COMMON SCHOOL DISTRICTS

123.11 M.S. 1953 [Repealed, 1957 c 947 art 9 s 9]

123.11 COMMON SCHOOL DISTRICTS; MEETINGS, ELECTIONS. Subdivision 1. The annual meeting of all common districts shall be held on the last Tuesday in June, at eight o'clock p. m., unless a different hour has been fixed at the preceding annual meeting, upon ten days' posted notice given by the clerk, and specifying the matters to come before such meeting; but failure of the clerk to give such notice, or to specify the business to be transacted thereat, shall not affect the validity of any business, except the raising of money to build or purchase a school house, the authorizing of an issue of bonds, the fixing of a school house site, or the organization as an independent district. At the annual meeting in a common district five legal voters shall constitute a quorum. The chairman and clerk of the board shall officiate in their respective capacities at all meetings of the electors of the district. In the event of the absence of the chairman or clerk, the voters shall elect a chairman or clerk pro tem. The voters shall have the power in an annual meeting to repeal and modify their proceedings. The polls at all meetings shall be open at least one hour.

Subd. 2. The annual meeting shall have power to elect by ballot officers of the district. In all elections or vote by ballot, the clerk shall record the names of all voters participating therein and the chairman shall appoint two electors who with the assistance of the clerk shall supervise the balloting and canvass the votes. If any candidates receive an equal number of votes for an office, the board shall resolve the tie by lot.

Subd. 3. Any person desiring to be a candidate for a district office at the annual meeting of the district shall file with the clerk of the district an application to be placed on the ballot for such office, or any five voters of the district may file such application for or on behalf of any qualified voter in the district that they desire shall be such candidate. The application shall be filed not less than 12 days before the annual school district meeting. The clerk of the district, in his notice of annual meeting, shall state the names of the candidates for whom applications have been filed, failure to do so shall not affect the validity of the election thereafter held. At the annual meeting of common districts, nomination of candidates for offices may be made from the floor by any qualified voter.

Subd. 4. The clerk shall prepare, at the expense of the district, necessary ballots for the election of officers placing thereon the names of the proposed candidates for such office with a blank space after such names, such ballots shall be marked and signed as official ballots, and the ballots so prepared by the clerk of the district shall be used to the exclusion of all other ballots at such annual meeting or election in the election of officers of the district.

Subd. 5. At the first meeting of each district, the chairman shall be elected to hold office until July 1 following the next annual meeting. The treasurer, until one year from such date, and the clerk until two years from such date.

Subd. 6. A board member elected at an annual meeting upon notice from the clerk, shall, on or before the first Saturday in July, file with the clerk his acceptance of the office and his official oath. Any person appointed by the board or elected at a special meeting to fill a vacancy shall file in writing his acceptance of the office and his official oath within ten days after the notice of such appointment or election by the clerk. A person who fails to qualify prior to the time specified shall be deemed to have refused to serve, but such filing, if made at any time before action to fill the vacancy has been taken, shall be sufficient.

Subd. 7. Upon the filing of a petition therefor, executed by five resident freeholders of the common district, specifying the business to be acted upon, or upon the adoption of a proper resolution, so specifying, signed by a majority of the members of the board, the clerk shall forthwith call a special meeting of the district upon ten days' posted notice and one week's published notice if there be a newspaper printed in such district and specify in such notice the business named in such request or resolution and the time and place of the meeting. If there be no clerk in the district or if he fails for three days after receiving such request or resolution to give notice of such meeting, it may be called by like notice by five freeholders qualified to vote of the district. No business except that named in the notice shall be transacted at such meeting. If there are not five voters who are freeholders in the district, or if there is not a board therein, the county superintendent may call a special meeting by giving notice thereof as provided in this section. The voters at a special meeting have power to repeal or modify their proceedings.

123.15 SCHOOLHOUSES AND SITES, COMMON SCHOOL DISTRICTS. Sub-

- division 1. It may acquire by lease, purchase, or condemnation under eminent domain suitable tracts of land either within or without the district for the purpose of instruction, experimentation, and demonstration in

agriculture. In any village or city, a school site when practicable shall contain at least one block; and, if outside of any city or village, two acres; and when any school house site shall contain less than such amount the board may, without a vote of the electors, acquire other land adjacent to or near such site to make, with such site, all or part of such amount. When property is taken by eminent domain by authority of this subdivision, when needed by the district for such purpose, the fact that the property so needed has been acquired by the owner under the power of eminent domain, or is already devoted to public use, shall not prevent its acquisition by the district.

Subd. 2. The annual meeting or election shall have power to designate a site for a school house and provide for building or otherwise placing a school house thereon, when proper notice has been given; but a site on which a school house stands or is begun shall not be changed except by vote therefor, of three-fifths of the voters of the district voting on the question.

Subd. 3. When authorized by a two-thirds majority of all the electors voting at an annual or special meeting, the board may erect, purchase, or acquire a dwelling house for the use of its teachers; provided that the proposition shall be submitted only at a meeting or election, the notice of which stated that such proposition would be considered or submitted thereat.

Subd. 4. The board shall provide proper sanitary facilities for the schools, plant shade trees and shrubbery and otherwise improve school sites, procure insurance on school property, and make proper ordinary repairs thereon.

Subd. 5. The board may build or assist in building sidewalks for the use of pupils and the general public connecting with sidewalks in municipalities and leading to the school house. The governing body of any municipality may likewise appropriate money for the same purpose or to assist the district.

Subd. 6. When necessary, the board shall lease rooms for school purposes.

Subd. 7. The board shall purchase, sell and exchange school apparatus, furniture, stoves, buses and other equipment as may be deemed necessary by the board for school purposes.

Subd. 8. The board shall provide for the heating and care of school houses and rooms and may provide for the heating and care of garages which house school buses.

Subd. 9. The board may contract for the furnishing of heat for its buildings for such a term as it may deem for the best interest of the district, not exceeding ten years. Where it is necessary to lay mains or pipes to connect these buildings with its heating system, the district is authorized to advance all, or any part, of the cost thereon upon such terms and conditions as shall be agreed upon.

Subd. 10. The board may authorize the use of any school houses in the district for divine worship, Sunday schools, public meetings, elections and such other community purposes as in its judgment will not interfere with their use for school purposes; but before permitting such use, the board may require a cash or corporate surety bond in a reasonable amount conditioned for the proper use of such school house, the payment of all rent and the repair of all damage occasioned by such use, and it may charge and collect for the use of the district from the persons using such school house such reasonable compensation as it may fix.

The board may authorize the use of any school houses or buildings in and of the district for the holding of primaries, elections, registrations and all acts in connection therewith, in such manner as, in its judgment, will not interfere with their use for school purposes. 123.16 M.S. 1953 [Repealed, 1957 c 947 art 9 s 9]

123.16 COMMON SCHOOL DISTRICTS, CONTRACTS. Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed \$2,000, shall be made by the board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

Every such contract shall be awarded to the lowest responsible bidder, duly ex-

ecuted in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by law. If no satisfactory bid is received, the board may readvertise.

Every contract made without compliance with the provisions of this section shall be void; provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

Subd. 2. Members of the board are authorized to contract with, do work for, and furnish supplies to the school district subject to the provisions of Minnesota Statutes, Section 471.87.

Subd. 3. Any contract made by the board for the rental of rooms for school purposes, or for the free transportation of pupils to and from schools, or for the rental of any facility or facilities owned or operated by or under the direction of any private organization, shall be effective until disapproved by the commissioner, and all such contracts shall be submitted to him for approval immediately after being signed by the parties.

Subd. 4. The commissioner shall approve each such contract unless it appears from the information available to him that:

(a) The amount to be paid by the school district concerned for the rooms or facilities rented, or for the transportation to be furnished, under such contract substantially exceeds the reasonable value thereof;

(b) The rooms or facilities to be furnished are not reasonably required for or suitable to the operation of the schools of the district, or the transportation contracted for is not suitable to the requirements of the district; or the contract does not provide adequately against any encroachment on or interference with the conduct of a public school, or

(c) The contract does not conform to law or a duly promulgated regulation of general application of the state board of education.

Subd. 5. If the commissioner determines that one or more of such circumstances (a), (b) and (c) exists, he shall notify the district board, giving it a reasonable stated time in which to meet the objections specified in the notice. If the contract is not so changed within that time, it shall be disapproved by the commissioner. If the contract is approved the commissioner shall so notify the board. The commissioner's action together with a statement as to whether or not a petition to review such action has been filed as hereinafter provided, shall appear in the proceedings of the next meeting of the board, held after receipt of notice from the commissioner, and the proceedings shall briefly identify the contract approved or disapproved.

Subd. 6. The determination of the commissioner disapproving a contract shall be subject to the review of the state board of education, on the petition of the board, made pursuant to its resolution.

Subd. 7. The determination of the commissioner approving a contract shall be subject to the review of the state board of education, on the petition of voters of such district equal in number of five percent of those who voted at the last annual election or annual meeting of the district, except that there shall be at least five petitioners and that no more than 25 petitioners shall be required. Such petition must be filed in duplicate with the commissioner on or before the tenth day after the publication of the proceedings of the meeting of the district board which show the determination of the commissioner, the review of which is asked, or the thirtieth day after such determination, whichever date is earlier.

Subd. 8. Such petition shall:

(a) Identify the determination of the commissioner sought to be reviewed and the contract in question by the names of the parties to it, and

(b) Allege the grounds upon which the determination of the commissioner is claimed to have been erroneous, but such allegation may be on information and belief of the petitioners, and

(c) State the names, post office addresses, and voting residences of the petitioners, and

(d) State the person or persons, not more than three, and their respective post office addresses, who are authorized to receive for all of the petitioners any notices with respect to the review or any subsequent proceeding. A person, not a resident of the district, may be so named.

Subd. 9. Upon the filing of a proper petition, the commissioner shall set a time and place for hearing thereof, which shall not be less than ten nor more than 30 days after such filing. He shall cause notice of such hearing to be given by mail to the parties to the contract affected and to the person or persons named in the petition as authorized to receive notice, and in addition shall cause a notice thereof to be published in a newspaper qualified to publish proceedings of the district board concerned.

Subd. 10. The state board shall adopt rules governing the proceedings for review not inconsistent with the requirements hereof. Such rules shall be designed to give a full and fair hearing and to permit interested parties an opportunity to produce evidence relating to the issues involved. Such rules may provide that any question of fact to be determined upon such review may be referred to one or more members of the board or to an employee of the state board of education acting as a referee to hear evidence and report to the state board the testimony taken.

Subd. 11. The state board, or the parties to the proceedings, or any person designated to receive evidence upon a review shall have the same right to issue and procure subpoenas and administer oaths as are granted in proceedings before the industrial commission. There shall be a stenographic record made of all testimony given and other proceedings during such hearing, and as far as practicable, rules governing reception of evidence in courts shall obtain.

Subd. 12. The decision of the state board shall be in writing and the controlling facts found upon which the decision is made shall be stated in sufficient detail to appraise the parties and the reviewing court of the basis and reason of the decision. If it is the decision of the state board that none of the grounds of disapproval specified herein exist, the contract in question shall be approved; if it is the decision of the state board that one or more of those grounds exist, the contract shall be disapproved.

Subd. 13. The decision of the state board may be reviewed on certiorari by the district court of the county in which the school district or any part thereof is located, and the reasonableness of the state board's decision under all the circumstances of the case shown by the record will be of a judicial question of fact.

Subd. 14. The fact of approval or disapproval of a contract shall not be evidence in any civil or criminal proceeding growing out of the making or performance of the contract or related to the official conduct of the members of the district board. Proceeding or failure to proceed shall not preclude any civil or criminal action otherwise proper. Necessary costs and disbursements, exclusive of those incurred in the administrative proceedings, on review by certiorari shall be taxed against the losing party and in the event taxed against the state shall be paid from the appropriations made to the state department of education for the payment of special state aids.

123.17 EXTRACURRICULAR ACTIVITIES OF COMMON SCHOOL DISTRICTS; INSURANCE. Subdivision 1. Whenever it shall appear to be beneficial and for the best interest of the district and the pupils of the district to carry on any school sport activities or educational activities connected with their studies outside of the territorial limits of the district, the board may authorize such activities to be conducted under such rules and regulations as the board deems sufficient. The district may pay all necessary costs therefor from the school funds available including transportation.

Subd. 2. The board, may, and upon vote of the district, shall take charge of and control all school and quasi school activities of the teachers and children of the public schools in that district held in the school buildings or school grounds or under the supervision or direction of the school board and to that end adopt rules and regulations for the conduct of athletic, oratorical, musical, dramatic and other contests and entertainments in which the school of its district or any class or pupils therein may participate. All money received on account of such entertainments and contests shall be turned over to the district treasurer, who shall keep the same in a separate fund to be known as the school auxiliary fund, to be disbursed for expenses connected with such entertainments or contests, or otherwise, by the board upon properly allowed itemized claims. Where the district has taken charge and control of such funds the treasurer and his bondsmen and legal depositories shall be subject to the same liability for such funds as for other school funds as provided

by law and such funds shall be considered public funds for purposes of examination and auditing. Any donations to the district for specific objects and purposes and other than for the primary purposes of the district, shall be placed in the fund hereinbefore referred to and in like manner disbursed; the request of the donor therefor being complied with in regard to the purpose of such disbursements, if the school board shall consider that the interest of the district will be promoted thereby.

No such school or quasi school entertainment or contest in any district in which the board shall act under the provision of this subdivision shall be participated in by the teachers of pupils in the public schools of such district, nor shall the school name or any allied name be used in connection therewith, except by consent and direction of the board.

Subd. 3. The board of any district in this state may enter into a contract providing for the payment of cash benefits or the rendering or payment of hospital and medical benefits, or both to school children injured while participating in the athletic or supervised physical activities of the school, such contract to make the payment of such benefits or the rendering thereof the direct and sole obligation of the association or company entering into such contract with the district.

If the board deems it advisable, it may authorize employees to collect fees from the pupils enrolled in said school who are to be or are covered by such contract, and to make payment of the premium or other charge for such contract or protection, provided payment of such premium or other charge shall not be made from funds received from the federal government or from the state or any governmental subdivision thereof, nor from funds derived by a tax levy or the issuance of bonds.

The payment of any fees, premium or other charge by such child shall not thereby make the district liable for any injuries incurred from such athletic or supervised physical school activities.

Subd. 4. The insurance laws of this state shall not apply to non-profit benefit and relief associations formed by the public schools or offices of public schools or the Minnesota state high school league, the privileges of which and applications for membership in which are confined to pupils of the schools, and the benefits and relief to be derived therefrom are limited to pupils injured or disabled from participation in school athletics or any supervised school activity.

123.18 COMMON SCHOOL DISTRICTS, TRANSPORTATION. Subdivision 1. The board may provide for the free transportation of pupils to and from school and to schools in other districts for grades and departments not maintained in the district, including high school, at the expense of the district, when funds are available therefor and if agreeable to the district to which it is proposed to transport the pupils, for the whole or a part of the school year as it may deem advisable, and subject to its rules. Every driver shall possess all the qualifications required by the rules of the state board of education.

Subd. 2. The board may enter into a contract for the purpose of providing transportation, and may purchase gasoline and furnish same to a contract carrier for use in the performance of a contract with the school district for transportation of school children to and from school.

Subd. 3. The board may purchase school buses either outright or on the installment plan, installments to be all paid within a period not to exceed three years from the date of purchase. On the deferred payments, the rate of interest is not to exceed four percent per annum.

Subd. 4. The board may provide for the instruction of any resident pupil in another district when inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in his own district unreasonably difficult or impractical, in which case such district shall pay to the district so attended the tuition agreed upon or charged and may provide transportation; provided, that such pupil shall continue to be a pupil of the district of his residence for the payment of apportionment and other state aids.

Subd. 5. The board may provide for the admission to the schools of the district of non-resident pupils, and those above school age, and fix the rates of tuition for such pupils. In case a person owns land and pays the taxes thereon, in a district other than the one in which he resides, then such person or his tenant shall be admitted to all benefits of said school the same as residents therein in respect to elementary pupils upon conforming to such reasonable terms for tui-

tion and transportation as the board of education of such school district may have established for non-residents, except that he shall be entitled to have the amount of school taxes which he pays to the support of said district applied in payment of said tuition and transportation fees. In the payment of state aid, the district in which the pupil attends shall be considered the district of his residence because of the provisions of this subdivision.

Subd. 6. The board may transport pupils residing outside of the district but attending school therein upon pupils presenting themselves within the district on one of the regular routes traveled in the transportation of the pupils of the district.

Subd. 7. If high school pupils from a district within this state are being transported to a school in another state, the school board of the district from which the pupils are being transported may provide free transportation and tuition for any or all of its elementary pupils to such school in another state and be entitled to state aid as provided by law.

Subd. 8. The board may rent to any person, for any lawful purpose, any school bus owned by the district. The use and operation of such bus by such person shall not interfere with the use and operation of such bus by the district for the transportation of school children to and from school. Any such lessee so leasing or renting buses may use and operate the same as provided in this section without the payment of a motor vehicle tax thereon as provided by law. Any such lessee shall be liable for any and all claims for injuries and damages arising out of the use and operation of any bus so leased or rented; and the leasing or renting of any such bus shall be conditioned upon said lessee or renter procuring, at its own expense, insurance protecting the board and district against any and all claims for injuries and damages arising out of the use and operation of said bus.

Subd. 9. The board may provide for the protection of school children in the district being transported for all school purposes or activities in the district owned, operated, leased or controlled motor vehicles, against injuries or damages arising out of the operation thereof. If the board deems it advisable, insurance may be procured and paid for from any funds available. Any insurance contract covering such risk shall contain, as a condition precedent, a clause or provision expressly waiving the defense, by the insurer, that the district is engaged in a governmental function. The payment of any insurance premiums by such district shall not thereby make the district liable for any injuries or damages incurred by such transportation.

Subd. 10. The board may provide and pay the premiums for the protection for school children, instructors and automobile owners, and any other agency co-operating in providing cars for districts where driver training courses are being offered, against public liability, property damage, collision, fire and theft, arising out of the operation of any vehicle used in the course. Nothing herein shall make the district liable for injuries resulting from the actions of such persons.

Subd. 11. The board may provide and pay the premiums for insurance against injuries resulting to its pupils while assigned to and acting on a school safety patrol which insurance may provide for the payment of either cash benefits to such injured pupil or for the payment of hospital and medical benefits to or for such injured pupil, or both. Nothing herein shall be construed to in any way make the district liable for such injuries.

Subd. 12. The board is authorized to enter into contracts for the removal of snow from the roads used for regular bus routes transporting pupils to and from school either within or without the district.

Subd. 2. The board shall provide for the payment of all just claims against the district in cases provided by law.

Subd. 5. The board may make rules and regulations respecting and providing for the protection of and use of the property of the district, and change or repeal such rules.

Subd. 6. The district may employ qualified accountants for the purpose of auditing, examining and reporting upon the books and records of account of the district.

The officer having custody of said records shall obtain written approval of the governing body of the district. The approval shall be in the form of a resolution listing the classes of records authorized to be destroyed and the range of dates of the records in each class. A copy of the resolution consenting to the destruction of such records shall be sent to the state archives commission. If no petition or application requesting the records from the archives commission is received by said district within 30 days after mailing of the resolution the records shall be destroyed by the officer having custody.

This subdivision is supplementary to other statutory authority to destroy obsolete district records and does not prevent destruction of such records at an earlier time or the destruction of other records when authorized by other statutory provisions.

The governing body of any common school district may procure insurance against liability of the school district or of its officers and employees for damages resulting from wrongful acts and omissions of the school district and its officers and employees, whether the acts or omissions relate to governmental or proprietary functions of the school district. Insofar as this insurance relates to governmental functions of the school district, the policy of insurance shall contain a provision under which the insurance company agrees to waive the defense of governmental immunity up to the limits of the policy unless the school district consents to the assertion of that defense.

123.31 INDEPENDENT SCHOOL DISTRICTS, VOTING MACHINES. Subdivision 1. The school board of any independent school district, at any regular meeting, or special meeting called for that purpose, may provide for the use of voting machines at all elections to be held therein. Said school board and any municipal corporation, owning or using voting machines may enter into an agreement for the rental and use of said voting machines by said school district for school elections in said district.

Subd. 2. The provisions of section 203.21, subdivision 4, sections 206.02 to

206.23, shall apply to the use of voting machines in school elections insofar as applicable.

[*Ex*1959 c 71 art 4 s 13; 1961 c 562 s 11]

123.32 M.S. 1953 [Repealed, 1957 c 947 art 9 s 9]

123.32 INDEPENDENT SCHOOL DISTRICTS, ELECTIONS. Subdivision 1. Unless a different date is permitted under the provisions of subdivision 22, the annual election in independent districts shall be held on the third Tuesday in May.

Subd. 2. At least 15 days before the election, the board shall, by resolution, determine precinct boundaries, if more than one is desired, and establish polling places for each precinct and appoint three election judges for each polling place and determine the hours the polls shall be open. If no action is taken by the board, the precinct boundaries and polling places shall be the same as those of the preceding election in the district.

Subd. 3. The clerk of the district shall give ten days' posted notice of the election and also if there be a newspaper published in the district, one week's published notice shall be given. The notice shall specify the time, place and purpose of the election, and shall contain information concerning the precincts, polling places and hours the polls shall be open.

Subd. 4. At the annual election board members shall be elected to fill vacancies on the board caused by expiration of term on July 1 next following the election. Any person desiring to be a candidate for a district office at the election shall file with the clerk of the district a written application to be placed on the ballot for such office, or any five voters of the district may file such written application for or on behalf of any qualified voter in the district that they desire shall be such candidate. The application shall be filed not more than 45 nor less than 21 days before the election.

Subd. 5. The clerk shall prepare, at the expense of the district, necessary ballots for the election of officers, placing thereon the names of the proposed candidates with the same number of blank spaces for the insertion of names of other candidates as there are members to be elected. The ballots shall be marked and initialed by at least two judges as official ballots and shall be used exclusively at the election. Any proposition to be voted upon shall be stated separately on the ballot. Voting shall be by secret ballot.

Subd. 6. Election judges may be paid by the district at a rate not to exceed \$1 per hour. The election judges shall act as clerks of election, count the ballots cast, and submit them to the board for canvass.

Subd. 7. The board of any independent school district, at any regular meeting, or special meeting called for that purpose, may provide for the use of voting machines at all elections to be held therein. Said board and any municipal corporation, owning or using voting machines, may enter into an agreement for the rental and use of said voting machines by said district for school elections in said district. The provisions of section 203.21, subdivision 4, sections 206.02 to 206.23, shall apply to the use of voting machines in school elections insofar as applicable:

Subd. 8. After canvassing the election, the board shall issue a certificate of election to the candidate for each office who received the largest number of votes cast for the office. If any candidates receive an equal number of votes for an office, the board shall resolve the tie by lot. The clerk shall deliver such certificate to the person entitled thereto by registered mail, and each person so certified shall file an acceptance and oath of office in writing with the school district clerk within 30 days of the date of mailing of the certificate. A person who fails to qualify prior to the time specified shall be deemed to have refused to serve, but such filing may be made at any time before action to fill the vacancy has been taken.

Subd. 9. Any independent district may for the purpose of the election of board members alter its organization into separate election districts by the following procedure.

Subd. 10. Except in an independent school district located wholly or partly within a city of the first class upon resolution of the board which resolution may be made on its own motion or shall be made upon presentation of a petition therefor signed by at least 50 electors of the district, the board shall divide the district into as many separate election districts as there are members of the board, which proposal shall be submitted to an election as hereinafter provided.

Subd. 11. The election district lines drawn in cities or villages shall follow the lines of streets or highways, and in areas outside of cities or villages the lines drawn shall follow the lines of sections or quarter sections or highways.

Subd. 12. No one election district shall contain more than 20 percent of the total population of the district according to the most recent state or federal decennial census; or the district may conduct a special census for the purpose.

Subd. 13. The board shall designate each election district by number and by a metes and bounds description sufficient and adequate to permit identification of the geographical limits of the area.

Subd. 14. The board shall make its determination by a resolution within six months after the resolution of the board authorizing the establishment of election districts.

Subd. 15. Boundaries of separate election districts once established under provisions of this section or boundaries of election districts in independent districts which have converted from special districts may be changed or altered by the electorate of a district voting upon a question presented in the manner required by this section for initial establishment of such separate election districts, except that the initiating petition for change of boundaries must be signed by at least 250 voters of the school district.

Subd. 16. Upon adoption of such division of the district by resolution the board shall cause its decision to be voted upon by the electorate at a special election called for the purpose.

Subd. 17. Such election shall be held on the notice and in the manner provided by law for the conduct of special elections.

Subd. 18. The question presented at the special election shall be: "Shall the school district be reorganized into election districts with boundaries as established in Resolution No of the school board, dated?"

Yes

No"

Subd. 19. If the resolution is approved by a majority of those voting at the election the board shall forthwith meet, and by resolution establish a separate polling place for each election district. Polling places for two or more election districts may be located in the same building. Adequate precautions for proper division of the vote among election districts shall be taken by the board.

Subd. 20. Any qualified voter may file with the clerk of the district an application to be placed on the ballot in his particular election district as a candidate for office as a member of the school board from such district.

Subd. 21. At the next election of board members, and at each election thereafter held to elect members of the board, one and only one member of the board shall be elected from each election district established under the provisions of this section.

The board shall specify the election districts from which vacancies shall be filled as they occur until such time as the representation specified in this section is attained.

Subd. 22. The board of an independent district may and upon petition of 50 or more voters of the district or five percent of the number of votes cast at the preceding regular election, which ever is the greater, shall by resolution call a special election to vote on any matter requiring approval of the voters of the district. The clerk of the district shall give ten days' posted notice and one week's published notice of election, if there be a newspaper published in such district. The notice shall specify the time and place of election, and the questions to be submitted to the voters at the election. The procedure for a special election shall be the same as for a regular election.

Subd. 23. (1) Unless action is taken by the board under subparagraphs (2) and (3) of this subdivision, in a district which is reclassified to an independent district from a county district or a common district containing ten or more townships, by provisions of this code, the board of such district shall continue to govern the district until July 1 following the next annual election as provided for independent districts, at which election six members shall be elected at large from the district, two members for a one-year term from July 1 next following the election, two members for a two-year term from said July 1, and two members for a three-

year term from said July 1, to serve until a successor is elected and qualifies; if such district is reclassified to an independent district from a common district of ten or more townships containing less than ten schools, the board of such district shall continue to govern the district, and the members presently serving shall continue to the end of their term. At the next annual election of school board members following July 1 following the adoption of the code, two members shall be elected for a three-year term and one member for a two-year term each commencing on July 1 next following the election. Thereafter, members shall be elected as in independent districts.

(2) In any district which is reclassified from a common district of ten or more townships to an independent district by the provisions of this code, the election of the board members may be held biennially concurrently with the general elections in the areas by resolution of the board made within 90 days of the adoption of this code. Board members presently serving shall continue in office until the expiration of the term to which they were elected. At the next general election following the adoption of the code, board members shall be elected to fill all vacancies then occurring and any vacancies caused by reclassification to an independent district. Provided that three board members shall be elected for a term of four years each and any necessary additional board members shall be elected for a term of two years each, to serve until a successor is elected and qualifies. The term of members shall commence on the first Monday in January following the general election. Thereafter, three members shall be elected at each general election for a term of four years from the first Monday in January following the general election.

(3) If a reclassified district was a county district and if the board of such district determines, by resolution, to retain its organization providing for area representation and a five man board, a resolution affecting such organization may be adopted by the board at any time before 30 days before the next election following the effective date of this code. The resolution, if adopted, shall divide the district into five election districts coterminous with the county commissioner districts, and shall specify the terms to which members from each election district shall be elected so as to provide for a continuation of the present organizational structure of the board. In a district which is reclassified to an independent school district from a county district by provisions of this code, the election of board members may be held biennially from county commissioner districts as now established concurrently with the general elections in the areas upon resolution of the board adopted at least 30 days before the election next following the effective date of this code. If such a resolution is adopted, board members presently serving shall continue in office until the expiration of the term to which they were elected to serve until a successor is elected and qualified. Thereafter, vacancies caused by expiration of term shall be filled at each general election for a term of four years from the first Monday in January following the general election. Districts reclassified as independent districts that were county districts shall also have the powers and duties contained in sections 128.03 to 128.06 in addition to their status as an independent district.

Subd. 24. (a) Any person entitled to vote in an election in an independent district who will be absent from the district at the time the election is held, or who by reason of physical disability or religious discipline will be unable to appear at the polling place at the time the election is held, may vote by mail in accordance with this act.

(b) Not more than 25 nor less than 5 days before the election a voter desiring an absentee ballot shall make a request in writing for an absentee ballot to the clerk of the district. The request shall be made in person or by registered mail and shall state substantially the following: a) the permanent address of the applicant; b) the reason the applicant cannot vote in person; c) that the applicant wishes a ballot for (date election to be held); and d) that the applicant will be qualified to vote at the election. The application shall be signed and sworn before an officer authorized to administer oaths. The temporary mailing address, if any, of the applicant shall be included in the request.

(c) As soon as the ballots are printed, the clerk shall, by certified mail or in person, deliver a ballot to each applicant. The clerk also shall furnish a "ballot envelope" and a return envelope, both envelopes addressed to the clerk of the district.

(f) Before opening the ballot boxes, the judges shall inspect the regular envelopes to ascertain that they were properly mailed and then open the regular envelopes and compare the signature on the certificate contained in the envelope with the signature as it appears on the application for absentee ballot. Having satisfied themselves that the vote should be allowed, one of the judges shall deposit the unopened "ballot envelope" in the ballot box.

(g) Ballots received by the clerk after the count has been begun by the judges are void.

(h) The board is authorized to provide necessary funds to the clerk for the execution of this chapter.

Subd. 25. (a) Any voter may contest the election of any person for or against whom he had the right to vote, who is declared elected to a school district office, or other questions submitted to public vote, by proceeding as follows:

He shall file with the clerk of the district court of the county in which the administrative office of the school district is located, within ten days after the canvass is completed, a written notice of contest specifying the points upon which the contest will be made, and cause a copy thereof to be served within said period as follows:

(1) If the contest be upon the election of any person, then upon the person whose election he is contesting and the official authorized to issue the certificate of election;

(2) If the contest be upon the question of consolidation or reorganization, then upon the county superintendent authorized by law to issue the order;

(3) If the contest be upon any other question, by serving a copy upon the clerk of the district.

When the contestee desires to offer testimony on points not specified in contestant's notice, he shall file and serve on the contestant notice thereof specifying such additional points. Such notices shall be treated as the pleadings in the case

and may be amended in the discretion of the court in such manner and within such times as the court may by order direct. Thereafter the matter shall be tried and determined by the court at a time set by the court within 30 days after such canvass. So far as consistent with this section, the Rules of Civil Procedure shall apply.

(b) When an appeal is taken to the supreme court from the determination of the district court in any contest instituted under this code, the party appealing shall file in the district court a bond in such sum, not less than \$500, and with such sureties, as shall be approved by the judge, conditioned for the payment of all costs incurred by the respondent in case appellant fails on his appeal. The return of such appeal shall be made, certified, and filed in the supreme court within 15 days after service of notice of appeal. The appeal may be brought on for hearing in the court at any time when it is in session, upon ten days' notice from either party, which may be served during term time or in vacation; and it may be heard and determined summarily by the court.

123.33 BOARDS OF INDEPENDENT SCHOOL DISTRICTS. Subdivision 1. The care, management, and control of independent districts shall be vested in a board of directors, to be known as the school board. The term of office of a member shall be three years and until his successor qualifies. The membership of the school board shall consist of six elected directors together with such ex officio member as may be provided by law. But the board may submit to the electors at any school election the question whether the board shall consist of seven members and if a majority of those voting on the proposition favor a seven member board, a seventh member shall be elected at the next election of directors for a three-year term and thereafter the board shall consist of seven members.

Subd. 2. A vacancy in any board occurs when a member (a) dies, or (b) resigns, or (c) ceases to be a resident of the district, or (d) is unable to serve on such board and attend its meetings for not less than 90 days because of illness or prolonged absence from the district.

Subd. 3. A vacancy caused by a member being unable to serve on such board and attend its meetings for not less than 90 days because of illness or prolonged absence from the district, may, after the board has by resolution declared such vacancy to exist, be filled by the board at any regular or special meeting thereof for the remainder of the unexpired term, or until such ill or absent member is again able to resume his duties as a member of such board whichever date is earliest. When such ill or absent member is again able to resume his duties as a member of the board, the board shall by resolution so determine and declare such person to be again a member of the board, and the member appointed by the board in his place to be no longer a member thereof.

Subd. 4. Any other vacancy in a board shall be filled by the board at any regular or special meeting thereof. Such appointment shall be evidenced by a resolution entered in the minutes and shall continue until July 1 next following such appointment. All elections to fill vacancies shall be for the unexpired term.

Subd. 5. A majority of the voting members of the board shall constitute a quorum. No contract shall be made or authorized, except at a regular meeting of the board or at a special meeting at which all members are present or of which all members have had notice. Special meetings may be called by the chairman or clerk or any three members upon notice mailed to each member at least three days prior thereto.

Within ten days after the election of the first board in independent districts and annually thereafter on the first Saturday in July, or as soon thereafter as practicable, the board shall meet and organize by selecting a chairman, clerk, and a treasurer, who shall hold their offices for one year and until their successors are selected and qualify. They may appoint a superintendent who shall be ex officio a member of the board, but not entitled to vote therein. In districts in which board members

Subd. 2. The chairman when present shall preside at all meetings of the board, countersign all orders upon the treasurer for claims allowed by the board, represent the district in all actions and perform all the duties usually incumbent on such officer. In case of absence, inability, or refusal of the clerk to draw orders for the payment of money authorized by a vote of the majority of the board to be paid, the orders may be drawn by the chairman, and paid by the treasurer, a statement thereof, with a copy of such orders, being delivered to the clerk by the treasurer, or the office of the clerk may be declared vacant by the chairman and treasurer and filled by appointment.

Subd. 3. The treasurer shall deposit the funds of the district in the official depository.

Subd. 4. On July 1 of each year, the treasurer shall file with the clerk a report of his balances, receipts and disbursements by funds, for the year. Such report, together with his vouchers, shall be examined by the board and, if found correct, approved by resolution entered in the records. If incomplete or inaccurate, a further or amended report may be required by the board. He shall make such further reports as may from time to time be called for by the board and perform all duties usually incumbent on such officer.

Subd. 5. A record of such presentment, nonpayment and endorsement shall be made by the treasurer. Every such order shall bear interest at the rate of five percent per annum from the date of such presentment, and shall be paid in the order in which it is so presented and registered out of the first money received by the treasurer applicable to its payment; provided, that the district may enter into agreements with banks to take such orders at any rate of interest lower than the legal rate. The treasurer shall serve a written notice upon the payee or his assignee, personally, or by mail, when he is prepared to pay such order; such notice may be directed to the payee or his assignee at the address given in writing by such payee or assignee to such treasurer, at any time prior to the service of such notice; no order shall draw any interest if such address is not given when the same is unknown to the treasurer, and no order shall draw any interest after the service of such notice.

Subd. 6. Every district treasurer shall give a corporate surety bond to the state. The board to fix the specific amount of the bond in an amount sufficient to protect the interest of the district, and the bond to be approved by the board and conditioned for the faithful discharge of his official duties. The district shall pay the bond premium. The school board may, at any time by a majority vote, require the treasurer to give a new or an additional bond and, upon his failure to furnish same within a reasonable time after notice, the board shall declare the office of treasurer vacant. Any bond hereunder, before approval by the school board, shall be approved as to its form by the public examiner, county attorney, or an attorney designated by the school board. All such bonds shall be filed with the county auditor and the county auditor shall not deliver any warrants for tax settlements or state aids until such bond has been filed.

Subd. 7. When the duty devolves upon any person employed by a board to receive money and pay it over to the treasurer of the district, the district shall require a bond from such person and pay all premiums therefor. The amount of each bond shall be fixed by the board and the bond approved by it. The bond shall be not less than \$500 conditioned for the faithful performance of his duty and shall be filed with the clerk. In lieu of individual bonds, the district may prescribe and keep in effect a schedule or position insurance policy or blanket bond in such aggregate amount as the district determines, insuring the fidelity of such persons in the amount of not less than \$500 for each such person.

Subd. 8. The clerk shall keep books provided by the district for that purpose a record of all meetings of the district and the board. - (5) Such other items of information as may be called for by the commissioner.

He shall enter in his record book copies of all his reports and of the teachers' term reports, as they appear in the registers, and of the proceedings of any meeting as furnished him by the clerk pro tem, and keep an itemized account of all the expenses of the district. He shall furnish to the auditor of the proper county, on or before October 10 of each year, an attested copy of his record, showing the amount of money voted by the district or the board for school purposes; draw and sign all orders upon the treasurer for the payment of money for bills allowed by the board for salaries of officers and for teachers' wages and all claims, to be countersigned by the chairman. Such orders shall state the consideration, payee, and the fund and the clerk shall take a receipt therefor. Teachers' wages shall have preference in the order in which they become due, and no money applicable for teachers' wages shall be used for any other purpose, nor shall teachers' wages be paid from any fund except that raised or apportioned for that purpose.

Subd. 9. All districts maintaining a classified secondary school shall employ a superintendent who shall be ex officio a member of the school board but not entitled to vote therein. The superintendent in such districts shall visit the schools of the district, and exercise a general supervision over them, and report their condition to the board, with proper recommendations, when he deems it advisable, or when requested by the board. He shall make recommendations to the board concerning the employment and dismissal of teachers. 123.36 SCHOOLHOUSES AND SITES, INDEPENDENT SCHOOL DISTRICTS. Subdivision 1. When funds are available therefor, the board may locate and acquire necessary sites of school houses or enlargements, or additions to existing schoolhouse sites by lease, purchase or condemnation under the right of eminent domain; it may erect schoolhouses thereon; it may erect or purchase garages for district owned school buses. In any village or city, the school sites, when practicable, shall contain at least one block and if outside of any city or village, two acres; and when any schoolhouse sites shall contain less than such amount, the board may acquire other land adjacent to or near such site to make, with such site, all or part of such amount. When property is taken by eminent domain by authority of this subdivision when needed by the school district for such purposes, the fact that the property so needed has been acquired by the owner under the power of eminent domain or is already devoted to public use, shall not prevent its acquisition by the school district. The board may sell or exchange schoolhouses or sites, and execute deeds of conveyance thereof.

Subd. 2. The board shall purchase, sell, and exchange school apparatus, furniture, stoves, buses, and other equipment as may be deemed necessary by the board for school purposes.

Subd. 3. The board may make rules and regulations respecting the protection of the property of the district.

Subd. 5. The board may authorize the use of any schoolhouses in the district for divine worship, Sunday schools, public meetings, elections, and such other community purposes as, in its judgment, will not interfere with their use for school purposes; but before permitting such use, the board may require a cash or corporate surety bond in a reasonable amount conditioned for the proper use of such schoolhouse, the payment of all rent and the repair of all damage occasioned by such use, and it may charge and collect for the use of the district from the persons using such schoolhouse such reasonable compensation as it may fix.

It may authorize the use of any schoolhouses or buildings in and of the district for the holding of primaries, elections, registrations, and all action in connection therewith in such manner as in its judgment, will not interfere with their use for school purposes. It may impose such reasonable regulations and conditions upon such use as may seem meet and proper.

123.37 M.S. 1953 [Repealed, 1957 c 947 art 9 s 9]

123.37 INDEPENDENT SCHOOL DISTRICTS, CONTRACTS. Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed \$2,000, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Such additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

Every such contract shall be awarded to the lowest responsible bidder, duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by law. If no satisfactory bid is received, the board may readvertise.

Every contract made without compliance with the provisions of this section shall be void; provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

Subd. 2. Members of the board are authorized to contract with, to work for, and furnish supplies to the district subject to the provisions of Minnesota Statutes, Section 471.87.

Subd. 3. Any contract made by the board for the rental of rooms for school purposes, or for the free transportation of pupils to and from school, or for the rental of any facility or facilities owned or operated by or under the direction of any private organization, shall be effective until disapproved by the commissioner, and all such contracts shall be submitted to him for approval immediately after being signed by the parties.

Subd. 4. The commissioner shall approve each such contract unless it appears from the information available to him that:

(a) The amount to be paid by the district concerned for the rooms or facilities rented or for the transportation to be furnished, under such contract substantially exceeds the reasonable value thereof; or

(b) The rooms or facilities to be furnished are not reasonably required for or suitable to the operation of the schools of the district, or the transportation contracted for is not suitable to the requirements of the district; or the contract does not provide adequately against any encroachment on or interference with the conduct of a public school; or

(c) The contract does not conform to law or a duly promulgated regulation of general application of the state board of education.

Subd. 5. If the commissioner determines that one or more of such circumstances (a), (b), and (c) exists, he shall notify the district board, giving it a reasonable stated time in which to meet the objections specified in the notice. If the contract is not so changed within that time, it shall be disapproved by the commissioner. If the contract is approved the commissioner shall so notify the district board. The commissioner's action together with a statement as to whether or not a petition to review such action has been filed as hereinafter provided, shall appear in the proceedings of the next meeting of the district board, held after receipt of notice from the commissioner, and the proceedings shall briefly identify the contract approved or disapproved.

Subd. 6. The determination of the commissioner disapproving a contract shall be subject to the review of the state board of education, on the petition of the district board, made pursuant to its resolution.

Subd. 7. The determination of the commissioner approving a contract shall be subject to the review of the state board of education, on the petition of voters of such school district equal in number of five percent of those who voted at the last annual election or annual meeting of the district, except that there shall be at least five petitioners and that no more than 25 petitioners shall be required. Such petition must be filed in duplicate with the commissioner on or before the tenth day after the publication of the proceedings of the meeting of the district board which show the determination of the commissioner, the review of which is asked, or the thirtieth day after such determination, whichever date is earlier.

Subd. 8. Such petition shall:

(a) Identify the determination of the commissioner sought to be reviewed and the contract in question by the names of the parties to it, and

(b) Allege the grounds upon which the determination of the commissioner is claimed to have been erroneous, but such allegation may be on information and belief of the petitioners, and

(c) State the names, post office addresses, and voting residences of the petitioners, and

(d) State the person or persons, not more than three, and their respective post office addresses, who are authorized to receive for all of the petitioners any notices with respect to the review or any subsequent proceeding. A person, not a resident of the district, may be so named.

Subd. 9. Upon the filing of a proper petition, the commissioner shall set a time and place for hearing thereof, which shall not be less than ten nor more than 30 days after such filing. He shall cause notice of such hearing to be given by mail to the parties to the contract affected and to the person or persons named in the petition as authorized to receive notice, and in addition shall cause a notice thereof to be published in a newspaper qualified to publish proceedings of the district board concerned.

Subd. 10. The state board shall adopt rules governing the proceedings for review not inconsistent with the requirements hereof. Such rules shall be designed to give a full and fair hearing and to permit interested parties an opportunity to produce evidence relating to the issues involved. Such rules may provide that any question of fact to be determined upon such review may be referred to one or more members of the board or to an employee of the state board of education acting as a referee to hear evidence and report to the state board the testimony taken.

Subd. 11. The state board, or the parties to the proceedings, or any person designated to receive evidence upon a review shall have the same right to issue and procure subpoenas and administer oaths as are granted in proceedings before the industrial commission. There shall be a stenographic record made of all testimony given and other proceedings during such hearing, and as far as practicable, rules governing reception of evidence in courts shall obtain.

Subd. 12. The decision of the state board shall be in writing and the controlling facts found upon which the decision is made shall be stated in sufficient detail to appraise the parties and the reviewing court of the basis and reason of the decision. If it is the decision of the state board that none of the grounds of disapproval specified herein exist, the contract in question shall be approved; if it is the decision of the state board that one or more of those grounds exist, the contract shall be disapproved.

Subd. 13. The decision of the state board may be reviewed on certiorari by the district court of the county in which the school district or any part thereof is located, and the reasonableness of the state board's decision under all the circumstances of the case shown by the record will be judicial question of fact.

Subd. 14. The fact of approval or disapproval of a contract shall not be evidence in any civil or criminal proceeding growing out of the making or performance of the contract or related to the official conduct of the members of the district board. Proceedings or failure to proceed shall not preclude any civil or criminal act otherwise proper. Necessary costs and disbursements, exclusive of those incurred in the administrative proceedings, on review by certiorari shall be taxed against the losing party and in the event taxed against the state shall be paid from the appropriations made to the state department of education for the payment of special state aids.

123.38 EXTRACURRICULAR ACTIVITIES OF INDEPENDENT SCHOOL DISTRICTS; INSURANCE. Subdivision 1. Whenever it shall appear to be beneficial and for the best interest of the district and the pupils of the district to carry on any school sport activities or educational activities connected with their studies outside of the territorial limits of the school district, the board may authorize such activities to be conducted under such rules and regulations as the board deems sufficient. The district may pay all necessary costs therefor including transportation from the school funds available.

Subd. 2. The board may, and, upon vote of the district shall take charge of and control all school and quasi school activities of the teachers and children of the public schools in that district held in the school building or school grounds

MINNESOTA STATUTES 1965

or under the supervision or direction of the school board and to that end adopt rules and regulations for the conduct of athletic, oratorical, musical, dramatic, and other contests and entertainments in which the schools of the district or any class or pupils therein may participate. All money received on account of such entertainments and contests shall be turned over to the school district treasurer, who shall keep the same in a separate fund to be known as the school auxiliary fund, to be disbursed for expenses connected with such entertainments or contests, or otherwise, by the board upon properly allowed itemized claims. Where the district has taken charge and control of such funds, the treasurer and his bonding company and depositories shall be subject to the same liability for such funds as for other school funds as provided by law and such funds shall be considered public funds for the purposes of examination and auditing. Any donations to the school district for specific objects and purposes and other than for the primary purposes of the district, shall be placed in the fund hereinbefore referred to and in like manner disbursed; the request of the donor thereof being complied with in regard to the purpose of such disbursements, if the board shall consider that the interest of the district will be promoted thereby.

No such school or quasi school entertainment or contest in any district in which the school board shall act under the provision of this subdivision shall be participated in by the teachers of pupils in the public schools of such district, nor shall the school name or any allied name be used in connection therewith, except by consent and direction of the board.

Subd. 3. The board may enter into a contract providing for the payment of cash benefits or the rendering or payment of hospital and medical benefits, or both to school children injured while participating in the athletic or supervised physical activities of the school, such contract to make the payment of such benefits or the rendering thereof the direct and sole obligation of the association or company entering into such contract with the district.

If the board deems it advisable, it may authorize employees to collect fees from the pupils enrolled in said school who are to be or are covered by such contract, and to make payment of the premium or other charge for such contract or protection, provided payment of such premium or other charge shall not be made from funds received from the federal government or from the state or any governmental subdivision thereof, nor from funds derived by a tax levy or the issuance of bonds.

The payment of any fees, premium or other charge by such child shall not thereby make the district liable for any injuries incurred from such athletic or supervised physical school activities.

Subd. 4. The insurance laws of this state shall not apply to non-profit benefit and relief associations formed by public schools or officers of public schools or the Minnesota state high school league, the privileges of which and applications for membership in which are confined to pupils of the schools, and the benefits and relief to be derived therefrom are limited to pupils injured or disabled from participation in school athletics or any supervised school activity.

123.39 M.S. 1953 [Repealed, 1957 c 947 art 9 s 9]

123.39 INDEPENDENT SCHOOL DISTRICTS, TRANSPORTATION. Subdivision 1. The board may provide for the free transportation of pupils to and from school, and to schools, in other districts for grades and departments not maintained in the district, including high school, at the expense of the district, when funds are available therefor and if agreeable to the district to which it is proposed to transport the pupils, for the whole or a part of the school year as it may deem advisable, and subject to its rules. Every driver shall possess all the qualifications required by the rules of the state board of education. In any district which at the time of the adoption of this code was a consolidated district or enjoyed the privileges of a consolidated district, the board shall arrange for the attendance of all pupils living two miles or more from the school, through suitable provision for transportation or for the boarding and rooming of such pupils as may be more economically and conveniently provided for by such means. The district is authorized to provide for the transportation of pupils or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by such means.

Subd. 2. The board may contract for the furnishing of authorized transpor-

tation under rules established by the commissioner of education, and may purchase gasoline and furnish same to a contract carrier for use in the performance of a contract with the school district for transportation of school children to and from school.

Subd. 3. The board may purchase buses on the installment plan, the installments to be all paid within a period of not to exceed three years from the date of purchase and the deferred payments to bear a rate of interest of not to exceed four percent per annum.

Subd. 4. The board may provide for the instruction of any resident pupil in another district when inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in his own district unreasonably difficult or impractical, in which case such district shall pay to the district so attended the tuition agreed upon or charged, and may provide transportation; provided, that such pupil shall continue to be a pupil of the district of his residence for the payment of apportionment and other state aids.

Subd. 5. The board may provide for the admission to the schools of the district, of non-resident pupils, and those above school age, and fix the rates of tuition for such pupils. In case a person owns land and pays the taxes thereon, in a district other than the one in which he resides, then such person or his tenant shall be admitted to all the benefits of said school the same as residents therein, in respect to elementary pupils upon conforming to such reasonable terms for tuition and transportation as the board of education of such school district may have established for non-residents, except that he shall be entitled to have the amount of school taxes which he pays to the support of said district applied in payment of said tuition and transportation fees. In the payment of state aid, the district in which the pupil attends shall be considered the district of his residence because of the provisions of this subdivision.

Subd. 6. The board may transport pupils residing outside of the district but attending school therein upon pupils presenting themselves within the district on one of the regular routes traveled in the transportation of the pupils of the district.

Subd. 7. If high school pupils from a district within this state are being transported to a school in another state, the board of the district from which the pupils are being transported may provide free transportation and tuition for any or all of its elementary pupils to such school in another state and be entitled to state aid as provided by law.

Subd. 8. The board may rent to any person, for any lawful purpose, any bus owned by the school district. The use and operation of such bus by such person shall not interfere with the use and operation of such bus by the district for the transportation of children to and from school. Any such lessee so leasing or renting buses may use and operate the same as provided in this section without the payment of a motor vehicle tax thereon as provided by law. Any such lessee shall be liable for any and all claims for injuries and damages arising out of the use and operation of any bus so leased or rented; and the leasing or renting of any such bus shall be conditioned upon said lessee or renter procuring, at his own expense, insurance protecting said board and said district against any and all claims for injuries and damages arising out of the use and operation of said bus.

Subd. 9. The board may provide for the protection of school children in the district being transported for all school purposes or activities in district owned, operated, leased, or controlled motor vehicles against injuries or damages arising out of the operation thereof. If the board deems it advisable, insurance may be procured and paid for from any funds available. Any insurance contract covering such risk shall contain as a condition precedent, a clause or provision expressly waiving the defense, by the insurer, that the district is engaged in a governmental function. The payment of any insurance premiums by such district shall not hereby make the district liable for any injuries or damages incurred by such transportation.

Subd. 10. [1955 c 862 s 3]

123.84 ELECTIONS. [1955 c 862 s 4]

Upon establishment of any associated district, it shall be organized as, have all the powers of, and be governed as an independent school district except that it shall be without power to maintain elementary schools and except as in sections 123.81 to 123.93 otherwise provided.

[1955 c 862 s 5]

123.86 FIRST SCHOOL BOARD, ELECTION. The following shall be the procedure for election of the first school board:

At 10 a.m., 14 days after the election on the question of association, the chairmen of all the districts associated shall meet in the district courtroom or other space in the courthouse if court is in session, of the county in which the greatest acreage of the new associated district lies, and shall discharge the following duties:

[1955 c 862 s 6]

123.87 ADDITIONAL DISTRICTS. After an associated district is established, additional districts may be associated at an annual or a special election or school meeting; all districts voting must by a majority of votes cast in each district approve association; if one or more of the additional districts proposed for association or the associated district fails to cast a majority affirmative vote, association of the additional districts shall not be effective. The election may be ordered by the board of the associated district and the boards of additional districts to be associated or on petition and in all other respects shall be held in like manner as the initial election for establishment of an associated district as provided by section 123.82. Any district may withdraw from the associated district in like manner; however, withdrawal shall not be effective unless approved by a majority vote in the district seeking to withdraw and a majority vote in the remainder of the associated district.
