(2) In addition to the authority granted in paragraph (1), the state board of health, by regulation may grant exempt status to such pharmaceutical preparations as are or may be determined to be exempt under the federal narcotic laws and regulations and permit the administering, dispensing, or selling of such preparations under the same conditions as permitted by the federal narcotic laws and regulations.

(3) If the state board of health shall subsequently determine that any exempt pharmaceutical preparation does possess a degree of addiction liability that, in its opinion, results in abusive use, it shall by regulation provide that such preparation be dispensed only on prescription, written or oral, by those practitioners authorized by law to prescribe such preparations. The exempt status of such pharmaceutical preparation shall cease until subsequent action to the contrary shall be taken by the state board of health.
