## STATE AERONAUTICS DEPARTMENT

**360.011 DECLARATION.** It is hereby declared that the purpose of Laws 1945, Chapter 303, is to further the public interest and aeronautical progress by providing for the protection and promotion of safety in aeronautics; by cooperating in effecting a uniformity of the laws relating to the development and regulation of aeronautics in the several states; by revising existing statutes relative to the development and regulation of aeronautics so as to grant to a state agency such powers and impose upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction, may assist in the promotion of a statewide system of airports, may cooperate with and assist the political subdivisions of this state and others engaged in aeronautics, and may encourage and develop aeronautics; by establishing uniform regulations, consistent with federal regulations and those of other states, in order that those engaged in aeronautics of every character may so engage with the least possible restriction, consistent with the safety and the rights of others; and by providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state by assisting in accomplishing the purposes of federal legislation and eliminating costly and unnecessary duplication of functions properly in the province of federal agencies.

[1945 c. 303 s. 2]

**360.012 SOVEREIGNTY.** Subdivision 1. Sovereignty in the space above the lands and waters of this state is declared to rest in the state, except where granted to and assumed by the United States pursuant to a constitutional grant from the people of this state.

Subd. 2. The ownership of the space above the lands and waters of this state is declared to be vested in the several owners of the surface beneath, subject to the right of flight described in subdivision 3.

Subd. 3. Flight in aircraft over the lands and water of this state is lawful, unless at such low altitude as to interfere with the then existing use to which the land or water, or the space above the land or water, is put by the owner, or unless so conducted as to be imminently dangerous or damaging to persons or property lawfully in the land or water beneath. The landing of an aircraft on the lands or waters of another, without his consent is unlawful, except in the case of a forced landing. For damages caused by the forced landing, however, the owner or lessee of the aircraft or the pilot shall be liable as provided in subdivision 4.

Subd. 4. The owner of every aircraft which is operated over the lands or waters of this state is absolutely liable for injury or damage to persons or property on the land or water beneath, caused by the ascent, descent, or flight of the aircraft, or the dropping or falling of any object therefrom, whether such owner was negligent or not, unless the injury or damage is caused in whole or in part by the negligence of the person injured, or of the owner or bailee of the property damaged. If the aircraft is leased at the time of the injury or damage to person or property, both the owner and lessee shall be liable, and they may be sued jointly, or either or both of them may be sued separately. A pilot who is not the owner or lessee shall be liable only for the consequences of his own negligence. The injured person, or owner or bailee of the damaged property, shall have a lien on the aircraft causing the injury or damage to the extent of such injury or damage caused by the aircraft or objects falling from it.

Subd. 5. The liability of the owner of one aircraft to the owner of another aircraft, or to pilots or passengers or other persons on either aircraft, for damages caused by collision on land or in the air shall be determined by the rules of law applicable to torts occurring on land.

Subd. 6. All crimes, torts, and other wrongs committed by or against a pilot, passenger, or other person while in flight over this state shall be governed by the laws of this state; and the question whether damage occasioned by or to an aircraft while in flight over this state constitutes a tort, crime, or other wrong by or against the owner of such aircraft shall be determined by the laws of this state.

Subd. 7. All contractual and other legal relations entered into by pilots, passengers, or other persons while in flight over this state shall have the same effect as if entered into on the land or water beneath.

[1945 c. 655 s. 20]

**360.014 DEPARTMENT OF AERONAUTICS; OFFICERS, SALARIES.** Subdivision 1. There is hereby created the department of aeronautics, consisting of the commissioner of aeronautics, his assistants, and such help and employees as may be from time to time appointed or employed.

Subd. 2. There is hereby created the office of commissioner of aeronautics, the incumbent of which shall have the powers and duties and privileges herein set forth. Except for the first term, which shall begin as soon as the governor can reasonably appoint a suitable person and which shall expire January 1, 1947, the term of office shall be four years; the governor, with the consent of the senate, shall appoint a suitable person, having a knowledge of aeronautics to said office. **360.015 COMMISSIONER; POWERS AND DUTIES.** Subdivision 1. **General supervision.** The commissioner shall have general supervision over aeronautics within this state. He is empowered and directed to encourage, foster, and assist in the development of aeronautics in this state and to encourage the establishment of airports and other air navigation facilities.

Subd. 2. **Cooperation with federal and other agencies.** He shall cooperate with and assist the federal government, the municipalities of this state, and others engaged in aeronautics or the promotion of aeronautics, and shall seek to coordinate the aeronautical activities of these bodies. To this end, the commissioner is em-

powered to confer with or to hold joint hearings with any federal aeronautical agency in connection with any matter arising under Laws 1945, Chapter 303, or relating to the sound development of aeronautics, and to avail himself of the co-operation, services, records, and facilities of such federal agencies, as fully as may be practicable, in the administration and enforcement of Laws 1945, Chapter 303. He shall reciprocate by furnishing to the federal agencies his cooperation, services, records, and facilities, in so far as may be practicable.

He shall report to the appropriate federal agency all accidents in aeronautics in this state of which he is informed and preserve, protect, and prevent the removal of the component parts of any aircraft involved in an accident being investigated by him until a federal agency institutes an investigation, and shall report to the appropriate federal agency all refusals by him to register federal licenses, certificates, or permits and all revocations of certificates of registration, and the reasons therefor, and all penalties of which he has knowledge imposed upon airmen for violations of the laws of this state relating to aeronautics or for violations of the rules, regulations, or orders of the commissioner.

**Subd. 3. Promulgate rules and regulations.** He may perform such acts, issue and amend such orders, and make, promulgate, and amend such reasonable general or special rules, regulations, and procedure and establish such minimum standards, consistent with the provisions of Laws 1945, Chapter 303, as he shall deem necessary to carry out the provisions of Laws 1945, Chapter 303, and to perform his duties thereunder: all commensurate with and for the purpose of protecting and insuring the general public interest and safety, the safety of persons receiving instruction concerning, or operating, using, or traveling in, aircraft, and of persons and property on land or water, and to develop and promote aeronautics in this state. No rule or regulation of the commissioner shall apply to airports or other air navigation facilities owned or controlled by the federal government within this state.

Whenever valid rules and regulations of the commissioner and rules and regulations of a municipality are inconsistent, the rules and regulations of the commissioner shall control and the rules and regulations of the municipality are void in so far as they are inconsistent with the rules and regulations of the commissioner. Nothing herein contained shall be construed to limit the right of a metropolitan airports commission created under Laws 1943, Chapter 500, as amended, to make its own rules and regulations governing the internal administrative operations of an airport owner or operated by it as distinguished from rules and regulations governing flight and flight operations promulgated by the commissioner in the interests of safety.

**Subd. 4. Conformity with federal rules.** All rules and regulations prescribed by the commissioner under the authority of Laws 1945, Chapter 303, shall be kept in conformity, as nearly as may be, with the then current federal legislation governing aeronautics and the regulations duly promulgated thereunder and the rules and standards issued from time to time pursuant thereto.

**Subd. 5. Filing of rules.** He shall keep on file with the secretary of the state, and at the principal office of the department, a copy of all his rules and regulations, for public inspection.

**Subd. 6. Design state airway system.** He may designate, design, and establish, expand, or modify a state airways system which will best serve the interests of the state. He may chart such airways system and arrange for publication and distribution of such maps and charts and notices and bulletins relating to such airways as may be required in the public interest. He may make a charge for these sufficient to cover the cost of printing or reproduction. The system shall be supplementary to and coordinated in design and operation with the federal airways system. It may include all types of air navigation facilities which conform to federal safety standards.

**Subd. 7. Technical services to municipalities.** He may, in so far as is reasonably possible, offer the engineering or other technical services of the department, without charge, to any municipality desiring them in connection with the construction, maintenance, or operation or proposed construction, maintenance, or operation of an airport or restricted landing area.

**Subd. 8. Suggest legislation.** He may draft and recommend necessary legislation to advance the interests of the state in aeronautics and represent the state in aeronautical matters before federal agencies and other state agencies.

Subd. 9. **Intervention.** He may participate as party plaintiff or defendant, or as intervenor, on behalf of the state or any municipality or citizen thereof, in any controversy having to do with any claimed encroachment by the federal government or any foreign state upon any state or individual rights pertaining to aeronautics.

Subd. 10. **Enforcement; police power; deputize airport managers.** It shall be the duty of the commissioner, his assistant, and all employees of the department of aeronautics and every state, county, and municipal officer charged with the enforcement of state and municipal laws to enforce and assist in the enforcement of Laws 1945, Chapter 303, and of all rules and regulations issued pursuant thereto, and of all other laws of this state relating to aeronautics, and, in the aid of such enforcement, general police powers are hereby conferred upon the commissioner, his assistant, and such of the employees of the department as may be designated by him to exercise such powers. He may also deputize airports managers to enforce on the airports managed by them all rules and regulations issued pursuant to the provisions of this section, and general police powers are hereby conferred upon such airport managers for the purposes of such enforcement. The commissioner is further authorized, in the name of this state, to enforce the provisions of Laws 1945, Chapter 303, and the rules and regulations issued pursuant thereto by injunction in the courts of this state. Municipalities are authorized to cooperate with the commissioner in the development of aeronautics and aeronautics facilities in this state. The commissioner may use the facilities and services of other agencies of the state to the utmost extent possible, and such agencies are authorized and directed to make available such facilities and services.

Subd. 11. **Investigations.** The commissioner, his assistant, or any employee of the department designated by him shall have the power to hold investigations, inquiries, and hearings concerning matters covered by the provisions of Laws 1945, Chapter 303, and orders, rules, and regulations of the commissioner and concerning accidents in aeronautics within this state. All hearings so conducted shall be open to the public. The commissioner, his assistant, and every employee of the department designated by him to hold any inquiry, investigations, or hearing shall have power to administer oaths and affirmations, certify to all official acts, issue subpoenas, and compel the attendance and testimony of witnesses and the production of papers, books, and documents. In case of failure to comply with any subpoena or order issued under authority of Laws 1945, Chapter 303, the commissioner, or his authorized representative, may invoke the aid of any court of this state of general jurisdiction. The court may thereupon order the witness to comply with the requirements of the subpoena or order or to give evidence touching the matter in question. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

Subd. 12. **Report of investigations; limitations on use.** In order to facilitate the making of investigations by the commissioner, in the interest of public safety and promotion of aeronautics, the public interest requires, and it is therefore provided, that the reports of investigations or hearings, or any part thereof, shall not be admitted in evidence or used for any purpose in any suit, action, or proceeding growing out of any matter referred to in said investigation, hearing, or report thereof, except in case of criminal or other proceedings instituted in behalf of the commissioner of this state under the provisions of Laws 1945, Chapter 303, and other laws of this state relating to aeronautics, nor shall the commissioner, his assistant, or any employee of the department be required to testify to any facts ascertained in, or information gained by reason of, his official capacity, or be required to testify as an expert witness in any suit, action, or proceeding involving any aircraft. Subject to the foregoing provisions, the commissioner may in his discretion make available to appropriate federal and state agencies information and material developed in the course of such hearings and investigations.

Subd. 13. **Financial assistance to municipalities.** The commissioner may render assistance in the acquisition, construction, improvement, or maintenance of airports and other air navigation facilities owned, controlled, or operated, or to be owned, controlled, or operated, by municipalities in this state, the cost of such assistance to be paid out of the state airports fund provided for by Laws 1945, Chapter 303, and from appropriations made by the legislature for that purpose. State funds appropriated or made available for the acquisition, construction, improvement, or maintenance of such airports and other air navigation facilities may be expended only

upon projects which are included in the state airways system established by the commissioner. No such state funds shall be available for work upon any project that is not done upon the supervision of the commissioner.

**Subd. 14. Contracts.** He may enter into any contracts necessary to the execution of the powers granted him by Laws 1945, Chapter 303.

**Subd. 15. Exclusive rights forbidden; leases permitted.** He shall grant no exclusive right for the use of any airway, airport, restricted landing area, or other air navigation facility under his jurisdiction. This subdivision shall not prevent the making of leases in accordance with other provisions of Laws 1945, Chapter 303.

**360.018 AIRCRAFT, AIRMEN, AIRPORTS, AIR INSTRUCTION; REGULATION.** Subdivision 1. **Generally.** The general public interest and safety, the safety of persons receiving instruction concerning or operating, using, or traveling in aircraft and of persons and property on the ground, and the interest of aeronautical progress requiring that aircraft operated within this state should be airworthy, that airmen and those engaged in air instruction should be properly qualified, and that airports, restricted landing areas, and air navigation facilities should be suitable for the purposes for which they are designed; the purposes of sections 360.013 to 360.075, requiring that the commissioner should be enabled to exercise the powers of supervision therein granted; and the advantages of uniform regulation making it desirable that aircraft operated within this state should conform with respect to design, construction and airworthiness to the standards prescribed by the United States government with respect to civil aircraft subject to its jurisdiction and that persons engaging in aeronautics within this state should have the qualifications necessary for obtaining and holding appropriate airman certificates of the United States, the commissioner is authorized:

(1) To require the registration annually of federal licenses, permits, or certificates of civil aircraft engaged in air navigation within this state, and to issue certificates of such registration, which certificates may be the same as the certificates issued pursuant to section 360.59, subdivision 3. The application for registration made pursuant to sections 360.54 to 360.67 shall be considered as the application for registration required by this section.

(2) To require the registration of federal licenses, permits, or certificates of airmen engaged in aeronautics within this state and of aeronautics instructors, and to issue certificates of such registration. The expiration date for each registration certificate renewed or issued after July 1, 1959, is the birthday of the applicant in the fourth year following the year of renewal or issuance of the certificate. The expiration date for each registration certificate renewed or issued after July 1, 1965, shall be April 30, 1967, and such certificate may be renewed at that time and every two years thereafter, except that an airman registered prior to July 1, 1965, shall not be required to renew his certificate until the end of the registration period, at which time his certificate may be renewed for the period ending April 30 in the next odd-numbered year.

(3) The certificates of registration of aircraft, airmen, and aeronautics instructors issued pursuant to this section shall constitute licenses of such aircraft, airmen, and instructors for operations within this state to the extent permitted by the federal licenses, certificates, or permits so registered. The application for registration shall contain such information as the commissioner may by rule, regulation, or order prescribe. The first application for registration made in this state shall be verified by the applicant. The second and succeeding applications for registration need not be verified. The commissioner may charge for the registration of each airman and instructor a fee not exceeding \$1. Each application for registration of aircraft shall be made as required by sections 360.54 to 360.67. The first application for registration of airmen or instructors made in this state shall be made within 30 days from the date of the issuance of his federal license, certificate, or permit, or if the airman or instructor is not a resident of this state on the date of issuance of such federal licenses, certificates, or permits, within 30 days after he becomes such resident.

(4) To license any person engaged in commercial operations in accordance with rules and regulations to be adopted by the commissioner and to annually renew such a license. The rules and regulations adopted hereunder shall provide for:

(a) the maximum fee to be charged any one person for an original license and the renewal thereof, such maximum fee not to exceed \$10;

(b) compliance with all requirements of the United States government relating to permits or certificates governing aircraft and airmen;

(c) compliance with all laws of the state of Minnesota and rules and regulations of any state department or agency promulgated thereunder;

(5) To approve airport and restricted landing area sites and to license airports, restricted landing areas, or other air navigation facilities, in accordance with rules and regulations to be adopted by the commissioner, and to renew such licenses. Licenses granted under this subdivision or under any prior law shall be renewed annually or every three years upon payment of the fee therefor, and licenses shall be granted for airports and restricted landing areas which were being operated under a license on the 1st day of July 1943, without requirements of a certificate of approval, unless the commissioner shall reasonably determine, after a public hearing to be called by him and held in the same manner and upon the same notice as is provided for hearings upon certificates of approval or original licenses, that the operation of such airport or restricted landing area is hazardous to persons operating, using, or traveling in aircraft or to persons and property on the ground. He shall make no charge for approval certificates of proposed property acquisition for airport or restricted landing area purposes. He may charge for the issuance of each original license for an airport or restricted landing area not to exceed \$10 per year and not to exceed \$25 for three years, based on classifications made by the commissioner.

(6) To suspend or revoke any license or certificate of registration of an aircraft, airman, licensee of commercial operations, or aeronautics instructor, issued by him, or to refuse to issue any such license or certificate of registration, when he shall reasonably determine that any aircraft is not airworthy or that any airman, licensee of commercial operations, or aeronautics instructor is not qualified has engaged in advertising by means of false or deceptive statements, has been found guilty of gross incompetency or gross negligence, has been found guilty of fraud, dishonesty, forgery, or theft, has wilfully violated the provisions of section 360.013 to 360.075, the rules and regulations prescribed pursuant thereto, or any other statute of this state relating to aeronautics, or any act of congress or any rule or regulation promulgated pursuant thereto, is addicted to the use of narcotics or other habit forming drug or to the excessive use of intoxicating liquor, has made any false statement in any application for registration of a federal license, certificate or permit, or has been guilty of other conduct, acts, or practices dangerous to the public safety and the safety of those engaged in aeronautics.

**Subd. 2. Operations unlawful.** Except as hereinafter provided, it shall be unlawful for any person to operate or cause or authorize to be operated any civil aircraft within this state unless such aircraft has an appropriate effective license, certificate, or permit issued by the United States Government which has been registered with the commissioner and such registration with the commissioner is in full force and effect, and it shall be unlawful for any person to engage in aeronautics as an airman in this state unless he has from the commissioner an effective certificate of registration of an appropriate effective airman's license, certificate or permit issued by the United States Government authorizing him to engage in the particular class of aeronautics in which he is engaged.

**Subd. 3. Exceptions to registration requirements.** The provisions of subdivision 1, paragraphs (1), (2) and (3), and subdivision 2 shall not apply to:

(9) An airman while operating or taking part in the operation of an aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce.

**Subd. 4. Exhibition of licenses and certificates.** The federal license, certificate, or permit, and the evidence of registration in this or another state, if any, required for an airman shall be kept in the personal possession of the airman when he is operating within this state and must be presented for inspection upon the demand of any passenger, any peace officer of this state, or the commissioner, his assistant, or any employee of the department, or any official, manager, or person in charge of any airport in this state upon which he shall land, or upon the reasonable request of any other person. The federal aircraft license, certificate, or permit, and the evidence of registration in this or another state, if any, required for aircraft must be carried in every aircraft operating in this state at all times and must be conspicuously posted therein where it may readily be seen by passengers or inspectors and must be presented for inspection upon the demand of any passenger, any peace officer of this state, the commissioner, his assistant, or any employee of the department, or any official, manager, or person in charge of any airport in this state upon which it shall land, or upon the reasonable request of any person.

**Subd. 5. Air instruction without license, permit or certificate.** It shall be unlawful for any person to engage in commercial operations or to act as an aeronautics instructor in this state unless he has all required licenses, certificates or permits of the commissioner and of the United States Government.

**Subd. 6. Licensing of airports and other air navigation facilities.** All proposed airports, restricted landing areas, and other air navigation facilities shall be first licensed by the commissioner before they, or any of them, shall be used or operated. Any municipality or person acquiring property for the purpose of constructing or establishing an airport or restricted landing area shall, prior to such acquisition, make application to the commissioner for a certificate of approval of the site selected and the general purpose or purposes for which the property is to be acquired, to insure that the property and its use shall conform to minimum standards of safety and shall serve public interest. It shall be unlawful for any municipality or officer or employee thereof, or for any person, to operate an airport, restricted landing area, or other air navigation facility for which an annual license has not been issued by the commissioner.

**Subd. 7. Hearings on application for certificates and licenses.** Whenever the commissioner makes an order granting or denying a certificate of approval of an airport or a restricted landing area, or an original license to use or operate an airport, restricted landing area, or other air navigation facility, and the applicant or any interested municipality, within 15 days after notice of such order has been sent the applicant by registered mail, demands a public hearing, or whenever the commissioner desires to hold a public hearing before making an order, such a public hearing in relation thereto shall be held in the municipality applying for the certificate of approval or license or, in case the application was made by anyone other than a municipality, at the county seat of the county in which the proposed airport, restricted landing area, or other air navigation facility is proposed to be situated, at which hearing parties in interest and other persons shall have an opportunity to be heard. Notice of the hearing shall be published by the commissioner in a legal newspaper of general circulation in the county in which the hearing is to be held, at least 15 days prior to the date of hearing. After a proper and timely demand

has been made, the order shall be stayed until after the hearing, when the commissioner may affirm, modify, or reverse it, or make a new order. If no hearing is demanded as herein provided, the order shall become effective upon the expiration of the time permitted for making a demand. Where a certificate of approval of an airport or restricted landing area has been issued by the commissioner, he may grant a license for operation and use, and no hearing may be demanded thereon; provided, however, and subject to the provisions of section 360.111, as amended, should the airport for which a license is applied lie within the area under the jurisdiction of any corporation organized under Laws 1943, Chapter 500, as amended, the commissioner, before issuing the first license for the operation of said airport, shall forthwith serve notice in writing of the application, together with a copy thereof to the said corporation. Within 15 days after service of such notice said corporation shall serve written notice upon the commissioner whether or not it regards the acquisition and/or operation of said airport as constituting a hazard to the safe operation of an airport or airports owned or operated by it. If in the opinion of the corporation it does not constitute such a hazard, the commissioner may thereafter proceed in the matter of granting or refusing to grant a license in accordance with and pursuant to the provisions of this act. If the corporation, however, be of the opinion that the acquisition and/or operation of such airport would create such a hazard, then the commissioner shall set a time and place for a joint hearing upon the application for license and for consent to or approval by the corporation of the acquisition and/or operation of said airport, which hearing shall be held within 45 days after the service of such notice upon the applicant, the corporation and other interested parties, unless such time shall be extended by consent of all interested parties. At said hearing the corporation shall offer such evidence as it deems material to sustain its contention that the acquisition and/or operation of said airport would create such a hazard. Thereafter other interested parties supporting the view of the corporation shall be heard; and thereafter the applicant and other interested parties supporting applicant's view or their independent views shall be heard, and shall offer such evidence as they deem material to sustain their respective views and contentions. Each party shall have an opportunity of offering rebuttal testimony or rebuttal evidence. Within ten days after the close of the hearing the corporation shall make its order in writing approving or refusing to approve the acquisition and/or operation of said airport, provided that if the order is one disapproving, it must be based solely upon the grounds that the acquisition and/or operation of said airport would constitute a hazard to the safe operation of an airport or airports owned or operated by it or presently to be constructed or being constructed to be operated by it, and its order shall set forth its findings of fact and its reasons for the conclusion reached.

The provisions of this proviso shall apply only to securing the first approval or disapproval of the establishment and operation of said airport or restricted landing area and once the same shall have been approved by the corporation renewal licenses may be issued therefor by the commissioner of aeronautics without notice to the corporation.

**Subd. 8. Standards for issuing certificates of approval and licenses.** In determining whether he shall issue a certificate of approval or license for the use or operation of any proposed airport or restricted landing area, the commissioner shall take into consideration its proposed location, size, and layout, the relationship of the proposed airport or restricted landing area to a comprehensive plan for state-wide and nation-wide development, whether there are safe areas available for expansion purposes, whether the adjoining area is free from obstructions based on a proper glide ratio, the nature of the terrain, the nature of the uses to which the proposed airport or restricted landing area will be put, and the possibilities for future development.

**Subd. 9. Exceptions; federal use.** The provisions of subdivisions 6, 7, and 8 shall not apply to any airport, restricted landing area, or other air navigation facility owned or operated by the federal government within this state, or by any public corporation created in and for contiguous cities of the first class of this state. No airport, restricted landing area or other air navigation facility shall be acquired or operated within 25 miles of the city hall of either of two contiguous cities of the first class for which a public corporation has been created pursuant to Laws 1943,

Chapter 500, without the consent of such corporation, as provided in and limited by section 360.111, as amended.

**Subd. 10. Revocation of certificate of approval and licenses.** The commissioner is empowered to suspend or revoke any certificate of approval or license issued by him when he shall determine that an airport, restricted landing area, or other air navigation facility is not being maintained or used in accordance with the provisions of Laws 1945, Chapter 303, and the rules and regulations lawfully promulgated pursuant thereto.

**Subd. 11. Examination of premises.** To carry out the provisions of Laws 1945, Chapter 303, the commissioner, his assistant, the employees of the department, and any officers, state or municipal, charged with the duty of enforcing Laws 1945, Chapter 303, may inspect and examine at reasonable hours any premises, and the buildings and other structures thereon, where airports, restricted landing areas, air schools, flying clubs, or other air navigation facilities or aeronautical activities are operated or carried on.

**360.019 ORDERS OF COMMISSIONER; REVIEW.** Subdivision 1. **Refusals; findings of fact; requirements.** In any case where the commissioner refuses to issue a certificate of approval of or license (or renewal of license) for an airport, restricted landing area, or other air navigation facility, or refuses to permit the registration of any license, certificate, or permit, or refuses to grant a license to an air school or to an aeronautics instructor in ground subjects, or in any case where he shall issue any order requiring certain things to be done, or revoking any license or certificate, he shall set forth his reasons therefor and shall state the requirements to be met before such approval will be given, registration permitted, license granted, or order modified or changed. Any order made by the commissioner pursuant to the provisions of Laws 1945, Chapter 303, shall be served upon the interested persons by registered mail or in person.

**Subd. 2. Hearings before commissioner, review by certiorari.** Any person aggrieved by an order of the commissioner or by the granting or denial of any license, permit, certificate, or registration may request a hearing before the commissioner. The commissioner shall hold a public hearing and may stay the order until after the hearing. Orders of the commissioner reached after a public hearing may be reviewed by certiorari in the district court of Ramsey county or the district court of the county in which the person resides, or (in the case of orders relating to obstructions to air navigation) of the county in which the structure exists or is to be erected.

**360.021 STATE AIRPORTS, ACQUISITION, OPERATION.** Subdivision 1. **Authority to establish.** The commissioner is authorized and empowered, on behalf of and in the name of this state, within the limitation of available appropriations, to acquire, by purchase, gift, devise, lease, condemnation proceedings, or otherwise, property, real or personal, for the purpose of establishing and constructing airports, restricted landing areas, and other air navigation facilities, and to acquire in like manner, own, control, establish, construct, enlarge, improve, maintain, equip, operate, regulate, and police such airports, restricted landing areas, and other air navigation facilities, either within or without this state; to make, prior to any such acquisition, investigations, surveys, and plans, to erect, install, construct, and maintain at such airports facilities for the servicing of aircraft and for the comfort and accommodation of air travelers and to dispose of any such property, airport, restricted landing area, or any other air navigation facility, by sale, lease, or otherwise, in accordance with the laws of this state governing the disposition of other like property of the state. He may not acquire or take over any airport, restricted landing area, or other air navigation facility without the consent of the owner. He may erect, equip, operate, and maintain on any airport buildings and equipment necessary and proper to establish, maintain, and conduct such airport and air navigation facilities connected therewith.

**Subd. 2. Airport protection privileges.** Where necessary in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports and restricted landing areas acquired or operated under the provisions of Laws

1945, Chapter 303, he is hereby granted authority to acquire, in the same manner as is provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and such other airport protection privileges as are necessary to insure safe approaches to the landing areas of said airports and restricted landing areas, and the safe and efficient operation thereof. He is also hereby authorized to acquire, in the same manner, the right of easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the night-time marking of airport hazards, including the right of ingress and egress to or from such airport hazards for the purpose of maintaining and repairing such lights and marks. This authority shall not be so construed as to limit the right, power, or authority of the state or any municipality to zone property adjacent to any airport or restricted landing area pursuant to any law of this state.

**Subd. 3. Joint operations.** This state, acting through the commissioner, may engage in all such activities jointly with the United States, other states, and with municipalities or other agencies of this state.

**Subd. 4. Condemnation.** He may exercise the right of eminent domain, in the name of the state, in the manner provided by the laws of this state for the acquisition of real property for public purposes, for the purpose of acquiring any property which he is herein authorized to acquire by condemnation. The fact that the property so needed has been acquired by the owner under power of eminent domain shall not prevent its acquisition by the exercise of the right of eminent domain herein conferred. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Notwithstanding the provisions of any other statute, or the charter of any municipality, he may take possession of any such property so to be acquired at any time after the filing of the petition describing the same in condemnation proceedings. He shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken.

**Subd. 5. Leases and sales.** He may lease for a term not exceeding 30 years such airports, or other air navigation facilities or real property acquired or set apart for airport purposes, to private parties, any municipal or state government or the national government, or any department of either thereof, for operation; and may lease or assign for a term not exceeding 30 years to private parties, any municipal or state government or the national government, or any department of either, for operation or use consistent with the purposes of this act, space, area, improvements, or equipment on such airports; may sell any part of such airports, other air navigation facilities, or real property to any municipal or state government, or to the United States or any department or instrumentality thereof, for aeronautical purposes or purposes incidental thereto; and may confer the privilege of concessions of supplying upon the airports goods, commodities, things, services, and facilities; provided that in each case in so doing the public is not deprived of its rightful, equal, and uniform use thereof.

**Subd. 6. Charges and rentals.** He shall have the authority to determine the charges or rental for the use of any properties and the charges for any service or accommodations under his control and the terms and conditions under which such properties may be used; provided that in all cases the public is not deprived of its rightful, equal, and uniform use of such property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expenses of operation to the state. The state shall have and the commissioner may enforce liens, as provided by law for liens and the enforcement thereof, for repairs to or improvement or storage or care of any personal property, to enforce the payment of any such charges.

**Subd. 7. **360.031 DEFINITION.** For the purposes of sections 360.031 to 360.045, inclusive (except section 360.042), only, "municipality" means any county, city, village, town, or borough of this state.

[1945 c. 303 s. 10]

**360.032 MUNICIPALITIES MAY ACQUIRE AIRPORTS.** Subdivision 1. **Acquisition.** Every municipality is hereby authorized, through its governing body, to acquire property, real or personal, for the purpose of establishing, constructing, and enlarging airports and other air navigation facilities and to acquire, establish, construct, enlarge, improve, maintain, equip, operate, and regulate such airports and other air navigation facilities and structures and other property incidental to their operation, either within or without the territorial limits of such municipality and within or without this state; to make, prior to any such acquisition, investigations, surveys, and plans; to construct, install, and maintain airport facilities for the servicing of aircraft and for the comfort and accommodation of air travelers; and

to purchase and sell equipment and supplies as an incident to the operation of its airport properties. It may not acquire, or take over any airport or other air navigation facility owned or controlled by any other municipality of the state without the consent of such municipality. It may use for airport purposes any available property that is now or may at any time hereafter be owned or controlled by it. Such air navigation facilities as are established on airports shall be supplementary to and coordinated in design and operation with those established and operated by the federal and state governments. It may assist other municipalities in the construction of approach roads leading to any airport or restricted landing area owned or controlled by it.

**Subd. 2. Manner of acquisition.** Property needed by a municipality for an airport or restricted landing area, or for the enlargement of either, or for other airport purposes, may be acquired by purchase, gift, devise, lease, or other means if such municipality is able to agree with the owners of said property on the terms of such acquisition, and otherwise by condemnation in the manner provided by the law under which such municipality is authorized to acquire like property for public purposes, full power to exercise the right of eminent domain for such purposes being hereby granted every municipality both within and without its territorial limits. If but one municipality is involved and the charter of such municipality prescribes a method of acquiring property by condemnation, proceedings shall be had pursuant to the provisions of such charter and may be followed as to property within or without its territorial limits. The fact that the property needed has been acquired by the owner under power of eminent domain, or is already devoted to a public use, shall not prevent its acquisition by the municipality by the exercise of the right of eminent domain herein conferred. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Notwithstanding the provisions of this or any other statute or the provisions of any charter, the municipality may take possession of any such property so to be acquired at any time after the filing of the petition describing the same in condemnation proceedings. It shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken.

**Subd. 3. Property and easements adjoining.** Where necessary, in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports or restricted landing areas acquired or operated under the provisions of this act, every municipality is authorized to acquire, in the same manner as is provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and such other airport protection privileges as are necessary to insure safe approaches to the landing areas of said airports or restricted landing areas and the safe and efficient operation thereof. It is also hereby authorized to acquire, in the same manner, the right or easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress and egress to or from such airport hazards, for the purpose of maintaining and repairing such lights and marks. This authority shall not be so construed as to limit any right, power, or authority to zone property adjacent to airports and restricted landing areas under the provisions of any law of this state.

**Subd. 4. Regulation of buildings and trees on adjoining property.** It shall be unlawful for anyone to build, rebuild, create, or cause to be built, rebuilt, or created, any object, or plant, cause to be planted, or permit to grow higher any tree or trees or other vegetation, which shall encroach upon any airport protection privileges acquired pursuant to the provisions of this section. Any such encroachment is declared to be a public nuisance and may be abated in the manner prescribed by law for the abatement of public nuisances, or the municipality in charge of the airport or restricted landing area for which airport protection privileges have been acquired as in this section provided may go upon the land of others and remove any such encroachment without being liable for damages in so doing.

**360.033 SOVEREIGN RIGHTS.** Subdivision 1. **Public necessity.** The acquisition of any lands for the purpose of establishing airports or other air navigation facilities; the acquisition of airport protection privileges; the acquisition, estab-

Subd. 4. **Bonds heretofore issued.** The amount of all bonds heretofore or hereafter issued by any municipality for the purposes defined in Laws 1945, Chapter 303, shall not be counted or included in the net indebtedness of the municipality or in any computation of the outstanding indebtedness of the municipality for the purpose of determining the limit of net indebtedness thereof.

Subd. 5. **Bonds for preliminary purposes.** In all cases where a municipality has heretofore issued any bonds for the purpose of investigating, surveying, planning, acquiring, establishing, constructing, enlarging, equipping, or improving any airport, or other air navigation facility, or site therefor, or to meet the cost of structures or other property incidental to their operation, whether such airport or other air navigation facility was termed under the law existing at the time of the issuance of such bonds an airport, a landing field, a landing strip, an aviation field, or a flying field, or has incurred any other indebtedness, or entered into any lease or other contract in connection with the acquisition, establishment, construction, ownership, enlargement, control, leasing, equipment, improvement, maintenance, operation, or regulation of any such airport or other air navigation facility, or site therefor, or structure or other property incidental to its operation, the proceedings heretofore taken in all such cases are hereby in all respects validated and confirmed; any bonds already issued thereunder are validated and made legal obligations of such municipality, and such municipality is hereby authorized and empowered, pursuant to such proceedings, to issue further bonds for such purposes up to the limit fixed in the

Where reference is made to the "governing body" of a municipality, that term shall mean, as to the state, the commissioner.

Subd. 3. **Concurrent action.** Any two or more municipalities may enter into agreements with each other, duly authorized by ordinance or resolution, as may be appropriate, for joint action pursuant to the provisions of this section. Concurrent action by the governing bodies of the municipalities involved shall constitute joint action.

Subd. 4. **Provisions.** Each such agreement shall specify its term; the proportionate interest which each municipality shall have in the property, facilities, and privileges involved; and the proportion of preliminary costs, costs of acquisition, establishment, construction, enlargement, improvement, and equipment, and of expenses of maintenance, operation, and regulation to be borne by each; and make such other provisions as may be necessary to carry out the provisions of this section. [1945 c. 303 s. 21]

## AIRPORT ZONING

**360.061 DEFINITIONS.** Subdivision 1. For the purposes of sections 360.061 to 360.074.

Subd. 2. The term "airport" includes restricted landing area.

Subd. 3. "Municipality" does not include a county unless the county owns or controls an airport, in which case such county may exercise all the powers granted by said sections to other municipalities. It specifically includes metropolitan airports commissions created in and for contiguous cities of the first class, and the state of Minnesota.

Subd. 4. "County" includes "counties".

[1945 c 303 s 24; 1951 c 116 s 1]

**360.062 HAZARDS CONTRARY TO PUBLIC INTERESTS.** It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and also if of the obstruction type, in effect reduces the size of the area available for the landing, taking-off, and maneuvering of aircraft, thus tending to destroy or impair the utility of the airport and the public investment therein. Accordingly, it is hereby declared: (1) That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question; (2) that it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and (3) that this should be accomplished to the extent legally possible, by exercise of the police power, without compensation. It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

[1945 c. 303 s. 25]

**360.063 ZONING REGULATIONS.** Subdivision 1. **Enforcement under police power.** (1) In order to prevent the creation or establishment of airport hazards, every municipality having an airport hazard area within its territorial limits may adopt, amend from time to time, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regulations for such airport hazard area, which regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow.

(2) For the purpose of promoting health, safety, order, convenience, prosperity, general welfare and for conserving property values and encouraging the most appropriate use of land, the municipality may regulate the location, size and use of buildings and the density of population in that portion of an airport hazard area under approach zones for a distance not to exceed two miles from the airport boundary and in other portions of an airport hazard area for a distance not to exceed one mile from the airport boundary.

(3) The powers granted by this subdivision may be exercised by metropolitan airports commissions in contiguous cities of the first class in and for which they have been created.

(4) In the case of airports owned or operated by the state of Minnesota such powers shall be exercised by the state airport zoning boards or by the commissioner of aeronautics as authorized herein.

Subd. 2. **Powers of county.** Where an airport is owned or controlled by a municipality and any airport hazard area appertaining to such airport is located outside the territorial limits of the municipality, the county in which the airport hazard area is located shall exercise the powers granted to municipalities by subdivision 1.

Subd. 3. **Joint airport zoning board.** Where an airport is owned or controlled by a municipality and any airport hazard area appertaining to such airport is located outside the territorial limits of the municipality, the municipality owning or controlling the airport and the county within which the airport hazard area is located may, by ordinance or resolution duly adopted, create a joint airport zoning board, which board shall have the same power to adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question as that vested by subdivision 1 in the municipality within which such area is located. Each such

joint board shall have as members two representatives appointed by the municipality owning or controlling the airport and two from the county, or in case more than one county is involved two from each county, in which the airport hazard is located, and in addition a chairman elected by a majority of the members so appointed.

**Subd. 4. Airport approach.** The commissioner may recommend an airport approach plan for each publicly owned airport in the state and for each privately owned airport of the publicly owned class and from time to time recommend revisions of any such plan. Each such plan shall indicate the circumstances in which structures or trees are or would be airport hazards, the airport hazard area, and what measures should be taken to eliminate airport hazards. He shall prescribe minimum airport approach and turning standards for airports of various classes, and all airport zoning regulations adopted by any municipality, county, or joint airport zoning board shall conform to such minimum standards.

**Subd. 5. Procedure when county fails to act.** If a county within which is located an airport hazard area appertaining to an airport owned or controlled by a municipality, which airport hazard is outside the territorial limits of the municipality, fails within 60 days after a request by the municipality owning or controlling the airport to adopt, or thereafter fails to enforce, airport zoning regulations conforming to the minimum standards prescribed by the commissioner as provided for in subdivision 4, or if that county refuses to join in creating a joint airport zoning board as authorized in subdivision 3, the municipality owning or controlling the airport may itself adopt, administer, and enforce airport zoning regulations for the airport hazard area in question. In the event of conflict between such regulations and any airport zoning regulations adopted by the county within which the airport hazard area is located, the regulations of the municipality owning or controlling the airport shall govern and prevail.

**Subd. 6. Procedure when zoning board fails to act.** If any municipality, county, or joint airport zoning board fails to adopt within a reasonable time airport zoning regulations in accordance with the provisions of Laws 1945, Chapter 303, or adopts regulations or amendments which do not conform to the minimum standard prescribed by the commissioner, he may, for the protection of the public safety, adopt or supplement and from time to time as may be necessary amend, supplement, or repeal such regulations for such municipality or county until airport zoning regulations provided for in Laws 1945, Chapter 303, are adopted by such municipality, county, or joint airport zoning board. He shall have the same powers with reference to such airport zoning regulations as are granted in Laws 1945, Chapter 303, to municipalities, administrative boards, and boards of adjustment. Any action of the commissioner taken under this subdivision shall be subject to review by the courts as provided in section 360.072.

**Subd. 7. Airport zoning board, each airport.** Where an airport is owned or operated by the state of Minnesota a state airport zoning board shall be created for each airport, which board shall have the same power to adopt, administer and enforce airport zoning regulations applicable to the airport hazard area of such airport as that vested by subdivision 1 in the municipality. Each board shall consist of the commissioner of aeronautics, or a member of his staff appointed by him, who shall be chairman, one member appointed by the county board who may be a member of the county board, of each county in which an airport hazard area is located and one member appointed by the governing body of each municipality located within the area to be zoned. If the area to be zoned is located entirely within one county and no municipality is located within the area to be zoned, then the duly designated members shall select a third member who shall be a resident of the county. The members of such board shall serve for a period of three years beginning January 1 following their appointment and until their successors are appointed and qualified. The zoning regulations shall be adopted by an order of the board signed by a majority of its members. Such order shall be published once in a legal newspaper in the county in which the airport is located and shall become effective ten days following the date of its publication. A copy of such order shall be filed in the office of the commissioner of aeronautics and with the register of deeds in each county in which a zoned area is located. Any person appointed to serve on a state airport zoning board shall be entitled to reimbursement for travel and other necessary expenses which shall be incurred by him in performance of

his duties on such board which shall be paid from the appropriations made to the department of aeronautics.

**Subd. 8. Airport zoning board, failure to appoint member powers.** If any county board or municipality fails to appoint the member to be appointed by it in the creation of a state airport zoning board within thirty days after requested to do so by the commissioner of aeronautics, the state airport zoning board, consisting of the remaining members in case more than one county is involved, or the commissioner of aeronautics in case no board is created, shall have the same power to adopt, administer and enforce airport zoning regulations applicable to an airport hazard area in such county as that conferred upon the commissioner in subdivision 6.

[1945 c 303 s 26; 1951 c 116 s 2-4; 1957 c 610 s 1]

**360.064 ZONING REGULATIONS.** Subdivision 1. **Comprehensive regulations.** In the event that a municipality has adopted, or hereafter adopts, a comprehensive zoning ordinance regulating, among other things the height of buildings, any airport zoning regulations applicable to the same area or portion thereof may be incorporated in and made a part of such comprehensive zoning regulations and be administered and enforced in connection therewith.

**Subd. 2. In the event of conflict.** In the event of conflict between any airport zoning regulations adopted under Laws 1945, Chapter 303, and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, and whether such other regulations were adopted by the municipality which adopted the airport zoning regulations or by some other municipality, the more stringent limitation or requirement shall govern and prevail.

[1945 c. 303 s. 27]

**360.065 REGULATION, PROCEDURE FOR ADOPTION.** Subdivision 1. **Notice, hearing.** No airport zoning regulations shall be adopted, amended or changed under Laws 1945, Chapter 303, except by action of the governing body of the municipality or county in question, or the boards provided for in section 360.063, subdivisions 3 and 7, or by the commissioner as provided in subdivisions 6 and 8, after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least 15 days notice of the hearing shall be published in an official paper, or a paper of general circulation, in the county in which is located the airport hazard area to be zoned.

**Subd. 2. Regulations submitted to commissioner.** Prior to the initial zoning of any airport hazard area under Laws 1945, Chapter 303, the municipality, county, or joint airport zoning board which is to adopt the regulations shall submit its proposed regulations to the commissioner in order that he may determine whether it conforms to the minimum standards prescribed by him. He shall immediately examine such proposed regulations and report to the municipality, county, or joint airport zoning board his approval, or his objections, if any. If any objections are made by him on the ground that such regulations do not conform to the minimum standards prescribed by him for the class of airport involved, the municipality, county, or joint zoning board shall make such amendments as are necessary to meet such objections. The governing body of the municipality or county or the joint airport zoning board shall not hold its public meeting or take other action until the proposed regulations are approved by the commissioner as conforming to such minimum standards. A copy of such regulations as adopted shall be filed with the register of deeds in each county in which such zoned area is located.

Substantive rights existing prior to the passage of this subdivision and heretofore exercised shall not be affected by the filing of such regulations.

[1945 c 303 s 28; 1951 c 116 s 5; 1957 c 272 s 1, 2]

**360.066 ZONING REQUIREMENTS.** Subdivision 1. **Reasonableness.** All airport zoning regulations adopted under Laws 1945, Chapter 303, shall be reasonable, and none shall impose any requirement or restriction which is not reasonably necessary to effectuate the purposes of Laws 1945, Chapter 303. In determining what regulations it may adopt, each municipality, or county, or joint airport zoning board, shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the nature of the terrain within the airport hazard area, the character of the neighborhood, and the uses to which the property to be zoned is put and adaptable.

Subd. 2. **Nonconforming uses.** No airport zoning regulations adopted under Laws 1945, Chapter 303, shall require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any nonconforming use, except as provided in section 360.067.

[1945 c. 303 s. 29]

**360.067 PERMITS, VARIANCES.** Subdivision 1. **Permits.** (1) Any airport zoning regulations adopted under Laws 1945, Chapter 303, may require that a permit be obtained before any new structure or use may be constructed or established and before any existing use or structure may be substantially changed or substantially altered or repaired. In any event, all such regulations shall provide that before any nonconforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulations, authorizing such replacement, change, or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming structure or tree or nonconforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made.

(2) Whenever the administrative agency determines that a nonconforming use or nonconforming structure or tree has been abandoned or more than 80 percent torn down, destroyed, deteriorated, or decayed: (a) no permit shall be granted that would allow said structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations; and (b), whether application is made for a permit under this subdivision or not, the said agency may by appropriate action compel the owner of the nonconforming structure or tree, at his own expense, to lower, remove, reconstruct, or equip such object as may be necessary to conform to the regulations. If the owner of the nonconforming structure or tree shall neglect or refuse to comply with such order for ten days after notice thereof, the said agency may proceed to have the object so lowered, removed, reconstructed, or equipped and assess the cost and expense thereof upon the object of the land whereon it is or was located. Unless such an assessment is paid within 90 days from the service of notice thereof on the agent or owner of such object or land, the sum shall bear interest at the rate of eight percent per annum until paid, and shall be collected in the same manner as are general taxes.

(3) Except as provided herein, all applications for permits shall be granted.

Subd. 2. **Variances.** Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use his property in violation of airport zoning regulations adopted under Laws 1945, Chapter 303, may apply to the board of adjustment, hereinafter provided for, for a variance from the zoning regulations in question. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the regulations and Laws 1945, Chapter 303; provided, any variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of this act.

Subd. 3. **Hazard marking and lighting.** In granting any permit or variance under this section, the administrative agency or board of adjustment may, if it deems such action advisable to effectuate the purposes of Laws 1945, Chapter 303, and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

Subd. 4. **Administrative agent, appointment.** In the case of an airport owned or operated by the state, the state airport zoning board adopting the zoning regulations for such airport, or the commissioner of aeronautics in case the zoning regulations are adopted by him as provided herein, shall appoint the county highway engineer of the county in which the airport hazard area is located as the administrative agent. The county highway engineer so appointed is hereby authorized and directed as part of his official duties to exercise the powers and duties of the administrative agency as described in sections 360.067 and 360.069.

[1945 c 303 s 30; 1951 c 116 s 6]

**360.068 APPEALS.** Subdivision 1. **When granted.** Any person aggrieved, or taxpayer affected, by any decision of an administrative agency made in its administration of airport zoning regulations adopted under Laws 1945, Chapter 303, or any governing body of a municipality or county, or any joint airport zoning board, which is of the opinion that a decision of such an administrative agency is an improper application of airport zoning regulations of concern to such governing body or board, may appeal to the board of adjustment authorized to hear and decide appeals from the decisions of such administrative agency.

Subd. 2. **Within reasonable time.** All appeals taken under this section must be taken within a reasonable time, as provided by the rules of the board, by filing with the agency from which the appeal is taken and with the board, a notice of appeal specifying the grounds thereof. The agency from which the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

Subd. 3. **Stay.** An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certifies to the board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by order of the board on notice to the agency from which the appeal is taken and on due cause shown.

Subd. 4. **Hearing; notice.** The board shall fix a reasonable time for the hearing of appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

Subd. 5. **Decision and order.** The board may, in conformity with the provisions of Laws 1945, Chapter 303, reverse or affirm wholly or partly, or modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the administrative agency from which the appeal is taken.

[1945 c. 303 s. 31]

**360.069 ADMINISTRATION OF AIRPORT ZONING REGULATIONS.** All airport zoning regulations adopted under Laws 1945, Chapter 303, shall provide for the administration and enforcement of such regulations by an administrative agency, which may be an agency created by such regulations or any official, board, or other existing agency of the municipality or county adopting the regulations, or of one of the municipalities or counties which participated in the creation of the joint airport zoning board adopting the regulations if satisfactory to the other municipality and county, or in case of a metropolitan airports commission the director and a committee of the commission with equal representation from each of the cities in and for which it is created; but in no case shall such administrative agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to Laws 1945, Chapter 303, shall include that of hearing and deciding all permits under section 360.067, subdivision 1, but such agency shall not have or exercise any of the powers herein delegated to the board of adjustment.

[1945 c. 303 s. 32]

**360.071 BOARD OF ADJUSTMENT.** Subdivision 1. **Powers.** All airport zoning regulations adopted under Laws 1945, Chapter 303, shall provide for a board of adjustment to have and exercise the following powers:

(1) To hear and decide appeals from any order, requirement, decision, or determination made by the administrative agency in the enforcement of the airport zoning regulations, as provided in section 360.068.

(2) To hear and decide any special exceptions to the terms of the airport zoning regulations upon which such board may be required to pass under such regulations.

(3) To hear and decide specific variances under section 360.067, subdivision 2.

Subd. 2. **Membership.** Where a zoning board of appeals or adjustment already exists, it may be appointed as the board of adjustment. Otherwise, the board of adjustment shall consist of five members, each to be appointed for a term of three years by the authority adopting the regulations and to be removable by the appointing authority for cause, upon written charges and after public hearing. In the case of a metropolitan airports commission, two members shall be chosen from each city in and for which the commission was created, any of whom may be mem-

bers of the commission, and the fifth member shall be chosen by a majority of those four members. In the case of an airport owned or operated by the state of Minnesota, the board of commissioners of the county in which the airport hazard area is located shall constitute the airport board of adjustment and shall exercise the powers and duties of such board as provided herein.

**Subd. 3. Majority control.** The concurring vote of a majority of the members of the board of adjustment shall be sufficient to reverse any order, requirement, decision, or determination of the administrative agency, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations.

**Subd. 4. Rules and regulations.** The board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All hearings of the board shall be public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the board and shall be a public record. Upon their appointment the members of any board of adjustment shall select a chairman to act at the pleasure of the board.

*[1945 c 303 s 33; 1951 c 116 s 1]*

**360.072 JUDICIAL REVIEW.** Subdivision 1. **Petition.** Any person aggrieved, or taxpayer affected, by any decision of a board of adjustment, or of any action of the commissioner taken under section 360.063, subdivision 6, or any governing body of a municipality or county, or any joint airport zoning board, which is of the opinion that a decision of a board of adjustment or action of the commissioner is illegal may present to the district court of the county in which the airport involved, or the major portion thereof, is located a verified petition setting forth that the decision or action is illegal, in whole or in part, and specifying the grounds of the illegality. Such petition shall be presented to the court within 30 days after the decision is filed in the office of the board, or the action taken by the commissioner.

**Subd. 2. Certiorari; stay.** Upon presentation of such petition the court may allow a writ of certiorari directed to the board of adjustment, or the commissioner, to review such decision of the board or the commissioner. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

**Subd. 3. Return.** The board of adjustment, or the commissioner, shall not be required to return the original papers acted upon by it, or him, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

**Subd. 4. Court review.** Any person aggrieved by any airport zoning regulations adopted under Laws 1945, Chapter 303, or by any decision of the administrative agency made in administering any such regulations must apply for a permit, exception, or variance, or appeal to the board of adjustment and exhaust the remedies provided for in sections 360.067 and 360.068 before availing himself of the right to petition a court as provided by this section.

**Subd. 5. Decision and order of court.** The court shall have exclusive jurisdiction to affirm, modify, or set aside the decision brought up for review, in whole or in part, and, if need be, to order further proceedings by the board of adjustment or the commissioner. The findings of fact of the board, or of the commissioner, if supported by substantial evidence, shall be accepted by the court as conclusive, and no objection to a decision of the board or of the commissioner shall be considered by the court unless such objection shall have been urged before the board or the commissioner, or, if it was not so urged, unless there were reasonable grounds for failure to do so.

**Subd. 6. Allowance of costs.** Costs shall not be allowed against the board of adjustment or the commissioner unless it appears to the court that it or he acted

with gross negligence, in bad faith, or with malice, in making the decision appealed from.

**Subd. 7. Limitation as to extent of court order.** In any case in which airport zoning regulations adopted under Laws 1945, Chapter 303, although generally reasonable, are held by a court to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the constitution of this state or the constitution of the United States, such holding shall not affect the application of such regulations as to other structures and parcels of land.

[1945 c. 303 s. 34]

**360.073 VIOLATIONS, PENALTIES.** Every person who shall construct, establish, substantially change, or substantially alter or repair any existing structure or use, or permit the growth of any tree, without having complied with the provisions of section 360.067 or who, having been granted a permit or variance under the provisions of section 360.067, shall construct, establish, substantially change, or substantially alter or repair any existing growth or structure, or permit the growth of any tree, except as permitted by such permit or variance, or who shall violate any of the ordinances, regulations, orders, or rulings promulgated or made pursuant to section 360.063 shall be guilty of a misdemeanor and shall be punished by a fine of not more than \$100 or imprisonment for not more than 90 days or by both such fine and imprisonment, and each day a violation continues to exist shall constitute a separate offense. In addition, the municipality, county, or commissioner adopting zoning regulations under Laws 1945, Chapter 303, may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of Laws 1945, Chapter 303, or of airport zoning regulations adopted under Laws 1945, Chapter 303, or of any order or ruling made in connection with their administration or enforcement, and the court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of Laws 1945, Chapter 303, and of the regulations adopted and orders and rulings made pursuant thereto.

[1945 c. 303 s. 35]

**360.074 ACQUISITION OF AIR RIGHTS.** In any case in which: (1) It is desired to remove, lower, or otherwise terminate a nonconforming structure or use; or (2) the approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations under Laws 1945, Chapter 303, or (3) it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport zoning regulations; the municipality within which the property or nonconforming use is located or the municipality owning the airport or served by it may proceed under section 360.032, subdivision 3, to acquire such easements through or other interest in air spaces over land or water, interests in airport hazards outside the boundaries of the airport, and such other airport protection privileges as are necessary to effectuate the purposes of Laws 1945, Chapter 303.

Of the first commissioners, one appointed by each city council from its members shall serve for a term of four years, and one for six years, or if one is appointed by a board or commission having jurisdiction of airports instead of by the council, he shall serve for six years. The commissioner appointed by the governor shall serve for four years, and each of the citizen commissioners for six years. Each of said terms shall date from the election or appointment and qualification of the commissioner. Thereafter the term of each commissioner, except that of a mayor, of an appointee of such mayor in his stead, and of one appointed to fill a vacancy, shall be for six years. Notwithstanding the foregoing provisions of this subdivision, the term of any commissioner who is a member of a city council or board or commission having jurisdiction of airports shall terminate when for any reason he ceases to hold the city office to which he was elected, and a successor shall be immediately appointed to fill his unexpired term. Except as provided in the last sentence, each commissioner shall serve until his

successor is duly appointed and has qualified. Any vacancy in the office of a commissioner shall be filled for the unexpired term and in such case or when the term of a commissioner expires his successor shall be chosen in the same manner as was his predecessor, and his appointment shall be evidenced in the same manner.

Subd. 4. Should any of the said appointments not be made, or any certification of appointments or any certificate as to a mayor electing to act as a commissioner, or any oath of office, not be filed as required, all within the time limits specified herein, the governor shall thereupon select and appoint such commissioners as have not been so designated. Any commissioner so appointed by the governor shall be a legal voter of the city for which he was appointed. Whenever it shall appear to the commissioners that any invested funds are needed for current purposes before the maturity dates of the securities held, they shall cause the executive director to so certify to the treasurer and it shall then be the duty of the treasurer to order the sale or conversion into cash of the securities in the amount so certified. All interest and profit on said investments shall be credited to and constitute a part of the funds of the commission. The treasurer shall keep an account of all moneys received and disbursed by him, and at least once a year, at times to be designated by the corporation, file with the secretary a financial statement of the corporation, showing in appropriate and identifiable groupings the receipts and disbursements since the last approved statements; moneys on hand and the purposes for which the same are appropriated; and shall keep an account of all securities purchased as herein provided, the funds from which purchased and the interest and profit which may have accrued thereon, and shall accompany the financial statement aforesaid with a statement setting forth such account. He shall have such powers as are necessarily incident to the performance of his duties and such others as may be granted by the corporation, but without authority to incur liability or make expenditures on behalf of the corporation without general or specific directions by the corporation, as shown by the bylaws or minutes of meeting thereof.

Subd. 5. The corporation shall have the power to appoint engineers and other consultants, attorneys, and such other officers, agents, and employees as it may see fit, who shall perform such duties and receive such compensation as the corporation may determine, and be removable at the pleasure of the corporation. Subd. 15. Without limitation upon any other powers in Laws 1943, Chapter 500, granted, whether general or special, it may contract with any person for the use by such person of any property and facilities under its control, for such purposes, and to such an extent as will, in the opinion of the commissioners, further the interests of aeronautics in this state and particularly in and about the cities in and for which the corporation has been created, including, but without limitation, the right to lease any such property or facilities, or any part thereof, for a term not to exceed 99 years, to any person, the national government, or any foreign government, or any department of either, or to the state or any municipality; provided, however, that said corporation shall not have the authority to lease, in its entirety, any municipal airport taken over by it under the provisions of this act. Every sheriff, constable, policeman, and other peace officer shall see that all rules, regulations, and ordinances are obeyed, and shall arrest and prosecute offenders. The fines collected shall be paid into the treasury of the corporation, provided, however, that the corporation shall pay and there shall

be first deducted and paid over to the office of the clerk of any municipal court processing and prosecuting violations such portion of such fines as shall be necessary to cover all costs and disbursements incurred in the matter of the processing and prosecuting of such violations in such court. All persons shall take notice of such rules, regulations, and ordinances without pleading or proof of the same.

As to rules, regulations and ordinances relating to the internal operation of the commission or to the management of airports or operation thereof, owned or operated by it, unless such rule, regulation or ordinance affects substantial rights thereon, a public hearing need not be held.

As to all other rules, regulations or ordinances where deemed immediately necessary by the corporation, it may adopt and put the same into effect, but it shall within 30 days thereafter hold a public hearing thereon, after giving at least 15 days notice thereof by publication in a legal newspaper in each of the cities of Minneapolis and St. Paul, mailing a copy thereof at least 15 days prior to the hearing to all interested parties who have registered their names with the corporation for that purpose. Any person substantially interested or affected in his rights as to person or property by a rule, regulation or ordinance adopted by the corporation, may petition the corporation for a reconsideration of such rule, regulation or ordinance, or for an amendment, modification or waiver thereof. Such petition shall set forth a clear statement of the facts and grounds upon which reconsideration, amendment, modification or waiver is sought. The corporation shall grant the petitioner a public hearing within 30 days after the filing of said petition.

Subd. 18. It shall have the power to conduct investigations, inquiries and hearings concerning matters covered by the provisions of Laws 1943, Chapter 500, as amended, and orders, rules and regulations of the commission; and shall hold hearings as required by said Chapter 500, as amended. Notice of hearings to all interested parties shall be given as specified in said Chapter 500, as amended, in the instances specified, and otherwise in accordance with such rules as the commission may adopt. All hearings shall be open to the public, and shall be conducted by the commission itself or a committee or member thereof designated by the commission for such purposes. Where a hearing is conducted by a committee or a member of the commission, such committee or member shall make a full and complete report thereof, together with a transcript of all testimony and evidence taken at the hearing, to the commission and the commission shall proceed to a determination of the subject matter of said hearing and make its findings and conclusions and order with respect thereto. Any member of the commission conducting or participating in the conduct of any hearing shall have the power to administer oaths and affirmations, to issue subpoenas, and compel the attendance and testimony of witnesses, and the production of papers, books and documents. The commission, or its director, shall upon request of any party to a hearing issue subpoenas to compel the attendance and testimony of witnesses, and the production of papers, books and documents. In case of failure of any witness to comply with any subpoena served upon him, the commission may invoke the aid of any court of this state of general jurisdiction. The court may order the witness to comply with the subpoena and any failure so to do may be punished by the court as a contempt thereof. The testimony and other evidence at any and all hearings shall

be taken by a reporter employed by the commission, and any party in interest upon payment to said reporter of the going rates therefor shall be entitled to a transcript thereof. Witnesses shall receive the same fees and mileage as in court actions, and a witness before being required to respond to a subpoena shall be given his fees and mileage for one day's attendance.

**360.108 SURVEY OF EXISTING AIRPORTS; REPORT TO GOVERNOR.** Subdivision 1. Immediately after the organization of the corporation, the commissioners shall make a study of existing airports in and about the cities in and for which the corporation is created and shall formulate plans for the betterment and enlargement of existing airports and the acquisition and construction of new airports, together with plans for the maintenance, operation, and use of airports which are to be controlled by the corporation.

Subd. 2. Not later than December 31 of the year in which the corporation is created the findings of the commissioners and the proposed plans of operation shall be submitted in writing to the governor, to the city councils of the cities involved, and to any board or commission having jurisdiction of airports in either city. If such findings and plans are not so submitted within the time limited hereby, the governor shall notify the mayors and the appointing bodies named in section 360.104, subdivision 1, that new commissioners shall be appointed. Thereupon it shall be the duty of each such mayor and appointing body to immediately appoint new commissioners to fill the remaining terms of the original commissioners appointed by them, and of the governor to appoint a new commissioner to fill the remaining term of the commissioner originally appointed by him; provided, that a mayor who is a commissioner may retain his membership in the corporation if he so elects. Certificates, appointments, and oaths of office shall be filed in the office of the secretary of state in the manner provided for in section 360.104, subdivision 3. The provisions of section 360.104, subdivision 4, shall apply to proceedings under this subdivision.

Subd. 3. Immediately upon the filing of the certificates, appointments, and oaths of office, provided for in subdivision 2, the offices of the original commissioners shall automatically become vacant, in this order: First, those of the commissioners appointed by the councils, boards or commissions from their membership; then those of the commissioners appointed by mayors in their stead, if any; then those of the mayors not electing to retain membership in the corporation; then those of the citizen commissioners, and then that of the commissioner appointed by the governor. As the office of each commissioner becomes vacant, the commissioner selected in his place shall be and become a member and one of the governing body of the corporation for the unexpired term of the commissioner he succeeds; the corporate capacity of the commission continuing uninterrupted.

Subd. 4. The succeeding commissioners shall make the study, prepare the plans, and submit the findings and proposed plans required by subdivision 2 within 90 days from the date they become members of the corporation.

Subd. 5. Thirty days after the submission of the findings and proposed plans provided for in this section, public hearings, of which two weeks published notice shall be given by the corporation, shall be held in the cities involved, by the corporation. After such hearings the corporation shall adopt and file with the governor and the city councils and boards or commissions having jurisdiction of airports of the cities, a permanent plan of operation, which shall be subject to such

additions, revisions and modifications as may from time to time seem to the corporation to be proper and best calculated to carry out the purposes of Laws 1943, Chapter 500, as amended, provided that when a material change in such plan is proposed by the corporation, there shall be public hearings of which two weeks' published notice shall be given by the corporation.

[1943 c 500 s 8; 1947 c 363 s 13]

**360.109 EXERCISE OF POWERS.** Subdivision 1. Immediately after the adoption and filing of its permanent plan of operation, the corporation shall proceed to exercise the powers herein granted. These powers may be exercised at any place within 25 miles of the city hall of either city, except as limited by section 360.111 as amended.

Subd. 2. Immediately following the adoption and filing of its permanent plan of operation, the corporation shall and is hereby directed to take over the use, management, operation, regulation, policing, and control of any or all airports owned by either city, whether said airports are then under the management and control of, or title thereto is held in the name of, the city itself, the council, a board of park commissioners, or any other body; consent by each city, the council, the board of park commissioners, and any other agency, board, or department thereof, to such use, management, operation, regulation, policing, and control to be conclusively presumed to have been given by the appointment of commissioners pursuant to the provisions of Laws 1943, Chapter 500. Authority is hereby granted to the mayor and council of each city and any board or commission having jurisdiction of airports in either city to give such consent in that manner. Immediately upon taking over the use, management, operation, regulation, policing, and control of any such airport or airports the corporation may exercise all the powers herein granted to it with reference to any airport property, except the right of leasing or disposing of the fee title to the lands included therein, without the payment of any rental therefor, from the date of such taking over. The title to the fee of the land included in each such airport shall remain in the city, or agency, board, or department of such city, then owning it. The action to be taken pursuant to the provisions of this subdivision of this section is declared to be necessary in order to provide an integrated airports system and enable the corporation to carry out the public and governmental purposes of Laws 1943, Chapter 500. The corporation shall not close any existing airport in either city to air freight commerce consigned to or originating in such city unless and until it provides for such city, freight airport facilities which, in the judgment of the corporation, are as substantially equal in convenience and safety to the businesses and industries of that city as are the existing freight airport facilities now available (except as the same may be restricted by governmental use) to its businesses and industries. For the purpose of this subdivision only, the word "airport" shall include only the lands, buildings, and equipment acquired for use primarily for any such airport so taken over as in this subdivision provided.

Subd. 3. The authority in subdivision 2, granted to the corporation is not conditioned upon the receipt of any appropriation provided for in Laws 1943, Chapter 500. Each city involved, or any board or commission of such city, shall pay the balance due on its bonds which have prior to the enactment of Laws 1943, Chapter 500, been issued pursuant to law or charter to secure funds for the acquisition, establishment, construction, enlargement or improvement of the airports to be taken over as provided in subdivision 2, according to the terms of such bonds. The corporation created by Laws 1943, Chapter 500, may, if it shall so determine, assume the payment of part or all of the balance due on such bonds at the time of its taking over the use, management, operation, regulation, policing and control of such airports.

Subd. 4. The corporation shall further proceed, as soon as it is deemed advisable by the commissioners, and funds are available, to otherwise carry out the purposes of Laws 1943, Chapter 500. It may provide, in addition to airports existing at the time of the passage of Laws 1943, Chapter 500, at least one major or primary metropolitan airport which shall be as nearly equidistant from the city halls of both cities as possible. All other new airports to be constructed shall be so located that the airport system of the corporation as a whole shall be of substantially equal convenience to both cities. It shall put all airports and other facilities to their maximum use for passenger, mail, express, freight, and other air transportation opera-

tions as the needs therefor develop, and shall encourage the establishment of related aircraft industries.

[1943 c. 500 s. 9]

**360.111 EXISTING AIRPORTS; CONTROL, JURISDICTION.** After taking over operation and maintenance of the municipally owned airports, in accordance with the provisions of section 360.109, subdivision 2, the corporation shall exercise control and jurisdiction over any other airport within 25 miles of the city hall of either city. Control and jurisdiction of the corporation over any such other airport, whether licensed and operating at the time of the passage of this act or hereafter established, shall be limited to control and jurisdiction of the flight and traffic patterns of such airport in the interests of safety of the operation of any airport owned or operated by the corporation. No airport shall be acquired or operated within the area above set forth without first securing the approval of the corporation, provided, however, such approval shall not be withheld except after notice to all interested parties and a public hearing held thereon, as provided in Minnesota Statutes 1945, Section 360.018, Subdivision 7, as amended by this act, and then only upon a finding by the corporation that the acquisition or operation of such airport would create a flight hazard to any airport or airports owned or operated by it. As to any airport once licensed with the approval of the corporation, approval of the continued operation of such airport shall at no time be withdrawn by the corporation except after notice to all interested parties, a public hearing had, and a finding by the corporation based on substantial evidence that the operation of such airport is inconsistent with the safety of flight to and from an airport owned or operated or presently to be or being constructed to be operated by the corporation, and then only after payment of just compensation to cover the loss sustained by reason of such withdrawal, such just compensation, if not arrived at by agreement, to be ascertained in the condemnation of said airport by the corporation under the power of eminent domain, the commission to institute the condemnation proceedings promptly and to pay in connection with the prosecution thereof all reasonable and necessary expenses incurred not only by it but also by the owner of such airport.

[1943 c 500 s 10; 1947 c 363 s 15; 1949 c 369 s 4]

**360.112 RENTALS FIXED.** The corporation shall have the authority to determine the charges for the use of any of the property under its management and control, and the terms and conditions under which such property may be used. Where there is reasonable basis for classification of users as to any use, the corporation may classify users, but charges as to each class shall be reasonable and uniform for such use, and established with due regard to the value of the property and improvements used and the expense of operation to the corporation. The corporation shall have and may enforce liens as provided for in sections 514.18 to 514.22, to enforce the payment of any such charges.

[1943 c 500 s 11; 1953 c 734 s 3]

**360.113 PUBLIC AND GOVERNMENTAL PURPOSES.** Subdivision 1. It is hereby determined and declared that the purposes of Laws 1943, Chapter 500, are public and governmental, and that the establishment of airport systems, in the state of Minnesota, including the airport system to be established by the corporation created by Laws 1943, Chapter 500, will promote the public safety and welfare of the state; that the acquisition, construction, development, extension, maintenance, and operation of such airport systems are essential to the development of air navigation and transportation in and through this state, and are necessary in order to assure the inclusion of this state in national and international systems of air transportation now being planned; that the airport systems to be developed under Laws 1943, Chapter 500, will benefit the people of the state as a whole, and will render a general public service; that the establishment of such airport systems as soon as practicable is essential in order to make adequate provision for state and national defense that the development of such airport systems will provide employment and will reduce unemployment after the war, and will thereby aid in other ways and be of great public economic benefit in post war readjustment.

Subd. 2. In order that the survey, studies and plans of operation provided for in section 360.108 may be commenced, continued, and completed without delay, there is hereby appropriated out of any moneys in the state treasury, not otherwise appropriated, to each Metropolitan Airports Commission created under Laws 1943, Chap-

ter 500, the sum of \$25,000, or so much thereof as may be necessary for the purposes of carrying out the provisions of section 360.108.

Nothing herein shall be construed to prohibit or prevent the said cities from contributing money or the services of their personnel to the work of the corporation from any source available to them under the law, but any moneys so contributed shall be deposited with the state treasurer for the benefit of the work of the corporation. The corporation is also empowered to accept donations, gifts, or services to be used in its work.

Subd. 3. If further funds than such as are paid from the state treasury under the provisions of subdivision 2 are required for such surveys, studies, and plans, the commissioners shall prepare a detailed budget of the additional sums so required, and certify the same to the councils of the respective cities, which shall review the budget. The commissioners, upon notice from any such city, shall hear objections to the budget, and may after such hearing modify or amend it. They shall then give due notice to the city councils of such modifications and amendments, and each city shall thereupon, through its proper officers, pay its proportionate share to the treasurer of the corporation. The amount to be paid shall be apportioned to the cities in the same proportion as the last assessed valuation of the real and personal property in each city, excluding moneys and credits, bears to the total assessed valuation in both cities. In the event any such city has not on hand funds available to meet its proportionate share, it is hereby authorized to borrow the same, and to pledge the credit of such city to the repayment of the indebtedness so created. Any obligation so incurred shall be authorized by vote of the council, and any such obligation shall be signed by the mayor and city clerk under the city corporate seal, shall bear interest at not to exceed five percent per annum, and shall be payable not more than one year from its date. Such obligations shall be sold in the manner provided by section 475.60.

Subd. 4. (1) There is hereby created a special fund to be known as the Minnesota Metropolitan Airports Fund, to be used for the purposes hereinafter specified. To provide moneys for the fund the state auditor is hereby authorized and directed to levy upon all taxable property in the state, in the manner in which other state taxes are levied, for the taxable years of 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, and 1953, taxes sufficient to produce the sum of \$100,000 for each of said taxable years, together with such additional sums as may be necessary to pay the interest upon the certificates of indebtedness hereinafter authorized. In case of a deficiency in the proceeds of such tax levy for any year, the auditor shall levy sufficient additional amounts in succeeding years to compensate therefor until the full amount herein authorized has been raised. The proceeds of such taxes shall be credited to the Minnesota Metropolitan Airports Fund.

(2) Pending the levy and collection of such taxes, upon request of the governor, the state auditor is hereby authorized and directed to issue and sell certificates of indebtedness of the state as funds are needed for the purposes of Laws 1943, Chapter 500, not exceeding the amount required from time to time to meet the appropriations hereinafter made and not exceeding \$1,000,000 in the aggregate. Such certificates shall be known as Minnesota Metropolitan Airports Certificates of Indebtedness, shall be numbered consecutively, and shall be issued and sold at not less than par upon sealed bids after two weeks' published notice, unless sold to the state board of investment as hereinafter provided. Such certificates shall be in such form and of such denominations and shall mature at such times as the auditor may determine, not exceeding the time when funds shall be available for the payment thereof from the tax levies authorized by paragraph (1). Such certificates shall bear such rate of interest, payable semiannually, and shall contain such other terms and provisions, not inconsistent herewith, as the auditor may determine. Such certificates shall be signed by the state treasurer and attested by the state auditor under their official seals, and the auditor and treasurer shall keep records thereof. Such certificates shall be a charge upon and a lien against the taxes authorized by paragraph (1). The principal and interest of such certificates shall be payable only from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided, that such interest as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same shall be paid out of the general revenue fund, and the amount necessary therefor is hereby appropriated,

to be reimbursed from the proceeds of such taxes when received. All moneys received from the sale of such certificates shall be credited to the Minnesota Metropolitan Airports Fund.

(3) The State Board of Investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder and to purchase such certificates at a rate of interest not exceeding three percent per annum, and such certificates may be issued and sold to the board without advertising for bids.

(4) There is hereby appropriated to the governor out of the Minnesota Metropolitan Airports Fund, for the purposes hereinafter specified, the sum of \$1,000,000, for the biennium period ending June 30, 1945, of which \$500,000 shall be available for the fiscal year ending June 30, 1944, and \$500,000 available for the fiscal year ending June 30, 1945. Any balance remaining at the end of any fiscal year shall be carried over and shall be available for the purposes of Laws 1943, Chapter 500, until July 1, 1945, and thereafter until all obligations theretofore incurred hereunder have been paid.

(5) The moneys hereby appropriated to the governor shall, from time to time, upon its authorization, be paid to the treasurer of any corporation created under Laws 1943, Chapter 500, and to the treasurers of municipalities in the state of Minnesota which operate and maintain airports, which the governor shall determine are necessary to carry out the purposes of Laws 1943, Chapter 500, as determined and declared in subdivision 1, in such amounts as he shall determine. In making his determination as to the municipalities to which such moneys shall be paid and as to the amounts which shall be paid them, the governor shall take into consideration the locations of the airports owned by such municipalities and their usefulness as a part of a state, national or international system of air transportation; the benefit of such airports to the people of the state as a whole as distinguished from purely local benefits; the possibilities of their use in providing for state and national defense; the use being made of them by the government of the United States during the present war, and the probability of future use in connection with the war.

(6) The moneys hereby appropriated shall be used for acquiring sites for, constructing, and equipping new airports, acquiring and equipping existing airports, making additions or improvements to any airport constructed or acquired by the corporation and other municipally-owned airports in the state of Minnesota, paying the necessary incidental expenses of carrying on the business and activities of the corporation as authorized in Laws 1943, Chapter 500, and paying the cost of equipping, extending, improving, repairing, maintaining, and operating all properties under the control of the corporation, whether owned by it or not, and properties owned by other municipalities in the state of Minnesota, the operations of which are determined by the executive council essential in order to carry out the purposes of subdivision 1.

(7) The governor shall not authorize the expenditure of any of the moneys hereby appropriated until he has consulted the legislative advisory committee created by section 3.30, and such committee has made its recommendation upon the matter. Such recommendation shall be advisory only. Failure or refusal of the committee to make a recommendation promptly shall be deemed a negative recommendation. The provisions of this paragraph shall extend to any other agency to which the present authority of legislative advisory committee may be transferred, but shall be deemed to be repealed in case such authority shall be abolished.

Subd. 5. When the commissioners have adopted and filed the permanent plan of operation of the corporation in order to provide funds over and above any moneys received pursuant to the provisions of subdivision 4 to carry out the purposes of Laws 1943, Chapter 500, and for the expenses and disbursements of the corporation for the period before any tax moneys become available, they shall prepare a detailed budget of the needs of the corporation, giving credit thereon for the funds, if any, received on the original budget and unexpended, and certify the same to the councils of the respective cities, which shall review the budget. The commissioners, upon notice from any such city, shall hear objections to the budget, and may after such hearing modify or amend it. They shall then give due notice to the city councils of such modifications and amendments, and each city shall

thereupon, through its proper officers, pay its proportionate share to the treasurer of the corporation. The amount to be paid shall be apportioned to the cities in the same proportion as the last assessed valuation of the real and personal property in each city, excluding moneys and credits, bears to the total assessed valuation in both cities. In the event any such city has not on hand funds available to meet its proportionate share, it is hereby authorized to borrow the same by issuing and selling bonds, which, notwithstanding any provision to the contrary included within the charter of such city or any general law of the state of Minnesota, may be issued and sold without a vote upon said question by the electors of the city. All bonds issued under the provisions of this subdivision shall be payable serially in annual installments as determined by the city council, the first thereof to become due and payable in not more than three years from the date of such obligations and the last installment thereof to become due and payable not more than 30 years from their date. No annual maturing installment of principal of any issue of such obligations shall be more than two and one-half times the amount of the smallest installment thereof maturing in any one year.

**360.114 BUDGET.** Subdivision 1. Thereafter, the commissioner shall, on or before the first day of July of each year, prepare a detailed budget of the needs of the corporation for the next fiscal year, specifying separately in said budget the amounts to be expended for acquisition of property, construction, payments on bonded indebtedness, if any, operation, and maintenance, respectively, and shall certify the same on said date to the council of each city, together with a statement of the proportion of the budget to be provided by each city, determined as provided in section 360.113, subdivision 5. The council of each such city shall review the budget, and the commissioners, upon notice from any such city, shall hear objections to the budget and may, after hearing, modify or amend it, and shall give due notice to the cities of such modification or amendment. It shall be the duty of the council of each city in and for which the corporation is created to provide the funds necessary to meet its proportion of the total cost for acquisition of property, payment on bonded indebtedness, if any, construction, operation, and maintenance as finally certified by the commissioners, such funds to be raised by the tax levies, bond sales, or by other means within the authority of said cities, and to pay the same over to the treasurer of the corporation in such amounts and at such times as he may require. Each city is authorized to issue and sell such bonds as may be necessary to meet its obligations under this section irrespective of any limitation in any home rule charter or special or general law, without a vote upon said question by the electors of said city, and bonds so determined to be issued and sold shall be issued and sold in the manner provided by section 360.113 and section 360.121.

Subd. 2. If any such city shall fail to take the necessary action to provide the funds required by the corporation as in section 360.113 and this section provided, the commissioners shall on or before October 10th of each calendar year, certify to the county auditor of the county in which the city so failing to comply shall be located, the amount determined by the commissioners to be raised by that city, and the county auditor shall extend, spread, and include the same with and as a part of the general taxes for state, county, and municipal purposes, to be collected and enforced therewith, together with penalties and interest and costs, and the county treasurer, upon collection of the same, shall transfer the same to the treasurer of the corporation.

Subd. 3. In any budget certified by the commissioners, pursuant to any of the provisions of this section or of section 360.113, the amount included for operation and maintenance shall not exceed an amount which, when apportioned to the cities affected, will require the payment by either city for those items of an amount greater than would be produced by a levy of one mill upon the assessed valuation of such city.

[1943 c. 500 s. 13]

**360.115 EARNINGS, HOW APPLIED.** The earnings of the corporation shall be applied as follows: (a) to the payment of interest on its bonds and of any principal of such bonds which is due and payable; (b) to the establishment of a sufficient fund to pay interest and principal on its bonds which will be payable in the following fiscal year; and (c) to the other purposes set out in section 360.107, subdivision 13. If the amount included in the budget for any year, including the sum necessary to make payment of interest on and principal of bonds in the ensuing fiscal year is

not sufficient to meet the needs of the corporation for that year, any deficit shall be included in the budget of the corporation for the following year.

[1943 c. 500 s. 14]

**360.116 LIMIT OF TAX LEVY.** The taxes levied against the property of each city in any one year shall not exceed one mill upon the assessed valuation thereof, exclusive of the taxes it may be necessary to levy to pay the principal or interest on any bonds or indebtedness of said city issued by it under the provisions of Laws 1943, Chapter 500, and exclusive of any amounts required to pay the share of such city for payments on bonded indebtedness of the corporation provided for in Laws 1943, Chapter 500. The levy of taxes authorized in Laws 1943, Chapter 500, shall be in addition to the maximum rate allowed to be levied to defray the cost of government under the provisions of the charter of any city affected by Laws 1943, Chapter 500.

[1943 c. 500 s. 15]

**360.117 BONDS, ISSUANCE.** Subdivision 1. In anticipation of the receipt by the corporation of payments by cities herein provided for, appropriations, rents, and profits, and of income from any other source, and for the purpose of securing funds as needed for the payment of the cost of property acquired, airports constructed and purchased, and other purposes herein authorized, the corporation is hereby authorized to issue its bonds in an aggregate principal amount not exceeding \$55,000,000, bearing interest at a rate not to exceed five percent per annum, payable semi-annually. Notwithstanding any provision to the contrary included within the charter of either city or any general or special law of the state of Minnesota they may be issued and sold without a vote upon said question by electors of either city.

Subd. 2. Such bonds shall be of such date, denominations, place of payment, form, and details as may be determined by such corporation, not inconsistent with the provisions of Laws 1943, Chapter 500 or acts amendatory thereof or supplemental thereto. They shall mature serially, the first instalment to fall due in not more than three years and the last in not more than 30 years from their date, and no annual maturing instalment shall exceed by five times the amount of the smallest annual maturing instalment; provided, that the amount of such instalments of principal may be such that the increase thereof from year to year shall approximately equal the decrease from year to year in the interest of the bonds remaining unpaid. Any bond may reserve the right of its redemption and prepayment at a date or dates fixed therein at par and accrued interest or at such premium and upon such notice as shall be determined by the corporation prior to the issuance of the bond.

Subd. 3. The bonds shall be signed by the chairman, attested by the secretary and countersigned by the treasurer, of the corporation. The interest coupons to be thereto attached shall be executed and authenticated by the printed, engraved or lithographed facsimile signatures of the chairman and secretary. The signatures of at least one of the officers signing the bonds shall be manual but those of the others may be printed, engraved or lithographed facsimiles. The validity of bonds or coupons so executed shall remain unimpaired by the fact that one or more of such officers shall have ceased to be in office before their delivery to the purchaser or shall not have been in office on the formal date of the bonds. Minnesota Statutes, Section 475.60, in so far as applicable, shall apply to the negotiation and sale of the bonds. They shall not impose any personal liability upon any member of the corporation.

Subd. 4. The bonds shall be secured by pledge of the full faith, credit, and resources of the cities in and for which the corporation has been created. The corporation is hereby authorized to pledge such full faith, credit, and resources, and specific consent thereto by each city shall be conclusively presumed from the appointment of commissioners by the council thereof. They shall be paid from tax levies as hereinafter provided, and from earnings of the corporation, or may be secured by mortgage or deed of trust on any of the property owned by the corporation. As to bonds negotiated and sold independent of the original \$15,000,000 authorization plus \$5,000,000, however, the proceeds derived therefrom shall be used by the corporation only for the acquisition of lands, if acquisition of additional lands be necessary, and the construction upon lands, either to be acquired or already acquired, of such revenue producing airport facilities as will be, in the con-

sidered judgment of the commissioners of the corporation, self-liquidating over the useful life of such facilities; and such facilities shall be covered by such contracts or by such charges as such commissioners shall establish for the use thereof as will, in the considered judgment of such commissioners, make such facilities self-liquidating; and before the negotiation and sale of any such bonds, such commissioners shall by resolution find, determine and declare that the facilities for which the bonds are to be issued will to the best of their judgment be self-liquidating. The corporation may in like manner issue and sell bonds for the purpose of refunding any bonds theretofore issued in accordance with this section which by their terms are prepayable at the time of such refunding; and such refunding bonds shall not be included in computing the foregoing limits on amounts of bonds issuable by the corporation.

Subd. 5. The corporation, upon issuing any bonds under the provisions of this section, shall, before the issuance thereof, levy for each year, until the principal and interest are paid in full, a direct annual tax on all the taxable property of the cities in and for which the corporation has been created in an amount not less than five per cent in excess of the sum required to pay the principal and interest thereof, when and as such principal and interest matures. After any of such bonds have been delivered to purchasers, such tax shall be irrevocable until all such indebtedness is paid, and after the issuance of such bonds no further action of the corporation shall be necessary to authorize the extensions, assessments, and collection of such tax. The secretary of the corporation shall forthwith furnish a certified copy of such levy to the county auditor or county auditors of the county or counties in which the cities in and for which the corporation has been created are located, together with full information regarding the bonds for which the tax is levied, and such county auditor or such county auditors, as the case may be, shall enter the same in the register provided for in section 475.62, or a similar register, and shall extend and assess the tax so levied. If both cities are located wholly within one county, the county auditor thereof shall annually extend and assess the amount of the tax so levied. If the cities are located in different counties, the county auditor of each such county shall annually extend and assess such portion of the tax levied as the assessed value of the taxable property, not including moneys and credits, located wholly within the city in such county bears to the total assessed value of the taxable property, not including moneys and credits, within both cities. Any surplus resulting from the excess levy herein provided for shall be transferred to a sinking fund after the principal and interest for which the tax was levied and collected has been paid; provided, that the corporation may, on or before October 15th in any year, by appropriate action, cause its secretary to certify to the county auditor, or auditors, the amount on hand and available in its treasury from earnings, or otherwise, including the amount in the sinking fund, which it will use to pay principal or interest or both on each specified issue of its bonds, and the county auditor or auditors shall reduce the levy for that year, herein provided for by that amount. The amount of funds so certified shall be set aside by the corporation, and be used for no other purpose than for the payment of the principal and interest of the bonds. All taxes hereunder shall be collected and remitted to the corporation by the county treasurer or county treasurers, in accordance with the provisions of law governing the collection of other taxes, and shall be used solely for the payment of the bonds where due.

Subd. 6. This section shall not be construed as limiting the power of the corporation to levy taxes to pay its bonds issued hereunder but such corporation shall have the authority and it shall be its duty to levy any taxes necessary to provide revenue to pay such bonds.

Subd. 7. The treasurer may destroy all redeemed bonds and coupons issued by the commission which have been on file in the treasurer's office for more than six years.

**360.118 BONDS, LEGAL INVESTMENTS FOR PUBLIC FUNDS.** Bonds legally issued pursuant to Laws 1943, Chapter 500 or acts amendatory thereof or supplemental thereto, may be purchased by the state board of investment for the permanent school fund, permanent university fund, swamp land fund, internal improvement land funds, or any other trust fund of the state of Minnesota, or for any other fund administered by such board, and shall be deemed authorized

securities within the provisions of section 50.14, and shall be proper for the investment of capital, surplus, or deposits of any savings bank or trust company, and for the investment of funds of any insurance company, and for the investment of any sinking funds held by any public or municipal corporation, and may be pledged by any bank or trust company as security for the deposit of public moneys therein in lieu of surety bonds. Such bonds shall be deemed and treated as instrumentalities of a public government agency, and as such shall be exempt from taxation.

[1943 c 500 s 17; 1957 c 435 s 4]

**360.119 LIMIT OF INDEBTEDNESS.** The corporation shall never be subject to an indebtedness in excess of \$55,000,000, nor shall it incur any indebtedness except as authorized herein.

**360.141 BONDS, WHEN REQUIRED IN PUBLIC AIRPORTS LITIGATION.**

When any action or proceeding at law or in equity has been or shall hereafter be commenced questioning the right, power, or authority of a public corporation created and operating under Minnesota Statutes, sections 360.101 to 360.133 to make or perform any contract for the development or improvement of an airport under its control and operation or the structures or facilities thereon or contemplated therefor, or to issue, sell, or deliver the corporations' bonds to pay therefor, the corporation may, if it deems that the pendency of such litigation might, directly or indirectly, delay the completion of such improvement or bond issue or otherwise be injurious to the public interests and taxpayers, move the court in which the litigation is pending to require the party or parties who instituted the same to give a surety bond in accordance with sections 360.141 to 360.144.

[1957 c 304 s 1]

**360.142 SPECIAL APPEARANCE IN LITIGATION BY PUBLIC AIRPORTS CORPORATION.**

If the corporation is not a party to the litigation, it may appear specially for the purpose of making and being heard on such a motion. Three days' notice of hearing on the motion shall be given. If the court determines that loss or damage to the public or taxpayers may result from the pendency of the action or proceeding, the court may require the party or parties who instituted the same to give a surety bond, approved by the court or judge, in a penal sum to be determined by the court to protect against such loss or damage, whether or not a temporary injunction or restraining order against the corporation shall have been demanded or ordered. If the bond so ordered be not filed within the reasonable time allowed therefor by the court, the action or proceeding shall be dismissed with prejudice. Such bond shall be executed by the party or parties who instituted the litigation, or some person for him or them, as principal and conditioned for the payment to the corporation of such damage as the public and taxpayers shall sustain by reason of the litigation, if the court finally decides that the party or parties were not entitled to the relief sought. The amount of damages may be ascertained by a reference or otherwise as the court shall direct, in which case the sureties shall be concluded as to the amount but the damages shall be recoverable only in an action on the bond. If the party or parties by or for whom such bond is furnished prevails in the litigation, the premium paid on the bond shall be repaid by or taxed against the corporation. During the pendency of the litigation, the court, on motion, may require additional security if found necessary, and upon failure to furnish the same shall dismiss the action or proceeding with prejudice. The court may likewise, on motion, reduce the amount of a bond theretofore required or release the bond upon being shown that the amount is excessive or the bond no longer required.

[1957 c 304 s 2]

**360.143 APPEALS.** In any such litigation wherein a bond has been required and given under section 360.142 hereof or the court has denied a motion to require such bond, the court shall advance the case on its calendar for trial at the earliest feasible date; and in such litigation an appeal to the supreme court from an appealable order made, or from a judgment entered, in a district court may be taken only within thirty days after entry of such judgment or after written notice of such order from the adverse party.

[1957 c 304 s 3]

**360.144 CIVIL DAMAGE ACTIONS.** Nothing contained herein in sections 360.141 to 360.144 shall affect the rights of any aggrieved person to bring a suit for civil damages. No bond shall be required therein except as otherwise provided by law.

The auditor shall levy each year on all taxable property within the state a tax sufficient, with all moneys then and theretofore transferred under section 360.306, to pay all such bonds and interest thereon which are due and to become due within the then ensuing year and to and including July 1 in the second ensuing year. Such tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be and remain subject to no limitation of rate or amount until all such bonds and all interest thereon are fully paid. All proceeds of such taxes are appropriated and shall be credited to the state bond fund, and the principal and interest of state bonds shall be payable from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided that such principal and interest, if any, as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same, shall be paid out of the general revenue fund in the state treasury, and the amount necessary therefor is hereby appropriated, to be reimbursed from the proceeds of such taxes when received.

Subd. 2. The special fund known as the "Minnesota Aeronautics Fund," shall continue to be used for the purposes specified in Minnesota Statutes 1961, Sections 360.371 to 360.386 until all Minnesota aeronautics certificates of indebtedness issued under those sections and all interest thereon have been fully paid. To provide moneys for this fund the state auditor is hereby authorized and directed to continue to levy taxes sufficient to produce the sums for each of the taxable years therein specified, together with such additional sums as may be necessary to pay the interest upon the certificates of indebtedness therein authorized. This subdivision shall cease to be in effect and the Minnesota aeronautics fund shall be discontinued when all such certificates of indebtedness and interest thereon have been fully paid, or provision for such payment has been duly made in accordance with their terms. The state auditor shall certify the occurrence of this event to the revisor of statutes.

Such bonds shall be known as "Minnesota aeronautics bonds." The principal amount thereof shall be credited to the state airports fund created by sections 360.017 and 270.077, together with any interest received by the state upon investment of such bond proceeds, but the accrued interest and any premium received upon sale of the bonds shall be credited to the state bond fund and except that the principal amount of any bonds authorized to refund existing obligations shall be credited to the fund or funds from which those obligations are payable.

Subd. 2. Such bonds shall be issued and sold at not less than par upon sealed bids after two weeks published notice, unless sold to the state board of investment. They shall be issued and sold in such number of series, at such times, in such form and denominations, bearing interest at such rate or rates, maturing on such dates, either without option of prior redemption or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks, within or without the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale and delivery of definitive bonds, and in accordance with such further regulations as the state auditor may determine, subject to any limitations stated in the acts authorizing such bonds and appropriating the proceeds thereof (but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422). The signature of one of these officers on the face of any bond, and their seals, and the signatures of both officers on the interest coupons appurtenant to any bond, may be printed, lithographed, stamped, or engraved thereon.

Subd. 3. The auditor is authorized and directed to ascertain and certify to purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota in accordance with their terms. Any act authorizing the issuance of bonds pursuant to this section shall, together with this section, constitute complete authority for such issue, and such bonds shall not be subject to the restrictions or limitations contained in any other law.

Subd. 4. Any expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including, but without limitation, actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state airports fund, and the amounts necessary therefor are hereby appropriated from such fund.

The moneys appropriated to the commissioner of aeronautics as contemplated by sections 360.301 to 360.306 shall be used in accordance with chapter 360, in amounts not exceeding the sums specified for individual purposes in the acts making such appropriations. Unless otherwise provided in any such act, the governor may on his own initiative or upon application by the commissioner of aeronautics order a change in the provisional limitations on the amounts to be expended for the individual purposes specified.

Subd. 2. Before any expenditure of any of the moneys appropriated pursuant to sections 360.301 to 360.306 to assist political subdivisions, municipalities, and public corporations in acquiring, constructing, improving, maintaining, and operating airports and other air navigation facilities may be authorized, the commis-

sioner of aeronautics shall have made, with the approval of the governor, an order designating the municipalities and airports which are a part of the key airport system, the secondary airport system, the landing strip system, and the state system of radio navigational aids, in accordance with the definitions and limitations stated in subdivision 3.

Subd. 3. (1) Key system airports are those served or intended to be served by scheduled air carriers and large multi-engine aircraft, not exceeding 30.

(4) The commissioner may amend such order from time to time to expand or modify the airport system to serve best the interest of the state, subject to the approval of the governor.

Subd. 4. (1) Except as otherwise provided in this subdivision, the commissioner of aeronautics shall require as a condition of such assistance by the state that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of the construction, improvement, maintenance, or operation in connection with which the assistance of the state is sought.

(2) For airport projects where only state and local funds are to be used this contribution shall be not less than one third of the project costs; where federal, state, and local funds are to be used, the contribution shall be not less than one sixth of the project costs.

(3) The commissioner may pay the total cost of radio and navigational aids.

(4) The commissioner may pay all of the construction cost of a new landing strip, or may pay an amount equal to the federal funds granted and used for a new landing strip plus all of the remaining cost of the construction thereof; but the total amount paid by the commissioner for a new landing strip, unless specifically authorized by an act appropriating moneys therefor, shall not exceed \$25,000.

(5) No state money may be used for land acquisition.

Subd. 5. If sufficient funds are made available by the transfer in any year, the tax levy for that year provided for by section 360.301 shall be canceled and shall not be made; otherwise the amount to be raised by the tax levy for that year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

Subd. 2. All moneys transferred from the state airports fund to the Minnesota aeronautics bond account in the state bond fund shall be available for the payment of outstanding state bonds and interest thereon, whether or not issued pursuant to section 360.302, in the same manner as the proceeds of such taxes, and so much thereof as may be necessary is appropriated for such payments.

Subd. 3. All moneys received from the sale of the certificates shall be credited to the Minnesota Aeronautics Fund.

Subd. 3. **Authorized investment.** The state board of investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder and to purchase such certificates at a rate of interest not exceeding three percent per annum, and such certificates may be issued and sold to the board without advertising for bids.

Subd. 4. **Appropriation.** There is hereby appropriated to the governor out of the Minnesota Aeronautics Fund, for the purposes hereinafter specified, the sum of \$650,000 for the biennium period ending June 30, 1951, which appropriation is

hereby made available in such amounts and at such times as may be deemed necessary by the governor to carry out the purposes of this section. Any balance remaining at the end of any fiscal year shall be carried over and shall be available for the purposes of this section until July 1, 1951, and thereafter until all obligations theretofore incurred hereunder have been paid.

Subd. 5. **Expenditure.** Clause 1. The moneys hereby appropriated to the governor shall, from time to time, upon his authorization, be used for the purpose of constructing, improving, maintaining, and operating state airports and other air navigation facilities, to assist counties, cities, towns, villages, boroughs, and public corporations in constructing, improving, maintaining, and operating airports and other air navigation facilities, and for the purpose of assisting this state and counties, cities, towns, villages, boroughs, and public corporations thereof in matching federal funds for the acquisition, construction, improvement, maintenance, and operation of such airports and other air navigation facilities, whether such work is to be done by the state or by such municipalities, or jointly, aided by grants of aid from the United States.

Clause 2. The governor shall not authorize the expenditure of any of the moneys hereby appropriated until he has consulted the legislative advisory committee created by Laws 1941, Chapter 497, and such committee has made its recommendation upon the matter. Such recommendation shall be advisory only. Failure or refusal of the committee to make a recommendation promptly shall be deemed a negative recommendation. The provisions of this clause shall extend to any other agency to which the present authority of the legislative advisory committee may be transferred, but shall be deemed to be repealed in case such authority shall be abolished.

Clause 3. Before authorizing any expenditure of any of the moneys hereby appropriated to assist political subdivisions, municipalities, and public corporations in constructing, improving, maintaining, and operating airports and other air navigation facilities, the governor shall cause an investigation and report to be made by the commissioner of aeronautics as to the amount which has been invested by the political subdivision, municipality, or public corporation in its airport property, if any, the amount of funds available for expenditure by the political subdivision, municipality, or public corporation for the purposes specified in clause 1, its general financial situation, and the necessity of assistance by the state. He shall require as a condition of such assistance by the state that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of the construction, improvement, maintenance, or operation in connection with which the assistance by the state is sought, taking into consideration in fixing the amount of such contribution the matters shown by the investigation and report of the commissioner of aeronautics, it being the intention of the legislature that the moneys hereby appropriated shall be expended in such a manner as will result in the conservative development of a complete airports system for the state and that such moneys shall be fairly and equitably distributed.

Clause 4. The commissioner of aeronautics is hereby authorized, subject to the approval of the governor, to make and amend such rules and regulations, not inconsistent with law, as are necessary for the administration of this act.

Clause 5. The commissioner of aeronautics shall cause to be prepared or supervise the preparation of plans and specifications for the construction, improvement, and maintenance of all airports upon which expenditures are made pursuant to this section; approve such plans and specifications; supervise and inspect all work relating to those airports; approve all lawful changes in plans and specifications; approve estimates for payments; and approve the construction when completed according to such plans and specifications.

Subd. 6. **Transfers from state airports fund.** Clause 1. On November 1, 1951, and on the first day of November in each year thereafter up to and including November 1, 1960, there shall be transferred from the State Airports Fund, otherwise created by law, to the Minnesota Aeronautics Fund out of any moneys remaining in said State Airports Fund after the transfer provided by Minnesota Statutes 1945, section 360.306, and after any reimbursement of the general revenue fund therefrom, otherwise provided by law, the sum of \$65,000 and such additional sums as may be necessary to pay interest on any certificates of indebtedness issued and sold pursuant to subdivision 2 and to compensate for any deficiencies in the proceeds of tax levies authorized by subdivision 1 for any prior year, or so much of

the total of said sums as may be available in the State Airports Fund for transfer. If sufficient funds are made available by the transfer, the tax levy for that taxable year provided for by subdivision 1 shall be canceled and shall not be made; otherwise the amount to be raised by the tax levy for that taxable year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

Clause 2. All moneys transferred from the State Airports Fund to the Minnesota Aeronautics Fund shall be available for the payment of outstanding certificates of indebtedness and interest thereon and deficiencies in the proceeds of prior tax levies, if any, in the same manner as the proceeds of taxes provided for in subdivision 1, and so much thereof as may be necessary is appropriated for such payments.

Clause 3. Notwithstanding any provision of any other statute appropriating moneys in the State Airports Fund, all those moneys over and above the amounts required to be transferred as provided by Minnesota Statutes 1945, section 360.306, and the amounts required to reimburse the general revenue fund as otherwise provided by law, shall be used only for the purpose of making the transfers provided for by clause 1 and thus reducing the amounts to be raised by the tax levies provided for by subdivision 1, until after the date prescribed for the making of the last of those levies, or until they are otherwise canceled by law.

Subd. 7. **Supplementary appropriation.** The appropriation to the governor made by subdivision 4 is in addition to any other appropriation made to him out of the Minnesota Aeronautics Fund by any other statute.

Subd. 8. **Designated appropriation.** Of the moneys hereby appropriated to the governor, \$150,000 may upon his authorization, be made available to the Minneapolis-St. Paul Metropolitan Airports Commission to be used for the purpose of constructing and improving a major airport at the Anoka County site.

[1949 c 608 s 1-8]

**360.381 REAPPROPRIATIONS, UNEXPENDED BALANCES.** All unexpended balances of money appropriated or made available to the governor by Minnesota Statutes 1949, Section 360.371, are hereby reappropriated to the governor for the biennium ending June 30, 1953, subject to all limitations and conditions of such section, which limitations and conditions are hereby extended and reenacted, except that the taxes authorized by subdivision 1 shall be levied for the taxable years of 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, and 1964, and the transfers authorized by section 360.371, subdivision 6, shall be made on November 1, 1955, and on the first day of November in each year thereafter up to and including November 1, 1964. All powers granted and all duties imposed upon the governor, the state auditor, the state treasurer, or any other state officer or agency by section 360.371, are hereby continued and reenacted. All provisions of Minnesota Statutes 1949, Section 360.371, relating to certificates of indebtedness are hereby continued and reenacted, provided that the total amount issued thereunder and under Laws 1951, Chapter 335, shall not exceed \$650,000.

[1951 c 335 s 1]

**360.382 ADDITIONAL TAX LEVIES, AERONAUTICS FUND.** Subdivision 1. **Supplemental.** To provide additional moneys for the Minnesota Aeronautics Fund created by Minnesota Statutes 1945, Sections 360.301 to 360.306, for the purposes hereinafter specified, the state auditor is hereby authorized and directed to levy upon all taxable property in this state, in the manner in which other state taxes are levied, for the taxable years of 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, and 1962, taxes sufficient to produce the sum of \$20,000 for each of said taxable years, together with such additional sums as may be necessary to pay the interest upon the certificates of indebtedness hereinafter authorized. In case of a deficiency in the proceeds of such tax levy for any year, the auditor shall levy additional amounts in succeeding years to compensate therefor until the full amount herein authorized has been raised. The proceeds of such taxes shall be credited to the Minnesota Aeronautics Fund.

Subd. 2. **Certificates of indebtedness.** Pending the levy and collection of such taxes, upon request of the governor, the state auditor is hereby authorized and directed to issue and sell certificates of indebtedness of this state, as funds are needed for the purposes of this section, not exceeding the amount required from time to time to meet the appropriations hereinafter made and not exceeding \$200,000

in the aggregate. Such certificates shall be known as "Minnesota Aeronautics Certificates of Indebtedness, series IV," shall be numbered consecutively, and shall be issued and sold at not less than par upon sealed bids after two weeks published notice, unless sold to the state board of investment as hereinafter provided. Such certificates shall be in such form and of such denominations and shall mature at such times as the state auditor may determine, not exceeding the time when funds shall be available for the payment thereof from the tax levies authorized by subdivision 1. All certificates maturing more than three years after their date must be made redeemable at par at the expiration of such three years and on each interest payment date thereafter upon such notice as the state auditor shall determine prior to their issuance. Any certificates may similarly be made redeemable on any interest payment date prior to the expiration of such three years. Such certificates shall bear such rate of interest, payable semiannually, and shall contain such other terms and provisions not inconsistent herewith, as the state auditor may determine. The certificates shall be signed by the state treasurer and attested by the state auditor under their official seals, and the auditor and treasurer shall keep records thereof. The certificates shall be a charge upon and a lien against the taxes authorized by subdivision 1. The principal and interest of the certificates, except as provided in subdivision 6, shall be payable only from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided, that such interest as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same shall be paid out of the general revenue fund, and the amount necessary therefor is hereby appropriated, to be reimbursed from the proceeds of such taxes when received. All moneys received from the sale of the certificates shall be credited to the Minnesota Aeronautics Fund.

**Subd. 3. Authorized investment.** The state board of investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder and to purchase such certificates at a rate of interest not exceeding 3 percent per annum, and such certificates may be issued and sold to the board without advertising for bids.

**Subd. 4. Appropriation.** There is hereby appropriated to the governor out of the Minnesota Aeronautics Fund, for the purposes hereinafter specified, the sum of \$200,000 for the biennium period ending June 30, 1953, which appropriation is hereby made available in such amounts and at such times as may be deemed necessary by the governor to carry out the purposes of this section. Any balance remaining at the end of any fiscal year shall be carried over and shall be available for the purposes of this act until July 1, 1953, and thereafter until all obligations theretofore incurred hereunder have been paid.

**Subd. 5. Expenditure.** (1) The moneys hereby appropriated to the governor shall, from time to time, upon his authorization, be used for the purpose of acquiring land and constructing, improving, maintaining, and operating state airports and other air navigation facilities, to assist counties, cities, towns, villages, boroughs and public corporations in constructing, improving, maintaining, and operating airports and other air navigation facilities, and for the purpose of assisting this state and counties, cities, towns, villages, boroughs, and public corporations thereof in matching federal funds for the acquisition, construction, improvement, maintenance, and operation of such airports and other air navigation facilities, whether such work is to be done by the state or by such municipalities, or jointly, aided by grants of aid from the United States.

(2) The governor shall not authorize the expenditure of any of the moneys hereby appropriated until he has consulted the legislative advisory committee created by Laws 1941, Chapter 497, and such committee has made its recommendation upon the matter. Such recommendation shall be advisory only. Failure or refusal of the committee to make a recommendation promptly shall be deemed a negative recommendation. The provisions of this subdivision shall extend to any other agency to which the present authority of the legislative advisory committee may be transferred, but shall be deemed to be repealed in case such authority shall be abolished.

(3) Before authorizing any expenditure of any of the moneys hereby appropriated to assist political subdivisions, municipalities, and public corporations in constructing, improving, maintaining, and operating airports and other air navi-

gation facilities, the governor shall cause an investigation and report to be made by the commissioner of aeronautics as to the amount which has been invested by the political subdivision, municipality, or public corporation in its airport property, if any, the amount of funds available for expenditure by the political subdivision, municipality, or public corporation for the purposes specified in subdivision 1, its general financial situation, and the necessity of assistance by the state. He shall require as a condition of such assistance by the state that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of the construction, improvement, maintenance, or operation in connection with which the assistance by the state is sought, taking into consideration in fixing the amount of such contribution the matters shown by the investigation and report of the commissioner of aeronautics, it being the intention of the legislature that the moneys hereby appropriated shall be expended in such a manner as will result in the conservative development of a complete airport system for the state and that such moneys shall be fairly and equitably distributed.

(4) The commissioner of aeronautics is hereby authorized, subject to the approval of the governor, to make and amend such rules and regulations, not inconsistent with law, as are necessary for the administration of this section.

(5) The commissioner of aeronautics shall cause to be prepared or supervise the preparation of plans and specifications for the construction, improvement, and maintenance of all airports upon which expenditures are made pursuant to this section; approve such plans and specifications; supervise and inspect all work relating to those airports; approve all lawful changes in plans and specifications; approve estimates for payments; and approve the construction when completed according to such plans and specifications.

**Subd. 6. Transfers.** (1) On November 1, 1953, and on the first day of November in each year thereafter up to and including November 1, 1962, there shall be transferred from the State Airports Fund, otherwise created by law, to the Minnesota Aeronautics Fund out of any moneys remaining in said State Airports Fund after the transfer provided by Minnesota Statutes 1949, Section 360.306, and after any reimbursement of the general revenue fund therefrom, otherwise provided by law, the sum of \$20,000 and such additional sums as may be necessary to pay interest on any certificates of indebtedness issued and sold pursuant to subdivision 2 and to compensate for any deficiencies in the proceeds of tax levies authorized by subdivision 1 for any prior year, or so much of the total of said sums as may be available in the State Airports Fund for transfer. If sufficient funds are made available by the transfer, the tax levy for that taxable year provided for by subdivision 1 shall be canceled and shall not be made; otherwise the amount to be raised by the tax levy for that taxable year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

(2) All moneys transferred from the State Airports Fund to the Minnesota Aeronautics Fund shall be available for the payment of outstanding certificates of indebtedness and interest thereon and deficiencies in the proceeds of prior tax levies, if any, in the same manner as the proceeds of taxes provided for in subdivision 1, and so much thereof as may be necessary is appropriated for such payments.

(3) Notwithstanding any provision of any other statute appropriating moneys in the State Airports Fund, all those moneys over and above the amounts required to be transferred as provided by Minnesota Statutes 1945, Section 360.306, and the amounts required to reimburse the general revenue fund as otherwise provided by law, shall be used only for the purpose of making the transfers provided for by subdivision 1 and thus reducing the amounts to be raised by the tax levies provided for by subdivision 1, until after the date prescribed for the making of the last of those levies, or until they are otherwise canceled by law.

**Subd. 7. Additional appropriation.** The appropriation to the governor made by subdivision 4 is in addition to any other appropriation made to him out of the Minnesota Aeronautics Fund by any other statute.

**Subd. 8. Designated appropriation; municipalities.** Of the moneys hereby appropriated to the governor, \$150,000 may, upon his authorization, be made available to the commissioner of aeronautics to be used for the purpose of acquiring land and constructing low cost single strip airports in close proximity to municipalities not

having an adequate landing area for small aircraft, only upon compliance with the following conditions:

(1) A request for the acquisition of land and construction of a low cost single strip airport must be made by a municipality prior to any acquisition of land for or construction of such airport.

(2) The requesting municipality, prior to the acquisition of land for or construction of the requested airport, must make an agreement in writing with the state in form approved by the attorney general that it will solely at its expense improve and maintain such airport according to standards prescribed by the commissioner of aeronautics insuring its continuous availability for use by small aircraft.

"Municipality," as used in this section, shall have the meaning given in Minnesota Statutes 1949, Section 360.013, Subdivision 20.

**360.383 ADDITIONAL MONEYS, AERONAUTICS FUND.** Subdivision 1. **Supplemental.** To provide additional moneys for the Minnesota Aeronautics Fund created by Minnesota Statutes 1945, Sections 360.301 to 360.306, for the purposes hereinafter specified, the state auditor is hereby authorized and directed to levy upon all taxable property in this state, in the manner in which other state taxes are levied, for the taxable years of 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, and 1966, taxes sufficient to produce the sum of \$60,000 for each of said taxable years, together with such additional sums as may be necessary to pay the interest upon the certificates of indebtedness hereinafter authorized. In the case of a deficiency in the proceeds of such tax levy for any year, the auditor shall levy additional amounts in succeeding years to compensate therefor until the full amount herein authorized has been raised. The proceeds of such taxes shall be credited to the Minnesota Aeronautics Fund.

Subd. 2. **Certificates of indebtedness.** Pending the levy and collection of such taxes, upon request of the commissioner of aeronautics, the state auditor is hereby authorized and directed to issue and sell certificates of indebtedness of this state as funds are needed for the purposes of this section, not exceeding the amount required from time to time to meet the appropriations hereinafter made and not exceeding \$600,000 in the aggregate. Such certificates shall be known as "Minnesota Aeronautics Certificates of Indebtedness, series V," shall be numbered consecutively, and shall be issued and sold at not less than par upon sealed bids after two weeks published notice, unless sold to the state board of investment as hereinafter provided. Such certificates shall be in such form and of such denominations and shall mature at such times as the state auditor may determine, not exceeding the time when funds shall be available for the payment thereof from the tax levies authorized by subdivision 1. All certificates maturing more than six years after their date must be made redeemable at par at the expiration of such six years and on each interest payment date thereafter upon such notice as the state auditor shall determine prior to their issuance. The certificates shall be signed by the state treasurer and attested by the state auditor under their official seals, and the auditor and treasurer shall keep records thereof. The certificates shall be a charge upon and a lien against the taxes authorized by subdivision 1. The principal and interest of the certificates, except as provided in subdivision 6, shall be payable only from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided, that such interest as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same shall be paid out of the general revenue fund, and the amount necessary therefor is hereby appropriated, to be reimbursed from the proceeds of such taxes when received. All moneys received from the sale of the certificates shall be credited to the Minnesota Aeronautics Fund.

Subd. 3. **Authorized investment.** The state board of investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder and to purchase such certificates at a rate of interest not exceeding three percent per annum, and such certificates may be issued and sold to the board without advertising for bids.

Subd. 4. **Appropriation.** There is hereby appropriated to the governor out of the Minnesota Aeronautics Fund, for the purposes hereinafter specified, the sum

of \$600,000 for the biennium period ending June 30, 1955, which appropriation is hereby made available in such amounts and at such times as may be deemed necessary by the governor to carry out the purposes of this section. Any balance remaining at the end of any fiscal year shall be carried over and shall be available for the purposes of this section until July 1, 1955, and thereafter until all obligations theretofore incurred hereunder have been paid.

Subd. 5. **Expenditure.** (1) The moneys hereby appropriated to the governor shall, from time to time, upon his authorization, be used to assist counties, cities, towns, villages, boroughs and public corporations in constructing, improving, maintaining, and operating airports and other air navigation facilities, and for the purpose of assisting this state and counties, cities, towns, villages, boroughs, and public corporations thereof in matching federal funds for the acquisition, construction, improvement, maintenance and operation of such airports and other air navigation facilities, whether such work is to be done by the state or by such municipalities, or jointly, aided by grants of aid from the United States; provided, that of the moneys hereby appropriated, the governor shall not authorize the expenditure of more than \$250,000 on the state key system of airports, including radio navigational aids; more than \$50,000 on the state secondary system of airports; more than \$150,000 on the state landing strip system; more than \$20,000 on snow removal; more than \$18,400 on emergency and miscellaneous expenditures of which not more than \$8,000 may be used for new aircraft acquisition for the department of aeronautics; or more than \$11,600 for department of aeronautics salaries, except as provided in clause (2).

(2) The governor may on his own initiative or upon application by the commissioner of aeronautics authorize an increase in the provisional limitations on the amounts to be expended as provided in clause (1).

(3) The governor shall not authorize the expenditure of any moneys appropriated by this section, or the increase, under authority of clause (2), of any of the provisional limitations therein referred to until he has consulted the legislative advisory committee created by Laws 1941, Chapter 497, and such committee has made its recommendation upon the matter. Such recommendation shall be advisory only. Failure or refusal of the committee to make a recommendation promptly shall be deemed a negative recommendation. The provisions of this clause shall extend to any other agency to which the present authority of the legislative advisory committee may be transferred, but shall be deemed to be repealed in case such authority shall be abolished.

(4) Before any expenditure of any of the moneys hereby appropriated to assist political subdivisions, municipalities, and public corporations in acquiring, constructing, improving, maintaining, and operating airports and other air navigation facilities may be authorized, the commissioner of aeronautics shall have made, with approval of the governor, his order designating the municipalities and airports which are a part of the key airport system, the secondary airport system, the landing strip system, and the state system of radio navigational aids. Secondary system shall consist of airports designed for or having active commercial operations other than scheduled air service and shall not exceed a total of 35 and the landing strip system shall consist of landing strips in the rural areas not designed for commercial activities and the total number shall not exceed 55. He may amend such order from time to time to expand or modify the airport system to best serve the interests of the state, subject to the approval of the governor. The governor shall require as a condition of such assistance by the state, that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of construction, improvement, maintenance, or operation in connection with which the assistance by the state is sought for all key system and secondary system airports of not less than one-third of the project costs, if state and local funds only are to be used, or not less than one-sixth of the project costs, if federal, state and local funds are to be used; provided, that he may authorize the commissioner of aeronautics to pay from moneys made available to him the total cost of establishing and maintaining radio navigational aids on condition that the municipality or public corporation agree to pay the operating costs, and that he may pay one half the actual snow removal costs but not more than \$250 per year to any city no portion of which shall be expended for the pur-

chase of equipment; and provided further, that he may authorize the commissioner of aeronautics to pay from moneys made available to him one half the land acquisition costs for landing strips and all of the construction costs for landing strips, but in no event may he expend more than \$12,500 on any one landing strip from the moneys hereby appropriated.

(5) Before authorizing any expenditure of any of the moneys hereby appropriated the governor shall issue his order allocating the amount of moneys estimated to be required, and the commissioner of aeronautics shall certify that the improvements to be made or the work to be accomplished is in the interest of the state and in compliance with the laws of the state and the provisions of this section. Upon completion of the work or project for which the funds are allocated and on final payment discharging the state's obligation the commissioner of aeronautics shall certify such facts to the governor and he shall issue his order releasing any unexpended portions of the moneys first allocated and such moneys shall be available to him for allocation to another project or other authorized work as provided by this section.

(6) The commissioner of aeronautics is hereby authorized, subject to the approval of the governor, to make and amend such rules and regulations, not inconsistent with law, as are necessary for the administration of this section.

(7) The commissioner of aeronautics shall cause to be prepared or supervise the preparation of plans and specifications for the construction, improvement and maintenance of all airports on which expenditures are made pursuant to this section; approve such plans and specifications; supervise and inspect all work relating to those airports or radio navigational aids; approve all lawful changes in plans and specifications; approve estimates for payments; and approve the construction when completed according to such plans and specifications.

**Subd. 6. Transfers.** (1) On November 1, 1957, and on the first day of November in each year thereafter up to and including November 1, 1966, there shall be transferred from the State Airports Fund, otherwise created by law, to the Minnesota Aeronautics Fund out of any moneys remaining in said State Airports Fund after the transfer provided by Minnesota Statutes 1949, Sections 360.306 and 360.351, and after any reimbursement of the general revenue fund therefrom, otherwise provided by law, the sum of \$60,000 and such additional sums as may be necessary to pay interest on any certificates of indebtedness issued and sold pursuant to subdivision 2 and to compensate for any deficiencies in the proceeds of tax levies authorized by subdivision 1 for any prior year, or so much of the total of said sums as may be available in the State Airports Fund for transfer. If sufficient funds are made available by the transfer, the tax levy for that taxable year provided for by subdivision 1 shall be canceled and shall not be made; otherwise the amount to be raised by the tax levy for that taxable year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

(2) All moneys transferred from the State Airports Fund to the Minnesota Aeronautics Fund shall be available for the payment of outstanding certificates of indebtedness and interest thereon and deficiencies in the proceeds of prior tax levies, if any, in the same manner as the proceeds of taxes provided for in subdivision 1, and so much thereof as may be necessary is appropriated for such payments.

(3) Notwithstanding any provision of any other statute appropriating moneys in the State Airports Fund, all those moneys over and above the amounts required to be transferred as provided by Minnesota Statutes 1945, Sections 360.306 and 360.351, and the amounts required to reimburse the general revenue fund as otherwise provided by law, shall be used only for the purpose of making the transfers provided for by clause (1) and thus reducing the amounts to be raised by the tax levies provided for by subdivision 1, until after the date prescribed for the making of the last of those levies, or until they are otherwise canceled by law.

(4) The appropriation to the governor made by subdivision 4 is in addition to any other appropriation made to him out of the Minnesota Aeronautics Fund by any other statute.

All moneys received from the sale of the certificates shall be credited to the Minnesota Aeronautics Fund.

**Subd. 3. Authorized investments.** The state board of investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder, and such certificates may be issued and sold to the board without advertising for bids.

whether such work is to be done by the state or by such municipalities, or jointly, aided by grants of aid from the United States; provided, that of the moneys hereby appropriated, the commissioner of aeronautics shall not authorize the expenditure of more than \$475,650 on the state key system of airports, including radio navigation aids; more than \$75,000 on the state secondary system of airports; more than \$75,000 on the state landing strips system; more than \$30,000 on snow removal; or more than \$264,350 for department of aeronautics supplies and expense and salaries, except as provided in paragraph (2) of this subdivision.

(2) The governor may on his own initiative or upon application by the commissioner of aeronautics issue his order authorizing an increase in the provisional limitations on the amounts to be expended as provided in paragraph (1).

(3) Before any expenditure of any of the moneys hereby appropriated to assist political subdivisions, municipalities, and public corporations in acquiring, constructing, improving, maintaining, and operating airports and other air navigation facilities may be authorized, the commissioner of aeronautics shall have made, with the approval of the governor, after consultation with the legislative advisory committee, his order designating the municipalities and airports which are a part of the key airport system, the secondary airport system, the landing strip system, and the state system of radio navigational aids. For the purposes of this section, the key system airports shall be those being served by or intended to be served by scheduled air carriers and large multi-engine aircraft and shall not exceed a total of 30. The secondary system shall consist of airports designed for or having active commercial operations other than scheduled air service and shall not exceed a total of 35 and the landing strip system shall consist of landing strips in the rural areas not designed for commercial activities and the total number shall not exceed 55. He may amend such order from time to time to expand or modify the airport system to best serve the interests of the state, subject to the approval of the governor. The commissioner of aeronautics shall require as a condition of such assistance by the state, that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of construction, improvement, maintenance, or operation in connection with which the assistance by the state is sought for all key system and secondary system airports of not less than one-third of the project costs, if state and local funds only are to be used, or not less than one-sixth of the project costs, if federal, state and local funds are to be used; provided, that the commissioner of aeronautics may pay from moneys made available to him the total cost of establishing and maintaining radio navigational aids, and that he may pay one half the actual snow removal costs but not more than \$250 per year to any city no portion of which shall be expended for the purchase of equipment; and provided further that he may pay from moneys made available to him the construction costs for landing strips, but in no event may he expend more than \$15,000 on any one landing strip from the moneys hereby appropriated. No state moneys shall be expended for land acquisition.

(4) Before authorizing any expenditure of any of the moneys hereby appropriated the commissioner of aeronautics shall issue his order allocating the amount of moneys estimated to be required, and he shall certify that the improvements to be made or the work to be accomplished is in the interest of the state and in compliance with the laws of the state and the provisions of this section. Upon completion of the work or project for which the funds are allocated and on final payment discharging the state's obligation the commissioner of aeronautics shall issue his order releasing any unexpended portions of the moneys first allocated and such moneys shall be available to him for allocation to another project or other authorized work as provided by this section.

(5) The commissioner of aeronautics is hereby authorized, subject to the approval of the governor, to make and amend such rules and regulations, not inconsistent with law, as are necessary for the administration of this section.

(6) The commissioner of aeronautics shall cause to be prepared or supervise the preparation of plans and specifications for the construction, improvement, and maintenance of all airports on which expenditures are made pursuant to this section; approve such plans and specifications; supervise and inspect all work relating to those airports; or radio navigational aids; approve all lawful changes in plans and specifications; approve estimates for payments; and approve the construction when completed according to such plans and specifications.

Subd. 6. **Transfers.** (1) On November 1, 1959, and on the first day of November in each year thereafter up to and including November 1, 1968, there shall be transferred from the State Airports Fund, otherwise created by law, to the Minnesota Aeronautics Fund out of any moneys remaining in said State Airports Fund after the transfer provided by Minnesota Statutes 1953, Sections 360.306, 360.351, 360.371, subdivision 6, 360.382, subdivision 6, and 360.383, subdivision 6, and after any reimbursement of the general revenue fund therefrom otherwise provided by law, the sum of \$92,000 and such additional sums as may be necessary to pay interest on any certificates of indebtedness issued and sold pursuant to subdivision 2 of this section and to compensate for any deficiencies in the proceeds of tax levies authorized by subdivision 1 for any prior year, or so much of the total of said sums as may be available in the State Airports Fund for transfer. If sufficient funds are made available by the transfer, the tax levy for that taxable year provided for by subdivision 1 shall be canceled and shall not be made; otherwise the amount to be raised by the tax levy for that taxable year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

(2) All moneys transferred from the State Airports Fund to the Minnesota Aeronautics Fund shall be available for the payment of outstanding certificates of indebtedness and interest thereon and deficiencies in the proceeds of prior tax levies, if any, in the same manner as the proceeds of taxes provided for in Subdivision 1, and so much thereof as may be necessary is appropriated for such payments.

(3) Notwithstanding any provision of any other statute appropriating moneys in the State Airports Fund, all those moneys over and above the amounts required to be transferred as provided by Minnesota Statutes, Sections 360.306, 360.351, 360.371, subdivision 6, 360.382, subdivision 6, and 360.383, subdivision 6, and the amounts required to reimburse the general revenue fund as otherwise provided by law, shall be used only for the purpose of making the transfers provided for by paragraph (1) and thus reducing the amounts to be raised by the tax levies provided for by subdivision 1, until after the date prescribed for the making of the last of those levies, or until they are otherwise canceled by law.

(4) The appropriation to the commissioner by subdivision 4 is in addition to any other appropriation made to him out of the Minnesota Aeronautics Fund by any other statute.

**360.385 AERONAUTICS FUND, ADDITIONAL MONEYS.** Subdivision 1. **Appropriation.** There is hereby appropriated to the commissioner of aeronautics out of the Minnesota aeronautics fund, for the purposes hereinafter specified, the sum of \$3,801,000 for the biennium ending June 30, 1959, which appropriation is hereby made available in such amounts and at such times as may be deemed necessary by the commissioner of aeronautics to carry out the purposes of this section. Any balance remaining at the end of any fiscal year shall be carried over and shall be available for the purposes of this section until July 1, 1959, and thereafter until all obligations theretofore incurred hereunder have been paid.

Subd. 2. **Specific expenditures.** (1) The moneys hereby appropriated to the commissioner of aeronautics shall, from time to time, upon his authorization, be used in accordance with Minnesota Statutes 1953, Chapter 360, as amended.

Except as otherwise provided in this subdivision, of the moneys hereby appropriated, the commissioner of aeronautics shall not authorize the expenditure of more than \$2,350,000 on the Minneapolis-St. Paul International Airport, \$1,107,400 on other key system airports, \$92,100 on secondary airports, \$85,000 on the state landing strip system, \$16,500 on radio navigational aids, \$25,000 for the purchase of an airplane, and \$25,000 on snow removal. In addition, the commissioner shall establish a hangar construction revolving account in the amount of \$100,000 for the purpose of constructing hangar buildings to be sold by conditional sales contract or contract for deed to municipalities owning airports. For the purposes of this section all municipalities owning airports are hereby authorized to enter into such contracts for such amount and period of time as may be determined by the commissioner and the municipality. All receipts from the sale of these buildings shall be deposited in the hangar construction revolving account and are hereby re-appropriated to that purpose.

(2) The governor may on his own initiative or upon application by the com-

missioner of aeronautics issue his order authorizing a change in the provisional limitations on the amounts to be expended as provided in (1) hereof.

(3) Before any expenditure of any of the moneys hereby appropriated to assist political subdivisions, municipalities, and public corporations in acquiring, constructing, improving, maintaining, and operating airports and other air navigation facilities, may be authorized, the commissioner of aeronautics shall have made, with the approval of the governor, his order designating the municipalities and airports which are a part of the key airport system, the secondary airport system, the landing strip system, and the state system of radio navigational aids. For the purposes of this section, the key system airports shall be those being served by or intended to be served by scheduled air carriers and large multi-engine aircraft and shall not exceed a total of 30. The secondary system shall consist of airports designed for or having active commercial operations other than scheduled air service and shall not exceed a total of 40 and the landing strip system shall consist of landing strips in the rural areas not designed for commercial activities and the total number shall not exceed 55. He may amend such order from time to time to expand or modify the airport system to best serve the interest of the state, subject to the approval of the governor. Except as otherwise provided in this paragraph, the commissioner of aeronautics shall require as a condition of such assistance by the state, that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of construction, improvement, maintenance, or operation in connection with which the assistance by the state is sought for all airports of not less than one-third of the project costs, if state and local funds only are to be used, or not less than one-sixth of the project costs, if federal, state and local funds are to be used. He may pay

- (a) the total cost of radio navigational aids,
- (b) one-half the actual snow removal costs (not including the purchase of equipment) but not more than \$500 per fiscal year to any city,
- (c) not to exceed \$15,000 for all of the construction costs for new landing strip airports,
- (d) from the hangar construction revolving account 80 percent of the cost of hangars, and
- (e) not to exceed \$35,000 for all of the initial construction of a landing strip on the North Shore in the vicinity of Beaver Bay.

No state money may be used for land acquisition for key system or secondary system airports, or landing strips.

(4) Before authorizing any expenditure of any of the moneys hereby appropriated the commissioner of aeronautics shall issue his order allocating the amount of moneys estimated to be required, and he shall certify that the improvements to be made or the work to be accomplished is in the interest of the state and in compliance with the laws of the state and the provisions of this section. From time to time he may amend or rescind his allocation orders. Upon completion of the work or project for which the funds are allocated and on final payment discharging the state's obligation the commissioner of aeronautics shall issue his order releasing any unexpended portions of the moneys first allocated.

(5) The commissioner of aeronautics shall cause to be prepared or supervise the preparation of plans and specifications for the construction, improvement, and maintenance of all airports and air navigation facilities on which expenditures are made pursuant to this section; approve such plans and specifications; supervise and inspect all work; approve all lawful changes in plans and specifications; approve estimates for payments; and approve the construction when completed according to such plans and specifications.

**Subd. 3. Tax levy for additional funds.** To provide additional moneys for the Minnesota aeronautics fund, the state auditor shall levy upon all taxable property in this state, in the manner in which other state taxes are levied, for the taxable years 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, and 1968, taxes sufficient to produce the sum of \$380,100 for each of said taxable years, together with such additional sums as may be necessary to pay the interest upon the certificates of indebtedness hereinafter authorized. In case of a deficiency in the proceeds of such tax levy for any year, the auditor shall levy additional amounts in succeeding years to compensate therefor until the full amount herein authorized has been raised. The proceeds of such taxes shall be credited to the Minnesota aeronautics fund.

**Subd. 4. Certificates of indebtedness.** Pending the levy and collection of such taxes, upon request of the commissioner of aeronautics the state auditor is hereby authorized and directed to issue and sell certificates of indebtedness of this state, as funds are needed for the purposes of this section, not exceeding the amount required from time to time to meet the appropriations hereinafter made and not exceeding \$3,801,000 in the aggregate. Such certificates shall be known as "Minnesota Aeronautics Certificates of Indebtedness, Series VII" shall be numbered consecutively, and shall be issued and sold at not less than par upon sealed bids after two weeks' published notice, unless sold to the state board of investment as hereinafter provided. Such certificates shall be in such form and of such denominations and shall mature at such times as the state auditor may determine, not exceeding the time when funds shall be available for the payment thereof from the tax levies authorized by subdivision 3. All certificates maturing more than three years after their date must be made redeemable at par at the expiration of such three years and on each interest payment date thereafter upon such notice as the state auditor shall determine prior to their issuance. Such certificates shall bear such rate of interest, payable semi-annually, and shall contain such other terms and provisions not inconsistent herewith, as the state auditor may determine. The certificates shall be signed by the state treasurer and attested by the state auditor under their official seals, and the auditor and treasurer shall keep records thereof. The certificates shall be a charge upon and a lien against the taxes authorized by subdivision 3. The principal and interest of the certificates, except as provided in subdivision 6, shall be payable only from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided, that such interest as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same shall be paid out of the general revenue fund, and the amount necessary therefor is hereby appropriated, to be reimbursed from the proceeds of such taxes when received. All moneys received from the sale of the certificates shall be credited to the Minnesota aeronautics fund.

**Subd. 5. Authorized investments.** The state board of investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder and such certificates may be issued and sold to the board without advertising for bids.

**Subd. 6. Transfer of funds.** (1) On November 1, 1959, and on the first day of November in each year thereafter up to and including November 1, 1968, there shall be transferred from the state airports fund, otherwise created by law, to the Minnesota aeronautics fund out of any moneys remaining in said state airports fund after the transfer provided by Minnesota Statutes 1953, Sections 360.351, 360.371, Subdivision 6, 360.382, Subdivision 6, and 360.383, Subdivision 6, and Minnesota Laws 1955, Chapter 719, and after any reimbursement of the general revenue fund therefrom otherwise provided by law, the sum of \$380,100 and such additional sums as may be necessary to pay interest on any certificates of indebtedness issued and sold pursuant to subdivision 4 and to compensate for any deficiencies in the proceeds of tax levies authorized by subdivision 3 for any prior year, or so much of the total of said sums as may be available in the state airports fund for transfer. If sufficient funds are made available by the transfer, the tax levy for that taxable year provided for by subdivision 3 shall be cancelled and shall not be made; otherwise the amount to be raised by the tax levy for that taxable year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

(2) All moneys transferred from the state airports fund to the Minnesota aeronautics fund shall be available for the payment of outstanding certificates of indebtedness and interest thereon and deficiencies in the proceeds of prior tax levies, if any, in the same manner as the proceeds of taxes provided for in subdivision 3, and so much thereof as may be necessary is appropriated for such payments.

(3) Notwithstanding any provision of any other statute appropriating moneys in the state airports fund, all those moneys over and above the amounts required to be transferred as provided by Minnesota Statutes 1953, Sections 360.306, 360.351, 360.371, Subdivision 6, 360.382, Subdivision 6, and 360.383, Subdivision 6, and Minnesota Laws 1955, Chapter 719, and the amounts required to pay the salaries, supplies and expenses of the department of aeronautics as otherwise provided by law, shall be used only for the purpose of making the transfers provided for by (1) of this subdivision and thus reducing the amounts to be raised by the tax levies provided for

by subdivision 3 of this section, until after the date prescribed for the making of the last of those levies, or until they are otherwise canceled by law.

(4) The appropriation to the commission by subdivision 1 is in addition to any other appropriation made to him out of the Minnesota aeronautics fund by any other statutes.

[1957 c 931 s 1-6; 1959 c 629 s 8]

**360.386 AERONAUTICS FUND, ADDITIONAL MONEYS.** Subdivision 1. **Appropriation.** There is hereby appropriated to the commissioner of aeronautics out of the Minnesota aeronautics fund, for the purposes hereinafter specified, the sum of \$826,000 for the biennium ending June 30, 1961, which appropriation is hereby made available in such amounts and at such times as may be deemed necessary by the commissioner of aeronautics to carry out the purposes of this section. Any balance remaining at the end of any fiscal year shall be carried over and shall be available for the purposes of this act until July 1, 1961, and thereafter until all obligations theretofore incurred hereunder have been paid.

Subd. 2. **Specific expenditures.** (1) The moneys hereby appropriated to the commissioner of aeronautics shall from time to time, upon his authorization, be used in accordance with Minnesota Statutes, Chapter 360, as amended.

Except as otherwise provided in this section, of the moneys hereby appropriated, the commissioner of aeronautics shall not authorize the expenditure of more than \$434,000 on key system airports, \$209,000 on secondary airports, \$142,000 on the state landing strip system, \$15,000 on radio navigational aids, \$11,000 for the purchase of an airplane, and \$15,000 for air marking.

(2) The governor may on his own initiative or upon application by the commissioner of aeronautics issue his order authorizing a change in the provisional limitations on the amounts to be expended as provided in (1) hereof.

(3) Before any expenditure of any of the moneys hereby appropriated to assist political subdivisions, municipalities, and public corporations in acquiring, constructing, improving, maintaining, and operating airports and other air navigation facilities, may be authorized, the commissioner of aeronautics shall have made, with the approval of the governor, his order designating the municipalities and airports which are a part of the key airport system, the secondary airport system, the landing strip system, and the state system of radio navigational aids. For the purposes of this section, the key system airports shall be those being served by or intended to be served by scheduled air carriers and large multi-engine aircraft and shall not exceed a total of 30. The secondary system shall consist of airports designed for or having active commercial operations other than scheduled air service and shall not exceed a total of 45, and the landing strip system shall consist of landing strips in the rural areas not designed for commercial activities and the total number shall not exceed 60. He may amend such order from time to time to expand or modify the airport system to best serve the interest of the state, subject to the approval of the governor. Except as otherwise provided in this clause, the commissioner of aeronautics shall require a condition of such assistance by the state, that the political subdivision, municipality, or public corporation itself make a substantial contribution to the cost of construction, improvement, maintenance, or operation in connection with which the assistance by the state is sought for all airports of not less than one-third of the project costs, if state and local funds only are to be used, or not less than one-sixth of the project costs, if federal, state and local funds are to be used. He may pay

(a) the total cost of radio navigation aids,

No state money may be used for land acquisition.

(4) The commissioner of aeronautics shall cause to be prepared or supervise the preparation of plans and specifications for the construction, improvement, and maintenance of all airports and air navigation facilities on which expenditures are made pursuant to this section; approve such plans and specifications; supervise and inspect all work; approve all lawful changes in plans and specifications; approve estimates for payments; and approve the construction when completed according to such plans and specifications.

Subd. 3. **Tax levy for additional funds.** To provide additional moneys for the

Minnesota aeronautics fund, the state auditor shall levy upon all taxable property in this state, in the manner in which other state taxes are levied, for the taxable years 1961, 1962, 1963, 1964, 1965, 1966, and 1967, taxes sufficient to produce the sum of \$118,000 for each of said taxable years, together with such additional sums as may be necessary to pay the interest upon the certificates of indebtedness hereinafter authorized. In case of a deficiency in the proceeds of such tax levy for any year, the auditor shall levy additional amounts in succeeding years to compensate therefor until the full amount herein authorized has been raised. The proceeds of such taxes shall be credited to the Minnesota aeronautics fund.

**Subd. 4. Certificates of indebtedness.** Pending the levy and collection of such taxes, upon request of the commissioner of aeronautics, the state auditor is hereby authorized and directed to issue and sell certificates of indebtedness of this state, as funds are needed for the purposes of this section, not exceeding the amount required from time to time to meet the appropriations hereinafter made and not exceeding \$826,000 in the aggregate. Such certificates shall be known as "Minnesota Aeronautics Certificates of Indebtedness, Series VIII" shall be numbered consecutively, and shall be issued and sold at not less than par upon sealed bids after two weeks' published notice, unless sold to the state board of investment as hereinafter provided. Such certificates shall be in such form and of such denominations and shall mature at such times as the state auditor may determine, not exceeding the time when funds shall be available for the payment thereof from the tax levies authorized by subdivision 3. All certificates maturing more than three years after their date must be made redeemable at par at the expiration of such three years and on each interest payment date thereafter upon such notice as the state auditor shall determine prior to their issuance. Such certificates shall bear such rate of interest, payable semi-annually, and shall contain such other terms and provisions not inconsistent herewith, as the state auditor may determine. The certificates shall be signed by the state treasurer and attested by the state auditor under their official seals, and the auditor and treasurer shall keep records thereof. The certificates shall be a charge upon and a lien against the taxes authorized by subdivision 3. The principal and interest of the certificates, except as provided in subdivision 6, shall be payable only from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided, that such interest as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same shall be paid out of the general revenue fund, and the amount necessary therefor is hereby appropriated, to be reimbursed from the proceeds of such taxes when received. All moneys received from the sale of the certificates shall be credited to the Minnesota aeronautics fund.

**Subd. 5. Authorized investments.** The state board of investment is hereby authorized to invest any funds under its control or direction in any certificates of indebtedness issued hereunder. Such certificates may be issued and sold to the board without advertising for bids.

**Subd. 6. Transfer of funds.** (1) On November 1, 1961, and on the first day of November in each year thereafter up to and including November 1, 1967, there shall be transferred from the state airports fund, otherwise created by law, to the Minnesota aeronautics fund out of any moneys remaining in said state airports fund after the transfer provided by Minnesota Statutes, Sections 360.371, Subdivision 6, 360.382, Subdivision 6, 360.383, Subdivision 6, 360.384, Subdivision 6, 360.385, Subdivision 6, and after any reimbursement of the general revenue fund therefrom otherwise provided by law, the sum of \$118,000 and such additional sums as may be necessary to pay interest on any certificates of indebtedness issued and sold pursuant to subdivision 4 and to compensate for any deficiencies in the proceeds of tax levies authorized by subdivision 3 for any prior year, or so much of the total of said sums as may be available in the state airports fund for transfer. If sufficient funds are made available by the transfer, the tax levy for that taxable year provided for by subdivision 3 shall be cancelled and shall not be made; otherwise the amount to be raised by the tax levy for that taxable year shall be reduced by the amount transferred. The state auditor and the state treasurer are authorized and directed to make the appropriate entries in the accounts of the respective funds.

(2) All moneys transferred from the state airports fund to the Minnesota aeronautics fund shall be available for the payment of outstanding certificates of

indebtedness and interest thereon and deficiencies in the proceeds of prior tax levies, if any, in the same manner as the proceeds of taxes provided for in subdivision 3, and so much thereof as may be necessary is appropriated for such payments.

(3) Notwithstanding any provision of any other statute appropriating moneys in the state airports fund, all those moneys over and above the amounts required to be transferred as provided by Minnesota Statutes, Sections 360.371, Subdivision 6, 360.382, Subdivision 6, 360.383, Subdivision 6, 360.384, Subdivision 6, and 360.385, Subdivision 6, and the amounts required to pay the salaries, supplies and expenses of the department of aeronautics as otherwise provided by law, shall be used only for the purpose of making the transfers provided for by (1) of this subdivision and thus reducing the amounts to be raised by the tax levies provided for by subdivision 3 until after the date prescribed for the making of the last of those levies, or until they are otherwise canceled by law.

(4) The appropriation to the commissioner by subdivision 1 is in addition to any other appropriation made to him out of the Minnesota aeronautics fund by any other statutes.

Subd. 7. **Reappropriation of unexpended appropriations.** The unexpended balances of appropriations made to the commissioner of aeronautics by Laws 1955, Chapter 719, and Laws 1957, Chapter 931, are hereby reappropriated to the commissioner of aeronautics for the biennium ending June 30, 1961, for the purposes of those laws. Any and all provisions of those laws which must be in effect to provide for the appropriation made by this action are extended or reenacted as may be necessary for such purpose. The total amount of the appropriations made hereby shall not exceed the amount originally appropriated by those laws.

[1959 c 629 s 1-6, 9]

**360.3861 REAPPROPRIATIONS.** The unexpended balances of appropriations made to the commissioner of aeronautics by Minnesota Statutes 1961, Sections 360.384 to 360.386 are hereby reappropriated to the commissioner of aeronautics and shall be available until expended for the purposes for which such appropriations were made. Sections 360.383 to 360.386 shall cease to be in effect when all provisions for such appropriations have been made and all certificates of indebtedness issued under those laws and interest thereon have been fully paid, or provision for such payment has been duly made in accordance with their terms. The state auditor shall certify the occurrence of this event to the revisor of statutes.

The tax which was levied by each of these laws and was directed to be extended and spread upon the tax rolls in amounts sufficient to produce the required sums of principal and interest in the years specified therein, shall continue to be so extended and spread until all certificates of indebtedness issued pursuant to each of the laws, respectively, and all interest accrued thereon, have been fully paid. **360.521 LIMITATION.** None of the provisions of sections 360.54 to 360.67 apply to aircraft or airline companies used in air commerce.

[1945 c. 411 s. 2]

**360.531 TAXATION.** Subdivision 1. **An in lieu tax.** All aircraft using the air space overlying the state of Minnesota or the airports thereof, except as set forth in section 360.55, shall be taxed in lieu of all other taxes thereon, on the basis and at the rate for the period January 1, 1966, to June 30, 1967, and for each fiscal year as follows.

Subd. 2. **Rate.** The tax shall be at the rate of one per cent of value; provided that the minimum tax on an aircraft subject to the provisions of sections 360.511 to 360.67 shall not be less than 25 percent of the tax on said aircraft computed on its base price or \$10 whichever is the higher.

Subd. 3. **First year of life.** "First year of life" means the year of model designation of the aircraft, or, if there be no model designation it shall mean the year of manufacture.

Subd. 4. **Base price for taxation.** For the purpose of fixing a base price for taxation from which depreciation in value at a fixed per cent per annum can be counted, such price is defined as follows:

(1) The base price for taxation of an aircraft of which a similar or corresponding model was being manufactured on August 1 preceding the fiscal year for which the tax is levied shall be the manufacturer's list price of such similar or corresponding model in effect on such August 1.

(2) The base price for taxation of an aircraft of which no similar or corresponding model was manufactured until after such August 1 shall be the manufacturer's list price at the factory when the aircraft taxed was first manufactured.

(3) The commissioner shall have authority to fix the base value for taxation purposes of any aircraft of which no such similar or corresponding model has been

manufactured since a time prior to such August 1, and of any rebuilt or foreign aircraft, any aircraft on which a record of the list price is not available in his office, or any military aircraft converted for civilian use, using as a basis for such valuation the list price on such August 1 of aircraft with comparable performance characteristics, and taking into consideration the age and condition of the aircraft.

**Subd. 5. Similarity of corresponding models.** Models shall be deemed similar if substantially alike and of the same make. Models shall be deemed to be corresponding models for the purpose of taxation under sections 360.54 to 360.67 if of the same make and having approximately the same weight and type of frame and the same style and size of motor.

**Subd. 6. Depreciation.** After the first year of aircraft life the base value for taxation purposes shall be reduced as follows: ten per cent the second year, and 15 percent the third and each succeeding year thereafter, but in no event shall such tax be reduced below the minimum.

**Subd. 7. Prorating the tax.** When an aircraft first becomes subject to taxation during the period for which the tax is to be paid, the tax on it shall be for the remainder of that period, prorated on a monthly basis of one-twelfth of the annual tax for each calendar month counting the month during which it becomes subject to the tax as the first month of such period, except that the tax for the period of January 1, 1966, through June 30, 1967, shall be prorated on a monthly basis of one-eighteenth of the tax for said period.

**Subd. 8. Tax, fiscal year.** Every aircraft subject to the provisions of this act which has at any time since April 19, 1945, used the air space overlying the state of Minnesota or the airports thereof shall be taxed for the period from January 1, 1966, through June 30, 1967, for each fiscal year thereafter in which it is so used. Any aircraft which does not use the air space overlying the state of Minnesota or the airports thereof at any time during the period of January 1, 1966, to and including June 30, 1967, or at any time during any fiscal year thereafter shall not be subject to the tax provided by this act for such period. Rebuilt aircraft shall be subject to the tax provided by Minnesota Statutes, Sections 360.511 to 360.67 for that portion of the aforesaid periods remaining after the aircraft has been rebuilt, prorated on a monthly basis.

**Subd. 9. Assessed as personal property in certain cases.** Aircraft subject to taxation under the provisions of sections 360.54 to 360.67 shall not be assessed as personal property and shall be subject to no tax except as provided for by these sections. Aircraft not subject to taxation as provided in these sections, but subject to taxation as personal property within the state of Minnesota shall be assessed and valued at 33½ percent of the true and full value thereof and taxed at the rate and in the manner provided by law for the taxation of ordinary personal property. If the person against whom any tax has been levied on the ad valorem basis because of any aircraft shall, during the calendar year for which such ad valorem tax is levied, be also taxed under provisions of these sections, then and in that event, upon proper showing, the commissioner of taxation shall grant to the person against whom said ad valorem tax was levied, such reduction or abatement of assessed valuation or taxes as was occasioned by the so-called ad valorem tax imposed. If the ad valorem tax upon any aircraft has been assessed against a dealer in new and used aircraft, and the tax imposed by these sections for the required period is thereafter paid by the owner, then and in that event, upon proper showing, the commissioner of taxation, upon the application of said dealer, shall grant to such dealer against whom said ad valorem tax was levied such reduction or abatement of assessed valuation or taxes as was occasioned by the so-called ad valorem tax imposed.

**360.532 NONRESIDENT COMMERCIAL OPERATIONS; SUBJECT TO TAX.** Any aircraft of which a nonresident has the right to possession and which is used for commercial operations in this state shall be registered in this state before said aircraft is used for such commercial operations, except that aircraft used for charter which a nonresident has the right to possession need not be so registered if while in the state he does not advertise, represent, or hold himself out as giving or offering to provide such service with such aircraft. Aircraft registered under this section shall not be entitled to a refund under 360.62 except if destroyed or for errors in computing the tax or fees and for the error on the part of an owner who may have registered an aircraft that was not before or at the time of such regis-

tration, or at any time thereafter during the current past year, subject to such tax in this state, or the aircraft is sold to a nonresident who is not engaged in a commercial operation in this state.

[1963 c 113 s 1]

**360.54 SUBJECT TO TAX EXEMPTION.** Every aircraft shall be presumed to be one using the air space overlying the state of Minnesota or the airports thereof, and thence subject to taxation under sections 360.511 to 360.67, if such aircraft has prior to the effective date of Laws 1945, Chapter 411, used such air space or airports, or shall actually use them or if it shall come into the possession of an owner in this state, other than a manufacturer, dealer, warehouseman, mortgagee, or pledgee and it shall be the burden of the owner thereof to prove that said aircraft has not in fact used the air space overlying the state of Minnesota or the airports thereof in order to avoid the payment of the tax as required herein.

[1945 c 411 s 4; 1949 c 161 s 5; 1955 c 113 s 7; 1965 c 161 s 7]

The operation of an aircraft in the air space overlying this state or the use of airports within this state for any purpose at any time during one day shall be considered as use for one complete day. Aircraft owned by nonresidents, on the ground at an airport in this state for major repairs, shall not be considered as using the airports of this state while being repaired and while awaiting return to the nonresident owner provided however, such waiting period shall not exceed 60 days from completion of the repairs.

Subd. 2. **Other exemptions.** Aircraft owned and used solely in the transaction of official business by representatives of foreign powers, by the federal government, or by the state or any municipality thereof shall be exempt from the provisions of sections 360.54 to 360.67 requiring the payment of a tax, but all such aircraft, except those owned by representatives of foreign powers or by the federal government, shall be registered as required by sections 360.54 to 360.67 and shall display tax exempt number plates, labels, or stamps furnished by the commissioner at cost. The exemption herein provided shall not apply to any aircraft except those owned by representatives of foreign powers or by the federal government and except such aircraft as may be used in general police work, unless the name of the state department or the municipality owning such aircraft shall be plainly printed on both sides thereof in letters of a size and character to be prescribed by the commissioner.

Subd. 3. **Civil air patrol.** Any aircraft owned and used solely in the transaction of official business by any unit of the civil air patrol created by Public Law 476, 79th Congress, Public Law 557, 80th Congress or acts amendatory thereto, whether or not the title to such aircraft is retained by the federal government or vested in such unit unconditionally, shall be exempt from the provisions of sections 360.54 to 360.57 requiring the payment of tax, but all such aircraft shall be registered as required by sections 360.54 to 360.57 and shall display tax exempt number plates, labels or stamps furnished by the commissioner at cost.

**360.56** [Repealed, 1957 c 218 s 1]

**360.57 SWORN STATEMENT BY MANUFACTURER.** Every manufacturer of an aircraft sold or offered for sale within this state, either by the manufacturer, distributor, dealer, or any other person, shall, on or before the first day in August of each year, file in the office of the commissioner a sworn statement showing the various models manufactured by him and the retail list price of each model being manufactured August 1 of that year, and shall also file with the commissioner, in such form as manufacturers usually use for advertising, complete specifications of the construction of each model that has been manufactured by him. Upon each

change in such price and upon the manufacture of each new model thereafter such manufacturer shall in like manner file a new statement setting forth such change.

[1945 c. 411 s. 7]

**360.58 OPERATION WITHOUT REGISTRATION AND PAYMENT OF TAX.**

No aircraft except as exempted by sections 360.54 and 360.55 shall use or be operated in the air space over this state or upon any of the airports thereof in the tax period of January 1, 1966, to and including June 30, 1967, or in any fiscal year thereafter until it shall have been registered as required in sections 360.54 to 360.67 and the aircraft tax and fees herein provided shall have been paid and the number plates, labels, or stamps issued therefor shall be duly displayed on such aircraft. A purchaser of a new aircraft may operate his aircraft without such plates, labels, or stamps provided that he shall secure from the commissioner, or any person designated by the commissioner for that purpose, a permit to operate such aircraft pending the issuance of plates, such permit shall be valid for not more than 15 days.

[1945 c. 411 s. 8; 1965 c. 161 s. 9]

**360.59 REGISTRATION AND LISTING.** Subdivision 1. **Date of listing and application; form.** Every owner of aircraft in this state, except as exempted by sections 360.54 and 360.55, shall, before July 1, in each fiscal year thereafter, or as soon after such date as he shall become the owner thereof, file with the commissioner, on a blank provided by him, a listing for taxation and application for the registration of such aircraft, in such form and stating such information as the commissioner may require. The said owner shall make an oath or affirmation before some officer authorized by law to administer oaths or affirmations that the statements made are correct and true, and any false statement wilfully and knowingly made in regard thereto shall be deemed a perjury and punished accordingly. Such listing for taxation and application for registration need not be sworn to when the applicant is listing the same aircraft for taxation and registration for the second and any succeeding time. The listing and application for registration by dealers or manufacturers' agents within the state of aircraft received for sale or use within the state shall be accepted as compliance with the requirements of sections 360.54 to 360.67 imposed upon the manufacturer.

**Subd. 2. Agent or lienor may list.** Any act required herein of an owner may be performed in his behalf by a duly authorized agent. Any person having a lien upon, or claim to, any aircraft may pay any tax due thereon to prevent the penalty for delayed registration from accruing, but the registration certificate and number plates shall not be issued until legal ownership is definitely determined.

**Subd. 3. Issuance of certificate.** The commissioner shall file such application and upon approval thereof and upon payment of the aircraft tax as provided in sections 360.54 to 360.67, together with all arrears and penalties, if any, and upon the delivery to him of the duly endorsed registration certificate of the former owner, if any, or proof of loss provided in lieu thereof, shall assign to it a distinctive number and issue to the owner a registration certificate which shall contain the name, place of residence, with street and number, if in a city, and post office address of the owner, a specific description of the aircraft, and the number assigned, together with a place on the face of the certificate in which the owner shall immediately upon receipt thereof place his signature and on the reverse side thereof, an assignment and notice of sale or termination of ownership with places for the signature of both seller and purchaser, and a place for assignment of the tax that has been paid. The registration certificate shall be retained by the owner until surrender as herein provided. In the case of listing and registration by manufacturers' agents or dealers of aircraft not using the air space overlying the state of Minnesota and the airports thereof no registration certificate shall be issued, but a duplicate of such list may be retained by the dealer or manufacturer as the registration certificate.

**Subd. 4. Number plates.** The commissioner, upon such approval and payment, shall also issue to the applicant number plates, decalcomania labels, or stamps bearing an abbreviation of the state name and the number assigned to the aircraft. After being issued for use upon an aircraft no number plate, label, or stamp shall be transferred to another aircraft. Such number plates, labels, or stamps, shall be securely attached in a conspicuous place on the aircraft for which they are issued.

**Subd. 5. Commissioner to approve.** The commissioner shall approve applica-

tions and issue number plates for any aircraft. When an applicant is listing the same aircraft for taxation and registration for the second and succeeding time the registration certificate issued for the prior year need not be delivered to the commissioner; but in case of a transfer or sale the registration certificate therefor issued or proof of loss thereof by sworn statement shall be delivered to the commissioner, and he shall satisfy himself from his records that all taxes and fees due hereunder shall have been paid, and endorsements upon said certificate or sworn proof of loss in writing signed by the seller and purchaser, shall furnish proof that the applicant for registration is paying or receiving credit for the tax upon the aircraft of which he is the rightful possessor.

**Subd. 6. Expiration of registration certificate.** The registered owner's right to the registration certificate provided for herein and the right to use the number plates issued therewith shall expire upon the termination of ownership of any person in the aircraft for which the same was issued, and in any event at midnight on June 30 of the fiscal year for which the registration certificate was issued.

**Subd. 7. Transfer of ownership.** Upon the transfer of ownership, destruction, theft, dismantling as such, or the permanent removal by the owner thereof from this state of any aircraft registered in accordance with the provisions of this act, the right of the owner of such aircraft to use the registration certificate and number plates assigned such aircraft shall expire, and such certificate and any existing plates shall be, by such owner, forthwith returned with transportation prepaid to the commissioner with a signed notice of the date and manner of termination of ownership, giving the name and post office address, with street and number, if in a city, of the person to whom transferred; provided, however, that whenever the ownership of an aircraft shall be transferred to another who shall forthwith register the same in his name, the commissioner may permit the manual delivery of such plates to the new owner of such aircraft. Whenever any person seeks to become the owner by gift, trade or purchase of any aircraft for which a registration certificate has been theretofore issued under the provisions of sections 360.511 to 360.67, he shall join with the registered owner in transmitting with his application the said registration certificate with the assignment and notice of sale duly executed upon the reverse side thereof, or in case of loss of such certificate, with such proof of loss by sworn statements in writing as shall be satisfactory to the commissioner. Upon the transfer of any aircraft by a manufacturer or dealer, for use within the state, whether by sale, lease or otherwise, such manufacturer or dealer shall transmit the transferee's application for registration thereof and such manufacturer or dealer shall each month file with the commissioner a notice or report containing the date of such transfer, a description of such aircraft, and the name, street and number of residence, if in a city, and post office address of the transferee.

**Subd. 8. Amendment, suspension, modification, revocation.** All registrations and issue of number plates shall be subject to amendment, suspension, modification or revocation by the commissioner summarily for any violation of or neglect to comply with the provisions of this act. In any case where the proper registration of an aircraft is dependent upon procuring information entailing such delay as to unreasonably deprive the owner of the use of his aircraft, the commissioner may issue a tax receipt and plates conditionally. In any case when the commissioner for cause has revoked a registration, he shall have authority to demand the return of the number plates and registration certificate, and, if necessary, to seize the number plates issued for such registration.

**Subd. 9. Defacement or destruction of number plates.** In the event of the defacement, loss or destruction of any number plates the commissioner upon receiving and filing a sworn statement of the aircraft owner, setting forth the circumstances of the defacement, loss, destruction or theft of the number plates, together with any defaced plates and the payment of the fee of \$1 shall issue a new set of plates especially designed for that purpose. The commissioner shall then note on his records the issue of such new number plates and shall proceed in such manner as he may deem advisable to cancel and call in the original plates so as to insure against their use on another aircraft. Duplicate registration certificates plainly marked as duplicates may be issued in like cases upon the payment of a 25 cent fee.

**360.60 DAMAGED AIRCRAFT; REGISTRATION REQUIREMENTS; ISSUANCE OF CERTIFICATE; FAILURE TO REGISTER; PENALTY.**

Subdivision 1. Every aircraft not exempted by sections 360.54 and 360.55 shall be registered as required by this act whether or not said aircraft is being used in the air space overlying the state of Minnesota or on the airports thereof. Aircraft which have become damaged, are unairworthy and not in flying condition and which have not in fact used the air space overlying the state of Minnesota or the airports thereof during the period January 1, 1966, to and including June 30, 1967, or during any fiscal year thereafter, shall not be subject to the tax provided by this act for such tax periods provided the owner of such aircraft shall with his application for registration file with the commissioner a verified statement describing the aircraft, its condition, and the reason for such aircraft not being in operating condition, and furnish such other information as may be necessary for the commissioner to determine that the aircraft is not in fact using the air space overlying the state of Minnesota or the airports thereof. Upon receipt of such application together with the statement required herein, the commissioner shall issue to such owner a certificate which shall state thereon that the tax has not been paid and that the aircraft shall not use the air space overlying the state of Minnesota or the airports thereof until the tax required by this act has been paid.

Subd. 2. Every aircraft owner who fails or neglects to register his aircraft as required by this act shall be guilty of a misdemeanor.

[1945 c 411 s 10; 1949 c 161 s 10, 11; 1965 c 161 s 12]

**360.61 DUE DATE OF TAX; PENALTY.** Subdivision 1. **First registration.** The tax required under sections 360.54 to 360.67 to be paid upon an aircraft is due as soon as such aircraft first uses the air space overlying the state of Minnesota or the airports thereof, in accordance with section 360.54, and shall become delinquent upon the expiration of 20 days thereafter, unless paid.

Subd. 2. **Renewal registration.** The tax for that period January 1, 1966, to and including June 30, 1967, and for each fiscal year thereafter, shall be due and payable July 1, and shall become delinquent upon the expiration of ten days thereafter unless paid.

Subd. 3. **Penalties.** Every owner or person charged with the duty to register an aircraft or pay any tax payable under the provisions of sections 360.511 to 360.67 who fails or delays to register such aircraft and pay such tax as required by the provisions of this act shall pay to the commissioner as an added fee for failure or delay in registering and paying the tax a penalty fee of \$2.50 for the first calendar month or any part thereof in which such failure or delay continues, plus a monthly penalty of five percent of the tax due and payable for the tax period for which the penalty is charged, such monthly penalty to be paid for the second calendar month or any part thereof and for each additional month thereafter or any part thereof in which such failure or delay continues; but in no event shall such total added fees and penalties for such failure or such delay exceed the sum of \$200 for the tax period for which the added fee or penalty is charged. When the last day for payment without penalty of any taxes shall fall upon Sunday or any legal holiday, such taxes may be paid without such penalty on the next succeeding business day.

[1945 c 411 s 11; 1957 c 146 s 1; 1963 c 97 s 1; 1963 c 112 s 1; 1965 c 161 s 13]

**360.62 REFUND OF TAX.** Except as provided herein the tax upon any aircraft which has been paid for any year, shall be refunded only for errors made in computing the tax or fees or for the error on the part of an owner who may in error have registered an aircraft that was not before, nor at the time of such registration, nor at any time thereafter during the tax period, subject to such tax in this state, provided that after more than 24 months after such tax was paid no refund shall be made for any tax paid on any aircraft. Refunds as provided by sections 360.511 to 360.67 shall be made in the manner provided by Laws 1947, Chapter 416. The former owner of a transferred aircraft by an assignment in writing endorsed upon his registration certificate and delivered to the commissioner within the time provided herein may sell and assign to the new owner thereof the right to have the tax paid by him accredited to such new owner who duly registers such aircraft. Any owner whose aircraft shall be destroyed or permanently removed from the state shall be entitled to a refund for the unused portion of the tax paid upon the aircraft so destroyed or removed from the state, such refund to be computed pro rata by the month, and to be equal to the monthly tax rate multiplied by

the number of full calendar months remaining in the fiscal year, or multiplied by the number of full calendar months remaining in that period between January 1, 1966, to and including June 30, 1967, whichever period is applicable.

In order to secure such refund, the aircraft owner shall submit a verified statement that such aircraft has either been sold out-of-state or destroyed, the date of such sale or destruction and such other information as the commissioner may require. No refund shall be made if application is not made within 12 months after the date the aircraft was sold out-of-state or destroyed.

**360.63 DEALERS LICENSE.** Subdivision 1. Any person engaged in the business of selling, purchasing, or dealing in aircraft, new or used, and who desires to withhold aircraft owned by him from tax as provided in sections 360.511 to 360.67, may apply to the commissioner for an aircraft dealer's license. In order to qualify for an aircraft dealer's license the applicant shall show that he has an established place of business on an airport licensed as a public airport by the commissioner and that he has the necessary buildings, facilities and equipment for the proper storage and maintenance of aircraft in accordance with such rules and regulations as may be established by the commissioner. The commissioner may charge a fee of \$10 for each license which license shall be effective for one year from the date of its issuance or he may authorize an aircraft dealer to operate under a flight operator's license as otherwise provided by Minnesota Statutes 1945, Chapter 36C as amended. The commissioner is empowered to suspend or revoke any license issued by him when he shall determine that the holder thereof has violated any of the provisions of sections 360.511 to 360.67 or has failed to maintain any of the requirements necessary to obtain such license.

Subd. 2. Any licensed aircraft dealer may apply to the commissioner for one or more aircraft dealers plates. A charge of \$5 shall be made for each such plate. Any aircraft owned by said dealer may be used for the purpose of demonstration or for any purpose incident to the usual conduct and operation of his business as an aircraft dealer provided aircraft dealers plates are conspicuously attached to the aircraft when so used, and provided said aircraft has been first listed with the commissioner on an aircraft withholding form provided by him.

#### JOINTLY OWNED AIRPORTS

**360.68 AIRPORTS JOINTLY OWNED BY MUNICIPALITIES.** Any city of the second, third or fourth class, village or county which now or hereafter owns a public airport licensed as such by the Minnesota Department of Aeronautics or any city of such class and a county acting jointly in the ownership of a public airport so licensed may issue and sell revenue certificates to provide the money for the construction or purchase of hangars, repair shops and other buildings on the airport site designed for the repair, reconstruction, servicing and storage of aeroplanes when authorized to do so by an ordinance or resolution adopted by a vote of sixty per cent of the members of the governing body of the municipality and in the case of joint ownership of a public airport by a city and county then by an ordinance or resolution adopted by a vote of 60 percent of the governing body of each. At or before the time that any such revenue certificates are issued the governing body or bodies as the case may be shall by ordinance or resolution establish an airport building revenue certificate fund into which the proceeds from the sale of such certificates shall be placed and any revenue certificates issued under the provisions of sections 360.68 to 360.73 shall be payable solely from and constitute an obligation only of such fund and shall not constitute an indebtedness of the issuing city, village or county under any applicable law or charter provision, but shall confer on the holder all other rights of a holder of a negotiable instrument. In any case where a municipality has a commission or board or where a county and city have entered into an agreement for joint ownership and maintenance of a public airport and have created a commission or board having any control over the public airport where such hangar, shop or other building is to be erected, no airport building revenue certificate fund shall be established and no revenue certificates issued under sections 360.68 to 360.73 unless such commission or board shall also by resolution adopted by a vote of three-fourths of the membership of such commission or board also approve such establishment and issuance.

[1949 c 590 s 1]

**360.69 INSURANCE.** Any hangar, shop or other building constructed or purchased with funds received from the sale of such revenue certificates shall be kept insured against loss by fire and windstorm in stock insurance companies licensed to write insurance in Minnesota to the amount of the outstanding revenue certificates if such amount is obtainable and if not obtainable then to the full amount obtainable. The premiums for such insurance and the cost of repairing and maintaining such hangar, shop and other building may be paid from such fund and such fund shall be used to pay the interest on and the principal of such airport building revenue certificates and for no other purpose. In case of loss covered by such insurance the proceeds received from insurers named in the policies shall be paid into the airport building revenue certificate fund and may be used either to rebuild the building destroyed or to repair the same or to pay and retire such certificates and for no other purpose as long as there are any unpaid certificates.

[1949 c 590 s 2]

**360.70 RENTALS.** All rentals received for the use of such hangar, shop or other building and all earnings realized by the municipality or municipality and county as the case may be by reason of operations carried on in such hangar, shop or other building shall be paid into the airport building revenue fund. In determining earnings realized no deduction shall be made by reason of the salary paid to the manager of the airport and no airport maintenance or operational expense shall be deducted from the income received from operations carried on in such

hangar, shop or other building. In addition all net income realized by the municipality or the municipality and the county from the business of selling aviation gasoline and oil at the airport and all gross income received by reason of granting to others the right to sell aviation gasoline and oil to the public at the airport shall be paid into the airport building revenue fund as long as there are any revenue certificates unpaid.

[1949 c 590 s 3]

**360.71 REVENUE CERTIFICATES.** Such revenue certificates shall bear such date, mature at such times, bear such rates of interest not exceeding five per cent per annum and be sold at such times and under such terms as the governing body or governing bodies as the case may be may deem to be for the best interests of the municipality. Such certificates shall not be sold for less than face value. The total face amount unpaid and outstanding shall not exceed at any time \$3 for each person residing in the municipality or \$3 for each person residing in the county in the case of joint ownership by a city and county all according to the last official census.

[1949 c 590 s 4]

**360.72 REFUND CERTIFICATES.** After such revenue certificates are issued, the governing body shall have power to issue refunding revenue certificates when the funds on hand in such airport building revenue certificate fund are not sufficient to meet any maturing revenue certificates or interest or to refund such revenue certificates at their optional or callable dates where such certificates when issued are made optional or callable at some time prior to their maturity date. The issuance of such refunding revenue certificates shall be authorized by a resolution of the governing body or governing bodies and shall constitute the same charge or lien on the airport building revenue fund as did the certificates refunded.

[1949 c 590 s 5]

**360.73 CHARTER NOT TO AFFECT.** No provision of any existing law or special or home rule charter shall be deemed or construed to impair, curtail or limit in amount, form or manner the power to authorize and issue revenue certificates as herein provided and the revenue certificates herein authorized shall not be included in computing the net indebtedness of such municipality or county under any applicable law or charter.

[1949 c 590 s 6]

## REGULATION OF STRUCTURE HEIGHTS

**360.81 PURPOSE.** The safety, welfare, and protection of persons and property in the air and on the ground and of the maintenance of electronic communications within this state require that the navigable airspace overlying the state and the approaches to and the air traffic pattern area of any public airport in this state be maintained in a reasonably unobstructed condition for the safe flight of aircraft. To that end, the location, height, and identification of structures and the use of land thereto related, are regulated.

[1959 c 387 s 1]

**360.82 DEFINITIONS.** As used in sections 360.81 to 360.91, unless the context otherwise requires:

"Permit" means a permit issued by the commissioner of aeronautics under the provisions of sections 360.81 to 360.91.

"Airport reference point" is a point selected and marked at the approximate geographic center of the airport landing area.

"Public airport" means any area of land which is either licensed as a public use airport by the commissioner of aeronautics or is operated by a metropolitan airports commission as a public use airport.

[1959 c 387 s 2]

**360.83 PERMITS, NECESSITY.** Subdivision 1. Until a permit therefor has been issued by the commissioner, no person shall erect, or add to the height of any structure at any place in this state which will result in a structure extending more than 500 feet above the highest point of land within a one-mile radius from the structure, except when allowed under subdivisions 2 or 3 of this section.

Subd. 2. In territory surrounding public airports for which zoning regulations have not been adopted pursuant to Minnesota Statutes, Sections 360.061 to 360.074, no person may erect, or add to the height of any structure which will result in an

obstruction to air navigation as defined by rules of the commissioner of aeronautics, until a permit therefor has been issued by the commissioner. In accordance with Minnesota Statutes, Section 360.015, Subdivision 4, these rules of the commissioner must be kept in conformity with federal legislation and federal rules and standards. The commissioner may designate the airport reference point for all airports affected by this subdivision.

Subd. 3. In territory for which zoning regulations have been adopted pursuant to Minnesota Statutes, Sections 360.061 to 360.074, no permit from the commissioner is required. Regulations effective on the effective date of Laws 1959, Chapter 387, or which become effective subsequent to that date shall control the erection, addition to the height of, or replacement of a structure. No person may erect, add to the height of, or replace any structure except as allowed by those zoning regulations.

Subd. 4. Under subdivisions 1 and 2 of this section, the commissioner may issue a permit for a structure which will be located with respect to natural formations or other objects of a permanent character so that no material increase in the aeronautical hazard results therefrom. He shall issue permits where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the rules and Minnesota Statutes, Sections 360.011 to 360.074.

Subd. 5. No permit is required for structures existing or authorized by an agency of the federal government prior to the effective date of Laws 1959, Chapter 387. No change in the rules of the commissioner and no relocation or alteration of an airport imposes a new restriction on any structure existing or authorized by an agency of the federal government at the time of the change, relocation or alteration.

[1959 c 387 s 3]

**360.84 HEIGHT LIMITATIONS; EXCEPTIONS.** No permit shall be issued to erect, or add to the height of any structure which will extend more than 1000 feet above the highest point of land within a one-mile radius from the location of the structure, except as hereinafter provided, or shall any person erect, or add to the height of any structure for which a permit is required that exceeds the height allowed by the permit.

The commissioner may issue a permit to erect or add to a structure which will extend to a height of more than 1000 feet above the highest point of land within a one-mile radius from the location of the structure proposed to be erected or added to if such proposed structure will not be higher than 50 feet above the height of the highest structure in existence on the effective date of Laws 1959, Chapter 387 which is within a distance of one mile from the location of the structure proposed to be erected or added to.

Sections 360.81 to 360.91 do not apply to a structure for which an erection permit is required by the federal government.

[1959 c 387 s 4]

**360.85 INTEREST OF APPLICANT FOR PERMIT.** It is not necessary that ownership of, option for, or other possessory right to a specific location site be held by the applicant before application for a permit is filed with the commissioner but any permit granted by the commissioner shall, among other things, state the specific location and also the maximum height allowed for the structure.

[1959 c 387 s 5]

**360.86 VISUAL OR AURAL IDENTIFICATION.** Every permit granted shall also specify what, if any, obstruction markers, markings, lighting, or other visual or aural identification shall be installed on or in the vicinity of the structure. Such identification characteristics required shall conform to federal laws and regulations where applicable; however, a higher standard of identification may be required under sections 360.81 to 360.91.

[1959 c 387 s 6]

**360.87 INVESTIGATION; DETERMINATION; NOTICE; HEARING.** Upon receiving an application for a permit the commissioner shall make such investigation as may be necessary to process the application properly under sections 360.81 to 360.91.

If, upon such investigation, the commissioner determines that a permit should

not be issued or that the height or location should be other than as applied for, the commissioner shall thereupon notify the applicant in writing of his determination. Such notification may be served by delivering it personally to the applicant or by sending it first class mail to the applicant at the address specified in the application. Such determination shall become final 20 days after notification thereof is served unless the applicant, within such 20-day period, requests in writing that a hearing be held before the commissioner with reference to the application. All such hearings shall be open to the public. Any person interested may appear and be heard either in person or by counsel and may present such evidence and testimony as may be pertinent.

[1959 c 387 s 7]

**360.88 FAILURE TO FILE FOR PERMIT; COMMISSIONER'S ACTION.**

In any instance where the commissioner learns or has reasonable grounds to believe that any person is erecting or adding to a structure that would be subject to the provisions of sections 360.81 to 360.91 for which an application for a permit has not been filed, he may on his own motion issue an order to such person to appear before him and show cause why an application for a permit to erect or add to the structure need not be obtained. A date for a hearing thereon shall be set out in such order.

[1959 c 387 s 8]

**360.89 ENFORCEMENT.** In addition to any other remedy, the commissioner may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of the provisions of sections 360.81 to 360.91 or of any rules, regulations, or orders of the commissioner issued pursuant thereto. The court may grant such relief, by way of injunction or otherwise, as may be necessary under sections 360.81 to 360.91 and the rules, regulations, and orders of the commissioner issued pursuant thereto.

[1959 c 387 s 9]

**360.90 RULES AND REGULATIONS; FORMS.** The commissioner shall adopt and promulgate, and may from time to time amend or rescind, reasonable rules and regulations for the administration of sections 360.81 to 360.91. The commissioner shall prescribe and furnish forms necessary for the administration of sections 360.81 to 360.91.

[1959 c 387 s 10]

**360.91 VIOLATIONS.** Whoever violates or fails to comply with the provisions of sections 360.81 to 360.91 shall be guilty of a misdemeanor and shall be punished by a fine of not more than \$100 or imprisonment for not more than 90 days, or by both such fine and imprisonment, and each day a violation continues to exist shall constitute a separate offense.

[1959 c 387 s 11]
