145.01 LOCAL HEALTH BOARDS; HEALTH OFFICERS. Every town board shall be a board of health within and for the town and have jurisdiction over every village within its boundaries wherein no organized board of health exists. Every village may, and every city shall, provide by ordinance for the establishment of a board of health therefor. In the absence of such provision in any city, the state board of health, hereinafter called the state board, may appoint three or more persons to act as such until a local board is established and organized and may fix their compensation, which the city shall pay. Two members of each county board, chosen by it yearly at its annual meeting, and one resident physician elected at the same time, shall constitute the county board of health, with jurisdiction over all unorganized towns therein, and with such other powers and duties in reference to the public health as the state board shall, by its published regulations, prescribe. All local health boards of each county shall cooperate so far as practicable and the state board by written order may require any two or more local boards to act together for the prevention or suppression of epidemic diseases. At least one member of every local board shall be a physician, who shall be the local health officer and executive of the board. If no member of a town board is a physician, it shall appoint a health officer for the town. The compensation of all local health officers shall be prescribed by the body appointing him or to which he belongs and the same, together with his necessary expenses, shall be paid by the county or municipality in which he serves.

[R. L. s. 2134] (5348)

145.02 DEPUTY HEALTH OFFICER IN CITIES OF THE THIRD CLASS. The governing body of any city of the third class in this state shall have authority to appoint a deputy local health officer with power to exercise, under the supervision of the local health officer, all of the powers and duties of such officer and to be paid such compensation as the governing body of the city shall determine. The total compensation for the local health officer and the deputy local health officer shall not exceed that now or hereafter authorized to be paid to the local health officer.

145.03 DUTIES OF LOCAL BOARDS OF HEALTH; PENALTIES. All local boards of health and health officers shall make such investigations and reports and obey such directions concerning communicable diseases as the state board may require or give; and, under the general supervision of the state board, they shall cause all laws and regulations relating to the public health to be obeyed and enforced. When the state board shall have reason or cause to believe, from its

records or any other information in its possession, that the provisions of this section are being or have been violated, the state board shall advise the attorney general thereof, giving the information in support of such belief, and the attorney general or, under his direction, the county attorney of any county in which the violation occurs, shall forthwith institute proceedings for the enforcement of the provisions of this section and for the punishment of the violation thereof.

[R. L. s. 2135; 1923 c. 92 s. 1] (5349)

145.04 ENTRY FOR INSPECTION. For the purposes of performing their official duties, all members, officers, and employees of the state and local boards of health and all health officers shall have the right to enter any building, conveyance, or place where contagion, infection, filth, or other source or cause of preventable disease exists or is reasonably suspected.

[R. L. s. 2136] (5350)

145.05 POWERS OF HEALTH OFFICER IN ASSUMING JURISDICTION OVER COMMUNICABLE DISEASES. The health officer in a municipality or the chairman of the board of supervisors in a town shall employ, at the cost of the health district over which his local board of health has jurisdiction and in which the person afflicted with a communicable disease is located, all medical and other help necessary in the control of such communicable disease, or for carrying out, within such jurisdiction, the lawful regulations and directions of the state board, its officers or employees, and, upon his failure so to do, the state board may employ such assistance at the expense of the district involved. Any person whose duty it is to care for himself or another afflicted with a communicable disease shall be liable for the reasonable cost thereof to the municipality or town paying such cost, excepting that the municipality or town constituting such district shall be liable for all expense incurred in establishing, enforcing, and releasing quarantine, half of which may be recovered from the county, as provided for under sections 145.06 and 145.07.

All claims arising under section 145.05 against any town, village, or city, if not paid by persons liable therefor, shall be presented to the town board or council for audit and allowance as in the case of other claims. If any such claim be deemed excessive, or the whole or any part of the services or expenses charged for unnecessary, the items or parts objected to shall not be allowed without the approval of two disinterested physicians, given in the presence of the board or council. Upon the allowance of any such claim, the amount thereof shall be paid, and a certified statement shall be transmitted to the county auditor, embracing a copy of the claim as allowed, the date of such allowance, and showing for what purpose and to whom the allowance was made. The auditor shall lay such statement before the county board at its meeting next following the receipt thereof. One-half the amount so allowed and paid shall be a claim against the county and, if deemed just and reasonable by the board, the same shall be allowed and paid.

[R. L. s. 2138] (5352)

145.07 APPEAL FROM DISALLOWANCE; COSTS. Within ten days after written notice by the auditor to the clerk of the town, village, or city of the disallowance of the whole or any part of the half of any such claim chargeable upon the county, the claimant may appeal from such disallowance to the district court by giving notice of appeal as in other cases and without giving any bond or other security thereon. Such appeal shall be noticed, tried, and determined as in other appeals from the disallowance of claims by the county board. Unless the appellant shall recover more than the amount allowed by the county board, he shall be liable for costs and disbursements; otherwise the county shall be liable.

(2) The county health officer or a physician appointed by the county commissioners;

(3) A county commissioner appointed by the board of county commissioners;

(4) Two residents of the county appointed by the county commissioners.

The nursing committee of each county shall effect a permanent organization and meet at regular intervals with the nurses.

The county board of each county having a county board of health or nursing committee may allocate in its annual budget a sum not to exceed \$2,000, which sum may be used by such county board of health or nursing committee for the purpose of purchasing public health supplies and for the payment of necessary mileage at the legal rate, for the members of such board or committee when attending regular or special meetings of said board or committee such meetings not to exceed 12 in number annually, or for the payment of a per diem of \$5 to members of such board or committee not on any other public payroll for each such meeting necessarily attended; said expenses and payments to be made on verified accounts and payable out of the general revenue fund of such county by auditor's warrant after allowance by the county board.

590552 Subd. 2. **Nursing committee, Hennepin county.** In each county now or hereafter having a population of 550,000 or more, when a nursing district is formed under the provisions of section 1, subdivision 3, the governing bodies of the municipalities, school districts and towns comprising such nursing district, meeting in a joint session, shall detail the district public nurses to act under the direction of a nursing committee of seven members; one member shall be the county superintendent of schools; six members shall be appointed by such governing bodies meeting in joint session, as follows:

The nursing committee shall be a permanent organization and meet at regular intervals with the nurses. At its first meeting each year, the committee shall elect from its members a chairman and secretary. All appointments to membership of the nursing committee shall be for one year and until successors are appointed. The committee shall fill vacancies in its membership for the unexpired term.

Subd. 2. **Schedule of fees.** The county board or the nursing district, as the case may be, shall set up an equitable schedule of fees, taking into consideration the ability of some of the ill or disabled persons to pay fully for the services received, the ability of others to pay only a part of the fee, and the inability of others to pay any part thereof. Home nursing care services shall not be denied to any person who is in need of such services and lacks means to pay either in whole or in part for the cost of the services he has received. These fees may not exceed the costs of the actual service furnished, as determined by a study of costs which the county board or the nursing district will undertake in January each year. The results of this study, together with a schedule of such fees, shall be filed with the state board of health. In lieu of making such annual studies, the county board or the nursing district may adopt a schedule of fees established by the state Board of health from information gathered by it relative to the costs of nursing service.

Subd. 3. Collection of fees. The county board or the nursing district, as the case may be, shall set up a procedure for the collection of these fees and may assign the duty of collection to the public health nursing service.

Subd. 4. Fees paid into county revenue fund or nursing fund. Fees so collected in any county shall be paid into the revenue fund of the county and shall be used for such purposes as the county board determines after giving due consideration to the total needs of the public health nursing service. Fees so collected in any nursing district shall be paid to the special nursing fund of the nursing district and used for the purposes of carrying out the program of public health nursing therein.

[1955 c 456 s 1-4]

145.125 COUNTY PUBLIC HEALTH NURSING SERVICE. Subdivision 1. **State aid quota; employment of nurse.** A county shall be paid from the appropriation to the state board of health for that purpose the sum of \$375 a quarter to aid in the payment of the cost of public health nursing provided that the county board thereof certifies to the State Board of Health within 60 days from a quarter ending September 30, December 31, March 31, or June 30 respectively, the following facts:

(1) That the county is complying with the provisions of Minnesota Statutes 1941, Sections 145.08 to 145.12.

(2) That during the preceding quarter, stating the last date thereof, the county had employed a public health nurse who was approved and certified pursuant to Minnesota Statutes 1941, Section 145.10.

(3) The name and address of each public health nurse employed during the preceding quarter, and the amount paid to such nurse during each month of such quarter.

If a public health nurse was employed for less than a full quarter, the county shall be paid only the proportion of \$375 which the period of time for which such nurse was actually paid is to the full period of the quarter.

Subd. 2. Certificate by county board; certificate to state auditor. At the end of each 60 day period provided for in subdivision 1, the state board of health shall certify to the state auditor, in the manner prescribed by law, the name of each such county, the amount to be paid to it, and that there are funds available for the payment thereof. Such certificate shall be supported by the certificate of the county board of such county. 145.20 STATE BOARD; POWERS; APPEAL. Upon written complaint made to the state board that any person is occupying or using any building or premises within any town, village, or city for the exercise of any such trade or employment, it shall appoint a time and place for hearing and give notice, of not less than ten days, to the complainant and the person complained of, and after such hearing, if, in its judgment, the public health or comfort and convenience require, it may order such person to cease from further carrying on such trade or employment in such building or premises; and, after written notice of such order, any person thereafter exercising such trade or employment in this building or premises shall forfeit \$100 for each day after the first, to be recovered as provided in sections 145.17 to 145.19. Any county or two or more adjacent counties are hereby authorized and empowered, by resolution adopted by a majority of the members of the county board or county boards of the respective counties, to establish and maintain a health department as herein defined. The county commissioners of any two or more adjacent counties may submit, and on petition of qualified electors equal to 10% of the total vote at the last general election, shall submit such action to a vote of the people. If the majority of the voters voting thereon favor the action, it shall go into effect on the date specified.

145.48 Subd. 2. A city of the first or second class located within a county in which a health department is established under sections 145.47 to 145.54, shall not come within the jurisdiction of the board of health of such health department until such city, by ordinance of its governing body, shall take action to be included within the jurisdiction of such health department subject to the referendum provided in the following subdivision. [1949 c 405 s 3]

145.50 RESPONSIBLE TO LOCAL BOARD OF HEALTH. Subdivision 1. Every health department shall be responsible to a local board of health as herein-after provided for.

Subd. 2. The board of health of a health department embracing one county shall consist of five members appointed by the board of county commissioners. Where two or more counties combine to form a health department, each such county shall, by the same method, appoint two members to the board of health, except that the county having the largest population shall appoint three such members. In each such board of health, one member from each county shall be selected from the largest participating municipality located within such county. In each such board of health, one of the members so appointed shall be a doctor of medicine and one shall be a doctor of dental surgery, each licensed to practice in Minnesota. The remaining members of the board shall be laymen, representative of the people served by the health department.

Subd. 3. At the first meeting of any board of health appointed under this section, the members thereof shall determine by lot the respective original terms to be served by each member, whether one, two, or three years. The same number of such members shall be chosen for each such length of term as nearly as may be. All subsequent appointments, except to fill vacancies in unexpired terms, shall be for three year terms.

145.51 FUNDS APPROPRIATED AND FEES COLLECTED. Subdivision 1. Every health department established under sections 145.47 to 145.54 shall be operated and maintained from funds appropriated and fees collected within the counties included in the area covered by such health department, together with such state and federal funds and private grants which may be appropriated or granted to it or to any of its participating county or other political subdivisions. The cost of maintenance of every such health department shall be borne by the several participating counties on the basis of the ratio of the population of each such county to the total population served by the said health department, and the amount thus required of each of the participating counties for such health department purposes shall be spread as a separate tax levy against all of the taxable property of each of such counties. The tax levy shall not exceed two mills against all of the taxable property of each of such counties, and, where a city of the first or second class does not come within the jurisdiction of such health department its population shall not be considered in such computation, and the health department tax levy of such county shall not apply to the property within such city.

Subd. 2. The health officer and board of health of every health department created under sections 145.47 to 145.54 shall annually prepare a budget of its proposed expenditures for the ensuing fiscal year and determine the proportionate cost to each participating county. A certified copy of such budget, which shall include a statement of the amount required from each such county, shall be delivered to the board of county commissioners of each participating county. The county boards of all participating counties in each such health department shall meet in joint session, prior to the regular annual July meetings of such boards, for due hearing and agreement on such health department budget. The budget adopted shall be effective when approved by a majority of the members of each such county board in attendance at such joint meeting. A majority of each county board shall be in attendance to constitute a quorum for a joint meeting. At its regular meeting in July, each such county board shall include in its annual levy of county taxes, such amount as may be necessary, not to exceed the tax limitations imposed by sections 145.47 to 145.54, for the health department purposes provided for in sections 145.47 to 145.54, as a separate levy over and above the limits now imposed for the general fund of the county. Such amount, when collected, shall be credited to the "health department fund" of the county.

Subd. 3. In the accounts and treasury of the county wherein is located the principal office of each multicounty health department there shall be created a "joint health department fund." The treasurer of each county participating in such health department shall pay or cause to be paid into this joint fund from the county "health department fund" all tax monies, fees, grants-in-aid, gifts, or bequests designated for public health department purposes by drawing a warrant in favor of the "joint health department fund" payable to the treasurer of the county selected as the place of deposit of such fund. The said fund shall be used only for the purposes of said health department in accordance with the adopted budget, and shall be expended in the manner prescribed by such board of health pursuant to properly authenticated vouchers of such health department signed by its health officer.

Subd. 3. In all counties containing a city of the first class the county health nurse in each of said counties shall be under the supervision and jurisdiction of such county or multiple county health department.

57 c 604 p 3 Subd. 4. Every such board of health shall enter into a joint agreement with the boards of county commissioners of the counties and the governing bodies of participating cities of the first and second class within its jurisdictional area to regulate such matters as salary scales, merit systems, the acquisition of property and personnel of previously existing health departments, the distribution of assets upon withdrawal of any county or city and other matters wherein practices may vary in different participating counties and cities.

Subd. 5. Every such health officer and board of health shall annually prepare a budget of the proposed expenditures of such health department for the ensuing year and the proportionate cost thereunder to each participating county; provided, however, that for the first year of operation of any such health department this function may be performed by the said board alone.

Subd. 6. Each such board of health shall prepare and cause to be published for free public distribution an annual report of the work of its health department.

Subd. 7. Each such board of health may make recommendations to the boards of county commissioners for local legislation pertaining to the public health and generally applicable throughout their counties. Proposed regulations shall be published at least once in a newspaper of general circulation throughout the county or counties served by the health department before adoption. In counties containing a city of the first class and wherein a majority of the county commissioner districts lie within a city of the first class, it shall require the unanimous vote of the county board to adopt such rules and regulations, and no county regulation shall supersede or conflict with higher standards established by statute, the regulations of the state board of health, or the provisions of the charter or ordinances of any city pertaining to the same subject matter.
