licenses sold by such agent, as his compensation. On or before the tenth of each month every agent of the commissioner shall make a written report to the commissioner for the preceding calendar month, containing the same information as hereinbefore prescribed for reports by county auditors, and shall with such report transmit to the commissioner 90 per cent of all license fees received during the preceding calendar month whereupon such agent shall be entitled to retain the remaining ten per cent of such fees as his compensation. The commissioner may also require any agent appointed by him to account to him for licenses and license fees at such other times as he shall direct. All moneys received by the commissioner for license fees, either directly or through county auditors or agents, shall be promptly remitted by the commissioner to the state treasurer, who shall credit the same to a special fund known as the game and fish fund, and all of said moneys are hereby appropriated for the maintenance and conduct of the activities of the office of commissioner of game and fish, as provided by law.

Any resident of a county who shall apply to the county auditor of his county for hunting or fishing license blanks for resale may purchase such license blanks from such county auditor, and if such license blanks shall be purchased in groups of not less than 10 non-resident license blanks and 25 resident license blanks which he is authorized to sell he shall be entitled to a discount of 8 per cent from the price established by law. All such license blanks shall be paid for at the time of purchase. In selling such licenses, such person shall be deemed to act in the capacity of agent of the county auditor, and shall at the end of each calendar month make a report to such county auditor stating the serial number of each license sold and the name and address of the purchaser thereof. Any such resident of a county who shall purchase for resale not less than 10 non-resident license blanks and 25 resident license blanks may at any time within ninety days of the date of purchase but not later than December first of the same year return any such blanks to the county auditor, and shall thereupon be reimbursed for such unused license blanks at the price established by law, less 8 per cent. All moneys received by the county auditor where cash payment has been made in advance by such persons shall be deposited by the county auditor with the county treasurer and such treasurer shall deposit such amounts in a fund known as a "Game and Fish Reserve Fund." On or before the 15th day of each month the county auditor shall transfer from the "Game and Fish Reserve Fund" to the regular Game and Fish Fund, moneys sufficient to cover licenses sold by said agents during the preceding calendar month. The County Auditor may draw his warrant upon the County Treasurer in an amount or amounts necessary to reimburse any purchaser of licenses for resale, for all unsold license blanks returned to him in accordance with the provisions of this act. Said warrant or warrants shall be drawn upon the fund known as the Game and Fish Reserve Fund.

Provided, however, the provisions of this act shall not be construed to in any way alter or repeal the provisions of Chapter 69, Laws of 1929, and Chapter 341, Laws of 1929 [§§997-3, 997-4], nor any law now or hereafter enacted wherein provision is made that all fees collected by county officials in certain counties be paid into the county treasury. Upon conviction of any person for hunting, fishing, or trapping without a license or doing without a license any other act for which a license is required as hereinbefore provided, no license of the kind required for the doing of such act shall be issued to such person for one year after the date of conviction of the offense. (As amended Apr. 25, 1931, c. 399, §12.)

Subdivision 1. Such license shall be procured from the commissioner. The applicant shall make a verified application in writing to the commissioner stating (a) his name and residence, (b) the kind, size and number of seines or nets he proposes to use in such waters, and shall pay the following license fees: For each 100 feet of seine not exceeding 500 feet in length, the sum of \$1.00; for each 100 feet of seine in excess of 500 feet and not over 1,000 feet, the sum of \$2.00; for each 100 feet in excess of 1,000 feet and not over 1,500 feet, the sum of \$3.00; for each 100 feet of seine in excess of 1,500 feet and not over 2,000 feet, the sum of \$4.00; for each 100 feet of seine in excess of 2,000 feet and not over 2,500 feet, the sum of \$5.00; for each 100 feet of seine in excess of 2,500 feet and not over 4,000 feet, the sum of \$6.00; for each gill net not exceeding 500 feet in length the sum of \$2.50; for each gill net exceeding 500 feet in length and not over 1,000 feet, the sum of \$5.00; for each fyke or hoop net the sum of \$5.00; for each bait or turtle net, the sum of \$1.00; for each set line, the sum of \$1.00; and for each metal tag furnished by the commissioner, the sum of 25 cents. (As amended Apr. 25, 1931, c. 399, §13.)

Subdivision 2. No seine shall be over 4,000 feet long and no gill net shall be over 1,000 feet long and no two seines or gill nets shall be joined together in the water. The size of the mesh of nets, stretched measure, shall be as follows:

Seines—Not less than 5 inches mesh on wings and not less than 4 inches mesh in the center of the pot, such pot not to exceed 150 feet in length.

Hoop nets—Not less than 6 inches mesh for the leaders and not less than 5 inches net for the hearts and not less than 3 inches mesh in the hoops or pounds.

Bait nets—Not less than 3 inches mesh. Such nets shall be used without leads and shall have not more than a 4-foot front.

Gill nets—Not less than 7 inches mesh.

The use of floating or drift nets is hereby forbidden. (As amended Apr. 25, 1931, c. 399, §14.)

Subdivision 3. No person shall use or set more than one set line. No set line shall have more than 300 hooks. Frogs, live minnows or other live bait shall not be used on the same, but dead minnows or other dead bait, except frogs, may be used. (As amended Apr. 25, 1931, c. 374, §2.)

Before any such license is issued for the calendar year of 1932, or for any subsequent year, the applicant shall furnish a bond to the state, approved by the commissioner, in the sum of two hundred dollars, with two sureties, conditioned upon compliance with all the provisions of this chapter. Any license for a net of any kind hereunder shall become void unless the licensee devotes his personal attention to fishing thereunder. Personal attention to fishing is hereby defined to mean that the licensee shall, in person, attend to the drawing, setting, and lifting of each such net, sorting, caring for, and packing of fish caught therein at the station to which such fish are first brought, and to the marketing thereof. (As amended Apr. 25, 1931, c. 399, §15.)

Subdivision 5. Metal tags shall be furnished by the commissioner to each person to whom a license is issued. One such tag shall be attached by the licensee to each set line, one to each 500 feet or frac-

tion of gill net, one to each 500 feet or fraction of seine, one to each fyke, hoop, bait or turtle net so licensed, and shall be kept thereon during all the time the same are in use or in storage. (As amended Apr. 25, 1931, c. 399, §16.)

The effect of Laws 1931, c. 374, amending §5569, is to permit the taking of hackleback or sand sturgeon in waters forming boundary between this state and Wisconsin under set line licenses issued pursuant to §5596, or other statute providing for issuing of set line licenses for those waters, notwithstanding such statutes did not authorize the taking of sturgeon. Op. Atty. Gen., Aug. 3, 1931.

Amendment of this section did not require licensed person to obtain a new license, but did require that such licensee comply with provisions as to length of boat and kinds of nets. Op. Atty. Gen. (211b-5), May 13, 1935.

5597. Netting in Mississippi River—license.—Subdivision 1. Pound nets with leaders not exceeding 75 feet in length; seines not exceeding 300 feet in length, dip nets and set lines having not more than 300 hooks, may be used in the flowing waters of the Mississippi River, from the Falls of St. Anthony to a point 1,000 feet below the St. Croix River, and in the flowing waters of the Minnesota River from its mouth to Mankato, to take sheepshead, redhorse, dogfish, buffalofish, catfish, carp and suckers, except from April 15th to June 16th, both dates inclusive, provided a license shall be first procured for that purpose from the commissioner. Seines so used shall have meshes of not less than 2½ inches on the bar and not less than 5 inches when extended, and shall not be used within 500 feet of the mouth of any stream. The applicant shall make a written application to the commissioner stating (a) his name and residence and (b) the place where it is proposed to use nets or seines and shall pay a license fee of five dollars for each pound or dip net licensed to be used, the sum of ten dollars for each seine net licensed to be used, and the sum of one dollar for each set line so licensed. The licensee shall not change the location of his net or seine from the place specified in his application without notifying the commissioner to that effect. No person shall use more than one set line.

Subdivision 2. No such license shall be issued to any person who has been convicted of a violation of the laws of this state relating to wild animals within one year preceding his application nor to any person not a resident of this state. No such license shall be transferable.

Subdivision 3. Before any such license is issued, the applicant shall furnish a bond to the state, approved by the commissioner, in the sum of two hundred dollars, with two sureties, conditioned upon compliance with all the provisions of this chapter.

Subdivision 4. Nets shall not be raised or laid out or landed between one hour after sunset and sunrise the following morning. Every pound net must be raised at least once in seven days. Temporary fish ponds may be erected to keep fish lawfully caught under such license until the same be marketed. Fish so taken may be shipped to points within or without this state at any time and in any quantity.

Subdivision 5. No two seines shall be joined together in the water. Every seine when placed in the water shall be hauled to a landing immediately. The placing of any seine so as to obstruct the passage of fish either up or down any stream is hereby prohibited. ('19, c. 400, §101; '21, c. 71, §1; Apr. 25, 1931, c. 399, §17.)

5598. Open season for fishing.—Any variety of fish, except black bass, rockbass, muskellunge, and sunfish, may be taken by residents of Minnesota who are citizens of the United States, by means of pound nets, gill nets and fyke nets, except during the months of April, May and November, in Lake of the Woods, and during the month of November, April and the first 15 days in May in Rainy Lake and Namekan Lake, provided a license to do so shall first be obtained

from the commissioner; provided that if the season for the commercial taking of any such fish shall be open in the Canadian portion of any of said waters during any time when the season is closed in the Minnesota portion thereof, as herein provided, the commissioner may, in his discretion, open the season in the Minnesota portion of said waters during all or any part of such Canadian open season. (As amended Apr. 1, 1929, c. 123, §1.)

Subdivision 1. Such license shall be procured from the commissioner. The applicant shall make a written application to the commissioner, stating the location in which he desires to fish, size, and kind of each net he proposes to use, and shall pay the following license fees:

(a) For each pound net, the sum of \$35.00.

(b) For fyke nets with four foot hoop or less, the sum of \$5.00, over four to six foot hoop the sum of \$10.00, over six to eight foot hoop, the sum of \$15.00;

(c) Provided, that in Lake of the Woods the fees for fyke nets shall be as follows, according to the height of the wings and lead, based on whichever thereof is the highest; four feet or less \$5.00, and an additional \$5.00 for each additional two feet or fraction thereof, but not exceeding \$25.00 for any one net.

(d) For each 100 feet of gill net, the sum of \$1.50.

If a license is revoked or cancelled, it shall not be issued to any other applicant during the year for which it was originally issued. No license herein provided for shall be granted an applicant until the commissioner is satisfied that such applicant has equipped himself in accordance with the requirements of this section as hereinafter provided. (As amended Apr. 16, 1931, c. 180, §1.)

Subdivision 2. The size of * * *

Gill Nets: Not less than four inches stretched measure for taking pickerel and pike-perch, not less than five inches for taking whitefish. There shall be no limitation on the length of any gill net excepting the limit provided in the license of the user. No gill net shall be set within 2,500 feet of a duly licensed pound net provided the pound net is in its rightful location under license, and is in operation. No person who is not himself the holder of a gill net license under this act shall in any manner assist any holder of such license in setting, lifting, or otherwise operating any gill net for taking fish under this act, provided, however, that in the event of the holder of a gill net license becoming incapacitated the local game warden may authorize some person to lift any net that may have been set by the holder of such license. (As amended Apr. 1, 1929, c. 123, §2.)

FYKE NETS: Not less than two inches extension measure. The hoop of such nets shall not be more than eight feet in height. The wings leading from the hoop shall not be more than 100 feet in length and said wings shall not be any higher than the hoop. It shall be optional with the user of fyke nets to use either wings or one lead, or both, but said lead shall not be more than 300 feet in length and no higher than the hoop, provided, that in waters of Lake of the Woods there shall be no restrictions as to height of leads or wings on fyke nets, and leads may be not more than 400 feet in length. (As amended Apr. 16, 1931, c. 180, §2.)

Subdivision 3. Licenses for more than six pound nets, or for more than 4,000 feet of gill nets or for more than ten fyke nets shall not be issued to any one applicant, provided that license for only 1,000 feet of gill net shall be issued to anyone having a license for 10 fyke nets; provided, however, that a license for only six fyke nets shall be issued to anyone having a license for more than 1,000 feet of gill nets. No licensee shall operate more than one pound net station, nor shall such licensee be interested directly or indirectly, either by contract, lease or other-

wise, in the ownership, control or operation of any other station than his own. A pound net station is the buildings, where and in which a pound net licensee keeps his fishing equipment, nets and boats, and sorts or preserves his fish. No pound net license shall be granted until the applicant shall have satisfied the commissioner that he has equipped himself with a pound net station. An applicant may lease a station and equipment from anyone who is not a pound net licensee. No pound net licensee shall use or permit to be used his fishing equipment, nets or boats at any such station other than his own or the one he operates under a lease, except in cases of emergency. Each licensee shall designate in his application the approximate location at which he intends to set gill, pound or fyke nets and he shall not set the same elsewhere, except with the consent of the commissioner. Licenses shall not be issued in excess of the following for each body of water named:

LAKE OF THE WOODS: 60 pound nets, 90,000 feet of gill nets, 100 fyke nets.

RAINY LAKE: 20 pound nets, 20,000 feet of gill nets.

KABETOGAMA LAKE: 10 pound nets, 10,000 feet of gill nets.

NAMEKAN LAKE: 5 pounds nets, 12,000 feet of gill nets.

No person shall be granted licenses to fish both pound and gill nets, or pound and fyke nets, but holders of gill net licenses may be licensed to fish fyke nets. All licenses for pound, gill, or fyke nets shall become void and nets used under such license shall be subject to seizure and confiscation, and license revert to the state, except as hereinafter specified unless the licensee devotes his personal attention to fishing under such licenses. Unless a licensee begins fishing his nets within 30 days after the opening of the season, his license shall be cancelled by the commissioner. Personal attention to fishing is hereby defined to mean that the licensee shall, in person, attend to the sorting, caring for, and packing of fish caught in his nets in the station to which said fish are first brought, and to the marketing thereof, with such assistance as he may need to carry on his fishing enterprise. The provisions of this paragraph relating to the holding of both pound, gill and fyke nets by the same licensee, shall not apply to Rainy Lake, and tributary waters thereof.

No license issued hereunder shall be transferable, and an assignment or attempted transfer of any rights under such license shall subject it to cancellation. No licensee shall assign, transfer, or attempt so to do, any license or any rights therein issued to him. A commercial fisherman holding a license to fish shall not sell in his own name any fish caught by another such licensee, or caught by anyone not holding such a license. (As amended Apr. 16, 1931, c. 180, §3.)

5599. Lake Superior fishing—Herring and trout—Open season.—(A). Herring, except as hereinafter provided, lake trout, ciscoes, and whitefish may be taken by residents of Minnesota, who have been residents for at least one year and who are citizens of the United States, and who have resided at least 90 days in the county in which they desire to fish, prior

to the date of making application for license, by means of gill nets of the sizes herein specified and by the aid of skiffs and power boats at any time as hereinafter provided in that part of Lake Superior under the jurisdiction of Minnesota; Provided a license to do so shall be first obtained from the director of game and fish. Residents of the States of Wisconsin and Michigan, who are citizens of the United States, may procure a commercial fishing license, upon payment of a fee of \$50.00, to take such fish as herein enumerated, according to law, in waters of Lake Superior lying within the jurisdiction of Minnesota; Provided, however, that a non-resident commercial fishing license for the purpose of taking herring only, from November 5, to April 15, next following, may be issued upon payment of a fee of \$25.00. Herring, except as herein provided, may not be taken hereunder between November 16th and November 30th, both inclusive, provided this restriction as to the taking of herring shall not apply until the State of Wisconsin shall by law provide for a similar restriction. Ciscoes may not be taken hereunder during the month of November. Lake trout may not be taken hereunder between October-1 and November 10 following, both inclusive. Lake trout may also be taken by set lines. Herring, lake trout or ciscoes, pickerel and whitefish so taken may be had in possession, bought, sold and transported within or without the state during open season and for a period of one week thereafter. This restriction shall not apply to fish in frozen, salted or smoked condition caught during the open season, or fish legally caught in waters outside the jurisdiction of the State of Minnesota; Provided, however, that no skiff or power boat exceeding 35 feet in length measured from tip of stem to tip of stern shall be used in taking any fish authorized by the provisions of this act. (As amended Apr. 24, 1935, c. 291, §1.)

Subdivision 1. Size of mesh.—The size of mesh of nets shall be fixed as follows:

(a) Gill nets for taking herring of not less than 2¾-inch mesh, extension measure, when in possession and measured from center of knot to center of knot, on and after July 1st 1935.

(b) Gill nets for taking lake trout, pickerel and whitefish, not less than 4½ inches mesh, extension measure, when in possession, and measured from center of knot to center of knot.

(c) Gill nets for taking ciscoes, not less than 2½ inches mesh, extension measure, when in possession and measured from center of knot to center of knot; Providing, that whenever nets set for the purpose of taking ciscoes shall catch more than 10% of lake trout less than 17 inches in length, or whitefish less than 16 inches in length, such nets shall be deemed illegally set and shall be moved from the waters in which they were set, upon notice from the director of game and fish or his representative. Nets for taking ciscoes shall be set in water not less than 50 fathoms in depth.

(d) All nets permitted to be used under the provisions of this chapter, shall, when set for fishing purposes be properly marked at the ends of such nets with proper buoys, and the licensee's number shall be plainly marked on any buoy indicating the location of any net set for taking of fish. All nets set in Lake Superior waters under the jurisdiction of this state having a mesh less than permitted by this chapter and all nets having a mesh less than permitted by this chapter found on or within premises commonly used for the receiving and marketing of fish from Lake Superior waters, and including fish receiving stations, sheds, warehouses and docks, are hereby declared illegal and subject to confiscation by the director of game and fish or his representative and may summarily be destroyed. (As amended Apr. 24, 1935, c. 291, §2.)

Subdivision 2. Such license shall be procured from the director of game and fish. The applicant shall make a verified written application to the director of game and fish on a form prepared by him,

stating: (a) His name and residence; (b) The period of time the applicant has resided in the county in which he desires to fish, and whether a citizen of the United States. Such license shall be designated as a "Master's License" and for which he shall pay the sum of \$2.50. Every person assisting the holder of a "Master's License" in going to and from the fishing locations or who assists in the setting and lifting of nets or in the removal of fish from such nets, shall have a license so to do which license shall be designated as a "Helper's License," which shall be procured by the holder of a "Master's License" and for which there shall be paid the sum of \$2.50; such licenses may be transferable; and shall be transferred upon application made by the holder of a "Master's License" without any additional charge. Application for "Helper's License" shall be made to the director of game and fish and shall give: (a) The name and residence of the applicant; (b) Name of person holding "Master's License" employing him; (c) Whether a resident of Minnesota and (d) Whether a citizen of the United States. "Master's Licenses" shall not be transferable and shall be issued for one fishing season only, and provided that aliens who have duly declared their intention of becoming citizens of the United States and who have not failed to qualify as citizens within the length of time in which they may legally do so, shall be entitled to "Helper's Licenses;" Provided, however, that no person shall be entitled to receive a "Master's License" unless such person has been a bona fide resident of the State of Minnesota for at least one year and a resident of the county where he desires to fish for at least 90 days. The holder of a "Master's License" shall be entitled to fish in any waters under the jurisdiction of the State of Minnesota. (As amended Apr. 24, 1935, c. 291, §3.)

Subdivision 3. The name and license number of the person licensed to take fish under this section shall be legibly marked by stencil or otherwise, on each package of fresh or salted fish caught by such license [sic]. It shall be unlawful to ship, sell or offer for sale any spoiled or unwholesome fish. Any package containing spoiled or unwholesome fish shall be contraband and the same may be confiscated; Provided, however, that all frozen herring shall be packed and shipped in boxes only, and all herring sold for any purposes other than human consumption shall be cut or broken into approximately equal parts. (As amended Apr. 24, 1935, c. 291, §4.)

Subdivision 4. No net shall be set within one-fourth mile of the mouth of any stream flowing into Lake Superior.

Subdivision 5. No person, other than the licensee, or his agent, shall take or remove any fish from nets set by persons licensed under this Act, nor shall any person knowingly injure, disturb or interfere with such nets.

Subdivision 6. Written reports shall be made to the director of game and fish on forms prepared by him for that purpose, by each licensee at the close of the season, stating in detail the amount and kind of fish caught, the amount for which the same were sold, and the total value of each kind. Failure to make a report within three months after the close of the fishing season shall forfeit the right of the licensee to receive another fishing license for a period of one year.

Subdivision 7. No person shall deposit, or allow to run into Lake Superior or any of the waters tributary thereto, any fish gurry, or fish offal, or other deleterious substance.

Subdivision 8. No person, company or corporation shall engage in the business of buying fish taken under commercial fishing licenses in Lake Superior waters under the jurisdiction of this state, for the purpose of resale, until he, or it—as the case may be, shall have procured a license to do so from the director of game and fish. Fees payable to the director of game and fish for such license shall be \$25.00,

and the licensee shall, upon demand by the director of game and fish or any of his representatives, produce evidence of the legality of the fish purchased for resale by him, such evidence to include invoices or memoranda showing pounds and kinds of fish purchased for resale and from whom purchased. Such invoices or memoranda shall be signed by the selling licensee; Provided, however, that no license nor the payment of any license fee shall be required, by persons buying or selling fish or [sic] roadside fish stands. (As amended Apr. 24, 1935, c. 291, §5.)

Subdivision 9. Any person violating any of the provisions of this chapter relating to taking of fish or the transportation thereof, shall be guilty of a misdemeanor and shall be punished by a fine of not less than \$25.00 nor more than \$50.00 or by imprisonment in the county jail for not less than 30 days nor more than 60 days.

Subdivision 10. The various provisions of this Act shall be severable and if any part, provision or subdivision shall be held to be invalid it shall not be held to invalidate any other part, provision or subdivision. ('19, c. 400, §103; Apr. 26, 1929, c. 404; Apr. 15, 1933, c. 263.)

Red Lake Game Preserve created.—For the purpose of vesting and revesting the State with title to lands in the area hereinafter described which are suitable primarily for state use and development for the purpose of preserving, protecting, propagating and breeding wild life of all suitable kinds, including all species of game and fish and fur-bearing animals and birds of rare and useful species, and for the development of forests and prevention of forest fires, and the preservation and development of rare and distinctive species of flora native in such area, there is hereby located, established and created a state wild life preserve and hunting ground comprising all lands and waters in Lake of the Woods county lying south of Rainy River, and south of Lake of the Woods and all full and fractional townships in Beltrami county lying north of the north line of Township 151, excluding, however, all of the lands and waters lying within Red Lake Indian Reservation, and including also all that part of Koochiching county lying west and northwesterly of the following described line, viz.:

Beginning at a point where the range line between Ranges twenty-six (26) and twenty-seven (27) west of the fifth principal meridian intersects the southerly bank of Rainy River; thence south on said range line to the point formed by the intersection of said range line with the easterly boundary line of the original Red Lake Indian Reservation; thence southwesterly along said easterly boundary line of the original Red Lake Indian Reservation to a point formed by the intersection of such boundary line with range line between Ranges twenty-nine (29) and thirty (30) west of the fifth principal meridian; to be known as the "Red Lake Game Preserve," hereinafter sometimes called "Preserve and Hunting Ground." This act does not contravene constitution, art. 9, §81, 5, 6 or 10. 178M244, 226NW633.

5620-2. Preserve to be under management of Department of Conservation.—Said Red Lake Game Preserve shall be under the management and control of the Department of Conservation, which shall have, and is hereby given full power and authority to make, establish, promulgate and enforce all necessary rules and regulations not inconsistent with the laws of the state for the care, preservation, protection, breeding, propagation and disposition of any and all species of wild life therein and the regulation, issuance, sale and revocation of special licenses or special permits for hunting, fishing, camping and other uses of said area not inconsistent with the terms of this act, or other laws of the state now or hereafter applicable thereto. Such department shall have power and authority by means of rules and regulations to declare the terms and conditions of such licenses and permits and the charges to be made therefor. Such regulations may specify and control the terms under and by which wild life may be taken, captured, or killed therein, and under and by which fur-bearing animals,

or animals and fish otherwise having commercial value, may be taken, captured, trapped, killed, sold and removed therefrom. Such rules and regulations may also provide for the afforestation and reforestation of lands now or hereafter owned by the state in said Game Preserve and Hunting Grounds, and for the sale of merchantable timber from such lands when and where, in the opinion of such department, the same can be sold and removed without damage or injury to the further use and development of said land for a habitat of wild life and game in said Game Preserve and Hunting Grounds and for the purposes for which said preserve and hunting ground is established by this act. The department may provide for the policing of said preserve and hunting ground in such manner as may be needful for the proper development and use of said preserve and hunting ground for the purposes herein specified, and all supervisors, guards, custodians and caretakers assigned to duty in said preserve and hunting ground shall have and possess the authority and powers of peace officers while in their employment. The department shall also make and enforce such rules and regulations not inconsistent with the laws of the state concerning the burning of grass, timber slashings and other inflammable matter, and the clearing, development and use of lands in said preserve and hunting ground as may be necessary and advisable to prevent destructive forest fires and grass fires which would injure the use and development of said area for the preservation and propagation of wild life therein and for the proper protection of the forest and wooded areas thereof. All lands within the boundaries of said preserve and hunting ground shall be subject to such rules and regulations, whether owned by the state or privately, consistent with the rights of such private owners and with the laws of this state now or hereafter applicable thereto. By such rules and regulations there may be established areas and zones within such preserve and hunting ground where hunting, fishing, trapping or camping may be prohibited or specially regulated, for the purpose of protection and propagation of particular wild life therein.

All the rules and regulations adopted and promulgated under the provisions of this act shall be published in the manner now required by law under the provisions of Section 5643, General Statutes of 1923, and shall be, in addition thereto, posted on the boundaries of said preserve and hunting grounds. (Act Apr. 19, 1929, c. 258, §2.)

5620-3. Red Lake Game Preserve fund created.—The proceeds of all certificates of indebtedness issued under the provisions hereof, all moneys received from redemption as hereinafter provided, all moneys received as gifts to the state for the purpose of care, preservation, improvement and maintenance of said preserve and hunting ground and all income which may be received from the operation, development, management and use of said preserve and hunting ground, including such fees as may be received for such licenses and permits, all income which may be received from the sale of birds, animals, fish and flora therefrom, and from the sale of lands and timber thereon owned by the state within such area other than university school and swamp lands, state forest lands set apart pursuant to Section 7 of Article 8 of the Constitution and state lands acquired under the system of rural credits, and all moneys of the state which may hereafter be transferred thereto under any law of the state shall be paid into the state treasury and credited to the Red Lake Game Preserve Fund, which is hereby created and same are hereby annually appropriated for the purpose of this act. (Act Apr. 19, 1929, c. 258, §3.)

5620-4. County auditor to prepare list of lands.—As soon as practicable after the passage of this act and not later than September 1, 1929, the county auditor of each county in which a portion of said preserve and hunting ground is situated shall certify to

the state auditor a list of all the lands within the boundaries of said preserve and hunting grounds, except lands lying within the boundaries of any incorporated city or village, which have been bid in for the state at the delinquent tax sale held in the year of 1928 for the nonpayment of taxes or special drainage assessments and not redeemed or assigned to an actual purchaser, which certificate shall contain the following information:

a. The legal description of each parcel of such lands.

b. The amount of principal and interest of delinquent drainage assessments, if any, or installments thereof, for all years prior to the date of such report, against each such parcel of land.

c. The amount of drainage assessments thereof assessed against each such parcel of land which have been or are to be extended upon the tax rolls of such county for collection with the taxes for the year of 1927 and subsequent years.

On or before June 15th of each year thereafter such county auditor shall certify to the state auditor a supplemental report giving the information contained in said original report covering such lands within said preserve and hunting ground bid in for the state at the annual tax sale of that year and not included in the previous reports.

When redemption is made of any parcel of such land within the preserve and hunting ground which has been bid in for the state at any tax sale for taxes heretofore levied or when the tax liens on such land are assigned to an actual purchaser, the county auditor shall report the same forthwith to the state auditor, and the county treasurer shall transmit forthwith the proceeds of such redemption to the state treasurer.

Forthwith upon the passage and approval of this act, and thereafter, after each distribution has been made of the tax collections on the June and November tax settlements such county auditor shall certify to the state auditor the following information relating to bonds issued to finance or refinance public drainage ditches lying wholly or partly within said preserve and hunting ground and the collection of assessments levied on account of such ditches.

a. The amount of principal and interest to become due on such bonds prior to the next ensuing tax settlement and distribution.

b. The amount of moneys collected from such drainage assessments and credited to the funds of said ditches.

c. The amount of the deficit in the ditch fund of said county chargeable to such ditches.

Upon the approval of said certificate by the state auditor he shall draw a warrant or warrants on the state treasurer payable out of said Red Lake Game Preserve Fund for the amount of said deficit in favor of such county.

As to all public drainage ditches which lie wholly within said preserve and hunting ground the maximum amount of money which shall be paid to or for the benefit of such county in the manner above provided shall never exceed the principal and interest of the bonds issued to finance and refinance such ditches outstanding at the time of the passage and approval of this act, less moneys on hand in the county ditch fund to the credit of such ditches, and such liability shall be reduced from time to time by the amount of any and all payments of assessments hereafter extended, made by the owners of lands heretofore assessed for benefits on account of such ditches. As to all public drainage ditches which lie partly within and partly without the boundaries of said preserve and hunting ground the maximum amount which shall be paid to or for the benefit of such county shall never exceed the percentage of bonds issued to finance and refinance such ditches so outstanding, less moneys on hand in the county ditch fund to the credit of such ditches at the time of the passage and approval of

this act, which bears the same proportion to the whole amount of such bonds as the original benefits assessed against lands within the game preserve bear to the original total benefits assessed to the entire system of such ditches, and such liability shall be reduced from time to time by the payments of all assessments hereafter extended, made by the owners of lands in said preserve and hunting ground, of assessments for benefits heretofore assessed on account of any such ditch. The State Auditor shall have authority to provide and prescribe the forms for any reports required by this act to be made to him and to require any further and additional information from any officials of said counties which he deems necessary for the proper administration of this act. (Act Apr. 19, 1929, c. 258, §4.)

The county auditor must report and the county treasurer transmit the redemption and assignment moneys from all taxes levied prior to the passage of this act up to and including the 1928 taxes, whether the sale takes place before or after the passage of the act. Op. Atty. Gen., Nov. 26, 1929.

5620-5. State to issue certificates of indebtedness.

—For the purpose of anticipating the annual revenues of said Red Lake Game Preserve Fund, the State Auditor is hereby authorized and directed to issue and sell certificates of indebtedness in an aggregate sum not to exceed \$3,951,206.86 payable from said fund, such certificates to be numbered serially and to be of such denominations and to bear such dates of issue and of maturity and bear interest at such rate, not exceeding 5% per annum, as the State Auditor shall determine; provided that none of such certificates of indebtedness shall run beyond the tax settlement dates for the next annual tax levy thereafter to be made by such Auditor as hereinafter required, in anticipation of the collection of which such certificates of indebtedness are issued. Such certificates shall be so issued from time to time as the proceeds thereof are needed for the demands upon said fund. The interest on such certificates of indebtedness shall be payable with the principal thereof. Said certificates shall be in such form and upon such terms and conditions, not inconsistent with the terms of this act, as the State Auditor shall determine, shall be signed by the Governor and attested by the State Auditor and shall be sold for not less than par. Such certificates may be purchased by the State Board of Investment for the Permanent School Fund, Swamp Land Fund, Internal Improvement Land Fund, or any other trust fund of the State of Minnesota, and shall be deemed "Authorized securities" within the provisions of Mason's Minnesota Statutes of 1927, Section 7714, and laws amendatory thereof and supplemental thereto. (Act Apr. 19, 1929, c. 258, §5; Apr. 24, 1935, c. 242.)

5620-6. Tax Levy.—Whenever the state auditor shall approve a deficiency certificate of county auditor as specified in Section 4 hereof he shall compute the portion thereof which will exceed cash on hand in said Red Lake Game Preserve Fund available for its payment, and shall make an entry in his records that such excess, plus the amount required to pay interest on certificates on indebtedness to be issued to provide money for the payment thereof, is to be extended upon the tax rolls for the next succeeding tax levy, and there is hereby levied for the year 1929 the aggregate of the sums so entered for collection up to the time of the certification of state taxes for the year 1929, and for each year thereafter, until the maximum state liability prescribed by Section 4 hereof has been exhausted, the aggregate of such entries made since the last preceding certification of state taxes, which taxes shall be extended and collected in the same manner as other state taxes, and the proceeds of such levies are hereby appropriated and pledged to the payment of the principal and interest of the certificates of indebtedness issued pursuant to this act. (Act Apr. 19, 1929, c. 258, §6.)

5620-7. Title of land to be in state.—The title of all parcels of land lying within said preserve and

hunting ground, except lands lying within the boundaries of any incorporated city or village, which shall be acquired by the state under the provisions of Chapter 119, Laws 1927 [§§2139 to 2139-5], or any amendments thereof, shall be held by the state, free from the trust in favor of the taxing districts specified in said Chapter, and shall be held and used, or disposed of, in accordance with the provisions hereof. (Act Apr. 19, 1929, c. 258, §7.)

5620-8. Department of Conservation to classify lands.—Upon receipt by the state auditor of the reports of county auditor specified in Section 4 [§5620-4] hereof, he shall certify a copy thereof to the department of conservation, which shall classify all such lands as to their suitability for agriculture or for afforestation or reforestation or for ownership and use by the state for preserving, propagating, breeding and hunting of wild life of the kinds specified in Section 1 hereof, and after the title to any such lands has been acquired by the state in the manner herein provided such lands may be reclassified from time to time. All such lands which shall become the absolute property of the state under the provisions of this act, which have been classified as suitable for agriculture and timber, from any lands so acquired shall be subject to sale by the state as provided by law. (Act Apr. 19, 1929, c. 258, §8.)

5620-9. Department may receive gifts.—The department of conservation is hereby authorized and empowered to receive for and in behalf of the state, and to make suitable acknowledgments of, any gifts, bequests, devises or grants of land or interests in lands in said preserve and hunting ground, or of money or personal property of any kind, which it may deem suitable for use in connection with the operation, control, development or use of said preserve and hunting ground. (Act Apr. 19, 1929, c. 258, §9.)

5620-10. May acquire property by right of eminent domain.—The department of conservation is hereby authorized and empowered to acquire, by exercise of the right of eminent domain, which right is hereby given it, to be exercised in the manner provided in Chapter 41, General Statutes 1923, as amended, or by purchase, any lands or interests in lands in said preserve and hunting ground which such department shall deem necessary for state ownership, use or development for the purposes of this act, provided, however, that no moneys shall be used for the purposes specified in this section until and unless such department shall have determined that such moneys will not be required to meet the requisitions of the counties authorized under Section 4 [§5620-4] of this act or for payment of certificates of indebtedness and interest thereon herein provided for. (Act Apr. 19, 1929, c. 258, §10.)

5620-11. Counties may pay part of bonds in certain cases.—Any county wherein a portion of said preserve and hunting grounds is located may voluntarily assume, in the manner hereinafter specified, the obligation to pay that portion of the principal and interest of the bonds, heretofore issued and which may remain unpaid at maturity, of any school district or township situated in said county and wholly or partly lying within said preserve and hunting ground which portion bears the same proportion to the whole of such unpaid principal and interest as the 1928 assessed valuation of lands then acquired by the state pursuant to this act in such school district or township bears to the total 1928 assessed valuation of such school district or township. Such assumption shall be evidenced by a resolution of the county board of such county, a copy of which shall be certified to the state auditor within one year after the passage of this act and thereafter if any of such bonds shall remain unpaid at maturity the county board shall, upon demand of the governing body of such school district or township or of the holder of any such bonds, provide for the payment of the portion thereof so assumed and such county board shall levy general taxes on all the

taxable property of the county therefor, or shall issue its bonds to raise such sum as may be needed conforming to the provisions of law respecting the issuance of county refunding bonds. The proceeds of such taxes or bonds shall be paid over by the county treasurer to the treasurers of the respective school district or townships.

In the event that any such county shall fail or neglect so to adopt and certify such resolution the state auditor shall withhold from the payments to be made to such county under the provisions of Section 4 of this act a sum equal to that portion of the principal and interest of such outstanding bonds which bear the same proportion to the whole thereof as the 1928 assessed valuation of lands acquired by the state within the preserve and hunting ground bears to the total 1928 assessed valuation of such school district or township. Moneys so withheld from the county shall be set aside in the state treasury and shall not be paid to the county until the full principal and interest of such school district and township bonds shall have been paid.

In the event that any such bonds remain unpaid at maturity upon the demand of the governing body of such school district or township or the holder of any such bonds the state auditor shall issue to the treasurer of such school district or township a warrant on the state treasurer for that portion of such past due principal and interest computed as in the case of the county liability hereinbefore authorized to be voluntarily assumed. All moneys received by any school district or township pursuant to this section shall be applied to the payment of such past due bonds and interest. (Act Apr. 19, 1929, c. 258, §11.)

5620-12. Violation of rules to be a misdemeanor.—Any person, who, within the limits of said preserve and hunting ground, shall willfully violate or fail to comply with any rule or regulation of the department of conservation adopted and promulgated in accordance with the provision of this act shall be deemed guilty of a misdemeanor. (Act Apr. 19, 1929, c. 258, §12.)

5620-13. Provisions severable.—This act shall be held unconstitutional only in the event that some major provisions of the act are found unconstitutional and invalid that would make the act unworkable. If any minor provision of this act be held unconstitutional it shall in no way affect or invalidate any other provision or part hereof. (Act Apr. 19, 1929, c. 258, §13.)

5620-13½. Classification and sale of forfeited lands.—All lands which have heretofore or shall hereafter become the absolute property of the state under the provisions of Laws 1929, Chapter 258, Section 7 [§5620-7], and are suitable for agricultural purposes shall be classified as such by the county board of the county wherein such lands are situated. No lands shall be offered for sale under the provisions of this act until their classification by the county board as agricultural lands shall have been approved by the department of conservation. (Act Apr. 17, 1935, c. 210, §1.)

5620-13½ a. Appraisal.—All lands which have heretofore or shall hereafter become the absolute property of the state under the provisions of said Chapter 258, Section 7, and are classified as agricultural lands shall be appraised by the county board of the county wherein such lands are situated, and such appraisal shall be filed in the office of the county auditor of such county. Such county board may reappraise any such lands whenever in its judgment such reappraisal is necessary in effectuating the provisions of this act, but no such lands shall be appraised more than once in any twelve-month period. (Act Apr. 17, 1935, c. 210, §2.)

5620-13½ b. Sale.—All lands so classified and appraised and remaining unsold shall be offered for sale at a public sale to be held by the county auditor on the third Monday in August in each year. Notice of such sale shall be given as provided in Mason's Min-

nesota Statutes of 1927, Section 2127, in substantially the following form:

5620-13½c. To be sold for not less than appraised value.—Said lands shall be sold to the highest bidder and at a price not less than the appraised value thereof. Any lands not sold at such public sale may at any time within four months following the opening of said sale be sold by the county auditor at a price not less than the appraised value thereof. All lands remaining unsold shall be included in the notice of sale and offered for sale by the county auditor in each following year until the same shall be sold. (Act Apr. 17, 1935, c. 210, §4.)

5620-13½d. May be purchased by record owner.—Any parcel of land described in any such notice of sale may at any time not less than one week prior to the date of such sale be purchased at the appraised value thereof by the person who was the record owner of the fee title thereto at the time the state became the absolute owner thereof. (Act Apr. 17, 1935, c. 210, §5.)

5620-13½e. Sales on terms shall be evidenced by a certificate issued by the county auditor in such form as the attorney general shall prescribe. The county auditor shall report all sales to the state auditor.

If the purchaser shall default in the payment of any instalment or of any interest when due, or shall fail to pay before they become delinquent all taxes that may be levied upon the land so purchased, the state auditor shall within six months thereafter cancel said certificate of sale. (Act Apr. 17, 1935, c. 210, §6.)

5620-13½f. Taxes to be cancelled.—Whenever any lands shall be sold under this act, all public liens thereon for taxes, special assessments, and other charges, whether extended on the tax lists or not, shall forthwith be cancelled, and the county auditor and county treasurer and register of deeds shall note such cancellation upon the records of their respective offices. (Act Apr. 17, 1935, c. 210, §7.)

(Act Apr. 17, 1935, c. 210, §8.)

5620-13½h. Mineral rights reserved.—Every certificate of sale and instrument of conveyance issued under this act shall state that such sale or conveyance does not include any right, title or interest in or to any iron, coal, copper, gold or other valuable minerals

which may be upon the land therein described, and that all such minerals are reserved by the state for its own use; but no instrument shall be effective to transfer any right, title, or interest in or to any such minerals notwithstanding the failure of the proper officer to insert such statement. There shall be transferred from such special fund to the revenue fund of the county the cost of giving the notices herein required, and there shall be paid from such fund to the members of the county board upon warrant of the county auditor Three Dollars per day for each day necessarily consumed in the classification and appraisal of the lands under this act, and mileage at the rate of five cents per mile for necessary travel. The net amount remaining in said fund shall be transmitted by the county treasurer to the state auditor at the times provided for tax settlements, and shall be credited to the Red Lake game preserve fund created by said Chapter 258, Section 3. (Act Apr. 17, 1935, c. 210, §10.)

(Act Mar. 18, 1935, c. 52, §1.)

Preamble to Laws 1935, c. 52.

Whereas, under and pursuant to the provisions of the National Industrial Recovery Act, the United States of America has initiated a program providing for the general welfare, to conserve national resources and to rehabilitate people living on sub-marginal land, and to carry such program into effect, has created The Land Program of the Federal Emergency Relief Administration, and

Whereas, the Administrator of the Federal Emergency Relief Administration and the Director of the Land Program of the said Administration have approved a project for the acquisition and establishment of a migratory water fowl refuge in Marshall County, Minnesota, in the area known as Mud Lake, and

Whereas, the Bureau of Biological Survey, United States Department of Agriculture, has approved a program for the construction of certain public works thereon involving the expenditure of funds in excess of \$100,000, and

Whereas, the Director of said program has allocated for such purpose a sum not to exceed \$369,000 for the purchase of approximately 52,713 acres of land in said area in Marshall County, and

Whereas, the State of Minnesota is desirous of cooperating with the United States of America in its program providing for the general welfare, to conserve natural resources and to rehabilitate people living on sub-marginal lands and to expedite the purchase of the lands necessary for the creation of said migratory water fowl refuge, and

Whereas, the acquisition of said area in Marshall County by the Federal Government and the improving of said area will be of great benefit to the State of Minnesota in the rehabilitation of the occupants of said area and in furnishing needed work relief in that part of the State, and

Whereas, in order to enjoy the maximum benefit of the program as aforesaid it is necessary that such program be put into immediate force and effect and to that end it is desirable that the regular statutory procedure in eminent domain be modified in certain respects in order to expedite the acquisition and improvement of such lands and provide for the payment thereof; Now, Therefore,

Be it enacted by the Legislature of the State of Minnesota:

This act is constitutional. Op. Atty. Gen. (817f), May 22, 1935.

5620-23. Mud lake acquisition revolving fund created.—There is hereby created a fund to be known as the Mud Lake Acquisition Revolving Fund. The sum of \$50,000, or so much thereof as may be necessary, is hereby appropriated for the purpose specified in this act from the fund created by Laws 1929, Chapter 332, Section 6 [§5536-13], and designated in the records of the state auditor as "Public Shooting Grounds Fund." Such appropriation shall be made available immediately and shall be credited to such Mud Lake acquisition Revolving Fund. The fund thus created shall be used to pay the expenses of condemnation, including publication fees, sheriffs' fees, commissioners' and witnesses' fees, and compensation and mileage of jurors in cases appealed from the awards of the commissioners, and all other expenses incidental to such proceedings, not to exceed a total of \$11,100, and to pay awards to the owners of the lands so taken. (Mar. 18, 1935, c. 52, §2; Jan. 24, 1936, Ex. Ses., c. 78, §1.)

5620-24. Lands to be conveyed to United States.—All lands acquired under the provisions of this act shall be sold and conveyed to the United States of America by the commissioner of conservation for the amount which has been paid out therefor, including the costs incidental to the proceedings for the condemnation thereof. All monies received from the United States of America in payment for such lands shall be deposited in such revolving fund. When the acquisition of land for such Mud Lake project shall have been completed, and all the costs and expenses incidental thereto shall have been paid, and the United States shall have paid in full for such land, monies in such fund shall be transferred back to said Public Shooting Grounds Fund from which it was appropriated and the Mud Lake acquisition revolving fund shall cease to exist: Provided, that such transfer shall not be made prior to January 1st, 1937; and provided, that in the event that the acquisition of lands for other federal projects authorized by the state executive council shall then be in progress, such Mud Lake Acquisition Revolving fund shall be maintained until such acquisitions have been completed. (Act Mar. 18, 1935, c. 52, §3.)

5620-25. Unexpended balances may be used for other projects.—In the event that additional funds are made available by the Federal government at any time prior to January 1st, 1937, for the acquisition of lands in projects other than the Mud Lake project, the provisions of this act shall apply to and govern such acquisition or acquisitions and any unexpended balance in the Mud Lake acquisition revolving fund may be used in furtherance of the acquisition of land involved in such project in the same manner and subject to the same limitations as monies in said Mud Lake acquisition revolving fund may be used in furtherance of the acquisition of land for the Mud Lake project: Provided, that each such project and the transfer of title to the land therein involved to the United States shall first receive the approval of the state executive council and the commissioner of conservation. (Act Mar. 18, 1935, c. 52, §4.)

This act is not applicable to proceedings for acquisition of land for Talcot Lake project in which federal government is providing money for construction purposes but not for acquisition of land. Op. Atty. Gen. (817h), Mar. 25, 1935.

5620-26. May exercise rights of eminent domain.—The eminent domain statutes of this state and all acts and amendments thereto and the provisions of this Act shall be liberally construed for the purpose of making possible an expeditious procedure in the condemnation proceedings authorized by this act. (Act Mar. 18, 1935, c. 52, §5.)

5620-27. Commissioners must be residents of state.—The commissioners provided for by Mason's Minnesota Statutes of 1927, Section 6543, shall be

residents of the state but need not be residents of the county in which is located the land which the state is seeking to acquire. (Act Mar. 18, 1935, c. 52, §6.)

5620-28. Court to determine indebtedness.—The court shall determine the amount of the bonded and floating indebtedness of each township and school district, lying wholly or partly within the area covered by any condemnation proceedings under this act, and the amount of cash available, and to become available from the payment or settlement of delinquent and current taxes, for the liquidation thereof, and shall deduct from the award of damages made to each owner of lands taxable for the payment of such indebtedness his pro rata share of the remainder of such indebtedness, computed upon the basis of the relative value of his land to the total assessed value of all land taxable for the payment thereof, and the total amount of such deductions shall be paid to such township or school district, and shall be applied in redemption of such indebtedness. (Act Mar. 18, 1935, c. 52, §7.)

5620-29. Procedure.—In lieu of the procedure authorized by Mason's Minnesota Statutes of 1927, Section 6552, the procedure under this act shall be as follows:

All damages allowed under this act, whether by the commissioners or upon appeal, shall start to bear interest thirty days after the time of the filing of the commissioners' report. Unless otherwise extended by the order of the court, if the award be not paid to the land owner or into court within 90 days after the filing of the commissioners' report or, in case of an appeal, be not paid within 90 days after final judgment has been entered on such appeal, the court, on motion of the owner of any tract of land included in the proceedings may vacate the award and dismiss the proceedings as to such land. In such event, the owner of the land may upon notice of motion before the court recover reasonable costs and expenses including reasonable attorney's fees. At any time prior to the payment of the award for the land into court or otherwise and, in the event that there is no appeal, less than 90 days after the filing of the commissioners' report and in case there is an appeal, less than 90 days after the final judgment has been entered on such appeal, the petitioner may dismiss the entire proceedings or any part thereof or any tract therefrom without liability for costs, expenses or attorney's fees: Provided, that in case the petitioner shall have taken possession of any parcel of land and shall thereafter dismiss the proceedings as to that parcel, damages shall be awarded for any damages resulting from such taking of possession. (Act Mar. 18, 1935, c. 52, §8.)

5620-30. Procedure.—In lieu of the procedure authorized by Mason's Minnesota Statutes of 1927, Section 6557-1, the procedure in condemnation proceedings under this act shall be as follows:

(a) The report of commissioners shall be filed with the clerk of district court within 90 days from the date of the order appointing such commissioners, unless the court at the request of the petitioner shall order an extension of the time for filing such report.

(b) At any time within ten days from the date of the filing of such report, any party to the proceedings may appeal from any award of damages embraced in said report, or from any omission to award damages, by filing with the clerk a notice of such appeal. Such notice of appeal shall specify the particular award or failure to award appealed from, the nature and amount of the claim, the land to which it relates, and the grounds of the appeal. Upon appeal the prevailing party shall recover costs and disbursements. Upon request made by the petitioner such appeal shall be set for trial at either a general or special term of the court at a date as early as possible and in no event more than 30 days after the filing of notice of the appeal, except that the petitioner request an extension of time which shall be granted by order of the court.

(c) Payment of the damages awarded may be made or tendered at any time after the filing of said report. In all cases the petitioner may pay the amount of the award for any tract of land to the clerk of court to be by said clerk paid out under the direction of the court. Such record shall be notice to all parties of the title of the state to the lands therein described. The awards of the commissioners may be filed severally upon any tract or number of tracts and after payment and expiration of the time for appeal thereon as hereinbefore provided, such certificate or certificates of titles may be presented for the approval of the court.

(f) Whenever a condemnation proceeding shall have been commenced by the filing of a petition under this act, in order to expedite the acquisition of title to any parcel or parcels of land included in such proceeding, the commissioner of conservation may certify to the court the necessity of the immediate taking of title to such parcel or parcels of land and the court may thereupon approve an appropriate final certificate certifying that title to such parcel or parcels has vested in the state, provided that the state shall first have made adequate provision for the payment of just compensation for such parcel or parcels by the deposit with the clerk of court of money, or a surety bond conditioned for the payment to the owner or owners of such parcel or parcels of the final award therefor, such deposit of money or of a surety bond to be in such amount and, as to the surety bond, in such form as the court shall deem adequate to insure payment to the land owners of the full amount of the final award. The court may direct the commissioners as to the order in which they shall view and appraise the lands taken or to be acquired. (Act Mar. 18, 1935, c. 52, §9.)

5625-2. Application must be made to Commissioner of Game and Fish.—(1) A verified application for such license in triplicate shall be filed by such owner or lessee with the director of Game and Fish, describing the lands or private waters which the applicant desires to use for the purposes specified, setting forth the title or leasehold of the applicant and the number of acres enclosed, stating the approximate acreage of land and water separately, and with a suitable map or diagram of the same, showing conditions therein, specifying the kinds of wild animals, fur bearing animals and game birds which the applicant desires to keep and raise, and stating the number and kind thereof already in his possession, if any, and that he obtained the same in lawful manner.

(2) If the applicant is a corporation, the application shall be made in the name of the corporation by the president or authorized managing officer thereof, and shall set forth the names and addresses of all the officers, directors, and stockholders of the corporation, stating the number and par value of the shares of stock owned by each. If the applicant is a partnership or unincorporated association, the application shall be made by an authorized partner, member, or managing officer, and shall set forth the names and addresses of the members of the partnership or association and their respective financial interests and other rights of ownership and control therein.

(3) Upon the filing of such application the director shall forthwith investigate the same, and may require the applicant to produce satisfactory evidence of the facts therein stated and of compliance

by the applicant with the provisions of this act. If upon examination it shall appear that the applicant is the owner or lessee of such lands and of such waters and the riparian rights therein, as the case may be, and intends in good faith to establish, operate, and maintain a farm or ranch for the raising of such wild animals, fur bearing animals and game birds in accordance with this act, and has complied with all the provisions of this act, the director shall issue a license to the applicant, describing the lands and waters and certifying that the licensee is lawfully entitled to use the same for breeding, propagating, trapping, and dealing in the kind or kinds of wild animals, fur-bearing animals and the game birds therein specified.

(4) When such license has been granted the licensee shall become the owner of all protected fur bearing animals of the kind or kinds specified in the license lawfully held in captivity on such lands or waters as provided by this act and of all their offspring remaining thereon; provided that as to muskrats and/or beaver, the provisions of Mason's Minnesota Statutes of 1927, Section 5625-3, shall be complied with: provided further, that the licensee shall not become the owner of any wild game birds found upon his premises, and no such game birds shall be confined or taken thereon except as otherwise expressly permitted by this act or other provisions of law.

(5) Such license or any interest therein shall be transferable with the title or leasehold of the lands for which the same was granted, or a corresponding interest therein, upon the conditions hereinafter prescribed. No such transfer shall be valid unless and until a verified written report thereof is made in triplicate to the director by the licensee making the transfer, accompanied by a copy of any deed, assignment, lease, or other instrument transferring the corresponding title or leasehold in the premises. No transfer of any interest in any license less than the whole thereof shall be valid except to a bona fide partner or associate in the ownership and operation of the farm or ranch for which the license was issued, and unless such transfer is accompanied by a deed, assignment, lease, or other proper instrument conveying to the transferee a corresponding undivided or joint interest in the title or leasehold of the entire farm or ranch.

(6) No grantee or lessee of any portion of the area of any such farm or ranch less than the whole thereof, or of any interest in such portion, shall acquire therewith any right or interest in any such license on such farm or ranch; provided, that in case of the transfer of the title or leasehold of a portion of such farm or ranch which complies with the original requirements for obtaining such license, the entire license may be transferred therewith. In case of any sale, lease, or other transfer of any portion of such farm or ranch where the entire license is not transferred therewith, the licensee shall immediately make a verified written report thereof in triplicate to the Director of the Division of Game and Fish, accompanied by a copy of the deed, lease, or other instrument evidencing the transaction. After any such sale, lease, or transfer the license for such farm or ranch shall be valid upon the remaining portion thereof only in so far as such remaining portion complies with the original requirements for obtaining such license, as herein provided, and in so far as such remaining portion fails to comply with such requirements, such license shall be void.

(7) One copy of every application for license and of every report of transfer filed with the Director of Game and Fish, as hereinbefore provided, shall be by him transmitted to the commissioner of securities.

(8) All licenses heretofore issued by the commissioner of game and fish under Chapter 423, General Laws 1927 [§§5625-1 to 5625-14], under which the licensees have fenced and enclosed lands and waters in accordance with such licenses, are hereby validat-

ed and they shall remain and be in full force and effect, provided the present holder of any such license and his successors and assigns shall comply with the provisions of this act and all amendments thereof. ('27, c. 423, §2; Apr. 24, 1929, c. 366, §2; Apr. 4, 1935, c. 115, §2.)

The necessary expenses of all members of such board shall be paid by the licensee. Within ten days after the date of such determination, the licensee shall pay to the commissioner of game and fish 50 cents for each muskrat, and \$10.00 for each beaver so found on said lands or waters. When such payment has been made, the licensee shall become the owner of all the muskrats and/or beaver on said lands or waters and all of their offspring. (1) The holder of any license issued pursuant to this act shall have the right to manage and control the lands or waters described therein and all fur bearing animals or game birds of the kind or kinds specified in the license, lawfully enclosed or held in captivity thereon as provided by this act, and to take and trap the same at any time or in any manner which he sees fit and deems to the best advantage of his business, and to sell and transport the same or the pelts or products therefrom at any time. Such license shall be prima facie evidence in all courts and proceedings of the lawful right of the licensee therein named or his or its successors or assigns, for the term of the license, to establish and operate a farm or ranch for the raising of the kind or kinds of fur bearing animals or game birds specified in the license upon the premises described therein, and shall entitle the licensee therein named or his or its successors or assigns to the exclusive right for and during said term to breed, propagate, trap and deal in such fur bearing animals or game birds, their pelts and products and to the exclusive and sole ownership of any property and of such fur bearing animals or game birds caught or taken thereupon, all subject to the provisions hereof. (3) No sale or contract for the sale of any such live fur bearing animals or birds by any such licensee shall be valid unless and until the particular animals or birds affected by such sale or contract are actually delivered to the purchaser, or, if not delivered, unless and until such animals or birds are segregated, identified, and kept separately, subject to the rights of

the purchaser under the sale or contract, which sale or contract shall be in writing and one copy thereof shall be mailed to the commissioner of Game and Fish within 30 days thereafter. After such fur bearing animals shall have been segregated, and identified, they and their offsprings shall become domesticated animals and shall be assessed as personal property of the purchaser, and shall be kept under any contract or arrangement for ranching that the purchaser may deem to his best interest, and subject to the rights of the owner at all times under this act. Rancher must notify owner within fifteen days of the death of animal, and notify owner of number in increase before June 20th, each year. No animal being ranched in Minnesota can be removed to another State without permission from the owner. Officials must have the right to count and inspect at all times, except during the mating and breeding seasons. ('27, c. 423, §4; Apr. 24, 1929, c. 366, §4(3), and Apr. 25, 1931, c. 389, §2.)

If all the provisions of the law relating to such beaver and to the proposed transportation and disposition thereof have been and will be complied with, the director of game and fish shall grant such special permit, and shall issue therewith suitable tags which shall be affixed to the cages or other containers by the director of game and fish or his duly authorized representative in which such beaver are transported. (As amended Apr. 24, 1929, c. 366, §4; Apr. 21, 1933, c. 392, §17.)

The duplicate of such tag so attached

(8) A. To select, set aside, and reserve from lands owned by the state, and to acquire by condemnation, gift, lease or purchase, lands, or easements, riparian rights, or other interests therein or thereon, suitable for the purposes of establishing and reforesting large and small game public hunting grounds and game refuges, subject to the approval of the executive council, and shall establish thereon public hunting grounds, and shall set aside a portion of each of said public hunting grounds, not exceeding one-third (1/3) thereof, as a state game refuge, said portion so set aside to be surrounded on all sides by the remainder thereof, and shall pay the compensation for property acquired or damaged for such public hunting grounds and game refuges and the cost of improving and maintaining the same out of any funds, available for the purpose of this act, and shall make such rules and regulations as he shall deem necessary governing the conduct of persons on said public hunting grounds and game refuges.

B. And for the purposes of this act, the game and fish commissioner may acquire lands in any drainage district in this state or in any portion thereof, and may alter the flow of water in said drainage district by dykes, dams, or otherwise as may be deemed by him to be expedient or necessary, subject to the provisions of this act.

C. Title to any lands or interests acquired for the purposes of this act shall be taken in the name of the state, and condemnation proceedings for the acquisition thereof shall be governed by the laws relating to the condemnation of property for the state, subject to the provisions of this act. In such condemnation proceedings, in addition to service of the notice of the objects and contents of the petition and of the time and place of presenting the same as otherwise required by law, three weeks' published notice thereof shall be given within the time prescribed by law for service of such notice, in a qualified legal newspaper published at the county seat of each county in which any lands affected by the proceedings are situated. Any person owning lands or interests affected by any such proceeding and not made a party thereto may intervene therein at any time up to the time of presentation of the petition.

D. In case it is necessary to acquire by condemnation for any project under this act any public or private property situated in more than one county, the following provisions shall apply: Proceedings for the condemnation of all such property may be had in the district court of the county in which the larger portion of the lands affected by such proceedings lie, and such court shall have complete jurisdiction thereof. The court shall appoint the same number of commissioners as otherwise prescribed by law for such proceedings, but shall appoint at least one resident of the county in which the proceedings are commenced and at least one resident of each other county affected, as far as possible. A certified copy of every attorney's certificate, decree of the court, or other instrument provided by law for finally establishing or evidencing the rights of the petitioner in the lands affected shall be filed for record with the register of deeds of each county in which any lands affected by such certificate, decree, or other instrument are situated but describing only so much of the lands affected as are situated in the county in which it is so filed.

E. The commissioner of game and fish may at any time after the filing of the petition for the condemnation of any lands or interests in lands for the purposes of this act take possession thereof, except as hereinafter provided, and he may at any time enter upon any lands and make surveys and examinations thereof for the purpose of determining whether the same are suitable or necessary for the purposes of this act.

F. No public highway or public drainage ditch or system shall be obstructed or damaged so as materially to impair or interfere with the maintenance or use thereof by any project under this act, and no other public property shall be taken or damaged by any such project, and no waters in any ditch, stream, lake, or other body of water or water course shall be interfered with or affected in any manner so as to take or damage any public or private property by flowage, seepage, drainage, or otherwise, unless the necessity therefor shall first be determined by the court in condemnation proceedings as herein provided, to which proceedings each county, city, town, village and private property owner affected shall be made a party. In case the project involves or necessitates the changing of any water level so as to take or damage any public or private property by flowage, seepage, drainage, or otherwise, the proposed new level and the extent to which and the manner in which any lands will be affected thereby shall be specified and shown in the petition and by plans filed therewith in the condemnation proceedings. In case the project involves or necessitates any material extension, alteration, or relocation of a public drainage ditch or system or of a public highway, the proposed extension, alteration, or relocation shall be described in a supplemental petition filed by the commissioner of game and fish in the condemnation proceedings in like form as provided by law for a petition for such extension, alteration, or relocation of a judicial ditch or highway, as the case may be, but without bond, and thereupon the court in which such condemnation proceedings are pending, whether the ditch or drainage system or highway, as the case may be, was originally established by such court or not, shall have complete jurisdiction in the premises as if such drainage ditch or system or such highway were a judicial ditch or highway, as the case may be, established by such court, and such petition shall have the same effect as a petition for the alteration, extension, or relocation of such judicial ditch or highway, as the case may be, filed according to the laws applicable thereto, respectively. Thereupon the court shall cause notice to be given and proceedings to be had upon such petition to effect the proposed alteration, extension, or relocation as part of and supplemental to the condemnation proceedings in like manner and with like effect as provided by law for the alteration, extension, or re-

location of a judicial ditch or highway, as the case may be; provided, that the commissioners appointed by the court in the condemnation proceedings shall act as viewers or commissioners, as the case may be, in such supplemental alteration, extension, or relocation proceedings. The court shall make its final order in such supplemental proceedings determining and specifying the nature and extent of the alteration, extension, or relocation to be made, and also determining and specifying to what extent the original drainage ditch or system or highway, as the case may be, shall be vacated and abandoned, and upon the completion of the project in accordance with such order the original drainage ditch or system or highway shall be deemed to be vacated and abandoned to the extent specified in such order.

A certified copy of such order shall be filed with the court or with the proper officer of the body by which the drainage ditch or system or highway was originally established, and shall be binding upon all parties thereto as if made therein according to the laws relating thereto. All compensation awarded in such supplemental proceedings for property taken or damaged shall be paid out of the moneys appropriated for the purposes of this act.

G. Whenever any lands or interests acquired or damaged under this act are subject to any unpaid taxes or assessments, such taxes or assessments shall be paid by the commissioner of game and fish out of and shall be deducted from the compensation payable for such lands or interests or for damages thereto, as the case may be, as far as such compensation is sufficient therefor, and thereupon such lands or interests shall be discharged from the lien of such taxes or assessments, whether the full amount thereof has been paid or not; provided, that in any case where such compensation is paid otherwise than as determined in judicial proceedings as herein provided, such lands or interests shall be discharged from such lien only to the extent of the amount actually paid thereon; and provided, further, that such discharge shall not affect the lien of any unpaid taxes or assessments, or portion thereof, on any undivided or remainder or other interests not taken under this act.

H. No public drainage ditch or system hereafter established shall be constructed or maintained so as to affect in any manner public hunting grounds or game refuge established under this act or any waters thereon, nor shall any public highway be constructed over or across any such public hunting grounds or game refuge, unless the commissioner of game and fish shall, after having determined that the maintenance and use of such public hunting grounds or game refuge will not thereby be injuriously affected, consent thereto.

I. The commissioner of game and fish shall maintain all public hunting grounds and game refuges established under this act in such manner as he shall deem best for the benefit of the public and for the protection and propagation of wild game therein, and may erect such structures and make such other improvements thereon as he deems necessary or proper for the maintenance thereof. ('19, c. 400, §124; '25, c. 380, §1; '25, c. 419, §1; Apr. 24, 1929, c. 319.)

J. All income which may be received from the sale of timber, hay stumpage, right-of-way leases, homesite and resort leases or any other special use permits from lands acquired by the state in accordance with the provisions of Mason's Minnesota Statutes of 1927, Section 5630, as amended by Laws 1929, Chapter 319, and Laws 1931, Chapters 376 and 391, and which have been designated or will be designated as public hunting grounds and game refuges, shall be paid to the director of game and fish and by him transmitted to the State Treasurer who shall credit such funds to a "Public Hunting Grounds and Game Refuges Revolving Fund" which fund is hereby created and the same is hereby annually appropriated for the purpose of defraying expenses in the management of such public hunting grounds and game ref-

uges; provided, that this act shall not apply to state trust lands and lands acquired under the system of rural credits, and provided further that should the income received from such sale of timber, hay stumpage, right-of-way leases, homesite and resort leases or any special use permits, be insufficient to defray expenses in the management of such public hunting grounds and game refuges, then the director of game and fish may transfer from the "Public Shooting Grounds Fund" to the "Public Hunting Grounds and Game Refuges Revolving Fund" sufficient funds to defray such management expenses.

K. 1. The State of Minnesota shall hereafter pay annually to each county in which there are now, or hereafter shall be situated, any public shooting grounds and game refuges, authorized by Mason's Minnesota Statutes of 1927, Section 5630, as amended by Laws 1929, Chapter 319, the sum equal to 35 per cent of the gross receipts of aforesaid public hunting grounds and game refuges, located within such counties which payment shall be received and distributed by the County Treasurer among the various funds of the county, the respective towns and school districts therein and wherein such grounds and refuges lie, on the same basis as if the payment had been received as taxes on such lands payable in the current year; provided, however, that this act shall not apply to state trust lands.

2. The director of game and fish shall annually draw warrants in favor of the respective counties entitled thereto upon the State Auditor for the proper amounts, and the State Treasurer shall pay such warrants from the "Public Hunting Grounds and Game refuges Revolving Fund."

L. 1. Any person, who shall engage in conducting a taxidermist business, as the term is commonly understood, to prepare or mount any skins or dead bodies of any game birds or animals in this state for profit, shall first procure a license so to do from the director of game and fish, which may be granted to any person in the discretion of the director and for which license a fee of \$2.00 shall be paid to the director by such person. Licenses shall expire on the 31st day of December of the year in which issued. Any person engaged in conducting a taxidermist business who fails to procure a license so to do shall be guilty of a misdemeanor.

2. Any taxidermist who shall mount specimens of game animals, birds or fish, shall keep a register in which a list of the names of all persons who furnish him with raw or unmounted specimens shall be kept, together with the species of bird or animal received, and when and where such bird or animal was killed, and such taxidermist shall be required to exhibit such register, together with all unmounted skins or specimens in his possession to the director or his authorized agent, upon demand. Any person failing to do so shall be guilty of a misdemeanor.

3. On proof that any holder of any taxidermist license has violated any of the provisions of this chapter, his license shall be revoked and no license of the same kind shall be issued to such person for a period of one year after the revocation of such license.

4. The provisions of this chapter shall not, however, apply to persons who have been issued permits by the director under the terms of Section 5626, Mason's Minnesota Statutes of 1927. (Added Apr. 21, 1933, c. 392, §22.)
