For the purpose of controlling and regulating the flow of such stream in its new channel, the city may, by the erecting of dams or other suitable means, raise the waters of any lake or lakes from which the stream may flow, or through which the new channel may flow, and control and regulate the discharge from such lake or lakes, and straighten, enlarge, and make such changes and improvements in the channels as may be necessary for such purposes. [1905 c. 18 s. 3] (1511)

465.29 CONDEMNATION; SPECIAL ASSESSMENTS. The power of eminent domain and the power to levy special assessments for benefits are hereby delegated to such cities for the purposes of sections 465.26 to 465.48, to acquire the lands and rights needed or any of them, to be exercised as follows.

The city council shall by ordinance determine and declare as nearly as may be the cost of such improvements, exclusive of damages to property, and appoint five appraisers, who shall be disinterested freeholders and qualified voters of the county, and none of whom shall be residents of the town or ward or wards of the city in which the property so designated is situated, to view the premises and appraise the damages which may be occasioned by the taking of private property or otherwise in making such improvement, and to assess special benefits resulting therefrom. These appraisers shall be notified

as soon as practicable by the city clerk to attend, at a time fixed by him, for the purpose of qualifying and entering upon their duties. When a vacancy may occur among these appraisers by neglect or refusal of any of them to act or otherwise, such vacancy shall be filled by the city council.

[1905 c. 18 s. 5] (1513)

465.31 OATH. The appraisers shall be sworn to discharge their duty as appraisers in the matter with impartiality and fidelity; and to make due return of their acts to the city council.

[1905 c. 18 s. 6] (1514)

The appraisers shall give notice of their meeting by publication in the official newspaper of the city, once a week for six consecutive weeks, which last publication shall be at least ten days before the day of such meeting, which notice shall name the stream to be diverted, the point of diversion, the general course of the new channel and the height to which it is proposed to raise or maintain any lake, the location of proposed bridges, culverts, or tunnels, the estimated cost of construction, and contain a description of the lands designated by the city council to be taken for right of way and for flowage purposes, and give notice that a plan of the improvement has been filed in the office of the city clerk, and that the appraisers will meet at a place and time designated in the notice, and thence proceed to view the premises and appraise the damages for property to be taken, or which may be damaged by the diversion of water or otherwise by such improvement, and to assess benefits in the manner hereinafter specified. If any portion of such stream or of the lands to be taken is outside of the county containing such city, then the notice shall be published for a like time in some newspaper in such outside county.

When their view and hearing shall be concluded they shall determine the amount of damages, if any, suffered by each piece or parcel of land affected by the improvement. They shall determine the amount of special benefits, if any, occurring by reason of diversion of water, drainage, or otherwise, to each piece or parcel of land wherever situate and whether contiguous to the improvement or not. If the damages exceed the benefits to any particular piece, the excess shall be awarded as damages. If the benefits exceed the damages to any particular piece, the difference shall be assessed as benefits, but the total assessment for benefits shall not be greater than the aggregate net award of damages added to the estimated cost of construction; and in every case the benefits assessed upon the several parcels shall be in proportion to the actual benefits received, and no assessment upon any particular piece shall exceed the amount of actual special benefits after deducting the damages, if any.

[1905 c. 18 s. 9] (1517)

465.35 BUILDINGS. If there be any buildings standing, in whole or in part, upon any parcel of the land to be taken, the appraisers shall, in such case, determine the amount of damages which should be paid to the owners thereof, in case such building, or so much as may be necessary, should be taken, and shall appraise and determine the amount of damages to be paid such owners in case they shall elect to remove such buildings.

[1905 c. 18 s. 10] (1518)

465.36 DIFFERENT OWNERS OR INTERESTS. If the land and buildings belong to different persons or if the land be subject to lease, mortgage, or judgment, or if there be any estate less than an estate in fee, the injury or damage done to such person, or interests, respectively, may be awarded to them separately by the appraisers. Neither such award of the appraisers, nor the confirmation thereof

by the city council, shall be deemed to require the payment of such damages to the person or persons named in such award, in case it shall transpire that such persons are not entitled to receive the same.

[1905 c. 18 s. 11] (1519)

465.37 REPORT. [1905 c. 18 s. 12] (1520)

465.38 NOTICE OF APPRAISEMENT; CONFIRMATION OR ANNULLMENT. Upon such report being filed, the city clerk shall give notice that such appraisal has been returned and that the same will be considered by the city council at a meeting thereof to be named in the notice, which notice shall contain the schedule of damages awarded and benefits assessed and be published in the official newspaper of the city once a week for two consecutive weeks, and the last publication shall be at least ten days before such meeting. Any person interested in any building standing in whole or in part upon any land required to be taken by such improvement shall, on or before the time specified for the meeting in such notice, notify the city council in writing of his election to remove such building, if he so elect.
