275.01 LEVY IN SPECIFIC AMOUNTS. All taxes shall be levied or voted in specific amounts and the rates per cent shall be determined from the amount of property as equalized by the state board of equalization each year, except such general taxes as may be definitely fixed by law.

[R. L. s. 866] (2055)

275.02 CERTIFICATION OF STATE TAX LEVY. The state tax shall be levied by the legislature and the rate of such tax shall be certified by the state auditor to each county auditor on or before November fifteenth annually. He shall notify each county auditor of the amount due the state from his county on account of school textbooks furnished such county, and each county auditor so notified shall levy a tax sufficient to meet such indebtedness, which tax shall be levied and collected and paid into the state treasury in the same manner as other state taxes.

[R. L. s. 867; 1935 c. 282] (2056)

275.03 COUNTY TAXES. Except as otherwise provided in the case of counties having a population of more than 150,000, the county taxes shall be levied by the county board at its meeting in July of each year, and shall be based upon an itemized statement of the county expenses for the ensuing year, which statement shall be included in the published proceedings of such board; and no greater levy of county taxes shall be made upon the taxable property of any county than will be equal to the amount of such expenses, with an excess of five per cent of the same.

[R. L. s. 868] (2057)

275.04 TAX LEVY FOR ROAD AND BRIDGE PURPOSES IN COUNTIES WHOSE MAXIMUM RATE IS FIXED BY BOARD OF TAX LEVY. In all counties in this state where the maximum rate of taxation for county purposes is fixed by a board of tax levy, the annual estimate of the county board for the road and bridge fund of such county as filed with such board of tax levy in an amount not exceeding two mills on the dollar of the assessed valuation of such county, exclusive of money and credits, may be allowed in full and included in the tax levy.

[1925 c. 362 s. 1] (2057-1)

275.05 LIMIT OF TAX LEVY IN CERTAIN COUNTIES. In all counties in this state now or hereafter having property of an assessed valuation of not less than \$175,000,000, exclusive of money and credits, and having 96 per cent or more of the

assessed valuation of all property for taxation, exclusive of money and credits, in the counties now or hereafter located within the limits of incorporated cities, the county board may levy a tax of not to exceed two and three-fifths mills on the dollar of the taxable valuation of such county, exclusive of money and credits, for the county road and bridge fund, which two and three-fifths mills shall not include interest, sinking fund, and redemption charges on all county road and bridge bonds outstanding.

[1929 c. 115 s. 1] (2057-2)

275.06 COUNTY BOARD TO FIX LEVY. The county board, at its July meeting, may include in its annual tax levy an amount not to exceed two and three-fifths mills on the dollar of the taxable valuation of such counties for the county road and bridge fund, exclusive of interest and redemption charges on all road and bridge bonds outstanding, which amount may be in addition to the amount permitted by law to be levied for other county purposes.

[1929 c. 115 s. 2] (2057-3)

275.07 CITY, VILLAGE, TOWN, AND SCHOOL DISTRICT TAXES. The taxes voted by cities, villages, towns, and school districts shall be certified by the proper authorities to the county auditor on or before October tenth in each year.

[R. L. s. 869] (2058)

275.075 OMISSION BY INADVERTENCE; CORRECTION. Whenever the amount of taxes as levied and certified by the tax levying body of any county, city, village, borough, town, or school district has not been, as the result of error or inadvertence by the county auditor extended and spread in conformity therewith, such tax levying body may include in its tax levy for the year following, the whole or any part of the amount so omitted through error or inadvertence in addition to its current levy and in addition to and notwithstanding any limitations to the contrary.

[1947 c 71 s 1]

275.08 AUDITOR TO FIX RATE. The rate per cent of all taxes, except the state tax and taxes the rate of which may be fixed by law, shall be calculated and fixed by the county auditor according to the limitations in this chapter hereinafter prescribed; provided, that if any county, city, town, or school district shall return a greater amount than the prescribed rates will raise, the auditor shall extend only such amount of tax as the limited rate will produce.

[R. L. s. 870] (2059)

275.09 RATE OF TAX. There shall be levied, annually on each dollar of taxable property, except such as is by law otherwise taxable, as assessed and entered on the tax lists, for the several purposes enumerated, taxes at the rates specified as follows:

- (1) For state purposes, such amount as may be levied by the legislature;
- (2) For county purposes, such amount as may be levied by the county board, the rate of which tax for general revenue purposes, in any county with not less than 100,000 inhabitants shall not exceed five mills, and in any county with less than 100,000 inhabitants, shall not exceed ten mills, unless such maximum mill levy will not raise a sum equal to the amount herein specified for each county according to the following classifications: (a) In any county with less than 10,000 inhabitants, \$55,000; (b) In any county with 10,000 but less than 20,000 inhabitants, \$65,000; provided that in addition thereto for the sole purpose of appropriating money as authorized in Minnesota Statutes 1945, Section 376.08, there may be levied in any year before 1954 an additional sum not exceeding \$65,000; (c) In any county with 20,000 but less than 30,000 inhabitants, \$75,000; (d) In any county with 30,000 but less than 40,000 inhabitants, \$85,000; (e) In any county with more than 40,000 inhabitants, \$100,000, based upon the last preceding taxable valuation of such county, in which case the county board may levy at such rate as will raise the amount levied by the board to, but not exceeding said sum; provided, however, that in any county where the expenditures have exceeded the amount authorized to be levied under the provisions of this section for any year or years prior to 1949, the county board may include the amount of the deficit caused by such expenditures in the levy for the year 1949 or 1950, in addition to the amount hereinbefore provided.
- (3) For town purposes, such sum as may be voted at any legal town meeting, the rate of which tax shall not exceed, exclusive of such sums as may be voted at the annual town meeting for road and bridge purposes and for the support of the poor, five mills in any town having a taxable valuation of \$100,000 or more, and the amount of which shall not exceed \$350 in any town having a taxable valuation of less than

\$100,000, and the rate of which shall not exceed one per cent in any town; the rate of tax for road and bridge purposes in any town shall not exceed the rate provided by Minnesota Statutes 1945, Section 163.05, and the tax for poor purposes shall not exceed five mills, provided, that in any town in which the amount levied within the above limitations is not sufficient to enable such town to carry on its necessary governmental functions, the electors, during the business hours after disposing of the annual report, may make an additional levy of not to exceed five mills to enable such town to carry on such necessary governmental functions.

(4) For school district purposes, such amounts as are provided in Minnesota Statutes, Chapters 120 to 132.

275.091 NOT TO SUPERSEDE OR REPEAL ANY ACT PROVIDING FOR A HIGHER LEVY. This act shall not be construed as repealing any existing law which provides for a higher levy than the amount specified herein, nor shall it be construed as superseding any other act enacted by the 1949 session of the legislature, relating to the same subject.

[*1947 c 268 s 2; 1949 c 141 s 2*]

275.10 TAX LEVY IN TOWNS. Subdivision 1. **Rate.** The total amount of taxes, exclusive of money and credits taxes, levied in each calendar year by or for any town, through the vote of the town meeting or the electors of such town or otherwise, and by or for any board or commission thereof, for any and all general or special purposes whatsoever, including payment of indebtedness and bonds, shall not exceed 17 mills on the dollar of the assessed taxable valuation of the property in the town, exclusive of money and credits, whenever such levy of 17 mills upon the dollar of such assessed taxable valuation will produce a total levy of town taxes as great as or greater than an average of \$1,000 per government section of the entire area of such town, according to government survey of the property therein in any one calendar year, and no such town, by vote of the electors or otherwise, shall contract debts or make expenditures in any calendar year in excess of the amount of taxes assessed for that year, plus any available unexpended balance in prior years against which obligations have not been incurred.

Subd. 2. **Additional levy.** If, prior to the calendar year 1927, such town has incurred, by proper authority, a valid indebtedness, including bonds, in excess of its cash on hand, plus any amount in any sinking fund, plus taxes levied prior to 1927 and uncollected but not delinquent, and plus any funds otherwise available, such town, within the limits now permitted by law, may levy, in addition to the foregoing, sufficient sums to pay and discharge such excess indebtedness, bonds and interest thereon, but any such additional sum so levied shall be levied separately and when collected shall be paid into a separate fund and used only for the purpose of paying such excess indebtedness, bonds and interest thereon.

Subd. 3. **Limitation.** This section shall not authorize, nor shall it be construed in any instance as authorizing, the levy or spreading of total amounts of taxes for specific purposes or in total amounts in any year in excess of the amount allowed by law at the time of the passage of this section, but this section is and shall be considered an additional limitation.

Subd. 4. **Excessive levy, procedure.** If any such town shall return to the county auditor a levy greater than herein permitted, such auditor shall extend only such amount of taxes as the limitations herein prescribed shall permit, and to that end he shall determine the area of such towns as herein described from the records in his office or such other data as to government survey as may be available. If such town shall make levies otherwise valid, in specific amounts, for specific purposes, which aggregate more than the total amount permitted by this section, then the amount of each specific levy shall be reduced and spread by him proportionately, to bring the aggregate within the total limit herein permitted.

[*1927 c. 110 ss. 1, 2, 3*] (2060-2, 2060-3, 2060-4)

275.11 TAX LEVY FOR GENERAL PURPOSES LIMITED. The total amount of taxes levied by or for any city or village, having a population of more than 3,000, for any and all general and special purposes, exclusive of taxes levied for special assessments for local improvements on property specially benefited thereby, shall not exceed in any year the amount hereinafter indicated per capita of the population of such city or village: 1941, \$67.50 per capita; 1942, \$65 per capita; 1943, \$62.50 per capita; 1944, \$60 per capita; 1945, \$57.50 per capita; 1946, \$55 per capita;

1947, \$52.50 per capita; 1948 and thereafter, \$50 per capita. 275.12 TAX LEVY FOR SCHOOLS LIMITED. Subdivision 1. The total amount to taxes levied by or for any school district in the state having a population of more than 5,000 for all general and special school purposes including the county school tax of one mill, required to be levied by the statute, but exclusive of any state levy, income tax apportionment or other aids, or levies made for the payment of tax anticipation certificates issued under Laws 1947, Chapter 575, shall not exceed in any year the amount hereinafter indicated per capita of the population of such school district: 1941, \$57.50 per capita; 1942, \$55 per capita; 1943, \$52.50 per capita; 1944, \$50 per capita; 1945, \$47.50 per capita; 1946, \$45 per capita; 1947, \$42.50 per capita; 1948 and thereafter, \$40 per capita; in school districts having a population of 5,000 or less, such levy shall not exceed in any year the amount hereinafter indicated per capita of the population of such school district; 1941 and 1942, \$60 per capita; 1943, \$57.50 per capita; 1944, \$55 per capita; 1945, \$52.50 per capita; 1946, \$50 per capita; 1947, \$47.50 per capita; 1948, \$45 per capita; 1949, \$42.50 per capita; 1950 and thereafter, \$40 per capita. If in any year the maximum levy specified herein will not amount to \$110,000 for each school unit consisting of grades one to 12, inclusive, in any district, such district in that year may levy in excess of the amounts herein provided but not in excess of \$60 per capita and not in excess of \$110,000 for each complete school unit consisting of grades one to 12, maintained in such district.

Subd. 2. In excess of the limitations set forth in subdivision 1 and in addition to any levies authorized by Laws 1947, Chapter 575, but not in excess of the limitations contained in any other law or charter, any district having a population in excess of 5,000 and operating schools in not more than four villages or cities, may levy an additional sum not exceeding \$11 per capita of the population of such school district in the year 1949 and subsequent years; any district having a population of more than 5,000 and operating schools in more than four villages or cities, may levy an additional sum not exceeding \$19 per capita in the year 1949 and subsequent years; any district having a population of not more than 5,000 but more than 2,500, and not falling within any subsequent classification of this subdivision, may levy an additional sum not exceeding \$14.50 per capita in the year 1949 and \$17 per capita in the year 1950 and subsequent years; any district having a population of more than 2,500 in which in any year the maximum levy specified in subdivision 1 will amount to \$110,000 for each school unit consisting of grades one to 12 may levy an additional sum not exceeding \$17 per capita in 1949 and subsequent years, in excess of \$110,000 or in excess of \$220,000, if such district maintains two complete school units of grades one to 12; any district having a population of 2,500 or less in which in any year the maximum levy specified in subdivision 1 will amount to \$110,000 or less, may levy an additional sum not exceeding \$21 per capita in 1949 and subsequent years in excess of the amount provided by subdivision 1.

Subd. 3. If within one year prior to the passage of this section, territory has been detached from any independent school district and annexed to any other independent school district, the population of said two districts, for the purpose of computing the limitation upon tax levies authorized by this section and for the purposes of Laws 1947, Chapter 575, shall be computed in the years 1949 and 1950, by assigning 50% of the population of the territory so detached to the school district from which it was detached, and 50% thereof to the school district to which such territory was attached. In such case, title to any buildings or real estate in such territory owned by the school district from which such territory was detached, shall pass to the district to which such territory was annexed, as of January 1, 1951.

Subd. 4. If the Consumers Price Index, as published by the United States Department of Labor, Bureau of Labor Statistics, for the City of Minneapolis, Minnesota (or if no such index is published for the City of Minneapolis, for the nearest city to Minneapolis for which such index is published) as of December 15th of any year (or for the date nearest to December 15th if no such index is published as of December 15th) shall be below 155 (using the average for the years 1935-1939 as a base), the additional levies authorized by subdivision 2 made in the next ensu-

ing year, shall be reduced by 10% of the amounts authorized by said subdivision for each full 5 points that such index shall be below 155; if said index for said date shall increase above 185, the additional levies provided by subdivision 2 made in the next ensuing year, shall be increased by 10% the amounts authorized by said subdivision for each full five points that such index shall be above 185; provided, such decrease shall not operate to reduce the levy of such district below the amounts authorized by section 275.12 as amended by Laws 1947, Chapter 573, prior to this amendment, and such increase shall not operate to increase such additional levies by more than 100% thereof. If the designation of such Consumers Price Index shall be changed or such index be issued by any other agency of the United States Government, the published index of such other agency computed substantially in the same manner as said 'Consumers Price Index' is now computed, shall be used for the purpose of this subdivision.

Subd. 5. The additional levy provided for in subdivision 2 shall be made separately from other levies of the school district. At least 30 days before making such additional levy the school board shall adopt a resolution fixing the budget of estimated receipts and expenditures of the district for the fiscal year, in which such levy is to be made, or if the district is operating on a calendar year basis, for the next ensuing calendar year. Such budget shall show specifically the estimated total current expenditures and the estimated total current non-instructional expenditures, as hereinafter defined. No such additional levies shall be made unless either (1) less than 35% of the total expenditures of the district during said year under said budget will be expended for non-instructional costs; or (2) the board in adopting such budget shall have reduced the expenditures for non-instructional purposes to the lowest percentage of total expenditures consistent with the proper operation of the schools of the district. Limitation of the expenditures for non-instructional costs during said year to the percentage of total current expenditures shown by said budget, may be enforced by action in the district court at the suit of any taxpayer. The resolution fixing such budget and setting forth that the requirements of either clause (1) or clause (2) of this subdivision have been complied with, shall be published at least once in a legal newspaper published in said district, or if no legal newspaper is published in said district, in the county in which the district is located. Proof of such publication shall be filed with the county auditor. No such additional levy provided in subdivision 2 shall be spread by the county auditor of the county in which such school is located until more than 30 days subsequent to the date of such publication. Within such period any taxpayer may bring action to enjoin the making of such additional levy, upon the ground that the requirements of neither of said alternative clauses of this subdivision have been complied with, and if the court shall find that such district has not complied with such requirements, it shall enjoin the making of such levy, or if such levy has been spread, reduce the amount of the taxes by an amount equal to such additional levy so spread. The court may issue such temporary restraining orders and injunctions pending final determination of any such action, as it may deem proper. If no such action is commenced within such 30-day period, no defense to such additional levies on the ground of non-compliance with either of said clauses (1) or (2) hereof may be interposed in any subsequent tax proceedings. Within the meaning of this subdivision, the expression 'total current expenditures' means the total expenditures of the district during a year for all purposes other than bonds and interest thereon, improvements properly chargeable as capital outlay, transportation, health service, and that portion of the expenditures for special non-instructional activities which is recovered by charges or reimbursement collected therefor; the expression 'non-instructional costs' means all that part of total current expenditures which is not expended for instructional salaries, including teachers and superintendents, text and library books, instructional supplies, and other costs of instruction as defined by the state department of education. If action is commenced as above provided, the state commissioner of education at the request of any party to said action, shall analyze the budget and operations of the district affected and shall report his opinion as to whether or not such district has reduced its expenditures for non-instructional purposes to the lowest percentage of total expenditures consistent with the proper operation of the schools of the district, which report shall be admissible in evidence in such action. In any such action the school district making the levy shall be made a party defendant.

Subd. 6. In the event that a taxpayer obtains a temporary injunction or restraining order restraining the county auditor from spreading such additional tax

levy so that such additional levy cannot be spread by the auditor in that year, and such levy is subsequently held to be valid, said school district may issue tax anticipation certificates in the amount of the additional tax levy within the limitations of this section, certified by the district to the county auditor for said year. Such certificates shall be issued in such denominations as the board may determine, shall bear interest at such rate as may be fixed by the board, not exceeding 4% per annum, and shall be sold for not less than par and accrued interest. They shall be due and payable at such times as may be fixed by the board, not later than December 31st of the year following the year in which issued. The board may pledge the full faith and credit of the district and the tax levies authorized hereunder for the payment of such certificates in full and they shall be a first charge upon the levy as pledged. In the event that at the time of the issuance of any of such certificates the district shall have money in the hands of the treasurer levied for its operations in the following calendar or fiscal year, it may issue such certificates to the treasurer, in lieu of selling them as heretofore provided, in which event such funds equal to the face value of such certificates may be transferred so as to be available for expenditures in the year of issuance. Certificates so issued to the treasurer shall be held by him, and may be sold under the direction of the board when necessary to replace the funds so advanced, and shall bear interest from the date of such sales. At the time of making its next general tax levy following the issuance of such certificates, said school district may levy a tax in excess of any existing limitations in an amount sufficient for the payment of any such certificates issued during the previous year with interest thereon. Monies levied for such purpose shall be put into a special fund and shall be used for no other purpose than the payment of such certificates and interest, and any balance in said fund after payment thereof may be transferred to the general fund and the next tax levy of the district shall be reduced in such amount as was transferred.

[1921 c 417 s 2; 1941 c 543 s 2; 1947 c 573 s 1; 1949 c 435 s 1] (2062)

275.13 ADDITIONAL LEVIES TO COVER INDEBTEDNESS. If, prior to the calendar year 1941, any such city, village, or school district has incurred by proper authority a valid indebtedness, including bonds, in excess of its cash on hand, plus any amount in any sinking fund for the payment of indebtedness, such city, village, or school district, within, but not above, the limits now permitted by law, in addition to the foregoing, may levy sufficient amounts to pay and discharge such excess indebtedness, bonds, and interest thereon; but any such additional sums so levied shall be separately levied, and when collected paid into a separate fund and used only for the purpose of paying such excess indebtedness, bonds, and interest thereon. Nothing in this section shall be construed to affect or limit levies heretofore or hereafter made pursuant to this section for the retirement of indebtedness incurred prior to April 21, 1921, within the limits then permitted by law, or pursuant to section 275.11 for the retirement of indebtedness incurred prior to the calendar year 1929, within the limits then permitted by law. The term "indebtedness" shall include any indebtedness which any such school district is obligated to pay pursuant to Laws 1935-1936, Extra Session, Chapter 2.

[1921 c. 417 s. 3; 1941 c. 543 s. 3] (2063)

275.14 SPECIAL CENSUS. For the purposes of sections 275.11 to 275.16, the last respective state or federal census, or the census herein provided for, of population taken prior to the calendar year in which any such levy may be made shall govern and shall be conclusive in determining hereunder the population of any city, village, borough, or school district; provided, that in any year in which no state or federal census is taken pursuant to law in any such city, village, borough, or school district affected by sections 275.11 to 275.16 a census may be taken as hereinafter provided. In cases where a census may be taken in any such city, village, borough, or school district, the council of such city, village, borough, or the school board of such school district, in case it desires such census, shall pass a resolution requesting the taking thereof by the secretary of state and shall furnish the secretary of state a certified copy thereof, whereupon the secretary of state shall cause such census to be taken under his immediate supervision and such rules and regulations as he may prescribe, and shall certify the result thereof to the council of such village, city, borough, or the school board of such school district, as the case may be, within three months from the receipt by him of the certified copy of the resolution. The expense of taking such census shall be paid by the city, village, borough, or school district, as the case may be, in which the same is taken.

The term "council," as used in sections 275.11 to 275.16, means any board or body, whether composed of one or more branches, authorized to make ordinances for the government of a village, city, or borough within this state.

[1921 c. 417 s. 4] (2064)

275.15 NOT TO INCREASE LEVIES. Sections 275.11 to 275.16 shall not authorize, nor be construed as, in any instance, authorizing the levy of total amounts of taxes in any year in excess of the amount allowed by law at the time of the passage of these sections, but shall be considered an additional limitation.

[1921 c. 417 s. 5] (2065)

275.16 COUNTY AUDITOR TO FIX AMOUNT OF LEVY. If any such municipality shall return to the county auditor a levy greater than permitted by sections 275.11 to 275.16, such county auditor shall extend only such amount of taxes as the limitations herein prescribed will permit; provided, if such levy shall include any levy for the payment of bonded indebtedness or judgments, such levies for bonded indebtedness or judgments shall be extended in full, and the remainder of the levies shall be reduced so that the total thereof, including levies for bonds and judgments, shall not exceed such amount as the limitations herein prescribed will permit.

[1921 c. 417 s. 6; 1941 c. 543 s. 4] (2066)

275.161 ADDITIONAL LIMITATION. Sections 275.11, 275.12, 275.13, and 275.16 shall be considered an additional limitation and shall not be construed as in any instance authorizing the levy of total amounts of taxes in any year in excess of the amount allowed by law on April 28, 1941.

[1941 c. 543 s. 5]

275.17 ISSUE OF MUNICIPAL WARRANTS LIMITED. From and after January 1, 1930, no city or village in the state wherein the tax levied in the year 1928 exceeded \$100 per capita of the population, as defined by sections 275.11 to 275.16, shall draw any order or warrant on any fund until there is sufficient money in such fund to pay the same, together with all orders previously issued against such fund.

[1929 c. 208 s. 1] (2066-1)

275.18 BOARD NOT TO CREATE INDEBTEDNESS. When the expense and obligations incurred chargeable to any particular fund of such city or village in any calendar year are sufficient to absorb 85 per cent of the entire amount of the tax levy payable in that year, including such amount as may remain in the fund from the levy of prior years, no officer, board, or official body of such city or village shall have the power, and no power shall exist, to create any additional indebtedness (save as the remaining 15 per cent of such tax levy is collected) which shall be a charge against that particular fund, or shall be, in any manner, a valid claim against such city or village, but such additional indebtedness attempted to be created shall be a personal claim against the officer or members of the municipal board or body voting for or attempting to create the same.

When any department, board, or commission of such village has the power to expend money, such department, board, or commission shall not, during any year, commencing with the year 1933, contract any indebtedness or incur any pecuniary liability which shall be in excess of the sum that may be allotted to its department for that year by the village council. The village council shall, by resolution, prior to March first, each year, set aside for each such department, board, or commission, such sums as it deems necessary and adequate for the proper operation thereof; subject, however, to amendments of such resolution thereof as necessity may require; provided, that that part of the police budget allocated to the payment of salaries in the police department shall not be reduced during the fiscal year, and that only the surplus in such salary budget that is created by reason of death, resignation, or reduction in the number of employees in the department may be placed in the general fund of the village. Any member of any department, board, or commission who attempts to, or does, incur any expense, obligation, or indebtedness against such department, board, or commission, in an amount greater than the sum allotted to the department, board, or commission of which he may be a member, shall be personally liable for such excess indebtedness, expense, or obligation. Where any board operates from funds collected by its own department, it may use the full amount of such funds as may, by law, be provided, notwithstanding the amount of the allotment made by the village council.

[1929 c. 208 s. 2; 1933 c. 231 s. 1; 1937 c. 125 s. 1] (2066-2)

275.19 TAX RECEIPTS USED TO PAY INDEBTEDNESS. All moneys received from taxes levied in the year 1928 and payable in the year 1929 in any such city or village shall be placed in a separate fund or funds and used only for the purpose of paying obligations incurred during the calendar year 1929 and interest thereon, and for payment of bonds and interest thereon which shall mature and become due in said year. The amount which any such city or village shall have the right to levy pursuant to sections 275.11 to 275.16, over and above the amounts therein authorized to be levied for any and all general and specific purposes, for the purpose of paying indebtedness existing January 1, 1929, as defined in sections 275.11 to 275.16, shall be used for the purpose of paying such indebtedness and the interest accruing thereon, and the remaining part of such levy shall be paid into a separate fund or funds and used only for the purpose of paying obligations incurred against or payable from such fund or funds in the year immediately succeeding the making of such levy, and any balance remaining at the end of any such year may be used in later years in addition to the taxes levied for such year or years; provided, that if any such city or village have any bonds issued for indebtedness incurred subsequent to April 21, 1921, and prior to the year 1929, which mature and become payable in the year 1930, such bonds and interest and interest payments on other bonds so issued shall be paid from taxes levied in the year 1929.

[1929 c. 208 s. 3] (2066-3)

275.20 CERTIFICATES OF INDEBTEDNESS. At any time after the annual tax levy has been certified to the county auditor, and not earlier than October tenth, in any year, the governing body of such city or village may, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes so levied for any fund named in such tax levy for the purpose of raising money for any such fund, but no certificate shall be issued and be outstanding for any of such separate funds exceeding 60 per cent of the amount named in the tax levy, as spread by the county auditor, to be collected for the use and benefit of such fund, and no certificate shall be issued to become due and payable later than December thirty-first of the year succeeding the year in which such tax levy, certified to the county auditor, as aforesaid, was made, and the certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than six per cent per annum; each certificate shall state upon its face for which fund the proceeds of the certificates shall be used, the total amount of the certificates so issued, and the whole amount embraced in the tax levy for that particular purpose. They shall be numbered consecutively and be in the denominations of \$100, or a multiple thereof, and may have interest coupons attached and shall be otherwise of such form and terms and may be made payable at such place as will best aid in their negotiation, which certificates are hereby declared to be negotiable, and the proceeds of the tax assessed and collected, as aforesaid, on account of such fund, and the faith and credit of such city or village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the moneys derived from the levy for the year against which they were issued. The money derived from the sale of such certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy. No certificates for any year shall be issued until all certificates for prior years have been paid, except that any money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year, nor shall any certificate be extended.

[1929 c. 208 s. 4; 1933 c. 231 s. 2] (2066-4)

Note: Limitation of 60 per cent of the amount named in the tax levy is superseded by the provision of section 477.30 permitting issuance of certificates of indebtedness for such cities or villages up to 95 per cent of the tax levy.

275.21 BONDS TO FUND INDEBTEDNESS. For the purpose only of paying and discharging its valid indebtedness, except bonds, which existed January 1, 1929, and interest thereon until paid, such city or village may issue its bonds in the manner now provided by law, except that such bonds may be issued on a vote of the council thereof without a vote of the electors; provided, that if any moneys received from taxes levied in 1928 and payable in 1929 or income from local sources received since January 1, 1929, have been used prior to the passage of

sections 275.17 to 275.21 for the retirement of indebtedness existing January 1, 1929, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were so paid.

The aforesaid limitation shall not be construed as prohibiting assessments on property adjacent to local improvements made in any city or incorporated town or village, for the purpose of paying the cost thereof and the damages occasioned thereby; and nothing in this section shall be construed to prevent the county commissioners, town supervisors, or corporate authorities of any city, town, village, or school district from levying any tax which by any special law they may be authorized to levy.

[G. S. 1894 s. 1558; 1899 c. 117; R. L. s. 871; 1907 c. 404 s. 1] (2067)

275.23 LIMITATIONS OF SECTION 275.09. The rate per cent necessary to raise the required amount of the various taxes shall be calculated on the assessed valuation of property as determined by the state board of equalization, but, in calculating such rates, no rate shall be used resulting in a fraction other than a decimal fraction, or less than one-tenth of a mill; and, in extending any tax, whenever it amounts to the fractional part of a cent, it shall be made one cent. The tax lists shall also be made out to correspond with the assessment books in reference to ownership and description of property, with columns for the valuation and for the various items of tax included in the total amount of all taxes set down opposite each description; and opposite each description which has been sold for taxes, and which is subject to redemption, but not redeemed, shall be placed the words "sold for taxes." The amount of all special taxes shall be entered in the proper columns, but the general taxes may be shown by entering the rate per cent of each tax at the head of the proper columns, without extending the same, in which case a schedule of the rates per cent of such taxes shall be made on the first page of each tax list. If the auditor shall fail to enter on any such list before its delivery to the treasurer any tax levied, such tax may be subsequently entered.

The expense of taking such census shall be paid by the school district in which the same is taken. In the year 1945, and every tenth year thereafter, the governing body of such school district may, if it desires a special census taken of the population of the district, have the same taken under the direction of the secretary of state in the manner above provided.

275.45 WHICH CENSUS GOVERNS. For the purposes of sections 275.44 to 275.47, the last respective state or federal census of population taken prior to the enactment thereof shall govern and be conclusive in determining hereunder the population of any such city or village in fixing all levies up to and including the levy of the year 1942. For levies subsequent to the year 1942 the last respective state or federal census prior to the calendar year in which any such levy may be made shall govern. In the year 1945, and each tenth year thereafter, the council of such city or village may, in case it desires a special census, pass a resolution requesting the taking thereof by the secretary of state, and shall furnish the secretary of state a certified copy thereof; whereupon the secretary of state shall cause such census to be taken under his immediate supervision, and under such rules and regulations as he may prescribe, and shall certify the result thereof to the council of such village or city within three months from the receipt by him of such certified copy of resolution. The expense of taking such census shall be paid by the city or village in which the same is taken.

[1935 c. 134 s. 3] (2066-9)

275.46 LIMITATION OF LEVY. Sections 275.44 to 275.47 shall not authorize, or be construed as in any instance authorizing, the levy of total amounts of taxes in any year in excess of the amount allowed by law at the time of the passage of Laws 1935, Chapter 134, and shall be considered an additional limitation.

MINNESOTA STATUTES 1949

275.47 LEVY AND EXTENSION OF TAXES

2176

275.47 COUNTY AUDITOR TO MAKE LEVY WITHIN LIMIT. If any such city or village shall return to the county auditor a levy greater than herein permitted, such county auditor shall extend only such amount of taxes as the limitations herein prescribed will permit.

[1935 c. 134 s. 5] (2066-11)

275.48 ADDITIONAL TAX LEVIES IN CERTAIN MUNICIPALITIES. Whenever the assessed valuation of any city, village, township or school district for any taxable year is reduced after the taxes for such year have been spread by the county auditor and whenever the mill rate as determined by the county auditor based upon the original assessed valuation is applied upon such reduced valuations and does not produce the full amount of taxes as actually levied and certified for such taxable year upon the original assessed valuations, such city, village, township or school district may include in its tax levy made following such reduction in assessed valuation, an amount equal to the difference between the total amount of taxes actually levied and certified for such taxable year upon the original assessed valuation, not exceeding the maximum amount which could be raised upon such assessed valuation as reduced, within existing mill limitations, if any, and the amount of taxes collected for such taxable year upon such reduced valuations.

The amount of taxes so included shall be levied separately and shall be levied in addition to all limitations permitted by section 275.11, as other applicable laws limiting levies in cities, villages, towns or school districts.
