[*R. L. s. 1279; 1921 c. 61; 1941 c. 169 art. 12 s. 1*] (2741)

132.02 ATTENDANCE; NEARER SCHOOL. Subdivision 1. **Right to attend adjoining district.** The children of any person in this state not resident within the limits of any incorporated city or village of this state, and residing more than two miles by the nearest traveled road from the school house in the district where such children reside, are hereby authorized to attend school at a school or school house in an adjoining district nearer to such residence than the school house in the district where such children reside, upon such reasonable terms as shall be fixed by the school board of such adjoining district, upon application of the parents or guardian of such children, provided that this section shall not apply where transportation is furnished by the home district.

Subdivision 2. **Tuition; how determined and paid.** The school board of the child's resident district shall pay such tuition to the school board of the adjoining district in which the child is attending. In case the school board of the child's resident district is not satisfied or cannot comply with the terms and conditions fixed and determined by the school board of such adjoining district, and shall apply to the state commissioner of education for that purpose, the state commissioner of education shall give such notice of such application to the clerk of the school board of such adjoining district as shall be determined by such commissioner of education, and, after such notice, decide such application and fix such terms and conditions for the attendance of such children in such adjoining district as shall be just and reasonable, and thereupon such children may attend such school in such adjoining district upon compliance with the terms fixed by the commissioner of education, the same in other respects as if resident in the district where such school house is situated. 132.03 ATTENDANCE; HIGH SCHOOL IN ADJOINING STATE. Any person under 21 years of age residing in any school district of this state not maintaining a high school, who has successfully completed the eighth grade, may, with the consent of a majority of the school board of his resident district, expressed at a meeting thereof, attend any high school in an adjoining state willing to admit him, which high school is nearer to his place of residence than any duly established high school in Minnesota, the distances being measured by the usual traveled routes. Any tuition charged by the district so attended shall be paid by the school district in which such person resides. Such tuition shall not be more than such district charges non-resident pupils residing in such state, if any such tuition is charged, and, if no tuition is charged for non-resident pupils of that state, then such tuition shall not exceed the sum of \$10.00 per month. The person so attending high school in another state shall continue to be treated as a pupil of the district of his residence

for the payment of apportionment and other state aids. The resident district may be reimbursed from state funds for the tuition paid in an accredited high school of another state where the pupil has the scholastic qualifications to be entitled to non-resident high school aid in Minnesota, but such reimbursement shall not exceed the rate of tuition paid for non-residents in Minnesota, or the actual amount of tuition paid by the district should the rate be less than the Minnesota rate. Such reimbursement shall be made only when properly certified on forms provided by the state commissioner of education.

The school census shall be taken by the clerk of the school board, or by some other person appointed by the school board.
