**176.01 [Repealed, 1953 c 755 s 83]**

**176.011 DEFINITIONS.** Subdivision 1. **Terms.** For the purposes of this chapter the terms described in this section have the meanings ascribed to them.

Subd. 2. **Child.** "Child" includes a posthumous child, a child entitled by law to inherit as a child of a deceased person, a child of a person adjudged by a court of competent jurisdiction to be the father of the child, and a stepchild, grandchild, or foster child who was a member of the family of a deceased employee at the time of his injury and dependent upon him for support.

Subd. 3. **Daily wage.** "Daily wage" means the daily wage of the employee in the employment in which he was engaged at the time of injury but does not include tips and gratuities paid directly to an employee by a customer of the employer and not accounted for by the employee to the employer. If the amount of the daily wage received or to be received by the employee in the employment in which he was engaged at the time of injury was irregular or difficult to determine, or if the employment was part time, the daily wage shall be computed by dividing the total amount the employee actually earned in such employment in the last 26 weeks, by the total number of days in which the employee actually performed any of the duties of such

employment, provided further, that in the case of the construction industry, mining industry, or other industry where the hours of work are affected by seasonal conditions, the weekly wage shall not be less than five times the daily wage. Where board or allowances other than tips and gratuities are made to an employee in addition to wages as a part of the wage contract they are deemed a part of his earnings and computed at their value to the employee. In the case of persons performing services for municipal corporations in the case of emergency, then the normal working day shall be considered and computed as eight hours, and in cases where such services are performed gratis or without fixed compensation the daily wage of the person injured shall, for the purpose of calculating compensation payable under this chapter, be taken to be the usual going wage paid for similar services in municipalities where such services are performed by paid employees. If, at the time of injury, the employee was regularly employed by two or more employers, the employee's earnings in all such employments shall be included in the computation of daily wage.

**Subd. 4. Commercial baler.** "Commercial baler" means a person going from place to place baling hay or straw as a business, but does not include a farmer owning a baling machine not engaged in such business generally and doing his own baling and casually doing such work for other farmers in the same community or exchanging work with another farmer.

**Subd. 5. Commercial thresherman.** "Commercial thresherman" means a person going from place to place threshing grain or shredding or shelling corn as a business, but does not include a farmer owning a threshing, shredding, or shelling machine not engaged in such business generally and doing his own threshing, shredding, or shelling and casually doing such work for other farmers in the same community or exchanging work with another farmer.

**Subd. 6. Commission.** "Commission" means the workmen's compensation commission of Minnesota.

**Subd. 7. Commissioner.** "Commissioner" means a member of the commission.

**Subd. 7a. Compensation judge.** The title referee as used in chapter 176, relating to workmen's compensation is hereby changed to compensation judge.

**Subd. 8. Compensation.** "Compensation" includes all benefits provided by this chapter on account of injury or death.

**Subd. 9. Employee.** "Employee" means any person who performs services for another for hire; and includes the following:

- (1) an alien;
- (2) a minor;
- (3) a sheriff, deputy sheriff, constable, marshal, policeman, fireman, a county highway engineer, and a peace officer while engaged in the enforcement of peace or in and about the pursuit or capture of any person charged with or suspected of crime;
- (4) a county assessor;
- (5) an elected or appointed official of the state, except members of the state legislature, or of any county, city, town, village, borough, school district or governmental subdivision therein but an officer of a political subdivision elected or appointed for a regular term of office or to complete the unexpired portion of any such regular term, shall be included only after the governing body of the political subdivision has adopted an ordinance or resolution to that effect;
- (6) an executive officer of a corporation;
- (7) a voluntary uncompensated worker, other than an inmate, rendering services in state institutions under the commissioner of public welfare and state institutions under the commissioner of corrections similar to those of officers and employees of such institutions, and whose services have been accepted or contracted for by the commissioner of public welfare or the commissioner of corrections as authorized by law, shall be employees within the meaning of this subdivision. In the event of injury or death of any such voluntary uncompensated worker, the daily wage of the worker, for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid at the time of such injury or death for similar services in institutions where such services are performed by paid employees;
- (8) a voluntary uncompensated worker engaged in peace time in the civil defense program when ordered to training or other duty by the state or any political subdivision thereof, shall be employees. The daily wage of the worker for the purpose of calculating compensation payable under this chapter, shall be the usual going

wage paid at the time of such injury or death for similar services where such services are performed by paid employees.

(9) a voluntary uncompensated worker participating in a program established by a county welfare board shall be an employee within the meaning of this subdivision. In the event of injury or death of any such voluntary uncompensated worker, the wage of the worker, for the purpose of calculating compensation payable under this chapter, shall be the usual going wage paid in the county at the time of such injury or death for similar services where such services are performed by paid employees working a normal day and week.

In the event it is difficult to determine the daily wage as herein provided, then the commission may determine the age upon which the compensation is payable.

**Subd. 10. Employer.** "Employer" means any person who employs another to perform a service for hire; and includes corporation, partnership, association, group of persons, state, county, village, borough, town, city, school district, or governmental subdivision.

**Subd. 11. Executive officer of a corporation.** "Executive officer of a corporation" means any officer of a corporation elected or appointed in accordance with its charter or bylaws.

**Subd. 12. Farm laborer.** "Farm laborer" does not include an employee of a commercial thresherman or commercial baler.

**Subd. 13. Husband.** "Husband" includes widower.

**Subd. 14. Member.** "Member" includes leg, foot, toe, hand, finger, thumb, arm, back, eye, and ear when used with reference to the anatomy.

**Subd. 15. Occupational disease.** "Occupational disease" means a disease arising out of and in the course of employment peculiar to the occupation in which the employee is engaged and due to causes in excess of the hazards ordinary of employment and shall include undulant fever. Ordinary diseases of life to which the general public is equally exposed outside of employment are not compensable, except where such diseases follow as an incident of an occupational disease, or where the exposure peculiar to the occupation makes such disease an occupational disease hazard. A disease arises out of the employment only if there be a direct causal connection between the conditions under which the work is performed and if the occupational disease follows as a natural incident of the work as a result of the exposure occasioned by the nature of the employment. An employer is not liable for compensation for any occupational disease which cannot be traced to the employment as a direct and proximate cause and is not recognized as a hazard characteristic of and peculiar to the trade, occupation, process, or employment or which results from a hazard to which the workman would have been equally exposed outside of the employment. If immediately preceding the date of his disablement or death, an employee was employed on active duty with an organized fire or police department of any municipality, as a member of the Minnesota highway patrol, conservation officer service, state crime bureau, or sheriff or full time deputy sheriff of any county, and his disease is that of myocarditis, coronary sclerosis, pneumonia or its sequel, and at the time of his employment such employee was given a thorough physical examination by a licensed doctor of medicine, and a written report thereof has been made and filed with such organized fire or police department, with the Minnesota highway patrol, conservation officer service, state crime bureau, or sheriff's department of any county, which examination and report negatived any evidence of myocarditis, coronary sclerosis, pneumonia or its sequel, the disease is presumptively an occupational disease and shall be presumed to have been due to the nature of his employment.

**Subd. 16. Personal injury.** "Personal injury" means injury arising out of and in the course of employment and includes personal injury caused by occupational disease; but does not cover an employee except while engaged in, on, or about the premises where his services require his presence as a part of such service at the time of the injury and during the hours of such service. Where the employer regularly furnished transportation to his employees to and from the place of employment such employees are subject to this chapter while being so transported, but shall not include an injury caused by the act of a third person or fellow employee intended to injure the employee because of reasons personal to him, and not directed against him as an employee, or because of his employment.

**Subd. 17. Physician.** "Physician" means one authorized by law to practice his profession within one of the United States and in good standing in his profession, and includes surgeon.

Subd. 18. **Weekly wage.** "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of his employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to his dependents in the event of death, shall not exceed 66% percent of the product of the daily wage times the number of days normally worked, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Subd. 19. **Worker.** "Worker" means employee.

**176.02** [Repealed, 1953 c 755 s 83]

**176.021 APPLICATION TO EMPLOYERS AND EMPLOYEES.** Subdivision 1. **Liability for compensation.** Except as excluded by this chapter all employers and employees are subject to the provisions of this chapter. Every such employer is liable for compensation according to the provisions of this chapter and is liable to pay compensation in every case of personal injury or death of his employee arising out of and in the course of employment without regard to the question of negligence, unless the injury or death was intentionally self-inflicted or when the intoxication of the employee is the proximate cause of the injury; suicides are not compensable. The burden of proof of such fact is upon the employer.

Subd. 2. **Parties liable.** The liability imposed by subdivision 1 upon the employer extends to and binds those conducting the employer's business during insolvency, assignment for the benefit of creditors, and insofar as agreeable with the controlling federal law during bankruptcy.

Subd. 3. **Compensation, commencement of payment.** All employers shall commence payment of the compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the commission. Except those of medical, burial, and other non-periodic benefits, payments shall be made as nearly as may be at the intervals when the wage was payable; provided, however, that payments for permanent partial disability shall be made by lump sum payment, and the provisions of section 176.165 shall not apply, without the necessity of any agreement, or order of the commission, upon cessation of payments for the healing period, or as soon thereafter as such disability can be ascertained, unless, upon good cause shown, it is otherwise ordered by the commission. If doubt exists at such time as to the eventual permanent partial disability, payment shall be then made for the minimum permanent partial disability ascertainable in lump sum, and further lump sum payment shall be made upon any later ascertainment of greater permanent partial disability. At the time of the tender of any such lump sum payment, the employee shall be furnished with a copy of the medical report upon which such payment is based, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. No employee shall be requested to sign any final receipt until the weeks covered by the lump sum payment shall have expired.

Subd. 4. **Void agreements.** Any agreement by any employee or dependent to take as compensation an amount less than that prescribed by this chapter is void.

**Subd. 5. Accumulated credits, additional payments.** If employees of the state or a county, city, village or other political subdivision of the state who are entitled to the benefits of the workmen's compensation law have, at the time of compensable injury, accumulated credits under a vacation, sick leave or overtime plan or system maintained by the governmental agency by which they are employed, the appointing authority may provide for the payment of additional benefits to such employees from their accumulated vacation, sick leave or overtime credits. Such additional payments to an employee may not exceed the amount of the total sick leave, vacation or overtime credits accumulated by the employee and shall not result in the payment of a total weekly rate of compensation that exceeds the weekly wage of the employee. Such additional payments to any employee shall be charged against the sick leave, vacation and overtime credits accumulated by such employee. The industrial commission for the state or the governing body of any county, city, village or other political subdivision to which the provisions of this chapter apply, may adopt rules and regulations not inconsistent with this chapter for carrying out the provisions hereof relating to payment of additional benefits to employees from accumulated sick leave, vacation or overtime credits.

**Subd. 6. Compensation under city charter.** Where, in any city operating under a home rule charter, a mode and manner of compensation is provided by the charter which is different from that provided by this chapter, and the amount of compensation provided by the charter would, if taken thereunder, exceed the amount the employee is entitled to under this chapter for the same period, he shall, in addition to his compensation under this chapter, receive under the charter an amount equal to the excess in compensation provided by the charter over what he is entitled to by this chapter; if the amount of compensation provided by the charter would, if taken thereunder, be equal to or less than the amount of compensation the employee is entitled to under this chapter for the same period, he shall take only under this chapter.

**Subd. 7. Public officer.** If an employee who is a public officer of the state or governmental subdivision continues to receive the compensation of his office during a period when he is receiving benefits under the workmen's compensation law for temporary total or temporary partial disability or permanent total disability and the compensation of his office exceeds \$100 a year, the amount of that compensation attributable to the period for which benefits under the workmen's compensation law are paid shall be deducted from such benefits.

**176.03** [Repealed, 1953 c 755 s 83]

**176.031 EMPLOYER'S LIABILITY EXCLUSIVE.** The liability of an employer prescribed by this chapter is exclusive and in the place of any other liability to such employee, his personal representative, surviving spouse, parent, any child, dependent, next of kin, or other person entitled to recover damages on account of such injury or death. If an employer other than the state or any municipal subdivision thereof fails to insure or self-insure his liability for compensation to his injured employees and their dependents, an injured employee, or his legal representatives or, if death results from the injury, any dependent may elect to claim compensation under this chapter or to maintain an action in the courts for damages on account of such injury or death. In such action it is not necessary to plead or prove freedom from contributory negligence. The defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, that the employee assumed the risk of his employment, or that the injury was due to the contributory negligence of the employee, unless it appears that such negligence was wilful on the part of the employee. The burden of proof to establish such wilful negligence is upon the defendant. For the purposes of this chapter the state and each municipal subdivision thereof is treated as a self-insurer when not carrying insurance at the time of the injury or death of an employee.

[1953 c 755 s 3]

**176.04** [Repealed, 1953 c 755 s 83]

**176.041 APPLICATION, EXCEPTIONS.** Subdivision 1. **Employments excluded.** This chapter does not apply to any common carrier by railroad engaged in interstate or foreign commerce, domestic servants, farm laborers, or persons whose employment at the time of the injury is casual, and not in the usual course of the trade, business, profession, or occupation of his employer. Professional athletes

under contract for hire which contract gives compensation not less than that provided by this chapter are not subject thereto if a written consent not to be bound thereby, signed by the professional athlete and the employer and approved by the commission, is filed with the commission.

**Subd. 2. Extra-territorial application.** If an employee who regularly performs the primary duties of his employment within this state, or who is hired to perform the primary duties of his employment within this state, receives an injury while temporarily outside of this state in the employ of the same employer, the provisions of this chapter shall apply to such injury. If a resident of this state is transferred outside the territorial limits of the United States as an employee of a Minnesota employer, he shall be presumed to be temporarily employed outside of this state while so employed.

**Subd. 3. Temporary out-of-state employment.** If an employee hired in this state by a Minnesota employer, receives an injury while temporarily employed outside of this state, such injury shall be subject to the provisions of this chapter. If the employer's business is in Minnesota and the employee's residence is in Minnesota, employment outside of this state shall be considered temporary.

**Subd. 4. Out-of-state employments.** If an employee who regularly performs the primary duties of his employment outside of this state or is hired to perform the primary duties of his employment outside of this state, receives an injury within this state in the employ of the same employer, such injury shall not be covered within the provisions of this chapter if the employer has provided workmen's compensation coverage for such injury within the laws of any other state or any possession or protectorate of the United States whether or not the injury is compensable under the law; provided, however, that if such employee regularly resides in Minnesota and regularly performs a part of such employment duties within the state of Minnesota, he shall be entitled to such compensation under the provisions of this chapter for such injury; provided further, that any employee who has worked for the employer in whose employment the injury occurred for six or more consecutive weeks in this state shall be deemed to have regularly resided herein.

**Subd. 5. Application.** Except as specifically provided by subdivisions 2 and 3 of this section, injuries occurring outside of this state are not subject to the provisions of this chapter.

[1953 c 755 s 4; Ex1967 c 40 s 6]

176.05 [Repealed, 1953 c 755 s 83]

**176.051 ASSUMPTION OF LIABILITY.** An employer of farm laborers or domestics may assume the liability for compensation imposed by this chapter and such employer's purchase and acceptance of a valid insurance policy, which includes in its coverage a classification of farm laborers or domestics constitutes an assumption by the employer of such liability. This assumption of liability takes effect and continues from the effective date of the policy and as long only as the policy remains in force. If during the life of any such insurance policy any employee, who is a farm laborer or domestic, suffers personal injury or death arising out of and in the course of his employment, the exclusive remedy of the employee or his dependents is under this chapter.

[1953 c 755 s 5]

176.06 [Repealed, 1953 c 755 s 83]

**176.061 THIRD PARTY LIABILITY.** Subdivision 1. **Election of remedies.** Where an injury or death for which compensation is payable occurs under circumstances which create a legal liability for damages on the part of a party other than the employer and at the time of such injury or death that party was insured or self-insured in accordance with this chapter, the employee, in case of injury, or his dependents, in case of death, may proceed either at law against that party to recover damages or against the employer for compensation, but not against both.

**Subd. 2. Action for recovery of damages.** If the employee, in case of injury, or his dependents, in case of death, brings an action for the recovery of damages, the amount thereof, the manner in which, and the persons to whom the same are payable, shall be as provided in this chapter. In no case shall such party be liable to any person other than the employee or his dependents for any damages resulting from such injury or death.

**Subd. 3. Election to receive compensation from employer; subrogation.** If the employee or his dependents elect to receive compensation from the employer, such employer is subrogated to the right of the employee or his dependents to recover

damages against the other party. The employer may bring legal proceedings against such party and recover the aggregate amount of compensation payable by him to the employee or his dependents, together with the costs, disbursements, and reasonable attorney's fees of the action.

**Subd. 4. Application of subdivisions 1, 2, 3.** The provisions of subdivisions 1, 2, and 3 apply only where the employer liable for compensation and the other party legally liable for damages are insured or self-insured and engaged in the due course of business, (a) in furtherance of a common enterprise, or (b) the accomplishment of the same or related purposes in operation on the premises where the injury was received at the time thereof.

**Subd. 5. Cumulative remedies.** Where an injury or death for which compensation is payable is caused under circumstances which created a legal liability for damages on the part of a party other than the employer, that party being then insured or self-insured in accordance with this chapter, and the provisions of subdivisions 1, 2, 3, and 4 do not apply, or the party other than the employer is not then insured or self-insured as provided by this chapter, legal proceedings may be taken by the employee or his dependents against the other party to recover damages, notwithstanding the payment by the employer or his liability to pay compensation. If the action against such other party is brought by the injured employee or his dependents and a judgment is obtained and paid or settlement is made with the other party, the employer may deduct from the compensation payable by him the amount actually received by the employee or dependents in accordance with subdivision 6. If the action is not diligently prosecuted or if the court deems it advisable in order to protect the interests of the employer, upon application the court may grant the employer the right to intervene in any such action for the prosecution thereof. If the injured employee or his dependents agree to receive compensation from the employer or institute proceedings to recover the same or accept from the employer any payment on account of such compensation, the employer is subrogated to the rights of the employee or his dependents. This employer may maintain an action or continue an action already instituted. This action may be maintained in the name of the employee or the names of the dependents or in the name of the employer against such other party for the recovery of damages. If the action is not diligently prosecuted by the employer or the court deems it advisable in order to protect the interest of the employee, the court, upon application, may grant to the employee or his dependents the right to intervene in the action for the prosecution thereof. The proceeds of such action or settlement thereof shall be paid in accordance with subdivision 6. Such party is not liable to any person other than the employee or his dependents for any damages resulting from the injury or death.

**Subd. 6. Costs, attorney fees, expenses.** The proceeds of all actions for damages or settlement thereof under section 176.061, received by the injured employee or his dependents or by the employer as provided by subdivision 5, shall be divided as follows:

(a) After deducting the reasonable cost of collection, including but not limited to attorneys fees and burial expense in excess of the statutory liability, then

(b) One-third of the remainder shall in any event be paid to the injured employee or his dependents, without being subject to any right of subrogation.

(c) Out of the balance remaining, the employer shall be reimbursed for all compensation paid under chapter 176.

(d) Any balance remaining shall be paid to the employee or his dependents, and shall be a credit to employer for any compensation which employer is obligated to pay, but has not paid, and for any compensation that such employer shall be obligated to make in the future.

There shall be no reimbursement or credit to employer for interest or penalties.

**Subd. 7. Medical treatment.** The liability of an employer for medical treatment under this chapter shall not be affected by the fact that his employee was injured through the fault or negligence of a third party, against whom the employee may have a cause of action which may be sued under this chapter, but the employer shall have a separate additional cause of action against such third party to recover any amounts paid by him for medical treatment under this section resulting from the negligence of such third party. This separate cause of action of the employer may be asserted in a separate action brought by the employer against such third party or in the action commenced by the employee or the employer under this chapter, but in the latter case the cause of action shall be

separately stated, the amount awarded thereon shall be separately set out in the verdict, and the amount recovered by suit or otherwise as reimbursement for medical expenses shall be for the benefit of the employer to the extent that the employer has paid or will be required to pay for medical treatment of the injured employee and shall not affect the amount of periodic compensation to be paid.

**Subd. 8. State as employer.** In every case arising under subdivision 5 when the state is the employer and a settlement between the third party and the employee is made it is not valid unless prior notice thereof is given to the state within a reasonable time. If the state pays compensation to the employee under the provisions of this chapter and becomes subrogated to the rights of the employee or his dependents any settlement between the employee or his dependents and the third party is void as against the state's right of subrogation. When an action at law is instituted by an employee or his dependents against a third party for recovery of damages a copy of the complaint and notice of trial or note of issue in such action shall be served on the state. Any judgment rendered therein is subject to a lien of the state for the amount to which it is entitled to be subrogated under the provisions of subdivision 5.

**Subd. 9. Service of notice on attorney general.** In every case in which the state is liable to pay compensation or is subrogated to the rights of the employee or his dependents all notices required to be given the state shall be served on the attorney general and the state workmen's compensation commission.

**Subd. 10. If the employer or his insurer or the defendant is given written notice of such claims for legal services or disbursements, the same shall be a lien against the amount paid or payable as compensation, subject to determination of the amount and approval provided by this chapter.

**176.095 LEGISLATIVE FINDINGS.** The legislature finds that workmen's compensation benefits for total disabilities should exceed those benefits provided for

partial disabilities in order to fairly compensate the person unable to engage in gainful employment or suffering an injury described in section 176.101, subdivision 5. It is the policy of the legislature that any change in the benefit schedule for total disability be accompanied by an appropriate change in the benefit schedule for partial disability.

**176.10** [Repealed, 1953 c 755 s 83]

**176.101 COMPENSATION SCHEDULE.** Subdivision 1. **Temporary total disability.** For injury producing temporary total disability, 66% percent of the daily wage at the time of injury subject to a maximum compensation of \$70 per week and a minimum compensation of \$17.50 per week. This compensation shall be paid during the period of disability, but not exceeding 350 weeks, payment to be made at the intervals when the wage was payable, as nearly as may be.

Subd. 2. **Temporary partial disability.** In all cases of temporary partial disability the compensation shall be 66% percent of the difference between the daily wage of the worker at the time of injury and the wage he is able to earn in his partially disabled condition. This compensation shall be paid during the period of disability, but not beyond 350 weeks, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to a maximum compensation of \$63 per week. If the employer does not furnish the worker with work which he can do in his temporary partially disabled condition and he is unable to procure such work with another employer, after reasonably diligent effort, the commission may fix a rate of compensation to be paid to the worker during the period of disability and unemployment, but not beyond 350 weeks; which shall be based upon the percentage of his general physical disability as determined from competent medical testimony adduced at a hearing before a compensation judge, a commissioner, or the commission.

Subd. 3. **Permanent partial disability.** For the permanent partial disability from the loss of a member the compensation for total disability during the healing period shall be as stated in subdivision 1. For partial disability during the healing period the compensation shall be as stated in subdivision 2. The healing period shall not exceed 104 weeks. Thereafter and in addition thereto, compensation shall be that named in the following schedule, subject to a maximum compensation of \$63 per week:

(8) For the loss of a great toe, 66% percent of the daily wage at the time of injury during 35 weeks;

(9) For the loss of a toe other than a great toe, 66% percent of the daily wage at the time of injury during 15 weeks;

(14) For the loss of an arm, 66% percent of the daily wage at the time of injury during 270 weeks;

(16) For the loss of a foot, not including ankle movement, 66% percent of the daily wage at the time of injury during 140 weeks;

(17) For the loss of a foot, including ankle movement, 66% percent of the daily wage at the time of injury during 165 weeks;

(38) For disfigurement not resulting from the loss of a member or other injury specifically compensated, affecting the employability of the injured person in the employment in which he was injured or other employment for which the employee is then qualified, 66% percent of the daily wage at the time of injury during such period as the commission determines, not beyond 90 weeks;

(39) For permanent partial disability resulting from injury to the back, 66% percent of the daily wage at the time of injury for that proportion of 350 weeks which is represented by the percentage of such permanent partial disability as is

determined from competent testimony adduced at a hearing before a compensation judge, a commissioner, or the commission;

(40) When an employee sustains concurrent injuries resulting in concurrent disabilities he shall receive compensation only for the injury which entitled him to the largest amount of compensation, but this does not affect liability for disfigurement affecting the employability of the injured person or liability for the concurrent loss of more than one member, for which members compensations are provided in the specific schedule and in subdivision 5;

(41) In all cases of permanent partial disability it is considered that the permanent loss of the use of a member is equivalent to and draws the same compensation as the loss of that member, but the compensation in and by this schedule provided shall be in lieu of all other compensation in such cases, except as otherwise provided by this section;

In the event a workman has been awarded, or is entitled to receive, a compensation for loss of use of a member under any workmen's compensation law, and thereafter sustains a loss of such member under circumstances entitling him to compensation therefor under the workmen's compensation act, as amended, the amount of compensation awarded, or that he is entitled to receive, for such loss of use, is to be deducted from the compensation due under the schedules of this section for the loss of such member, provided, that the amount of compensation due for the loss of the member caused by the subsequent accident is in no case less than 25 percent of the compensation payable under the schedule of this section for the loss of such member;

(42) In cases of permanent partial disability due to injury to a member, resulting in less than total loss of the member, not otherwise compensated in this schedule, compensation shall be paid at the prescribed rate during that part of the time specified in the schedule for the total loss of the member which the extent of the injury to the member bears to its total loss;

(43) In cases of permanent partial disability caused by simultaneous injury to two or more members, the applicable schedules in this subdivision shall be increased by 15 percent. This clause shall not apply when the injuries are compensated under paragraphs 24 to 37 inclusive, of this subdivision. In cases of partial disability due to injury to both eyes resulting in less than total loss of vision in one or both eyes compensation shall be paid at the prescribed rate during that part of 450 weeks which the extent of the combined injury to both eyes bears to the complete loss of industrial vision;

(44) The commission may make or revise rules for the determination of the extent of the impairment of the industrial use of one or both eyes taking into account all primary coordinate factors of vision. These rules shall be made or revised after consultation with experts on industrial vision and after public notice to and hearing of interested parties;

(45) In all cases of permanent partial disability not enumerated in this schedule the compensation shall be 66% percent of the difference between the daily wage of the worker at the time of the injury and the daily wage he is able to earn in his partially disabled condition, subject to a maximum of \$63 per week, and continue during disability, not beyond 350 weeks; and if the employer does not furnish the worker with work which he can do in his permanently partially disabled condition and he is unable to secure such work with another employer after a reasonably diligent effort, the commission may fix a rate of compensation to be paid to the worker during the period of his unemployment, not beyond 350 weeks, which is to be based upon the percentage of his general physical disability as determined from competent medical testimony adduced at a hearing before a compensation judge, a commissioner, or the commission.

**Subd. 4. Permanent total disability.** For permanent total disability, as defined in subdivision 5, the compensation shall be 66% percent of the daily wage at the time of the injury, subject to a maximum compensation of \$70 per week and a minimum compensation of \$17.50 per week. If the wages of the employee at the time of the injury are \$17.50 or less per week, he shall receive the full amount of his wages per week. This compensation shall be paid during the permanent total disability of the injured employee but after a total of \$25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being

paid by any government disability benefit program if such disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. Such reduction shall also apply to any old age and survivor insurance benefits. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of his confinement in such institution, unless he has wholly dependent on him for support some person named in section 176.111, subdivisions 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of such confinement, shall be paid for the benefits of such dependent person during dependency. The dependency of such persons shall be determined as though the employee were deceased.

**Subd. 5. Total disability.** The total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties, or any other injury which totally incapacitates the employee from working at an occupation which brings him an income constitutes total disability.

**Subd. 6. Previous payments, deducted from benefits.** In case a worker sustains an injury arising out of and in the course of employment, and during the period of disability caused thereby death results approximately therefrom, all payments for temporary or permanent disability previously made as compensation for such injury are deducted up to a maximum of \$17,500 from any compensation due on account of the death, and accrued compensation due to the deceased prior to his death but not paid is payable to such dependent persons or legal heirs as the commission may order, without probate administration.

**Subd. 7. Minors.** If any employee entitled to the benefits of this chapter is a minor or is an apprentice of any age and sustains injuries due to an accident arising out of and in the course of employment resulting in permanent total or permanent partial disability, for the purpose of computing the compensation to which he is entitled, the weekly earnings shall be the weekly earnings which such minor or apprentice would probably earn after arriving at legal age or completing the apprenticeship, if uninjured, which probable earnings shall be approximately the average earnings of adult journeymen workers of the same sex below the rank of superintendent or general foremen in the department of the plant or industry in which the minor or apprentice was employed at the time of injury.

**Subd. 8. Compensation during retraining.** For any injury producing permanent disability which will prevent the employee from adequately performing the duties of the occupation he held at the time of injury, or any other injury which will or is likely to produce indefinite and continuous disability in excess of 26 weeks, the commission shall require that the injured employee be promptly referred to the division of vocational rehabilitation, department of education, or other public or private, properly accredited agency, to determine if retraining for a new occupation would significantly reduce or remove any reduction in employability caused by the injury. The employer shall pay any usual and reasonable expenses and charges for such evaluation. If the evaluating agency certifies to the commission that a period of retraining will significantly reduce or prevent the decrease in employability resulting from the injury, and if the workmen's compensation commission determines the retraining is necessary and makes an order for such compensation, the employer shall pay up to 104 weeks of additional compensation during the actual period of retraining according to the schedule of compensation for temporary total disability. However, the total additional compensation provided by this subdivision shall not be greater than an amount equal to that payable for the injury as compensation for temporary and permanent disability.

If the dependency of the children ceases before the equivalent of two years of the mother's compensation has been paid to the children, the remainder of the two years compensation shall be payable in a lump sum to the mother without deduction for interest. The payments provided herein shall be paid within 60 days after written notice to the employer of the remarriage or that the dependency of the children has ceased. (a) If the personal injury alone results in permanent partial disability to a scheduled member under section 176.101, the monetary and medical expense limitations shall not apply and the employer shall be liable for such compensation, medical expense, and retraining attributable to the permanent partial disability, and he may be reimbursed from the compensation fund only for compensation paid in excess of such disability.

Subd. 2. If the employee's personal injury shall result in disability or death, and if the injury, death, or disability would not have occurred except for the pre-existing physical impairment, the employer shall pay all compensation provided by Chapter 176, but shall be reimbursed from the special compensation fund for all such compensation.

Subd. 3. To entitle the employer to secure reimbursement from the special compensation fund, the following provisions must be complied with:

(a) Provisions of section 176.181, subdivisions 1 and 2.

(b) The employee with a pre-existing physical impairment must have been registered with the commission prior to the employee's personal injury.

Subd. 4. If the employee's pre-existing physical impairment has been caused by a personal injury for which medical reports, showing the impairment have been filed with the commission and for which a monetary benefit in excess of medical expense, has been paid under chapter 176, the employee shall be deemed to be registered.

Subd. 5. Registration under this section may be made by the employee or any employer provided:

(a) Registration shall be accompanied by satisfactory evidence of such physical impairment;

(b) Registration shall be in effect as long as said impairment exists;

(c) Upon request, a registered employee shall be furnished by the commission with a registration card evidencing the fact of registration, and such other facts as the commission deems advisable.

Subd. 6. When the employer claims reimbursement from the special compensation fund after paying compensation as prescribed by this section, he shall file with the commission written notice of intention to claim reimbursement in accordance with the rules and regulations of the commission.

Subd. 7. Under subdivisions 1 and 2, occupational disease shall not be deemed to be the personal (second) injury.

(1) In every case of death of an employee resulting from personal injury arising out of and in the course of his employment where there are no persons entitled to at least \$500 in monetary benefits of dependency compensation, the employer shall pay to the commission the sum of \$500;

(2) When an employee shall suffer personal injury which results in permanent partial disability and which entitles him to compensation for a scheduled permanent partial disability under section 176.101, the employer shall in addition to compensation provided therein, pay to the commission for the benefit of the special compensation fund a lump sum without interest deduction equal to not less than two percent nor more than six percent, of such total compensation, as soon as the total amount of the permanent partial disability payable for the particular injury is determined by the commission, or arrived at by agreement of the parties and such amount is approved by the commission.

Annually on June 30, the commission shall determine the rate to be paid, which shall be effective as to injuries occurring on or after January 1 next following. When the balance in the special compensation fund is less than the sum of \$750,000, the rate shall be six percent; and when said balance is more than \$750,000 and less than \$1,250,000, the rate shall be four percent; and when the balance exceeds \$1,250,000, the rate shall be two percent.

Such sums as are paid to the workmen's compensation commission pursuant to the provisions hereof, shall be by it deposited with the state treasurer for the benefit of the special compensation fund and be used to pay the benefits provided by chapter 176. All money heretofore arising from the provisions of this section or similar law shall be transferred to this special compensation fund.

The state treasurer shall be the custodian of this special fund and the workmen's compensation commission shall direct the distribution thereof, the same to be paid as other payments of compensation are paid. In case deposit is or has been made under the provisions of clause (1) and dependency later is shown, or if deposit is or has been made pursuant to either clause (1) or (2) by mistake or inadvertence, or under such circumstances that justice requires a refund thereof, the state treasurer is hereby authorized to refund such deposit under order of the workmen's compensation commission. There is appropriated to the persons entitled to such refunds from the fund an amount sufficient to make the refund and payment.

Subd. 11. The commission shall report biennially to the governor and to the legislature as to the financial status of such special compensation fund, which report shall include a statement of the receipts and the disbursements for the period covered.

Subd. 12. All employers shall make such reports to the commission as shall be required for the proper administration of this section.

**176.135 TREATMENT; APPLIANCES; SUPPLIES.** Subdivision 1. **Medical, surgical, hospital.** The employer shall furnish such medical, surgical and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches and apparatus, including artificial members, or, at the option of the employee, if the employer has not filed notice as hereinafter provided, Christian Science treatment in lieu of medical treatment; medicine and medical supplies, as may reasonably be required at the time of the injury and any time thereafter to cure and relieve from the effects of the injury. Such treatment shall include treatments necessary to physical rehabilitation. The employer shall furnish replacement or repair for artificial members, glasses, or spectacles, artificial eyes, dental bridge work, dentures or artificial teeth, hearing aids, canes, crutches or wheel chairs damaged by reason of an injury arising out of and in the course of the employment. In case of his inability or refusal seasonably to do so the employer shall be liable for the reasonable expense incurred by or on behalf of the employee in providing the same. The employer shall pay for the reasonable value of nursing services by a member of the employee's family in cases of permanent total disability. Orders of the commission with respect to this subdivision may be reviewed by the commission on petition of an aggrieved party or by writ of certiorari to the supreme court.

Subd. 2. **Change of physicians.** The commission shall make the necessary rules for a change of physicians in the case that either the employee or the

employer desire a change and for the designation of a physician suggested by the injured employee or the commission. In such case the expense thereof shall be borne by the employer upon the same terms and conditions as provided in subdivision 1 and for medical and surgical treatment and attendance.

Subd. 3. **Limitation of liability.** The pecuniary liability of the employer for the treatment, articles and supplies required by this section shall be limited to such charges therefor as prevail in the same community for similar treatment, articles and supplies furnished to injured persons of a like standard of living when the same are paid for by the injured persons. On this basis the commission may determine the reasonable value of all such services and supplies and the liability of the employer is limited to the amount so determined.

Subd. 4. **Christian Science treatment.** Any employee electing to receive Christian Science treatment as provided in subdivision 1 shall notify his employer in writing of his election within 30 days after July 1, 1953, and any person hereafter accepting employment shall give such notice at the time he accepts employment. Any employer may elect not to be subject to the provisions for Christian Science treatment provided for in this section by filing a written notice of such election with the commission, in which event the election of the employee shall have no force or effect whatsoever.

**176.14** [Repealed, 1953 c 755 s 83]

**176.141 NOTICE OF INJURY.** Unless the employer has actual knowledge of the occurrence of the injury or unless the injured worker, or a dependent or some one in behalf of either, gives written notice thereof to the employer within 14 days after the occurrence of the injury, then no compensation shall be due until such notice is given or knowledge obtained. If the notice is given or the knowledge obtained within 30 days from the occurrence of the injury, no want, failure, or inaccuracy of a notice shall be a bar to obtaining compensation unless the employer shows that he was prejudiced by such want, defect, or inaccuracy, and then only to the extent of such prejudice. If the notice is given or the knowledge obtained within 90 days, and if the employee or other beneficiary shows that his failure to give prior notice was due to his mistake, inadvertence, ignorance of fact or law, or inability, or to the fraud, misrepresentation, or deceit of the employer or his agent, then compensation may be allowed, unless the employer shows that he was prejudiced by failure to receive such notice, in which case the amount of compensation shall be reduced by such sum as fairly represents the prejudice shown. Unless knowledge is obtained or written notice given within 90 days after the occurrence of the injury no compensation shall be allowed.

[1953 c 755 s 14]

**176.145 SERVICE OF NOTICE, FORM.** The notice referred to in section 176.141 may be served personally upon the employer, or upon any agent of the employer upon whom a summons may be served in a civil action, or by sending it by registered mail to the employer at the last known residence or business place thereof within the state, and may be substantially in the following form:

#### "NOTICE

You are hereby notified that an injury was received by (Name)....., who was in your employment at (place)....., while engaged as (kind of work)....., on or about the..... day of....., 19....., and who is now located at (give town, street, and number).....; that, so far as now known, the nature of the injury was....., and that compensation may be claimed therefor.

Dated....., 19.....

(signed).....

(giving address)"

No variation from this form shall be material if the notice is sufficient to advise the employer that a certain employee, by name, received a specified injury in the course of his employment on or about a specified time, at or near a certain place specified.

[1953 c 755 s 15]

**176.15** [Repealed, 1953 c 755 s 83]

**176.151 TIME LIMITATIONS.** The time within which the following acts shall be performed shall be limited to the following periods, respectively:

(1) Actions or proceedings by an injured employee to determine or recover

compensation, two years after the employer has made written report of the injury to the commission, but not to exceed six years from the date of the accident.

(2) Actions or proceedings by dependents to determine or recover compensation, two years after the receipt by the commission of written notice of death, given by the employer, but not to exceed six years from the date of injury, provided, however, if the employee was paid compensation for the injury from which the death resulted, such actions or proceedings by dependents must be commenced within two years after the receipt by the commission of written notice of death, given by the employer, but not to exceed six years from the date of death. In any such case, if a dependent of the deceased, or any one in his behalf, gives written notice of such death to the commission, the commission shall forthwith give written notice to the employer of the time and place of such death. In case the deceased was a native of a foreign country and leaves no known dependent within the United States, the commission shall give written notice of the death to the consul or other representative of the foreign country forthwith.

(3) Once compensation has been paid to the employee, he must bring any action for further compensation within eight years from the date compensation was last paid except in the case of lump sum payments made pursuant to section 176.021, subdivision 3, in which case any action must be commenced within eight years from what would have been the date of expiration of weekly benefits under section 176.101 had not lump sum payments been made.

(4) Clause (3) shall not apply where any existing order or award provides for further payments of compensation for recurrences of the disability from the injury to the employee; or is an injury of a nature where in the opinion of the commission there is a possibility of a future disability and the commission so finds.

(5) Clause (3) shall not apply where the employee's injury for which he has received compensation is such that as part of his medical care he is entitled to the future replacement or repair of crutches, apparatus, artificial members, glasses, spectacles, artificial eyes, dental bridge work, dentures or artificial teeth, hearing aids, canes, wheel chairs, or other prosthetic devices and his claim relates to items in this paragraph, or to future medical care as it relates to items in this paragraph.

(6) In case of physical or mental incapacity, other than minority, of the injured person or his dependents to perform or cause to be performed any act required within the time specified in this section, the period of limitation in any such case shall be extended for two years from the date when the incapacity ceases.

(7) In the case of injury caused by x-rays, radium, radioactive substances or machines, or ionizing radiation, the time limitations otherwise prescribed by Minnesota Statutes 1961, Chapter 176, and acts amendatory thereof, shall not apply, but the employee shall give notice to the employer and commence his action within two years after the employee has knowledge of the cause of such injury and the injury has resulted in disability.

[1953 c 755 s 16; 1965 c 419 s 1; Ex1967 c 40 s 14]

**176.155 EXAMINATIONS.** Subdivision 1. **Employer's physician.** The injured employee must submit himself to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. The employee is entitled upon request to have his own physician present at any such examination. Each party shall defray the cost of his own physician.

Subd. 2. **Neutral physician.** In each case of dispute as to the injury the commission, or in case of a hearing the commissioner or compensation judge conducting the hearing may upon its own or his own motion, or upon request of any interested party, made in compliance with the rules of the commission regulating the proper time and forms for such request, designate a neutral physician of good standing and ability to make an examination of the injured worker and report his findings to the commission, a commissioner, or compensation judge as the case may be. The commission, commissioner, or compensation judge, as the case may be, may request the neutral physician to answer any particular question with reference to the medical phases of the case, including questions calling for an opinion as to the cause and occurrence of the injury insofar as medical knowledge is relevant in such answer. A copy of the signed certificate of such neutral physician shall be mailed to the parties in interest and either party, within five days from date of mailing, may demand that such physician be produced for purposes of cross-examination. Such signed certificate of a neutral physician is competent evidence of the facts stated therein. The expense of such examination shall be paid as ordered by the commission, commissioner or compensation judge.

Subd. 3. **Refusal to be examined.** If the injured employee refuses to comply with any reasonable request for examination, his right to compensation may be suspended by order of the commission and no compensation shall be paid while he continues in such refusal.

Subd. 4. **Autopsies.** In all death claims where the cause of death is obscure or disputed any interested party may request an autopsy and, if denied, the commission, upon petition and proper showing, shall order an autopsy. If any dependent claiming compensation or benefits does not consent to such autopsy within the time fixed by the commission in its order, all dependents shall forfeit all rights to compensation. The party demanding an autopsy shall bear the cost thereof.

Subd. 5. **Testimony of examining physicians.** Any physician designated by the commission, commissioner, or compensation judge or whose services are furnished or paid for by the employer, who treats or who makes or is present at any examination of an injured employee, may be required to testify as to any knowledge acquired by him in the course of such treatment or examination relative to the injury or disability resulting therefrom.

[1953 c 755 s 17; 1969 c 276 s 2]

176.16 [Repealed, 1953 c 755 s 83]

**176.161 ALIEN DEPENDENTS.** Subdivision 1. **Residing outside United States.** In case a deceased employee for whose injury or death compensation is payable leaves surviving him an alien dependent residing outside the United States the commission shall direct the payment of all compensation due the dependent to be made to the duly accredited consular officer of the country of which the beneficiary is a citizen residing within the state, or to his designated representative residing within the state; or, if the commission believes that the interests of the dependent will be better served and at any time prior to the final settlement the dependent files with the commission a power of attorney designating any other suitable person residing in this state to act as attorney in fact in such proceedings, the commission may appoint such person. If it appears necessary to institute proceedings to enforce payment of compensation due the dependent, the commission may permit the consular officer to institute these proceedings. If during the pendency of these proceedings, such power of attorney is filed by the alien dependent, the commission shall then determine whether such attorney in fact be substituted to represent such dependent or if the consular officer or his representative continue therein. The person so appointed may carry on proceedings to settle all claims for compensation and receive for distribution to such dependent all compensation arising under this chapter. The settlement and distribution of the funds shall be made only on the commission's written order. The person so appointed shall furnish a bond satisfactory to the commission, conditioned upon the proper application of the money received by him. Before the bond is discharged, the person so appointed shall file with the commission a verified account of his receipts and disbursements of such compensation.

Subd. 2. **List of dependents.** Before receiving the first payment of such compensation and thereafter when ordered so to do by the commission, the person so appointed shall furnish to the commission a sworn statement containing a list of the dependents showing the name, age, residence, extent of dependency, and relationship to the deceased of each dependent.

Subd. 3. **Certain proceedings legalized.** In any proceedings heretofore taken to recover compensation for any alien dependent carried on for at least five years in the name of a person as petitioner, designated by power of attorney from the alien dependent, the right of this designated petitioner to conclude the proceedings or final settlement and to fully bind all parties thereby is hereby legalized in all respects.

[1953 c 755 s 18]

**176.165 LUMP SUM PAYMENTS.** The amounts of compensation payable periodically may be commuted to one or more lump sum payments only by order of the commission and on such terms and conditions as the commission prescribes. The commission shall not authorize any lump sum payment until it has received from the Bureau of Workmen's Rehabilitation a recommendation as to the advisability of granting the same, but such recommendation is not binding on the commission. In making these commutations the lump sum payments shall amount,

in the aggregate, to a sum equal to the present value of all future instalments of the compensation calculated on a five percent basis.

[1953 c 755 s 19]

**176.17** [Repealed, 1953 c 755 s 83]

**176.171 PAYMENT TO TRUSTEE.** At any time after the amount of any award or commutation is finally determined by the commission, a sum equal to the present value of all future instalments of the compensation, calculated on a five percent basis, where death or the nature of the injury renders the amount of future payments certain, may be paid by the employer to a savings bank or trust company in this state approved and designated by the commission. Such sum, together with all interest thereon, shall be held in trust for the employee or for the dependents of the employee, who shall have no further recourse against the employer. The employer's payment of this sum evidenced by a receipt of the trustee filed with the commission, operates as a satisfaction of the compensation liability as to the employer. The trustee shall make payments from the fund in the same amounts and at the same time as are required of the employer until the fund and interest is exhausted, except when otherwise ordered by the commission. In the appointment of trustee the commission shall give preference to the choice of the injured employee or the choice of the dependents of the deceased employee.

[1953 c 755 s 20]

**176.175 RIGHT TO COMPENSATION, AWARD.** Subdivision 1. **Preferred claim.** The right to compensation and all compensation awarded any injured employee or for death claims to his dependents have the same preference against the assets of the employer as unpaid wages for labor. This compensation does not become a lien on the property of third persons by reason of this preference.

Subd. 2. **Non-assignability.** No claim for compensation owned by an injured employee or his dependents is assignable. Except as otherwise provided in this chapter, any claim for compensation owned by an injured employee or his dependents is exempt from seizure or sale for the payment of any debt or liability.

[1953 c 755 s 21]

**176.18** [Repealed, 1953 c 755 s 83]

**176.181 INSURANCE.** Subdivision 1. **Authorization.** Any employer responsible for compensation may insure the risk in any manner authorized by law.

Subd. 2. **Compulsory insurance; self-insurers.** Every employer, except the state and its municipal subdivisions, liable under this chapter to pay compensation shall insure payment of such compensation with some insurance carrier authorized to insure such liability in this state, or obtain a written order from the commission exempting such employer from insuring his liability for compensation and permitting him to self-insure such liability. With the approval of the commission, any employer may exclude medical and hospital benefits as required by this chapter. An employer conducting distinct operations at different locations may either insure or self-insure such other portion of his operations which may be determined by the commission to be a distinct and separate risk. An employer desiring to be exempted from insuring his liability for compensation shall make application to the commission, showing his financial ability to pay such compensation, whereupon by written order the commission may make such exemption as it deems proper. The commission may require further statements of financial ability of the employer to pay compensation. Upon ten days written notice the commission may revoke its order granting such exemption, in which event the employer shall immediately insure his liability. As a condition for the granting of an exemption the commission may require the employer to furnish such security as it considers sufficient to insure payment of all claims under this chapter. If the required security is in the form of currency or negotiable bonds, the commission shall deposit same with the state treasurer. In the event of any default upon the part of a self-insurer to abide by any final order or decision of the commission directing and awarding payment of compensation and benefits to any employee or the dependents of any deceased employee, then upon at least ten days notice to such self-insurer, the commission may by written order to the state treasurer require him to sell the pledged and assigned securities or such part thereof as is necessary to pay the full amount of any such claim or award with interest thereon. This authority to sell may be exercised from time to time to satisfy any order or award of the commission or any judgment obtained thereon. When such securities are sold the money so

obtained shall be deposited in the state treasury to the credit of the commission and awards made against any such self-insurer by the commission shall be paid to the persons entitled thereto by the state treasurer upon warrants prepared by the commission and approved by the state auditor out of the proceeds of the sale of such securities. Where the security is in the form of a surety bond or personal guaranty the commission, at any time, upon at least ten days notice and opportunity to be heard, may require the surety to pay the amount of the award, the payments to be enforced in like manner as the award may be enforced.

Subd. 3. **Failure to insure, penalty.** Any employer who fails to comply with the provisions of subdivision 2 to secure payment of compensation is liable to the state of Minnesota for a penalty of \$50, if the number of uninsured employees in his employment is less than 5 and for a penalty of \$200 if the number of such uninsured employees in his employment is 5 or more. If the employer continues his noncompliance, he is liable for five times the lawful premium for compensation insurance for such employer for the period he fails to comply with such provisions, commencing ten days after notice has been served upon him by the commission by certified mail. These penalties may be recovered jointly or separately in a civil action brought in the name of the state by the attorney general in any court having jurisdiction. Whenever any such failure occurs the commission shall immediately certify the fact thereof to the attorney general. Upon receipt of such certification the attorney general shall forthwith commence and prosecute such action. All penalties recovered by the state in any such action shall be paid into the state treasury and credited to the special compensation fund. If an employer fails to comply with the provisions of subdivision 2, to secure payment of compensation after having been notified of his duty, the attorney general, upon request of the commission, may proceed against the employer in any court having jurisdiction for an order restraining him from having any person in his employment at any time when he is not complying with the provisions of subdivision 2.

Subd. 4. **Gross misdemeanor.** In addition to being subject to the penalty prescribed in subdivision 3, any employer wilfully and intentionally failing to comply with the provisions of subdivision 2 is guilty of a gross misdemeanor.

[1953 c 755 s 22; 1959 c 265 s 1]

**176.183 UNINSURED EMPLOYERS; BENEFITS TO EMPLOYEES AND DEPENDENTS; LIABILITY OF EMPLOYER.** Subdivision 1. When any employee shall sustain injury arising out of and in the course of his employment while in the employ of an employer other than the state or its political subdivisions, not insured or self-insured as provided for in chapter 176, the employee or his dependents shall nevertheless receive benefits as provided for therein from the special compensation fund, and the state treasurer as custodian of such fund shall have a cause of action against such employer for reimbursement for all moneys paid out or to be paid out, and, in the discretion of the court, as punitive damages an additional amount not exceeding 50 percent of all moneys paid out or to be paid out. An action to recover such moneys shall be instituted unless the custodian determines that no recovery is possible. All moneys recovered shall be deposited in the general fund. There shall be no payment from the special compensation fund if there is liability for the injury under the provisions of section 176.215, by an insurer or self-insurer.

Subd. 2. Upon a warrant prepared by the commission and approved by the state auditor, and in accordance with the terms of the order awarding compensation, the state treasurer shall pay compensation to the employee or his dependent from the special compensation fund. The workmen's compensation commission shall certify to the state treasurer and to the legislature at the end of each biennium the total amount of compensation paid from the special compensation fund under subdivision 1, including the necessary expenses and salary which the attorney general incurs in investigating, defending and in maintaining any cause of action against any employer. The state treasurer shall upon proper certification reimburse the special compensation fund from the general fund the total amount certified as paid under this section, and the funds required for the purpose of making such reimbursement are hereby annually appropriated.

[1967 c 330 s 1; 1969 c 372 s 1; 1969 c 399 s 49]

**176.185 POLICY OF INSURANCE.** Subdivision 1. **Notice of coverage, termination, cancellation.** Within 10 days after the issuance of a policy of insurance covering the liability to pay compensation under this chapter written by any insurer licensed to insure such liability in this state, the insurer shall file notice of

coverage with the commission under regulations and on forms prescribed by the commission. No policy shall be canceled by the insurer within the policy period nor terminated upon expiration date until a notice in writing shall be delivered or mailed to the insured and filed with the workmen's compensation commission, fixing the date on which it is proposed to cancel it, or declaring that the insurer does not intend to renew the policy upon the expiration date. Such cancellation or termination shall not become effective until 30 days after written notice has been filed with the commission unless prior to the expiration of said 30 day period the employer obtains other insurance coverage or an order exempting him from carrying insurance as provided in section 176.181. Upon receipt of said notice the commission shall notify the insured that he must obtain coverage from some other licensed carrier and that, if unable to do so, he shall request the Compensation Rating Bureau to designate some carrier to issue a policy as provided in section 79.25. Upon a cancellation or termination of a policy by the insurer the employer is entitled to have a policy assigned to him in accordance with sections 79.24 to 79.27. Notice of cancellation or termination by the insured shall be served upon the insurer by written statement to that effect mailed or delivered to the insurer. Upon receipt of such notice the insurer shall notify the commission of the cancellation or termination and thereupon the commission shall ask the employer for the reasons for his cancellation or termination and notify him of his duty under this chapter to insure his employees.

**Subd. 2. Conditions.** A policy of insurance covering the liability to pay compensation under this chapter written by any insurer licensed to insure such liability in this state shall in every case be subject to the conditions of this section hereinafter named.

**Subd. 3. Provision for benefits conferred by this chapter.** Where the employer's risk is carried by an insurer the insurance policy shall provide compensation for injury or death in accordance with the full benefits conferred by this chapter.

**Subd. 4. Compulsory provisions.** Every insurance policy which insures the payment of compensation shall contain provisions declaring the following:

(1) Notice to or knowledge by the employer is notice to or knowledge by the insurer.

(2) Jurisdiction of the employer for any purpose is jurisdiction of the insurer.

(3) The insurer is bound by an award rendered against the employer.

(4) The employee has an equitable lien upon any amount which the insurer owes under the policy to the employer. Where the employer is legally incapacitated or otherwise unable to receive this amount and pay it over to the employee or his dependent, the insurer will pay the amount directly to the employee or his dependent. This payment by the insurer directly to the employee or his dependent discharges the obligation of the insurer to the employee, and the obligations of the insurer and the employer to the employee or his dependent.

(5) The insolvency or bankruptcy of the employer does not relieve the insurer from its obligation to pay compensation.

**Subd. 5. Agreement that employee pay part of cost of insurance.** Subject to the provisions of subdivision 6, an agreement between an employee and his employer under which the employee is to pay any part of the cost of insuring the employer's risk is void. An employer who makes a charge or deduction prohibited by this subdivision is guilty of a misdemeanor.

**Subd. 6. Joining risks with other risks in policy.** Where the agreement has been approved by the commission the employer and employee may agree to carry the risk provided for in this chapter in conjunction with other and greater risks providing other and greater benefits in the form of additional compensation, or accident, sickness, or old age insurance or benefits. This agreement may provide for appropriate contribution by the employee.

**Subd. 7. Notice, effect.** Where an employer has properly insured the payment of compensation to his employee, and he posts a notice in conspicuous places about his place of business stating that he is so insured and by whom, and he files a copy of that notice with the workmen's compensation commission, the employee, or his dependent, shall proceed directly against the insurer. In such case but subject to subdivision 8, the employer is released from further liability in this respect.

**Subd. 8. Insurer insolvent or bankrupt.** Where the insurer has become insolvent or a bankrupt, the employer is not released from liability under this chapter. Where an employee has secured a return of execution upon a judgment

against an insurer which is unsatisfied in whole or part, the return is conclusive evidence of the insolvency of the insurer.

Where the insurer is insolvent, or has been adjudged insolvent, or has become or adjudged a bankrupt, the employee may either bring an action directly against the employer, or against the employer and insurer as jointly and severally liable, or, where proceedings are pending against the insurer, compel the joinder of the employer in those proceedings at any time after the insurer has been found insolvent or a bankrupt.

**Subd. 9. Application of section.** Where an employer, who has been exempted from the requirement that he insure his liability for compensation under this chapter, insures any part of that liability, this section applies to such an employer to the extent that its provisions are applicable.

**176.19** [Repealed, 1953 c 755 s 83]

**176.191 DISPUTE BETWEEN TWO OR MORE EMPLOYERS OR INSURERS REGARDING LIABILITY.** Where compensation benefits are payable under this chapter, and a dispute exists between two or more employers or two or more insurers as to which is liable for payment, the workmen's compensation commission may direct that one or more of the employers or insurers make payment of the benefits pending a determination of liability.

When liability has been determined, the commission shall order the party held liable for the benefits to reimburse any other party for payments which the latter has made, including interest at the rate of five percent per annum. The commission may also award the claimant a reasonable attorney fee, to be paid by the party held liable for the benefits.

An order of the commission directing payment of benefits pending a determination of liability may not be used as evidence before any referee, commission, or court in which the dispute is pending.

[1953 c 755 s 24; Ex1967 c 1 s 6]

**176.195 REVOCATION OF INSURER'S LICENSE.** Subdivision 1. **Grounds.** Where an insurer, or an agent of an insurer, has been guilty of fraud, misrepresentation, or culpable, persistent, and unreasonable delay in making payments or settlements under this chapter, the commissioner of insurance shall revoke the license of the insurer to write workmen's compensation insurance.

**Subd. 2. Commencement of proceedings.** Such commissioner may act under subdivision 1 upon his own motion, the recommendation of the workmen's compensation commission, or the complaint of any interested person.

**Subd. 3. Complaint, answer; hearing.** A complaint against an insurer shall be in writing and shall specify clearly the grounds upon which the license is sought to be revoked. The insurer may file a written answer to the complaint and is entitled to receive a hearing in its own behalf before the commissioner of insurance.

**Subd. 4. Notice of hearing.** Such commissioner shall prescribe the method of procedure at the hearing, and its time and place. He shall mail to all interested parties ten days notice of the hearing.

**Subd. 5. Findings of facts, order.** Such commissioner shall make findings of fact and enter an appropriate order. He shall file the findings and order, and mail a copy of them to the workmen's compensation commission, the complainant, and the insurer.

**Subd. 6. Appeal to district court.** If he acts within ten days from the date he received a copy of the findings and order, the insurer may appeal from an order revoking his license. The appeal shall be taken to the district court of the district in which the office of the commissioner of insurance is located by serving a written notice of appeal on such commissioner. Such commissioner shall thereupon file a certified copy of his findings and order with the clerk of the district court. This certified copy is prima facie evidence of the facts it states. When the certified copy has been filed with the clerk, the court shall summarily hear and determine the questions involved in the appeal.

**176.20** [Repealed, 1953 c 755 s 83]

**176.201 DISCRIMINATORY RATES.** Subdivision 1. **Physically handicapped persons.** An insurer, or an agent or employee of an insurer, shall not make or charge a rate which discriminates against the employment of a person who is phy-

sically handicapped through the loss or loss of use of a member whether due to accident or other cause.

Subd. 2. **Violation a misdemeanor.** A person who violates subdivision 1 is guilty of a misdemeanor.

Subd. 3. **Conviction of violation, cancelation of license.** Where an insurer, or an agent or employee of an insurer, has been convicted under this section, the fact of conviction is sufficient cause for the commissioner of insurance to cancel the license of the insurer to write workmen's compensation insurance.

[1953 c 755 s 26]

**176.205 PERSON DEEMED EMPLOYER.** Subdivision 1. **Fraudulent device to evade responsibility to worker.** Subject to subdivision 2, a person who creates or executes any fraudulent scheme, artifice, or device to enable him to execute work without being responsible to the worker under this chapter, is deemed an "employer" and is subject to the liabilities which this chapter imposes on employers.

Subd. 2. **Contractor, subcontractor.** Subdivision 1 does not apply to an owner who in good faith lets a contract to a contractor. In such case, the contractor or subcontractor is deemed the "employer."

Subd. 3. **Exceptions.** A person shall not be deemed a contractor or subcontractor where:

(a) he performs his work upon another's premises, with the other's tools or appliances, and under the other's direction; or,

(b) he does what is commonly called "piece work;" or,

(c) in any way the system of employment merely provides a method of fixing the worker's wages.

Subd. 4. **Calculation of compensation.** Where compensation is claimed against a person under the terms of this section, the compensation shall be calculated with reference to the wages the worker was receiving at the time of the injury or death from the person by whom the worker was immediately employed.

[1953 c 755 s 28]

**176.215 SUBCONTRACTOR'S FAILURE TO COMPLY WITH CHAPTER.** Subdivision 1. **Liability for payment of compensation.** Where a subcontractor fails to comply with this chapter, the general contractor, or intermediate contractor, or subcontractor is liable for payment of all compensation due an employee of a subsequent subcontractor who is engaged in work upon the subject matter of the contract.

Subd. 2. **Subrogation.** Where a person has paid compensation under this section, he is subrogated to the rights of the injured employee against his immediate employer, or any person whose liability for compensation payment to the employee is prior to the liability of the person who paid it.

Subd. 3. **Determination of respective liabilities.** The workmen's compensation commission may determine the respective liabilities of persons under this section.

**176.221 PAYMENT OF COMPENSATION, COMMENCEMENT.** Subdivision 1. **Denial of liability, request for extension of time.** Within 30 days from the date of notice to or knowledge by the employer of an injury compensable under the chapter, and unless within that 30 day period the employer or the insurer files with the commission a denial of liability or a request for an extension of time within which to determine liability, the person responsible for payment of compensation shall begin payment of compensation.

Subd. 2. **Grant of extension.** Upon application made within the 30 day period referred to in subdivision 1, the commission may grant an extension of time within which to determine liability. The extension shall not exceed 30 days.

Subd. 3. **Payments to special compensation fund.** Where an employer or insurer fails to begin payment of compensation, or to file a denial of liability, or

to request an extension of time within the 30 day period referred to in subdivision 1, he shall pay to the special compensation fund an amount equal to the total amount of compensation to which the employee is entitled because of the injury. In addition, each day subsequent to the end of the 30 day period and until a compensation payment is made to the injured employee, the person responsible for payment of compensation shall pay to the special compensation fund an amount equal to the total compensation to which injured employee is entitled.

**Subd. 4. Failure to make payments after extension.** Where an employer or insurer has been granted an extension of time within which to determine liability and fails to begin payment of compensation or to file a denial of liability within such extended period, he shall make the payments provided in subdivision 3.

**Subd. 5. Double payments to special compensation fund.** Where an employer or insurer has failed to make the payments required by subdivision 3 or subdivision 4 within 60 days from the end of the 30 day period or the extended period, the commission may require him to pay to the special compensation fund, each day subsequent to the end of the period and until a compensation payment is made to the injured employee, a sum equal to double the total amount of compensation to which the employee is entitled because of the injury. In addition, the person responsible for compensation shall pay to the special compensation fund an amount equal to the total amount of compensation to which the employee is entitled.

**Subd. 6. Assessment of penalties.** The commission shall assess the penalty payments provided for by subdivisions 3 to 5 against either the employer or the insurer depending upon to whom the delay is attributable in making payment of compensation. The insurer is not liable for a penalty payment assessed against the employer.

[1953 c 755 s 30]

**176.225 ADDITIONAL AWARD AS PENALTY.** Subdivision 1. **Grounds.** Upon reasonable notice and hearing or opportunity to be heard, the commission or upon appeal, the supreme court may award compensation, in addition to the total amount of compensation award, of up to 25 percent of that total amount where an employer or insurer has:

- (a) instituted a proceeding or interposed a defense which does not present a real controversy but which is frivolous or for the purpose of delay; or,
- (b) unreasonably or vexatiously delayed payment; or,
- (c) neglected or refused to pay compensation; or,
- (d) intentionally underpaid compensation.

**Subd. 2. Examination of books and records.** To determine whether an employer or insurer has become subject to the payment provided by subdivision 1, the workmen's compensation commission may examine the books and records of the person relating to the payment of compensation, and may require him to furnish any other information relating to the payment of compensation.

**Subd. 3. Defiance of workmen's compensation commission, complaint.** Where an insurer persists in an action or omission listed in subdivision 1, or does not permit the commission to examine his books and records, or fails to furnish such information as the commission requires, the commission shall file a written complaint with the insurance commissioner. The complaint shall specify the facts and recommend the revocation of the license of the insurer to do business in this state.

**Subd. 4. Hearing before insurance commissioner.** When he has received a complaint filed under subdivision 3, the insurance commissioner shall hear and determine the matter in the manner provided by this chapter. If he finds that a charge made by the complaint is true, the insurance commissioner shall revoke the license of the insurer to do business in this state. The insurer may appeal from the action of the commissioner revoking his license in the manner provided in this chapter.

Where any other injury occurs which wholly or partly incapacitates the employee from performing labor or service for longer

than the remainder of the day or shift during which the injury occurred, the employer shall report the injury to the commission within seven days from its occurrence. Where an injury has once been reported but subsequently death ensues, the employer shall report the death to the commission within 48 hours after he receives notice of such fact.

**Subd. 2. Initial report, written report.** Where subdivision 1 requires an injury to be reported within 48 hours, the employer may make his initial report by telephone, telegraph, or personal notice, and file a written report of the injury within seven days from its occurrence or within such time as the commission designates. All written reports of injuries shall be in duplicate.

**Subd. 3. Physicians or surgeons to report injuries.** Where a physician or surgeon has examined, treated, or has special knowledge of an injury to an employee which may be compensable under this chapter, he shall report to the commission all facts relating to the nature and extent of the injury and disability within ten days after he has received a written request for such information from the commission.

**Subd. 4. Supplementary reports.** The commission may require the filing of such supplementary reports of accidents as it deems necessary to provide information required by law.

**Subd. 5. Forms for reports.** The commission shall prescribe forms for use in making the reports required by this section. The form which the employer submits with reference to an accident shall include a declaration by the employer that he will pay the compensation the law requires. The form shall also include a statement in which the employer admits liability for compensation in the particular case which is the subject of the report. Where the employer does in fact admit liability, he shall sign this statement.

**Subd. 6. Workmen's compensation commission, duty to keep informed.** The commission shall keep fully informed of the nature and extent of all injuries compensable under this chapter, their resultant disabilities, and of the rights of employees to compensation. Where a physician or surgeon has examined, treated, or has special knowledge relating to an injury which may be compensable under this chapter, the commission shall request in writing a report from such person of the attendant facts.

**Subd. 7. Medical reports.** If requested by the commission, an employer, insurer, or employee shall file with the commission the original or a verified copy of any medical report in his possession which bears upon the case.

**Subd. 8. No public inspection of reports.** Subject to subdivision 9, a report or its copy which has been filed with the commission under this section is not available to public inspection. Any person who has access to such a report shall not disclose its contents to anyone in any manner.

A person who unauthorizedly discloses a report or its contents to another is guilty of a misdemeanor.

**Subd. 9. Uses which may be made of reports.** Reports filed with the commission under this section may be used in hearings held under this chapter, and for the purpose of state investigations and for statistics.

The commission may permit an attorney at law who represents an employer, insurer, or an employee or his dependent to examine its file in a compensation case if the attorney furnishes written authorization to do so from his client.

**Subd. 10. Failure to file required report, penalty.** Where an employer, physician, or surgeon has failed to file with the commission any report required by this section in the manner and within the time limitations prescribed, he shall forfeit to the state \$50 for each such failure.

The attorney general shall sue in a civil action to collect this penalty upon notification of the matter by the commission. The commission shall certify to the attorney general each failure to report immediately upon its occurrence.

Penalties collected by the state under this subdivision shall be paid into the state treasury.

**176.235 NOTICE TO INJURED EMPLOYEE OF HIS RIGHTS AND DUTIES.** When the workmen's compensation commission has received notice or information that an employee has sustained an injury which may be compensable under this

chapter, the commission shall mail a form letter notice to the employee stating briefly and simply the rights and duties of the employee in such case.

The notice:

(1) shall summarize the duty of the employer to pay compensation and to furnish medical and hospital treatment;

(2) shall invite the employee to ask the advice of the commission with reference to any doubt or dispute which the employee has concerning the injury;

(3) may contain whatever other relevant information the workmen's compensation commission deems necessary.

**176.241 NOTICE TO COMMISSION OF INTENTION TO DISCONTINUE COMPENSATION PAYMENTS.** Subdivision 1. **Necessity for notice; contents.** Where an employee claims that the right to compensation continues, or refuses to sign or objects to signing a final receipt for compensation, the employer may not discontinue payment of compensation until he notifies the workmen's compensation commission in writing of his intention to do so.

The notice to the commission shall state the date of intended discontinuance, the reason for such action, and the fact that the employee objects to the discontinuance. The notice shall be accompanied by whatever medical reports are in the possession of the employer bearing on the physical condition of the employee at the time of the proposed discontinuance.

Subd. 2. **Continuance of employer's liability; suspension.** Except where the commission orders otherwise, until the notice and reports have been filed with the commission, the liability of the employer to make payments of compensation continues.

When the commission has received a notice of discontinuance and available medical reports, the duty of the employer to pay compensation is suspended pending an investigation, hearing, and determination of the matter by the commission as provided in the following subdivisions.

Subd. 3. **Copy of notice to employee, investigation, hearing.** When the commission has received a notice of discontinuance, it shall immediately send the employee a copy of the notice and copies of whatever medical reports have been submitted in conjunction with the notice. The commission shall make an investigation to determine whether the right to compensation has terminated. If it appears from the investigation that the right to compensation may not have terminated, the commission shall schedule a hearing before the commission, or a commissioner or compensation judge, to determine the right of the employee, or his dependent, to further compensation.

The hearing shall be held within a reasonable time after the commission has received the notice of discontinuance. The commission shall give eight days notice of the hearing to interested parties.

Subd. 4. **Order.** When the hearing has been held, and he has duly considered the evidence, the person who held the hearing shall promptly enter an order directing the payment of further compensation or confirming the termination of compensation. Where the order confirms a termination of compensation, the commission shall notify the employer of such action. This notification relieves the employer from further liability for compensation subject to the right of review afforded by this chapter, and to the right of the commission to set aside the order at any time prior to the review and grant a new hearing pursuant to this chapter.

[1953 c 755 s 34; Ex1967 c 1 s 6; 1969 c 276 s 2]

This section does not relieve the employer from any penalty or forfeiture which this chapter imposes on him.

The person so designated may appear in person in any proceedings under this chapter as the representative or adviser of the party. In such case, the party need not be represented by an attorney at law.

[1953 c 755 s 38; Ex1967 c 1 s 6]

**176.265 REPORT TO LEGISLATURE.** The commission shall observe in detail the operation of this chapter throughout the state. It shall make a report to each session of the legislature concerning the operation of the chapter, proposing such changes as it deems advisable to improve the law.

**176.285 SERVICE OF PAPERS AND NOTICES.** Service of papers and notices shall be by mail or by such other means as the commission directs. Where service is by mail, service is effected at the time mailed if properly addressed and stamped. If it is so mailed, it is presumed the paper or notice reached the party to be served. However, a party may show by competent evidence that he did not receive it or that it had been delayed in transit for an unusual or unreasonable period of time. In case of such non-receipt or delay, the commission shall make allowance for the party's failure to assert a right within the prescribed time.

The commission shall keep a careful record of each service including the time when made.

In the latter case, the commission shall hear the case in the manner in which it hears cases originally brought before it. The commission shall report its findings and decision to the district court. The court may approve or disapprove the decision of the commission in the same manner as it approves or disapproves the report of a compensation judge. The court shall enter judgment upon the decision of the commission.

If the commission requires such proof, it shall summarily hear and determine the matter and promptly make its award or order.

Where in such a default case the petition does not state facts sufficient to support an award, the commission shall give the petitioner or his attorney written notice of such fact. The petitioner may thereupon file another petition as in the case of an original petition.

[1953 c 755 s 50]

**176.34** [Repealed, 1953 c 755 s 83]

**Subd. 4. False representation as to disease.** If an employee, at the time of his employment, wilfully and falsely represents in writing that he has not previously suffered from the disease which is the cause of disability or death, no compensation is payable.

**Subd. 5. Apportionment of compensation recoverable.** The total compensation due for occupational disease is recoverable from the employer who last employed the employee in the employment to the nature of which the disease was due and in which it was contracted. If such disease was contracted while such employee was in the employment of a prior employer, the employer who is made liable for the total compensation, as provided by this subdivision may appeal to the commission for an apportionment of such compensation among the several employers who, since the contraction of such disease, employed such employee in the employment to the nature of which such disease was due. Such apportionment is to be proportioned to the time such employee was employed in the service of such employers provided, that if a prior employer has met the requirement as to minimum standards herein provided for and has been certified by the workmen's compensation commission to that effect, that then the commission shall take into consideration in the apportionment of such liability not only the period of service of said employee with such employer, but shall likewise consider the element of exposure to which the employee was subjected while in the service of such employer maintaining minimum standards, and the apportionment determined only after a hearing, notice of the time and place of which is to be given to each employer alleged to be liable for any portion of such compensation. If the commission find that any portion of such compensation is payable by an employer prior to the employer who is made liable to the total compensation, as provided by this subdivision, it shall make an award accordingly in favor of the last employer, which may be enforced in the same manner as an award for compensation.

**Subd. 6. Notice of death or disability; to whom given.** The employer to whom notice of death or disability is to be given or against whom claim is to be made by the employee or his dependents is the employer who last employed the employee during the 12 months in the employment to the nature of which the disease was due and in which it was contracted except in cases of silicosis or asbestosis, in which case the period shall be three years, and such notice is effective as against prior employers.

**Subd. 7. Information required to be furnished.** The employee or his dependents, if so requested, shall furnish the last employer, or the commission, with such information as to the names and addresses of his other employers during the periods as provided in subdivision 6, as he or they may possess. If such information is not furnished or is wilfully withheld and such last employer is for that reason unable to take proceedings against a prior employer under subdivision 5, unless it be established that the disease was contracted while the employee was in his employment, such last employer is not liable to pay compensation; or, if such information is not furnished or is not sufficient to enable such last employer to take proceed-

ings against other employers under subdivision 5 such last employer is liable only for such part of the total compensation as, under the particular circumstances, the commission deems just; but a false statement in the information so furnished does not impair the employee's rights unless the last employer is prejudiced thereby.

**Subd. 8. Rights of employee to recover compensation for other diseases not affected.** Nothing in this section affects the rights of an employee to recover compensation in respect to a disease to which this section does not apply if the disease is an accidental personal injury within the meaning of the other provisions of this chapter.

**Subd. 9. Provisions not retroactive.** The provisions of this chapter do not apply to disability or death resulting from a disease contracted prior to the date on which Laws 1921, Chapter 82, became effective, unless such disease is determined to be an occupational disease under the terms of Laws 1943, Chapter 633, and was compensable at the time it was contracted or in cases of silicosis or asbestosis as herein provided.

**176.661 OCCUPATIONAL DISEASE AGGRAVATED.** Where an occupational disease is aggravated by any other disease or infirmity, not itself compensable, or where disease or death from any other cause, not itself compensable, is aggravated, prolonged, accelerated, or contributed to by an occupational disease, the compensation payable is to be reduced and limited to such proportion only of the compensation that would be payable if the occupational disease were the sole cause of disease or death, as such occupational disease, as a causative factor, bears to all the causes of such disease or death. No compensation shall be payable for occupational disease where the employee refuses or wilfully fails to use standard safety appliances, ordered and provided for his protection and use, and approved by the commission, or who wilfully refuses to obey reasonable rules prescribed, printed and posted by the commission for the conduct of the work or to perform a statutory duty. Failure of an employer to maintain minimum standards of safety and healthful working conditions as provided by the orders of the commission, or to post and order compliance with all reasonable rules prescribed and ordered by the commission for the conduct of the particular work shall constitute a violation of section 182.19. The commission shall each year certify any place of employment which has complied with the minimum standards for healthful working conditions as prescribed by the commission.

[1943 c 633 s 7; 1949 c 500 s 4]

**176.662 EVIDENCE, PRESUMPTIONS.** In the absence of conclusive evidence in favor of an employee's or a dependent's claim of disability or death from silicosis or asbestosis it shall be presumed not to be due to the nature of any occupation or employment within Laws 1943, Chapter 633, unless during the ten years immediately preceding the date of disablement the employee shall have been exposed to the inhalation of silica dust or asbestos dust over a period of not less than five years, the last three years of which exposure shall have been in this state.

In cases of silicosis or asbestosis complicated with tuberculosis of the lungs causing total disability or death compensation is payable as and for uncomplicated silicosis or asbestosis when the silicosis or asbestosis is an essential factor in causing such complications of tuberculosis of the lungs. In cases of complications with other diseases than tuberculosis of the lungs compensation shall be proportioned as provided in section 176.661.

When an employee is afflicted with an occupational disease to such a degree that it is unduly hazardous for such employee to continue in any employment involving the hazard of exposure to such occupational disease, or where for other causes it is medically inadvisable and unduly hazardous for such employee to continue in an employment involving such hazard of occupational disease, the commission shall order the removal of such employee from such hazardous employment.

An employee so removed is eligible for retraining for a new occupation and compensation during such retraining, as provided by the workmen's compensation law. In the event retraining benefits are not accepted by such employee, he is to be compensated during his period of unemployment following such removal as though he were wholly or partially disabled by reason of compensable injury, but such compensation shall not exceed a period of 25 weeks following the date of the order

so removing such employee. In the event an employee is disabled, by reason of compensable injury, at the time an order for his removal is issued, the benefits provided by this section attach and begin at the termination of such period of compensable disability and constitute additional benefits. In the event retraining of the employee is undertaken during the period of such partial disability compensation is not to continue beyond 25 weeks from the date when such retraining is begun.

If an employee, after being so removed from hazardous employment, returns to such hazardous employment exposing him to any occupational disease, without the consent of the commission, neither he nor his dependents are entitled to compensation for the disablement or death of such employee caused by occupational disease.

An employee so removed from employment is entitled to compensation for disability, or his dependents to compensation for his death, from occupational disease, if such disablement of the employee occurs within three years, in case of silicosis or asbestosis, or within one year, in case of other occupational diseases, from the date of such employee's last exposure to the hazards of such occupational diseases prior to such removal.

Whenever any employee is employed as a nurse and in the scope of such employment comes or has come in contact with persons who are afflicted with tuberculosis or with tuberculosis contaminated material and subsequently contracts tuberculosis, it shall be presumed that the tuberculosis is an occupational disease arising out of and in the course of such employment. "Contracts tuberculosis" shall be construed to mean the development of demonstrable lesions of tuberculosis or the demonstration of the germs of tuberculosis in that person's secretions or excretions. When a nurse has contracted tuberculosis within the meaning of this section, the limitations of time specified in section 176.66 and in section 176.664 shall not apply, and the periods of time specified in section 176.141 shall be computed from the date that a confirmed diagnosis of tuberculosis is first communicated to the nurse.

**176.663 EMPLOYEE MAY WAIVE FULL COMPENSATION.** Subject to the approval of the commission, an employee affected by occupational disease, as an alternative to a forced change of occupation, may waive, in writing, full compensation for any aggravation of his condition resulting from his continuing in hazardous employment. A waiver so permitted shall remain effective for the trade, occupation, process or employment for which executed, notwithstanding a change or changes of employer. In such cases compensation and medical benefits for later resulting disability or death from such disease is not to continue beyond 100 weeks.

[1943 c. 633 s. 9]

**176.664 NOTICE, TIME LIMIT FOR SERVICE.** In all cases except silicosis or asbestosis unless the employer shall have actual notice of the injury any claim for occupational disease is barred unless within 90 days after disablement of an employee as defined in section 176.66, subdivision 1, notice thereof in accordance with section 176.141 shall have been given to the employer, and unless the claim is filed with the commission within the period specified in section 176.151, except that in case of silicosis or asbestosis the claim may be filed with the commission within three years after the date of employee's last exposure or within three years of the date of the last payment of compensation by the employer, or his default in payment. If disablement occurs within the last 90 days allowed by this section for filing claim with the commission, then the employee or his dependents shall be allowed a period of 90 days from the happening of such disablement to comply with the provisions of this section.

Compensation is not payable for partial disability from silicosis or asbestosis, except where such partial disability follows a compensable period of total disability.

**176.665 HEARINGS.** Upon the filing with the commission of a claim petition by an employee or his dependents, claiming and demanding compensation and benefits as for occupational disease, if such claim petition and the answer thereto, filed with the commission, presents or raises a controverted medical question and in addition other questions of liability, the commissioner shall cause the petition and answer to be heard by the commission, a commissioner or compensation judge, ac-

cording to established practice, and permit all interested parties an opportunity to produce evidence relating to any issue involved.

[1943 c 633 s 11; 1947 c 612 s 4; 1969 c 276 s 2]

**176.666 INVESTIGATIONS.** When it appears to the state board of health that conditions exist which require investigation in order to determine the advisability of allowing or permitting an employee to continue in his hazardous employment, it shall file with the commission a petition demanding that the commission proceed to make such investigation and hold such hearings as may be necessary to such determination. Such investigation may also be initiated by the commission, or by petition of any employee or employer. The commission shall proceed promptly, after the filing of such petition or upon its own motion, with such investigation.

[1943 c. 633 s. 12]

**176.667 EMPLOYEES, MEDICAL EXAMINATION.** Each employee, hereafter entering the service of an employer whose business is one in which the hazard of silicosis or asbestosis is involved, who will be exposed to such hazard because of such employment, shall, at the request of the employer, submit to a medical examination for the purpose of determining whether such employee can safely be employed in such hazardous employment. The cost of such medical examination shall be borne by the employer.

Within one year after the effective date of Laws 1943, Chapter 633, and annually, thereafter, each employee engaged in employment which exposes him to the hazards of silicosis or asbestosis shall submit to a medical examination for the purpose of determining whether he is affected in any degree by silicosis or asbestosis, or peculiarly or especially susceptible to either of such diseases. The cost of such examination shall be paid by the employer. The findings and reports of the doctor making each such examination, together with X-ray films and other original exhibits, shall be filed in the office of the commission, and available to the department of health, provided that the commission shall be empowered to order, in such cases as it shall deem advisable, that the X-ray films be filed in any other suitable depository which the commission may designate, such films to be available to the department of health. Any such report is a public record, but may be used only for the purposes of Laws 1943, Chapter 633, as amended. A copy of such findings and report shall be furnished the employee's physician on request.

Upon the termination of an employee's service the employer may request employee to submit to a final medical examination by giving the employee leaving his service ten days notice in writing of the time and place that the medical examination is to be made, which notice may be delivered to such employee personally or mailed to his last known address. Any employee who wilfully fails or refuses to submit to such medical examination upon leaving the service of an employer, shall thereby waive any right to compensation from such employer for such occupational disease which later develops. The employer shall forthwith notify the commission in writing, of the employee's failure to submit to such medical examination, and such notice shall be filed in the office of the commission as in the case of medical reports, and shall serve as notice of termination of liability of such employer arising out of any claim by such individual, or by a subsequent employer because of the claim of such individual. The cost of such examination shall be borne by the employer.

**176.668 REGULAR INSPECTION.** The department of labor and industry shall keep a record of employments and regularly inspect places of employment in any industry in which the hazard of an occupational disease may exist. It shall establish reasonable minimum standards of safety and healthful working conditions in such places of employment and shall furnish such employers with written rules and regulations governing the maintenance of such minimum standards of working conditions. The commission in preparing such rules, regulations or standards, relating to health, or in evaluating industrial health hazards, shall consult with the state department of health through its division of industrial health.
