CLASSIFICATION OF LAND

282.01 TAX FORFEITED LANDS. Subdivision 1. **Classification; use; exchange.** Except as ownership of particular tracts of land should be held by the state or its subdivisions for a recognized public purpose and public access, it is the general policy of this state to encourage return of tax-forfeited lands to private ownership and the tax rolls through sale, and classification of lands according to this chapter is not in contravention of this general policy. All parcels of land becoming the property of the state in trust under the provisions of any law now existing or hereafter enacted declaring the forfeiture of lands to the state for taxes, shall be classified by the county board of the county wherein such parcels lie as conservation or nonconservation. Such classification shall be made with consideration, among other things, to the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, and their peculiar suitability or desirability for particular uses. Such classification, furthermore, shall aid: to encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; to facilitate reduction of governmental expenditures; to conserve and develop the natural resources; and to foster and develop agriculture and other industries in the districts and places best suited thereto. In making such classification the county board may make use of such data and information as may be made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing information pertinent thereto at the time such classification is made. Such lands may be reclassified from time to time as the county board may deem necessary or desirable, except as to conservation lands held by the state free from any trust in favor of any taxing district. Provided that if any such lands are located within the boundaries of any organized town,

with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale shall first be approved by the town board of such town or the governing body of such municipality insofar as the lands located therein are concerned. Any tax-forfeited lands may be sold by the county board to any organized or incorporated governmental subdivision of the state for any public purpose for which such subdivision is authorized to acquire property or may be released from the trust in favor of the taxing districts upon application of any state agency for any authorized use at not less than their value as determined by the county board. The commissioner of taxation shall have power to convey by deed in the name of the state any tract of tax-forfeited land held in trust in favor of the taxing districts, to any governmental subdivision for any authorized public use, provided that an application therefor shall be submitted to the commissioner with a statement of facts as to the use to be made of such tract and the need therefor and the recommendation of the county board. The deed of conveyance shall be upon a form approved by the attorney general and shall be conditioned upon continued use for the purpose stated in the application, provided, however, that if the governing body of such governmental subdivision by resolution determines that some other public use shall be made of such lands, and such change of use is approved by the county board and an application for such change of use is made to the commissioner, and approved by him, such changed use may be made of such lands without the necessity of the governing body conveying the lands back to the state and securing a new conveyance from the state to the governmental subdivision for such new public use.

Whenever any governmental subdivision to which any tax-forfeited land has been conveyed for a specified public use as provided in this section shall fail to put such land to such use, or to some other authorized public use as provided herein, or shall abandon such use, the governing body of the subdivision shall authorize the proper officers to convey the same, or such portion thereof not required for an authorized public use, to the state of Minnesota, and such officers shall execute a deed of such conveyance forthwith, which conveyance shall be subject to the approval of the commissioner and in form approved by the attorney general, provided, however, that a sale, lease, transfer or other conveyance of such lands by a housing and redevelopment authority as authorized by sections 462.411 to 462.711 shall not be an abandonment of such use and such lands shall not be reconveyed to the state nor shall they revert to the state. No vote of the people shall be required for such conveyance. In case any such land shall not be so conveyed to the state, the commissioner of taxation shall by written instrument, in form approved by the attorney general, declare the same to have reverted to the state, and shall serve a notice thereof, with a copy of the declaration, by registered mail upon the clerk or recorder of the governmental subdivision concerned, provided, that no declaration of reversion shall be made earlier than five years from the date of conveyance for failure to put such land to such use or from the date of abandonment of such use if such lands have been put to such use. The commissioner shall file the original declaration in his office, with verified proof of service as herein required. The governmental subdivision may appeal to the district court of the county in which the land lies by filing with the clerk of court a notice of appeal, specifying the grounds of appeal and the description of the land involved, mailing a copy thereof by registered mail to the commissioner of taxation, and filing a copy thereof for record with the register of deeds or registrar of titles, all within 30 days after the mailing of the notice of reversion. The appeal shall be tried by the court in like manner as a civil action. If no appeal is taken as herein provided, the declaration of reversion shall be final. The commissioner of taxation shall file for record with the register of deeds or registrar of titles, of the county within which the land lies, a certified copy of the declaration of reversion and proof of service.

Any city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, which has acquired tax-forfeited land for a specified public use pursuant to the terms of this section, may convey said land in exchange for other land of substantially equal worth located in said city of the first class, provided that the land conveyed to said city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, in exchange shall be subject to the public use and reversionary provisions of this section; the tax-forfeited land so conveyed shall thereafter be free and discharged from the public use and reversionary provisions of this section, provided

that said exchange shall in no way affect the mineral or mineral rights of the state of Minnesota, if any, in the lands so exchanged.

Subd. 2. Conservation lands under supervision of county board. Lands classified as conservation lands, unless reclassified as non-conservation lands, sold to a governmental subdivision of the state, designated as lands primarily suitable for forest production and sold as hereinafter provided, or released from the trust in favor of the taxing districts, as herein provided, will be held under the supervision of the county board of the county within which such parcels lie.

The county board may, by resolution duly adopted, declare lands classified as conservation lands as primarily suitable for timber production and as lands which should be placed in private ownership for such purposes. If such action be approved by the commissioner of conservation, the lands so designated, or any part thereof, may be sold by the county board in the same manner as provided for the sale of lands classified as non-conservation lands. Such county action and the approval of the commissioner shall be limited to lands lying within areas zoned for restricted uses under the provisions of Laws 1939, Chapter 340, or any amendments thereof.

The county board may, by resolution duly adopted, resolve that certain lands classified as conservation lands shall be devoted to conservation uses and may submit such resolution to the commissioner of conservation. If, upon investigation, the commissioner of conservation determines that the lands covered by such resolution, or any part thereof, can be managed and developed for conservation purposes, he shall make a certificate describing the lands and reciting the acceptance thereof on behalf of the state for such purposes. The commissioner shall transmit the certificate to the county auditor, who shall note the same upon his records and record the same with the register of deeds. The title to all lands so accepted shall be held by the state free from any trust in favor of any and all taxing districts and such lands shall be devoted thereafter to the purposes of forestry, water conservation, flood control, parks, game refuges, controlled game management areas, public shooting grounds, or other public recreational or conservation uses, and managed, controlled, and regulated for such purposes under the jurisdiction of the commissioner of conservation and the divisions of his department. In case the commissioner of conservation shall determine that any tract of land so held by the state and situated within or adjacent to the boundaries of any governmental subdivision of the state is suitable for use by such subdivision for any authorized public purpose, he may convey such tract by deed in the name of the state to such subdivision upon the filing with him of a resolution adopted by a majority vote of all the members of the governing body thereof, stating the purpose for which the land is desired. The deed of conveyance shall be upon a form approved by the attorney general conditioned upon continued use for the purpose stated in the resolution. All proceeds derived from the sale of timber, lease of hay stumpage, or other revenue from such lands under the jurisdiction of the conservation commissioner shall be paid into the general revenue fund of the state. The county auditor, with the approval of the county board, may lease conservation lands remaining under the jurisdiction of the county board and sell timber and hay stumpage thereon in the manner hereinafter provided, and all proceeds derived therefrom shall be distributed in the same manner as provided in section 282.04.

Subd. 3. Sale of non-conservation lands. All such parcels of land classified, as non-conservation, except those which may be reserved, as hereinafter provided, shall be sold at public or private sale, as hereinafter provided, if it shall be determined, by the county board of the county wherein such parcels lie, that it is advisable to do so, having in mind their accessibility, their proximity to existing public improvements, and the effect of their sale and occupancy on the public burdens. Any parcels of land proposed to be sold shall be first appraised by the county board of the county wherein such parcels lie, and such parcels may be reappraised whenever the county board deems it necessary to carry out the intent of sections 282.01 to 282.13. In such appraisal the value of the land and any standing timber thereon shall be separately determined. Before any parcel of land is sold the appraised value of the timber thereon shall first have been approved by the commissioner of conservation.

In any county wherein a state forest or any part thereof is located, the county auditor shall submit to the commissioner of conservation at least 30 days before the first publication of the list of lands to be offered for sale a list of all lands

MINNESOTA STATUTES 1967

2867

TAX-FORFEITED LAND SALES 282.01

included therein which are situated outside of any incorporated municipality. If at any time before the opening of the sale the commissioner notifies the county auditor in writing that he finds standing timber on any parcel of such land, such parcel shall not be sold unless the requirements of this section respecting the separate appraisal of such timber and the approval thereof by the commissioner shall have been complied with. The commissioner may waive the requirement of the aforesaid 30 day notice as to any parcel of land which has been examined and the timber value approved as required by this section.

If any public improvement is made by a municipality after any parcel of land has been forfeited to the state for the non-payment of taxes and such improvement is assessed in whole or in part against the property benefited thereby, the clerk of such municipality shall certify to the county auditor, immediately upon the determination of the assessments for such improvement, the total amount that would have been assessed against such parcel of land if it had been subject to assessment; or if any such public improvement is made, as aforesaid, or is petitioned for, ordered in or assessed, whether such improvement is completed in whole or in part, at any time between the appraisal and the sale of any such parcel of land, the cost of such improvement shall be included as a separate item and added to the appraised value of any such parcel of land at the time it is sold; and no sale of any such parcel of land shall have any effect whatever to discharge or free such parcel of land from lien for the special benefit conferred upon it by reason of such public improvement until the cost thereof, including penalties, if any, shall be paid. The county board shall determine the amount, if any, by which the value of such parcel was enhanced by such improvement and shall include such amount as a separate item in fixing the appraised value for the purpose of sale. In classifying, appraising, and selling such lands, the county board may designate the tracts as assessed and acquired, or may by resolution provide for the subdivision of such tracts into smaller units or for the grouping of several such tracts into one tract when such subdivision or grouping is deemed advantageous for the purpose of sale, but each such smaller tract or larger tract must be classified and appraised as such before being offered for sale. If any such lands have once been classified, the board of county commissioners, in its discretion, may, by resolution, authorize the sale of such smaller tract or larger tract without reclassification.

Subd. 4. Conduct of sale. Such sale shall be conducted by the county auditor at the county seat of the county in which such parcels lie, and such parcels shall be sold for cash only and at not less than the appraised value, unless the county board of the county shall have adopted a resolution providing for their sale on terms, in which event such resolution shall control with respect thereto. When the sale is made on terms other than for cash only a payment of at least ten percent of the purchase price must be made at the time of purchase, thereupon the balance shall be paid in not to exceed ten equal annual instalments. No standing timber or timber products shall be removed from these lands until an amount equal to the appraised value of all such timber or timber products as may have been standing on such lands at the time of purchase has been paid by the purchaser; provided, that in case any parcel of land bearing standing timber or timber products is sold at public auction for more than the appraised value, the amount bid in excess of the appraised value shall be allocated between the land and the timber in proportion to the respective appraised values thereof, and no standing timber or timber products shall be removed from such land until the amount of such excess bid allocated to timber or timber products shall have been paid in addition to the appraised value thereof. When sales are made on such terms the interest rate on the unpaid portion shall be four percent per annum. The purchaser at such sale shall be entitled to immediate possession, subject to the provisions of any existing valid lease made in behalf of the state.

Subd. 5. Sale on terms, certificate. When sales hereafter are made on terms the purchaser shall receive a certificate from the county auditor in such form, consistent with the provisions of sections 282.01 to 282.13 and setting forth the terms of sale, as may be prescribed by the attorney general. Failure of the purchaser or any person claiming under him, to pay any of the deferred instalments with interest, or the current taxes, or to comply with any conditions that may have been stipulated in the notice of sale or in the auditor's certificate herein provided for, shall constitute default; and the state may, by order of the county board, during the continuance of such default, without notice, declare such certificate can-

celed and take possession of such lands and may thereafter resell or lease the same in the same manner and under the same rules as other lands forfeited to the state for taxes are sold or leased. When the county board shall have adopted a resolution ordering the cancelation of such certificate or certificates the cancelation shall be deemed complete and a reentry shall be deemed to have been made on the part of the state without any other act or deed, and without any right of redemption by the purchaser or any one claiming under him; and the original purchaser in default or any person claiming under him, who shall remain in possession or enter thereon shall be deemed a willful trespasser and shall be punished as such.

When the cancelation of such certificate has been completed the county auditor shall cancel all taxes and tax liens, delinquent and current, and special assessments, delinquent or otherwise, imposed upon the lands described in the certificate after the issuance thereof by him.

Subd. 6. Duties of commissioner of taxation; issuance of conveyance. When any sale has been made by the county auditor under sections 282.01 to 282.13, he shall immediately certify to the commissioner of taxation such information relating to such sale, on such forms as the commissioner of taxation may prescribe as will enable the commissioner of taxation to prepare an appropriate deed if the sale is for cash, or keep his necessary records if the sale is on terms; and not later than October 31 of each year the county auditor shall submit to the commissioner of taxation a statement of all instances wherein any payment of principal, interest, or current taxes on lands held under certificate, due or to be paid during the preceding calendar years, are still outstanding at the time such certificate is made. When such statement shows that a purchaser or his assignee is in default, the commissioner of taxation may instruct the county board of the county in which the land is located to cancel said certificate of sale in the manner provided by subdivision 5, provided that upon recommendation of the county board, and where the circumstances are such that the commissioner of taxation after investigation is satisfied that the purchaser has made every effort reasonable to make payment of both the annual instalment and said taxes, and that there has been no wilful neglect on the part of the purchaser in meeting these obligations, then the commissioner of taxation may extend the time for the payment for such period as he may deem warranted, not to exceed one year. On payment in full of the purchase price, appropriate conveyance in fee, in such form as may be prescribed by the attorney general, shall be issued by the commissioner of taxation, which conveyance shall have the force and effect of a patent from the state subject to easements and restrictions of record at the date of the tax judgment sale, including, but without limitation, permits for telephone, telegraph, and electric power lines either by underground cable or conduit or otherwise, sewer and water lines, highways, railroads, and pipe lines for gas, liquids, or solids in suspension.

Subd. 7. Sales, when commenced, how land offered for sale. The sale herein provided for shall commence at such time as the county board of the county wherein such parcels lie, shall direct. The county auditor shall offer the parcels of land in order in which they appear in the notice of sale, and shall sell them to the highest bidder, but not for a less sum than the appraised value, until all of the parcels of land shall have been offered, and thereafter he shall sell any remaining parcels to anyone offering to pay the appraised value thereof. Said sale shall continue until all such parcels are sold or until the county board shall order a re-appraisal or shall withdraw any or all such parcels from sale. Such list of lands may be added to and the added lands may be sold at any time by publishing the descriptions and appraised values of such parcels of land as shall have become forfeited and classified as non-conservation since the commencement of any prior sale or such parcels as shall have been reappraised, or such parcels as shall have been reclassified as non-conservation or such other parcels as are subject to sale but were omitted from the existing list for any reason in the same manner as hereinafter provided for the publication of the original list, provided that any parcels added to such list shall first be offered for sale to the highest bidder before they are sold at appraised value. All parcels of land not offered for immediate sale, as well as parcels of such lands as are offered and not immediately sold shall continue to be held in trust by the state for the taxing districts interested in each of said parcels, under the supervision of the county board, and such parcels may be used for public purposes until sold, as the county board may direct.

TAX-FORFEITED LAND SALES 282.011

Subd. 8. **Minerals in tax-forfeited land designated as mining unit or subject to mining permit or lease; procedures.** In case the commissioner of conservation shall notify the county auditor of any county in writing that the minerals in any tax-forfeited land in such county have been designated as a mining unit as provided by law, or that such minerals are subject to a mining permit or lease issued therefor as provided by law, the surface of such tax-forfeited land shall be subject to disposal and use for mining purposes pursuant to such designation, permit, or lease, and shall be withheld from sale or lease by the county auditor until the commissioner shall notify the county auditor that such land has been removed from the list of mining units or that any mining permit or lease theretofore issued thereon is no longer in force; provided, that the surface of such tax-forfeited land may be leased by the county auditor as provided by law, with the written approval of the commissioner, subject to disposal and use for mining purposes as herein provided and to any special conditions relating thereto that the commissioner may prescribe, also subject to cancelation for mining purposes on three months written notice from the commissioner to the county auditor.

Subd. 9. **Tax-forfeited lands, sale of.** Where a sale of tax-forfeited land under Mason's Supplement 1940, section 2139-15, was made prior to December 31, 1942, without first having the appraised value of the timber thereon approved by the commissioner of conservation as therein provided, such sale may be ratified by the commissioner of taxation in the manner herein provided, if prior to the making of application therefor the entire purchase price of said tax-forfeited land has been paid.

Subd. 10. **Ratification of sale by county bonds.** The purchaser at such sale or the county auditor of the county in which said land is located shall file an application for the ratification of the sale with the board of county commissioners of said county, submitting therewith a statement of the facts of the case and satisfactory proof that the purchase price of such land at the sale has been paid in full. Such application shall be considered by the county board and shall thereafter be submitted by it to the commissioner of taxation with the recommendation of the county board and of the county auditor in all cases wherein he is not the applicant. The commissioner of taxation shall consider said application and if he determines that the conditions above referred to exist he shall make his order ratifying the sale of said tax-forfeited land and transmit a copy thereof to the county auditor of the county in which said tax-forfeited land is located. If any such sale be ratified by the commissioner of taxation, it shall not thereafter be subject to attack for failure to have the timber appraisal approved before the sale. If no conveyance by the state has theretofore been made, the county auditor, upon receipt of said order, shall request the issuance of an appropriate conveyance as provided for in said section 2139-15. If a conveyance has been made by the state of said land pursuant to said section 2139-15, said conveyance shall not thereafter be subject to attack on account of the failure to have the timber appraisal approved before the sale.

Subd. 11. **Pending actions not affected.** The provisions of subdivisions 9 through 11 shall not apply so as to prejudice the rights of any person in any action or proceeding heretofore commenced to the sale in any court of this state.

282.011 NON-AGRICULTURAL LANDS, CLASSIFICATION; SALE, CONDITIONS. Subdivision 1. Any lands which have become the absolute property of the state through forfeiture for non-payment of taxes and which have been classified by the county board as conservation lands under the provisions of Minnesota Statutes 1945, Section 282.01, or have been classified as non-agricultural lands under the provisions of Minnesota Statutes 1945, Section 282.14, or any such lands which shall hereafter be so classified, may be designated by the county board of the county in which such lands lie, by resolution duly adopted, as appropriate and primarily suitable for either specific conservation purposes or for auxiliary forest lands. Any resolution so adopted, together with a list of the lands involved shall be forwarded to the commissioner of conservation who shall promptly approve or disapprove the whole or any part thereof. He shall thereupon make his certificate showing the lands approved, transmit the same to the county auditor who shall note the same upon his records. Lands so designated and so approved shall thereupon be appraised

and the whole, or any part thereof, may be offered for sale and sold in the same manner as provided for the sale of lands classified as non-conservation lands under Minnesota Statutes 1945, Section 282.01, or as agricultural lands under Minnesota Statutes 1945, Section 282.14, as the case may be, according to the status of such lands upon forfeiture. The right to a deed of conveyance to such property accorded the purchaser at any such sale shall be conditioned upon the lands being placed in an auxiliary forest or used for designated conservation purposes as designated by the resolution of the county board.

Subd. 2. The condition as to the placing of land into an auxiliary forest or for use for designated conservation purposes shall be a condition precedent. Any deed of conveyance of lands so placed shall be upon a form approved by the attorney general but such conveyance shall not be a fee determinable nor contain any conditions therein other than a reservation of the minerals and mineral rights to the state for its own use, or in trust for the appropriate taxing district as the case may be, according to the status of the land upon forfeiture. The land so placed, however, shall be subject to the requirements for withdrawal of lands from an auxiliary forest contained in Minnesota Statutes, Section 88.49, Subdivision 9. The procedure contained in that section shall also be applicable, so far as possible, to lands designated for conservation purposes other than an auxiliary forest.

Subd. 3. The commissioner of taxation shall, if requested by the purchaser or the county attorney of the county where all or a portion of the land is situated, deliver the deed to the county attorney for use by him under Minnesota Statutes, Section 88.48, Subdivision 5, but such delivery shall not be considered delivery to the purchaser. The county attorney shall be instructed in the transferral of the deed to him that said deed shall not be delivered to the purchaser unless the land involved is accepted as and placed into an auxiliary forest.

Subd. 4. All deeds executed and delivered by the state pursuant to this section before the effective date of Laws 1955, Chapter 389, containing conditions subsequent or conveying determinable fees, shall at the request of the purchaser, be returned to the commissioner who is herewith empowered to issue a new deed pursuant to subdivision 2.

[1947 c 496 s 1; 1955 c 389 s 1]

282.012 PRIOR OWNER MAY PURCHASE; CONDITIONS. At any time not less than one week prior to the date of such sale, the person who was the owner of any included parcel at the time when it forfeited to the state for non-payment of taxes or his heirs, successors or assigns or any person to whom the right to pay taxes on such lands was given by statute, mortgage or other agreement, may purchase such parcel at the appraised value thereof, his title and right to be conditioned upon the primary use as designated by the resolution of the county board. The right of such purchaser to purchase shall be evidenced by his duly verified written application showing his qualifications as hereinabove prescribed and filed with the county auditor.

[1947 c 496 s 2]

282.013 PLACED IN AUXILIARY FOREST BY PURCHASER. Any purchaser under the provisions of sections 282.012 or 282.013 of lands sold upon condition that they be placed in an auxiliary forest shall furnish the county board, within six months from the date of purchase, satisfactory proof that he has complied with the provisions of Minnesota Statutes 1945, Section 88.48, pertaining to auxiliary forests, and that his application thereunder, including such lands, has been finally approved, provided that such 6-month period may be extended by resolution of the county board for good cause shown for an additional 6-month period. If such proof is not so furnished, the sale shall be deemed canceled and the purchase price or portion thereof paid shall be refunded.

[1947 c 496 s 3]

282.014 COMPLETION OF SALE AND CONVEYANCE. Upon compliance by the purchaser with the provisions of sections 282.011 to 282.015 and with the terms and conditions of the sale, and upon full payment for the land, the sale shall be complete and a conveyance of the land shall be issued to the purchaser as provided by the appropriate statutes according to the status of the land upon forfeiture.

[1947 c 496 s 4]

282.015 PROCEEDS OF SALE. The proceeds of each such sale shall be

disposed of as provided in the case of sales of other lands becoming the property of the state in the same manner as the lands sold hereunder.

Such application shall be made by filing a verified claim with the county board and not more than one such application shall be filed on each contract. Upon allowance of the claim in whole or in part any credit allowed shall first be applied on any balance outstanding on the purchase contract and on taxes due on the property covered thereby. 282.04 TIMBER SALE; TAX-FORFEITED LANDS, LEASE, PARTITION, EASEMENTS. Subdivision 1. **Timber sold for cash.** The county auditor may sell dead, down and mature timber upon any tract that may be approved by the conservation commissioner. Such sale of timber products shall be made for cash at not less than the appraised value determined by the county board to the highest bidder after not less than one week's published notice in an official paper within the county. Any timber offered at such public sale and not sold may thereafter be sold at private sale by the county auditor at not less than the appraised value thereof, until such time as the county board may withdraw such timber from sale. The appraised value of the timber and the forestry practices to be followed in the cutting of said timber shall be approved by the commissioner of conservation. Payment of the full sale price of all timber sold on tax forfeited lands shall be made in cash at the time of the timber sale. The county board may require final settlement on the basis of a scale of cut products. Any parcels of land from which timber is to be sold by scale of cut products shall be so designated in the published notice of sale above mentioned, in which case the notice shall contain a description of such parcels, a statement of the estimated quantity of each species of timber thereon and the appraised price of each specie of timber for 1,000 feet, per cord or per piece, as the case may be. In such cases any bids offered over and above the appraised prices shall be by percentage, the percent bid to be added to the appraised price of each of the different species of timber advertised on the land. The purchaser of timber from such parcels shall pay in cash at the time of sale at the rate bid for all of the timber shown in the notice of sale as estimated to be standing on the land, and in addition shall pay at the same rate for any additional amounts which the final scale shows to have been cut or was available for cutting on the land at the time of sale under the terms of such sale. Where the final scale of cut products shows that less timber was cut or was available for cutting under terms of such sale than was originally paid for, the excess payment shall be refunded from the forfeited tax sale fund upon the claim of the purchaser, to be audited and allowed by the county board as in case of other claims against the county. No timber, except hardwood pulpwood, may be removed from such parcels of land or other designated landings until scaled by a person or persons designated by the county board and approved by the commissioner of conservation. Landings other than the parcel of land from which timber is cut may be designated for scaling by the county board by written agreement with the purchaser of the timber. The county board may, by written agreement with the purchaser and with a consumer designated by him when the timber is sold by the county auditor, and with the approval of the commissioner of conservation, accept the consumer's scale of cut products delivered at the consumer's landing. No timber shall be removed until fully paid for in cash. Small amounts of green standing, dead, down, dying, insect infested or diseased timber not exceeding \$500 in appraised valuation may be sold for not less than the full appraised value at private sale to individual persons without first publishing notice of sale or calling for bids, provided that in case of such sale involving a total appraised value of more than \$100 the sale shall be made subject to final settlement on the basis of a scale of cut products in the manner above provided and not more than one such sale, directly or indirectly to any individual shall be in effect at one time. As directed by the county board, the county auditor may lease tax forfeited land to individuals, corporations or organized subdivisions of the state at public or private vendue, and at such prices and under such terms as the county board may prescribe, for use as cottage and camp sites and for agricultural purposes and for the purpose of taking and removing of hay, stumpage, sand, gravel, clay, rock,

marl, and black dirt therefrom, and for garden sites and other temporary uses provided that no leases shall be for a period to exceed ten years; provided, further that any leases involving a consideration of more than \$50 per year, except to an organized subdivision of the state shall first be offered at public sale in the manner provided herein for sale of timber. Upon the sale of any such leased land, it shall remain subject to the lease for not to exceed one year from the beginning of the term of the lease. Any rent paid by the lessee for the portion of the term cut off by such cancellation shall be refunded from the forfeited tax sale fund upon the claim of the lessee, to be audited and allowed by the county board as in case of other claims against the county. The county auditor, with the approval of the county board is authorized to grant permits, licenses, and leases to tax forfeited lands for the depositing of stripping, lean ores, tailings, or waste products from mines or ore milling plants, upon such conditions and for such consideration and for such period of time, not exceeding 15 years, as the county board may determine; said permits, licenses, or leases to be subject to approval by the commissioner of conservation. Any person who removes any timber from tax forfeited land before said timber has been scaled and fully paid for as provided in this subdivision is guilty of a misdemeanor. The county auditor may, with the approval of the county board and the commissioner of conservation, and without first offering at public sale, grant leases, for a term not exceeding 25 years, for the removal of peat from tax forfeited lands upon such terms and conditions as the county board may prescribe.

Provided, however, that no lease for the removal of peat shall be made by the county auditor pursuant to this section without first holding a public hearing on his intention to lease. One printed notice in a legal newspaper in the county at least ten days before the hearing, and posted notice in the court house at least 20 days before the hearing shall be given of the hearing.

Subd. 2. Rights before sale. Until after the sale of a parcel of forfeited land the county auditor may, with the approval of the county board of commissioners, provide for the repair and improvement of any building or structure located upon such parcel, if it is determined by the county board that such repairs or improvements are necessary for the operation, use, preservation and safety thereof; and, if so authorized by the county board, the county auditor may insure any such building or structure against loss or damage resulting from fire or windstorm; he may purchase workmen's compensation insurance to insure the county against claims for injury to the persons therein employed by the county; and he may insure the county, its officers and employees against claims for injuries to persons or property because of the management, use or operation of such building or structure. Such county auditor may, with the approval of the county board, provide for the demolition of any such building or structure, which has been determined by the county board to be within the purview of section 73.09, and for the sale of salvaged materials therefrom. The net proceeds from any sale of such salvaged materials, of timber or other products or leases made under this law shall be deposited in the forfeited tax sale fund and shall be distributed in the same manner as if the parcel had been sold.

Such county auditor, with the approval of the county board, may provide for the demolition of any structure or structures on tax-forfeited lands, if in the opinion of the county board, the county auditor, and the land commissioner, if there be one, the sale of such land with such structure or structures thereon, or the continued existence of such structure or structures by reason of age, dilapidated condition or excessive size as compared with nearby structures, will result in a material lessening of assessed values of real estate in the vicinity of such tax-forfeited lands, or if the demolition of such structure or structures will aid in disposing of such tax-forfeited property.

Before the sale of a parcel of forfeited land located in an urban area, the county auditor may with the approval of the county board provide for the grading thereof by filling or the removal of any surplus material therefrom, and where the physical condition of forfeited lands is such that a reasonable grading thereof is necessary for the protection and preservation of the property of any adjoining owner, such adjoining property owner or owners may make application to the county board to have such grading done. If, after considering said application, the county board believes that such grading will enhance the value of such forfeited lands commensurate with the cost involved, it may approve the same and any such work shall

be performed under the supervision of the county or city engineer, as the case may be, and the expense thereof paid from the forfeited tax sale fund.

Subd. 3. Partition. Where an undivided portion of any parcel of land is forfeited to the state for taxes, the owner or owners of the portions of said parcel not forfeited, or the State of Minnesota, may in the manner provided by sections 558.01 to 558.32, maintain an action for the partition of said parcel making the state or other owners as their interests may appear a defendant in the action. If the state is made a defendant in the action, the summons shall be served upon the auditor of the county in which the land is located, and the county attorney shall appear for the state.

Subd. 4. Easements. The county auditor, when and for such price and on such terms and for such period as the county board prescribes, may grant easements or permits on unsold tax-forfeited land for telephone, telegraph, and electric power lines either by underground cable or conduit or otherwise, sewer and water lines, highways, railroads, and pipe lines for gas, liquids, or solids in suspension. Any such easement or permit may be canceled by resolution of the county board after reasonable notice for any substantial breach of its terms or if at any time its continuance will conflict with public use of the land, or any part thereof, on which it is granted. Land affected by any such easement or permit may be sold or leased for mineral or other legal purpose, but sale or lease shall be subject to the easement or permit, and all rights granted by the easement or permit shall be excepted from the conveyance or lease of the land and be reserved, and may be canceled by the county board in the same manner and for the same reasons as it could have been canceled before sale and in that case the rights granted thereby shall vest in the state in trust as the land on which it was granted was held before sale or lease. Any easement or permit granted before passage of Laws 1951, Chapter 203, may be governed thereby if the holder thereof and county board so agree. Reasonable notice as used in this subdivision, means a 90-day written notice addressed to the record owner of the easement at the last known address, and upon cancellation the county board may grant extensions of time to vacate the premises affected.

When the interest of a purchaser of state trust fund land sold under certificate of sale, or of his heirs or assigns or successors in interest, shall by reason of tax delinquency be transferred to the state as provided by law, such interest shall pass to the state free from any trust obligation to any taxing district and free from all special assessments and such land shall become unsold trust fund land.

When, prior to the passage of Laws 1939, Chapter 328, the forfeiture to the state for taxes of any parcel of land heretofore sold pursuant to Laws 1935, Chapter 386, has been invalidated in a proceeding in court, the purchaser from the state, or his assigns, shall be reimbursed out of any money in the forfeited tax sale fund for the amount of the purchase price or the portion thereof actually paid, with interest at four per cent. Application for such reimbursement shall be made to the county auditor of the county where such parcel is located and shall be accompanied by a certified copy of the judgment or decree invalidating such forfeiture and a quitclaim deed from the purchaser, or his assignee, running to the state in trust for its interested taxing districts as grantee. The county auditor shall present the instruments herein referred to, to the county attorney and, after receiving an opinion, in writing, from the county attorney that the applicant is entitled to reimbursements under this section, shall draw an order upon the county treasurer in favor of the applicant for the sum to which the applicant is entitled, which shall be paid by the treasurer out of the moneys in the forfeited tax sale fund. If there are not sufficient moneys in the fund to pay the order, money to care for the deficiency shall be temporarily transferred from the general revenue fund of the county. After such refundment is made any taxes or assessments heretofore canceled shall be reinstated and the amount of taxes and assessments that would have been levied subsequent to the date of the supposed forfeiture shall be assessed and levied against the land as omitted taxes, and the lien of the state for any such taxes or assessments may be enforced as in other cases where taxes are delinquent.

[1939 c. 328 s. 8] (2139-27L)

282.11 APPLICATION. Where, prior to the passage of Laws 1939, Chapter 328, any county has instituted proceedings leading to the sale of tax-forfeited lands pursuant to section 282.01, and has ordered the first publication under section 282.02, and the sale is to commence prior to May 15, 1939, the amendatory provisions of sections 282.01 to 282.13 shall not be construed to prohibit such county from proceeding with such sale, and using a publication, a classification, and an appraisal made pursuant to the law prior to its amendment by sections 282.01 to 282.13.

[1939 c. 328 s. 9] (2139-27m)

282.13 LAND COMMISSIONER; DUTIES; COMPENSATION; LAND EXCHANGES. The county board may appoint a land commissioner and necessary assistants, such land commissioner to perform any or all of the following duties as directed by the county board: to gather data and information on tax-forfeited lands; make land classifications and appraisals of land, timber and other products and uses; enforce trespass laws and regulations; seize and appraise timber and other products and property cut and removed illegally from tax-forfeited lands; assist the county auditor in the sale and rental of forfeited lands and the products thereon; and such other duties concerning tax-forfeited lands as the county board may direct. Such appointment shall be for such time as the county board may determine. The compensation of said land commissioner and assistants shall be fixed by the county board and their salaries and expenses shall be paid from the

forfeited tax sale fund, except that in counties having more than 300,000 and less than 450,000 inhabitants if an officer or employee of a city of the first class situated therein is appointed he shall receive no additional compensation therefor. Any funds required by the commissioner of taxation for the purpose of cancellation of contracts, as provided in section 282.01, shall be paid by the county auditor upon the written order of the commissioner of taxation from moneys then available in the fund. When tax-forfeited lands have been acquired by a city of the first class for municipal purposes, and a privately-owned lot lies between such tax-forfeited land, and it is in the interest of the municipality that such privately-owned lot be acquired for the same municipal use to which the tax-forfeited lands have been devoted, such city of the first class may exchange on such basis as may be approved by the governing body thereof, a portion of the tax-forfeited lands acquired by the municipality for the privately-owned lot, and the officers of such municipality are hereby authorized to execute deeds to carry out such purpose.

The county auditor shall report any such default to the commissioner of conservation on or before June 30th of each year.

282.23 SALE OF CERTAIN LANDS FORFEITED FOR TAXES IN 1926 AND 1927. In every case where the owner of a tract of land forfeited to the state for taxes for 1926 or 1927 has transferred, or shall hereafter transfer, to the state or to any municipal subdivision thereof all his right, title, and interest in such tract of land, the same shall be subject to sale in the usual manner provided by law for the sale of land acquired by the state for taxes.

[1937 c. 272 s. 1] (2232-2)

282.241 REPURCHASE AFTER FORFEITURE FOR TAXES. The owner at the time of forfeiture or his heirs, devisees, or representatives, or any person to whom the right to pay taxes was given by statute, mortgage, or other agreement, may repurchase any parcel of land claimed by the state to be forfeited to the state for taxes unless prior to the time repurchase is made such parcel shall have been sold under installment payments, or otherwise, by the state as provided by law, or is under mineral prospecting permit or lease, or proceedings have been commenced by the state or any of its political subdivisions or by the United States to condemn such parcel of land. Said parcel of land may be repurchased for a sum equal to the aggregate of all delinquent taxes and assessments computed as provided by section 282.251, together with penalties, interest, and costs, which did or would have accrued if such parcel of land had not forfeited to the state. Such repurchase shall be permitted only after the adoption of a resolution by the board of county commissioners determining that thereby undue hardship or injustice resulting from the forfeiture will be corrected, or that permitting such repurchase will promote the use of such lands that will best serve the public interest; provided further such repurchase shall be subject to any easement, lease or other encumbrance granted by the state prior thereto, and if said land is located within a restricted area established by any county under Laws 1939, Chapter 340, such repurchase shall not be permitted unless said resolution with respect thereto is adopted by the unanimous vote of the board of county commissioners.

Upon the repurchase of land pursuant to section 282.241 any special assessments heretofore canceled because of forfeiture of said land for nonpayment of taxes shall be reinstated by the county auditor and any such special assessments so reinstated which are payable in the future shall be paid at the time and in the manner said special assessments would have been payable except for forfeiture, except that special assessments payable in the year in which repurchase is made, shall be paid in full at the time of repurchase. The sum of such special assessments that would, except for forfeiture, have been levied and assessed against such land between the date of forfeiture and the date of repurchase and which would have been payable prior to the year in which repurchase is made shall be computed by the county auditor and included in the purchase price hereunder. When an application to repurchase a parcel of land is made hereunder the county auditor shall compute and determine as in the case of omitted taxes, upon the basis of the assessed valuation of such parcel in effect at the time of forfeiture, the amount of taxes that would have been assessed and levied against such parcel between the date of forfeiture and the date of repurchase, and the amount so determined with penalties and costs, with interest at the rate fixed by law for the respective years shall be included in the purchase price hereunder. The county auditor shall give notice by mail not later than November 30 of each year to the person or persons making such repurchase at the address given therein of the payment due under the repurchase on the following December 31. [1945 c. 296 s. 4]

282.281 REPURCHASE SUBJECT TO EXISTING LEASES. Until repurchased all parcels of land subject to the provisions of this act shall be subject to lease under the provisions of Minnesota Statutes 1941, Sections 282.01 to 282.27, as amended, and any repurchase of such land under Laws 1945, Chapter 296, shall be subject to the provisions of any such existing lease.

Upon payment in full of the purchase price, the purchaser or his assignee shall receive a quit claim deed from the state, to be executed by the commissioner of taxation. Nothing in this section shall be construed as prohibiting the removal of such sand, gravel, topsoil, subsoil, or peat as may be incidental to the erection of structures on such repurchased lands or to the grading of such lands whenever such removal or grading shall result in enhancing the value thereof.

[1945 c. 296 s. 9]

The county board of any county may at any time after the passage of Laws 1945, Chapter 296, file a list of forfeited lands with the county auditor, if the board is of the opinion that such lands may be acquired by the state or any municipal subdivision thereof for public purposes. Upon the filing of such list the county auditor shall withhold said lands from repurchase. If no proceeding shall be started to acquire such lands by the state or some municipal subdivision thereof within one year after the filing of such list the county board shall withdraw said list and thereafter the owner shall have one year in which to repurchase as otherwise provided in Laws 1945, Chapter 296.

The sum of such special assessments that would except for forfeiture have been levied and assessed against such land between the date of forfeiture and January 1, 1943, and payable before such date, shall be computed by the county auditor and included in the purchase price hereunder. When the term "delinquent taxes" is used in subdivision 1, it shall mean the sum of taxes and assessments without penalties or costs, with interest at four percent to the date of repurchase from the time such taxes and assessments became delinquent, accrued against a parcel at the time of forfeiture, and also the sum of taxes and assessments without penalties or costs, with interest at four percent to the date of repurchase from the time such taxes and assessments would have been delinquent that would have been levied and assessed against a parcel between the date of forfeiture and the date of repurchase, computed by the county auditor in the manner provided by this section. Such payments shall be deposited by the county treasurer in the forfeited tax sale fund and be distributed in the manner in which other moneys in said fund are distributed.

Subd. 7. **Form of receipt.** The purchaser shall receive from the county auditor at the time of repurchase a receipt, in such form as may be prescribed by the attorney general. When the purchase price of a parcel of land shall be paid in full, the following facts shall be certified by the county auditor to the commissioner of taxation: the description of land, the date of sale, the name of the purchaser or his assignee, and the date when the final instalment of the purchase price was paid. Upon payment in full of the purchase price, the purchaser or his assignee shall receive a quit claim deed from the state, to be executed by the commissioner of taxation. Failure to make any payment herein required within 60 days from the date on which payment was due shall constitute default and upon such default the right, title and interest of the purchaser or his heirs, representatives, or assigns in such parcel shall terminate without the doing by the state of any act or thing.

Subd. 8. **Application of this section.** This section shall not apply to lands zoned by any county board as non-agricultural lands, unless such repurchase is approved by the county board or to lands within the game preserve established by Laws 1929, Chapter 258, or conservation areas established by Laws 1931, Chapter 407, or by Laws 1933, Chapter 402, which included in the sum for which said lands were forfeited any ditch assessments, or to any lands classified as conservation lands under the authority of any existing law other than lands classified as conservation lands under Laws 1939, Chapter 328.
