[1945 c. 395 s. 4]

**144.375 FINAL ORDER.** Subdivision 1. **Notice; hearing.** No final order of the commission shall be effective as to the vested rights of any person adversely affected thereby nor as to any disposal system operated by any person unless the commission or its authorized officer, member, or agent shall have held a hearing upon the matter therein involved at which evidence may be taken, of which hearing such person shall have had notice as hereinafter provided. Any person who will be directly affected by the final order therein shall have the right to be heard at the hearing and to submit evidence thereat. Written notice specifying the time and place of the hearing shall be served by the commission upon all persons known by it to be directly affected by the final order, personally or by registered mail not less than ten days before the date of the hearing. A copy of the final order shall be served in the same manner upon all persons who entered an appearance at the hearing.

Subd. 2. **Emergency order.** Notwithstanding the provisions of subdivision 1 of this section, the commission, when it shall have first determined that an emergency exists respecting any matter affecting the public health, may make a final order without notice and without a hearing. A copy of such final order shall be served as provided in subdivision 1 of this section.

Subd. 3. **Appeal.** An appeal may be taken from any final order, rule, regulation, or other final decision of the commission by any person who is or may be adversely affected thereby, or by the attorney general in behalf of the state, to the district court of Ramsey county in the manner herein provided. Within 30 days after receipt of a copy of the order, rule, regulation, or decision, or after service of notice thereof by registered mail, but not in any case more than six months after the making and filing of the order, rule, regulation or decision, the appellant or his attorney shall serve a notice of appeal on the commission, through its secretary; provided, that during such 30 day period the court may, for good cause shown, extend such time for not exceeding an additional 60 days, but not beyond the expiration of such six months' period. The notice of appeal shall refer to the action of the commission appealed from, shall specify the grounds of the appeal, including points of both law and fact which are asserted or questioned by the appellant, and may contain any other allegations or denials of fact pertinent to the appeal. The notice shall state an address within the state at which service of notice and other papers in the matter may be made upon the appellant. The original notice of appeal, with proof of service, shall be filed by the appellant or his attorney with the clerk of the court within ten days after service of the notice, and thereupon the court shall have jurisdiction of the appeal.

Subd. 4. **Intervention by state.** The appellant and the commission shall in all cases be deemed the original parties to an appeal. The state, through the attorney general, or any other person affected may become a party by intervention as in a

civil action, upon showing cause therefor. The attorney general shall represent the commission, if requested, upon all such appeals unless he appeals or intervenes in behalf of the state. No bond or deposit for costs shall be required of the state or the commission upon any such appeal or upon any subsequent appeal to the supreme court or other court proceedings pertaining to the matter.

**Subd. 5. Venue of appeal.** The venue of an appeal may be changed by order of the court upon written consent of the parties or for cause shown, after hearing upon notice to all parties, as in a civil action, to the district court of any county in which the order, rule, regulation, or decision appealed from would take effect.

**Subd. 6. Record on appeal.** Within 30 days after service and filing of the notice of appeal the commission, through its secretary, shall make, certify, and file with the clerk of the court having jurisdiction of the appeal a return comprising a copy of any application, petition, or other material paper whereon the action of the commission appealed from was based, a copy of the order, rule, regulation, or decision appealed from, a statement of any findings of fact or rulings or conclusions of law made by the commission in the matter, and such other statements, admissions, or denials upon questions of law or fact raised by the appeal as the commission may deem pertinent. Such 30 day period may be extended by the court for cause shown for not exceeding an additional 60 days. Within the time allowed for making and filing the return a copy thereof shall be mailed to or served upon the appellant or his attorney. The allegations of new matter in the return shall be deemed to be denied by the appellant unless expressly admitted, and no further pleadings shall be interposed. Otherwise the allegations of the notice of appeal and return shall have like effect as the pleadings in a civil action and shall be subject to like proceedings, so far as applicable.

**Subd. 7. Appeals as in civil actions.** The appeal shall be heard and determined by the court upon the issues raised by the notice of appeal and return according to the rules relating to the trial of civil actions, so far as applicable. The court of its own motion or on application of any party may, in its discretion, take additional evidence on any issue of fact or may try any or all such issues de novo, but no jury trial shall be had. If the court shall determine that the action of the commission appealed from is lawful and reasonable, and is warranted by the evidence in case an issue of fact is involved, the action shall be affirmed. Otherwise the court may vacate or suspend the action appealed from in whole or in part, as the case may require, and thereupon the matter shall be remanded to the commission for further action in conformity with the decision of the court.

**Subd. 8. Stay.** The taking effect of any action of the commission shall not be stayed by an appeal except by order of the court for cause shown by the appellant. The granting of a stay may be conditioned upon the furnishing by the appellant of such reasonable security for costs as the court may direct. A stay may be vacated on application of the commission or any other party after hearing upon notice to the appellant and to such other parties as the court may direct.

**Subd. 9. Order prima facie reasonable and valid.** In any appeal or other proceeding involving any order, rule, regulation, or other decision of the commission, the action of the commission shall be prima facie reasonable and valid, and it shall be presumed that all requirements of the law pertaining to the taking thereof have been complied with. All findings of fact made by the commission shall be prima facie evidence of the matters therein stated. The burden of proving the contrary of any provision of this subdivision shall rest upon the appellant or other party questioning the action of the commission.

**Subd. 10. Collateral attack.** If no appeal be taken from an order, rule, regulation, or other decision of the commission as herein provided, or if the action of the commission be affirmed on appeal the action of the commission in the matter shall be deemed conclusive, and the validity and reasonableness thereof shall not be questioned in any other action or proceeding, but this shall not preclude the authority of the commission to modify or rescind its actions.

**144.376 COOPERATION.** Subdivision 1. **With other sovereign states.** The commission, so far as it is not inconsistent with its duties under the laws of this state, may assist and cooperate with any agency of another state, of the United States of America or of the Dominion of Canada or any province thereof in any matter relating to water pollution control.

Subd. 2. The county board by resolution may require any law enforcing officer to visit such person and persuade such person to go with such law enforcing officer to and enter as a patient in the public sanatorium or hospital named in the resolution.

Subd. 3. When complaint is made to a board of health that any person is afflicted with tuberculosis and so conducts himself and lives as to expose other persons with whom he associates to the danger of infection, the board forthwith shall investigate the circumstances alleged. If the board finds that there is reasonable grounds to suspect that such person has tuberculosis in the infectious stage

and does by his conduct and mode of living endanger the health and well-being of other persons, it shall file with the district court of the county of the patient's residence or present a petition for commitment to a sanatorium or hospital maintaining suitable quarters for the care of such patients, setting forth the name and address of the patient and the reasons for the application. If a judge after a hearing of such court determines it to be for the best interest of the patient, his family or of the public, such judge may direct the sheriff or any other person to apprehend the patient and take him to and confine him in a sanatorium or hospital for examination to determine whether or not he is afflicted with tuberculosis in the infectious stage.

Three duly licensed doctors of medicine shall be appointed to assist in the examination. The patient shall be entitled to have his physician present at the time of the examination. The patient shall be given at least 24 hours' notice of the time and place of such hearing unless he waives the same.

Subd. 7. At least one of the doctors shall appear at the time of the hearing and give testimony. If the patient is found to be afflicted with tuberculosis in an infectious stage and such judge shall find that such person does by his conduct or mode of living, endanger the health and wellbeing of other persons and finds and determines it to be for the best interests of the patient, his family or the public, such judge may issue to the sheriff or any other person, a warrant in duplicate, committing the patient to the custody of the superintendent of the sanatorium, where he shall remain until discharge therefrom by the superintendent of the said sanatorium when his discharge will not endanger the life or health of any other person, or by the court upon petition of said patient.

When any such person wilfully violates these regulations or repeatedly conducts himself in a disorderly manner, he may be taken before a court of competent jurisdiction by order of the superintendent of the sanatorium or the chief medical officer of the hospital, who may enter a complaint against such person for disorderly conduct. **144.426 CHARGE AGAINST COUNTY OF PATIENT'S RESIDENCE.** The expense of the proceedings to commit and the cost of the care and treatment furnished to the committed person is a charge against the county of his residence. If he did not reside in any county continuously for one year next preceding the institution of the proceedings for his commitment, the cost of the care and treatment shall be

paid by the county of the presence of the patient when committed. Any question as to the county of residence of a committed person shall be determined in accord with the provisions of section 376.18.
