376.02 BUILDINGS. The county board of any county may purchase, erect, or construct suitable buildings for hospital purposes for patients, other than insane, on any land acquired pursuant to section 376.01, and may improve, equip, and maintain these buildings for such hospital purposes. The county board may pay for these buildings out of any moneys in the county treasury not otherwise appropriated or issue therefor the warrants or bonds of the county in payment therefor. The county board may fix the time and terms of payment of these warrants or bonds and the amount of interest to be paid.

[1913 c 392 s 2; 1955 c 808 s 3] (678)

376.03 QUESTION SUBMITTED TO VOTERS. If a majority of the electors of any county voting upon the proposition at any election at which the question of purchasing, erecting, and constructing hospital buildings, as provided in section 376.02 is submitted, vote in favor of the proposition, the county board shall thereupon proceed to purchase, erect, and construct these buildings and make the improvements necessary to fit the buildings for hospital purposes.

[1913 c 392 s 3; 1955 c 808 s 4] (679)

376.04 ELECTION, SEPARATE BALLOT. The question of purchasing, erecting and constructing hospital buildings shall be submitted to the qualified voters of any county at a general election and placed upon a separate ballot. This election

shall be called by a resolution of the county board which states the time of the election, that a county hospital is proposed to be established, the proposed location thereof, the same to cost, including equipment, not to exceed the sum set forth in the resolution. Upon passage of the resolutions the county auditor forthwith notifies each town, city, or village clerk in the county that the question of erecting hospital buildings will be voted upon at the time stated in the resolution, the election to be controlled by the existing election laws.

The ballot shall be in the following form:

Electors desiring to vote in favor thereof shall make their cross-mark, thus (X), opposite the word "yes," and electors desiring to vote against the proposition shall make their cross-mark, thus (X), opposite the word "no". These votes shall be cast in the same manner as votes cast at the general election and counted by the same officers, and returns made to the county auditor, and canvassed in like manner as the returns on county officers.

If the board determines that it is in the interest of the public so to do, it may appoint a hospital board of not less than three, nor more than nine members, who shall be resident freeholders of the county, and who shall serve without compensation unless the county board authorizes the payment of compensation and reimbursement of expenses for service on the hospital board, which compensation and reimbursement if so authorized notwithstanding the provisions of section 375.44, shall be the same as authorized for service on the county welfare board. Subject to its supervision, the county board may commit the care, management, and operation of the hospital to such hospital board and may provide for the organization of such hospital board, its duties and the duties of the members thereof, and such further regulation in reference thereto and to the management, operation, and control of the hospital as are proper, necessary, or desirable. The county board may lease and let unto a responsible hospital association such hospital grounds and buildings upon such terms as it deems advisable. Sections 376.01 to 376.06 do not permit any county board to purchase, erect and construct any such hospital buildings or to pay therefor without first submitting the question to the vote of the people. No such purchase, erection or construction of buildings or payment therefor may be made unless a majority of the electors voting upon the proposition vote in favor thereof.

Such petition may be in the form of one document or of several documents of substantially like tenor and effect, and shall be filed with the county auditor. Any special election thereunder may be called in any manner by law provided for the calling of special county elections. Upon authority being granted by the voters, in either manner herein provided, the board may thereupon proceed accordingly and, if it shall have theretofore made or attempted to make a contract or contracts in excess of the authority first granted, may ratify and carry out such contracts, or any thereof.

(1) Such sanatorium may be established by a majority vote of the commissioners of such county, or a majority vote of the commissioners of each such group of counties, when and in cases where the amount of the cost of construction to be paid by such county or group of counties shall not exceed such sum as may be raised by a tax levy of not to exceed one mill on the dollar of the taxable property of any such county or group of counties;

(2) When the cost of constructing the sanatorium shall exceed the amount specified in clause (1), or when it is necessary to issue the bonds of such county or any county in any such group of counties to defray the cost which such county or any of such counties are required to pay under the terms of sections 376.28 to 376.42, then and in all such cases the question of whether such sanatorium shall be established, and when necessary. Whether such bonds shall be issued to defray any county's portion of the cost thereof shall be submitted to the voters of such county or, if more than one, to the voters of each of such counties requiring a bond issue, and the sanatorium shall not be established or bonds issued therefor unless a majority of the voters of such county or, if more than one, of each such county voting thereon, shall vote in favor of each proposition submitted to it or to them;

(3) The board of county commissioners of any such county or, if more than one, the board of county commissioners of any such counties, shall have the power and authority, in any case, to submit the question to the voters of any such county or counties in the way and manner provided in sections 376.28 to 376.42; and in the event that the cost which the county or, if more than one, the counties will be required to pay for the erection of such sanatorium under sections 376.28 to 376.42 shall be less than an amount equal to the amount which can be raised in any such county or counties by a tax levy of one mill on the dollar of the taxable property of each such county, or group of counties, and the commissioners of any such county or counties shall decide not to construct the same under the power therein contained, on a petition of not less than five percent of the freeholders of such county or counties, such question shall be submitted to the voters of such county, or group of counties, and if a majority of the voters of such county or a majority of the voters of each county of such group of counties voting thereon in favor thereof, then such sanatorium shall be erected hereunder and a tax levied, if necessary, to pay the cost which such county or counties are required to pay under sections 376.28 to 376.42, which tax shall be extended and collected as herein provided.

Any county or group of counties which has heretofore commenced proceedings to erect a sanatorium or taken any steps preliminary thereto may, by a resolution of the board of county commissioners thereof, adopted by a majority vote of the board of county commissioners or each board of county commissioners, as the case may be, determine to proceed under the provisions of sections 376.28 to 376.42 and may continue thereunder and complete such sanatorium and be entitled to all the provisions and benefits provided for in sections 376.28 to 376.42. The sanatorium, when so constructed, shall in all respects conform to the requirements of sections 376.28 to 376.42.

The board of county commissioners of any such county, or the board of county commissioners of each of such group of counties, if more than one, erecting such sanatorium under the provisions of sections 376.28 to 376.42, may, by resolution, create a fund to be known as the sanatorium fund, and such funds may be raised by taxation at the time of deciding to erect such sanatorium under sections 376.28 to 376.42 or at any time subsequent thereto; or, if submitted to the people at the first meeting of the board of county commissioners, after the people of the county or counties shall have voted to erect the same, and the amount so determined by the board to be raised by taxation shall be levied by the county auditor in addition to all other taxes authorized by law, and shall be extended on the tax lists and collected as other county taxes, and this provision shall be construed to vest in the county commissioners of such county or counties, as the case may be, power to levy a tax to pay interest and principal of any bonds authorized under sections 376.28 to 376.42 as the same shall come due and become payable, and the tax shall be

levied, extended, and collected in the same way and manner as other county taxes are levied, extended, and collected, and shall be used for no other purpose, provided that no institution established under sections 376.28 to 376.42 shall have less than 20 beds.

The question as to the establishment and maintenance of the sanatorium, or issuance of bonds therefor, may be submitted at a general or special election; if at the general election, the notices of such election shall state that the questions will be voted upon and the provisions for taking such votes shall be made upon the blue ballots furnished herefor, as in the case of other questions, and the result shall be canvassed and returned in like manner; if at a special election, such election shall be ordered by resolution of the county board and the procedure for, at, and after such election shall be substantially, and as far as applicable, the same as provided for in sections 372.04 to 372.08; and the county auditor, upon the passage of the necessary resolution, shall proceed as provided in sections 372.04 to 372.08. If the proposition is to affect more than one county, then the necessary action shall be taken by the county board and the auditor of each county affected. If funds are to be borrowed from the state, the procedure outlined herein shall be sufficient for that purpose.

If the bonding proposition should carry at any such election at which both propositions are voted upon, and the other propositions should fail to carry, no bonds shall be issued to provide money for the establishment or maintaining of a sanatorium until at some future election at which the question is properly submitted, and a majority of the votes cast upon the question shall have been in favor of the establishing and maintaining of such sanatorium. Where more than one county is involved in the result of the vote on the question or questions submitted in each of the counties shall be certified by the auditor thereof to the auditors of the other counties interested.

The amount of taxes to be raised in any one year in any one county for the construction of any such sanatorium under sections 376.28 to 376.42 shall never exceed an amount equal to the amount which may be raised by a tax levy of one mill on the dollar of taxable property in such county.

Two or more counties may unite in acquiring, establishing, equipping, or maintaining such sanatorium and in such case the commission shall be composed, in the first instance, of two members, chosen from each county in such group, of the county commissioners of each such county, and after the site for the sanatorium has been selected and has received the approval of the commissioner of public welfare such commission shall be increased by the addition of a third member chosen from the county in which the sanatorium is to be located, by the county commissioners thereof.

A county or group of counties wishing to establish a sanatorium, as indicated in section 376.28, shall, through the board or boards of county commissioners, appropriate one-half of the necessary funds in apportioned amounts, as hereafter provided, for the establishment, construction, and equipment of the same and may issue bonds therefor in the manner provided by law for the issuance by counties of bonds for other purposes. The state treasurer shall pay, out of the funds hereafter provided under sections 376.28 to 376.42, one-half the cost of the erection and equipment of each such sanatorium, including cost of site, which payment shall be made in the manner provided by law for the payment of expense incurred by the commissioner of administration in the erection and equipment of public buildings; provided, that the amount contributed by the state towards the cost of the erection and equipment of each such sanatorium, including cost of site, shall not exceed \$50,000. When any such sanatorium has been erected and equipped the county sanatorium commission shall have full charge and control of the maintenance of the same, but may confer with the commissioner of administration with reference thereto or respecting the purchase of supplies therefor whenever it desires so to do, and the commissioner of administration shall aid in the securing of favorable contracts for the purchase of supplies when so called upon. The county sanatorium commission shall determine, by resolution, each year, prior to July first, the amount of money necessary for the maintenance of such sanatorium during the following year and a certified copy of the resolution shall be forthwith forwarded to the board or boards of county commissioners, and such board or boards may, in their discretion, at the regular meeting in July, include the properly approved and apportioned amount in the annual levy of county taxes. In no case shall the amount of such levy in any one year exceed one mill on the dollar of assessed valuation. For the maintenance of each free patient treated in the sanatorium 50 percent of the actual cost of care of each free patient, except that the amount of state aid shall not exceed \$7.50 per week before July 1, 1956, and \$2.50 per patient day beginning July 1, 1956, shall be paid to the county or group of counties by the state treasurer out of funds appropriated under sections 376.28 to 376.42, which payments shall be made monthly upon warrants of the state auditor, drawn upon the state treasurer; provided, that the commissioner of public welfare certifies that the institution has been properly conducted; provided, further, in a county having an assessed valuation of real and personal property of less than \$7,000,000 and the required total mill levy for all costs, including administrative costs, for all forms of public assistance exceeds by 50 percent or more the average required mill levy for these costs in all counties of the state, and the levy is insufficient to pay the county's share of these costs, the state pays 75 percent of the actual cost of care of each free patient. In

case two or more counties unite in a decision to establish a sanatorium, the county sanatorium commission shall apportion, by resolution, one-half the estimated total cost of site, erection, and equipment and the estimated total cost of maintenance for the ensuing year between or among the counties, and designate the amount to be raised by each county, which apportionment shall be based approximately upon the respective population of the counties, as determined by the last previous federal or state census, except that when the county boards of such counties shall agree upon a different apportionment of such cost of maintenance such agreed apportionment shall govern. When so apportioned the commission shall forward to the board of county commissioners of each county a certified copy of such resolution, and each county board shall then proceed to pay, if it has funds available for that purpose, or to make a tax levy for the amount apportioned to its county. All moneys collected or received for such sanatorium purposes, except cost of site, erection, and equipment, shall be deposited in the treasury of the county or counties to the credit of the tuberculosis sanatorium funds, and shall not be used for any other purpose and shall be paid out in a manner provided by law for other county expenses by the proper officers of the county or counties upon the properly authenticated vouchers of the county sanatorium commission, signed by the president and the secretary thereof, and all moneys collected or received to be used toward the payment of the cost of site, erection, and equipment of such sanatorium shall be sent by each county treasurer to the state treasurer to be placed to the credit of the sanatorium and shall be paid out in the manner as in this section provided for other payments toward cost of site, erection, and equipment of the sanatorium.

He shall give a bond in such amount as required by the county nursing home board, conditioned to safely keep and account for such funds. All moneys received from a patient or for the benefit of a patient by an officer or employee of the nursing home shall be delivered to the superintendent forthwith. Not more than \$500 shall be accepted by the superintendent for the benefit of any one patient. All money received by the superintendent shall be deposited in the county treasury for the purposes expressed in this subdivision. Every superintendent shall, at the close of each month, or oftener if required by the county nursing home board or its executive committee, forward to the executive committee a statement of the amount of all moneys so received and the names of the patients from whom received.

When there accumulates money belonging to patients of a county nursing home who have died therein, or disappeared therefrom, and for which money there is no claimant or person entitled thereto known to the superintendent, such money if unclaimed for at least five years shall be credited to the general fund of the nursing home. No money shall be so used until it shall have remained unclaimed for at least five years. If, at any time after the expiration of the five years, the legal heirs of the patient shall appear and make proper proof of such heirship, they shall be entitled to receive from the county nursing home board such sums of money belonging to the patient, that have been expended by the superintendent.
