192.261 LEAVE OF ABSENCE. Subdivision 1. **Leave of absence without pay.** Subject to the conditions hereinafter prescribed, any officer or employee of the state or of any political subdivision, municipal corporation, or other public agency of the state who engages in active service in time of war or other emergency declared by proper authority in any of the military or naval forces of the state or of the United States for which leave is not otherwise allowed by law shall be entitled to leave of absence from his public office or employment without pay during such service, with right of reinstatement as hereinafter provided. Such leave of absence without pay, whether heretofore or hereafter, shall not extend beyond four years plus such additional time in each case as such an officer or employee may be required to serve pursuant to law. This shall not be construed to preclude the allowance of leave with pay for such service to any person entitled thereto under section 192.26. Nothing in this section contained shall affect any of the provisions or application of section 352.27 nor of section 192.26 to 192.264, or any laws amendatory thereof, insofar as such sections pertain to the state employees retirement association or its members.

Subd. 2. **Reinstatement.** Except as otherwise hereinafter provided, upon the completion of such service such officer or employee shall be reinstated in the public position, which he held at the time of entry into such service, or a public position of like seniority, status, and pay if such is available at the same salary which he would have received if he had not taken such leave, upon the following conditions: (1) that the position has not been abolished or that the term thereof, if limited, has not expired; (2) that he is not physically or mentally disabled from performing the duties of such position; (3) that he makes written application for reinstatement to the appointing authority within 90 days after termination of such

service, or 90 days after discharge from hospitalization or medical treatment which immediately follows the termination of, and results from, such service; provided such application shall be made within one year and 90 days after termination of such service notwithstanding such hospitalization or medical treatment; (4) that he submits an honorable discharge or other form of release by proper authority indicating that his military or naval service was satisfactory. Upon such reinstatement the officer or employee shall have the same rights with respect to accrued and future seniority status, efficiency rating, vacation, sick leave, and other benefits as if he had been actually employed during the time of such leave. No officer or employee so reinstated shall be removed or discharged within one year thereafter except for cause, after notice and hearing; but this shall not operate to extend a term of service limited by law.

Subd. 3. Shall file certificate. Any public officer elected or appointed for a definite term who, before the expiration of such term, returns from military or naval service under leave of absence without pay under chapters 190 to 194, in lieu of making written application for reinstatement as hereinbefore provided, shall file in the same office where his official oath is filed within 45 days after termination of such military or naval service a verified certificate that he has complied with the conditions for reinstatement hereinbefore prescribed, and he shall thereupon be deemed to have resumed his office, with all the rights and privileges granted by chapters 190 to 194; provided, that any false statement in such certificate shall be ground for his removal.

Subd. 4. Persons engaged in active service not disqualified for being candidate for public office. No person who is engaged in active service in any of the military or naval forces of the state or of the United States within or without the state shall thereby be disqualified from being a candidate for or from being elected or appointed to any public office within the state if he is otherwise eligible therefor. A person who is elected or appointed to any such office who at the commencement of the term thereof is engaged in any such active military or naval service shall not thereby be disqualified from assuming and holding such office if he is otherwise eligible therefor and if his military or naval service is not constitutionally or legally incompatible therewith. Such person, if prevented by his military or naval duties from taking office in person, may file his oath of office, also his bond, if required, by mail or other means of transmittal, and shall thereupon be deemed to have assumed office, subject to all the provisions of sections 192.26 to 192.264, so far as applicable.

Subd. 5. Active duty for training, inactive duty training; reemployment rights. (a) Any such public officer or employee who is a member of the military forces who is ordered to an initial period of active duty for training of not less than three consecutive months shall, upon application for reemployment within 31 days after (1) his release from that active duty for training after satisfactory service, or (2) his discharge from hospitalization incident to that active duty for training, or one year after his scheduled release from that training, whichever is earlier, be entitled to all reemployment rights and benefits provided by Minnesota Statutes 1961, Section 192.261, and acts amendatory thereof, except that any person restored to a position in accordance with the provisions of this clause shall not be discharged from such position without cause within six months after that restoration.

(b) Any such public officer or employee not covered by Minnesota Statutes, Section 192.26, or by clause (a) of this subdivision shall, upon request, be granted a leave of absence by his employer for the period required to perform active duty for training or inactive duty training in the military forces. Upon his release from a period of such active duty for training or inactive duty training, or upon his discharge from hospitalization incident to that training, such employee shall be permitted to return to his position with such seniority, status, rate of pay, and vacation as he would have had if he had not been absent for such purposes. He shall report for work at the beginning of his next regularly scheduled working period after expiration of the last calendar day necessary to travel from the place of training to the place of employment following his release, or within a reasonable time thereafter if delayed return is due to factors beyond the employee's control. Failure to report for work at such next regularly scheduled working period shall make the employee subject to the conduct rules of the employer pertaining to explanations and discipline with respect

to absence from scheduled work. If that employee is hospitalized incident to active duty for training or inactive duty training, he shall be required to report for work at the beginning of his next regularly scheduled work period after expiration of the time necessary to travel from the place of discharge from hospitalization to the place of employment, or within a reasonable time thereafter if delayed return is due to factors beyond the employee's control, or within one year after his release from active duty for training or inactive duty training, whichever is earlier. If an employee covered by this clause is not qualified to perform the duties of his position by reason of disability sustained during active duty for training or inactive duty training, but is qualified to perform the duties of any other position in the employ of the employer or his successor in interest, he shall be restored by that employer or his successor in interest to such other position the duties of which he is qualified to perform as will provide him like seniority, status, and pay, or the nearest approximation thereof consistent with the circumstances in his case.

(c) Any employee not covered by clause (a) shall be considered as having been on leave of absence during the period required to report for the purpose of being inducted into, entering or determining by a preinduction or other examination his physical fitness to enter the military forces. Upon his rejection, upon completion of his preinduction or other examination, or upon his discharge from hospitalization incident to that rejection or examination, such employee shall be permitted to return to his position in accordance with the provisions of clause (b).

Subd. 6. State emergencies; reemployment rights of non-public employees. A person who engages in active service in the military forces in time of emergency declared by the proper authority of the state who is not an officer or employee of the state or of any political subdivision, municipal corporation, or other public agency of the state is entitled to leave and reinstatement in the same manner and to the same extent as granted to officers and employees of the state or of any political subdivision, municipal corporation, or other public agency of the state by subdivisions 1 to 4. The provisions of this subdivision shall not entitle a person given leave and reinstatement rights by this subdivision to any pay during such service as provided by Minnesota Statutes, Section 192.26. The provisions of this subdivision do not apply to situations in which the person's reemployment rights are protected by section 9 of the universal military training and service act.

[1941 c. 120 s. 3]

192.263 VACANCIES TO BE FILLED TEMPORARILY. [1941 c. 120 s. 4]

192.264 SUPPLEMENTARY. The rights and privileges granted by sections

192.26 to 192.264 shall be supplementary to and not exclusive of any other rights or privileges conferred by law on public officers or employees, but shall not obtain in any case where the military or naval service is constitutionally or legally incompatible with the public office or employment.
